### N.I.P. PARTY

Continued from Page 4

They have given us; moonlighting, foolish spending, absenteeism and poor cooperation with the Park Board and the Civic Associations - they have given us higher taxes and less and less to see for it - they have given us annexations without seeing if it was in OUR best interest. They have given us a record of irresponsibility.

We urge you to again - check the record of these people and decide what YOU want. Then on April 18th take "time for a change" and vote for the NILES IMPROVEMENT PARTY. ## Chicago Daily News Finds New Gambling Game In Niles

### Eagan, Leske, Niles Gets Pandera Win In Another A Landslide "Black Eye"

Ray Eagan, Jack Leske and Jules Pandera were elected by overwhelming margins Tuesday in the Niles park election for park commissioners.

Pandera and Leske had better than a 2 to 1 margin over Carl Broholm and almost a 3 to 1 lead over incumbent park board president Frank Jacobs, in the race for the six year terms.

Ray Eagan defeated incumbent Bill Dressel by more than a 2 to 1 lead with Anthony Loiacano running last in the three man race for the one position on the four year term.

Victory for Eagan and Pandera proved doubly satisfying, since they were forced to go into court before they could be placed on the ballot. Their petitions for park commissioner were rejected by the park board along with Broholm's and Loiacano's.

In a last day bid for one of the posts Jacobs sent a letter to residents in Niles attacking Pandera. In the letter it accused Pandera of "underhandedly negotiated to establish boundaries with the Des Plaines Park District to annex the Golf Mill area into Des Plaines". Pandera told THE BUGLE Tuesday the accusation was absurd and untrue. However, the letter was delivered to Nilesites on the day preceding the election, which is a method which generally prevents any rebuttal on the part of the accused (or the person criticized.)

The letter also criticized THE NILES BUGLE in several paragraphs.

It included the paragraph: "The editor of THE NILES BUGLE has appointed himself an authority on all branches of Village government which includes Parks, Schools, Library and the Village Board. He deliberately distorts the facts and prints untruths to mislead and confuse the public. According to Mr. Besser there is no one in public

Niles got another black eye in the Chicago newspapers Monday evening when the Chicago Daily News' editorial writer, John Justin Smith, revealed a new form of gambling which he discovered in four Niles taverns. While he did not name the taverns he said he would reveal the names of them to the Niles police. However, when THE BUGLE asked police chief Romey if he would contact Smith, as to these names, he curtly said "We'll do our own investigating".

THE BUGLE then asked Mayor Stankowicz about the report. He said he had not read the story and that we should contact his police chief. However, after this vague answer, Stankowicz intimated that this often happens during political campaigns and dismissed the article by referring the matter to "his police chief".

One of the central issues in the past weeks' village election campaigning is the seven gambling tax stamps which the federal government has issued to Niles businesses. Mayor Stankowicz and police chief Romey have heatedly denied that there is any such stamps in Niles. However, a Mayor candidate, Nick Blast, New Era candidate, said he checked with the Internal Revenue Service and substantiated six of the gambling tax stamps.

The following article by John Justin Smith, written in Monday evening's Chicago Daily News, is reprinted for Niles readers. Permission was granted by this newspaper

"My stars, the gamblers are going in for astrology. I found a new gambling game going in some Niles taverns. Astrology was used as a bait and coverup.

A reader tipped me off to this new racket. Manfully, I started out to investigate. That's what columnists sometimes do.

First stop was a tavern next door to the police station. What a spot to find gambling. Also,

### Lions Club Map Project A Success...And Gratifying

President Angelo Marcheschi of the Niles Lions Club announced the conclusion of one of the most gratifying projects ever undertaken by the Niles Lions Club. Under the very competent guidance of Chairman John Poeschl, the Lions Club distributed approximately 6100 street maps throughout the Village of Niles free of charge and will continue distribution through its advertisers, the Village offices and the Chamber of Commerce. The map was planned and printed by Sho-Way, a junior achievement company and the Lions Club is proud of the fine work turned out by this ambitious group of youngsters. So taken by the fine businesslike manner with which these youngsters conducted themselves, the Lions Club held a night meeting in their honor called it "A tribute to Junior Achievement" and had all of the youngsters from the Sho-Way Company as their guests. In addition, many officials from the various JA departments were present, among them being Mr. Thomas M. Prendergast, Executive Vice President, Junior Achievement Council of Chicago. The sponsoring firm, Rand McNally, was represented by Mr. Fred McDougal, assistant to the president, Mr. Harry Mankin, sales service manager and Rand McNally JA director, Mr. Conroy Erickson, Public relations department and three counselors who work with the youngsters, Mr. Adolph Bravi, Mr. Fred Knickrehm and Mr. Philip Smart. Mr. John Kimes, District manager of the north shore district

and District Governor John Dennis of district IF of Lions International.

Chairman Poeschl informed the members and their guests that this project actually accomplished four things; encouragement of JA, distribution of the map of the village of Niles to every mailing address within the Village limits, establishment of the Niles Lions Scholarship Fund and money to be placed in the general fund for continual support of Lions

## Wants Oakton Manor Cleaned Up

Board of Trustees  
Village of Niles  
8137 North Merrill  
Niles 48, Illinois

Dear Mr. Stanley:

The Oakton Manor Owners' Association has received several complaints concerning the unsightly and unsanitary conditions existing on the south side of Oakton Street between Milwaukee Avenue and Washington Street.

The rubbish which has been dumped in this section, now covered by the tall weeds, constitutes a rat haven.

The people who have complained to the Village of Niles were referred either to the Cook County Highway Department or the City of Park Ridge as to the maintenance of the strip of land.

We are not after a one-shot cleanup, but rather a seasonal maintenance of keeping the weeds cut low in order to discourage any dumping of rubbish in this area. An early solution to this problem will alleviate the conditions that were prevalent in the above mentioned area last year.

On March 24, 1961, a similar letter was sent to Mayor Stankowicz with copies forwarded to the Village Manager of Park Ridge and the Cook County Highway Department.

Your help in clearing up this situation would be greatly appreciated. Thank you,

Very truly yours,

A. J. Guarnaccio,  
Secretary

## Says Police Chief Is Persecuting Him Over Politics

April 1, 1961

The Niles Bugle,  
Niles, Illinois

Dear Editor:

I write this as a man who is deeply concerned for the salvation of his family and for the right to campaign and vote for the man of his choice, without the persecution from the chief of Police of Niles-Romey.

I drive a truck for the State and am allowed to come home for lunch as my patrol is near my home. During my lunch period Thursday I decided to dig up some dirt on my property. A police car drove up and the officers told my wife and I they were looking for two little girls, age 3 and 4, who were lost. They got up and looked in my truck and then drove away - they returned twice in a ten minute period each time asking if the lost children were seen. My wife was very upset over the lost children and we each prayed silently for their safe return.

I returned to work after lunch and at the end of the day I was called into the office and was charged with selling black dirt on the side using the state truck. The charge was phoned in to the downtown office by Police Chief Romey. The story the officers told us of the lost children was a terrible hoax.

Romey is persecuting me because I have ACTION Party stickers on my house and car and because I am backing Mr. Stanley in the coming election. He is trying to get me fired from my job.

Is this America or Russia?  
Do I have the freedom of voting

for the man and party I believe in or must I vote for Police Chief Romey's choice in order to keep my job.

Yours very truly,

Steve Neveau  
6700 Harts Road  
Niles 48, Ill.

## Reader Charges "Cheap Politics"

March 29, 1961

The Bugle,

Dear Editor:

Having been a resident of Niles for the past four years, I have been watching the coming village election pretty closely.

It irks me to no end, to see the inconsiderate "mud slinging" and "rinkydink" type of politicking being used by candidates of their respective parties.

Also, too, I have noticed the vandalism, by which efforts of workers for their parties, are being destroyed by opposition.

It is sickening to see such "cheap politics" being used, by people who are seeking votes for political offices.

Please publish if possible.

Many Thanks,  
A Resident And Reader

## FACTS from the STACKS

By Jean Fox

With sunshine and warm weather tempting us outdoors, the books on sports in Niles Public Library are of special interest.

In GOLF WITH EXPERTS, compiled by Tom Scott, the foremost golfers of the century provide their expert advice, each on the department of the game for which he is particularly renowned. The immortal Ben Hogan - one of whose secrets is the careful selection of clubs so that the ball lands in exactly the spot he wishes it to land - shares his knowledge on the use of clubs. Henry Cotton gets well down to the shot and tells other golfers why they should also. The finest putter in the world, Bobby Locke explains just how he sends the ball so effortlessly into the hole. Among the contributors are great players who have become the world's best teachers; Tommy Armour, Bill Cox, Alex Morrison, Ernest Jones, Grip and stance are discussed by the former Open Champion, Gene Szaizen; the fabulous Sam Snead advises golfers on corrections and variations for hooks, slices and cut shots; Carry Middlecoff on chipping and pitching; Byron Nelson on medium and short irons; Dai Rees, captain of the victorious Ryder Cup team, on golf practice. There is even a chapter for young golfers written by David Thomas, himself a young man on the threshold of a brilliant career. It is altogether the most complete instructional book on golf ever published.

If you have never learned to swim and would like to learn; if you swim a little and want to improve your technique; if you're a pretty good swimmer yourself but would like to learn the professional way to teach your child to swim, HOW TO TEACH YOURSELF AND YOUR FAMILY TO SWIM WELL, by Charles Sava, will give you the sound, informative training you need. Mr. Sava starts with the first timid step into the water. Little by little he gets you wetter. You learn correct breathing, floating, the dog paddle, the American crawl. You progress to diving, backstroke, the breast and side strokes, treading water. The book is your friend and companion from the beginning, through the first moment when you shout "Look, I'm swimming!" and up to your mastery of the championship techniques described in Lesson 23. There is a complete section for parents teaching their children to swim. It shows how to interest a child in correct breathing, the best way to introduce him to the water, the various water games that gently teach him to swim while he plays "airplane" or "giant step". Swimming is a family sport; all the members of the family, from grandfather to tiny granddaughter can reap the benefits of fun, sun and health.

A useful supplement is AQUATICS HANDBOOK, by M. Alexander Garbelsen. Written in understandable terms, this book

### Gambling In Niles

Continued from page 1

the place had no astrology game—just pinballs. I went on down Milwaukee Av.

IN FOUR OUT of 10 taverns I found gambling by means of astrology. Here's how it works:

On the bar was a machine about 18 inches high. It had two slots. You put a quarter in either one and push a lever. Out pops a little cardboard book. It contains your horoscope and number.

And if the book contains the right number you win \$2 or \$5.

All told, I bought eight books at a quarter each. It's a fraud. My horoscope came out the same each time. It said: You love to explore new things. Inclined to waste time.

THE HOROSCOPE was only half right. I love to explore new things — like new gambling games.

But I didn't waste much time. In a matter of minutes I hit four winners and came away with \$8.

As you can see, I made money—even counting the \$3.50 spent buying a beer in each of 10 taverns.

But I don't advise anybody to try to duplicate this trick. The crime syndicate is not widely known as a source of charity.

NOW AS FOR the names of these gambling taverns: I will not name them here in line with my policy of not giving free ads to jinks.

But I would be delighted to give the names to the Niles police. Or is it stupid to believe the police couldn't find this racket just as easily as a columnist can?

projects such as helping the blind, physically handi-capped, mentally retarded, etc.

President Marcheschi concluded the meeting by paying a tribute to these youngsters and appealed to all papers to promote the work of all students involved in Junior Achievement. The surprise of the evening came when President Marcheschi presented Mr. John H. Weis, President of the Sho-Way Company with a scholarship up to \$500.00 and announced that this was the first of many more to come. The Niles Lions Club and the map committee would like to apologize for two errors on the map; one was the oversight of not placing St. Paul's Episcopal Church, 7091 N. Harlem Av., and the other was the omission of Cedar Lane which is located approximately 8100-west and 8100 north. Anyone not having received a copy of the map and wishing to do so should contact the Niles Lions Club, 7710 Milwaukee Av.

### Cites Need To Combat Obscene Literature

One of the obligations of a Holy Name member is to combat the distributing of obscene literature in our Village. This type of literature is one of the real sources that develops juvenile delinquency. Delinquents are made — not born. Juvenile delinquency comes from a poor house in the slums, a tenement a middle class home, a good residential neighborhood, a very rich home or an upper middle-class home; so it can breed from any home.

We, as parents, have a parent responsibility. The child who is educated to values that are morally good and ethically right chooses and acts to the end for which God has destined him or her. The child who has been deprived of such values is his own enemy, society's cancer and the devil's victory. Much is said about juvenile delinquency but not much work is contributed to combat it. The solution lies with the parents and a strict enforcement of those laws pertaining to obscenity which already exist on our Statute Books. Be alert! Always object to these sources of fishing or selling obscene advertising and literature. Television is the most available medium of entertainment and parents should see that their children do not watch provocative exhibitions. It is more important to see that their children's religious training is not neglected. Parents of all boys and girls who are attending public high schools have a serious obligation to see to it that their children receive instruction in the Catholic Faith.

Every young man and woman within the high school age group who is not otherwise learning the faith has an equally grave obligation to be present for such instruction every Wednesday night at St. John Brebeuf School. Classes begin at 7:15 P.M. Co-fraternity of Christian Doctrine Parish High School of Religion, Quoting His Eminence Francis Cardinal Spellman in one of his speeches on juvenile delinquency, "Parents and educators should realize that the only effective prescription for prevention and cure is spiritual strength derived from religious training."

The St. John Brebeuf Holy Name-Members will receive Holy Communion on Sunday, April 9th, at the 8:30 a.m. Mass.

The regular meeting will be held Monday, April 10th, following Benediction at 8 P.M. The guest speaker will be Mr. Stanley Plezia, religious editor of the Chicago American.

Sons, friends and neighbors of the Holy Name are cordially invited.

Co-valedictorians are Daniel W. Murphy, son of Mr. and Mrs. William F. Murphy, formerly of 127 Stolting Road, Niles, and Laurice J. West, son of Mrs. Ellis West, 1679 Linden Street, Des Plaines.

Two electrical engineering students, both alumni of Maine Township High School in Park Ridge, share top scholarship honors in the University of Illinois mid-year class.

Co-valedictorians are Daniel W. Murphy, son of Mr. and Mrs. William F. Murphy, formerly of 127 Stolting Road, Niles, and Laurice J. West, son of Mrs. Ellis West, 1679 Linden Street, Des Plaines.

### NEW TREE SPRAYER

Pictured above are Niles Public Works Department employee's spraying trees in the Village of Niles. The Forestry Division began its semi-annual program of spraying all village trees with a dormant tree spray on March 13. This dormant spray helps to prevent aphids from hatching and sucking the juices from the leaves on trees, it reduces elm bark beetles that carry Dutch Elm disease, it controls the growth of mites, tent caterpillars, cankerworms, inchworms and it also helps to control leaf curl. This program was begun in the spring of 1960 when the Public Works Department purchased a Rotomist Tree Sprayer, and it has proven to be very successful.

### PEP Party Attacks "Hidden Deals" Of Opposition

(PEP Party News Release)

Mayor Frank J. Stankowicz stunned a meeting of volunteer precinct workers with charges of behind the scenes maneuvering by opposition parties calculated to advance Village affairs to the brink of ruin. The incumbent Village Board President and leader of the PROGRESSIVE ECONOMY PARTY bristled as he told a hushed capacity audience, "secret deals with individuals, groups and organizations have already been made although the election is still weeks away."

"They are feeding the people of Niles the crumbs of poppycock while their unnamed cohorts wait in silence like vultures ready to sink their claws in community affairs. Let them tell us publicly, as we have learned privately, just what promises they have made to outsiders; let them forget the useless platitudes for a moment so that we can be given the benefit of honest truth. The thought of dividing political spoils before election is sickening in itself but, worse is the knowledge that they would put what may amount to absolute control of governmental affairs IN THE HANDS OF OTHERS BECAUSE OF PRIOR COMMITMENTS."

Village Trustee and candidate for Clerk, Edward Marszalek, was joined by Trustee candidates Kevin G. Barry, Joseph P. DiMaria and John L. Sapit in stating, "for the first time in our history, we face the ominous threat of outside forces controlling our internal affairs. The threat is awesome to consider and must be curtailed before it is too late."

While they spew niceties of "devotion to the people and sincerity of purpose", their associates play a game of political blackjack using the unsuspecting citizen as a pawn. The opposition

gluttons were so sure that they had nothing to worry about, that the election was "in the bag", that they brazenly began to reveal their true intentions. Fortunately, the people now have the opportunity to decide what their fate shall be for attempting what could amount to a mass sellout."

The Mayor continued, "I promise, between now and election day, PROGRESSIVE ECONOMY PARTY candidates and precinct volunteers will visit every section of the Village to inform all people of these insidious facts. Their tactics must be exposed and the cancerous danger totally eliminated. I know, during campaigns, people expect charges to be leveled and personal attacks to be made but, this disclosure falls into a different category; in this instance, our very security as a community is at stake. This is no joke or gimmick and cannot, in good conscience, be taken lightly."

"Through the years, the administration has been assailed by one group or another but, one thing is perfectly clear, we have operated Village affairs openly and above board AT ALL TIMES and WE HAVE PROMISED. We have not succumbed to pressure tactics. If honest success can be attacked, I stand ready to defend it with every ounce of energy I possess."

Our last resort, as always, will be the Court of Public Opinion; enlightened public opinion and, when the decision is in, I am confident that the people of our Village will choose the Party that vows to keep government in the Village Hall for all to see - THE PROGRESSIVE ECONOMY PARTY.

### NEW ERA Party Says Niles Reputation At "Low Point"

(New Era Party News Release)

You can decide whether you want our Village of Niles to sink further, or whether you want to be able to say, in the near future, you are indeed proud to live in Niles. The choice is yours.

Annual Spring Fellowship Supper At St. Paul's Friday

The annual Spring Fellowship Supper of St. Paul's Reformed Episcopal Church, 7801 Harlem Avenue, Niles, will be held this Friday, April 7, 6:30 p.m. Planned under the sponsorship of the Women's Guild the supper is informal and for the purpose of fellowship and to get further acquainted. Neighbors and newcomers are invited as well as the church family. Tickets are not necessary, Contact Mrs. B.A. James, Niles 7-8234 for any detail.

The Guild's April meeting is at 9:30 a.m., Monday the 10th at the church, Mrs. K. P. Ehn, 7750 Nora; is hostess.

On Monday, April 10, at 8:00 p.m., St. Paul's monthly meeting of the Evening Bible Study and Discussion Group will be held at the home of Mr. and Mrs. Fred Singer, 7764 Nora, Niles, and a cordial invitation is given for any to attend. Rev. Bartholmew A. James, rector, teaches the group which at this time has its discussion and study centered around the interesting and important events in Genesis. Feel free to come, or if you would care to make previous contact to do so through the church office.

Blase further commented on the friendly enemies Stankowicz and Stanley. Their public relations men have painted a picture of these two constantly fighting and yet all you have to do is view their voting record to see how friendly they really are. Apparently one does not want to associate himself with the stigma of the other. Yet they are equally responsible for the things that go on in our town. No one man in our Village can have things his way unless he gets approval of the Board of Trustees. Do not be fooled by these two. They do an excellent job of starting coldly at each other in public and you will then see them very warm and friendly in a not so public place. They are attempting to pull the wool over your eyes for if one of them is head of our Village it would be the same as having the other.

### NIP Party Tells Of Golf Mill "Hidden Facts"

(N.I.P. Party News Release)

The NILES IMPROVEMENT PARTY continues to give YOU, the voter information concerning the record. This week, we would like to relate some facts about the Golf-Mill area - facts that until now have been hidden.

The Golf-Mill annexation is being presented to you as a "Cure-all" a "horn of plenty", BUT take a look at the FACTS and you will know better.

To date, the best receipts from Golf-Mill have been \$15,000.00. Using this best month figure, we find that we can expect an ANNUAL income of \$180,000.00. In itself, this is a tidy sum of money and can be put to very constructive use, BUT consider THIS for a moment. We recently approved by vote to erect a new fire house to help serve this Village. As ED CICCONE said, "This fire house without men will be useless. According to competent authority, it will take at least 12 men to handle this station. Do you know what this means in salary alone? It means at least \$72,000.00 ANNUALLY in salary alone."

Men and a fire house alone are still not enough to do the job. They need equipment and engines. Of course, if you listen to our opposition, the one says "there are no issues" - the other says "look what I did single handed, brought this big revenue to the Village" and the others say "consider the multiples".

The party that says these are not issues just can't face facts. The other party gives you half the story. The other party defends the multiples because their men created the problem.

As ED CICCONE said, "This is not fair to you, the voter - this is covering up the facts - hiding the issues. Fire engines cost upwards of \$30,000.00 per engine - and this is a simple engine not a snorkel or hook-ladder. These cost more." Taking these two facts alone and you have an expenditure in one year of \$102,000.00. YOU voters sure spend that money fast. Did you realize THAT fact? I'm sure you didn't because the administration doesn't dare give you THESE facts.

A natural outgrowth of increasing the fire force is to increase the police and public works departments. Of course the increase in public works people we can't see. Now YOU make some estimates and see how empty that "horn of plenty" becomes.

"Let's consider another fact" said ED CICCONE, "We have good garbage collections in this Village and you ARE aware it is being done by a private firm. BUT what happened to the 9 men previously doing this job when the Village handled it? Their jobs were done away with, BUT not the men, WHY?"

This "leadership" is what the NILES IMPROVEMENT PARTY is trying to do away with. How foolish do these people think YOU are? Mr. CICCONE, SUL-LIVAN, LOEHL, STRUTZ and PROVENZANO pledge to give you economical government and when elected will restore responsible and representative government in Niles. This party will keep you informed on ALL the facts and will not HIDE them from you.

Vote April 18th - Elect the NILES IMPROVEMENT PARTY and "help yourself to better government". NIP, the deadwood from the Village "tree" and restore REPRESENTATIVE government to Niles.

### ACTION Party Candidates Say They're Well-Qualified

(ACTION Party News Release)

ACTION Party candidate for village president of Niles, John F. Stanley, and his running mate, ACTION candidate for village clerk, Walter J. Lorenz, were interviewed by the press last Saturday. Stanley, as party leader, received the brunt of the reporters' queries. When asked why he chose to run with Roy H. Bergquist, Gregory J. Clark and Raymond C. Wilkins as his ACTION candidates for trustees, he stated, "These men are people I have known for a long time. They are men of the caliber ACTION requires for support of the platform that we will put into ACTION. They are young, able, aggressive and beyond all else, selfless in their dedication to make Niles the best place to live. These men know that they must be servants of the people, that the people who elect them are the ultimate judges of whatever ACTIONS they may take. They recognize that leadership is necessary and they are also firm in their convictions that Niles must progress. They will never submit to dictates from any one person but will serve every person in Niles to build a better village. They possess as nearly as it is possible for anyone to possess, the sense of duty to make them tremendously able conservators of the welfare of all the people."

The next question, directed at Mr. Lorenz was, "Do you feel the same way about this as Mr. Stanley does?" He answered, "Yes, I sincerely believe that ACTION candidates for trustees Roy H. Bergquist, Gregory J. Clark and Raymond C. Wilkins are immensely well qualified and intensely interested in the progress of Niles."

Niles is a village nearly 60 years old but is very young in its development. Therefore, it appears obvious that young men possessing the capabilities and
