From The Left Hand

by David Besser
Editor & Publisher

Past Niles history will show that pre-election politicking begins slowly in the village and builds up to a climax shortly before election day. In a period of perhaps two or three weeks whatever sales appeal is aimed at the electorate is generally rendered just before election day.

In 1959 the trustee races were noted for their lack of engendering much interest. Trustee candidates trudged from one homeowner meeting to another and presented five minute biographies of themselves. Then a very insipid platform of principals would be stated, a few nonsequituous questions would be asked from the semi-dozed audience, and this was the totality of the 1959 campaign.

In this coming 1961 campaign the outlook, on the surface, would seem bright for a more intelligent campaign. There are several candidates who are unknown to the public and their success would seemingly depend on maximum exposure in the community. But if the candidates monotonously get up before a 25 person homeowner audience and rattle off their name, rank, serial number, etc., then we can expect little more than in 1959.

The first announced party, the Niles Improvement Party, gives an inkling that a little of the ta-ra-ta-ta of more noble campaigns may at last be coming to Niles. They have been working for more than a month organizing and rounding up supporters. They now intend having a February dance to lure workers and dollars to their campaign. They've ironed out a platform and have added a rousing party song to add a little flavor to the campaign. This is indeed a hopeful sign and we hope the other forces will show similar imagination. Stirring up the old town with some old fashioned oratory, agitating the ears of Nilesites with some raucous loud speakers, bellowing out tympanic melodies, is what is needed to awaken this old sleepy burg.

Getting down to particulars, three parties headed by Blase, Ciccone and Stanley will really be opposing Mayor Stankowicz. And the Mayor finds himself in the predicament of running with three unknowns if he offers the likely full ticket to the electorate. We had assumed two weeks ago that incumbent Marszalek would re-run for trustee but he emphatically denies that he will run again. Since it is assumed that Village Clerk Kozak will run alone the impression is that no one even wants to run with the Mayor. It leaves the impression that the Mayor is his own lodestone on any ticket and no one seems to want to help carry the Mayor's burden.

It has been more than hinted that the Mayor would be quite willing to run for village clerk one of two of the tickets which will run in April. But both groups have politely turned thumbs down on the proposal, ever aware that the lodestone at the Mayorality level would be equally burdensome even at the village clerk level.

Marge Lieske Candidate For Village Clerk

Margery Lieske, 8719 Elmore, has been selected candidate for village clerk on the newly announced ticket of Blase-Scheel-Szymanski-Wente. Mrs. Lieske is an employee of the Niles Township Community Chest and is vice president of the Crain Gardens Homeowner Association.

Firemen's Dance January 28

This group of merry-makers, all from Breen St., are shown having a good old-fashioned get-together at last year's Niles Firemen's Benevolent Dance. This year's dance will be held at the Bunker Hill Country Club on Saturday night,

January 28. Among these pictured are: Mr. & Mrs. P. Gallichio, Mr. & Mrs. D. Sykiewicz, Mr. & Mrs. C. Gonsiorek, Mr. & Mrs. R. Huelman, Mr. & Mrs. J. Ciba, Mr. & Mrs. J. Moreau, Mr. & Mrs. L. Lenahan, Mr. & Mrs. W. Lakowski and Mr. & Mrs. L. Klodzinski.

Kirk Laners Caught With Their Plans Down

A first class donnybrook is expected at the January 24 trustees' meeting when Kirk Lane residents will jam the village hall in hopes of reversing a zoning board decision for multiple dwellings at the east end of the Lawrencewood Shopping Center area. Unknown to many of the Kirk Laners is that the village board has already approved the ordinance which opens the door for the multiples.

When the trustees passed the new comprehensive village zoning ordinance, included in the new ordinance was the zoning board's recommendations for the multiples.

Kirk Lane residents had sat thru the December village board meeting anticipating action at that meeting on the specific zoning for the Lawrencewood multiple area. At that meeting a confusing sequence of events, was the cause of the expected donnybrook.

At this December 13 village trustees' meeting village president Stankowicz recommended the trustees take under advisement for study the zoning board recommendation for the re-zoning for the multiples. All trustees concurred in the routine recommendation.

Later in the meeting a communication was read from the Kirk Lane Community Organization regarding this parcel of property. The letter of objection was then referred to the village attorney for study, approved by all the trustees.

Kirk Lane residents at the meeting then requested that they be notified of the meeting in which action on the multiples takes place. But at this same meeting Trustee Sam Bruno, in charge of the committee preparing the new zoning ordinance, announced that the ordinance was in its final stages of preparation and intimated it would be passed in the immediate future. Thus, the ordinance concerning the multiples, which Kirk Laners were objecting too, was part of this new zoning ordinance which Bruno said would be passed soon.

Niles Park Election Is Set For Tuesday, April 4

At Thursday's Park Board meeting Niles park commissioners unanimously approved April 4 as the date for the coming park election. The date coincides with the township elections in both Maine and Niles Township.

Park Commissioners had their choice of either Tuesday, April 4 or Tuesday April 18 as the date for this election. The April 18 date is the date of the village election.

Park Board president Frank Jacobs, who will be running for one of the two 6 year terms, said, "I've had it with the village". Commissioner Lou Schreiner, who has two more years of his present term to fulfill, agreed with Jacobs saying, "I've had my belly full of the village". Both men were referring to the problems which developed when the park and village boards attempted to work together jointly. The most recent episode of conflict between the two groups concerned the dual referendums of the village hall and the second park community center referendum, which caused havoc at the polls. The problem of having to register for village elections but not for park elections contributed to this confusion.

Jacobs said the cost of the April 4 elections can be shared with the townships.

There will be two six year terms and one four year term of office to be voted upon. Jacobs will run for one of the posts, Commissioner Zalud and Dressel

will be completing their terms in office.

It is expected that Zalud will not run again, but it is likely Dressel will seek election. Dressel is an appointed official who has completed two of former Commissioner Giovannelli's six year terms. Because of the appointment, it is necessary that the remaining term be voted upon in the upcoming election.

Park Ice Derby Re-Scheduled For Sunday, January 29

Sunday's scheduled Niles Park Ice Derby was postponed because of wet grounds, or more accurately because of no ice. The unusual warm weather on January 15, which has a history of being among the coldest days of the year, forced the date to be changed tentatively until Sunday, January 29.

Petitions For Library Posts Available

Two trustees will be elected to the board of the Niles Public Library District on April 4. Anyone wishing to run for office may obtain the necessary petitions at the library at 7944 Waukegan Rd. These petitions must be completed and filed in the office of Edward J. Barrett, County Building, no later than February 13, 1961.

Rules For Filing Village Election Petitions

The following are the requirements for filing petitions for the April 18 village election.

January 23 is the first day for filing petitions which is 85 days before the election. February 27 is the last, 50 days prior to election. March 4 is the last day for withdrawal of petitions and March 4 is also the last day for filing objections to certificates of nomination or nomination papers.

Petitions must be signed by not less than 5% nor more than 8% of the total number of persons voting at the previous general election. The election in point was the police magistrate vote which included 541 ballots. Judge Stangiel received 537 votes, Tony Burke received 1 vote and three ballots were spoiled.

Stanley To Run For Mayor On Action Party Ticket

Trustee John Stanley will run for Mayor on the Action ticket, it was announced Wednesday morning. At a meeting Tuesday night the newly-formed group also selected Roy Berquist, 8401 Bruce Drive and Gregory Clark, 7218 Lill to run for two of the trustees' posts. A third candidate will be chosen at their next meeting.

Stanley said the ticket would not include a candidate for village clerk.

Trustee candidate Berquist is an attorney and Clark is a salesman.

Future plans including a platform for the coming election are still in the formative stage.

Park Board Candidates-6 Year Term

Carl Broholm

Frank L. Jacobs

Jack Leske

Jules Pandera

Carl Broholm, who has lived for the past three years at 7042 Howard Street in Niles, is not the type of man who says he should be a park district commissioner because he knows how to play baseball, football or anything else. Even though sports are a major interest to him, he realizes that his finest qualifications lie in the fact that park district administration requires alert and capable business sense. For this job he is well qualified.

Mr. Broholm has been employed for many years by a large wholesale food concern and at present occupies the position of sales supervisor. His education consists of the usual grammar and high schools as well as college training.

He has seen service in the United States Navy in World War II and completed officer's training in that branch of the service.

Carl, 40 years old, and his wife, Louise Mary, have been married for nearly 20 years. Unfortunately, they have not had the privilege of having their own children and, as a result, Carl has developed a keen interest in assisting the children of his community as can be evidenced by his wide spread activity in such areas of youth movements such as Boy Scouts of America, etc.

His local activities include membership in St. Juliana's Catholic Church and the Kirkland Civic Association.

It is therefore obvious that, in the light of these qualifications, Carl Broholm is one of the men best suited to represent you on your Park District. He is a man who builds and goes forward. He does not bicker and tear down.

On April 4th exercise your right and your privilege and elect Carl Broholm as your Park District Commissioner.

Frank L. Jacobs incumbent candidate for Park Commissioner of the Niles Park District is 44 years old and resides with his wife Mildred and daughter Carole, 17, at 8313 Wisner, Niles.

Frank Jacobs has been a business executive for over twenty-two years and in this position he is responsible for the hiring, training, directing and wage administration of over 1,000 employees. He is responsible for the preparation of payroll and supply budgets to run an organization of this size. This experience has been very valuable to him on the Niles Park Board. He was a member of the Citizens' Committee to form a Park District and was the first Secretary and Treasurer, and held this position for 4 years. He set up all the books and records, currently being used.

He is able, conscientious and completely acquainted with the program and objectives of obtaining well organized and supervised parks and recreation for all residents of this size. This experience has been very valuable to him on the Niles Park Board. He is a past director of the Oakton Manor Home Owners Association.

Jack C. Leske, running for 6 year term for Park Commissioner. Age 32 - Born and reared on Chicago's Northwest Side. Graduated from Illinois Institute of Technology with B.S. Degree in Chemistry. Has worked in the Research & Engineering Division of the A. B. Dick Company of Niles since 1951. Active in Chicago Park District Youth Instruction Programs until moving to 8639 Olander, Niles in 1956. Member of Niles Baseball League since 1957, an officer since 1958 and currently the President of the Niles Baseball League. His interest in the park youth program is shown by the fact that all this baseball work was performed without having his son (who is now 7) participating in the program.

Jack has three children - Debbie 9, Donald 7 and Leslie Jean 4. Jack, Barbara and the children attend the Niles Community Church.

If elected, Jack would strive to: 1. Improve the Niles Park District Recreational Program. 2. Improve cooperation between Park Board, Civic Government and Organization. 3. Expand park facilities thru 2-Step program. 4. Improve communications between Board and General public. 5. Bring the Golf-Mill shopping area into the Niles Park District.

Meet an experienced candidate for the office of Niles Park District Commissioner.

JULIUS PANDERA, a lifetime resident in the Village of Niles is making his first bid for public office by announcing his candidacy for Niles Park District Commissioner.

"JULES" or "MR. JULES" as he is known to his many friends and the children of Niles is well equipped for the office he seeks as is attested by his past experiences in the field of Recreation and Parks.

JULES attended the St. Hedwig Industrial School during his grammar school days; he graduated from Weber High School in the City of Chicago and completed his education by attending De Paul University where he received a degree in Physical Education.

JULES has been the Superintendent of Parks and Recreation Director for the Niles Park District for the past two years and was instrumental in initiating the programs and activities which are now in effect in the Niles Park District Recreation Program. Mr. Pandera is also a member of the Illinois Recreation Association.

Letters TO THE EDITOR

P.W. Department Extend Appreciation

Dear Mr. Bessert

The Niles Public Works Department wishes to extend its sincerest appreciation to the Niles Fire and Police Departments and the residents at 8503 Olcott and 8461 Osceola for their excellent response and assistance in saving the life of Theodore Marion, (one of our employees), while he was trapped in a cave-in.

During the entire rescue operation, everyone was cooperative and I believe that due to this fact, Mr. Marion was safely rescued in the shortest amount of time suffering only minor bruises.

Thank you again,
Niles Public Works Department
