Fidelity Residents Object To Basins

From the Left Hand

By David Besser
 Editor & Publisher

While Niles may be heading for the "big leagues" from the standpoint of size and population, we are still pulling "bush league" plays within the inner-workings of the Village.

The best example of minor league actions concerns the upcoming civil service examination for policemen on September 23rd. Back in May (the first) the trustees authorized the addition of two more men for the police department. Since there was only one eligible man on reserve it was necessary to have an examination to fill the second position. On the same date, May 1st, the department's hours were decreased from 48 hours to 44 hours per week. Obviously, with vacation time coming the need for an examination was imperative. The department was short-handed. But the examination did not take place. The Civil Service Commission did have an examination for firemen and the men declared eligible were placed on a reserve list for the future.

The reason given for the delay in the police exam was that the Civil Service Commission was not informed of the trustees' action, and after they were informed the reason given for the five-month delay was that summer vacations eliminated many men who would normally take the test. Thus, after the police operated short-handed all this time the exam was declared for September. And why, September? Because Martin Stankiewicz, son of the Mayor will be 21 years old.

The other "bush league" action concerned the Niles police department handling of the Jeffrey Dale case, the Skokie (and former Niles) boy who fatally shot his mother in their Skokie home. Many days after the shooting all the Chicago papers as well as the wire services all over the country quoted Officer Homer Becker that two boys who had been involved in several burglaries last spring identified Dale as one of the participants in the robberies.

THE BUGLE asked Becker, two days before the story broke in all the papers, about this information and he said, "I can't tell you about this as it would cost me my job."

So, this week we asked Becker and Chief Romey why they didn't volunteer this information to the Skokie police sooner and they both answered, "Because they didn't ask for it." They both emphasized they check previous residents in similar cases and inferred that Skokie should have done likewise.

I then spoke to the Skokie police regarding the checking the boy's former hometown. They said the normal procedure in a case such as this is to check the county juvenile home. In so doing they found no record of the boy. They added that in

Scouts Honor Firemen

Fire Lieutenant Charley Bocher accepts plaque from Boy Scout troop 62 in recognition of the invaluable work in first aid, which Bocher and the Niles firemen instructed the scouts during the past year. L. to R. Lt. Bocher, Fireman Bob Larson, Scoutmaster George Niesen and Scout Kermit Creager. For story on Bocher see Pg. 3.

Police Capture Parolee In Gunshooting Chase

Niles Police officers Ed Dennis and Frank Stankiewicz, in a wild gunshooting chase at speeds of 90 miles per hour through residential areas of Niles and Chicago last Wednesday night, September 3.

The stolen car, driven by George Stoell of Trevor, Wisconsin, was taken in Kenosha, Wisconsin. Stoell, an ex-convict, who was on parole at the time of the theft, drove the car from Kenosha toward the Chicago area. When he arrived in the locale of Wheeling, Illinois he stopped in a gas station and after having the tank "filled" he sped toward Chicago without paying the gas attendant.

"Hula Hoop" Champ To Win Bike Sunday At Rowe's

Sunday, September 14th will be the big day for Niles champion "Hula Hooper."

Rowe Bargain Town, 8000 Waukegan Road (at Oakton), will hold a hula hoop contest to determine who is Niles King or queen of the hoop. The winning boy or girl will receive a bicycle as the first prize in the contest. Second and third prizes will be awarded as well. All children up to the age of 12 are eligible. They must register at Rowe's before Saturday, September 13th to be eligible for the prizes. At the time of registration they must be accompanied by one of their parents. The parent will receive a free gift at the time of registration.

Exam For Policemen September 23

The Niles Fire and Police Commissioners will hold an examination on September 23rd at 8 p.m. at the Niles Village Hall for policemen. Applications can be procured at the Village Hall, Police Department Headquarters. Applicants must be between the ages of 21 to 35 years of age and live in Niles. Applications must be filed with the Commission not later than September 19th, 1958. A physical examination by the Commission's doctor, Dr. Czarkowski, 7948 Waukegan Rd., must be taken.

Rev. Spring, St. Isaac Jogues, 8100 Golf Road, told BUGLE he requested church-area be annexed by Morton Grove because P.O. is in M.G. . . said he has nothing against Niles, just that it would be simpler to become part of M.G. . . 4 Midget Race Cars for kids on display at Northwest Tire. . . northside race-track planned in Niles. . . 8800 block on Madison says they have rat problem. . . neighbors say one resident buries garbage in ground. . . another burns same.

Many months ago home owners in the Fidelity area complained of water in their backyards after a rain. They contended the poor elevation in the rear of their lots prevented the water from draining off properly. They requested the Village Board help them in solving this problem.

The Board had the engineers survey the area and when their report was presented the builders were invited to the meeting. After much jockeying back and forth the engineers were ordered to survey a second time, this time at the Builders expense, and recommend alternate plans to their original plans. When this second report was presented, and after many meetings of debate, largely by homeowners, it was decided that representatives from each of the four homeowners' groups would meet with Village officials, the engineer and the builders to choose the most desirable plan.

The meeting transpired and the Builder volunteered to pay for the catch basins (the first plan presented) and the Village volunteered to supply labor for the project. It was believed it would take about three days of work with three men working on the job. The plan would cost the homeowners nothing.

When this plan was presented at the September 4th meeting residents who had not previously objected to the many months of action raised their voices against the plan for catch basins.

Joseph Jaket thought it would be best if residents settled the

Plans For Drainage Stalled

(Continued on page 6)

Next Weds. Meeting "Spells Out" Kirk Lane Park Plans

Kirk Lane residents are tentatively scheduled to meet with Park Board Commissioners Wednesday night, September 17 at the library in the G.H. Fieldhouse regarding future park plans in the Jonquil Terrace-Waukegan Road area. The owners of the land to the south of the proposed shopping center at Oakton and Waukegan are expected to be present at the meeting.

The Kirk Lane representatives are interested in having the Park Board purchase the land as a park site in their area. However, there are many stumbling blocks which must be overcome before this proposal could become activated.

The owners of the land said at a previous park board meet-

Review Of September 4th Trustees' Meeting

The September 3 meeting of the Board of Trustees convened at 7 p.m. All members were present.

The first order of business concerned the grading problems in the Fidelity Builder homes in the Harlem Avenue area in the Grand Greenleaf-L.I.L. locale in the east end of Niles. This problem has been discussed at many previous meetings. Each street including Oriole Avenue in the 500 block has its own homeowners' association. (4 in all) and generally representatives of the four groups have attempted to "iron-out" the problem of flooded backyards in the area. Three months ago the Village engineers surveyed the area and recommended catch basins be placed in the low areas of the blocks to alleviate the problem. Fidelity Builders are willing to bear the cost of the basins. However, after much controversy, a second plan was presented to the homeowners which described the three methods of abetting the problem: more meetings; it was finally decided that representatives from the four associations would "sit down" with village fields and Fidelity representatives to determine the most suitable plan and as to who would pay for the labor as well as for the materials necessary. The plan, which was acceptable to all parties at this meeting, was to accept the catch basin of the engineers, and the homeowners agreed to pay for the work.

At last Wednesday's meeting was expected that the agreement would be approved. However, as soon as the plan was suggested, dissenters in the audience, residents in the Greenleaf and Conrad areas, objected to the plan. Joseph Jakot thought it would be best if the neighbors settled the problem themselves. He requested that the builders give homeowners soil to elevate the area.

Joseph Eren, president of the Homeowners Association, stated that at three meetings had been held in the area and on July about 40 people attended the meeting. He added that a subsequent meeting on the 23rd of August was reached and representatives would present group opinion to the Board. Ted Tyse, 7223 Greenleaf, said that the association is not a true cross-section of the residents and thus no "legal move" can

be taken without the consent of the other people. Trustee Trocki stated his opinion that the problem was not being resolved and made a motion that the trustees, the engineer and a Fidelity representative would "walk-off" the area as soon as possible and determine the location of the catch basins. The motion was unanimously approved.

Resident William High stated he thought every house should be polled on the matter. A resident named Foss on Greenleaf asked if the people would be taxed for the project. He was informed from the general corporation tax which was already appropriated.

Another resident then asked if they would have to abide by the decision after it was reached. He said he would prefer to do it himself. Trustee Trocki said, "If you want to take care of the matter yourself we wouldn't stop you."

A second controversy, which has been discussed at many previous meetings, concerned KIF Builders and residents in the KIF homes east of Sherman Road. Homeowners complained of junk and glass left over by the builders in the area. It was requested that they clean up the area a second time to remove this debris. They had previously conformed with village requests to clean up crates and junk which had been laying in the area.

The greatest concern of some of the homeowners has been the inadequate heating in the homes. Trustee Marszalek commented that a report from a heating engineering firm was somewhat "ambiguous". He opined that heating problems in the homes might be due to inadequate insulation. (He added insulating improvements were placed in the houses in March, after the cold weather, which may rectify the problem.)

Robert Bauer, the insulating contractor for the builder, said they never had this problem before and that they had done additional work in March. The work included insulating pipes, insulating partitioned walls, caulking and adding insulation in the crawl space. He said that he guarantees they are properly insulated.

A resident, Mr. Block, commented that it was 12 degrees in his kitchen cabinet during a zero day and the builder rectified this by adding a heating duct by the cabinet. He then read the cost of his heating bills during the winter season. He said he had 96 gallons of oil in his tank on September 26th. Ad-

ditional oil was delivered to his home November 12th, December 4th and 27th, January 14th, February 1st and 15th, March 10th and April 11th. He received a total of 1835 gallons of oil at a cost of \$270 for the season. He wryly commented that "somewhere I'm losing heat and my kitchen is plenty cold". One of the KIF representatives said this problem was taken care of when the changes were made in March.

A Mrs. Goddard stated that her husband had to board up the area by the eaves and that even with the addition of storm windows the house was cold. She said the house did not have any insulation.

Mr. Fornari, 8545 Bellefort, stated, "When you put \$27,000 in a house you want to live in it... I'll give it back if they buy it".

Marszalek said unfortunately our building code doesn't have anything on heating. He then made a motion that an amendment be added to the code that a 70 degree temperature should be able to be maintained in a house during weather when the temperature reached as low as 10 degrees below zero.

Marszalek admitted that this motion was made too late to help these residents and said, "we're locking the barn after the horse is out". KIF residents said that if this was all that could be done why weren't they told sooner. They also wanted to know what were the Board's Health requirements regarding heating of homes. Mayor Stankowicz said there was no ordinance and that the Board of Health has only recently been created.

A disgruntled resident said, "I guess we can just sell our homes." The Mayor explained the Board could only see that there were no village ordinances violated.

In a bitter exchange between residents and Mr. Fisher, one of the KIF Builders, Fisher exploded: "SOME OF THESE PEOPLE ARE NOTHING BUT BLACKMAILERS". One resident (Fornari) told Fisher he has a legal case against him (Fisher).

Trustee Poeschl then added that the term "adequate insulation" should be incorporated in Marszalek's motion. The amendment will be prepared by the Village attorney.

asked if he would guarantee the heating and Fisher said he would not. Another lady resident then said the ordinances should include an ordinance that a house should be livable... and as the discussion finally subsided Fisher disgustedly left the room saying, "these people tried to ruin us and they did".

Residents in the area of 7650 Harlem Avenue previously stated they were in favor of vacating the alley at the rear of their homes. The interested parties said they would take care of the grading. However, at this meeting three of the residents balked at the vacation of the alley.

Grading problems have temporarily halted the anticipated vacation. Mayor Stankowicz reminded the participants that the village has gone to considerable engineering and legal expense for this project. It is likely it will be forthcoming soon.

Mrs. Harold Thomas, 7805 Monroe and Mrs. Caroline Geoffrey, 8200 Ozanam brought to the Board's attention what they said was a dangerous speed condition on Monroe Street west of Milwaukee Avenue. Mrs. Thomas noted that the speed limit in the area is 20 M.P.H. and she stated "hot rodders" are making a speedway of the street.

She also mentioned that "No Parking" signs on both sides of Monroe increase the likelihood of the street-speed hazard. Mrs. Geoffrey said children in the area are in danger from cars going on lawns and speeding and said one of them might be killed if "the barn isn't soon locked". Trustee Stanley said parked cars on Monroe Street would make this street even more precarious for children. However, he reminded the

ANNIVERSARY WISHES

The old saying, "better late than never" holds true in my wishes to Mr. and Mrs. Anthony Kostelnick who celebrated their wedding anniversary Aug. 30. Wishes are late, but just as great, to Mr. and Mrs. K. Rosinski, 7754 Waukegan Road, who celebrated their 25th wedding anniversary Sept. 2. John Oswald, was eight years old on Aug. 12th, and Mrs. Earl K. Olson had a birthday Aug. 19th.

VIRGO

Sept. 2 - Mrs. Evert Swanson and Janice Michalek who was 10 on this same date. How do you like your new radio Janice? Sept. 3, Mrs. Mario Mariani; Kinadole Beverly was 6 Sept. 3; Jack Neuman, Jr., Sept. 10; Jimmie Landauer, will be one year old on the 12th of Sept.; and his daddy will be celebrating "his day" Sept. 15th; Robert Hansen, son-in-law of Mr. and Mrs. Bill Evans, Sept. 18; and last, but not least, wishes to Ruth Ann Olson, who will be 11 Sept. 20th.

HAPPY HOLIDAY

Mr. and Mrs. John Boyk, Jr. and their two children, visited Mrs. Boyk's brother and sister-in-law and family in Florida. Then, the Boyks, and Mrs. Boyk's mother and dad flew to Cuba. What a wonderful trip that must have been! The Willis Larson family had a delightful vacation, the west coast being their goal. Both going and coming, they saw all the points of interest.

LUNCHEON

The Niles Public School P.T.A. honored the faculty at a luncheon in the Mirror Room at Tam O'Shanter Sept. 4th. Nice seeing them all, and also some new faces. We wish you a good year. Mrs. Walter Iverson, Hospitality, used a lot of ingenuity in making darling place cards for all. In addition, each person in attendance had a name card for quick identification. The faculty had theirs in the shape of a "red apple" (an apple for the teacher), and the P.T.A. board members had black slates. Very unique - very conversational! and started the coming P.T.A. year off with a delightful start. DANCE

Oct. 24, NICO will have a dance featuring Joe Morys and his orchestra. A night of fun, and one, no one should miss! (Continued on Page 8)

Charley Bacher Cited For First Aid Work

Do you need the assurance that you need First Aid in an emergency you can get it?

You, the People of Niles, have this assurance in your Niles Fire Department thru the efforts of Lt. Bacher, who, over fifteen years ago, feeling the need to HELP OTHERS, took his special training to be a RED CROSS FIRST AID VOLUNTEER INSTRUCTOR.

Thru this desire to help others, Lt. Bacher has, in the past two years, for that is when he first began to keep a record, instructed over 419 trainees to earn their FIRST AID RED CROSS Certificate. Among these are 58 graduates, and 74 standard course graduates, and 20 Junior Girl Scouts and 95 Junior Boy Scouts, and 57 Boy Scout First Aid Merit Badge graduates. Lt. Bacher and Fireman Bob Larson, who assisted him, received a Special Award thru Boy Scout Troop No. 62, from the N.W. Council for this outstanding work.

In addition, Lt. Bacher has given instructions in an abbreviated Emergency First Aid Course to over 150 persons in Industry and Business Houses thru the Community.

Lt. Bacher stressed the fact that due to the wholehearted cooperation of his "Boss", Chief Pasek, whose eagerness to promote good Public-Relations with the Fire Department and Business and Industry, as well as the Homeowners in Niles, a most efficient system has been practiced in the department wherein each member is fully-schooled in First Aid to any emergency. The Firemen have had over 115 refresher courses, which keeps them alerted to the most modern procedure in handling home and auto accidents, swimming,

Lt. Charles Bacher

poisoning, heart attacks, burns and even rescuing of pets. You might be interested to learn that Lt. Bacher has held classes wherein "baby sitters" are instructed in Emergencies that might occur on the job - both girls and boys attending.

It was interesting to learn that when the Inhalator Squad is called in for an emergency heart attack case, where the patient is being cared for at home, the

Firemen take the time to instruct those of the family who are caring for the patient, how to administer Artificial Respiration while waiting for the Emergency Squad, as this might mean the saving of the patient's life.

Lt. Bacher also has the responsibility of instructing the lifeguards at the Whelan Park Pool in the use of the Resuscitator for immediate application on drowning patients while awaiting the Inhalator Squad. Lt. Bacher has lived in Niles over 25 years. He is married, and his charming wife Elizabeth agreed with me that it was high time Charley received some recognition for his untiring efforts in this outstanding Volunteer job. I wish to add, that Mrs. Bacher has contributed a great deal indirectly. For the greater part of her husband's free time is devoted to the many training classes that take place two and three nights a week.

In summing up this interview, Lt. Bacher very proudly related that the Niles Fire Department is nationally recognized for its efficiency and performance, and Chief Pasek is in receipt of many requests from neighboring communities for their systems and programs. Incidentally, Lt. Bacher, has the Des Plaines Fire Department members in a First Aid program of courses.

You will be proud to know that our Accident Squad, which con-

sists of all Firemen available, maintain a "perfect score" of no fatalities thru improper handling of accident victims.

Lt. Bacher related that the hospitals have repeatedly stressed the importance of people being informed of the proper handling of accident victims, for it may mean life or death. Also, that people please learn the importance of knowing how to stop excess bleeding and the application of Emergency Artificial Respiration immediately, for it can mean the saving of a loved one's life.

We can be proud of a VOLUNTEER such as Lt. Bacher and his "boss" Chief George Pasek and they are all VOLUNTEERS ever on the alert in rendering FIRST AID to our Community thru the AMERICAN RED CROSS.

Do People need RED CROSS? RED CROSS NEEDS YOU, too.

Legal Notice

AN ORDINANCE AMENDING AN ORDINANCE FIXING LICENSE FEES FOR MOTOR VEHICLES BEGINNING JANUARY 1, 1958, IN THE VILLAGE OF NILES.

BE IT ORDAINED by the President and Board of Trustees of the VILLAGE OF NILES, COOK COUNTY, ILLINOIS:

SECTION 1: That the above entitled Ordinance is hereby amended by adding Paragraphs 4 and 5 to Section 2 of said Ordinance as follows, to-wit:

SECTION 2: That all licenses shall expire on the 31st day of December following the date of issuance, and when issued prior to July 1st the full fee shall be charged and when issued subsequent to July 1st one-half yearly fee shall be charged.

SECTION 3: That should the owner of any vehicle which requires a license as provided in the Ordinance entitled as above, become subject to the provisions of the Ordinances of the VILLAGE OF NILES, on or after March 1st in any year, the automobile license fees shall be paid not later than thirty (30) days after the license fee is due, and if so paid the regular discount shall be allowed as provided by the Ordinances of the VILLAGE OF NILES. The failure to pay any automobile license fee shall not be considered a default unless at least thirty (30) days has elapsed counted from the due date of said license fee.

SECTION 4: That any person violating any provisions of this Ordinance shall upon conviction be fined not less than Five (\$5.00) Dollars nor more than Two Hundred (\$200.00) Dollars for each offense, and each day a violation continues shall constitute a separate and distinct offense and punishable as herein set out.

SECTION 5: That this Ordinance shall be in full force and effect after its approval and due publication.

PASSED THIS 3rd DAY OF September A.D. 1958.

AYES Six NAYS None ABSENT None.

James G. Kozak VILLAGE CLERK APPROVED by me this 3rd day of September 1958.

Frank J. Stankowicz PRESIDENT OF VILLAGE OF NILES, COOK COUNTY, ILLINOIS

Attested and filed in my office this 3rd day of September A.D. 1958 and Published as provided by law this 10th day of September A.D. 1958, IN THE NILES

BUGLE a Newspaper Published in the Village of Niles, Illinois. James G. Kozak VILLAGE CLERK

Legal Notice

AN ORDINANCE REGULATING THE OPERATION OF CERTAIN MOTOR VEHICLES IN THE VILLAGE OF NILES, COOK COUNTY, ILLINOIS.

NOW, THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the Village of Niles, Cook County, Illinois:

SECTION 1: No person shall operate or drive any motor vehicle on any street, highway or other public way within the Village of Niles, unless such person has a valid license or permit as an operator or chauffeur or a restricted driving permit issued by the Secretary of State of the State of Illinois, except for a non-resident of the State of Illinois, who is at least sixteen (16) years of age and who has in his immediate possession a valid operator's or chauffeur's license or permit, issued to him in his home state or county.

SECTION 2: For the purposes of this ordinance, "motor vehicle" shall mean every vehicle which is propelled otherwise than by muscular power, including but not limited to motor cycles, motor-driven bicycles, pole trailers, reconstructed vehicles, road tractors, school buses, semi-trailers, special mobile equipment, specially constructed vehicles, trackless trailer coaches, tractors, trucks, truck tractors, as well as motor cycles, power cycles, bicycles with motor attached, or power scooters with a motor which produces not to exceed 5 brake horsepower.

SECTION 3: It shall be unlawful for more than one person to ride, drive or be a passenger upon a motor cycle, bicycle with motor attached, power cycles or power scooters with a motor which produces not to exceed 5 brake horsepower.

SECTION 4: Any person, firm or corporation violating the terms of this ordinance shall be fined not less than twenty-five (\$25.00) dollars nor more than two hundred (\$200.00) dollars for each offense.

SECTION 5: This ordinance shall be in full force and effect from and after its passage, approval and publication according to law.

PASSED this 3rd day of September A.D. 1958.

AYES Six NAYS None ABSENT None.

James G. Kozak VILLAGE CLERK APPROVED by me this 3rd day of September 1958.

Niles Village Library

by Barbara P. Tuch Niles 7-7386

Teach your child how to get the information he needs. Sometimes even a smart mother or daddy is stumped by junior's latest query. Rather than saying, "I don't know," encourage him to use his mind. Say, "Let's go to the library and we'll look it up together." This may take some extra time but the difference in your child in the long run is certainly worth the extra effort. The youngster who gets good marks in school and the adult who has become a success have in common a desire to learn new things and apply them properly to the given situation. Before your child cultivates lazy thought habits introduce him to the world of knowledge in good books.

We in Niles are lucky to have a library which is up to date, though small. Please remember that beginning September 8, the Niles Village Library has a new time schedule.

Monday through Thursday - 3:00 - 4:30.

Monday and Wednesday evenings - 7:00 - 9:00.

Saturday - 9:00 - 12:00.

case of a felony it should be processed through the home. The Skokians said there were no inquests held in this case, on August 18th and the second one on August 27th. Not until AFTER the last inquest did the Skokie police receive information from the Niles police.

The Chicago newspaper accounts of the case give the date of the 28th as the date when Niles police in the story about Dale's involvement in the Grennan rights' vandalism of last year.

The Skokie police felt there was a definite laxity in delaying information until after the inquests. Furthermore, they stated the Skokie juvenile officer in the Niles police station the day before the last inquest nothing was said to him regarding this matter.

The Chicago papers also mentioned that restitution was planned by the father of Dale. Again the Skokie police emphasized that only the courts could decide on any such restitution.

At the last coroner's jury hearing the recommendation for manslaughter was given. Next the grand jury will decide whether or not to vote a true bill in the case. If they do not vote this way the case will be thrown out of court.

When I mentioned that Romey had that they were waiting for the case "to cool down" before they move in, the Skokie police said, "they must think felony charge is of greater importance than murder."

Becker's remark about costing his job I believe merely meant that he couldn't give out information without the OK of the chief. Since Becker is just an enlisted man he is correct in referring matters such as these to the top man. But Romey's incredible remark that "they didn't ask for any information" is one almost disbelief. For the hogwash about the boys relating out Dale is incidental.

Skokie police were not only aware of Dale's actions in Grennan raids during those Thursday nights last spring, but according to Romey they were waiting for this case "to cool down" before they moved in.

Dale had moved to Florida last spring and Niles still had unfinished business with him. Romey believed the Grennan Hair's robberies were all important, but the LEFT HAND is still stunned with disbelief that the Chief of Police of town of 16,000 would remain at a time when a coroner's jury may be deciding the boy's fate on this most serious charge regarding the shooting.

Because we do have a good police department (note letter out Romey in Letters to Editor) and many fine men on the force it proves that the true picture is certainly not all black and white.

There are many shades of coloring to get a true picture. The story of Ed Dennis and Frank Stankowicz, Jr. on page 1 certainly testifies to the ability of men who are manning the force.

To show the ingratitude to the whole picture, whereas Marty Stankowicz may preferential treatment, his other Frank has one of the best records on the entire force - he's been involved in gunfights several times before and risked his neck many times for a cop's pay, to protect little boys such as you and me, Hull and Kozak did some fine work.

Romey walked in to the face of a hot revolver. The other Frank is doing a terrific job with the juveniles, and there probably much that can be said favorably about every man on the force. It's a thankless job, and one which doesn't get due recognition.

Yet, while Niles shows much league class, still that Bush league playing crops time and time again.

Community Church Women Hold Bustles Bows Fashion Show

The Woman's Association of the Niles Community Church is departing from its customary calendar by opening their season with a gala fashion show and party. "From Bustles to Bows." This will be staged at 8:00 p.m. on Wednesday, October 8th, at The Bunker Hill Country Club.

The latest designs in feminine apparel — to be displayed by Wells of Skokie — will be modeled by members of the Association. As a contrast to the contemporary styles, period costumes from various private collections are to be featured.

Door prizes, both beautiful and practical, will be an added attraction, and guests will enjoy delicious refreshments served at small, decorated tables. The public is cordially invited to attend this delightful affair.

Chairman for the event is Mrs. Donald E. Freeman, who says that Mrs. Jack Leske is in charge of tickets which are already available. These also may be obtained from any of the following committee heads: Mrs. James Lasak — decorations; Mrs. Harold Eckel — publicity; Mrs. William Winter — refreshments.

Notre Dame's Varsity Football Team

Notre Dame's varsity prepares for the coming campaign with the return of over a dozen lettermen. This year's team will have the first seniors playing. N.D.'s schedule includes tough Marmion Academy and Glenbrook. The following is this year's starting line-up.

Kneeling l. to r.: Head coach Joe Yonto, Bob Anderson, Mike Thuis, Frank Kapple, Phil Creden.
Standing: l. to r.: Jerry Cole, Mike Starshak, Tom Carroll, Don Miller, Bob McCafferty.

Report From East Maine School Board

The budget and appropriation ordinance for the 1958-1959 school year was adopted by the Board of Education of East Maine School District No. 63 at the regular meeting on Monday, August 25th, at the East Maine Junior High School.

The ordinance requests that the County Clerk extend taxes in the district at a rate necessary to provide \$535,075 for the educational program in the district. Since tax bills reflecting this extension will not be distributed until next spring, the levy actually provides funds for the 1959-1960 school year.

In other action, the Board approved contracts for three new teachers and two school secretaries. Mrs. Lucille Kozanecki, 8613 Oleander, has been employed to teach first grade at the Oak School during the coming year. Mrs. Kozanecki will fill the vacancy caused by the request for leave of absence of Mrs. Marguerite Schutten who has taught at Oak for the past two years.

Mrs. Shirley Armitage Raut, a graduate of Miami University in Ohio, has been employed to teach music in the intermediate grades in the district. The Board also employed Miss Dene Smith, 743 Forestview Avenue Park Ridge, to teach physical education in the intermediate and upper grades.

Mrs. Katherine Nelson, 9137 Knight Avenue, Des Plaines, will serve as school secretary for the East Maine Junior High School and the Branch School until February when she will move to the new building on Washington Road. Mrs. Vera Powers, 7014 Church Street, Morton Grove, will be school secretary at the Melzer School.

Community Chest Chairman

Mike Greisdorf of Skokie, residential Division Chairman for the Niles Township Community Chest Drive, which gets under way Monday, September 8, announces the selection of Ben F. Sosnowski, 7820 N. Neva Street, Niles, as Area Chairman for Niles in this year's campaign. Ben is associated with the Taber Real Estate Mortgage Company as a licensed broker and appraiser. He has been active in all civic enterprises for a number of years. He finished his schooling at Northwestern University, and he also did a hitch in the Navy, serving as a Petty Officer.

An effort will be made to contact every resident in Niles and solicit their generous support of eight Community Chest Agencies for another year. The Agencies supported by the Chest include: Boy Scouts, Girl Scouts, Family Service Agency, Human Relations Council, Orchard School for Retarded Children, Safety Council, Youth Services, U.S.O., and Social Planning Council.

St. Paul's Announces Fall Schedule

St. Paul's Reformed Episcopal Church, 7801 Harlem avenue, Niles, will return to its fall and winter schedule Sunday, September 14. Morning worship will be at 11:00 o'clock and Sunday School at 9:45 a.m. Week-day activities after school, include the Girls club on Tuesdays and the Boys club on Wednesdays to which neighborhood children are invited. The Women's Guild meets the second Tuesday of each month at the church, 9:30 a.m.

St. Paul's annual picnic was held at Miami Woods on Aug. 30.

problem themselves. Ted Tyse, 7223 Greenleaf, of the homeowners association, not a cross-section of the owners' and thus "no legal move can be taken without the consent of the other people." Joseph Breen, president of Greenleaf Homeowners Association, said three meetings were called regarding this matter. He said agreement was reached between homeowners on 23rd.

Another resident, William High said he believed any action is being taken, suggestion by Trustee. It was finally decided, suggestion by Trustee that a "walk off" of the would take place to determine the location of the basins. Future recommendations will be based on this "on the spot walk-off."

Park Plans
(Continued from Page 1)

purchase. The Kirk Lane representatives, headed by Len Szymanski, 7748 Waukegan Road, president of the association, have been pressing the Board for action for a park for many months. They are not in favor of the proposed fieldhouse addition for Grennan Heights believing the need for the park is greater.

Since the tower does not conflict with the specifications of the electrical code the Board unanimously approved his request. Privus mentioned that radio "hams" are invaluable during emergencies and stated it may be possible to organize the "ham" operators that are now in Niles for civilian defense purposes.

Returning to the Fidelity-area flood problem Mr. Dreben, 8639 Oriole, requested the Board go ahead with the original plans for the catch basin on their street. He said there are no objections on the street. However, Trustee Stanley brought up the point about using village funds for the use of labor in installing the basins. He said, "why should we dip into village funds to pay for someone else's mistake?" Poeschl said the previously mentioned "walk-off" would take place Saturday and if Fidelity won't take care of it (the labor expense) we'll re-ify it."

Approved a water meter for the new Edison Junior High School on Oakton Street subject to a letter from the school guaranteeing they will be responsible for any water leakage charges.

Approved plans for the Cumberland Court, Subdivision (Kuempel Builder).

Deferred approval on a Zoning Board approval for the rezoning of the entire 400-foot deep property at 7395 Waukegan to commercial zoning.

Approved parking lot facilities at Harlem and Howard.

Approved the E-2 Zoning for multiple dwellings in the 8300 block on Milwaukee across from the cemetery which are being built by Callero-Catino Builders.

Approved the advertising of bids for non-arterial streets. The bids will be opened September 24 at 8:30 p.m. (Legal ad is elsewhere in THE BUGLE)

Rejected approving a bond applied for by the Ronnie Dreyfuss Homes (Greenwood Homes). The Village was not included as a party in the bond.

Approved a new ordinance for the regulation of certain motor vehicles in Niles (Motor Scooters). See BUGLE legal notices.

Approved an amendment of the current ordinance which will now include all Niles residents under 18 rather than the previous 17. See BUGLE legal notices.

Approved an amendment of the ordinance fixing license fees for motor vehicles. This ordinance give the Village authority for selling half-year licenses as of January 1, 1959. See BUGLE legal notices.

After a brief Board of Local Improvements meeting the Board adjourned at 1:20 a.m. until September 24.

Accident On Harts Road

Auto accident at Harts Road by the bridge resulted in car overturning. The accident took place Sunday, August 31 at 1:30 in the morning.

Sept. 4th Trustees' Meeting

(Continued from Page 2)

Board that he mentioned to Chief Romy "six weeks ago" about the speeding in the area. Romy, who was in the rear of the room, said, "If you want one car there all the time we'll put it there". He added there are other streets in Niles the police have to be concerned with besides Monroe. Mayor Stankowicz said the radar car should be put in the area. Romy said if the residents see any speeding cars there they should take down the license number and report it to the police. When Mrs. Thomas said most of the speeding takes place at night, Poeschl angrily said to Romy, "We're ordering a police car for this area."

Mr. Privus, 8319 Milwaukee Ave., requested the Board approve a 70 foot radio tower he intends placing atop his home. The tower will be part of a radio transmitter which Privus said is government-sanctioned.

Mr. Privus, 8319 Milwaukee Ave., requested the Board approve a 70 foot radio tower he intends placing atop his home. The tower will be part of a radio transmitter which Privus said is government-sanctioned.

Approved a water meter for the new Edison Junior High School on Oakton Street subject to a letter from the school guaranteeing they will be responsible for any water leakage charges.

Approved plans for the Cumberland Court, Subdivision (Kuempel Builder).

Deferred approval on a Zoning Board approval for the rezoning of the entire 400-foot deep property at 7395 Waukegan to commercial zoning.

Approved parking lot facilities at Harlem and Howard.

Approved the E-2 Zoning for multiple dwellings in the 8300 block on Milwaukee across from the cemetery which are being built by Callero-Catino Builders.

Approved the advertising of bids for non-arterial streets. The bids will be opened September 24 at 8:30 p.m. (Legal ad is elsewhere in THE BUGLE)

Rejected approving a bond applied for by the Ronnie Dreyfuss Homes (Greenwood Homes). The Village was not included as a party in the bond.

Approved a new ordinance for the regulation of certain motor vehicles in Niles (Motor Scooters). See BUGLE legal notices.

Approved an amendment of the current ordinance which will now include all Niles residents under 18 rather than the previous 17. See BUGLE legal notices.

Approved an amendment of the ordinance fixing license fees for motor vehicles. This ordinance give the Village authority for selling half-year licenses as of January 1, 1959. See BUGLE legal notices.

After a brief Board of Local Improvements meeting the Board adjourned at 1:20 a.m. until September 24.

Woman's Club Meet Sunday, Sept. 14

The first event in The Woman's Club of Niles' calendar is planned for Sunday, September 14, when a Membership Tea will be held from 3 to 5 p.m. at the Grennan Heights fieldhouse, 8300 Oketa, Niles. Chairman of the affair is Mrs. Howard Payne 8242 Merrill.

All prospective members will be made acquainted with the club's aims, activities and plans for the coming year. Members of the board will serve as hostesses and Social Chairman, Mrs. Allen D. Carlton, 8015 Merrill, is in charge of refreshments.

The all member Glee Club, under the direction of Mrs. John Swanson, will be introduced by Mrs. Alvin L. Neuhaus, 8026 Washington, the club's Music Chairman. The chorus will present an entertaining musical program with their rendition of several selections.

Fine Arts Chairman, Mrs. George A. Koehler, 8025 Washington, will present Gail Kullinck, 8281 Washington, and Mary-linn Chrystal, 7515 Lawler, the club's two art scholarship winners, and Jackie Clemenega, 8183 Milwaukee and Jackie Bailey, 7335 Waukegan, the two winners awarded music scholarships. All four young ladies will present a sample of the talent that won them the awards.

All residents of Niles are cordially invited to attend what promises to be a most interesting and enjoyable afternoon.
