## From The Left Hand

by David Besser  
Editor & Publisher

Just before THE BUGLE went on the press I heard of the fifth fatality in Glenview within the past weeks resulting from an auto accident. Because the Mayor of Glenview has a powerful weapon at his disposal, his daily column in a Chicago paper, prompt action has been taken and already speed limits have been lowered. Glenview's village fathers have also taken action to correct the second hazard by planning for the construction of sidewalks.

Here in Niles we've been just plain lucky that similar deaths haven't resulted from exactly the same hazards in this town... too high speed limits and lack of sidewalks along state highways. It would seem that this is the right psychological time to bombard the governor and the local state engineer, Tuthill, with letters and telegrams, asking for similar lowering of speed limits in Niles. And if the village fathers are on the ball they'll begin a sidewalk program in Niles which will begin immediately... while this example in Glenview is still fresh in our minds. It has always been my opinion that the worth of a public official, from the president on down, can best be measured by the actions taken before incidents occur. Making legislation after the horse is out of the barn certainly does not manifest any special ability.

Lone Tree Inn was found guilty of possessing a slot-type machine last Wednesday, in a state case tried here in the village. The machine was confiscated though they were not found guilty of any payoff. Last December two STATE police officers were in the restaurant. According to the state's attorney one said he actually received a payoff but due to the conflicting testimony of the second police officer there was no gambling charge included in the indictment. This is the third legal matter the restaurant has been involved in, in recent months. A case is still pending on serving liquor to minors and they have a suit against the village regarding the twenty foot buffer zone at the rear of their property.

We're glad to report Sergeant Pat Ryan is feeling much better after a serious operation at Edge-water Hospital. There still is a need for blood donors and interested parties can call the hospital at UP 8-6000, extension 204 for an appointment.

We've been told Doctors Cillela, Czarchowski, Goldberg, Pottgers and Zercher will all be members of the Lutheran General Hospital staff. It is possible other Niles doctors may also be included but the aforementioned five are the only ones that we have confirmed in conversations with the local doctors.

Bret Francis Pankau, a next door neighbor of mine, and future Waukegan Avenue drug-gist, officially became a Niles resident last week, Oct. 9. Being as superstitious as the next guy I was able to pre-determine the sex of my new neighbor a couple of weeks before his arrival. In his driveway was a new car with the words "Delivery" painted across the side. This seemed significant and upon noticing the blue paint job the evidence was conclusive.

Due to the lack of space Monday's trustee minutes are missing from this week's paper. Most significantly a 15 acre tract of land, on the southeast corner of Ballard and Greenwood, was annexed into the village... this

## Attacks Administration of Village, License Structure and "Incompetent Police Chief" Stanley "Sounds Off" About Niles

Trustee John Stanley at Thursday's meeting, attacked the inadequate administration of the village, the need for a village manager or a full-time assistant to the Mayor, the ridiculousness of the license structure of the village, the need for a combination building inspector-commissioner on a full-time basis, and then capped-off his public criticism by stating that "the chief of police is incompetent". Stanley warmed up to his subject, after the trustees approved

the borrowing of \$150,000 in tax warrants (page 1 column 4) to cover anticipated expenses for the remainder of the fiscal year. Stanley said, "This is one of several times in the last five years when this borrowing has been necessary - this is inefficiency of government. We need a village manager or an administrative assistant to the Mayor. We don't have our finger on the pulse of what goes on - we should have someone to let the Board know what is going on.

Let's find out ahead of time what is going on (referring to these deficits). This could have been brought up before. "We're a city of 19,000 and 4 square miles... we should know what is going on. The clerk is efficient but it even goes beyond him. The only time anything comes out (such as the deficit) is when he comes to us". Stanley then cited that contractor's were supposed to contribute money for the purchase of furniture for the village hall

but he said he knew nothing about what has happened to this. "I don't know any more what is going on than you do, Frank (the Mayor)... we've got a \$500,000 corporation and nobody's running it". Trustee Bruno then brought up the need for a monthly account from each village department head and that the board could then make approvals for expenditures ahead of time. "We make approvals and we don't know (Continued on Page 8)

## Vote Saturday On \$1,400,000 Park And Center Referendum

Editorial - Park Referendum

### What Are The Issues?

The confusion surrounding Saturday's park referendum is so village-wide that we will attempt to elaborate what residents will be voting for or against and explain the many ramifications which are involved.

The \$1,400,000 referendum is for a community center, adult and children's swimming pools, 6 ball diamonds, a combination ice-roller rink, tennis courts, day camp, picnic and park areas, and well as 4 parking areas within the 52 acre plot at Waukegan and Oakton. It is estimated homeowners will pay about \$15 per home per year for 20 years for this referendum.

The largest cost will be for the 52 acres of land which will cost \$600,000 or about \$12,000 per acre. The community center is estimated to cost \$350,000, the swimming pools \$125,000 and engineering and architectural fees about \$100,000. Approximately \$200,000 will remain for the development of the diamonds and the rest of the park area.

Because there are so many issues which are involved we will attempt to present what we believe is significant about the referendum by listing the various issues:

1. The 52 acre plot at Oakton and Waukegan. This area was originally intended to be used as a shopping center area, which was to include Goldblatt's among the many stores. As of the September zoning board meeting only Goldblatt's was formally committed to a lease. Only last week Goldblatt's announced they were to build a store in Mount Prospect which may or may not be the end of their intentions to build in this area.

Meanwhile 18 acres of property on the east and south ends of the 52 acre plot have been petitioned for re-zoning for 240 multiple dwelling units. It is the opinion of this paper that this is just the beginning of multiple dwellings in the area and it is likely that most of this area will eventually be used for multiple dwellings.

It is also the opinion of THE BUGLE that the invasion of the multiple dwellings prompted the park board to rush into this referendum during a two-month period in an attempt to block the multiple dwelling invasion. When residents attended a park board meeting about two to three months ago they clamored for action to block these types of buildings. Residents from Kirk Lane and NICO, the two areas bordering this property, were in the forefront in insisting the park board do something in the area.

It is our opinion that the park board's sole function is to concern itself with THE ENTIRE VILLAGE'S PARK AND RECREATION NEEDS, and should not be concerned with a zoning problem which we do not believe is a park problem. Proof that the park board's primary motive in choosing this area is to block these buildings is that they took no positive action toward this recreation area until AFTER this multiple dwelling petition was announced. If it should follow that the park board has the right to counter-act the multiple invasion than residents all over the village can expect an announcement of multiple dwellings is made public. Residents at every end of town have a right to this same consideration if the park board feels this concern.

2. The second major issue likewise concerns itself with this 52 acre plot. It was deemed that this would be the most desirable area for such a project. The park board intended this was the choice of the park recreation planners, McPadden and Everly, in the selection of this area. Everly told THE BUGLE that they chose this area for a PARK three years ago. He hastened to add that while they did not re-survey the entire village at a more recent date they did consider the latest population and land expansion village trends and are now convinced this is still the best location for this park program. Thus, while the population in Niles has increased by more than 6,000 in the past three years and about 500 acres have been added to the village the park board uses a three year old survey in concluding that this was the most favorable location for the center and park area.

Within the past year village planner Carl Gardner recommended Oakton and Milwaukee as the focal point of the village and (Continued on page 3)

## Trustees Approve \$150,000 Loan

In a 12th hour special meeting Thursday night the village trustee's approved the borrowing of \$150,000 in tax anticipation warrants. The money, which is borrowed from the Water Fund at a 3% interest charge, was needed due to excessive spending and costs which exceeded anticipated revenue. Mayor Stan-kowicz estimated figures which indicate that these costs plus the delay of tax monies due the village by the County treasurer's office has resulted in this loan.

Estimating that costs to the end of the 1959-60 fiscal year will total \$280,000 for 7 months or roughly \$40,000 monthly. The Mayor then estimated the anticipated revenue during this same period. He said a round figure of \$50,000 could be expected from sales tax, money, \$50,000 from vehicle tax money (Continued on Page 2)

In spite of recent property tax increases, the board felt that this referendum should be offered to the residents due to the fact that every year, in fact each month and almost every day finds large tracts of land being used for commercial, industrial, multiple and single dwellings, with no provisions being made for Park and Recreation use.

If successful, the bond issue would enable the Park District to purchase a large tract of land and develop the grounds and erect a combined Community and Recreation Center. The proposed building would house facilities for a two floor library, 4 meeting rooms, executive offices, kitchen area, gymnasium, locker rooms for gym and swimming and warm up rooms for ice skating. The board sincerely feels that a building of this nature would provide adequate social and recreational facilities for all ages and groups, 12 months of the year.

Mr. Schreiner stated that this referendum would cost a taxpayer, whose home had an assessed value of \$8,000.00, about \$14.00 per year, which breaks down into approximately a dozen cups of coffee per month; a pack of cigarettes per day or 1 1/2 miles of driving per day, a small sum indeed to have at your disposal the multiple use building and grounds being offered.

Saturday, Oct. 24th, the polling place located at the Niles Public Library on Waukegan near Oakton, will be open from 6:00 a.m. to 6:00 p.m.

In order to vote, a citizen must reside in the state for one year, 90 days in the county or 30 days in the Niles Park District.

# Trustees O.K. Loan

(Continued from Page 1)  
and \$100,000 from the County Treasurer's office for money due the village from 1958 tax money. Thus, the \$150,000 is actually being borrowed against the 1959 tax monies which are also likely to be late as are the 1958 monies. Adding the Mayors' figures they total \$200,000, which is still \$80,000 short of the expected ex-

pense which will be forthcoming by the April 30 date. The Mayor mentioned expenses for an auxiliary pump, a street sweeper and fire equipment totaling \$28,000 which were among the unforeseen costs which would lead to this necessary loan.

Actually, the village is borrowing from one account and paying a second account interest for the loan. However, the monies which are used for the water account, where the money is being borrowed from, can only be used for activities concerning this water area. Mayor Stankowicz added that the water account now has about \$300,000 - \$200,000 in capital plus \$100,000 in government securities which is now in reserve.

## Troop 45 Scout News

### Camporee

Scoutmaster Jack Eaton, Assistant Scoutmasters Bob Crandall and Henry Schafges and 21 Scouts from Niles, Troop No. 45 attended Maine Ridge District Camporee at Illinois Beach State Park at Zion, Illinois from Friday night October 9, to Sunday afternoon, October 11th. Advisor Paul Blevins of the Explorers was also on hand.

The Scouts of Troop 45 distinguished themselves by winning three red ribbons for second place.

In spite of the inclement weather, everyone had a good time.

**CHATTER MATTER**  
by Dorothy Schreiner  
NI 7-9887  
It's another boy for Mr. & Mrs. Albert De Lorenzo, 7411 Main St. Baby Robert Albert was born at the St. Francis Hosp., on Oct. 2 and he weighed 7 lb. 13 1/2 oz. Anxiously waiting at home for the little brother were: Danny, Margie, Susie and Davey.  
Congratulations to Mr. & Mrs. Norman Sansom, 7642 Kedzie, who were married 14 years ago on Oct. 16. Irene always looks like a brand new bride.  
Best wishes are sent to Mr. & Mrs. Wm. O'Shea, who will be married 1 year on Oct. 25th. Since the first is always a paper anniversary, I hope Judy and Bill get a bushel full of dollar bills.  
Phil LeTourneau stopped at the Teen Dance a couple weeks ago, so that we could all meet his new wife. Phil was so proud and he has reason to be. Elizabeth is the sweetest young lady. At present they are living at 8323 Newland. Best wishes to you both, from all of us.  
Birthday greetings to: Ralph Gruenwald, who celebrated his birthday at the Illinois Uni. on Oct. 21. Miss Denise Spencer who had her 11th birthday on Oct. 17 and invited a few of her friends over to help her eat birthday cake. Miss Laura Eagan, youngest daughter of the Ray Eagan's, will be a Teen on Oct. 24. Miss Jackie Bolek will be 12 on Oct. 26. Jackie is the daughter of Mr. & Mrs. Jack Bolek, 7515 Mulford. Her dad is the captain of the Niles Volunteer Fire Dept. Little Phyllis Lesniak, daughter of the Ed Lesniak's will have 2 big candles on her cake, on Oct. 29.  
Glad to report that after his operation at the Alexian Bros. hosp., Mr. Gordon Maypole, 8215 Osceola Ave., is feeling much better and is home once again.  
Mrs. Alfred Ascuito, 8107 Osceola, went to the Weiss Memorial Hosp. for observation and remained for an operation. Jo is feeling fine now and should be home at this time.  
Mr. Glenn Miles, 8100 Oconto, went to the Mayo Clinic for another check up and the Doctors were all amazed at the way he has improved. Glenn just proves that you can't keep a good man down. Everyone is so happy for you.  
The Russel Theis family of 7519 Main St., is very happy because the old lady is feeling fine again after her recent operation. Oh, I don't mean Mrs. Theis, I'm talking of their dog Topsy, who is affectionately called old lady by the whole family.  
Little Terri Kull whispered to me in church that while big sister Barbara and Mommy (Mrs. Jack Kull) were on an overnight hike, she and Daddy were "batching" it. Looking at Terri's smiling face and Daddy's proud one, they must have taken care of each other just fine.  
Mr. & Mrs. Wm. Shea, 8329 Oketo, had a couple of youngsters visit them for a week. Bill's 2 uncles, 84 yr. old Mr. Thomas Shea of Providence, R.I. and 78 yr. old Edward Shea of Berkeley, Mich. were the house guests. They enjoyed watching the World Series on TV and doing some resting.  
A welcome is extended to Mr. & Mrs. John LaGrappe and their daughter Lorry, who moved to Niles from Chicago. Their new address is 7435 Main St. Extra happy over the move is Mr. & Mrs. Joe LaGrappe, because now they feel they will have convenient baby sitters. Just don't forget folks that the rate in

Mr. & Mrs. Wm. Shea, 8329 Oketo, had a couple of youngsters visit them for a week. Bill's 2 uncles, 84 yr. old Mr. Thomas Shea of Providence, R.I. and 78 yr. old Edward Shea of Berkeley, Mich. were the house guests. They enjoyed watching the World Series on TV and doing some resting.  
A welcome is extended to Mr. & Mrs. John LaGrappe and their daughter Lorry, who moved to Niles from Chicago. Their new address is 7435 Main St. Extra happy over the move is Mr. & Mrs. Joe LaGrappe, because now they feel they will have convenient baby sitters. Just don't forget folks that the rate in

**REXALL Rubbing ALCOHOL**

2 for 36c  
Ideal food and beverage sweetener.

**Community Recreation Center**  
  
This is a picture of the proposed \$375,000 community center. voters will consider at Saturday's election. The center plus the 52 acre park, which includes 2 swimming pools, 6 baseball diamonds, an outdoor ice-roller rink, picnic area and parking facilities, are included in the \$1,400,000 Park Referendum. Voters will vote at one poll at the Niles Public Library, 7944 Waukegan Road, just south of Oakton Street. The poll will be open from 6 A.M. to 6 P.M.

**EDITORIAL**  
(Continued from Page 1)  
recommended this area as his first choice for a community center. While THE BUGLE does not believe either area is desirable because of the heavy traffic in the two areas we do believe many more months of planning should have been given this most important prototype of such centers, is amidst a residential area where there are no traffic hazards. There are many such areas in Niles including the locale between the Oak School and Notre Dame-High School as just one example. The park board's concern for the multiple dwellings was so vehement they did not give serious consideration to any other area.

3. The problem concerning most residents evolves about the cost of the land. The commissioners state they based their figure for the area on an appraisal of a 2 1/2 acre plot about 1 1/2 blocks south of the corner of Oakton and Waukegan, an area which borders the questioned property.

4. Regarding the maintenance of the community center THE BUGLE has asked the question several times if the assessed valuation of Niles is sufficient to support such a center, let alone the whole park area. Again no commissioner can answer this question. The Skokie recreation director said he did not believe this town could support such a center and no commissioner has even attempted to answer nor to find the answer to this question. One commissioner contends the "fees" from the pool will be sufficient to maintain the center. This may be true but again there is no assurance this will happen.

5. In Skokie the park board took nine months and thirty-six changes of plans before presenting their referendum to the voters. In Niles the board has attempted to accomplish a similar action in two months. We do not believe this is fair to the voters whose money will be used for these plans. The voter is too poorly informed. Since it is the voter's money he has a right to a thorough knowledge of the problems concerning such a referendum.

6. A most disturbing sidelight to the referendum is the one voting poll in the town. The commissioners contend it is being done as an economy move. THE BUGLE interprets this as an affront to most of the residents in the village. Is it a coincidence that the one voting poll is in the center of the area most convenient to persons favoring the referendum? Residents who may oppose the vote, likely living at the extreme ends of town, are being given unfair obstacles to vote. Mothers who normally walk to their neighborhood poll will be disenfranchised unless they get a baby sitter to tend the children, and an automobile to drive to them to the polls. Neighbors within walking distance of the polls do not have these problems. Residents south of Touhy, west of Milwaukee and north of Main Street should have the same privileges as all other residents. The commissioners, elected by ALL the people of Niles, are spending the tax dollars of ALL these people.

Since first publishing THE BUGLE we have written about the great need for a civic center... and we have urged its creation almost periodically for the last 2 1/2 years. Now that we have an opportunity for one we cannot bring ourselves to believe that the end justifies the means... and at an undetermined cost. The publisher has helped create the only 2 civic groups formed during this period to create and promote a community center. We share the responsibility for the referendum for the 0-6 Library Tax and we have supported every school bond issue that has been presented in Niles.

We know the great need for a community center and feel dismayed at the approach that has been given to this referendum. Despite our frustration we have the word of Park Board President Lou Schreiner, that in the event this referendum is defeated he will strive again to seek ways and means for the building of a center. Given more time and study we're sure the Park Board can present a more capable plan which will be of the greatest benefit to the greatest number of residents... a plan which will serve the Niles of tomorrow as well as the Niles of today.

**Lay Cornerstone At Lutheran General Hospital**  
In spite of adverse weather conditions, an estimated 3,000 persons attended the Cornerstone Laying Ceremony at Lutheran General Hospital Sunday. Strong winds made it necessary to hold the program inside the new hospital located on Dempster Street in Park Ridge.

N. M. Nessel, hospital board president, placed a time capsule containing historical documents in the cornerstone. These documents included the names of 10,679 contributors to the Building Fund, Articles of Incorporation, building contracts, Lutheran Deaconess Hospital and its School of Nursing materials, hospital trustees' names, newspaper clippings, and membership lists of the women's service organizations of Lutheran Deaconess and Lutheran General hospital.

In the featured address, Ray E. Brown, President of the Illinois Hospital Association, described Lutheran General as "one of the most magnificent plants to go up in the United States in many years." He said, "When the plans for this hospital came before the Hill-Burton Agency, they were so impressive that the largest grant in the history of the program in Illinois was made." He hospital received a federal grant of \$1,375,000.

Brown also stated that at 326 beds, the new hospital is one of the largest completely new hospitals in the country. He referred to a seminar put on by the Lutheran General trustees as a "pioneer move", and expressed the wish that other groups will duplicate this.

In discussing the many schools that will operate in connection with the hospital, he said, "Hospitals are not only a haven for the sick, they are also one of the most important educational institutions we have in this country. Educational programs at a hospital mean a high level of patient care."

Although the hospital will not begin serving until late this year, the entire second and third floors and part of the main floor were open for inspection. Many of the patient rooms have been decorated, and a patient room completely furnished was on display. A motorized bed, which is standard equipment in the new hospital, was demonstrated.

Plans are now under way for the Open House which will be held just prior to the opening of the hospital. The community will be invited to see all parts of the hospital and to inspect the vast amount of equipment which is to be installed in the coming weeks.

### Scout News

(Continued from Page 2)

plorers Post No. 45 of Niles wish to announce that the scouts will start their annual candy sale today. The scouts will be calling on you to give you the opportunity to order some delicious candy and also mixed nuts. Those of you who have ordered in previous years know how good they are. Your patronage will be deeply appreciated. If anyone desires any special service on these items, please call Mr. Russell Theis at Niles 7-8826.

### Paper Drive

The Boy Scouts of Niles Troop No. 45 will have a paper drive on December 5th, according to Scoutmaster Jack Eaton and Explorer Advisor Paul Blevins. If you have a lot of paper and the scouts have missed you in their previous drives, we will be glad to pick it up when you call Mr. Harold Massion at Niles 7-6795 or Mr. Henry Scharges at TAlcott 3-4709. The scouts wish to thank all the friends and neighbors who have cooperated with us on our previous paper drives.

### Woman's Club Show Tuesday, October 27

Final arrangements have been completed for the club's annual Fashion Show and Card Party to be held Tuesday, October 27, at Bunker Hill Country Club. The latest fashions, modelled by club members, will be provided by Maurice L. Rothschild, and Richards Swirl Salon of Niles will create the hair styles. Along with the many prizes and refreshments that evening will be the Grand Drawing for a complete 5 day vacation for two at Oakton Manor Resort in Pewaukee, Wisconsin. Second prize in the raffle will be a Sunbeam Electric Mixer. Who will be the lucky winners?

Tickets may be obtained by calling Mrs. Philip L. Bergeron, Ways and Means Chairman, at NI 7-8090, or by contacting any member of the club.

Residents of Niles who might have been curious about the chauffeur driven Cadillac in the area last week will be interested to know that the passenger was movie idol, Rock Hudson. He was in Chicago for the opening of his most recent picture and feminine hearts of all ages were afflutter over the mere proximity of the famous personality. His destination was Oakton Manor in general and 8303 N. Merrill in particular, the home of Gloria and Jim Matteoni. The star was Jim's school chum and best man at his wedding. He visited with them from the 11th to 13th of October. Some of the gals solicited and received treasured autographs and the teachers had some difficulty settling these young ladies down for the afternoon session of school.  
We have in past columns bid farewell to many former Nilesites and it naturally follows that hearty welcomes are extended to our newly arrived residents. Owners of the home at 8237 Elm are Marilyn and Don Swanson and their ten month old daughter, Jean. Little Jean will be enjoying much more of daddy's time now that his home refurbishing chores are reaching conclusion.  
Another family we have not welcomed with a friendly "hi" is the Stitts who are now living in the former Dormeyer home at 8110 N. Merrill. This family consists of Marion and Elmer, and sons, Tommy, 5, and Billy, fifteen months old.  
Laura and Bob Schulz are wished belated Happy Anniversary congratulation on the occasion of their lucky 13th anniversary October 12th.  
October 13th was Will Sellegren's birthday and when this reporter had the audacity to inquire which one it was, his wife, Lorraine replied "Oh, he was 35 again." Guess that will learn me.  
A sincere verbal pat on the back to Corlye Esser who on September 25th received his degree of Bachelor of Civil Engineering. He is to be commended for his perseverance for many years that I'm sure he cares to remember of night school classes often four nights a week and home work done with three little Essers running about. We are almost as proud of him as his wife, Sue, and wish for him a future of health and prosperity.  
Niles will lose two more families who have purchased larger homes in nearby Park Ridge. Marge and John Slahor, 7021 Fargo will celebrate next Christmas in a lovely new Stanton home.  
Jerry and Harold Thomas will be living just barely outside of Niles in the Kuntze development south of Oakton. Friends of these families are happy that they have relocated so close that there will be little or no interruption of social contact. Dorothy and Bill Baum were awarded a prize at the recent Niles P.T.A. Mardi Gras Dance for their superb execution of the Cha Cha. Glad to hear those dancing lessons are paying off materially as well as in the pleasure attained in being able to dance well.  
Late vacationers are Mable and Bill Rolia who have recently returned from a trip which in-

### Women's Club Set-Up Free Clinic For Polio Shots

The Public Welfare Department of the Women's Club of Niles under the chairmanship of Mrs. Howard A. Payne will set up a temporary clinic for the purpose of administering the full series of polio shots free of charge to all residents of Niles who do not now have this protection.

The committee for this project has obtained the permission of the Niles Public Library Board to use space in the library for this public service. The dates selected are November 11th and 12th, December 9th and 10th for the first two shots and the final one will be given on June 8th or 9th. In addition to the polio shots tetanus and smallpox shots will be available.

The vaccine will be made available through the cooperation of the Chicago Board of Health.

Medical and technical personnel will be needed to be in attendance on the dates of the program. This includes doctors, nurses and laboratory technicians and clerical help. A plea for volunteers is extended at this time. The project is for the benefit of all residents of Niles and

### St. Joan of Arc Square Dance Saturday

Swing your partner round and round at the 4th annual "Harvest Time Square Dance" sponsored by the St. Joan of Arc Circle of the St. John Brebeuf Women's Club. It will be held on Saturday, October 24th in the school hall, 8201 Harlem Ave., Niles, Illinois, at 8:00 P.M. Ralph Glading will do the calling and refreshments and an evening of fun is guaranteed. So, come one and all! The donation is \$2.00 per couple. For tickets please contact Mrs. John La Gorio, NI 7-6468 after 6:00 P.M. Tickets can also be purchased at the door that night.

**AVOID LAWN LET-DOWN**  
Fertilize now with THRIVE® for 3-season results

Put new beauty in your lawn this fall

Thrive's uniform nitrogen content and balanced nutrition combine to give you a rich, luxurious lawn this fall.

Protect your grass from winter ravages

Thrive's special soil "vitamins" develop deeper, stronger roots—grass can better resist frost heaving, snow mold, winter kill.

Get a greener, healthier lawn next spring

Thrive's long-lasting nutrients are ready to feed your grass in the spring and get it off to a great, green, healthy growth again.

Fall fertilizing is recommended as the best time to put back the nutrients your lawn needs after the long growing season. Thrive is recommended as the best lawn food you can buy for complete nourishment this fall that will last through winter and still be available next spring.

You'll like the way Thrive works. Its uniform granules won't blow away or get picked up in grass clippings. Thrive also is non-burning, odorless, dustless, free-flowing and easy-to-apply. For fall feeding, one bag of Thrive at \$5.95 covers 5,000 sq. feet: a lawn area 50 x 100'.
