

Hazucha Elected President Of New Library Board

On Thursday, June 18th, the first official meeting of the newly elected trustees of the Niles Public Library District was held at 7:30 p.m. in the library at the Grennan Heights fieldhouse. As the first order of business a drawing was held to determine the length of term each member was to serve. The results were as follows: two three year terms will be served by Eugene Anderson and Eva Meyer (Mrs. Oscar), the two year terms were drawn by Clarence Culver and Edna Walger (Mrs. Edward A.) and the one year term went to Rudolph Hazucha and Jane Weber (Mrs. Vincent C.). Each year an election will be held to replace or elect two members to the library board. Affidavits were signed and certificates of election presented this officially installing the trustees in their positions. Rudolph Hazucha was elected by the board to serve as president for one year and Mrs. Oscar Meyer will fulfill the duties of secretary. Mrs. Edward A. Walger will assist the secretary and handle publicity for the board. Immediate steps will be taken to locate larger quarters for the library and to proceed with the difficult and important duty of engaging a qualified full time librarian. It has been recommended that applicants to be considered for the position have a masters degree in library science and from five to seven years' experience. Mr. Hazucha, Mr. Culver and Mr. Anderson will investigate available sites for a future library building. As in the past two years, the library hours have been changed beginning June 22nd until school resumes in the fall: Monday and Wednesday, 1 to 3 p.m. and Tuesday and Thursday, 1 to 3 p.m. Saturday from 9 a.m. to 12 noon. The library is closed Friday and Sunday.

Successful Spring Teen Dance At Bunker Hill

The Niles Teen Dance Club Spring Dance, which was held at the Bunker Hill Country Club, on June 5, was a big success. The special feature of the evening was the selection of the Niles Rock and Roll Champs of 1959. Miss Joyce Dressel and Mr. Sam Roberts were the winners. They were each presented with a trophy and a wrist watch. A very special thanks must be given to the following organizations for their wonderful donations to the teens. The Niles Park District for the two wrist watches. The Niles Lions for a transistor radio. The Niles Chamber of Commerce for another transistor radio. The Grennan Heights Impr. Assn. for five Field's gift certificates. Jonquil Terrace Civic Organization for two Green's Drug Store-Record certificates. The Oakton Manor Home-Owners Organization for two Sellegren's Sport Shop certificates and the Niles Women's Club for their donation of U.S. Saving Stamps. To Mr. Dick Powell and the management of Bunker Hill for the use of the club and their extra donation of 11 cases of coke. The generosity and thoughtfulness of the above mentioned is greatly appreciated.

Left Hand

Left Hand (Continued from Page 7) wicz subtly needled each other at last week's trustee meeting which may get livelier as the months go by. Whereas, it is only a political waltz today, it is likely to break into a faster tempo as Mayorality Day approaches in 1961. At the June 17 meeting Stanley was made director of civilian defense for Niles. The Mayor asked whether there was any pay connected to the job before asking for a vote on the matter. When he was told there was none he then called for the vote. Stanley, meanwhile, inquired about the commissioner on special assessment number 10. He asked the village attorney who appoints the commissioner and why he receives \$100. Attorney Wells said the commissioner signs papers and answers telephone calls. Since the commissioner happens to be the Mayor's brother-in-law it seems obvious the needle was being gently applied.

The Greater Niles party held a post-election get-together at the Niles Bowl Rattskellar last Saturday night. Approximately 150 people were at the affair. A buffet supper highlighted the evening which included an evening of dancing. The original victory celebration at Bunker Hill on election night sort of fizzled when both parties shared the hall. Since both parties had winning candidates they both made use of the hall which really frustrated the desires of those who intended to make it an all-out victory party.

CHATTER MATTER

CHATTER MATTER (Continued from Page 5) and tennis lessons, horse shoe pitching and outdoor movies. Sounds like a good program. I'm enthused over all this but I'm tired already at the thought of all that exercise. Good luck Jules, see you in the parks. Don't forget the Summer Festival—June 27 and 28, Grennan Heights Fieldhouse, from 3 p.m. to 7 p.m. The chairman, Mr. Aug. Scully has things pretty well lined up but is still short on help. Please call him at NI 7-8391 if you'd like to lend a hand. To make this a success, let's Quit Talking! Start Doing!

Tree Disease

(Continued from Page 5) assured that it was and then Stanley was approved for the post. ...An 8 P.M. meeting with Park Ridge was set for June 24 to discuss a trunk sewer along Dempster Street. ...A resolution which approved the recommendations of the Illinois Municipal League, which opposed bills pending in the state legislative houses was included in the village record. Telegrams to State Senators Arrington and Bidwell were approved. One of the bills included the reduction in the work week of the police and fire departments to 40 hours (the departments presently work 44 hours). It was emphasized that such a reduction would be costly to the village requiring additional men on the two forces. ...Approved the appointment of Robert Lepinski to fill the vacancy on the police department resulting from the resignation of Frank Hulock. ...Letters from Marty Lynn and a Mr. Bush, local gas station owners or managers stated only one gas station is now receiving all village business. They desired an answer regarding this inquiry. Mayor Stankowicz said the idea of distributing the business would be studied. Trustee Marszalek said federal exemption certificates had to be made out every month which may create a problem. Mayor Stankowicz said he didn't know how a rotating system could be worked out. He said such a system was worked out years ago but the closing of the stations at an early hour created a problem. Stanley said he thought it was unfair that all the business was going to one station. He said the village was not getting anything for it. Stanley also brought up the fact that the pumps at the public works department only had a bulk discount of two cents per gallon. He said this figure was ridiculous since he receives this much of a discount in his own business at local gas stations (presumably in Chicago). Trustee Bruno said in studying this problem the variance in the price from one station to the other should be taken note of. This problem was taken under advisement for additional study. ...Six property owners in the Cumberland Avenue area are interested in a water main connection in the 9000 block. ...A contract with the State highway division for not more than \$10,000 was entered into for snow removal and street cleaning during the next fiscal year. ...A request for a change of zoning from Residential to Commercial at Ozanam and Lee on Milwaukee was referred to the zoning board. ...The Niles Woman's Club was commended by the village board for their work in voluntarily working at the T. B. X-ray on June 18 and 19.

From The Left Hand

by David Besser Editor & Publisher
Edna Walger and I dropped in at the Devonshire Community Center in Skokie two weeks ago and spent an eye-opening hour admiring the wonderful facilities available to all Niles Township residents. We chatted with Robert Ruhe, who is superintendent of Skokie's parks and park recreation. Ruhe said 6,000 Skokians approved a referendum in 1955 for one and three quarter million dollars for 16 parcels of land and 10 additional improvements in the park facilities at the time. He said the master plan presented to the people which included the center, was developed over a nine month period. He emphasized that the success or failure of such a project is dependent upon the amount of coordination that is developed in the community. Regarding the center he said the recreation staff really designs the facilities rather than does the architect. Ruhe said because there are so few centers school architects are preferred for such a building. In the development of the Devonshire Center 32 separate plans were created before the final plans were finally approved and presented to the people. He stressed the importance of the recreation specialists in the design of such a building and stated a consultant was hired to aid the architect in developing a building for recreation. In presenting such a mammoth project to the people Ruhe said the park board recognized that experts in various fields are needed to make the center become a reality. In addition to the architect, his consultant, and the recreation director's role, he said a fiscal expert was needed to determine whether or not the park recreation tax structure could bear such a project as well as all fiscal problems which were relevant to the referendum. In the important field of public relations, the All State Insurance company's Skokie headquarters took over this job gratis. They developed a presentation to the voters as well as creating a very professional brochure which aided in the passing of the bond issue. (Continued on Page 4)

Village Census Begun

A special census will be conducted in the village of Niles beginning Monday, July 6, in order to determine the current population of the village so that Niles will receive its full share of motor fuel tax funds. Village Clerk Frank Kozak urged that villagers give their complete cooperation when the census taker visits their home. Kozak estimates that there are now about 17,000 people in the Village of Niles, as compared with 13,949 when a special census was taken in 1957. Based on the last census, (1957) Niles has been receiving an allocation of approximately \$6,000 per month of motor fuel tax funds. Prior to taking the 1957 census, Niles received \$4,200 monthly. This amount was based on a population figure of 10,199 shown in 1955. A substantial amount of fuel tax funds is used on street improvements and also for the construction and operation of traffic signals.

Mid States Would Substitute Flat Fee; Service Optional May Drop Area Phone Toll Charges

Middle States Telephone Co. of Illinois, in line with their policy of continuing to expand services available, filed with the Illinois Commerce Commission a schedule providing in addition to present classes of service an extended flat rate calling area for Niles. Although the filing is made at this time, the new service will become available to customers when the facilities now on order are installed, which is estimated to be the latter part of 1960 or early 1961. According to W. R. McGrew, District Manager, the enlarged calling area for each of the two exchanges will include the contiguous areas. This means the customer subscribing to extended area service will be able to reach 150,000 to 200,000 telephones as a part of his basic charge, with the present toll charge being eliminated. The customer will be able to talk as often and as long as he wishes to the area involved. The additional cost to residential subscribers who would like to receive the enlarged calling area ranges from \$1 to \$1.75 monthly, depending upon their class of service, except the service would not be provided to the four-party line customer. The extended area for Des Plaines includes the exchanges of Arlington Heights, Franklin Park, Glenview, Northbrook, Skokie and Wheeling, including the various communities these exchanges serve. The extended area for Niles includes the exchanges of Franklin Park, Glenview, Niles, River Grove, Skokie, including the various communities these exchanges serve. The Niles subscriber also will have available the Kildare and Newcastles areas of Chicago. While the company anticipates a large number of customers taking advantage of the offering when available, it points out that the present customers may continue to receive the class of service to which they now subscribe.

Uphold Lone Tree Buffer Zone

Giovanelli New Lions' President

Newly installed Lion president Chuck Giovanelli, 7855 Neva, receives the president's gavel from outgoing president Joe Conti, 6900 Fargo, at the Lions' installation dance which was held at the Georgian Hotel in Evanston June 28. Giovanelli became the sixth president of the local club having been preceded by Conti, Joe DiMaria, Ben Frankenberg, Bill Keating, Ted LaFeber and the first president of the club, Ron Pankau.

Must Comply With Verbal Agreement

The Lone Tree Inn restaurant, 7710 Milwaukee Ave., will have to build their parking lot in the rear of their present lot, in accordance with a verbal agreement they had with neighboring residents. At Tuesday's trustee meeting trustee John Stanley, supported by the entire board, unanimously rescinded all previous permits which were given to the restaurant-lounge for the building of the parking lot, and then passed a second ordinance, which voids the original ordinance regarding this matter. Stanley said he attended meetings along with trustees Bruno and Poeschl and the interested neighbors in Jonquil Terrace and the restaurant owner's lawyer in which unanimous agreement was reached. It was agreed at the meetings that the new parking lot would have a 20 foot buffer zone between the westerly border of the new lot and the property of the homeowners. Also in the verbal agreement was the building of a fence 20 feet from the lot line of the Jonquil Terrace residents and the maintenance of the buffer zone by the restaurant owner. There was also to be shrubbery bordering the buffer zone. However, in the construction of the lot, the fence "abuts" the property of the homeowners. It was stated that the buffer zone was inside the fence. Stanley pointed out that the buffer zone is meaningless if it does not serve its prescribed function. The former ordinance which had been passed did not define the agreements which had been made. According to Stanley the Zoning Board had not clarified these specifics which had been verbally agreed to. (Continued on Page 8)

Park District Plans Free Outdoor Movies Beginning July 22

Free outdoor movies have been scheduled by the Niles Park District Recreation Division, under the direction of Julius Pandera. On Tuesday, July 21st at 8:30 P.M., a full length feature "It Happens Every Spring" starring Ray Milland and Jean Peters will be presented at the Oakton Manor Field, Ozanam & Ozark St. This same feature will be presented on the following two nights, Wednesday, July 22 at Grennan Heights field, Oketo & Kedzie and on Thursday July 23 at Touhy & Frank's Field. All residents of Niles are cordially invited to see this presentation and to bring their own stools or chairs. Come and enjoy yourself under the stars. On Tuesday, Wednesday and Thursday, July 28, 29 and 30, "Broken Arrow" starring James Stewart & Jeff Chandler will be shown. The first film will be brought to you through the courtesy of the Bunker Hill Country Club and the second film through the courtesy of the Pankau Drugs. Mr. Pandera would like to know how many children and adults are interested in Tennis instructions. If there is enough interest shown, classes for children and I finally understood

Mrs. Ihrcke Flees Norwegian Holocaust Mrs. Kluesing Writes Of Escape From Hotel Fire

Mrs. John Kluesing, 7540 Waukegan Road and Mrs. Paul Ihrcke, mother of Paul Ihrcke, 8257 Ozanam Ave., escaped from their third floor bedroom in the Stahleim Hotel in Vossestrand, Norway, June 23, amidst the fury fire which took the lives of seven of their fellow tourists, who were traveling with their group on their European holiday. A letter received by her husband, John, 48 hours after the fire occurred, best describes the life and death adventure they luckily endured. Mrs. Kluesing first described the beautiful mountain lodge which was set "high among the mountains". Taking excerpts from the letter, she said, "Ella (Mrs. Ihrcke) and I had room 311 on the top floor of the hotel. All the rooms on our floor opened onto a balcony where you could walk the length of the building (of which there were several wings). It was built entirely of wood... a regular tinder box. I layed down and stayed awake as usual... I must have just fallen asleep when I awoke and heard someone in the hall making noise. It was a woman and I finally understood

Announce First Bugle Prize Winners

The following boys and girls were the first winners to receive prizes in THE BUGLE's subscription contest. Tommy Buns, 6860 Oakton Court, received a bicycle air speedometer for selling two subscriptions. Linda LaPrise, 8039 Overhill, received a transistor radio for selling ten subscriptions and Doreen Gould, 3027 Ozark, received a Mark XII flash camera for selling five subscriptions. (Continued on Page 2)

Mrs. John Kluesing Mrs. Kluesing then digressed at this point of the letter relating how they took a bus through the mountains from Bergen, Sweden on their way to Oslo, Norway. They were to make two overnight stops before arriving in Oslo. Stahleim was a woman and I finally understood

Recommend Auditorium, Conference Rooms For Jefferson School

The Building Committee of School District 64 recently recommended that the firm of McCaughey and Associates be retained to prepare plans for an auditorium and conference rooms at Jefferson and an auditorium and activity room at the Roosevelt school.

School District 64 has announced that 15 more teachers are needed in order to fill their staff for next fall. As of the present time, 35 of the 45 classroom teachers, 14 of the 19 junior high and special teachers needed have signed contracts, according to the Board announcement after the June 17 meeting.

Seven contracts have been offered so far to fill the vacancies, but experienced second grade teachers, a female physical education teacher, a teacher for the mentally handicapped, and a teacher of conversational French are still needed.

The Washington School P.T.A. program chairman has asked that the Board of Education present a panel of board members to provide information about the duties and responsibilities of the Board of Education at the November 16 Washington P.T.A. meeting.

The Administration Committee discussed thoroughly at the last Board meeting the system of the methods of reporting pupil progress to parents and agreed that a committee of faculty members should give attention to this problem immediately upon the opening of school in the fall so that a revised report card could be in use during this coming school year.

The following resignations were accepted at the meeting: Mrs. Nancy Lindner, sixth grade at Jefferson school; Mrs. Andrea Lutz, fifth grade at Washington school; Mrs. Mary Hayes, fifth grade at Merrill school; Miss Yuriko Murai, third grade at Edison school; and Miss Carol Glaeser, teacher of physical education in the elementary schools.

All Niles Tax Bills Raised

All real estate and personal property tax bills were in the mail last Wednesday, July 1, Niles Township Collector Arthur J. Loutsch announced this week. For the past six weeks the Collector's staff has been processing the eighty thousand bills distributed to township property owners.

Collector Loutsch also announced that the collection of office this year will be in the recently acquired Township Building at 5255 Main st., Skokie, at the corner of Lincoln avenue. The new office will provide larger working quarters, storage vaults and a much needed parking facility.

Due to increased rates, taxpayers in the entire township (except those in Sharp Corner School District 68, Skokie) will receive higher bills. The percentage of increase varies with the peak of 10 percent affecting that part of Morton Grove in School District 70. The penalty date for the first installment of real estate taxes will be Aug. 1 and for the second installment Sept. 1. The collection office will be open daily, including Saturdays, from 9 to 4. Collector Loutsch estimates this year's collection will reach 11 million dollars, an increase of 1 1/2 million over last year.

Conoscenti, Alburg, Kelly Boy's Hurt In Accident

Three Niles boys who were pushing a stalled car in the rain last Thursday evening were injured when the car was struck from behind by a car driven by Robert Dombrowski, 30, 8461 Osceola, Niles.

Both cars were driving north on Waukegan. At the Seward street intersection, the car driven by Richard F. Olander, 202 Kathleen dr., Park Ridge, stalled in the heavy rain. Three passengers—Thomas Conoscenti, 14, 7065 Monroe, Steve Alburg, 8130 Octavia, 14, and Richard Kelly, 7192 Monroe, 13, all of Niles—got out to push the car. Police said Dombrowski's car hit the first, twisting Conoscenti—who was directly in back of the stalled vehicle. Conoscenti and Alburg were taken to St. Francis hospital, where Alburg was treated and released. Conoscenti, with both legs broken, is still hospitalized. Kelly, who was at the side of the car when the accident occurred, was treated for a bruised forearm.

CHATTER MATTER

By Dorothy Schreiner NI 7-9887

Anniversary greetings to Mr. and Mrs. John Trocki, who will be married for 28 years on July 15.

Stork Club: I found out that the reason Mr. Les Lind, service manager at the Niles Service Station is so proud and happy lately is because he and his wife became grand-parents last month. Little Miss Michelle was born to Mr. and Mrs. Alde Thibodeau, 7201 Milwaukee Ave.

Baby Jimmy is the new addition at the Mr. and Mrs. Joseph Gregorio home, 7547 Monroe. He was born on June 10 and his brother and sister are delighted with him.

Mr. and Mrs. Joseph Schriener, 8352 Oleander, announced that their young man, David Lee, was born at the Resurrection Hospital on June 13 and he weighed 8 lbs., 6 oz. Brother Larry and sister Gail think he's just wonderful.

Mrs. Wm. Doyle, 8026 Overhill, didn't have time to shop for a Father's Day gift for Daddy Bill. Instead she went to the hospital and presented him with a baby daughter, 8 lbs. 13 oz. Joanne Elizabeth was born at the Belmont Hospital on June 20. There are 3 other little DoYLES at home, Karen, Diane and Brian.

Birthday greetings to Miss Lois Effa, daughter of Mr. and Mrs. John Effa who will be 11 on July 8. Also to the Joseph who will be sweet sixteen on July 9 and Mary will be 8 on July 11.

Sincerest sympathies to Mrs. John Kelly, 8308 N. Osceola. Her mother, Mrs. George C. Weiland, died on June 24th.

Mr. and Mrs. Paul Ehr. Ke, 8257 N. Ozanam, spent a few anxious hours, when they first heard of the hotel fire in Norway. Paul's mother was on a tour and staying at the same hotel. The next day, via a long distance phone call from Oslo, they were relieved to hear that she was safe and feeling fine. We're all happy with you.

Many of our Niles residents are returning from short trips and vacations which were taken early this year. Mr. and Mrs. Andrew Misener and the boys, Bob, Andy and Kenny returned after spending a few days in Michigan. They got home specially to celebrate Doc's birthday which was July 1. You don't look a bit older.

Mr. and Mrs. Tony Castle are back after a Canadian fishing trip. They both look rested.

Mr. and Mrs. John Poeschl spent a couple of weeks in Florida. They visited the Bert Westlund's, former Niles residents and John and Mabel said they had a wonderful time.

Mr. and Mrs. John Hayden and their children, Mari Ella and Frank, drove to Pompano Beach, Florida. The family spent 2 weeks there. This gave them a chance to do some visiting with John's folks, who live there. They in turn were surprised when Mr. and Mrs. Ed Leith who were in Florida at the time, visited them. The Ed Leith family, former Niles residents, now reside in Glenview.

Mr. Chuck Giovannelli is back

Niles Days To Benefit Niles Library

Residents of Niles have or will soon receive an announcement that Niles Days will be held on July 17th, 18th and 19th for the benefit of the Niles Public Library. In addition a plea is made for your volunteer of service as well as financial support.

This year as never before it is important to be personally active since the proceeds will be determined entirely by the efforts of the people of Niles alone. The library venture was begun by a handful of neighbors for the use of every adult and child in the village and the strides made by the elected library board in the next year will be decided by the net profit from this year's festival. The successful referendum established the library district with a guarantee of annual tax support but as has been repeatedly stated these funds will not be forthcoming until the fall of 1960.

A word picture of the immediate decisions to be made by the board in the next months should show clearly that the degree of cooperation of everyone will settle the question of whether the library board can proceed with its plans or remain stagnant until next fall. Larger quarters is the first and most urgent need and this would be solved by rental of a store or house. There is the necessity of purchasing additional shelves, furniture for the use of students and library staff. The salaries must be paid to a qualified librarian, janitor - custodian and student pages to operate a service with increased hours of availability.

Many feel that a library building should be made a reality as soon as feasible. Cites at a good central location are rapidly disappearing, making the purchase of property an imminent responsibility. These prospects are the major consideration of the library board in addition to many minor expenditures. Put good intentions into action and contact personnel chairman, John Poeschl, NI 7-9533 with an enthusiastic offer of assistance. Workers are desperately needed in the weeks just prior to the actual weekend. Send in the money for your book of tickets to Rudolph Hazucha, 7066 Seward, treasurer, at the earliest possible date. And encourage friends and neighbors to join in this community endeavor to insure the largest returns ever realized from this annual carnival.

Ronald Okerwall, 17, Dies After Being In Coma

Funeral rites for a 17-year-old youth who died shortly after being found in a coma were held Wednesday.

Ronald Okerwall, son of Mr. and Mrs. William O'Rourke, 123 Sunset, died Sunday night in Resurrection hospital, where he was taken by fire ambulance Sunday morning after his family was unable to awaken him.

An autopsy revealed that the youth died of a cerebral hemorrhage. Cause was not known, but police learned that Okerwall had fallen while horseback riding a week before his death.

In addition to his parents, the youth is survived by several brothers and sisters, Steven and Susan Okerwall, and Karen, Kathleen, and Kevin O'Rourke.

Others from other towns and were taken to the hospitals and given sandwiches and coffee. We took the train to Oslo and were met by reporters and camera men galore.

Mrs. Kluesing then related how they were met by the American consulate and telephoned back to their homes in the United States. She then related that the flags were at a half-mast and that the fire was the worst fire in Norway since 1935.

Other observations included the fact that even at 1:30 a.m. there is daylight.

Mrs. Kluesing mentioned that the people over there were wonderful to them.

Both John Kluesing and Paul Threke mentioned how well the ladies were treated and they emphasized what fine assistance they received from the American consulate in Norway.

In her closing paragraphs in the letter Mrs. Kluesing wrote: "We sure have too nice of a family to spoil... and all of you say a prayer of thanks for our being alive."

Nilesbits

Paul Bilecki fractured his upper left arm July 6 and was taken to Resurrection Hospital.

D. Gertler reported to Niles police that windows in the home at 7336 Carol were broken. Included in the damage were two thermopanes, four plate glass windows and numerous other single pane glass windows in the house. Estimated damage was between \$500 and \$600.

Charles Oleksky, 9, 6958 Oakton Court, was bitten on the left leg by a dog while he was riding his bike in front of 7004 Oakton Court. The dog is owned by Joseph Pinczak of the above address.

Norman Kowalski, 7027 Jonquil Terrace, signed a complaint that he was involved in a hit and run accident on July 1 at Kirk and Harlem. Morton Grove and Skokie police were notified to be on the look-out for a red 1957 Chevrolet which Kowalski said he believed was the car that left the scene of the accident.

Peter Kiolbassa, 8404 Greenwood signed a complaint against his neighbor Heinz Martin, whose truck Kiolbassa said damaged his fence. He said the truck backed into the fence. It was being driven by Joseph Blitstein, 4702 Springfield.

On July 1 Deborah Bush, 3, 8305 Odell received a scratch under her left eye by a dog owned by Ed Tabert, 8311 Odell. Tabert said he would take the dog to a hospital in Glenview.

Donna Rolla, 6601 Touhy, was taken to St. Francis hospital July 1 after being involved in a auto-pedestrian accident at 6630 in front of 6630 Harts Road.

On July 2 Lynn Maro, 7809 Oketo, age 7, was bitten on the left ear and face by a dog owned by Arthur Bergemann, 7806 Harlem. Lynn received 12 stitches in her treatment of her wounds. The dog was impounded.

Mr. Galbo 8217 Oriole, reported on July 2 that some one was trying to force entrance into his home through the front door. Two police cars were dispatched to the home but the police were unable to find any evidence regarding the complaint.

Oakton Manor Winners

Oakton Manor had their annual all-day fourth of July celebration which was highlighted by the morning parade of the children from the area. The Hawaiian-Alaskan float created by the Del Vento - Beverly Lewis families in the 8200 block on Merrill Avenue was the grand winner of the morning parade. Pictured on the Hawaiian motif are Denise Del Vento, Kim Beverly, Brad Beverly, Clark Beverly, Jr. and Allison Del Vento. The lad on the Alaskan side of the float is Thurston Lewis.

Woman's Club Assist Salvation Army

Under the leadership of Mrs. Norman J. Sansom, 7642 Kedzie, members of The Woman's Club of Niles assisted in the annual Salvation Army Tag Day last month.

Starting at 6:00 A.M. and working in two hour shifts until 12:00 Noon, the following teams tagged on the corner of Harlem and Milwaukee Avenues: Mrs. Norman J. Sansom and Mrs. Anthony Roppolo, 8351 N. Ottawa; Mrs. Henry O. Schroeder, 7110 W. Keeney St. and Mrs. Alfred Focht, 7146 W. Keeney St.; Mrs. Larry L. Mullins, 8147 N. Merrill and Mrs. Walter E. Kramer, 7102 Seward.

Don't forget Niles Days, July 17, 18 and 19. It's a big affair with all proceeds going to a very worthy and much needed cause "THE NILES LIBRARY".

Mrs. Kluesing

(Continued from Page 1)

one of these stops.

She wrote that they had had a nice supper at the lodge, where 250 persons were to stay. After supper they had coffee in the lounge and sat around while listening to some one playing the piano. After this relaxation Mrs. Kluesing and Mrs. Threke went to their third floor bedroom for the night and before she went to bed she related she opened the door to the porch.

Quoting directly from the letter Mrs. Kluesing then continued her story.

"After I awoke Ella we ran on to the porch and the entire place was on fire. There was a trap door on the floor marked 'fire escape' that I noticed the night before. We opened it and smoked poured out of it. We didn't know if there was a ladder or stairs there, but we would have dropped right into the fire had we dropped through there since we were told later that the fire started on the second floor. So we were trapped on this balcony with no stairway, only flames and smoke all around us. Then we ran to the end that was not yet burning and a man ahead of me jumped over the railing and I was about to follow him... nothing but rocks below."

Mrs. Kluesing then stated that she found a door at this spot and upon pounding it, it opened. "There was a narrow stairway there and we ran down there to the second floor and saw daylight below and all of a sudden we found ourselves out. I had slept in my housecoat but was barefoot... we ran away from the building but then realized sparks would catch the grass and trees on fire. So we slid and crawled and held on to twigs and helped ourselves down a ledge at a time. We crawled through wire fences and finally reached a small schoolhouse where we found old coats and shoes. We stayed there awhile and then made our way to the main road and back toward the burning hotel which was all down by then.

"The manager had his home close by and most of our group were in this house. People were scattered all over. The injured people were lying on mattresses and cots. We finally located all the survivors who were on our tour. Out of seventeen, ten were alive. Our tour guide was lost as were seven other persons from our tour group.

"After ambulances and buses had taken the injured to the nearest hospitals 40 miles away we got on the bus with mem-

dren would be held in the mornings and adult classes in the evening. A healthy response from Niles tennis enthusiasts will warrant engaging an instructor. Postal cards should be sent to Mr. Jules Pandera-REC, Director, 6635 Milwaukee Ave., Niles, 48, Ill.

The Niles Park District is also planning to hold a "closed" Golf Tournament this year for the residents of Niles. More information concerning this event will be in the next issue of this paper. Please watch for this.

Left Hand

(Continued from Page 1)

In addition to all this professional help, the Skokie Kiwanis Club carried the ball in drumming up interest in the referendum. This act was believed necessary, preventing any finger-pointing at politicians who voters might feel had a self-interest in the passage of the bond.

As far as the center itself is concerned it operated on a budget of about \$45,500. The center is used for all township residents from the high school age bracket and older. Grammar children receive their recreation through the park program in the local grammar schools. Community organizations may use the center after youth and adult activities have been satisfied. Rentals for outside groups comes to about \$290 per year and 1300 teenagers pay \$1 per year apiece.

Ruhe stated that the recreation program takes precedent over any community use. Youth recreational needs are first satisfied before community organizations are considered. To show the size of the operation of this one center a full time director, two full time leaders, eight part time leaders, 2 secretaries and two and a half custodians are needed to maintain the center.

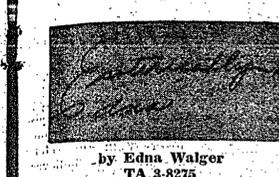

A breakdown of the original cost of the center would show that 13 acres of land were purchased in 1955 for \$150,000. The building cost \$311,000, the furnishings cost an additional \$48,000 and fees for architects and other personnel ran about \$16,000 and fees for architects and other personnel ran about \$16,000. The construction of the building began in January 1957 and the opening of the building was in February 1958.

Ruhe emphasized regarding activities for teens, that you can't force a program to be accepted by the youngsters. He said they encouraged forming clubs since teens demand group experience. Through their clubs they formed a student council which sets the rules and standards for the teens in the center. Membership fees and fund-raising profits are used to enhance the center. He said the teens want furniture for the huge patio where they hold their summer dances; they are buying it with money they accumulate through membership fees and by fund-raising means. In addition to their dances, which are held on Friday night, they also have classes in gymnastics, dramatics, ballroom dancing, instruction and ceramics. Adult activities which are over-subscribed include courses in ceramics, bridge and arts and crafts. Adult fees for their activities largely self-support their activities, which includes paying for their leader of their activity.

The center houses two kitchens, enough individual rooms to allow ten separate meetings to take place in the same time period, an auditorium, which can seat as many as 600 persons, recreation rooms for games such as table tennis and a room for television and for dancing complete with juke box and soda fountain.

What was most impressive was the setting of the center. Located in a beautiful residential center, the rear of the center opens onto a large patio which is alongside a very romantic loggia complete with hanging sleeping willows. This wonderful setting is all part of the well-conceived plan which Skokians put into force some four years ago.

Twin swimming pools are housed alongside the center. While they are part of the park system they are not part of the community center. The pools cost \$175,000 to build and it is likely they would cost in excess of \$250,000 today. They are in operation 87 days a year. It indeed is a wonderful luxury

by Edna Walger TA 3-8275

As most conscientious homeowners do before departing on a vacation holiday, Lorraine and John Steiber made arrangements with neighbors to have their lawn manicured, the mail removed from their mailbox, refuse set out for scavenger collection and the interior inspected occasionally. Daughters, Pat and Rosemarie made their own arrangements for the care and feeding of two pet turtles. With all these details settled away they went to Florida, assuming everything would be well cared for, and indeed it was. Upon their return some two weeks later on June 26th just at twilight they were greeted with the sight of a concrete headstone, flowers and a flag in the center of the front lawn. They have learned not to be surprised at anything they might find. Last year a sign proclaimed their house, For Sale, Must Sacrifice, in very legible script and at the bottom in very small print, Sold. A placard in the middle of the bed announced, George Washington Slept Here. Evidence pointed to a neighborhood wag whose initials happen to be Lee Marach and when accosted he explained it had been his intention to print the names of the two turtles on the stone. The front yard grave caused quite a stir ranging from raised eyebrows, to amused smiles, to near accidents as passing drivers executed alarmed double-takes. All evidence was removed the following Sunday but in the meantime there was much conversation over the doings. Steibers reported rain for all but two days of their trip.

Ginny and Jack Grimes are also looking back on their Florida vacation. Leonard and Walter Ob-berg had a ball on their trip to Denver, Colorado, to attend a wedding. Florian and Esther Petsch with son Gregg were reluctant to entrain for their trip back to Niles from visiting relatives in Yellville, Arkansas, Yellville? That name must have an amusing history. Must remember to ask.

Virginia and Eugene Petretti had Denver as their destination where they spent a week of reminiscing with very dear friends, which are held on Friday night, they also have classes in gymnastics, dramatics, ballroom dancing, instruction and ceramics. Adult activities which are over-subscribed include courses in ceramics, bridge and arts and crafts. Adult fees for their activities largely self-support their activities, which includes paying for their leader of their activity.

The center houses two kitchens, enough individual rooms to allow ten separate meetings to take place in the same time period, an auditorium, which can seat as many as 600 persons, recreation rooms for games such as table tennis and a room for television and for dancing complete with juke box and soda fountain.

What was most impressive was the setting of the center. Located in a beautiful residential center, the rear of the center opens onto a large patio which is alongside a very romantic loggia complete with hanging sleeping willows. This wonderful setting is all part of the well-conceived plan which Skokians put into force some four years ago.

Twin swimming pools are housed alongside the center. While they are part of the park system they are not part of the community center. The pools cost \$175,000 to build and it is likely they would cost in excess of \$250,000 today. They are in operation 87 days a year. It indeed is a wonderful luxury

Community Church Father-Son Banquet

Community church held their annual father and sons' banquet at the church Wednesday July 1. At left Reverend Gish is ready to begin bread-breaking for his sons Billy, 7, and John 4. At right Carl Baczusik, 8312 Oketo, is seated alongside his sons, Larry, 6, and Sonny 11.

Personal Property Tax Bills Increased In Maine Township

Approximately 22,500 real estate tax bills for 1958 and 11,000 personal property tax bills were mailed to Maine Township taxpayers last week by Milton H. Tuttle, township collector. And Tuttle and Township Assessor James Parks of Park Ridge are being reminded of the fact daily.

Parks, in an attempt to put everyone on the personal property tax rolls who belongs there—and that includes practically everyone—has increased the number of bills from 6,835 last year to 10,759 this year. Many of the 3,917 who were added to the rolls this year want to know why. Some say they don't like the idea and are

grousing to Parks and Tuttle. Altho Tuttle merely sends out the bills, he's the object of many telephone calls too. The penalty date on payment of personal property tax bills in full and on the first installment of the real estate tax bills is Aug. 1. Penalty date on the second installment of the real estate bills is Sept. 1. (Normally tax bills are sent out in April and real estate first installment deadline is earlier. But county delays pushed the date back this year.)

and Patsy Terrell. The information was not volunteered and I did not ask the year but Janice Brennan marked her natal day on June 14th. Congratulations, all. We welcome two new families to Niles. Dorothy and Bob Stevens and sons Brad, 2 and Brian, 11 months, who now reside at 8282 Elmore, the former home of Virginia and Leonard Girginski. The house at 8303 Elmore was just too small for Nancy and Don Feezor and their brood of four, Bill, Barbara, Donna and Robert but it is just the right size for Gerda and Les Halasz and their daughter, Julianna, 1 1/2. Gerda's mother, Mrs. Flegan will also call the address home. Welcome to you all and we know you will find Niles a fine town to live in.

Let's depart with something to digest from the wisdom of Will Durant. Once a woman of forty was old, decrepit, and trustworthy; today there is nothing more dangerous, or, if you wish to learn which sex is the more intelligent, watch any man in relation with any woman, and see which of the two will twist the other around her finger. This is good too, a wise man can learn from another man's experience, a fool cannot learn even from his own.

LETTERS TO THE EDITOR

On behalf of the St. John Brebeuf Catholic Women's Club and our spiritual adviser, Rev. John Flanagan, I would like to thank you for the many pictures and articles that appeared in your paper publicizing our different club projects. I feel that you and the BUGLE have helped in a big way to make these projects the big success they all were. Yours sincerely, Mrs. Lou Schreiner, Publicity chairman, 1958-59.

which is costly considering the actual number of days they are used.

Could swimming pools and a community center become a part of the Niles of tomorrow? You'd be interested in your opinions.

Next weekend the Niles Days festival will benefit the library. The 0-6 tax, which was approved recently, will not be available for another year. The pressures due to lack of funds will be greatly lessened, as the result of the money accumulated at the Niles Days affair. You've read the story many times about the inadequate facilities, the selfless volunteering of persons who kept the library alive for four years, and the contributions both of books and money which kept the library going. The money forthcoming from next week's festival will certainly be a welcome relief to the small band of workers who have given 17,000 persons their own library.

The report from Mid States telephone company that toll calls to all of Niles may be eliminated by late 1960 or 1961 is a welcome note to Oakton Manor and Park Lane telephone users. The new service to the Illinois Bell side of Niles should bring much relief to the purse strings of the residents in our area who are accustomed to phone bills which are \$15 to \$25 monthly.

The misfortune of the families of former BUGLE newboys were threefold during the past two weeks. The death of the Okerwall boy and the accident which hospitalized Tom Conoscenti and injured Steve Alburg came as a shock to all their many friends. We extend our deepest sympathies to the Okerwall family.

To Tom Conoscenti we wish a fast recovery to a guy whose had one misfortune after another. Tom's a boy with lots of grit who we're sure will bounce back quickly from his injuries. However, to shorten his hours at St. Francis hospital I'm sure he'd be happy to hear from Nilesites all over the village.

Niles Baseball Leagues

PONY LEAGUE
Thursday night Chamber of Commerce defeated Harczak by a score of 6 to 0. Roy Gardell pitched a three hit shutout, but was helped out by brilliant defensive play. Ken Rogers made a spectacular rolling catch of a low sinking liner. Glenn Larson robbed Clark of a sure base hit by making a running leaping catch. A terrific relay of a long drive cut down the same Clark at the plate when he tried to stretch a triple. Jim Schmidt threw a perfect strike to the plate to nail him. Clark and Dressel both tripled for Harczak but did not score.

Friday night C of C won its eighth straight game without a defeat by a score of 13 to 3 over Grennan Heights. Jim Schmidt started it off with a three run homer in the first inning. C of C added three more in the second, three in the third and four in the fourth. Grennan Heights could muster only four hits. C of C was helped out by a bit of wildness on the part of Grennan Heights pitchers who gave up a total of 13 walks. Glenn Larson, pint size shortstop for C of C, also drove in three runs. Jim Schmidt walked up his third win against no losses. John Brennan was the loser with Joe Hager and Ken Scheels in relief.

July 4, a group of Little Leaguers and Pony Leaguers are traveling to Sharon, Wis., for their annual ball game. Anyone caring to see a couple of good ball games is cordially invited to ride out and see the boys in action. These boys will be playing their hearts out to get back the exchange trophy which Sharon has had for the past year. This year marks the fifth year that these games have been played. Anyone desiring information can call W. L. Guttschow at NI 7-7814 or D. L. Noble at NI 7-6964.

Northwest General Insurance added two more wins to their credit this week when Tuesday night they beat Grennan Heights by a score of 7 to 1. Joe Bawolek gave up only four hits for the Northwest. On Wednesday night Northwest beat Ciccone Brothers by a score of 10 to 4. Ken Grimm chalked up another win when he gave up only three hits. M. Guerise got a home run for Northwest.

PEANUT LEAGUE
The Bears topped the Braves this week by a score of 21-6. George Kollar pitched one hit ball for three innings. George and teammate Michael Parkinson each got two home runs apiece.
In the Indians vs. Cardinals

game, it was the Cards on top of an 8-1 score. In losing the bright spot for the Indians was the fine pitching performance turned in by Alan Drengberg. The only run scored by the Indians was a home run by Bob Olsen.
In case some are wondering about the frequent mention of three innings pitched by a boy in the Peanut League division they are only allowed to pitch for three innings in any one game.

NATIONAL LEAGUE
The Callero & Catino Red Legs were responsible for the Giants getting their first loss. The Red Legs won by a score of 5-3 behind the three hit pitching of Roger Saberson. He held the Giants scoreless for five innings. The losing Giants pitcher, Bertoinci, also allowed three hits. Any big league scouts around? Red Legs manager, Saviano, says to keep an eye on his up and coming catcher Ronnie Torenko.
The Cards beat the Cubs 6-0. Larry Booth pitched a one hit game, struck out 15 and gave up one walk. Larry also got two hits, Greg Carlson, two hits, and Kevin Oberg and Darryl Booth each got one hit.

PREP LEAGUE
The two Niles prep league teams met for their first game together Thursday. The Sellergran team beat Lash-Doud construction by a score of 3-1. It was a well played close game all the way. Dave Trexler was the winning pitcher. He allowed four hits and struck out nine batters. Chuck Doud, on the mound for the losers, struck out eight and allowed five hits.

Cards manager reported 2 more wins this week. The first game they beat the Dodgers by a score of 5-1. Larry Brown, the winning pitcher allowed 1 run, 4 hits, struck out 9 and walked 4. Greg Carlson got 3 hits, Art Mildenberg 2, and Larry Booth homered again. Keith Watts was on the mound for the losers. He struck out 8 batters and walked 3. The hits for the Dodgers were by Keith Watts, Ron Burtynk

and J. Oldfield and Bob Bender. In the Cardinals' 2nd win of the week it was vs. the Braves by a score of 16-3. Winning pitcher, Larry Booth allowed 1 hit and struck out 12. Booth helped considerably at bat by getting 2 doubles and a grand slam homer to drive in 8 runs.
berger, Kevin Oberg, and Larry Brown each got 2 hits; Jim Freitag got the only hit for the Braves.

Franklin At Course For Inspectors

Robert T. Franklin, Health Inspector for the Village of Niles, attended a Health Inspectors' Refresher Course for Health Inspectors of the Northwest suburbs. The meetings were held in Melrose Park and proved to be very beneficial. Most of the discussion dealt with:

Inspections of restaurants, cafeterias, taverns, and all establishments handling food and liquors; proper use and sterilization of automatic dishwashers; handling of health hazards and health nuisances; cooperation of health departments with police departments; insistence upon having complaints in writing, signed by complainants; issuance of tickets to uncooperative offenders; alertness to health hazards in suburbs; proper care and handling of pets; issuance of information concerning health preservation; regular general inspections of community; cooperation with courts in imposing penalties for burning rubbish, dumping, failure to comply with health ordinances, etc.; posting of health ordinances in business establishments, and several other topics concerning the maintenance of cleanliness and the promotion and preservation of health.

Other conferences are to be held at future dates, in the realization that with the increasing rapid growth of the suburbs, stricter and more comprehensive ordinances must be established and maintained.

Chamber of Commerce Complete Distributing First Directories

Anton Smigiel, President of the Niles Chamber of Commerce, and Bob Franklin, Chairman of the Niles Directory Project for the C. of C., report that distribution of directories to residents of Niles has been virtually completed. The numbers of compliments, being received attest to the fact that this handy reference guide of a Village services and officials, schools, churches, civic and religious organizations, P.T.A.'s, industrial, commercial, and professional establishments and individuals, maps of Niles and Street Index, and interesting photographs, is of invaluable service to the citizens of Niles and is something which has been needed for a long time.

It is the intent of the C. of C. to increase and enlarge future issues of the directory as development of Niles demands. Suggestions or criticisms will be welcomed at any time.

Any residents who have failed to receive directories may procure them at the Village Hall or at the office of the Secretary of the C. of C., viz., Ed Baumber, 8133 Milwaukee Ave.

Form Citizen's Committee; Work For Community Center

A Citizen's Advisory Committee was formed June 30 as a result of a request from the Niles Woman's Club that such a group representing all organizations in the village be formed. The committee's primary function is to act as a clearing house for local projects which need the united support of the entire village.

Sigmund Lewicki, 8707 Olcott, was elected chairman of the group.

Mrs. Edna Walger explained that the village of Niles is eligible to participate in competition with other local areas for a \$10,000 award which will be given to a community whose civic accomplishments are considered outstanding. The award is presented by the Sears philanthropic foundation to a community which has a participating Woman's Club in the locality.

Representatives from homeowner's associations and other local groups in the village attended the meeting. They included Tom Jones, Oakton Manor Association, Vivian Egan, Woman's Club, Edna Walger and Dorothy Baum, Woman's Club, G. Gauthier, NICO, Mrs. Schoenbrun, Jonquil Terrace, Mrs. James Schick, NICO, Mayor Stankowicz and David Besser, Chamber of Commerce and Niles Lions.

The group discussed the possibility of exploiting the opportunities for a community center. Mr. Carl Gardner, Niles Village planner, will be invited to the next meeting, possibly at the end of July, as the first step in the consideration of this project.

Niles Building Up For '59; May Figure Below April

Bell Savings and Loan Association reported that Niles building decreased during the month of May compared to April. However, the figure far exceeded last year's May total of \$774,155. Only Arlington Heights, Evanston and Skokie exceeded Niles' total in the north and northwest suburban areas. Morton Grove was \$500,000 less than Niles. Park Ridge, \$300,000 below the Niles figure and Des Plaines was \$400,000 below Niles fast-growing building figure.

In home building Niles duplicated her May 1958 figure by issuing 35 building permits. However, whereas May 1958 the 35 home units were valued at \$559,000, this year's valuation is only \$458,500.

Niles issued permits for 15 units for building apartments during May. Where neighboring Morton Grove has had no apartment permits issued Park Ridge also had permits issued for 15 units and Skokie had a whopping 227 units for the month of May.

Among the top ten leaders in home building during the first five months of 1959, based on valuation, Skokie is number one, Park Ridge is fourth in the Chicago area, Des Plaines is fifth and Morton Grove is tenth.

N.S.J.C. Saturday Services Held At Melzer School

Saturday morning services of the Northwest Suburban Jewish Congregation will be held on July 11, 1959, at 10:00 a.m. at Melzer School, 9400 Oriole Avenue, in Morton Grove. Rabbi Charney will direct the services and Cantor Milton Foreman will chant the liturgy.

Registration is now being taken at the synagogue office for Hebrew, Sunday and Nursery School for the coming year. All those interested are urged to call ORchard 6-2570.
