Ben Sosnowski To Run On Poeschl-Stanley Ticket

Trustees John Poeschl and Ben Stanley will team with Ben Sosnowski in the upcoming April election for Village trustees. While there has been no official announcement of the triumvirate "running" together, THE BUGLE has been assured the three men will form one of the expected many tickets in the race to the Village Hall. Poeschl will be seeking his third term as a Village trustee. He was elected with Ken Coughlin and Heine Kamp in 1951. In 1955 he joined hands with Coughlin and his present running mate Stanley. Trustee Stanley was elected trustee in 1955. In 1957 he was defeated by Mayor Stankowicz in the mayoralty election. Sosnowski ran for trustee in 1957 on a ticket which included Fred Bernard and John Haydn for trustees and Stanley for Mayor. Sosnowski lost the election by about 25 votes.

Coughlin: "2 Terms Enough"

Trustee Ken Coughlin, who is completing his second term as Village trustee, announced Sunday night he would not seek a third term as a member of the Village Board. Coughlin, who had been a runner to Stanley's opposition in

Mayor: "There May Be 'Changes' By Election Time"

Mayor Stankowicz said, "There can be a lot of changes" when he was asked by THE BUGLE what his opinion was concerning the forming of the Poeschl - Stanley - Sosnowski ticket. Laughingly, he reminisced that he had endorsed Stanley and Poeschl in past elections and added, "Look how they clobbered me"! He was referring to Stanley's opposition in the last Mayorality election. The Mayor would not elaborate on "who" would change regarding the present alignment of candidates. While it has been rumored that the Mayor will put up a separate ticket in opposition to the announced ticket the politically-wise Mayor stated that it was much too early to think in terms of endorsing any candidates.

May Annex Golf-Mil Center By Jan. 1

From the Left Hand
By David Besser Editor & Publisher

Niles 1959?

Ground-breaking ceremonies took place at the Golf Mill Shopping Center Tuesday, November 25. Executives representing the interests of the center helped officially began the spade work which will lead to the 75 store center on the 75 acre plot. The Milwaukee-Golf area is part of the land which Niles may annex.

Board May Get Petitions Tonight

Trustee John Stanley told THE BUGLE Sunday night it is quite possible that the 75 acre-75 store Golf-Mil Shopping Center will be annexed into Niles "by the first of the year". Stanley said that Village Attorney Wells has in his possession the signatures of homeowners whose petitioning into Niles will enable the Village to annex the much-coveted shopping center. Action at tonight's Board meeting may enable Niles to expand her borders to Golf Road before the end of 1958. Fifteen days after legal publication of the proposed annexation plans the official stamp of Niles can be placed on the new area, if no unforeseen objections from interested land-owners.

Gas Station For Mil-Main Corner

The Gulf Oil Company has requested a building permit for the property which borders on the northeast corner of Milwaukee Avenue and Main Street. The company will build a gas station on three of the five lots in this area. The permit will be granted upon the inspection and approval of the building plans submitted to the Village.

Oak-Egan Center Set For '59

After two years of delays, a major shopping center has been readied for development at Oakton and Waukegan rd., Niles. "All of our troubles are pretty well taken care of," said Frank Wells, of L. J. Sheridan I Co., leasing agents.

Judge Fisher ruled that a 1931 restrictive covenant in the deed took precedent over Niles zoning law which became law in 1937. The covenant specifically stated that the property could be used for "commercial purposes". After this decision the trustees exploited the possibility of condemning the land and using the property for a future fire station. However, the \$35,000 "asking price" (about \$300 a front foot) was far beyond what the Village officials anticipated paying for land for this purpose. They had allotted \$7500 for a station in their '58-'59 appropriation. While the Village fathers were seriously interested in this corner trustee Marszalek stated the Milwaukee-Deimpster area might be more advantageous for the fire station.

Golf-Mil Ground Breaking Ceremonies Last Tuesday

Officials from leading Chicago retail firms participated in the 75-acre Golf-Mil Shopping ground-breaking ceremonies at 11 a.m. Tuesday, Nov. 25, for the Center located at Golf and Milwaukee Avenues in Maine Township.

The center, scheduled for completion in May, 1960, will serve Chicago's rapidly growing northwest suburbs including Morton Grove, Niles, Skokie, Glenview, Park Ridge, Des Plaines, Northbrook, Mount Prospect, Arlington Heights and Palatine.

Parking for more than 5,200 cars will be provided in the Center which will offer 630,000 sq. ft. of space for approximately 75 sales and service establishments. The largest store will be a Sears, Roebuck and Co. unit. Sears has purchased 15 acres in the Center and will erect one of the largest and most complete of the company's post-war units. F. B. McConnell, board chairman of Sears, said that construction of the department store is expected to begin in spring, with the opening scheduled for 1960. Sears now operates nine large stores and 13 hard lines stores in its Chicago Group, which extends north to Highland Park.

Note Dec. 13 In Hi School Bond Issue

A bold bid for authorization to prepare for mushrooming enrollment, the Niles Township High School Board of Education spelled out the need for \$8,625,000 in working funds. According to Acting Superintendent Paul Houghton, three positions for the sale of bonds will be laid before the public. For purchasing a site at southeast corner of Dempster Street and Skokie Boulevard and building thereon a high school, \$6,500,000. For purchasing a site bordering upon Dempster Street bounded by Harlem and Egan Avenues, \$1,000,000 for building additions to present East and West high school plants, \$1,125,000. Essentially, this plan calls for building up three comprehensive schools.

Nov. 20 Zoning Board Review

A two-story, \$300,000 motel will be built at 7249 Waukegan Road north of Milwaukee Avenue. The Cosmopolitan Bank, representing the petitioners, received approval of their request to rezone the property at the November 20 Zoning Board of Appeals meeting. A representative for the hotel interests said "We will build a high grade motel on this property which will take away its eye sore which now exists." In other actions the board approved the building of two homes lots with 30 foot frontage, lot 30 feet by 125 feet at 8137 1/2 was approved for building 22 front foot home. There are no objectors to the petition. Board member Franklin said the owner had four lots in Niles with 30 foot fronts. Acting President Rohner stated if the Board allowed the petition the landowner could go to court and defeat the Zoning Board refusal. Rohner added that this would cost the Village money and the petitioner would still be granted

his request. Zoning Board member Roberts said there was nothing the Board could do since the law would back up the petitioner. The same landowner, Mr. Welder, was granted the approval to build a home on a 30 foot lot at 8114 Overhill. The adjacent property is improved and he intends building a 22 by 45 foot home on the property. Welder admitted purchasing the land within the last 60 days for the purpose of speculation. John Smedberg, 8108 Overhill, objected to this petition, stating there is a 40 foot minimum Niles ordinance. However, Smedberg was told that the announced minimum was only on new subdivisions. Smedberg said when he purchased his home he understood the 40 foot minimum applied in all cases. But Z. B. acting president Rohner said, "We've tried to get neighboring residents to break up these 30 foot lots. We can't deprive a man from utilizing his property. The higher courts would overrule us if we ruled against the landowner. You people should try to purchase the adjacent property." The Board then unanimously approved the request for the building of a 22 foot by 42 foot home on this property.

Exasperated, Smedberg said "regulations don't mean a thing".

Petitioner Ben Mattion, represented by his son-in-law, Frank Hurley was unanimously granted a rezoning from A Commercial to D Commercial of 50 feet of property behind 150 feet of D Commercial land which has frontage from 7756 to 7846 Milwaukee Avenue. Eventually the petitioner intends building stores on this property which will front 60 to 70 feet from the center line of Milwaukee Avenue. A parking lot would be built in front of the intended stores. Hurley told THE BUGLE there is nothing definite as to when the stores will be built. He

"possible changes" that could happen during the next four months could only refer to one of the three unofficially announced candidates; and of course that would be Poeschl.

Last year when I first started the paper I asked Poeschl if he ever considered running for Mayor. Very soberly John said he would never run for Mayor so long as Mayor Stankowicz was in the running for the post. Poeschl emphasized that he owed his political niche to the Mayor's backing and felt he would never "go against the Mayor". While the conversation concerned the Mayorality post I assumed it referred to his maintaining political loyalty all the way down the line. So, brethren form your own conclusions if the Mayor backs another party. Will one of the parties merely be a decoy??? Will divide and conquer be the order of the day??? And will it hold true that the organized group can sneak in when so many tickets are presented to the electorate???

One other question can't be dismissed while we're in the political orbit. The censuring of Chief Romey was largely the brainchild of Stanley with an able assist from Poeschl. It was brought to light just six months before election time. Was it merely a coincidence that for three and a half years there was no need for censure...???

ning mate of Poeschl twice and of Stanley once, said he had very firm beliefs regarding the post of Village trustee. He said eight years ago the "old guard" was in office and it was time for "new thinking". He stated that he believed two terms are enough for any man and that it was time for somebody else with fresh ideas to represent the people.

He also mentioned that a new job he has undertaken requires a great deal of his time, inferring that he could not devote enough time to being a trustee.

Coughlin also stated: "The Mayor has been trying to get all sorts of people to run for office".

"Stanley has done a tremendous job as trustee and Poeschl has been a good trustee".

"Thinking on the Board is more progressive... I doubt if the 'old guard' could have done it. Generally, Niles is in pretty good shape."

"There has been too much unit thinking on the Board".

"A Village Manager for Niles might be a good thing".

Everett Swanson, Dec. 4th; Edward Bacher, Dec. 6th; Jack Place, Jr., Dec. 11th; and Frank Goush, Dec. 16th. Our heartfelt birthday wishes to all of you. May you have many, many more!

In the last issue of THE BUGLE, I mentioned that Merry-Lynn Poeschl was left by Santa Claus five years ago. That was a faux pas on my part, as Merry-Lynn will be celebrating her 6th birthday this coming Christmas Day!

This evening, the Fosses are having some people in for an evening of fun. It is always a delight to visit them. I am writing this column on Saturday, which is the evening we will be at the Fosses residence.

Today (Saturday), Army vs. Navy, and my alma mater Austin vs. Fenwick. Who will be the victors? Marshall having been a Navy man, and the fact that I graduated from Austin, you know who I am rooting for!!

Cynthia Cookrell had a group of girls over last night to celebrate her birthday. Bet there have been lots of birthday parties around town, but if no one lets me know about them, I can't write about them.

Guess I'll sign off for now. The old saying, "no news is good news" must apply here in Niles.

Schoell-Noffz Wedding

One of the loveliest and impressive of weddings this fall was the beautiful candlelight double-ring ceremony of Miss Pearl Schoell, daughter of Mr. and Mrs. C. Henry Schoell of Niles, and James Noffz, son of Mr. and Mrs. August Noffz, of Chicago, at the Edgebrook Evangelical Lutheran Church, Nov. 8. The bride, trimmed with pearls, and veils them from blocking any Rev. Louis Valbracht, pastor of the church, officiated.

Radiant in an heirloom gown wearing a fingertip veil of ivory chantly lace over tulle, the bride walked down the aisle on the arm of her father. She carried a cascade bouquet of white Fuji Mums.

The bride's attendant, Miss June Noffz, sister of the groom, wore a beige chiffon and lace gown. She carried a cascade bouquet of pink Fuji Mums. Dainty little Christine Husa, lovely in a pale burnt-orange chiffon and lace dress, was filled with pink and bronze pom-poms.

Beautiful white bouquets graced the altar and white satin flower girl. She carried a basket of white carnations and fern within them, were placed at every pew.

Exquisite renditions of "Because" and "The Lord's Prayer" were given by Paul Rossmann, cousin of the bride, Raymond Husa, cousin of the bride was best man and Messrs. Craig and Noffz, relatives of the groom, attended as ushers.

In Fellowship Hall of the church, all was resplendent in

Teen Christmas Dance Dec. 19

The winners of the Rock and Roll Dance Contest of the Niles Teen Dance Club, for the month of November, were: Miss Nina Panico and Mr. Jim Russo.

The annual Christmas party for the Teens will be held at the Grennan Heights Fieldhouse, 8253 N. Oketo, on Friday, Dec. 19, from 7:30 to 10:30 p.m. Only 150 free tickets will be given out for this party. Regardless of excuse, no one will be admitted to the dance without presenting a ticket at the door. Girls are asked to wear their prettiest and fluffiest dresses and the boys must have ties and jackets. Door prizes will be awarded and refreshments will be served.

The most important rule of the Dance Club is "Every Teen Attending the Friday night dances, MUST sign in upon entering and sign out upon leaving". Some of the Teens have been sneaking in and leaving without marking down their leaving time. This rule will be enforced from now on. Everyone must sign in and once you leave the fieldhouse, please stay OUT. A few Teens that try to use the dance as an excuse to get away from home for the evening and then either loiter on the premises or go riding in cars, will not be allowed to ruin the good time that the rest of the Teens have, while attending this dance.

At this time, a special thank

you to Mr. and Mrs. Wm. Dressel for helping with the Friday night dances and to Mr. Paul Hrecke for doing the policing on the outside, also a Merry Christmas and a Happy New Year to everyone from the Niles Teen Dance Club and their sponsor, the Niles Park District.

(Continued from page 4) Intermediate Troop No. 30, spoke on Day Camp.

Scout leaders and troop committee members of Niles neighborhood of District 6 held their November meeting at Grennan Heights Field House on Thursday afternoon, Nov. 20. In addition to Christmas craft projects which were displayed by leaders, Mrs. Albert Olson, District Chairman, discussed all pertinent news, information and problems of specific interest to Scout troops on Niles Public School, Oak School and St. John Brebeuf School.

School Bond Issue

(Continued from Page 1) four-year high schools by the fall of 1961. Each of the three schools will have an estimated enrollment of 1800 students in 1961.

For best educational services, the maximum designed capacities for these three units should not exceed 2000 students. Therefore, since growth data conservatively predict that high school enrollment will have reached 7500 by 1965, construction of a fourth high school should be considered before that time, or split shifts may be necessary.

Left Hand

(Continued from Page 2)

Both of these propositions could be placed on the ballot.

Since our mention of "Koffee Klatchers" some weeks back raised the foam and froth of many of the ladies (and their husbands) over a matter of sheer frivolousness, I'm wondering if these aforementioned suggestions will evoke one-tenth the comment.

And writing about "Koffee Klatchers" brings to mind the results of the recent harangue. The women's groups have moved out of the fieldhouse on Wednesday nights as have the Park Board themselves. In their place will be the Wednesday afternoon and evening recreation program for the youngsters. The "klatchers" are now enjoying their brew (the kind with caffeine) amidst the lovely surroundings of the Bunker Hill Country Club. Befitting of this move I believe the much overused "Koffee klatchers" is no longer befitting in describing the ladies. Since they have moved from their plebeian surroundings the girls will henceforth be referred to as "Country Clubbers".

Since the Park Board has abandoned their beachhead I think it would make good sense to build there a commercial building if he so desires, is a bitter lesson for the Zoning Board to learn. Both the Z.B. and the Village Board had refused to allow the petitioner to build a gas station at the corner. A restrictive covenant in the 1931 deed usurped the 1937 zoning law the Village had on her books which had zoned the property for residential use.

The Z.B. is now getting petitions requesting building residential homebuilding on 30 foot lots. The Board is helpless to rule against the petitioners because they are assured the courts will overrule them. While the minimum lot requirement for homes is now 50 feet the old subdivisions had 25 and 30 foot lots. Thus builders that now buy these isolated properties amidst 50 foot lots can build homes on them and sell the homes at a price almost as great as homes built on 50 lots. Since the courts will invariably back the owner of the lot the Zoning Board unwillingly has to grant the 30 foot lot owners' requests. (Our constitutional form of law is based on the protection of property rights). The Zoning Board's job is a thankless one while their sympathies undoubtedly are with their neighbors who balk at these smaller-lot homes they nevertheless must rule in favor of the smaller landowners or be overruled by the courts. If the latter happens it proves costly to the Village.

if they would change the night of their meetings. They have been meeting the same night as the trustees. It would seem both groups would benefit if they had a chance to sit in on the other's meetings. Likewise, all Nilesites could attend both meetings if they desired, which at present is impossible.

The synthesis of the new Niles is taking place before our very eyes. Engineer Bill Cadigan stated the new Northwest Highway will completely change the traffic patterns in our town. The flow of traffic onto the highway will be greatly increased when it is completed. He said Harlem Avenue and Milwaukee Avenue will be the major arterial highways leading to the ramps which go into the highway. Both streets will have to be improved before this can be done adequately. New brighter lights will probably have to be installed on both streets and Harlem Avenue's widening will be a must for its future use.

The nearest entrance to the highway will be at Canfield Road at Oriole, Natoma and Nagle Avenues. A second nearby entrance will be in Jefferson Park near Milwaukee Avenue.

The recent court ruling of the five lots at Milwaukee and Main, which will allow the landowner to build there a commercial building if he so desires, is a bitter lesson for the Zoning Board to learn. Both the Z.B. and the Village Board had refused to allow the petitioner to build a gas station at the corner. A restrictive covenant in the 1931 deed usurped the 1937 zoning law the Village had on her books which had zoned the property for residential use.

May Annex (Continued from Page 1)

owners develop. However, Mayor Stankowicz was far less optimistic about the proposed annexation north of Dempster Street. Stankowicz said the property rights of the landowners along Milwaukee Avenue extended to the middle of the street. He added that the Cuneo interests, who are building the shopping center, are having trouble with the property owners in getting their approval for extending water mains through their land. The Mayor said this resistance by neighboring Milwaukee Avenue residents has made future annexation into Niles very indefinite.

The more optimistic Stanley said the path to the Shopping Center from Niles present northern border would start at Dempster Street just east of Washington Avenue. Annexation would then continue on the east side of Milwaukee Avenue to 600 feet north of Church Street where it would cross over Milwaukee to the shopping center land.

The future Niles would then continue from Cumberland Road south to Dempster Street and then east to Milwaukee Avenue. The uneven path is obviously caused by property owners who object to the annexation proceedings. Village officials and Attorney Wells have been working on these plans for many months. Last Tuesday night Morton Grove's trustees indicated they were interested in approving a similar parcel of land for annexation just west of their present Village limits. While they did not indicate their goal was for future annexation of the gold-lined shopping center, nevertheless this newly-desired property would give them the border to annex the Golf-Mill area, if they received petitions from the property owners.

However, Niles has an "ace in the hole" which no other surrounding town has. Niles has already contracted to feed water to the shopping center. In the

contract a specific stipulation states that in the event petitioners request annexation into Niles the shopping center interests will "ACTIVELY" petition to come into Niles. While this does not mean that the shopping center would initiate such proceedings it certainly prevents them from blocking any move into Niles.

When the new area becomes a part of any Village or City the area is automatically zoned "residential". If the Wednesday night plans proceed without any unforeseen problems the new property owners will meet jointly with the Zoning Board and the Village Board to "iron out" zoning obstacles. This meeting would likely transpire during the next fifteen days.
