Refuse To OK
Liquor License Transfer

In an important coming change, the Illinois Liquor Control Board has extended a request by the Lutherans' Democratic Club to refuse the liquor license to the property holder of the Niles Bugle, an establishment in Niles that is part of a chain of establishments in the town. The club is seeking to prevent the property from being used in a manner that could be considered illegal or immoral.

The club is expected to submit its request to the board in the coming weeks, and it is not clear what the outcome will be. The Niles Bugle is one of several establishments in Niles that are considered to be problematic by the club.

As of today, the club's website is not online, but the club's chairman said that the club plans to continue fighting for its cause.

DOING BUSINESS IN NILES HELPS FINANCE STREET IMPROVEMENTS

Motor fuel tax money returned helps to build new streets as well as improve old ones.

By supporting your Niles gas station, state tax money spent there is returned in part TO NILES to be used for streets, and sidewalks also curbs improvements.

AS AN EXAMPLE...

Oakton Manor and Greenbriar residents both received about 33% reduction in their street assessments due to the phasing out of motor fuel tax money returns to the construction of streets in NILES.

One more example...
