District 207 considering detachment of Glenview area

Announcement of the closing of Maine Township High School North by 1982 has promoted interest in the possible detachment of a portion of Glenview from Maine Township High School District 207 and its annexation to Northfield Township High School District 225.

The area involved is that portion of Glenview Elementary School District 34 which lies within Maine Township.

Commenting on the subject of detachment, Donald Kenney, Assistant Superintendent for Business, District 207, explained that detachment can only be accomplished by the Cook County Regional Board of School Trustees.

He said there are two methods by which detachment can occur:

1. A joint petition can be filed by both District 207 and District 225 with the Board of School Trustees for the detachment/annexation of the Glenview parcel. The Regional Board would review the petition and make a determination.

2. Two-thirds of the voters living in the District 34 area can file a petition with the Regional Board. A hearing is held at which the Board listens to the pros and cons of the issue and makes a determination.

Kenney added that if voters in the area do not agree with the determination, they have the right to administrative review in the courts.

Kenney noted that the easier

The resolution stated they do not intend to provide a parking lot on the existing premises. In addition they have stated the establishment of the health club will not affect or interfere with the Schreiner gymnasium, open gym activities or recreational

James Carter, man about the country, will drop in to Niles Saturday night. He will attend the 100th anniversary celebration of the Polish National Alliance, which will be held at the White Eagle restaurant.

Ted Przybylo, whose White Eagle restaurant is gaining national as well as international fame, said the President will get the same treatment as the natives. He will be served "C.B.S." (chicken, beef and sausage), the bill of fare which has been on the menu since its opening.

The restaurateur mentioned 3 weddings are scheduled for Saturday. He said he's going to make sure the President dances a polka while he's there. Could be; but the Secret Service covering the top man would chomp at the bit at such unscheduled activities.

Pope John Paul II visited the White Eagle several years ago when he was a Cardinal. The attendance of Jimmy Carter will make him the first president to pass through the halls of the White Eagle.

Mr. Przybylo, trying to act very non-plussed about all the hub-bub, said, "Carter has 2 legs, 2 arms and 2 eyes, the

The Village of Niles Board of Trustees is currently involved in the decision making process regarding Cable Television. The Board feels that Cable Television in the very near future will have important impact on our community.

Since the regulation of Cable Television is the responsibility of the local municipal authority, the Board feels it is important to gather as much information as possible regarding the numerous aspects of Cable Television.

With this in mind, the Board will visit Cable Operator Systems to be selected in the next 45 days. Immediately following the visits, the Board will hold Public Hearings for public agencies, such as schools, libraries, and other governing bodies, so they may present their views on

MG Lions give eye tests

One of the leading causes of blindness in Illinois will be dealt a serious blow September 22 when the Lions Mobile Glaucoma Screening Unit comes to Morton Grove.

Glaucoma is a symptomless disease in its early stages, but one whose progress towards blindness can be halted through early detection and treatment. Glaucoma is most prevalent among adults.

The tests will be given FREE of charge from 6 p.m. to 9 p.m. in the unit, which will be parked at the American Legion parking lot, 6140 Dempster st. Staffing the unit will be local Lions volunteers headed by Lion Tom Bodkin and licensed medical personnel to do the actual screening. Staffing is done by the Lions of Illinois Foundation and assisted by the University of Illinois, department of Ophthalmology.

No appointments are necessary for the test, which take only a few minutes and are painless. In the test, a measuring instrument is placed on the eye to record the fluid pressure in the eyeball. An elevated pressure might mean glaucoma, or it might mean something else. Persons with an elevated pressure are referred to doctors for a complete eye check up.

Since the unit began its work in 1969, more than 370,000 Illinois residents have been screened: More than 9,700 people have been found to have glaucoma in various stages of the disease, and as a result, have been able to undergo treatment necessary to preserve sight.

The Morton Grove Lions Club announced that screening tests for visual acuity also will be given. All tests are FREE.

"Considering how serious glaucoma can be it if is not detected in its early stages, this is a rare opportunity to safeguard your eyesight," said Lion Harold Olsen, club president.

The Lions of Illinois Foundation is a non-profit organization that relies on the contributions of local Lion Clubs, individuals, and businesses to finance various projects and programs for the visually handicapped. The Foundation is recognized by the Internal Revenue Service as a tax exempt group. Foundation offices are located at 1515 N. Harlem ave., Oak Park, Illinois 60302.

Golden Age Club of St. John Brebeuf

We lost a very gracious and helpful member due to her retirement to the Motherhouse in Dubuque, Iowa, Sister Lolita Lange. But we did a splendid job in sending her off. We had a "Zodiac" Party, which was so named only to keep her party a secret. Sister said she will never forget us in her thoughts and prayers and hopes sometime to be able to come back for a visit with us. She enjoyed the party and was very happy with so many gifts.

Our party was graced by a guest from the Park District of Niles, Commissioner Elaine Heinan, Senior Citizen coordinator. She has been a great help to us.

It was sad for all of us to lose another member with the death of George Simon, who often spoke of the enjoyment he got being with us at our meetings and outings. May the Lord keep his blessings on him.

With our prayers we have done much good. We have brought home all these members from the hospital and each either fully recovered or on the way to recovery: Helen Heneghan, Joseph Helminiak, Stanley Kaszyk, Mike Christi, Joseph Catanzaro, and our good Monsignor John Flanagan. Betty Lynch's injury is now mended.

Then we had these happy Birthdays of our members: Francis Batelli, Laura Bochenek, Nick Kahles, Harriet Kanser, Rose Majewski, Bernice Mayer, Irene Osko, Pauline Pask, Elizabeth Pfiefer, Helen Simon and Mabel Wermerskirchen.

Another year of Wedding Bliss was added for Josephine and Mike Christi, also for Mildred and Jim Licitera.

This months outing was to Lemont Illinois where our members had lunch in the Mother House of Sister Mary Theresa, the nun who is hoped, will soon be canonized a saint.

Outraged by IVI-IPO decision

Dear Editor:

The Independent Voters of Illinois-Independent Precinct Organization (IVI-IPO) on Aug. 27 rescinded the recommended endorsement of myself, Larry Gomberg, for State Representative from the Fourth Legislative District.

Earlier this summer I was asked to appear at an IVI-IPO endorsement session along with my Democratic running mate, Aaron Jaffe, and Republicans Penny Pullen and Bob Kustra. To my surprise I was the only candidate who showed up at this session. In fact, not one of the IVI-IPO members from my district who were invited to attend the session did so!

At the session I was extensively interviewed by two IVI-IPO representatives. They recommended endorsements for both myself and Aaron Jaffe. This decision was to be confirmed by the full IVI-IPO board at a later date.

The IVI-IPO is an organization which prides itself on being independent, against the Chicago Democratic machine, and anti-patronage. They have liberal views on many issues and perceive themselves as being above dirty and unfair politics.

At the Aug. 27 meeting of the full IVI-IPO board, the members overruled the initial recommendation and recommended voting only for Aaron Jaffe in the general election. Jaffe has many supporters in the IVI-IPO. He is a five-time incumbent who has been named IVI-IPO Legislator of the Year in the past.

I am outraged by the IVI-IPO's decision not to also endorse me. My political views are very similar to Jaffe's, as the IVI-IPO knows, if they have examined my answers to the 37-point questionnaire I completed. I was the only Fourth District candidate who cared enough about the IVI-IPO endorsement to show up at the endorsement interview session.

By endorsing only Jaffe, the IVI-IPO has shown that they only want to endorse those candidates who they feel have the best chance of winning -- even if others have views similar to the IVI-IPO stands. By endorsing only proven winners, the IVI-IPO does not give new people with views similar to their own the support they need to win. The IVI-IPO can only get their goals realized by seeing to it that as many people as possible who share their views get elected. They seem to be more interested in backing proven winners than in backing all qualified candidates.

The election history in the Fourth District shows that the second Democrat never wins. However, by refusing to endorse the second Democrat, the IVI-IPO almost guarantees that conservatives will win the other two seats in the district, leaving the Fourth District again dominated by those who are at odds with the IVI-IPO's liberal views (ERA's but one example).

The IVI-IPO's recent action seems to me to be both hypocritical and self-defeating. It seems obvious to me that my answers in the interview and on the questionnaire didn't mean much and that the endorsement decisions are somewhat predetermined.

Why else would those present at my interview have recommended an endorsement which was then turned down by the full board? The IVI-IPO's decision-making procedures seem to be very similar to the political practices they so self-righteously deplore.

Larry Gomberg, Democratic
Candidate for State
Representative in the
Fourth District

This is to thank the Niles Baseball League on behalf of the Carmen Mastri family.

I can't begin to thank the members of the Niles Baseball League who offered support during Carm's illness and who were more than generous after his death.

He enjoyed working with the children and each member of the Cubs team was very special to him. Even though you only knew Carm for such a short time, it is apparent that he was liked and loved by many.

Knowing that people do care has brought comfort to me and his children.

On behalf of our children, Tom, Jim and Greg, and myself, thank you so very much for your kindness and sympathy.

Compliments Porter for concern of Jewish Community

Dear Editor:

We wish to thank Congressman John Porter for the deep and sincere interest he has so admirably demonstrated in the concerns of the Jewish community. His exemplary efforts have not been limited to lip service-he has acted!

We particularly appreciate his continuing and determined support for Vladimir Kislik, a Soviet Jewish "Refusenik," who has been separated from his wife and child in Israel for seven years. His regular letters are a great comfort to this man who has been singled out for particularly intense harassment and persecution.

Congressman Porter forcefully called public and government attention to Mr. Kislik's problems by sponsoring House Resolution Bill #389 condemning his persecution. Senator Charles Percy is now planning to sponsor a similar bill in the Senate.

Congressman Porter has also not forgotten the plight of an American citizen held hostage in the Soviet Union. He made a special point of calling President Carter's attention to Abe Stolar's illegal detention. Despite a busy schedule, he found the time to make a personal plea to Mr. Alfred Moses (Presidential Jewish Advisor) on behalf of Mr. Stolar. While others were most helpful, his personal appearance meant a great deal.

The Congressman's efforts in behalf of this great humanitarian cause will not be forgotten.

Sincerely,
Barbara Pinsof,
Chairman Soviet
Jewry Committee,
North Shore Congregation Israel.

Nancy Brown,
Chicago Action for Soviet Jewry.

Seniors impressed by tour of Niles Parks

Dear Editor:

Today 39 seniors and myself were taken by our Park District bus to visit all the parks maintained by The Park District in the Village of Niles.

Our hostess Commissioner Elaine Heinen planned the trip and acted as our guide in visiting all 18 parks plus the "Tam" Golf Course, where Commissioner Heinen provided lunch for all of us.

What is most important to me to point out is the fact that most of us seniors have lived here in the Village for 20 or more years and never dreamed we had so many parks and all were so well maintained. This is a great credit to all the members of the board and down to its last employee. It sure looked like all were doing a great service in giving us these facilities and keeping them in such great shape.

We were taken to the Sports Complex on Ballard and Cumberland which at this time is being painted and renovated for the Fall and Winter season. But everything was shown and they explained its operation.

Again, for many it was their first time inside, and they were mighty impressed.

Our visit to Grennan Heights Park gave us an insight on the newly planned "Health Club". It is safe to say 95% of the group agreed it was a good idea. No space will be lost. But much presently wasted space will be converted.

Too bad this trip could not be given to all. I'm sure they would be giving these praises for our Park District as I am doing.

Respectfully,
George Hall

Softball player has his say

Dear Editor:

This is in regard to a letter that was in your Letters to the Editor Aug. 28. A man who said he was an umpire had problems picking up glass off diamond because of "Rowdy softball teams who grovel in tears if they don't get their beer". I have played softball in Niles for three years and I, too, find glass on diamonds BUT NOT FROM SOFTBALL TEAMS, but from kids who drink there at night. If this so-called umpire used his head, he would know that softball team wouldn't break glass on a field that they, too, would have to play on. Their chances of getting hurt would be the same, but when they get hurt, that would mean no work and sometimes no pay. Also, softball teams pay $275 to play on fields that are underwater (Lawrencewood) and fields that are never taken care of (Jonquil Park). So when you say fields were bad, because of no baselines or batters boxes, we, on softball teams ask, "What are those?". We never see any because we don't rate. We play on fields like Jonquil Park where it you hit a deep ball, it goes into the swing set. So don't feel so bad, Mr. Umpire. We have it worse than you.

Thank you,
Greg Kwiecinski

Illinois highway fatalities up from 1979

The total number of deaths resulting from traffic accidents on Illinois Highways so far this year reflect an increase of 79 from last year.

The Superintendent of the Illinois State Police, R.J. Miller, released figures which indicate that 1306 persons died this year because of automobile accidents, as compared to 1227 persons last year. Statewide fatalities for the month of August total 202.

District Commander W.P. Burt, State Police Chicago, stated that 55 people died this past month in Cook County as a direct result of traffic accidents.

The Illinois State Police encourage motorists to drive carefully-it's not only vehicles that can be recalled by their makers.

Safety Hint

The good driver, says the AAA-Chicago Motor Club, is aware that his judgment should be better than the judgment of a child crossing the street. Give youngsters the benefit of the doubt — take it easy when youngsters are present.

State Police institute energy conservation program

Superintendent R.J. Miller announced the implementation of the State Police Energy Conservation (S.P.E.C.) Program. The Program consists of training in automotive maintenance, driving techniques and patrol tips. Troopers will be given the opportunity to test the newly acquired driving skills by operating a vehicle equipped with a special Fuel Floscan Meter.

"This is one of the most important undertakings initiated by the State Police in Fiscal 1981," Miller said. "Proper implementation and adherence to the S.P.E.C. Program will improve our overall fuel consumption by 10% and provide us the opportunity to do our part to conserve fuel."

The State Police believe another important side benefit of the Program is that the officers can apply the procedures and techniques identified in the Program to the operation of their personal vehicles.

Nortran employees to donate blood

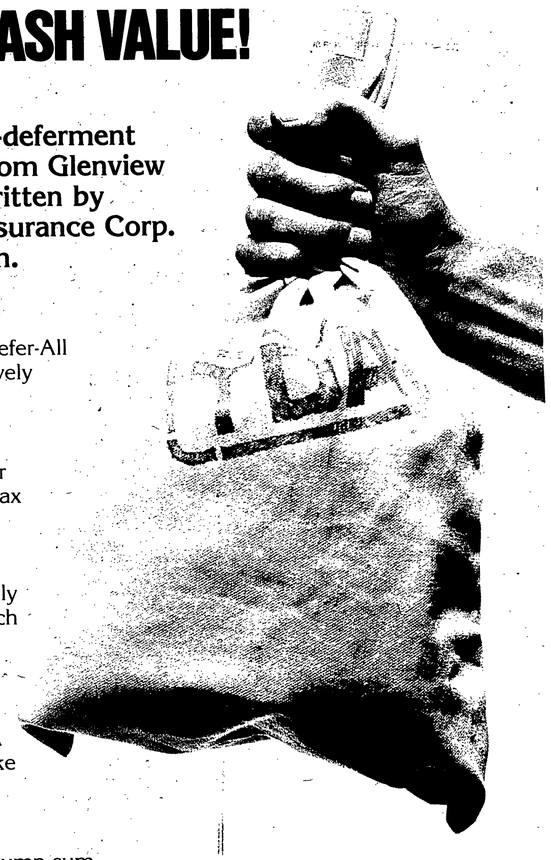
Nortran, 900 Northwest Highway, Des Plaines, is sponsoring an employee blood drive Friday, Sept. 19, in cooperation with the Des Plaines Community Blood Program and the North Suburban Blood Center, the regional volunteer blood donor program of the north and northwest suburbs. Sue Mayer is coordinator of the blood drive. Nortran employees will be helping to maintain an adequate supply of whole blood and blood components at the fourteen hospitals in the region.

Safety Hint

Early rising motorists often find they must drive through fog before the sun burns it away. The AAA-Chicago Motor Club says that even though a foggy situation may be only temporary, it still is a treacherous period. Since fog patches can reduce visibility to almost zero, reduce your speed and use headlights — not parking lights — in the fog.

DEFER TAX PAYMENTS INDEFINITELY AND BUILD CASH VALUE!

A new high yielding tax-deferment annuity plan available from Glenview State Bank and underwritten by International General Insurance Corp. of Milwaukee, Wisconsin.



The Glenview State Bank Tax Defer-All Plan (TDA) allows you to effectively combat inflation and cut taxes.

How much TDA will reduce your taxes depends on your present tax bracket and the amount of your deposits. No Federal and State taxes are assessed until you withdraw the earnings — possibly in your retirement years, at which time your tax bracket will likely be significantly lower.

Even participants in Keogh, IRA and other pension plans can take advantage of TDA.

TDA participants may select a lump sum distribution or installments for life.

Deposit balances are F.D.I.C. insured up to $100,000.00.

For details on how TDA will help you fight inflation and cut taxes, call or stop in to see Richard Norbrothen in our New Accounts Department.

Our first trip is to the Covered Bridge Festival, held in Rockville, Indiana. Spectacular color and breath-taking scenery await us as we venture to the nationally famous Covered Bridge Festival. Tour covered bridges, lunch at the festival headquarters where you'll find a large variety of edible delights. Stroll past many booths, filled with homemade foods and handcrafted gifts. Along the way we will stop at a speciality shop or two. The day will be full of surprises and delights. An experience for children of all ages! Combine families for a "Block Picnic"! We will leave from the Rec. Center at 7 a.m. on Saturday October 11 and return at about 10 p.m. The fee for residents is $6 per person.

Come by the Recreation Center, 7877 Milwaukee ave., and pick up our Family Trips Flyer. In November, we're off to join the Circus, and in December, we celebrate the season with a trip to the Nutcracker Ballet.

Grid Kid Football

The Niles Park District will again establish its Grid Kid Football program. No pads are worn in this no-contact, controlled game plan. There will be a minimum of 2 games and/or practices a week. The program begins on September 27 and runs to November 15. Games will be scheduled on Saturday mornings. The resident fee of $12 includes a jersey. Register now at the Recreation Center!

New levels in gymnastics classes

The Niles Park District will now offer a beginner class and an intermediate class in its Gymnastics Program. Intermediate class is for those having had a minimum of 2 previous sessions.

Our teachers this fall will be Debra Dahms and Mike Crutchfield. Both instructors are glad to be back in the swing of things, Debbie having taught our program previously and Mike having competed on the Maine East Gymnastics Team. This energetic pair will instruct your child in the use of apparatus such as the uneven parallel bars, balance beam and vaulting horse. Classes begin the week of Oct. 6 and will run for 8 weeks. The resident fee for Jr. Gymnastics is $10. Beginners will meet at Grennan Heights on Friday from 4-5 p.m. and intermediates from 5-6. The resident fee for Gymnastics is $12 and beginners will meet on Monday from 3:30-5 p.m. Intermediates will meet from 5-6:30 p.m.

For adults!

This fall, the Niles Park District is introducing some very new and exciting programs, geared to adults of all ages.

Woodcarving is one of the oldest and most beautiful art forms known to man. Our expert instructor will have you carving intricate pieces by the end of the session! Classes are held at the Rec. Center on Tuesday evenings from 7:30-9:30 p.m. The resident rate is $20 for 8 weeks. Fill your home with exquisite hand-made items!

Rangers and Niles Hockey hold team tryouts

Travel team tryouts and youth league evaluations have been announced by the Rangers Minor Hockey Association and the Niles Park district who have combined their hockey programs for this season.

Through this new working agreement, the Park District and the Rangers hope to provide a stronger, more comprehensive program for all the players they each serve.

Tryouts for the mite through junior traveling teams will be held Sept. 22 to 27 at the Niles Sports Complex, 8435 Ballard rd., which will be home ice for the Rangers this year.

Each division except mites and juniors will have one travel team at both the A and S AA level. Mites will have an AA team.

The junior team will compete at the "B" level in the Central Junior Hockey League.

Youth league evaluations for mites through bantams will be held on September 28 at Niles. The program will include 20 games and 16 practices. Playoffs are scheduled for the end of the season.

Further information may be obtained by calling Rafe Aybar, Hockey Director at the Niles Sports Complex, 297-8011, or Tony Kwilas, Rangers vice president, 398-6278.

Arthritis action group sets "Fashion Show" meeting

The next meeting of the Maine Township Arthritis Action Council will be from 7:30 to 9:30 p.m. Wednesday, Oct. 1 in the cafeteria, ground floor of the Nesset Health Center, 1775 Ballard rd., Park Ridge.

Ms. Judy Falk, Chicagoland representative for Vocational Guidance and Rehabilitation Services of Cleveland, Ohio, will model many fashions specifically designed for the handicapped and elderly. The fashions she models are constructed with velco fasteners eliminating the sometimes impossible task of struggling with zippers, buttons, and snaps for the handicapped individual. The fashions also include wide arm openings, dropped pockets, and front closures for arms that do not easily bend. This promises to be an exciting and interesting evening. Please plan to join us. Refreshments will be served and reservation are not required.

The Maine Township Arthritis Action Council is the eleventh to form in the Chicago area during the past year. The Council concept is designed to provide assistance to persons with arthritis and to develop improved public understanding of the nation's number one crippling disease. Interested persons are invited to call Ms. Nancy Mostello at 696-7650.

Weinberger wins IVI endorsement

Tenth District Democratic Congressional Candidate Bob Weinberger today received the overwhelming endorsement of the Independent Voter of Illinois-Independent Precinct Organization (IVI-IPO) at a Northbrook session at the home of Shelvin Singer, IVI-IPO member.

By a vote of 16 to 1 with two abstentions, the IVI-IPO gave Weinberger the endorsement and overturned their previous decision which had been a tie vote between both candidates.

Weinberger noted, "I am glad that the IVO-IPO has given me their most important endorsement. I appreciate their strong belief in me and will work in Congress to maintain the status that they have bestowed on me today."

At the candidates evaluation session held prior to the endorsement vote today, Weinberger scored another coup over his opponent by gaining the "Always Independent" rating from a majority of those present.

The IVI-IPO has a four-tier rating system for independency: Always, Usually, Occasionally, or Never Independent.

Weinberger noted that his opponent, John Porter, had received only an "Occasionally Independent" rating from the organization.

IVI-IPO members present at the session cited several reasons for Porter's low rating. These included his consistent Republican Party line vote as well as his campaign indebtedness to special-interest contributions. IVI-IPO members also noted that Porter differed with them on many issues including: ERA extension, Campaign reform, SALT II, Bottle Bill, Hospital Cost Containment, and Nuclear Power. The IVI-IPO agreed with Weinberger on all of his issue positions.

CitizensBank tests teller system

Citizens Bank & Trust Company, Park Ridge, is testing a universal waiting line control system for main lobby teller customers. This trial service is designed to reduce congestion and service customers on a "first-come, first-served" basis.

The system is expected to improve customer relations and satisfaction in a number of ways. It allows greater customer privacy during teller transactions by eliminating waiting lines at the individual teller stations. Customers remain at a designated waiting area until an automated control system and sign indicate which teller is available. This method also improves the flow of customers to teller windows and eliminates getting in a teller line behind a customer with a complicated transaction. In addition, tellers are able to close their windows for balancing and other reasons without irritating customers waiting in line.

The system is being tested for a 30-day period. The bank invites customer comments and suggestions on the new system.

Club members have exhibited their works at the State Building in Springfield, Ill., Comiskey Park, numerous shopping malls and other locations throughout the Chicago area.

Vienna moods at the Black Forest Chalet

For the first time in its history, the Black Forest Chalet is trying to transplant a part of Vienna's tradition to Morton Grove.

Celebrated in Grinzing, a district of the city of Vienna, the Heurige (a winefest) is as much part of Vienna as the Wiener Staatsopera or the Spanische Hofreitschule. Tracing its roots back to the 15th century, a law degree permitted the citizen of Grinzing to sell only their home-grown wine for eight weeks a year without having to pay taxes and royalties. Soon every house in Grinzing tried to outdo the other. Food was added, music was played, the guest tempted by so much "Gemuetlichkeit" (homeliness) there were soon too many to be seated in the living room, so the backyards were used. Craddle of many Vienese songs inspired by the Heurige, "the wine of the year", the Heurige soon became a living legend. And, one has not seen Vienna without enjoying Grinzing and the Heurige.

To make the transplant to Morton Grove real, the Black Forest is getting, along with a variety of wines, the special Heurige Wein, shipped from Austria. Decorated in the traditional way and serving special food, the Black Forest Chalet will present itself on Friday, Saturday and Sunday, Sept. 26, 27 and 28 as a "Buschenschenke". That's what the Heurigen places are called. Music will be provided by Austrian entertainers and will truly create a bit of Vienna here in Morton Grove.

For more information or reservations, call Black Forest Chalet, 965-6830.

The film will be followed by a panel discussion.

District 207 College Night set for September 24

Representatives from more than 190 universities, colleges, community colleges, hospital schools of nursing and service academies are expected to participate in College Night for students from all four Maine Township High Schools on Wednesday evening, Sept. 24.

The program will be conducted from 7 to 9:30 p.m. at Maine Township High School South, 1111 S. Des rd., Park Ridge.

Kenneth Reese, Career Counselor, Maine South, reported that the college representatives are ready to talk with students and parents about their institutions and to provide specific information relating to majors, costs, housing, financial aid and admission requirements.

Included in the program, he said, will be representatives from all state universities in Illinois, local community colleges (Harper, Oakton and Triton) and many other public and private two and four-year colleges from throughout the country.

Reese commented: "An important component of good career planning is college information that is current and accurate. College Night offers students the latest information from institutions in which they are interested and to explore new ones."

Nearly 70% of Maine Township High School students continue their education in four-year colleges, junior colleges, and special schools.

Leonard Matlin Morton Grove Post to celebrate Silver Jubilee

The Leonard Matlin Morton Grove Post #700 of the Jewish War Veterans will celebrate the 25 Anniversary of its founding at a Dinner Dance on Saturday, October 11 at the Fireside Inn, 9101 Waukegan rd., Morton Grove.

The War Veterans group, which boasts a current membership of 190, was founded in October, 1955 by 18 veterans of World War II who had recently settled with their families in the growing suburban community of Morton Grove. Sam Canelstein, of Niles, and Harry Minnick of Morton Grove served as the first commanders of the Post, which at that time was known as the Morton Grove Post #700." The formation of a woman's auxilliary came six months later, with Renee Erkes of Morton Grove serving as its first president.

The service organization has since its inception, concentrated its work with veterans of all races and religions who are forgotton in Chicago-area V.A. Hospitals. Since 1955, the Hospital Committee, headed for each of those years by Eli Bloom of Morton Grove, has held at least 20 hospital parties a year at Downey, Lakeside, Westside and Hines Veterans Administration Hospitals. The Post has provided entertainment, barbeques, canteen coupon books, books, games, radios and television sets for veterans of all wars who are confined to local hospitals. They have received citations from the Veteran's Administration for their untiring efforts on behalf of disabled vets.

In 1972 the Post was renamed to honor the memory of one of the founding members and past Commander Leonard Matlin of Morton Grove.

The Silver Jubilee Celebration, which will begin at 7 p.m. on Saturday, October 11 at the Fireside Inn will feature dinner, dancing, door prizes and special entertainment by post members Mel Dicker of Morton Grove and Hy Berkowitz of Skokie, who for more than 20 years have been entertaining their fellow members and their guests with original songs and comedy at the yearly "Club 700" dinner dances, and who have collaborated on several full scale musical comedy parodies to benefit the Post.

Tickets to the Celebration, which is open to the Public are $17.50 per person. For reservations or ticket information please call Hy Becker at 527-1233 from 8 a.m. til 5:30 p.m.

The Anniversary Festivities are under the supervision of current Post Commander Harvey London of Skokie. The Department of Illinois Commander for 1980, Al Goldman of Morton Grove, is a member of the Leonard Matlin Post.

Unlicensed Child Care facilities can't be advertised

According to the Child Care act of 1969 it is a misdemeanor to care for another person's child in your home unless your home is licensed by the State of Illinois. It is also illegal to advertise for such service in an unlicensed home. These licenses are issued free to homes meeting minimum standards for the safety and well-being of the child.

NEWSPAPERS GET THINGS DONE

Action Party plans golf outing and dinner

Jack O'Brien, President of the Action Party of Morton Grove, announced plans for the annual Action Party golf outing and dinner.

The Action Party golf outing is scheduled for Saturday, October 4, at the Four Winds Country Club in Mundelein. Tickets for the outing are $10. The cost of carts is extra.

O'Brien added that the annual Action Party dinner Dance will be held on the following Saturday, October 11, at the Villa Toscana Restaurant in Morton Grove. Tickets for the dinner are $40 per couple. This includes dinner of chicken or beef, wine, and open bar, live music and a raffle with many prizes.

For further information regarding the golf outing and the dinner or to make your reservations, call Mike Flickinger at 470-9066.

Safety Hint

Twilight is a beautiful time of day, says the AAA-Chicago Motor Club, but it also can be a tricky period for the motorist. When you're driving into a setting sun, your speed should be reduced to compensate for the reduced visibility the low sun creates. Sun glasses or the sun visor can help to overcome this hazard, but nothing takes the place of a reduced, safe speed.

Skokie VFW membership dinner

Skokie Valley Post No. 3854 of the Veterans of Foreign Wars and its Ladies Auxiliary have scheduled their annual Membership Kick-Off Dinner-Dance for Saturday evening, Sept. 20, at the Post Home, 7401 N. Lincoln, Skokie, according to Post Commander Roger Pettinger and Ladies Auxiliary President Caroline Ripley. The Kick-Off Dinner is the most important event of the early fall calendar at Skokie Valley Post because with the memberships promptly renewed, the Post and Auxiliary can proceed at full speed with the discharge of their work with the backing of the full complement of the membership.

Post and Auxiliary members who have already paid their dues for the coming 1980-81 year, or who renew their memberships at the door that night, will be admitted without charge to the dinner-dance, while those who have not renewed their memberships will be required to pay the full admission price.

Commander Pettinger said the Post's goal is to have 75% of last year's members paid up by the time of the Kick-Off Dinner. The goal of the 281-member Ladies Auxiliary is 85% paid-up membership by Dec. 31 and 100% membership by the time of the March round-up dinner.

Viet Nam veterans, Korean, World War II and World War I veterans work harmoniously together at the Post, which has justly earned its reputation as "the friendliest Post on the North Shore" over the years. For information on membership, Commander Pettinger welcomes inquiries at the Post Home at OR 3-9781.

Auxiliary President Caroline Ripley invites VFW members' wives, widows or daughters of all ages who are interested in working toward the organization's common goals to become members.

Porter sets final forum

Congressman John Edward Porter will conduct the last in his 1980 series of public forums on national and community issues from 2 to 4 p.m. Sunday, Sept. 21, in the auditorium of Holy Family Hospital, 100 N. River rd., Des Plaines.

It will be the fifth in a series of "town meetings" sponsored by Porter to meet with the public and discuss events in Washington. The series started in April at Northwestern University in Evanston and featured sessions in Northfield, Skokie and Winnetka.

In the Sept. 21 forum in Des Plaines, Porter will continue the format he has used throughout the series. There will be no formal agenda. He will open the session with brief remarks, then invite the public to ask questions or to express opinions about matters of public policy.

Porter stressed that those wishing to make lengthy statements will be given a chance to submit their views in writing. A special table will be set up at the side of the auditorium for Porter aides to offer services for constituents with specific problems.

Cong. Porter praised the widespread interest in public affairs demonstrated by attendance at his forums. "These forums have been a key part of my programs for frequent communication with the public on a personal basis," Porter said. "The sessions have kept me informed of the range and intensity of public attitudes on national and community issues."

same as the rest of us." But his nonchalance didn't wash with TLH (The Left Hand). There is an undercurrent of anticipation which should rightfully develop into a full case of pride to the very successful Mr. P. Matter of fact, when the "Pres" enters the restaurant, Mr. Przybylo thinks he might re-re-re-christen our "born again" President. He's thinking of re-naming him "Stash" Carter.

Lieutenant Marty Stankowicz, even while on vacation, gave his "all" for the Niles Police Department recently. Not only did he give his "all" but he contributed beyond the call of duty. Marty plays short center field for the Niles Police Department's 16-inch softball team. Two games before the season ended, Marty "slud" into second base, as Dizzy Dean might have said. But his spikes and Marty's 43 year old muscles didn't quite work in tandem and Marty wound up with 3 breaks in an ankle. Despite his injury Marty didn't miss one day from his job.

Marty's gung-ho play typified the NPD team's efforts. They wound-up champions in the first year of the new league. The sports nuts in the department may insist recruiters begin to search the countryside (within village limits) for ballplayer-cops. New requisites to gain admission to the department may include a written exam on the intricacies of "taking two and hitting to right" and a physical which could measure a candidate's ability to hit, run and throw.

Morton Grove business manager Fred Huber told us Morton Grove is contesting the 1980 census which indicates its population may drop 3,000 to 22,000 from its 1970 high.

Fred told TLH Tuesday they have already found 400 units which were not included in the recent count. He said the entire town has been photographed which helped turn-up the missing 400 units.

Mr. Huber said a guesstimate is as much as $50,000 could be lost in federal sharing due to the 3,000 decrease. And since motor fuel taxes are based on census figures, the community could lose $7 to $9 per head for each of the coming 10 years. That could mean a loss of $27,000 annually or $270,000 over 10 years.

November 1. For more information, call 673-6300 or 673-0500.

Dorothy Litwin, director of Skokie's fine arts, called this series, "One of the best mixes of entertainment we could possibly get together. We were especially lucky to land Fred Waring because this is his farewell tour. Each performance he gives on this tour is a bit of history—one of the last times he and his group will ever perform."

Waring, now 80 years old, will bring 30 young singers and musicians (the Young Pennsylvanians) to Skokie for a show of nostalgic songs of the past, and contemporary songs of the present.

Well known as a bandleader and radio star in the big band era, a Broadway star, and a television celebrity, Waring provides a 2½ hour family-oriented show. He and the Young Pennsylvanians perform dozens of songs Waring calls "Unforgettables."

On February 14 the Black Sheep Repretory Threatre will provide a very special Valentine's Day treat with a night of "romance," courtesy of Cole Porter. This four-person ensemble will do over 30 of Porter's best songs in musical revue.

The expertly staged musical numbers include a wide range of Porter classics from "Don't Fence Me In" to "Begin the Beguine."

The Yugoslavian Folk Ballet will bring a large troupe of dancers to Skokie on March 21 to culminate the series. This troupe has travelled around the world to excellent revues. "The Massenkoff Folk Festival was such a hit last year, with a sellout crowd that loved them, that we feel this troupe will get the same kind of reception," Litwin said.

Continued from Page 1

way to accomplish a detachment and annexation is for the two Boards of Education to agree to the action. He said if the Regional Board of School Trustees concurs, the detachment/annexation could probably take place around July 1, 1981.

He explained that the burden rests with District 34 residents within Maine Township to provide the evidence to the school boards that detachment is what the people living in the area really want. He said that he would recommend to the District 207 Board that it require the same proof that the Regional Board demands – a petition signed by two-thirds of the voters residing in the territory considered for detachment.

Kenney added that in the 1979-80 school year 210 students attending Maine North were from the District 34 area. He reported that District 207 has already done some preliminary research on the subject of detachment of the District 34 parcel earlier this year in response to an inquiry from a Maine North parent.

"The inquiry was not followed up by any request for action until the announcement of the closing of Maine North on Sept. 8," Kenney said. At that meeting a Glenview resident spoke in favor of Glenview students in the District 34 area attending Glenbrook South High School when Maine North closes.

The resident complained that the boundary split between District 207 and District 225 presently compels about 10 per cent of District 34 students to attend Maine North while the majority of their friends go on to Glenbrook South.

At the Sept. 8 meeting the Maine Board of Education responded to the citizen's remarks by agreeing to begin compiling financial and statistical data on the impact and feasibility of detaching the District 34 area from District 207.

Charlotte Storer, President, Maine Board of Education, stated: "We intend to examine the question carefully and to make a reasoned decision on the matter."

Despite these statistics, 1980 fall registration has been heavy after only the first day. A new babysitting class drew 35 participants and a first time sign up for girls' football had 6 or 7 teams, according to Huber.

Another park district area which did attest to decreased participation was the village pools. Registration for swim classes and activities fell 17%. Everyday pool use was down at Oriole Park pool, although it rose at Harrer Park.

Park district commissioner Ron Piper stated that he felt daily admission prices at the pools were too high in comparison with surrounding communities.

"Inquest" is a play built around the 1950's spy trial of Julius and Ethel Roseberg. Accompanying this production will be a three-session forum on this historic case. Guest speakers for this series will be attorneys Sidney Lens and Elmer Gertz, and Robert Meeropol, youngest son of the Rosenbergs.

The Toastermasters will have information on their organization available at the market. This group is devoted to learning about the art of debate and public speaking.

Skokie/Lincolnwood Chapter President Belle Holman, Skokie, commented after presenting the materials that "the League is non-partisan and its goal is to encourage people to become informed. We (the League) don't back candidates, rather we back issues that are thoroughly researched." Their publications reflect this statement.

The 1980 election year and this display coincide with the League of Women Voters' 60th Anniversary. The organization was founded in 1920 six months before the 19th Amendment to the Constitution was ratified (guaranteeing women the right to vote). The League started out as and remains an "activist organization" that today has 122,000 members in 1400 state and local Leagues across the nation.

Park Board president Dan Kosiba noted that "this is a statement of fact of our intentions and is the firmest position we can take at this time." Kosiba further added, "We do not intend to turn the baseball diamond or the tennis courts into a parking lot nor will we take away the gym for the establishment of a health club. We want the people to be assured of this."

Kosiba also reminded the board and the audience of the public hearing being held Wednesday evening, Sept. 17 at the rec center where residents can voice their opinions on the proposed health club. Tuesday's board meeting was continued to Thursday, Sept. 18 at 6:30 p.m. where the board will make their final decision on the establishment of the health club.

In other actions Park Director William Hughes told the board the pre-school classes were now underway in 3 locations. Hughes noted only 2 residents inquired about the pre-school classes at Grennan Heights and due to the lack of enrollment, classes have been discontinued in that location. He further added that even if the health club concept was not instituted, pre-school classes would not have been held in Grennan Heights due to this lack of enrollment. Board President Kosiba noted further that Grennan Heights will always be available for pre-school classes should the enrollment increase in that area.

...Commissioner Walt Beusse reported on a meeting held with the SPIN group (Skating Parents In Niles) where they requested reduced rates for ice time. Park Director Hughes told board members the rates for ice time are generated on $75 an hour and this figure would be upheld by the SPIN group with the deficit being made up through fund raisers and the Sweetheart Open held in the spring. "The rate will not be decreased," said Hughes, "just made up in a different way." After considerable discussion, the board agreed to approve the SPIN rate proposal since the skating season will begin on Sept. 18.

...Commissioner Elaine Heinen reported to the board on the M-NASR program for the mentally handicapped. There are 1,200 participants in the program and with the new gym facilities at Oak School and the use of the swimming pool at Niles East, they are looking forward to a very progressive Fall/Winter season.

...Regarding the senior citizen program, Commissioner Heinen told the Board a group of 44 seniors were taken on a tour of the parks, ice rink and golf course on Saturday, Sept. 13. Another group of 44 will be escorted around the parks on Sept. 27. She noted many of the seniors who have lived in Niles over 25 years were not aware how extensive the park system was.

...Director Hughes reported on vandalism to the asphalt path leading to the drinking fountain at Greenwood Park. He also said playground equipment at Joswiak had suffered from vandals last Saturday night.

...Park attorney Gabe Berrafato noted the 1980-81 tax levy ordinance has been filed with the clerk as of Tuesday, Sept. 16. Berrafato also told the board a symposium is being held on Oct. 15 on election information. The Park election will be consolidated with the village and library elections on the first Tuesday in April. More details will be forthcoming on this subject.
