From The Left Hand

by David Hosier

At a get-together last Saturday night we heard two Niles "appointed" officials explain why the swimming pool-recreation building construction was at a standstill. They mentioned that a few-dollar electrical box was being waited upon by the park board, thus delaying activity there. Then, because no water basin was originally planned for the bathouse, an additional hold-up resulted.

Actually, the conversation was reminiscent of Niles "old era" when the village fathers and the park board were constantly at each other's collective throats. The petty jealousies and "rights of domain" prevented the village from having an adequate park system.

Saturday night the tone of the officials speaking was that the park board better conform to village building requests or else. The attitude of the speakers was that, "We'll show the park board whether or not we have authority over them."

Since this is old hat for taxpayers, who foot the bills, and then sit and wait for action, it's well that they should know that such feeling still exists. The pettiness which results in citizens being short-changed comes from both village officials and park officials. While trustees and commissioners say there is no disagreement among them, still a lack of cooperation has resulted in delays in the Oakton-Milwaukee park area.

Last spring when parking plans were presented to the zoning board a hassle developed over the plans. Again, needless delay resulted, all due to a lack of co-operation from the two boards. Had the boards sat down together and ironed out all problems, Niles might have had a swimming pool this past summer. In pre-campaign promises park board commissioners were promising a pool by July 4th. It's now past September 4th and the snow may well set in before the pool is completed. The recreation building, which could be a recreational bonanza to Niles kids this fall, is not likely to be ready until last year.

Where o' where is the great leadership which the "New Era" has long boasted of? And where is the new co-operative attitude of both boards which we had hopefully looked for, after the election of two years ago? Perhaps we'll have to start all over again and try to bring a new New Era in 1965. And if it begins to become as smug as the present era, then we'll have to shoot for a new, new, New Era in 1967, 69, 71 ad infinitum.

Niles Takes Lead In Proposal

Tuesday night Mayor Blase announced that Niles would join with Park Ridge and Des Plaines in proposing the unincorporated areas between Golf and Central Roads, and Milwaukee and East River Roads be zoned for industry and manufacturing. Blase, who called a meeting of neighboring Mayors for this purpose, said the 366 acre area has about 80 homes. He said a presentation would be made to the County Board, after planner Carl Gardner had submitted a zoning plan for the area. Blase said the area would be a high tax-low density area if such zoning was approved. The aid to school district 63 was obvious.

In other actions Trustee Len Szymanski asked the board approve builders be required to pay for a performance bond which would extend for one year beyond the final approval by the village engineer for construction completed in Niles. However, it was agreed that such a time period might not be legal, and that the bond should extend until the village gave final approval of a project.

...Blase reported a letter went to property owners August 30 stating the village would begin building sidewalks in areas which did not have walks as of September 30. Owners would then be billed.

...Wentz motion approved that Golden Acres 1st addition be denied annexation into Niles but okayed selling water to the area for $1 per 1000 gallons, which is 50% higher than residents' cost.

...Two lots in Shermer-Wright Terrace area received permits but no permits would be granted on cemetery lots adjoining property.

...Jewish cemetery property will be cleaned by public works department. Berkowsky noted removal of graves may be forthcoming, if legal problems can be ironed out. The graves would be transferred to an Arlington Heights cemetery.

...Owners of 23 cars parked at 7100 Touhy would be billed $3.25 per month effective September 1.

...Approved $400 for Oldsmobile station wagon for second ambulance. Scheel said 10 year life of car, plus increased size, and riding ability, warranted larger expenditure.

...Main and Shermer will re-

Flubbers Game Saturday

The annual Flubber's Baseball Game will be held on Saturday, September 14th, at Jozwiak Park it was announced at the monthly meeting of the Niles Baseball League.

The game, starting at 8:00 p.m. will feature a squad of fathers with young ideas and vivid memories of the past against an agile and capable team of Pony League All Stars.

Traditionally, the game turns into an hilarious farce as the fathers find that the extra thirty pounds and bi-focals leave only fond memories of athletic prowess.

Larry Peterson, who some claim broke into baseball under Abner Doubleday, has participated in every Flubber game and he says every one should attend the game for it is the only one in which you'll see a hitter pick up his fat tummy before he can start to first base.

Mothers especially are urged attend and join in the fun, but their major contribution is their tender care of the hero fathers.

Home Tomorrow

The George C. Hall family of 8435 N. Milwaukee Ave. are happy to announce the return home of their son Robert Emmett, who has spent 4 years in the United States Marine Corps. Bob will arrive home the morning of September 13th.

District 64 Seeks Tax Increase

This is the third in a series of articles on school financing in District 64.

The Board of Education has called a special election on Saturday, Sept. 21st, to obtain permission to increase the educational fund tax rate from $1.25 to $1.46 per one hundred dollars of assessed valuation.

Mrs. Thomas Jacobs, Chairman of the Finance Committee of the District 64 Board of Education pointed out, "Next year's tax levy will not raise the rate to the legal limit of $1.46. The tax levy requested for any school year is obtained by dividing the total amount of assessed valuation of property in the district by the amount needed to operate the schools. This tax will be collected next May or August just before and just after the final year for which the money is levied ends.

Income in the last few years has been below the amount expected. In the 1961-62 year, only 92% of the taxes were collected as compared to 95% in previous years. This put the collection $53,000 below the amount budgeted.

The assessed valuation (1962) on which the taxes paid in 1963 is based was less than anticipated. Previous quadrennial reassessments averaged an increase of $18,000,000. This year's budget was made on an estimated $12,000,000 increase, but the 1962 reassessment increase was only $6,200,000. This is the smallest increase in the assessed valuation in 10 years.

Income will be now about $73,000 less than anticipated. Income must be increased or services cut. Most of the money (86% in the Educational Fund) goes to pay salaries. The only way to cut expenditures effectively is to employ a smaller staff. This would seriously curtail the educational program in District 64."

'Hello Week' At Maine East

Hello Week, traditional welcoming event for new and old students at Maine East high school, has been a spirit-rousing experience for the school's 4,100 youth this week.

Special class assemblies, posters throughout the building, name tags for every student, and a high-voltage air of friendliness has helped to build goodwill and helpfulness in the oversize student body.

Today, climaxing the week, a Newcomers party for Freshmen will take place in the school's all-purpose room immediately after classes.

Freshman orientation assembly on Monday began the week. Speaking to Maine's entering class were members of the school administration, faculty sponsors of the class, student council leaders, and Maine's current foreign exchange student. Other classes meet on succeeding days.

Student Council, sponsor of Hello Week, was represented by President Dan Scarola, of Glenview, and Secretary Nancy Henkin, Park Ridge.

Maria Isabel Rolim de Souza Lima, foreign exchange student, also spoke as part of the school-wide program to encourage friendliness. Isabel, as she is known, is from the town of Garca, in Sao Paulo, Brazil. She is living with the family of Mr. and Mrs. David A. Davies, Park Ridge, whose daughter Laurie Ann is a sophomore at Maine.

Among student council leaders in charge of Hello Week activities are Hardye Simons, 7310 Lake, Morton Grove, chairman of the public relations committee distributing posters and tags, and Cheryl Petersbeck, Park Ridge, chairman of the social committee, directing the Newcomers party.

The Holy Name Society is making a tremendous contribution to the community life, security and welfare of our Village and Nation. In this atomic age we need Peace for the survival of mankind. As are weapons for wars, so are prayers for peace. Now is the time for prayers and being of the Catholic faith, the Holy Name Society members are turning to the Blessed Mother of Jesus who when she appeared six times from May through October, 1917 before three shepherd children in Fatima, Portugal, said, "I come to ask the consecration of the world to my Immaculate Heart; when my Innaculate Heart triumphs, the world will have peace. If my requests are granted - Russia will be converted and there will be peace." These are the words of Our Lady of Fatima. If we are to conquer the dynamism of Communsim - May's peace terms must be met. Her request must be granted. She alone by the power of God, can restore peace to all mankind.

We hope that this peace movement will attract and spread to people of all faith, for the benefit of mankind.

Few people realize that contact with a wart can cause another to form. Cutting a wart on your body may spread the virus in it.

If you have warts, it is not wise to attempt self treatment. Your physician can, if necessary, remove them safely so others will not form. We offer this advice because your better health is our chief concern.

Niles Baseball Lge. Graduation Sunday

At the September general meeting of the Niles Baseball League Commissioner Dan Tracey announced that the league graduation exercises will be held at Jozwiak Park beginning at 12:30 P.M. Sunday, September 15th.

All boys who have completed play in the Little and Pony League because of age will be presented with trophies commemorating their participation in league play.

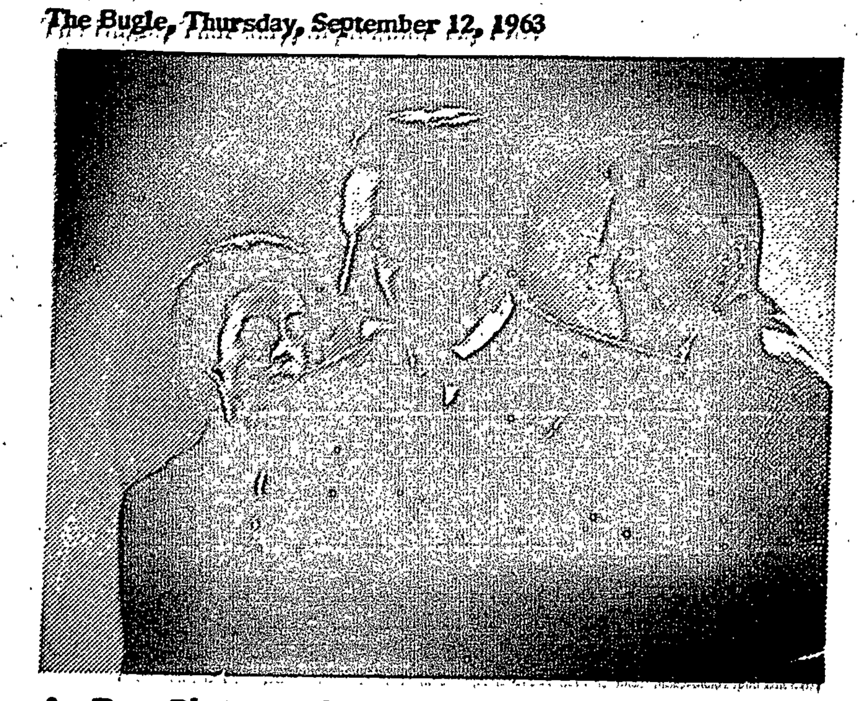
The boys will enjoy a picnic with hot dogs, ice cream and other refreshments starting at 12:30 — all provided by the league.

Following the picnic an All Star doubleheader will be played as part of the program. In the first game the Niles Little League All Stars, who finished second in the Thillens State Baseball Tournament, will face an All Star squad from Norwood Park. This will be their final game as an All Star squad and will be the last chance for Niles residents to see this outstanding team in action. The second game will feature the fine Niles Pony League All Stars against their counterparts from Norwood Park.

Between games the trophy presentation ceremonies will be held. Each boy leaving his respective league will join his team manager in the center of the diamond where he will receive his trophy.

Commissioner Tracey urges all parents of graduating boys to join their sons at this event which recognizes the initiative, fair play, good sportsmanship and desire to excel each of the boys has exhibited in his team play.

Commissioner Tracey added "Most of us who have been active in the league over the years have seen these boys progress from the eight-year-old Peanut League to able ball players with a solid knowledge of the game. We have developed a friendship with them we would not trade for anything. We are proud of them and their progress, but this is the day for their Moms and Dads to show their pride, too. We hope every parent who can possibly be in attendance will join us in our salute to these fine boys."



At Des Plaines Theatre

Dana Wynter and George C. Scott follow the trail of the inscrutable assassin while Kirk Douglas hides his own secret in "The List of Adrian Messenger." Tony Curtis, Douglas, Burt Lancaster, Robert Mitchum and Frank Sinatra have surprise character roles in the chiller. Opens Friday at Des Plaines Theatre.

"The Great Escape" At Golf Mill

A faithful film re-enactment of the greatest mass escape from a military prison in the annals of warfare, the famed actual break from Germany's maximum security camp Stalag III by 76 allied airmen during World War II, is the subject of, "The Great Escape" in Color by DeLuxe and Panavision opening Friday at the Golf Mill Theatre.

Based on the non-fiction best seller by Paul Brickhill, who was a participant in the break, and filmed under the close supervision of C. Wallace Floody, now a Toronto businessman but who was one of the guiding geniuses of the original escape, the film has a cast of thousands headed by James Garner and Steve McQueen.

As a special treat for the kiddies, the Golf Mill will present a Children's Show Saturday matinee starting at 1 p.m. with an hour of cartoons plus the kiddie feature, "Jack The Giant Killer." The children's program ends at 3:30 p.m.

Semi-Pro Bowling League Kick-Off At Golf Mil Lanes

A semi-pro bowling league kicked-off the 1963-64 season at Golf Mil lanes last Sunday.

Twelve teams, starting their second year, will be bowling regularly Monday nights at 9 p.m. The maximum team average has been raised to 950 for the coming season, which shows the improved strength of the league.

Jerry Diehl, league president, pointed out that the proleague ended the last season with honors comparable to major and classic leagues.

Included in the record is a 300 game from last season's league, which was shot by Ralph Spencer, the youngest bowler in the league.

The semipro league was organized as a social group, the Semi-Pro Club of Illinois. The club plans to have social functions during the year.
