Christmas is more than the fun of exchanging gifts and the happiness of family reunions . . . it is the commemoration of a birth that occurred almost 2,000 years ago . . . a birth that brought new hope to men. That hope is renewed each year with the celebration of Christ's birth. In the spirit of that hope let us come together in joyful worship and praise of God's love and mercy toward men.

From The Left Hand

By David Besser
Editor & Publisher

We're sure this story can be told in many communities thruout the world.

It's really such a simple story it almost reads as if its been contrived. But it happened here in our community and it should be told here.

Through St. John Brebeuf church parishioners are contributing gifts to orphans. Families and individuals are giving specific gifts (correct sizes, etc.) for children who might have a bleak Christmas if it wasn't for these thoughtful ones. The idea has mushroomed and we've been told many groups from outside have called in seeking ways to help swell the yuletide cheer for these youngsters.

According to THE BUGLE holiyvine one of the first volunteers to give is a family which has had unbelievable burdens during the past year. But despite their personal problems this family is still able to look beyond itself and give to someone else.

It's really not much of a story . . . and obviously, it must be clothed in anonymity. But in its very simplicity is the message of what this holiday is all about.

* * *

A most happy holiday season to everyone in Bugleland!

Gifts For Orphans

The spirit of giving at Christmastime is personified in this picture of the piles of gifts, donated by members of St. John Brebeuf church, to the children of a local orphanage. Names of the children were given to church members who purchased gifts for those children so it sould be a personal as well as a Merry Christmas.

Yacktman: Niles Annexation Will Not Bring Happiness

The first "loud and clear" reaction to the recent announcement by Niles Village Manager Ken Scheel concerning a survey on annexation of parts of unincorporated East Maine has come from Victor Yacktman, owner of Domestic Utility Co., Glenview, the water company for the unincorporated area.

In a letter sent to Dusco customers, Yacktman gives them the following information:

Dear Friends and Customers:

Recently some local newspapers have indicated that a 9 block area adjoining the western border of the Village of Niles is being considered for annexation into Niles.

Before any of you can be annexed into an existing village, there must be a petition returned with the unanimous approval of every registered voter and property owner in the area. If the petitioning is not unanimous a majority of voters would have to favor the annexation move by means of a referendum (vote). One article stated that Niles firemen would be contacting you for signatures.

Among incorrect and misleading statements made to the press by some Niles officials, was a remark regarding the availability of Niles village water to the present Domestic Utility Services Company customers. It was stated that if the couple hundred residents of the unincorporated area in question were annexed, these residents would have Niles Village water. THIS IS NOT SO!

About 2 years ago, Paul Riback in the March 24, 1966 issue of LIFE newspaper (one of the same newspapers which released the above story) stated: "Eventually a village could acquire the existing sewer and water utility company, if this would lead to reduced rates and spend utility collections for its ownbenefit." This could be accomplished only if the entire unincorporated area of Maine Township was either annexed or else incorporated into a new village, but not piece by piece.

The Illinois statutes as well as the Supreme Court of the United States, and the Illinois Commerce Commission protects Domestic Utility Services Co. and its users, from raids upon its transmission mains because any parceling out of its facilities would be financially injurious to the rest of its users. There are other factors as well that enter into this legal matter.

For example, DUSCO has invested over $500,000.00 in its plant facilities during the past 3 years, alone, to the future benefit of its entire certificated area. DUSCO is locked in - it cannot expand in any other direction - thus trimming down any portion of its area would place an additional cost burden on the balance of its users in the form of a rate increase, and we certainly do not want this.

Allow me to ask you a question. Why did you move into an unincorporated area in the first place? Was it not because you had discovered that it already possessed the usual services supplied by a village, such as a fire district, park district, the Sheriff's Police nearby, a public utility, street maintenance and snow removal? You can also vote in a library district, or an overlapping police district, or a bus service, if you so desire.

Please keep in mind that it has taken over 40 years of planning by many intelligent, far sighted and well qualified people in Maine Township to have kept these services updated and the taxes down in these areas. If you are looking for more taxation, for spending money for a motor vehicle sticker, dog licenses, bicycle licenses, and a 5% Utility Tax and some other tax surprises, then just become part of a village. Add what you have spent for telephone bills, gas bills, water bills and electric bills in one year. Add 5% to the total. Look at your savings by remaining unincorporated? This in addition to the above mentioned license fees, and the higher village real estate taxes. The latter can be the biggest boost of all! If there are any families who are so eager to be part of a village, there is no law to stop them from moving into one, especially now when one can make a handsome profit on his property investment. Values have increased in greater proportion in our area than in most other areas.

The most important objective of this letter is to point out that the State and National law is on the side of Domestic Utility Services, and its users. The few such nearby areas which were trapped into annexing to an adjoining village are still being served by the same utility. This is on public record. Do you expect to be served by another telephone company, another gas company, another electricity company if you join a village? Your water company is a utility operating under the same Certificate of Convenience and Necessity as they are doing.

Go over and visit some of these people whose area was annexed. Ask if after a few years of belonging to a village, are they any happier? Do they have less crime, less costs, etc. Wouldn't they be happier to get dis-annexed? Thousands of dollars of additional tax assessments have been placed on their backs. Those renting would obviously be faced with increased rents.

Continue to enjoy the privileges you now possess. You have good County and Township government at less cost. Get the facts before you sign, and avoid getting caught up in any move to bring more urbanization and additional tax burdens to the area you choose to live in the first place.

Yours for an improved area at lower costs,
Domestic Utility Services Co.
Victor Yacktman, Pres.

M.G. Park District News, Notes

Ice-Making, Skating Info

The major problem in making natural ice rinks in Morton Grove is the weather. Sun and wind can undo an entire night's work in a matter of hours. Children, too, by throwing stones, dirt, sticks and paper on the ice, cause the ice immediately surrounding the debris to melt. Children walking across the ice when it is soft cause it to become rough and irregular. The making of ice is further complicated by any appreciable amount of snowfall.

The weather and the forces that control it determine whether or not Morton Grove will have ice on its rinks – not the Park District staff or the Board of Commissioners.

Before you can even think about skating there is the element of time. It takes three to four days of below freezing weather to establish a frost line which will hold the water, then it requires an additional three days of slow, repetitive applications of thousands of gallons of water to be laid over large surfaces of ground. In all, seven to eight days are spent just to make the ice ready for skating.

Two trucks, one tractor, one snow plow, one 12' rotary broom, hundreds of feet of 1 1/2" and 2 1/2" hose and an assortment of special nozzles, scrapers, shovels and a countless number of miscellaneous smaller items are used each night by the staff to make ice.

As soon as the Park District is able to make ice, there will be general public ice skating – no charge – at the following parks: Harrer Park, 6250 Dempster st.; Austin Park, 8336 Marmora; National Park, 9325 Marion; Oketo Park, 8950 Oketo; Mansfield Park, 5830 Church st. Hours for skating will be as follows: Monday through Friday – 4 to 8 p.m.; Saturday, Sunday and holidays – 1 to 8 p.m. Harrer Park will remain open until 9 p.m.

M.G. Women's Club

To give is to receive. The Morton Grove Woman's club, member of the 10th District and an affiliate of the Illinois Federation of Women's clubs, again felt the warmth of the Christmas season in remembering many friends from near and far.

Our special committee, Operation Viet Nam, packaged early in November to make sure of the prompt arrival of Christmas packages for our boys in Viet Nam. Each boy was remembered with a personalized stocking filled with games and candy. Each box included a brush and comb set, tooth paste, tooth brush, treats and snacks, home made nut bread, towel and washcloth, undershirt, socks, shaving supplies and many more personal items. Also sent each boy was a two-pound tin of home baked Christmas cookies.

This committee packages once a month at the Morton Grove Library. Our club was honored to have Pat Sheridan of WMAQ speak of our special project on his daily program for a period of two weeks. Chairman of Operation Viet Nam is Mrs. Edwin Brice.

Donations from the Public Welfare Department were given to the Hadley school for the Blind, Orchard school, The United Crusade, Christmas Seals –TB, St. Leonard's Home and the Salvation Army. Three adoptees were again remembered: Alica Alfonse, Ranato Parra of Bogata Columbis and Kandiah Sivamani of Ceylon. Over 200 pounds of clothing was sent to the Lac Du Flambeau Indian Reservation in Wisconsin. Adding to the list of donations were Maryville, De Paul Settlement House, Shore school of Evanston and the Indian Center of Chicago. Not to be forgotten were the shutins of Morton Grove of which there are forty. Each received a lovely poinsetta and philodendron plant. These were delivered personally by the fine members of this committee, Chairman of the Public Welfare Department is Mrs. Roger Peterson.

Another department, the Conservation committee was busy with their Christmas giving. Park Ridge school for girls was remembered with hampers, Max Factor sets, bobby pins, Rinse Away, Respond hair spray and packets of Sardo Bath Oil. The boys at Lincoln Lodge received Models, fountain pens, toothpaste and toothbrushes and shirts. Chairman of the Conservation committee is Mrs. Robert F. Schroeder.

The Morton Grove Woman's club for their December meeting was entertained by the lovely voices of the Mixed Ensemble of the Niles West High school Choral department under the direction of Hugh McGee.

P.S. Just a note of caution – Some of the utility companies in error are charging the 5% utility tax to residents in the unincorporated area. You are located in the unincorporated area of Maine Township and not subject to the 5% utility tax levied by most of our surrounding villages. Check your utility bills and make certain you are not being charged this 5%. If you have paid any of this tax, you are entitled to a refund or a credit. The utility companies are very cooperative and want to rectify any errors.

P.S.S. Recently we brought in Well No. 3. It's the best producing deep well in Cook County capable of producing in excess of 4,000,000 gallons of pure potable well water per day. We hit a stream 18' in depth, down to 1400'.

Forestview Homeowners Launch Organization

The first meeting of the Forestview Homeowners and Renters Association was held Dec. 11 in the Niles Council Chambers.

Organizational officers were elected as follows: president, Duncan MacDonald; vice-president, Ed Brasch and secretary-treasurer, Leon Cohen. A committee was apointed to prepare the association by-laws and corporation papers for adoption at the next meeting. This organization is an outgrowth of a series of articles which appeared recently in The BUGLE.

The next meeting will be held Wednesday, Jan. 8, 1969 at 8 p.m. in the Village Council Chambers. For further information call Duncan MacDonald at 966-5573 or Ed Br... at 965-4431.

Warwick Lists Plans

Plans for a number of facility improvements and changes designed to strengthen production capabilities have been announced by Glenn A. Evans, president of Warwick Electronics, Inc. The programs will provide for expected growth in the company's color television product line and improved use of plant capacity at several of its manufacturing locations.

Construction is now under way on a 156,000 square foot addition at Warwick's Television Products plant in Forrest City, Ark. This, plus other planned facility improvements will further expand that plant's capacity for the production of color television. The new addition and other plant changes are scheduled for completion next Spring, and at that time the Forrest City plant will cover more than 600,000 square feet.

Another facet of the plan involves consolidation of certain audio products now being produced at Warwick's Covington, Tenn. plant with similar operations now being performed at the company's Audio Products Division plants in Niles and Zion. These moves, which will begin early in 1969, will provide increased utilization of the facilities at these two Illinois locations. At the same time the Covington plant will begin taking the necessary steps to introduce the manufacture of color television to that plant in anticipation of increasing demand for that product line. Production of color television in Covington is expected to begin in the Spring of next year, at which time the plant will become part of Warwick's Television Products Division.

Warwick, a subsidiary of Whirlpool Corp., is a major supplier of electronic home entertainment products for Sears, Roebuck and Co.

Area Teacher

Diana L. Hanson, 8519 Crain st., Niles has been employed by Borg school, Morton Grove, as a 4th grade teacher. She began work on Nov. 25.

Dr. A. Wayne Randolph, head of the Bureau of Occupational Information and Placements, Western Illinois university, in announcing the placement of Miss Hanson said she was graduated from WIU in November, 1968.

Epiphany Service

Epiphany, the Feast of Light, an important observance on the Christian calendar will be marked Jan. 6 at St. Anselm's Episcopal church, 1600 N. Greenwood, Park Ridge.

A short evening service at 6:30 p.m. will be followed by a family potluck supper.

Church women under the direction of Mrs. Lyle Strauss, 8646 N. Merrill, president, will make arrangements for the potluck.

Take 1st Place

A team of novice debaters from Northern Illinois university took first place in the novice division of the Wisconsin State Pre-Christmas Debate tournament last weekend.

William Kolasinski, an NIU sneior from Niles, took first place in oratory and third in oral interpretation. The tournament was held on the campus of Wisconsin State university at Whitewater. Bill is the son of Mr. and Mrs. Chester S. Kolasinski, 8503 Osceola, Niles.

On Honor Roll

President John T. Bernhard announced recently the names of Western Illinois university students whose grades were high enough to make the first quarter honor roll. Only students who have a grade point average of 3.3 for their entire university career are cited.

Honor roll students include Gail Wojcieszek, 7358 Howard, Niles.

Blue Crutch

Everywhere you go, everywhere you look on Saturday, Jan. 11 there will be mobs of teenagers flooding the streets. The day has been designated March of Dimes "Blue Crutch Day" by Mayor Nicholas B. Blase.

Teen Chairmen Karen Riley and Dave McGlawan of the Niles Youth Congress, and adult sponsor William Sterling, Chairman of the Niles Youth Commission will be leading this activity in which the young people will sell crutch lapel emblems. The sale of the metal crutches will provide funds for March of Dimes programs aimed both at treatment of the 250,000 annual birth

Council Slates Defensive Driving Course

A course in Defensive Driving is being given by the Niles Safety Council on four successive Tuesdays, Jan. 7, 14, 21 and 28 at 7:30 to 9:30 p.m. at Niles Public Works Building, 6849 Touhy ave. The eight-hour course will be taught by John Sebastian, former Safety Council chairman and George Leddy, Niles Safety Council chairman. There will be a four dollar ($4.00) fee per student for teaching aids. Visual aids including professionally produced movies illustrate course subject matter. Questions likely to be asked in driver license examination and reexamination are covered thoroughly.

All licensed drivers of Niles are urged to take advantage of this limited enrollment course. Your life is surely worth the small investment of four dollars. Phone Village Clerk's office, 647-8485 for further information.

The three most common faults among drivers are: First, lack of driving skill; second, improper attitude; and third, inattention behind the wheel. "There is no good reason for not becoming a skillful driver," former Niles Safety Council chairman, John Sebastian said today. "Driving, like any other complex task, requires study and practice," he emphasized. The average driver spends more than two hours a day behind the wheel of a car. This is more time annually than most skillful athletes practice.

The skillful driver will learn to analyze traffic situations, weather and road conditions and the probable reactions of other drivers the same way u ball player quickly analyzes a play. "He increases his skill by practice. He observes what is happening ahead and predicts what will happen next in the constantly changing traffic scene," Sebastian emphasized.

The competent driver guards against letting one hazard overshadow another. He realizes that death or injury lurks in every hazard. He knows how one hazard may strike while he is dealing with another. Day after day the skillful driver extracts a lesson from each block in the city and each mile on the highway. He adjusts to his driving environment by adapting his driving techniques to the different conditions he encounters such as limited-access or freeway driving.

"Above all," Sebastian said, "A skillful driver will sharpen his defensive driving tactics by learning to recognize traffic hazards, understanding how they could affect him, and then will take corrective action in time to avoid an accident." The competent driver will always cooperate with other drivers. He will yield the right-of-way to avoid a smashup even though legally he has the right to go first. He will always watch for other drivers and never count on them to watch out for him. The good driver will acknowledge that complacence can make him a killer! He will size himself up from every angle – mental, physical and emotional. He will ever strive to become a "better driver!" He knows that safe driving is really an exercise in self-government.

Fishing Clinic At Vacation Show

Fishing clinics will be a new feature of the Chicago's Famous Sportsmen's and Vacation Show, Jan. 24 thru Feb. 2, at the International Amphitheatre. America's top anglers, who will be on hand representing the major manufacturers of gear, will offer instruction to all seeking tips, from the veriest novice to the mre advanced fisherman.

Two casting ponds, for demonstration and practice, will be available in "Fishing Tackle Row", where all the latest in equipment will be on view. For those desirous of actually landing a fish, the live trout pool will afford an opportunity for a delectable dinner as the catch is the angler's to keep.

Every other facet of outdoors living and recreation will be covered in the exposition, the largest of its kind in the world. The boat section will be replete with craft and accessories; throughout the complex of buildings will be the exhibits of camper's units, snowmobiles, tents, trailers and recreational sports equipment.

More and more states are coming into the vast Travel Hall, in addition to provinces of Canada. The vacation-minded show visitor will have the opportunity to receive information and compare from state and area representatives and resort owners. The hall will have attractive displays of live and stuffed fish and animals, as well as movies. Indians, trappers, guides, lumberjacks and pretty queens providing colorful atmosphere to the surroundings.

Tom Durant, the exposition producer, and his staff are assembling a stellar cast of titleholders and skilled performers for the "Parade of Outdoors Champions", the twice-daily stage and water production in the center arena.

Public participation in several sports will be available. Exposition hours will be 6 to 11 p.m. opening night, noon to 11 p.m. Saturdays and Sundays, and 1 to 11 p.m. weekdays.

On Saturday, Dec. 14, Notre Dame High school for Boys, 7655 Dempster st., Niles hosted the second A.F.L.A. foil fencing individual tournament. 95 fencers from 13 schools and 3 states were on hand. After nine hours of fencing, 33 rounds and 440 bouts, the winners were determined.

In the 17-18 year old bracket: 1st place - Michael Cornwall (Chicago) of Notre Dame High school; 2nd place - Mike Sampon, Wawatowsa, Wisc.; 3rd place - Rick Newell, Pleasant Plains; 4th Place - Greg Linn, (Chicago) of Notre Dame high school; 5th place, Shelly Bernstein, Niles; 6th place - Scott Braverman, Niles.

In the 15-16 year old bracket: 1st place - Al Acker, Niles; 2nd place - John Brandt (Glenview) of Notre Dame High school; 3rd place, Gary Shaw, Niles; 4th place, Edgar Huber, Chicago; 5th place - Little, Park Ridge; 6th place - Blackburne, Culver, Ind.

In the 13-14year old bracket: 1st place - David Meridith, Dixon; 2nd place - Curtis Hubbart, Pleasant Plains; 3rd place Tom Alcock (Chicago) of Notre Dame high school; 4th place, John Edmonds, Pleasant Plains; 5th place - Dennis Bomke, Pleasant Plains; 6th place - David Marc (Chicago) of Notre Dame High school.

The first three places all are trophy winners. This is the largest tournament held in the state this year and larger than the state tournament last year.

Notre Dame had 5 men in the finals as against Pleasant Plains 4 and Niles West's 3.

Students from Notre Dame took a first place, a second place and a third place, 3 out of the 9 available trophies. Mike Cornwall took 1st in the 17-18 division by beating Mike Sampon, the Wisconsin State champion.

Leaning Tower YMCA

Leaning Tower YMCA, 6300 W. Touhy ave. has announced the continuation of three educational and self-improvement Skill school courses to be offered during the Winter term of classes scheduled to begin the week of Jan. 13.

Area residents are invited to take advantage of the opportunity to increase their driving skill, knowledge of family law, or study the principles of successful investing. Registration for all three courses is open to the general public. YMCA membership is not required.

Safe Driving is a defensive driving course based on training given to professional drivers. (Presented by the Citizens Traffic Safety Board of Chicago and offered as a public service by the Leaning Tower YMCA)). The course will feature ways to recognize accident causing situations and methods of avoiding them. The course does not include practice driving. All drivers holding valid licenses are eligible. The four-week course will be held on Wednesdays, from 8 - 10 p.m. beginning Jan. 15. (A second four-week term will begin Feb. 12).

Milton Yondorf, attorney at law, will direct the ten-week "Family Law" course. Classes will be held Wednesday,s from 8-9 p.m. beginning Jan. 15. The "Family Law" course is designed to increase the student's knowledge of law as it affects their life, investments, family and self from involved and costly legal entanglements. Individuals will discover why it is important to make a will and what the law says about creating a trust and planning an estate to minimize depletion upon death. The law regarding accidents and liability in automobile, building and personal incidents will be discussed. Rights and obligations as a marriage partner, parent homeowner, and citizen will be included in the course. Students may invite their spouses to selected sessions.

Mr. Yondorf, the director, is a member of the Illinois State Bar Association, and Chicago Bar Association. As a graduate of Dartmouth college and the University of Chicago Law school and a member of the bar of the 7th United States Circuit Court of Appeals, Mr. Yondorf comes to the Leaning Tower YMCA highly qualified to direct an interesting and fact finding course.

"Principles of Successful Investing", a special five-week seminar under the direction of Jack Franz will meet on Thursdays, 8-9 p.m. beginning Jan. 16. The course will cover the elements and importance of investing for sound money management and how to accumulate capital or increase the power of funds now held. Some subjects to be covered include New York Stock Exchange, analyzing securities and mutual funds. Jack Franz is a registered representative of Hornblower and Weeks - Hemphill and Noyes.

Persons interested in enrolling for any of the above classes may do so by registering at the Leaning Tower YMCA front service desk from 9-10 p.m. daily. One week advance registration is required. An early registration is suggested since classes or limited in number.

For further information call 647-8222, extension 556, or drop by the Leaning Tower YMCA and pick up the new brochure.

Seminar

Students from Niles area schools have been invited to attend the Chemical Industries Council's Chemistry Career seminar, which will be held on Saturday, Jan. 11 at the Pick-Congress hotel, Chicago.

The seminar will be held in the Francis I, Belmont, Plaza, Avenue East and West rooms of the hotel. Students may register from 8:30 to noon and from 1 - 3 p.m.

A feature of the seminar is person-to-person counseling by men and women from chemical and pharmaceutical companies in the Chicago area. The men will outline the requirements for a career in chemistry and will cover all major career areas. Representatives from Chicago area colleges and universities will counsel students on educational requirements.

Caramba--A Christmas Poem

"Merry Christmas Amigos (Pan-American Style)"

'Tis the night before Christmas, and All thru the casa
Not a creature is stirring,
Carambal Que pasa?
The stockings are hanging
con mucho cuidado
In hope that Saint Nicholas
will feel obligado
To leave a few cosas aqui
and alli
For chico y chica (y something for me),
Los ninos are snuggled all
safe in their camas
(Some in vestidos and some
in pajamas)
Their little cabezas are full
of good things
They're all esperando lo que
Santa will bring,
But Santa esta at the corner saloon.
Muy borracho since mid-afternoon,
Mamma is sitting beside la
big ventana,
Shining her rolling pin para
manana,
When Santa returns to his
home zigzaguiando,
Lit up like the Star Spangled
Banner, cantando;
And mamma will send him
to bed con a right
Merry Christmas a todos,
y a todos good night!

Montessori Youngsters Have Yule Party

About 78 children from the Countryside Montessori school, 727 Harlem, Glenview, hosted a Christmas Chanukah party for 25 pre-schoolers from Angel Guardian orphanage at 9 a.m. Friday, Dec. 20 in the school.

Hosts, all three to six years old, decorated a Christmas tree for the party and sang a German, a French and a Hebrew song. Each child also brought a gift for an orphan.

Three Montessori youngsters discussed Chanukah. They are Jorde Nathan, 8933 N.Cherry; David Goodman, 7847 Beckwith; and Missi Sostrin, 7921 Church, all of Morton Grove.

Santa Claus made an appearance. Parents, brothers and sisters of the Montessori children were invited.

Assisting were instructors Mrs. Suzanne Hubbard, Mrs. Dara LaForce, Catherine Naylor, Mrs. Mira Rodwan, Mrs. Laurine Day, Mrs. Chantal Moon and administrators, Mr. and Mrs. Franklin C. Kulle.

Clothing of all sizes were collected for the orphanage at this time.

Dear Santa: "All I Want For Christmas Is---"

As is The BUGLE'S annual custom, we looked over the shoulder of our Niles Postmaster before he dispatched these Niles Public school children's letter to the North Pole. We copied some of these letters by second graders so Nilesites, too, could have a peek at Santa's mail.

Dear Santa Claus,

I'm trying to be good. I try my best at everything. I hope you and your reindeer are o.k. We have our tree, but it's not up. My family is doing all rigth. Is everything o.k. in the North Pole.

Your truly,
Debby Gwozdz

Dear Santa Claus how are all your reindeer and you? How do you go around America in a half of night? I'm a good boy. My mom will call you if my sister sleeps in her own bed. I had a dreem about you. And in my dreem I dreemed you had a rednoise reindeer and gided your sled full of toys but I know you don't have one thow.

Love
Mark Pils

Dear Santa Claus,
How are you and your wife? Our family is fine.

Open Hearing Jan. 9 On Maine-Niles Jr. College

An open hearing on the establishment of a Maine-Niles Junior College will be held Thursday, Jan. 9 at 8 p.m. in Niles Township High school West, Oakton and Edens, Skokie.

The approval was received by Griff MacDonald of Park Ridge and Ray Nelson of Niles, chairmen of the volunteer citizens groups which (after months of study) have been pushing for the junior college.

The Illinois Junior College board gave its stamp of approval for the request in its recommendation that the public hearing be set.

Petitions were presented to the state board in October. Plans were also approved by the Illinois Board of Higher Education.

After the public hearing, it is expected that referendum wheels will be set in motion asking for public vote on establishment of the district for Maine and Niles Townships, setting a 22-1/2 cent tax rate request.

MacDonald said testimonials from leaders in education, business, city officials and students would be presented at the hearing and eight of an expected 11 speakers have already agreed to help the committee present the case for joining Maine and Niles high school districts into a new junior college district.

Pro arguments will be presented by Everett Ballard, president of All American Life and Casualty Co.; Everett Calloway, manager of the Illinois State Employment Service; and Robert M. Runde, assistant dean and director of admissions at Wright Junior College.

Others who have promised to appear are Charles Szuberla and Richard Short, superintendents, respectively, of the Niles Township High schools and Maine Township High schools; John Curran, director of public relations for Teletype Corp.; Ted Jacobsen, executive director of Lutheran General hospital; and John Mau, a Skokie industrialist.

Conducting the meeting will be Kennety H. Lemmer, legal counsel for the State Board.

After scheduled speakers, pro or con, have presented their formal statements, the hearing will be opened for questions and comments from the audience.

If the referendum is passed, elections would then be scheduled for junior college school board members, who would do the actual planning and establishing of a school.

"The hearing will also afford dissenters an opportunity to express themselves," Mac Donald added.

Randall Rayborn, head of research committee of the junior college study group, and the Maine West guidance department, has charge of the agenda for the hearing.

MacDonald explained that dates, with two Maine and two Niles Townships locations, were submitted to the junior college board for the hearing and the Niles Township West High school and Jan. 9 date were selected for the convenience and by state board members.

Swimmers Off To Flying Start

The Niles East swimmers got off to a flying start in Suburban League competition by beating the Proviso East Pirates 49-46. Even though the problem of lack of depth is a prominet one, the Trojans picked up important seconds and thirds to get 49 points to beat Proviso.

First places were won by Jim Simon in the 50-yard freestyle, Lee Bollow in the 200-yard individual medley and 100-yard backstroke. Paul Katz won the 100-yard freestyle with a time of 53.1 setting a new school record. Katz teamed up with Rich King. Rick Schubert and Brad Berman to win the 400-yard freestyle relay, which won the meet for the Trojans. Glassner and Pollack took second and third in diving as did Herman and Kalin in breaststroke.

The Trojan frosh bettered their season's record to 3-0, by beating their Proviso East counterparts 59-36. Freshman breaststroker Shutz set a new freshmen record in the 50-yard breaststroke, by doing a time of 35.1. The Trojan varsity is looking forward to their meet next week with Highland Park where they expect to win and better their record of two wins against one loss.

Art Guild Holiday Party

Members and friends of the Skokie Art Guild are invited to attend the annual holiday party, scheduled for Sunday, Dec. 29, from 2 to 5 p.m. in the Guild's new quarters in the Skokie Fine Arts Center, 10054 Skokie blvd., Skokie.

The afternoon will feature a lecture entitled "New Directions in Contemporary Art" by Donald Baum, professor of Art and chairman of the Art Department at Roosevelt university. Also featured will be an exhibit of some of Mr. Baum's contemporary work, as well as paintings by members and student of the guild.

Aaron Lieb of Skokie is program chairman for the affair and Mrs. Arlene Rotche of Lincolnwood will be in charge of refreshments. Others on the planning committee are Mrs. Arlen Borde, Mrs. Jerome Feldman and Milton Lambert, all of Lincolnwood.

Instructor

Sol Cole, 8659 N. Harlem ave., Niles, was an instructor at a recent five-day management training conference at the Prudential Insurance Co.'s Mid-American Home office, Chicago.

Mr. Cole, who is training consultant for Prudential's Chicago region, said that newly promoted staff managers from Prudential offices throughout Illinois and Indiana attended the sessions.

Times and styles change, but our Christmas wishes to you are timeless.

Yes Children, There Is A Santa Claus.

New York, N.Y.
September 8, 1897

Dear Editor:
I am 8 years old. Some of my little friends say there is no Santa Claus. Papa says, "If you see it in the Sun it's so." Please tell me the truth—is there a Santa Claus?

Youre truly,
Virginia O'Hanlon

"Yes, indeed!
"Virginia, your little friends are wrong. They have been affected by the skepticism of a skeptical age—they do not believe except what they see—they think that nothing can be which is not comprehensible to their little minds.
"All minds, Virginia, whether they be men's or children's, are little. In this great universe of ours, man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole truth and knowledge.
"Yes, Virginia, there is a Santa Claus.
"He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas! how dreary would be the world if there were no Santa Claus! It would be as dreary as if there were no Virginias. There would be no childlike faith then, no poetry, no romance to make tolerable this existence. We should have no enjoyment, except in sense and sight. The eternal light with which childhood fills the world would be extinguished.
"Not believe in Santa Claus! You might as well not believe in fairies! You might get your papa to hire men to watch in all the chimneys on Christmas Eve to catch Santa Claus, but even if they did not see Santa Claus coming down, what would that prove? Nobody sees Santa Claus, but that is no sign that there is no Santa Claus—the most real things in the world are those neither children nor men can see.
"Did you ever see fairies dancing on the lawn? Of course not, but that's no proof that they are not there—noblody can conceive or imagine all the wonders that are unseen and unseeable in the world.
"You tear apart the baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man, or even the united strength of all the strongest men, that ever lived, could tear apart. Only faith, fancy, poetry, love, romance, can push aside the curtain and view and picture the supernal beauty of all glory beyond.
"Is it all real?—ah, Virginia, in all this world there is nothing else real and abiding.
"No Santa Claus! Thank God! he lives, and he lives forever—a thousand years, from now, Virginia, nay, ten thousand years from now, he will continue to make glad the hearts of childhood."

Make Donation To Cancer Research

Among the most active groups fighting cancer in the Chicago area is the Sam Solway Memorial club for Cancer Research. At a recent dinner dance celebrating their second anniversary, the group presented a sizable check to the American Cancer Society, increasing by 50% their previous year's contribution for Cancer research.

Attending the presentation of a special citation from the American Cancer Society were James Troka, 5961 North Kilpatrick; Saul Solotky, treasurer, 1515 W. Arthur; Mrs. Walter H. White, directress, Orphei Singing club, 1332 W. Irving Park rd.; Mrs. Sam Solway, 6700 N. Artesian; Max Solway, first vice-president, 8929 N. Central, Morton Grove; Sid Solway, president, 8433 N. Central Park, Skokie; Dr. Ted Saltzberg, second vice-president, 6600 N. Mozart; Mrs. Arthur Solway, dinner-dance chairman, 1514 Dobson, Evanston; Mrs. Max Solway, correspondence secretary; Mrs. Sid Solway, recording secretary. Troka and Mrs. White represented the American Cancer Society, Chicago unit.

Yule Services

Two special services will be held celebrating Christmas at St. Anselm's Episcopal church, 1600 N. Greenwood, Park Ridge.

Carols will highlight the midnight Christmas Eve service starting at 11:45 p.m. On Christmas Day the 10 a.m. service will be the same as the customary Sunday communion service. For his sermon text the vicar Rev. T. Kimball Cannon has selected "We Behold His Glory."

Art Class Discussion

Discussing some of the work done in current classes at the Skokie Art Guild are (l. to r.), one of the instructors, Mrs. Jerome Feldman, 7323 Kedvale, Lincolnwood; Mrs. Richard Krammer, 9344 N. Kilbourn, Skokie; Mrs. William Bondy, 8145 Parkside, Morton Grove; Mrs. Leo Burke, 7736 Kolmar, Skokie and another instructor, Mrs. Arlene Borde, 3315 N. North Shore, Lincolnwood.

Art Guild School Opens Registration For Winter Classes

The Skokie Art Guild school has opened registration for its winter classes , to begin in January and continue through April, in the Guild's new quarters in the Skokie Fine Arts Center, 10054 Skokie Blvd, in Skokie. The classes are open to beginners and advanced students.

Starting Wednesday evening, Jan. 15 from 7:30 to 10 p.m., a weekly class in creative painting and oil techniques will be taught by Mrs. Robert Stuart, 545-5380.

Mrs. Arlene Borde, OR 4-2911 and Mrs. Jerome Feldman, 677-9478, will conduct a weekly seminar workshop concentrating on the development of drawing and painting skill, to begin on Monday, Jan. 29 from 9:30 a.m. to 1:30 p.m.

The Saturday classes for children will begin on Jan. 25 from 1 to 3 p.m. and will be taught by Mrs. Gene Fortner, 761-4498.

The weekly members' workshop, under the direction of Mr. Kay Alonas, OR 3-0463, will resume on Thursday evening, Jan. 9 from 7:30 to 10 p.m. The workshop is available to all Skokie Art Guild members, with no registration necessary.

Other classes will be made available if sufficient interest is shown. For further information, contact the individual instructor or the Educational director, Mrs. Sidney Orlov, OR 6-9586, 9542 N. Kostner, Skokie.

Legion Reunion

Here is a portion of the large crowd of past commanders, past presidents and their husbands and wives who attended the recent annual Morton Grove American Legion Post 134 P.C. and P.P. reunion.

The party began with cocktails and dinner and entertainment was furnished later. Each guest received a lovely gift and special guests were Post Commander Francis Selzer and Auxiliary president Mrs. Albert Nehart. The honored guests were the immediate retired Junior heads of the two groups, Mrs. Jack Bartholmy and Edward McMahon.

Traditionaly under the co-chairmanship of the president and commander of one full retired year, the 1966-67 Auxiliary president Mrs. William Eaton and Post Commander Jerry DeBerthier chaired the activity this year. Seen at the table at left are Mrs. Carl Eckhardt and her husband and Mrs. Rovert Lutz and her husband, village postmaster. Across from the Eckhardts on the far right are Mr. and Mrs. Howard Hoffman.

M.G. Legion News

As previously announced, the Morton Grove Post 134, American Legion's annual New Year's Eve party isopen to thepublic. Legion Vice Commander Ray Harris, 5718 Lee, is chairman. He recently announced the deadline date ended for members' only purchases.

The $15.00 donation will include dancing to a top flight orchestra, liquid refreshments and a midnight buffet, in addition to noise makers and other celebration accessories for each couple.

There will be no tickets sold at the door, and the maximum is only 125. He may be reached at YO 5-0291 for information on next Tuesday's, Dec. 31, end-of-the-year fun party.

Morton Grove Post 134, of the American Legion Americanism officer Ralph Hintz, 5607 Carol, reports the deadline is near for entrants in the 31st annual High School Oratorical contest sponsored by the Department of Illinois, American Legion. Semi-finals locally will take place shortly after the Jan. 1 deadline date. Hintz may be reached at YO 5-3090 for more details and complete rules.

Hintz indicates the oratorical contest emphasizes the Constitution of the United States and the speaker talks on the duties and obligations of a citizen to our government. There are two phases of the contest - an extemporaneous one and the prepared oration. In the latter, they must be delivered from memory, must be the original effort of the contestant and must not take less than 8 minutes or not more than ten. Copy must be turned in prior to delivery.

The extemporaneous discourse is not to be less than 3 minutes or more than five. The purpose of it is to test the speaker's knowledge of the subject, the extent of his research and the ability to discuss extemporaneously the topic as related to the basic principles of government under the constitution. The full extemporaneous topic will be drawn but not announced approximately five minutes prior to time of delivery. It, too, is on some phase of the Constitution of the United States.

Students of the 9th, 10th, 11th and 12th grades in any local school are eligible for the $3800 in scholarships to be awarded on division and department level.

LETTERS to EDITOR

Thanks For 207 Support

Dear Mr. Besser:

The Board of Education and administrative staff of Township High School District No. 207 wish to thank you for the excellent support which your newspaper gave us in our efforts to obtain approval on Dec. 14 for the 21¢ increase in the Educational Fund tax levy.

In the weeks preceding the successful passage of the referendum, the news articles written by your reporters presented the issues fairly and helped voters gain an understanding of the need and support the issue. Your willingness to publish news releases prepared by the school Public Information Office also contributed to the approval of the referendum.

Please accept our warmest thanks for the support given by your newspaper. We solicit your continued interest in presenting school issues important to the citizens of Maine Township. The Board of Education and administrative staff pledge continued cooperation with you and your reporters in providing the type of information for an objective presentation of the facts involved.

Sincerely yours,
Township High School District No. 207

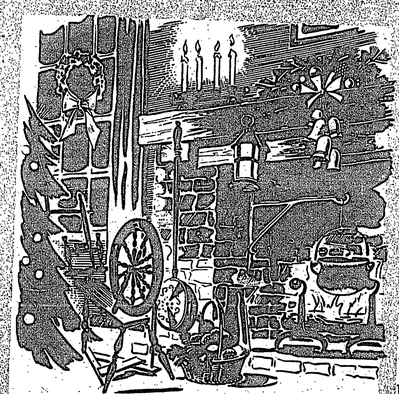
Garbage Pickup Delayed

Due to the Christmas and New Years holidays on Wednesday, Dec. 25, 1968 and Jan. 1, 1969, food garbage pick-up in Niles will be pushed back one day for those two weeks only. Example: If you have food garbage picked up on Wednesday, it will be picked up on Thursday, one day later.

All food garbage must be in bags or wrapped in newspaper and put in 20 gallon metal cans. The garbage cans must be placed at the curb by 6:30 a.m.

It Hasn't Been That Long Ago...



The rugged life of not too long ago with the hitching up of the horses, the cutting of the timber for shelter & warmth, the plowing of the good earth for food . . . has left us with a proud heritage. Protect your security and ours, start a checking account or investigate our Home Loan facilities and grow with America as we have grown to serve you.

Major Revisions For Wrestling Team

Niles East wrestling program has undergone major revisions this year with changes in the coaching staff. Under the leadership of new head coach Ron Hutcherson, the Trojans are working toward a revival of wrestling status to the prominence it has held.

The term "working" is not an accidental one. The three class levels on this year's squad - Frosh, Soph and Juniors, are becoming dedicated wrestlers through Hutcherson's program. Incidentally, no senior boys were able to stand the necessary regimentation; and those who were expected to be the nucleus of this year's Varsity wrestling team did not report. This has not deterred "Genial Ron," who has fast become a popular personality with the squad members. Legion Cancels Fish Fry

This Friday's Dec. 27 fish fry is to be cancelled by the Morton Grove Post 134, American Legion. The 6-8 p.m. meals are served each Friday at the Legion Memorial Home.

Carl Eckhardt, Corporation Board of Directors president has asked for this opportunity on behalf of the members and officers of the Legion to wish everyone in the community the most happiest of holiday seasons.

"This being such a busy week for everyone and with many residents occupied in other pursuits during this period between the Christmas and New Year's weeks, we of the American Legion know the townsfolk wish to spend the time with their families," he said.

The fish and chicken fries will be resumed as usual next Friday, Jan. 3.

21¢ Increase For 207 Will "Alleviate" Money Troubles

The 21¢ increase in the educational fund tax levy will by no means resolve the district's immediate monetary problems, but it will help to alleviate School Dist. 207's serious financial situation brought about by ever-increasing enrollments and the rising costs of salaries and supplies. This is the opinion of John W. Wilkins, chairman of the Finance Committee, Board of Education, Township High school Dist. 207.

Mr. Wilkins' assessment of the district's financial situation was made Monday evening, Dec. 16 at a regularly scheduled meeting of the high school board of education.

Mr. Wilkins said that the district is faced with a constant rise in expenditures and for this reason the Board of Education must continue to seek every way possible to economize.

Board members agreed that the administration must review carefully the projected budget for 1969-70 school year and study the detailed figures in those projections which will result in program efficiencies and prudent spending. The board established a date in early 1969 for a review of the projected 1969-70 budget. E. Hoy Mc Connell, Park Ridge boarx member, urged building principals to be economical in their requests for funds and expenditures to be made for the 1969-70 school year.

Following an official canvass of the educational fund tax rate referendum, John Means, chairman of the Public Relations Committee, said that Saturday's result indicates the great value which the electorate in Maine Township place upon education in these very difficult times. The outcome reflects the pride of Maine Township residents in the long history of excellence maintained by the Maine High schools.

Mr. Means requested the administration to express appreciation to students, staff, parents and all other Maine Township citizens who assisted in informing the voters of the need for the increase in the levy.

In other action the Board of Education:

- Approved change orders at Maine East and Maine South in the amount of $5,109.93

- Approved a proposal to remodel the front of the Maine West auditorium stage. The remodeling will consist of the building of two aprons and stairs. The estimated cost of the project is $5,820.00. Maine West booster organizations will pay $2,500.00 of the total cost.

- Approved one teacher appointment, one maternity leave, one addition to the non-certified staff and accepted four resignations.

- Commended John Chorba, a Maine East student, who won a 1968 Scholastic Magazine photography competition. The picture submitted by Mr. Chorba will appear on the cover of the 1968 Christmas issue of Junior Scholastic, a nationally known magazine.

- Commended David Butz and Arthur W. Sigmund, Maine South seniors, for their selection to the Illinois All-State high school football team.

- Amended the budget adopted in September which substantiates the certificate of tax levy so that it can be increased by $1,174,794 thereby taking full advantage of the 21¢ increase authorized in the Dec. 14 Educational Fund tax rate referendum.

M.G. Juniors

The Juniors of the Morton Grove Unit 134, of the American Legion Auxiliary, recently attended the 7th Dist. Junior Auxiliary meeting which was held at Rogers Park.

Five hundred tray favors were made for the V.A. Research hospital. They were in the shape of green state of Illinois maps with candy attached to them. The Juniors of the various units in the 7th Dist. also cut future tray favor construction paper "backings" to enable them to assemble at a quicker pace at a future date. A penny social was also held at the district session.

Each year at the Junior convention in the spring, small articles such as stuffed animals are turned in after having been made by the girls. This requirement for the Dixon, Ill. children will be begun shortly so the girls will have enough time to work on them.

The Junior Auxiliary collect magazines, stamps, clothing, etc. for "credit" for their individual units. $707.48 was received for some items submitted recently. In addition, 208 coupons saved by the young ladies from products used in their homes were turned in.

Articles donated to Unit Rehabilitation chairman Mrs. Ed Lange for use at the hospitals the auxiliary service by the Juniors recently were 14 magazines, 37 books, 120 tray favors, 200 stationery kits, 4371 stamps, 48 other magazines and 278 handkerchief holders.

Mrs. John Sepesy is the Senior advisor to the youth group who meet independently once or twice a month. They are daughters and sisters of Legionnaires and veterans.

Astronomical Load

On a typical day, the United States Post Office department processes almost as much mail as the rest of the world combined.

During Christmas the load is astronomical. Use of ZIP Codes helps simplify the task, as does early shopping and early mailing.

"Over 75 per cent of the nation's mail now carries ZIP Codes in the mailing address. We're striving for 100 per cent use of ZIP Code in both mailing and return addresses," said Postmaster Robert R. Luts.

Nearly 9.7 billion pieces of mail will be delivered by the Post Office Department this December.

List Judges For Junior

On Jan. 4 Illinois will have a new Junior Miss. A new ideal high school senior girl to represent them in Mobile, Ala., at America's Junior Miss Pageant.

The 30 contestants from all over the state will arrive at Leaning Tower YMCA Dec. 30 for a week of intensive judging.

The judging is intense and demanding. This year's judges' panel includes: Carl Stohn, Jr., executive producer of Mill Run Playhouse; Mrs. Glor Lewis, dean of students at Mundelein college; Carole Simpson, reporter for WBBM; Stu Holcomb, former athletic director at Northwestern university and now a vice-president of the Chicago White Sox; Brad Laycock, national director of the Jaycees and Patrick Kosowski, governor of Central Illinois District of Sertoma International.

BJBE Alumni Night

Sabbath Eve services (honoring alumni) of B'nai Jehoshua-Beth Elohim Reform Jewish Congregation will be held Friday, Dec. 27 at 8:30 p.m. at Niles Community church, 7401 Oakton, Niles. Rabbi Mark S. Shapiro will be assisted in the services by Cantor Harold Freeman and college students will conduct portions of the services. The Rabbi's sermon will be "Rights In Conflict."

Immediately following services, alumni and interested congregants are invited to attend an open discussion on the topic of the evening, "The Walker Report: Rights in Conflict."

TV Winner

Mr. and Mrs. Jack Mittelbaum, 8729 N. Wisner, Niles, recently returned from a visit to Northridge, Calif. While there, Mrs. Mittelbaum won $50 as a contestant on the TV program "You Don't Say" and, together with some relatives, spent an evening with movie star Ed Begley, his wife and child.

Food Drive Whopping Success

It has been customary for many years at Maine East to have a food or clothing drive just prior to the Christmas Holidays. However, it was not until last year that the food drive became a tremendous success. The chairman of the drive in 1967 felt that class competition would stimulate the students and might develop a latent sense of giving in all the students.

A 6'1" trophy was donated by a student's father to be awarded annually to the class contributing the most food. Every member of the homeroom which contributed the most food would receive a ticket to the annual Blue Demons dance.

The response last year was overwhelming. At that time 38,921 cans of food and about $150 were contributed.

Because the drive seemed so worthwhile, each of the class presidents felt it would merit a committee within the class to stimulate the participation. The response again was overwhelming. This year 42,752 cans were collected and $715.98. The winning sophomore class contributed 13,470 cans and $290.77. The junior homeroom which was the winner turned in 3,007 cans and $5.20. Almost the entire student body seemed to pass through the checking area on the last day on which 30,359 cans were collected and $616.44 turned in.

It was decided to give this to the Salvation Army because it is known that they distribute it to people whenever and wherever they are in need.

The theme of this year's drive was "Can It to Me."
