From The Left Hand Burglars "Chisel" \$7455 From Lytton's Over Weekend

Burglars chiseled their way through the north wall of Lytton's Golf Mill store Saturday night or Sunday, and stole approximately \$7455 in checks and cash from two safes in the store.

After Lytton's grand opening weekend robbers hammered a two foot by two foot hole into the building. They cut out a small safe with \$1455 in it and broke into a larger safe and stole the additional \$6000.

Sunday evening store manager Vince Johnson entered the store about 7:45 p.m. He immediately saw clothes laying on the floor of the hole in the wall. He notified Niles police who said they believe the robbery took place Sunday evening just before Johnson gained entrance to the store.

The chiseled wall was about one foot thick which they used as an entrance to the new store, Niles police said the burglars

Fur Bandits Elude Police In Park Lane

A search in a 40 acre field at approximately 8201 Greenwood failed to locate one or more fur bandits Friday night who robbed a Mount Prospect Fur Shop of \$50,000 in furs.

The truck and scrambled in four directions. A couple went in to the forest preserve and 2 others were spotted in the Forest View and Virginia area in Park Ridge. Niles detective Ed Dennis, accompanied by Park Ridge Police Chief Christensen, exchanged gun fire while flanked alongside the Northwest Railroad in the Busse-Oakton area.

The robbers, fleeing south from Mount Prospect, were spotted by Park Ridge police in the Oakton-Algonquin area. The police were successful in stopping a panel truck with some of the men in it. A car with the remaining robbers however escaped.

The men escaped to the Greenwood area where police from neighboring towns converged in a futile attempt to capture the bandits.

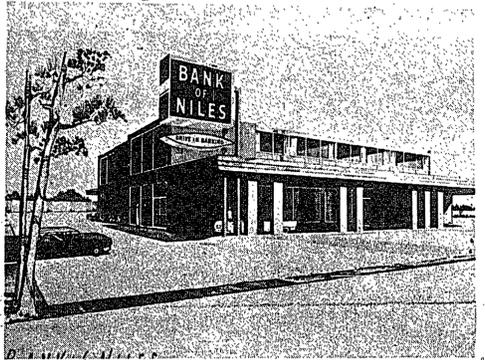

When the panel truck was side tracked three or four men left

TA 5-6678 VOL. 4 NO. 12 THE NILES BUGLE, THURSDAY, OCTOBER 20, 1960 10c PER COPY

New Park Referendum Nov. 1

Culmination of more than two years of planning will be this striking new building now being constructed for the Bank of Niles. Located at 7100 West Oakton Street, just west of Waukegan Road, the bank plans to open in a few weeks. It will be the only established bank in the Village and will offer complete banking services including drive-in windows.

Bank Of Niles Being Readied For November Opening

Workmen are scurrying around about the glistening new Bank of Niles building which is being readied for occupancy early in November.

Situated near the strategic intersection of Oakton and Waukegan Road, the bank is located in the very heart of Niles. It is conveniently accessible to all residential, commercial and industrial areas of the Village.

The Bank of Niles, formed and owned by local businessmen, will offer a full range of services, thus relieving the current need to bank in neighboring communities.

A special feature of the bank — one not found in most banks today — will be full banking services at any teller window. This means that depositors may deposit to checking, savings or Christmas Club accounts; cash a check; make a savings withdrawal; purchase a personal money order or make a payment (by coupon) on an installment or real estate mortgage loan, all at one window.

"We have done everything possible to bring Niles the most up-to-date banking facilities to be found anywhere," said Anton A. Smigiel, president. "We studied the operations of many other banks and then tried to combine the best features of them all."

As an addendum, the Golf Mill annexation hinged on the supplying of water to that area, Morton

Continued on page 7

Smigiel Is Cited For Law Enforcement Re-Run Oct. 11 Issues

Niles goes back to the polls Tuesday, November 1 for a re-run of the October 11 park vote which lost by 17 votes.

Meeting Monday night the Park Board took this action after several Homeowner Association as well as individuals pleaded with the Board to re-run the referendum. Several residents reacted to last week's editorial in THE BUGLE which suggested that interested persons should petition reports within three days to determine whether the offender's license should be revoked.

Leaders among those sending reports to the secretary's office were Edgar C. Lundberg, Park Ridge, 5,468; Lee Hamburg, of Northbrook, 7,076; Maurice Zarit Northbrook, 1,768; Anton A. Smigiel, Niles, 1,657; and Glen McGee of La Grange, 1,560.

Keith Glading Is Merit Scholarship Semifinalist

We were very happy and proud to see the name of Keith Glading among the National Merit Scholarship Semi-Finalists from Niles Township High School. When Keith entered Niles, he continued the excellent record he had begun at Niles Public School. Congratulations and best wishes to Keith and his parents.

Continued On Page 7

Press Twins Are Semifinalists In Merit Scholarship Exams

Fifteen seniors from Maine Township High School East are semifinalists in the National Merit Scholarship examinations according to L. W. Rozdalovsky, director of student personnel at Maine East.

Among the fifteen students are Barbara and Carolyn Press, twin daughters of Mr. & Mrs. J. Press 8307 Merrill, Niles. They are seniors at Maine Township High.

National Merit Scholarship authorities select semifinalists on the basis of the sum of the five standard scores made on the subtests of the qualifying test.

Niles First In Increase Of Businesses In County In 1960

Editorial Niles 1961

Where is Niles heading in 1961? Will Niles move forward with a dynamic thrust or will she whirl around in the same confusion we have witnessed during the past year?

1960 was certainly not a year of great production. While the increase in commercial activity was great, the groundwork for its existence,

1960 will best be remembered for the creation of the new zoning ordinance (which was planned in 1959). Actually, the passage of the fire station referendum is the major progressive step of significance.

In 1961 we will see the passage of the new zoning ordinance. This will certainly be a step of major importance.

But how can Niles begin to move more dynamically... to leap frog forward rather than to move at a snail's pace?

VILLAGE MANAGER
The first step toward any major progress must start at the very top. The hiring of a village manager is a must if Niles is to move forward, even on a par with her neighbors who have had managers guiding their ships of state. We assume the hiring of a village manager will come to pass after next April's election.

SALES TAX
After a manager has been hired the planning the use of the new found sales tax bonanza must take place.

Certainly a program of PLANNED street-lighting and sidewalks will be in the forefront to utilize this money. An over-all village-wide plan rather than aiding local neighborhoods should certainly be considered.

COMMITTEES
With the increased complexities of running Niles citizen committees could be formed to aid the trustees in lessening the burden. Rather than have the village fathers being members of 5 or 6 committees we could borrow a page from Morton Grove by letting non-political residents serve on village committees. This type of committee-activity would arouse more community interest and would involve more Nilesites in their government... both worthy considerations. Many committees could then be created at one time to form a sort of crash program of progress for the village.

SIDEWALKS AND STREET-LIGHTS
One committee might study the sidewalks' and street lights' problems.

PUBLIC TRANSPORTATION
A second committee could work on the problem of bringing public transportation to Niles. They might contact the shopping center interests which would certainly be interested in such a plan.

RECREATION NEEDS
A third committee might study the recreation needs of the community, working as a liaison between the village and park boards.

PUBLIC RELATIONS
A fourth committee could concentrate on public relations. Their aim could be selling Niles to new industry and creating a more positive image for Niles. A constant flow of news releases could be aimed at the Chicago newspapers; weather temperatures could be sent to all the radio and TV stations; industrial magazines could be sent stories emphasizing Niles ideal location for interstitial (highway) commerce.

LIASON COMMITTEE
A committee could be set-up to act as a liaison between the village board and the many civic groups in the village.

MEDICAL NEEDS
A committee to investigate the need for public medical service.

Continued on Page 7

Seeks To Reapportion 13th District

30% Gain During The 1960 Year

Laurence A. Kusek, who ran on the Democratic ticket for Congress from the 13th Congressional District in 1958, announces the formation of a committee for the purpose of seeking reapportionment of the 13th Congressional District into two Congressional Districts by the coming State Legislature.

Niles had the highest percentage increase of businesses in suburban Cook County during the 1960 year, according to statistics released by the Chicago office of Dun and Bradstreet. Niles business community increased from 247 businesses in January 1960 to 321 businesses by January 1961 or an increase of 30%. Northbrook and Glenview followed Niles among towns with the greatest commercial growth in the County.

Mr. Kusek wishes to point out that the official census indicates that the present population of the 13th Congressional District is 900,000 people. Mr. Kusek further wishes to point out to the people of the 13th Congressional District that the average population of Congressional Districts in the State of Illinois will be 420,000 when the districts are reapportioned by the coming State Legislature. This means, Kusek contends, that when the Congressional Districts are reapportioned the present 13th Congressional District should be divided into two districts.

The following are the towns, their number of businesses and their percentage increases as recorded by for the 1960 year:

	1960	1961	%
Niles	247	321	30.0
Northbrook	163	207	27.0
Glenview	270	324	20.0
LaGrange	389	462	18.7
Skokie	814	959	17.8
Melrose Park	620	719	15.9
Arlington Heights	352	403	14.5
Morton Grove	258	292	13.1
Des Plaines	564	628	11.3
Oaklawn	510	554	8.6

An overall increase of 3.8% of manufacturers, wholesalers and retailers in the Cook County suburban area were recorded. There were 17,256 businesses as of January 1961 compared to 16,626 as of January 1960.

A logical division based on distribution of population in the 13th Congressional District, says Mr. Kusek, would be to form one Congressional District out of Lake County and New Trier and Evanston Townships and another Congressional District out of the remaining 10-1/2 townships. The remaining townships are Niles, Maine, Leyden, 1/2 of Norridge Park, Northfield, Wheeling, Elk Grove, Schaumburg, Palatine, Barrington and Hanover.

According to J.W. Hight, district manager of the Dun and Bradstreet offices in Chicago, the city of Chicago had a decrease of 361 businesses for the same period. He added that there were 307 business failures in the city last year compared with 287 businesses failures in 1959.

VFW Ladies Show March Of Dimes Film January 9

Ladies Auxiliary to Niles Memorial V.F.W. Post #7712 invites you to the new March of Dimes film to be shown on January 9 at Bunker Hill Country Club, 6635 Milwaukee Ave., Niles at 9:00 P.M. Refreshments will be served.

As one phase in revising credit reports and keeping them up-to-date, Dun & Bradstreet, through its national network of offices, writes annually to all businesses in each of the 50 states listed in the Reference Book (21 pounds - 4,541 oversize pages) to request their financial statements. This year, these requests are being sent to approximately three million businesses to the corner grocery stores worth a few thousand dollars as well as to business worth millions.

New Telephone Numbers For Village Offices

All telephone calls to village facilities should now be dialed to the individual department's phone number. The following telephone number should be used:
Fire Emergency...N17-2121
Police Dept...N17-2131
Fire Business...N17-2724
Village Clerk...N17-5485
Public Works...N17-7553

When the owner or officer of a business enterprise, or his accountant, fills out and mails his financial statement to Dun & Bradstreet, it becomes a part of the credit report on his business and a factor in determining the credit rating of his business.

Continued on Page 5

Mr. & Mrs. W. J. Reschke, 7064 Franks Ave., Niles, announce the engagement of their daughter Carol Marie, to Alirman First Class Robert Quid, son of Mr. & Mrs. A. Quid, 7844 Karlove Avenue, Skokie, Ill.

Miss Reschke is a graduate of St. Patrick Academy, and is presently employed by Bell & Gossett.

Mr. Quid is a Nilehi graduate, now with the Air Force stationed at Chanute Air Field.

The date of the wedding has been set for April 29, 1961 at St. Juliana's Catholic Church.

Ballard School Features Kids Movies

A movie "Merry Andrews" starring Danny Kaye and a Bugs Bunny cartoon will be shown for the children, Saturday January 21, 1961, Donaton 35¢. Performances are at 10:00 A.M., 12:00 P.M., 1:30 P.M. and 3:30 P.M., at Ballard School 8320 Ballard Rd, Des Plaines, refreshments will be available.

Winter Hoe Down Jan. 21 At St. Isaac Joques

Square dancing and "round" dancing will be combined at the WINTER-HOE-DOWN, Saturday, January 21, 1961 in the St. Isaac Joques Church Hall, 8100 Golf Road, Niles, Illinois.

Will Mills, professional caller, will be giving instructions along with his regular calls.

Casual dress is the first "call" of the nite; ladies—"flats"; gents—no ties.

During intermission refreshments include cider, cola and FREE popcorn.

"Enthusiasm for square dancing is very contagious", says Guild leader Mrs. Herbert Engberg, 141 Crescent Drive, Glenview, Illinois. "This very popular event is the first undertaking sponsored by our newly formed Guild 22 of the Catholic Wo-

men's Club of St. Isaac Joques Parish". Although all twenty members of the Guild are working actively, the coordinators for the WINTER-HOE-DOWN are: Mrs. Edward Breckenfeld, 228 Crescent Drive, Glenview, Illinois; Mrs. Ronald Dietz, 221 Crescent Drive; and Mrs. Danile Sledz, 234 Crescent Drive, Glenview, Illinois.

The "welcome mat" is out for everyone — especially newcomers to the parish. Dancing will start at 8:00 p.m. and end at midnight. Admission is \$2.00 per couple.

For ticket information call YOrktown 5-4517, Mrs. Breckenfeld or YOrktown 5-4751, Mrs. Engberg.

Community Chest Fund Tops 1959

The most successful fund campaign in the federation's history has been completed by the Niles Township Community Chest for Red Feather agencies serving Golf, Lincolnwood, Morton Grove, Niles and Skokie.

Nearing \$80,000 in payments and pledges, the united way project has topped the 1959 drive by some \$10,000, according to Jim Moran of Lincolnwood, general chairman of the all-citizens campaign which was launched last September. The Chest's first Red Feather crusade, in 1952 raised \$10,000.

"Our agencies and central services need \$125,000 for their 1961 programs to aid children, youths, grownups and families in our five-towns Chest area."

Mr. Moran emphasized, "We are far short of our need goal, but we are deeply grateful to all who have contributed; to the hundreds of voluntary campaign workers and to the individuals, families, commercial and industrial firms, service clubs, organizations and other groups that have given the united way for our united services.

"We are especially grateful to the many employers who made it possible for their employees to channel on-the-job contributions to their home town, either directly to their local Community Chest or through the Suburban Community Chest Council," Mr. Moran said.

Nilehi's Evening Classes Registration Begins Monday

Registration for Nilehi's Adult Evening School's spring classes begins Monday, January 16, and continues to Wednesday, January 18.

Necessary for the first class which begins Monday, January 30, registration can be made either in person or by mail. In either case registration must be made at Nilehi East, Lincoln and Niles, at the Mulford Street entrance from 7:00 P.M. to 9:00 P.M., or any time during the regular school day hours.

Orland Ruyle says no registrations will be accepted over the telephone, but those who wish additional information on any of the classes can get it by calling OR 3-0800.

Adult Evening School courses are made up of ten two-hour sessions. Each class meets one evening per week from 7:30 P.M. to 9:30 P.M., either in Niles East or Niles West high schools.

All persons 16 years old or older not attending regular high school are eligible to take non-credit courses.

Students who are 21 years old or over and have never received a high school diploma may take the supervised home study program's high school courses for credit at the Adult Evening School in English, social studies, and mathematics. This program provides an instructor to help the students with personal learning problems and to administer unit tests. The student may progress as rapidly as time, knowledge, and ability permit. A student is required to attend one class each week for the entire ten weeks of the spring term.

College credit courses in Freshman Rhetoric and Composition and College Algebra are available again this term at the Adult Evening School.

Registration for the Rhetoric and Composition course is Tuesday, January 24, in room 107 at Nilehi East. Registration for the math course is Monday, January 23, also in room 107 at Nilehi East. Offered through the University of Illinois extension branch, these courses carry three semester hours each if the student has less than 95 college semester hours.

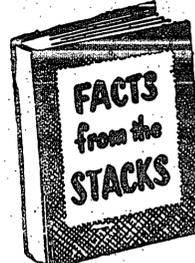

The Nilehi Adult Evening School offers 75 non-credit courses in academic subjects, recreational subjects, physical fitness and health subjects, homemaking and parenthood subjects, and technical arts subjects.

Featured also in the spring term is the continuation of the Travogue Series. Held in the Nilehi West auditorium, Edens and Oakton, the film-travel series has scheduled "The Philippines - Then and Now" Tuesday, January 10; "Beyond the Mighty Mac" Thursday, February 16; "Kayaks Down the Congo" Friday, March 10; and "Four Seasons of Scandinavia" Thursday, April 13. Admission for a single performance is \$1.00

Skokie Trust Pays Their First Dividend

The Board of Directors of the Skokie Trust & Savings Bank declared a dividend of thirty cents per share on January 7, 1961 payable to the stockholders of record of December 31, 1960. They also authorized the transfer of \$25,000.00 from undivided profits to surplus.

Skokie Trust & Savings Bank opened for business on March 14, 1957 and reports total assets in excess of \$10,000,000.00 as of close of business December 31, 1960.

Jean Fox, librarian

Everybody knows that winter is the proper time for tying flies, and Niles Public Library has some excellent books on the subject. Jim Quirk's FISHING THE NYMPH gives important and helpful advice on every phase of fishing the nymph for trout. It deals with the selection of lures and other tackle, casting, stream reading, knot tying, and fly building. The book ends with a dictionary of 75 types of flies commonly used, with illustrations and a list of materials. A FLY FISHER'S LIFE, by Charles Ritz, is the sum of a famed fisherman's theories, mechanics and experience in fly fishing. It describes the mechanics of fly fishing, the making of good fly rods, lines, leaders and artificial flies; the reactions of fish toward wet and dry flies; and the different schools of fishing.

But there are other occupations equally suited to winter, such as ceramics, magic, sculpture, J.A. Stewart's CERAMICS FOR ALL is a compact handbook for beginners, covering models; molds; casting; finishing; decoration; bisque firing; glazing; glost firing; kilns. "There is room in the pottery field for every type of expression," the author says. "Many ceramists lean toward caricature or fantasy, others toward utilitarian pieces." Here is everything the beginner needs to know, and helpful ideas for the initiated, too.

Bruce ELLIOTT'S MAGIC AS A HOBBY, is a collection of tricks for which only simple, inexpensive equipment is required. The book is made particularly valuable by the helpful explanations of those methods by which the performance can be dramatized for total effect, both to mystify and to delight the audience. Not only will the beginner find this an introduction to a variety of not too elaborate magic presentations, but the more experienced performer will find among the scores of tricks described a number which are not usually included even in professional repertoires.

Lillian Johnson's SCULPTURE: THE BASIC METHODS AND MATERIALS, makes sculpture seem stimulating, absorbing, and comparatively easy. With this book at hand, the beginner need not feel frightened about making the first cut on a piece of wood or getting the feel for the first time of a malleable lump of clay. The author writes clear, step-by-step instructions for making armatures, modeling in clay, casting in plaster, and other materials, with the special problems of each; making reliefs, metal sculptures and mobiles. Clearly illustrated with photographs of each step and finished objects, this book will enable the student to create something of beauty for his

Honor Chief Pasek

Honor Fire Dept. Officers At January 28 Dance

Fire protection in the village of Niles is being administered by men of experience and dedication. Long recognized as one of the outstanding and best equipped fire fighting units of all suburban areas, the Niles Fire Department proudly points to the supervisory personnel of the department for its fine record of service to the residents of the village. These men are: Chief George Pasek, Asst. Chief, Ed Bacher, Capt. Charles Bacher, Lt's, Dave Hoppe, Albert Hoelbl, Robert Larson, and Robert Dittman, who boast a combined 132 years of service with the Niles Fire Department. Thirty-four regular and volunteer firemen are under the direction of these men who answer over 300 fire and other emergency calls a year. Since these

men are in constant danger of being injured, permanently maimed or killed in the line of duty, the Niles Firemen's Benevolent Association sponsors a dance annually to maintain a fund for financially distressed firemen's families.

This year's dance is being held Saturday evening, January 28th at Bunker Hill Country Club, Johnnie Brewer supplying the music. Tickets which are \$1.00 each, will entitle the purchaser to take part in a drawing for a \$350.00 stereo-radio combination console which is now on display at the fire station. Firemen at this time are personally visiting each and every home in Niles to seek additional support for this annual benefit.

"Who Is Susie Scout?" Contest Seeks Top Scouts

"Who Is Susie Scout?" is it your daughter, a neighbor's girl or one who lives down the block? The answer to this question will be answered in the form of a "Susie Scout" contest now being conducted by the Public Relations committee of the Girl Scout Council of Northwest Cook County.

Each troop in this area has been invited to select one member to represent them. This girl is the one who attends meetings regularly, wears her uniform properly, takes an active part in the troop and discussions, does all jobs assigned her, knows and understands the meaning of the Promise and faithfully lives up to the Promise and Laws not only at troop meetings but at home and at school.

For the Intermediate and Senior level scouts, additional qualifications are to know the history, founding and present scope of Girl Scouting, the meaning of special days, and knows in general the Council organization.

After the troops have chosen their representative, each Neigh-

borhood will be grouped and a selection of two "Susie's" for each Girl Scout level (Brownies, Intermediates and Seniors) will be picked by the screening committee. The final judging will select two girls from each Scout category for each district in the Northwest council. Winners will be announced Girl Scout Week March 12, 1961.

The winners will be called on from time to time throughout the year to pose for pictures and make public appearances as a representative of her sister scouts in her district.

There are two districts in Niles Township. District 1 is Skokie and Lincolnwood and the publicity chairman is Mrs. Hilbert, Zukerman, 7009 Keystone, Lincolnwood. District 6 covers Morton Grove, Golf and Niles and the publicity chairman is Mrs. Arthur Bontze, 8725 Appleton, Morton Grove. Both Mrs. Zukerman and Mrs. Bontze serve on the Public Relations Newspaper Writers committee for Northwest council. Mrs. Richard Payne, 3940 Laramie, Skokie, is the chairman.

Ballard School P.T.A. Meeting January 16

Washington - Ballard School P.T.A. will have as their guest Dr. Earl Wiltse, Supt. of Maine Township for the Jan. 16th meeting. Dr. Wiltse will speak on "Implications of Explosions in Population and in Knowledge." The meeting will be held at Ballard School, 8320 Ballard Rd, Des Plaines, January 16th, 1961 at 8:15 P.M.

Leonard J. Brown Plumbing. 3501 BOSTON PARK ROAD, ILL. TELCOT 3-5111

Brownie Xmas Party Also A Surprise Birthday Party

On December 22, 1960, the third and fourth grade Brownies from St. John Brebeuf School had a Christmas Party at the home of Mrs. James Kramer, 8206 North Nava, Niles, Illinois. All thirty Brownies were able to keep the news of this party from Mary Beth Kramer so that the event was also a Surprise for Mary Beth's eighth birthday. Individual Gifts and Christmas Stockings for each Brownie, along with Birthday and Christmas cakes, made the day festive for all concerned.

Edward Kelly Enters Professional Commerce Fraternity

University of Illinois students have been initiated to membership in Alpha Kappa Psi, national professional commerce fraternity.

Earl G. Planty, professor of management, U. of I. College of Commerce and Business Administration, was speaker at the initiation banquet Sunday (Dec. 11) in Illini Union.

Alpha Kappa Psi, the country's oldest and largest business fraternity, was established in 1904 at New York University and now has 135 chapters at schools of commerce in the United States. Epsilon chapter at U. of I. was founded in 1913.

New members are: Edward F. Kelly Jr., 7132 W. Monroe, Niles.

LUTHERAN GENERAL HOSPITAL

Two The Hospital Door

The time is 10:40 a.m., a busy time for a hospital, anywhere. The place is Lutheran General Hospital, and the daily hospital routine is well underway. Patients are being admitted; the babies are being brought to their mothers; laboratory technicians are busy with tests; operations scheduled for that day are now well underway. Suddenly the corridor lights dim and the power falls.

What happens in a large hospital, filled to capacity, as was Lutheran General, when the power fails. Few if any of the patients were aware of the drama being enacted in the boiler rooms. Normal hospital routine continued without interruption. Perhaps the only noticeable change was that more volunteers converged on certain vital areas of the hospital, directing traffic and explaining the situation to visitors and requesting their patients while the power was being restored. Hospital personnel, constantly alert to guarding the health and welfare of patients, immediately reported to assigned stations. Student nurses, off duty, returned to their last station; housemen reported to the nursing floors to assist the nursing staff in connecting the emergency outlets as needed to keep oxygen equipment operating. When the power failure began and the current dropped off, the 350 horsepower caterpillar diesel emergency unit immediately kicked off and picked up the excess load. This automatic emergency unit, operating on its own generator, supplies power for Surgery, Delivery Rooms, Emergency Rooms, X-Ray and Blood Bank. It generates enough power to keep all stairwell lights on and gives limited corridor emergency lights, plus keeping elevator pumps in operation.

Niles Township Schools Receive \$300,000 Monday

Monday is a big day for the ten Niles Township elementary school districts when Walter Reschke, township supervisor, and Leonars Ash, township clerk, will distribute \$300,000 to these groups.

"In many cases," said Mr. Reschke, "the additional money could be used to add on another classroom or help pay the bond indebtedness of the schools."

Both Mr. Reschke and Mr. Ash spend endless hours between January and June 1960 working with the local school districts and organizing the advisory referendum ballot. Our citizens voted in favor of the referendum by a margin of eight to one last June 21st.

The \$300,000 is part of the township fund which totals around \$450,000 at the present time.

The township board has managed to save this money in their past years of office in order that it be put to such

Cerebral Palsy March Sunday Afternoon From 1 To 4

Community chairmen for the 53 minute march on Cerebral Palsy today appealed to everyone to contribute generously on Sunday afternoon, January 15 between 1 and 4 P.M., when thousands of volunteers will canvass their neighborhoods for donations. All contributions will go to United Cerebral Palsy for services to Cerebral Palsied children and adults in Cook, Lake, DuPage and Kane counties, and for research projects.

Mrs. Samuel E. Meyer, 7845 Octavis is the community chairman for the Niles area assisted by the following captains: Mrs. Dimmy Andrews, 8148 Oak Lane; Mrs. Wesley Struck, 8047 Ottawa; Mrs. Richard Udell, 7329 Lill St.; Mrs. John Hardyman, 7800 Waukegan; Mrs. Edward Beth, 8044 Octavia Ave.; Mrs. Louis Cipponeri, 7901 Oconto; Mrs. Donald S. Skier, 8506 Kedzie St.; Mrs. James Walsh, 7013 Seward; Mrs. Jonas J. Vihon, 7939 Octavia Ave.; Mrs. Richard W. Marcotte, 7554 Neva Ave.; Mrs. Steve W. Neveau, 6700 Harts Rd.

TEEN TALK

by Owen Goede
TA 5-1977

Hi Kids! How are you? I hope you had a wonderful New Year's Eve, I sure did. I suppose most of you were at some kind of a party as I was. Boy, you know, I almost think that New Year's Day and Christmas are just a little bit too close together. Parties get tiring after a while. Well, New Year's and Christmas are gone for another year, for better or worse, so lets get on with the business at hand.

I know you have all been waiting for the information on the contest I promised. If you remember, the top prize is a beautiful stereophonic record album. All you have to do to earn yourself this beautiful prize is to sit down and think over your school problems. How can your school be improved? This is the question you are to answer. Just write your answer to this question in essay form, not exceeding 300 words. After you have completed your essay, send it to the Niles Bugle, 8032 Milwaukee Ave. You may win! The top five essays will be printed in the column and the grand prize winner will be awarded a beautiful Stereo Record Album.

Just follow these simple rules:

- 1) All entries must be post-marked before midnight, February 28, 1961.
- 2) All contestants must be in High School.
- 3) All contestants must do their own work. Parents or friends must not give hints or help in any way.
- 4) Essays must not exceed 300 words in length.
- 5) Entries must include: name and address of contestant, age, grade in school, school attended.
- 6) Judges decisions are final. Winners will be announced in April.
- 7) Employees of the Niles Bugle or any members of their immediate family are ineligible.

Hurry and send your essay in now. Entries will be judged on the basis of Originality & nearness.

KERMIT CREAGER, 7929 N. Harlem, just was released from Lutheran General Hospital last week where he stayed for minor surgery. Sorry you had to be ill over the holidays, Kermit, but I've heard that they have some pretty cute student nurses there. Is it true? I really hope that you are feeling much better.

PRESTON (WEDGE) NIESEN, 8131 Elmore, just turned 17 on January first. I wish you a very happy birthday. Pres. A warning to all who may dare to venture onto the streets: PRESTON now had insurance for his car, so he will now be driving. Be especially careful when you go to Niles Drugs, as PRESTON just started working there. (I'm not teasing. Preston is really a safe driver!)

BOBBIE FREY, 126 Stolling Rd., Maine Township's Jr. Play-boy, is at work again. Bob now is beginning to turn his affections toward PENNY OSBORN, 2153 Walnut St. Sorry Penny, I can't help you.

The Niles Rocket Society had a second short static firing on Friday, December 30. Photos taken at this firing are not ready yet, but they should be ready for release by next week.

REMINDER: Be sure to start your essays. Remember the deadline is February 28. This is one contest you have a good chance in because I can almost guarantee that no more than 20 kids will enter. Most of you, to put it bluntly, are too lazy to indulge in such a contest. ALSO: Starting next week, the teen survey. The question, "Do you think that graduation from High School should be compulsory?" Comments to this question will be taken over the phone and printed in the next Teen Talk.

Prepare For Safety

Busily preparing materials for a safety meeting of The Woman's Club of Niles are L. T. R., Mrs. Howard Payne, Public Welfare Chairman, and Mrs. Phillip Bergeron, Safety Chairman. Mrs. Payne is holding a first aid kit, Mrs. Bergeron has a resuscitator used in mouth to mouth resuscitation, and a booklet entitled "What To Do About Home Injuries", published by the National Safety Council.

Home Safety Program Highlights Woman's Club Meeting

The January General Meeting of The Woman's Club of Niles will be held on Wednesday, January 18, at the Bunker Hill Country Club, 6635 Milwaukee Ave., at 8 P.M.

A very important program on home safety has been prepared by Mrs. Phillip Bergeron, Safety Chairman of the club, Mrs. Howard Payne, Woman's Club Public Welfare Chairman, and Mrs. William Egan, Safety Chairman Tenth District, Illinois Federation of Women's Clubs.

clearly illustrates how to apply mouth-to-mouth resuscitation. A question and answer period will follow.

Through the wonderful cooperation of Mr. Al Green of Niles Drugs many valuable door prizes, pertaining to safety, have been secured for this meeting.

A White Elephant Sale will follow the program.

Hostesses for the evening are: Mrs. Leroy McComb, Mrs. David McCormack, Mrs. William McEnerney, Mrs. Thomas McGowan, Mrs. Alex McNab, Mrs. A.G. Marchese, Mrs. Herbert Miller, Mrs. Michael Miloch, Mrs. Edward Mueller, Mrs. Larry Mullins, and Mrs. Alvin Neuhaus.

Pass Zoning Ordinance

creasing the rate for water taps.

Judiciary committee and entire board will meet January 18 to split precincts since 1800 new registrants have been added to the village rolls.

Referred to committee bids for a chipper and a fire snorkel (bids varied from \$46,000 up).

O.K.'d purchase of 2400 feet of fire hose (1-1/2 inch) at \$1.81 per foot.

Re-referred request for gas station zoning for Sun Oil Co. on northeast corner of Milwaukee and Ozanam. Landowner said there is a restrictive deed assuring commercial building on the property which had once been zoned for multiple dwellings. State fire marshal had stated the tanks were too close to neighboring property but the gas station interest said they would move them to conform with all safety factors. This will likely appear before the February 15 zoning board.

The trustee meeting was then adjourned until January 24.

vation to share the refreshments served will swell attendance. One more appeal to Oakton Manor residents asks for someone to serve as director on the board for south Merrill and another for south Washington. Please contact TONY GUARNACCIO at TA5-4584.

I promised some vital statistics and here they are. DIANE and FRANK HANSON of 8028 Wisner both agree that their very best present this Christmas was BONNIE LYNN born on December 24th at American Hospital. She will be equally adored by three brothers, FRANK, JR., 8, ROBERT, 5, and WILLIAM, 3. Congratulations!

As a town grower so does its one and only newspaper with its increase in staff reporters. Guess it just naturally follows that its first gossip columnist would get a swelled head and fight to take one more step up the journalistic ladder. This is the "swan song" for Esterically Edna. Thousands of people and homes are a natural field for stories of such interest they deserve more than a brief paragraph in a column with other items. This will be my new assignment with many thanks to my editor and chief.

If you know someone with an interesting hobby, an unusual home, extraordinary personality or unique possession please call the Bugle office at TA3-7845 or Edna Walger at TA3-8275. Just remember people are the most interesting studies in the world and we are especially interested in bringing to the readers of this paper stories that are refreshing and noteworthy. So keep us in mind when you meet someone who particularly impresses you or when you see something that is exceptional, quaint, original or bizarre. We will appreciate your giving us a buzz.

Stacks

continuing pleasure.

FABRIC PAINTING, by B.G. Eades is a thorough discussion of the techniques, choice of material, and suggested uses by a practicing artist whose works have received loud acclaim. More important, a good part of the book is taken up with suggestions for producing individual designs. Many companies and art-suppliers offer textile and fabric-painting kits for the beginner or the amateur, but few offer enough variety of design and decoration. "Therefore," says Mr. Eades, "I have tried to prepare this book to fill those very important gaps for the painter, the potter and the amateurs in the various fields of craft."

Grete Petersen's CREATIVE LEATHERCRAFT contains everything you need to know to make attractive, unusual and very useful leather objects. Each item is so handsomely styled that it will look expensively hand-crafted rather than amateurishly homemade. You can make professional-looking, one-of-a-kind pocket books, billfolds, belts, gloves, sandals, a briefcase, umbrella cover, coin purse—and as you become more expert, jackets of suede or sheepskin. Leather, with its rich glow and supple feel, lends an air of luxury to even the simplest accessories. As a material it is readily available, inexpensive and easy to work with. As a hobby, leathercraft is ideal, for it combines relaxation with creativity to produce decorative and functional hand-crafted items.
