Hospital

munity. Gaines said the hospital would be a non-profit organization. Gaines went on to explain that investors in the project intended to lease the hospital to the administering corporation and the nine-man board would administer to the hospital at this point.

Gaines said an emergency obstetrics service would be available. He noted that the hospital would be privately financed, and that $2,000,000 would be used for emergency and operating additions. Presently, the Home is on 2 1/2 acres, but there is an additional 2 1/2 acres alongside the site which could be used for the expected expansion.

Because of the recent problems concerning a proposed hospital in Morton Grove, Niles officials were cautious in their review of the proposals. Trustees insisted a complete resume of investors, and financing for the hospital, be submitted to the Board so that further action can be considered at the February 10 meeting.

Gaines said, in answer to a question from Tr. Bruno, that about 80% of the hospital was anticipated to be filled. Based on a $40 per patient per day figure, the gross expenditure would be $1,178,000 the first year. Bruno, an official with the Blue Cross Plan, said he was most interested in studying the character of the people involved, the loan background (about $2 million financing is anticipated) and said he would be wary of any outrageious prices being charged for services.

In addition to Gaines, Sid Borenstein, Abel Swirsky and Leonard Sandberg were introduced at the meeting as persons having a financial interest in the plan. Swirsky cited his background including administration work with the Menninger Clinic, the Mayo Clinic, and the VA as well as present urban renewal work in Chicago. Gaines had previous experience at Mount Sinai Hospital.

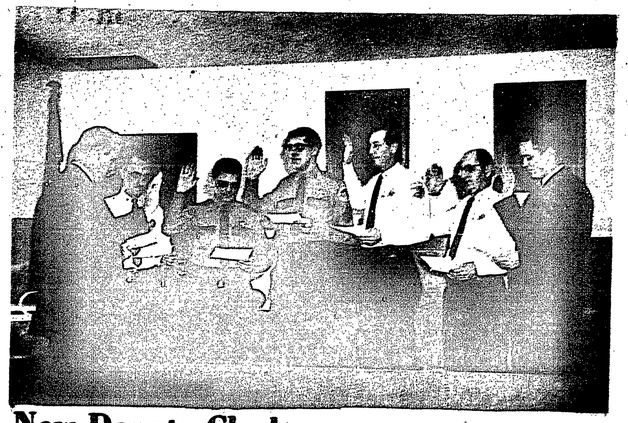
Niles Knights Present Social Security Program

On Wednesday evening January 22, 1964, The North American Martyrs Council 4338 K. of C. Niles, Ill., will present a program dealing with "Social Security". The program will be held, in council chambers, at the Niles Bowling Ratskeller 7333 N. Milwaukee Ave., Niles, Illinois. Highlighting the program will be Mr. Alvin Schamen, field representative for the "Social Security Administration", presenting a film on "Social Security" in addition to his talk. A question and answer period will follow the talk.

Lecturer Irvin Blaszynski, chairman of the evenings events, promises an entertaining and informative program as well as several surprises. An invitation is cordially extended to all K. of C. men.

Waldin New Fire Lieutenant

Trustees approved a change in an ordinance, which has resulted in Paul Waldin being approved for the rank of Lieutenant in the fire department. Formerly, two lieutenants were to be approved for openings, but the change resulted in a only one man being approved.



New Deputy Clerks

Chief Emrikson swearing in (l. to r.) R. Beavers, Administrative Aide, Sgt. A. Warrus, Sgt. H. Becker, Lt. W. Mehring, Capt. A. Cameron and Detective M. Stankowicz, as Deputy Clerks of the Circuit Court of Cook County.

Condemns The County Police Sheriff's Station

The lockup of the sheriff's police station in Niles was denounced Wednesday as a firetrap.

"It is cruel and inhumane to lock anybody up in Niles," said Eugene S. Zemans, executive director of the John Howard Assn., in a report to Sheriff Richard B. Ogilvie.

Ogilvie, who requested a survey of sheriff's lockups by the prisoner aid group, was told he should condemn the Niles facilities and contract with Evanston and other communities to house prisoners.

Zemans gave passing marks to the lockups in sheriff's police stations at 1154 Ridge, Homewood, and 6700 S. Archer, Bedford Park.

But he had nothing but harsh words for the detention facilities and the general condition of the Niles station at 9000 N. Milwaukee.

He termed the station "a pathetic place that has been neglected for years," and a firetrap.

The two cells in the station resemble "large clothes closets," Zemans said.

Although the number of persons detained is not great and prisoners seldom are held more than four hours, the lockup facilities are "disgraceful" and should be abandoned immediately, he asserted.

Zemans also criticized janitorial service at the Niles station.

Because of inadequate refrigeration, he recommended that the serving of bologna sandwiches and milk to prisoners be halted. The food should be purchased at nearby restaurants, Zemans advised.

Ogilvie, who said he agreed with the report, said responsibility for the condition of the Niles station rests with previous sheriffs who failed to report the situation to the County Board.

The sheriff said he called for a study of the lockups after sheriff's police facilities were surveyed by the Michigan State University School of Police Administration.

Ogilvie said he is obtaining cost estimates for a new station.

However, Ogilvie said he was not optimistic about getting funds soon. There is no provision for such a building in the 1964 county budget passed on Monday.

The Niles building was constructed in 1925 as a residence for nurses. Later it was converted to a police station.

Arthur Bilek, chief of sheriff's police, said representatives of the county building department recently inspected the placed and were "appalled."

The John Howard Assn. survey was made by Zemans and Hans W. Mattick, former assistant warden of Cook County Jail who is chairmen of the association's professional advisory committee.

Protests Multiples

Niles sent a letter and Village Manager Pryde (and) or Attorney Geocaris to protest a request for multiple dwellings on the north side of Ballard Road near Greenwood. The meeting was held Wednesday at a County Board hearing in Des Plaines. The unincorporated area rezoning request is for a 9 acre area being rezoned from R-4 to R-5.

New Fire Rating

Tuesday trustees reviewed the possibility of Niles fire department rating being moved to the top 3 rating. Trustee Ken Scheel said such a rating would save residents about $1 a year, and industry would save a greater amount. Scheel warned that Niles should review this saving along with the additional expenditures which might be necessary for the new rating. Trustee Bruno, noted that Niles has added a new reservoir and fire station, and said he didn't feel Niles "should bog down" in its efforts to receive the top rating. Presently only Chicago Evanston and Oak Park have this highest rating.

MFT Money For Traffic Signals

Trustees approved a resolution calling for the use of $8000 of Motor Fuel Tax money for maintenance of traffic signals in 1964.

While he laid upstairs, with only a week to go, I knew he would have liked the chance many years ago to have had the opportunity to choose which path to take.

It's a moment of utter dismay, frustration, and loneliness, to see the X-Ray which stamps its death warrant on someone you love. Many of you have the second chance to make a life-saving choice now.

In the community officials have an obligation to block smoking from the young. If the cigarette machines have to go, then so be it. If ordinances have to be rigidly enforced, however difficult, then this too should be done.

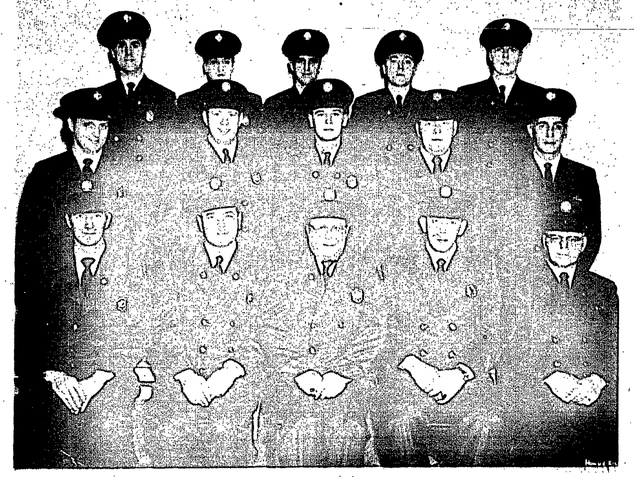
FIREMENS DANCE AT BUNKER HILL SATURDAY

HONOR "NILES FINEST" SATURDAY



Niles will honor these Firemen during their 9th Annual Firemen's Benevolent Association Dance this Saturday night at Bunker Hill Country Club. A grand time is guaranteed to all those who plan to attend.

9th Annual Benevolent Ass'n. Dance

The largest social gathering of the year will take place in the village this Saturday evening at the Bunker Hill Country Club, 6635 Milwaukee Ave., when Niles turns out to pay tribute to its firemen; the occasion, the 9th Annual Firemen's Benevolent Ball. Each year Niles has responded tremendously in support of this annual affair and the Department is grateful for the splendid support.

The Niles Firemen's Benevolent Association, sponsors of the event, has reserved the entire facilities of the Club for the occasion; this includes the three halls and three refreshment bars. The High-Notes, a very famous TV, radio, and recording orchestra, has been engaged to provide music and entertainment. Five $100 Defense Bonds will be awarded as door prizes during the evening. Tickets to the Dance are only $1.00 each, however, door prize winners need not be present.

The purpose of the Benevolent Association is to provide financial aid and assistance to the firemen and their families when in distress by reason of illness, injury or death. And this the Association is doing and has done. I.E.—Several years ago, when Niles fireman Stewart McEnerny passed away suddenly, his widow was presented with a Benevolent check of $1,000. Since then, through the generous support on this Annual Benefit by the Niles public, the Benevolent Association was able to increase the insurance coverage for each fireman to $2,000.

The men of the Niles Fire Department, headed by Chief George Pasek, Deputy Chief Al Hoelbl and Assistant Chief Ed Bacher, are a dedicated group in their work of protecting the lives and property of Niles villagers.

The village of Niles can be justly proud of these men who have time and time again demonstrated their ability as an outstanding fire fighting organization. These men, without question, and as indicated by their many awards won in local and state-wide fire prevention contests, have gone on record as a top unit, which to a

The study to be made pertinent to transferring our Chicago-branch post office to a full time Niles post office is worthwhile.

Originally, when the present sub-station was first considered postal officials pointed out a Chicago sub-station would have distinct advantages over a local post office. Their prime contention was that in drawing from a personnel pool, the selection of employees would be limited only to Niles, in the event the post office was a local Niles Post Office. Whether or not the argument was valid then we cannot say. But today, personnel can be drawn from any area. In the case of the Morton Grove office, local residents are given first consideration. However, since roughly half of the personnel are from outside the village limits, the former argument no longer holds up. Not only can we draw personnel from Niles, but we can now draw from Chicago, as well as neighboring suburbs.

One disadvantage to having a Chicago sub-station concerns mail which is sent in from areas throughout the country. Niles is not listed as a post office, and thus persons only familiar with the name Niles, have problems relative to mailing packages, etc. to Niles. Being listed only under the Chicago heading results in this confusion.

Mayor Blase made an interesting point in citing the advantage of Niles having its own station. He said presently industries which advertise in publications use the name "Chicago" in their mailing address. If we gained our own Post Office the name Niles would be used in these advertisements. I'm sure many of you have seen A.B. Dick ads in Time magazine and other national periodicals. Having the name Niles, Illinois printed there would certainly enhance the village's image throughout the country, and the world.

Interestingly, Niles, Michigan is relatively well-known in this country, while Niles, Illinois gets a response, comparable to Podunk, Slobovia. Yet, the Michigan Niles has only half the population of our 27,000 sized town.

* * *

If the post office plans should be approved some means for improving parking in the area should be devised. The left-hand turn into the stamp-sized parking lot is not only a major danger area along Mayhem Road, but is another example of beaureaucratic planning worthy only of federal and village officials.

Officer Olbrisch In Hospital After Accident

Police officer James Olbrisch is in Lutheran General Hospital suffering from severe shock as the results of a rear-end collision, which occured Monday night.

Olbrisch and Officer Arnold Balterson were sitting in their police car giving a traffic ticket to a motorist at 8100 Caldwell on the Morton Grove side of the street.

While the Mars revolving light was on, a northbound car driven by Lawrence T. Gillarde, 25, Eight Rolling Ridge, Northfield, smashed into the rear of the police car. According to Niles police, the impact of the collision "broke the front seat off" in which the police officers were sitting. Olbrisch was jammed into the steering wheel.

Balterson and Olbrisch were taken to Lutheran General Hospital. Balterson has been released, is presently under doctors care, and will not report for police duty for about one week. As of Wednesday morning, Niles police said Olbrisch was still in severe shock at the hospital.

Because the accident occurred in Morton Grove, the court case will be heard in Skokie.

Niles Vending Machine Fees

Lutheran General Treated 39,515 Patients In 1963

During 1963, 39,515 patients received care at Lutheran General Hospital, Park ridge, according to a report prepared by Miss Paula Gehm, chief medical records librarian.

This number includes 15,360 inpatients, 14,256 emergencies and 9,899 outpatients. In 1963, 2,363 babies were born at Lutheran General.

Patients received a total of 118,051 days of care with the average stay being eight days. The average stay for the newborn infants was five days.

The surgery department handled 6,182 surgical procedures, Miss Gehm noted.

"The number of patients treated at Lutheran General is equal to a city about the size of Des Plaines," said T. L. Jacobsen, executive director. "This number has placed tremendous pressure on our facilities. We are hopeful that we can expand them in the near future to better serve the community."

Golf Mill 'Wishing' Coins Donated To Holy Family Hospital

The Golf Mill Shopping Center, Golf and Milwaukee in Niles presented $27.50 recently to the Holy Family Hospital in Des Plaines to be used for the "care, comfort and healing of children."

The amount represented pennies tossed into the Mill Pond of the Center during the summer months.

The Mill serves as a meeting place for shoppers and a point of interest for children. Upon visiting the Mill it has become a custom to make a wish and toss a coin into the pond.

Upon periodic cleaning, the accumulated coins have been given to the pediatric department of Holy Family Hospital "on behalf of our many friends and shoppers who share this pleasure with us" according to Herbert Adler, promotion manager of the Center.

Herman Hertog Named To Park Ridge YMCA Post

A new executive secretary of the Park Ridge YMCA has been named by John O. Root, YMCA of Metropolitan Chicago general secretary. He is Herman M. Hertog, 33, who is currently serving as associate director of development for the Chicago Association.

A native of St. Paul, Minnesota, Hertog has been assigned to fund raising duties for the $2,750,000 Leaning Tower YMCA which is under construction in Chicago's northern suburbs. He has been leading fund raising efforts in the communities of Niles, Edgebrook, Morton Grove, Skokie, Lincolnwood, Sauganash and Golf.

"Hertog's experience in building lay leadership will be a definite asset to the future development of the Park Ridge YMCA," Root commented. Hertog succeeds William G. Kuntz who was named executive secretary of the Southtown YMCA on Chicago's south side.

"It is a great privilege to have this opportunity of working with the civic leaders of the Park Ridge area," Hertog said. He added, "The YMCA is a vital force in the community and one which can contribute a great deal to the quality of living of the residents."

A 1952 graduate of George Williams College in group work, Hertog has done graduate work at the University ox Chicago in the field of education. After serving in the Army, he joined the faculty of George Williams in 1954 as director of admissions and director of student employment and field work.

While serving on the college staff, Hertog was executive secretary of the alumni association. In his role as director of admissions, he worked with local, national and international YMCA leaders in recruiting candidates for the youth work profession. Hertog joined the YMCA of Metropolitan Chicago staff in April, 1962.

The new Park Ridge Y executive secretary and his wife, Katharina, have three children. They are Herman, 9; Paul, 7; and David, 5. The Hertogs live at 7651 S. Merrill Ave., and are members of the St. John's Methodist Church.

Now—get up quickly—push your chair away from that table—keep your hands out of the refrigerator—get rid of that cookie and stop munching on candy bars. Fashions are coming our way and we must have figures, not road maps (hills, valleys and assorted detours) to get into them. There are only a few weeks left to get in trim, for the appearance of Maggie Daly, well-known columnist and fashion commentator, at St. John Brebeuf on February 5th. That Wednesday at 8 p.m. our town will be treated to a parade of models, featuring Styles by Lyttons of Golf-Mill, colorfully flowing words by Maggie Daly and drooling mouths of the guests watching the clothes we either can't fit into or can't afford. To add insult to injury, there will be dessert served, and that is something everyone looks forward to.

Be sure and get your tickets in advance—call Lois Kozeny at YO-6-5338 or her co-chairman Mary Ellen Feehan at YO-7-5484 for yours. They are $1.50 each and bring all your friends. I've got mine already. Those desserts are disintegrating, but so good! Remember—it's a Fashion-Dessert show on Wednesday, Feb. 5th at the School Hall of St. John Brebeuf. The models are from all the ten parish districts—as follows—Mesdames Pauline Jacobs, Mary Parr, Jean Lenahan, Delores LaGrippe, Ruth O'Neill, Donaruth Schaul, Marilyn Miller, Bernadine Szewc, Marie Smilec, and Delores Hlava. These ten husbands at least will be running for cover when their wives return, raving about their modeling clothes.

Every physician living today, has cut his eye-teeth, starting in medical school, on the cigarette-cancer controversy. Faithfully, they so informed their patients of the pros and cons—mostly cons. However, an undistinguishable number followed their own advice. A few days ago, one of the local hospitals had a medical meeting and usually these meetings are so smoke filled, one could hardly see the speaker. This day, there was not one cigarette in sight; rather, the most assorted types of pipes clung to the same lips that had puffed so indifferently on the doomed cigarette. Anything from a corncob pipe to the elegantly curved type that hung from the mouth of Sherlock Holmes—or was it Dr. Watson? In any event, it was a pleasant change -- one could see the speaker and almost breathe the air that flowed through the room, instead of absorbing the thick mist of smoke. How long will this honeymoon last?

Present at a meeting of the Niles March of Dimes Executive comittee were Colonel Marilyn Zeller of 8525 Milwaukee, Co-Chairman Charlene Affremow of 8529 Milwaukee, Co-chairman Mary Schweitzer of 8143 Grace, Colonel Jean Baranowski of 6926 Dobson and Colonel Marilyn Cantor of 8255 Oak. Happy smiles anticipate a hoped for victory in Niles against Arthritis and Crippling Birth Defects!!!

Name '64 Niles March Of Dimes Leaders

The appointment of 5 zone colonels to help direct the organization of the Niles Mothers' March of Dimes was announced today by Mrs. Thomas Afremow, 8529 Milwaukee, local chairman of the 1964 residential appeal for funds to continue the fight against crippling disease and to aid pre-vaccine polio victims.

The women leaders who will take part in recruiting volunteers to call on their neighbors on the night of the March are:

Susan Schweitzer, 8143 Grace
Marilyn Zeller, 8525 Milwaukee
Mrs. John Pistone, 8233 Ozark
Mrs. Joseph Baranowski, 6926 Dobson
Mrs. Marilyn Cantor, 8206 Prospect

The one hour Mothers' March, the final and major event of the 1964 March of Dimes, will be held this year on the evening of January 28.

Funds raised by the Marching Mothers will be used to help local children crippled by birth defects and arthritis as well as polio, and to support the National Foundation's research program aimed at the conquest of these three great cripplers.

"We now have three March of Dimes Special Treatment Centers for birth defects and arthritis victims in the Chicago area," Mrs. Afremow said. "These Centers need support if they are to continue the fine work they are doing, and we volunteers know the people of Niles will be generous in their gift when the Marching Mother calls."

Eleven Niles Teens Raise Funds For TB Institute

Among the thousands of envelopes arriving at the Christmas Seal agency — The Tuberculosis Institute of Chicago and Cook County — was a generous donation from eleven teenagers from Niles. The accompanying letter said:

"This Christmas a group of us teenagers decided to go out caroling. We did not intend to accept money from anyone, but since we received money, we decided to send it to tuberculosis. "The Christmas Seal Fund." Enclosed is a check for $30.60 which represents the amount of money collected in our neighborhood in Niles."

The letter was signed by Trudy Makela, 8051 Octavia, daughter of Mr. & Mrs. Roy Makela, along with the signatures of Carolyn Burgener, Pamela Weidner, Pamela Thompson, Bruce Dickerhofe, Philip Resrick, Michael Jorgensen, Jay Zakowiski, Dawn Schreier, Linda Cook and Ricky Walsh.

"The spirit of giving reflected by these teens mirrors the wholesome attitude of good-will shared by the majority of teenagers today," said Yngvar Brynildssen, chairman of the Seal campaign.

"More than ever before young America plays a vital role in protecting their families and communities by supporting preventive health programs such as TB control.

"We applaud," continued Brynildssen, "not only their generosity but also their enthusiastic concern over the well-being of others."

According to Brynildssen the Seal campaign to raise $850,000 is lagging behind by $89,407.00. This observation was made by comparing funds received for the same calendar date last year. Christmas Seal services include tuberculin testing of public and parochial school students, free chest X-rays, and financial grants for medical research of tuberculosis and other respiratory diseases.

New Building At Lutheran General Named The "A.D. Johnson Pavilion"

The building housing the hyperbaric (high pressure) oxygen research center at Lutheran General Hospital, Park Ridge has been named the "A.D. Johnson Pavilion", according to Dr. N.M. Nesset, president of the board of trustees.

"Mr. Johnson's generous contribution enabled the hospital to proceed with construction of the building which houses the research center," Dr. Nesset said.

Mr. Johnson, 152 N. Scoville Avenue, Oak Park, is secretary-treasurer of the United Insurance Company of America.

"By naming the new building after him, we are honoring him not only for the contribution he made for the hyperbaric research center, but also for his past support of the hospital," Nesset said.

Mr. Johnson will be honored by the hospital's board of trustees at an acknowledgment dinner February 4, to mark the opening of the hyperbaric oxygen center.

The center will be formally opened February 5 with an international hyperbaric oxygen workshop which will attract over 500 physicians and researchers from throughout the United States.

DO PHYSICIANS TREAT THEMSELVES?

Of course not, unless there is no other available doctor. They know that anyone has great difficulty trying to be objective about their own ailments.

Sickness symptoms are most confusing, for many diseases have similar pains or discomforts. A headache can be the result of more than a dozen different causes. The problem is to determine which one. When you are sick, do what physicians do. They consult another physician.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

At Golf Mill

Jack Lemmon and Edie Adams have a slight falling-out in this scene from the comedy, "Under the Yum Yum Tree," which also stars Carol Lynley, Dean Jones, Imogene Coca and Paul Lynde. The film, in color, is based on the racy Broadway stage success.

"Under The Yum Yum Tree"

"Under The Yum Yum Tree" a hilariously funny adult comedy, starring Jack Lemmon, opens Friday at the Golf Mill Theatre as an exclusive Northwest Suburban attraction.

Filmed in color, the story concerns a landlord, played by Lemmon, who rents apartments only to pretty girls and then spends his time in romantic pursuit. Carol Lynley and Dean Jones are young college students who attempt an experiment in pre-marital "platonic" togetherness, in one of Lemon's apartments. Edie Adams is a former tenant and Imogene Coca makes her film debut as the housekeeper with Paul Lynde as her hen-pecked husband. The fresh, witty, wacky and racy comedy scenes are recommended for adult audiences.

The Golf Mill presents a program for children at the Saturday matinee. Doors open at 1:00 and the cartoons start at 1:30 followed by the kiddie feature, "300 Spartans". The program for children ends at 4:00 P.M.

Hold Conference In Morton Grove

The Mid-West Region of the National Federation of Jewish Men's Clubs will explore the relationships between Negroes and Jews at its annual Mid-Winter Conference, to be held January 27, 1964, at Northwest Suburban Jewish Congregation in Morton Grove. Featured as its principal speakers will be Rev. Samuel L. Gandy, pastor of the Kenwood-Ellis Community Church, and Rabbi Stanley J. Schachter, spiritual leader of Ner Tamid Congregation.

The purpose of this discussion, according to David S. Cohen, Chairman of the program and a Vice-President of the Mid-West Region, is to explore the relationships between Negroes and Jews. This discussion will revolve around the areas of job opportunities and employment, landlord-tenant relationships and merchant-customer relationships, these being the areas in which the two communities have the most contact with each other. The Regional personnel hope that the evening's program will result in better understanding and respect for each of these groups by the other.

Rabbi Schachter has served as Rabbi of Ner Tamid Congregation since 1961, having previously served as a Navy Chaplain, and as an Assistant Rabbi in Kansas City, Missouri. Rev. Gandy came to the Kenwood-Ellis Community Church in 1961, after relating the bulk of his activities to the chaplaincy of colleges and universities throughout the country. Both speakers are vitally interested in the problems encompassed by this topic, as evidenced by their various activities on the community level since assuming their respective pulpits. Their presentation, in dialogue form to allow questions from the floor, will be moderated by Mr. Jack M. Bash, a member of the Executive Board of the Mid-West Region.

Also featured at this meeting will be the Prayer Book Refurbishing service project of Bnai Zion Synagogue Men's Club, which program took top honors for service at the recent Annual Convention of the National federation of Jewish Men's Clubs. The National Federation, which is affilpated with the United Synagogue of America, made this award on the basis of uniqueness and effort involved in the program, as well as service rendered by the Men's Club to its Synagogue.

Area Residents To Participate In January Art Exhibit

The January art exhibit at the Skokie Valley Community Hospital is featuring works by eight residents of the Skokie Valley area. The hospital is located at Golf and Grosse Point roads in Skokie.

Since its opening last November the hospital has held a monthly art show in the east room of the cafeteria. The art exhibit can be viewed by the public between 9:00 a.m. and 9:00 p.m. Most of the works on exhibit are for sale, and part of the proceeds are donated to the hospital.

Artists participating in the January exhibit include the following:

Thelma Baer, 5817 Capri Lane, Morton Grove, is exhibiting an oil entitled "Still in the Darkness." A member of the board of the Skokie Art Guild, she studies sculpting and painting in New York and California and is presently working under Heather Kortebein.

Catherine Glossen, 8317 Newland, Niles, is exhibiting "Spring Reborn," an oil on canvas. She has studied at Western College, Ohio; the Art Institute of Chicago; the Evanston Art Center, under Paul Wieghardt; and has received critiques under Leon Golub. She has had one-man shows at Evanston Community Center Gallery; Monroe Gallery, Chicago; Deerpath Art League, Lake Forest; Chicago Public Library; Evanston Public Library; and the Alice Hart Studio, Wilmette. She has also juried and exhibited at many art shows in the Chicagoland area.

Manual Simon, 8317 Newland, Niles, is displaying an oil on paper entitled "Standing Figure." Mr. Simon studied at the American Academy of Art, the Institute of Design and at the Evanston Art Center under Paul Wieghardt. He has had one-man shows at the Evanston Community Center Gallery and the Michelini Gallery and Restaurant, and has exhibited at many art shows in and around Chicago. Mr. Simon has received awards from the Evanston Art Center, the North Shore Art League, the Deerpath Art League and the Skokie Art Guild.

Parents Of The Blind Dance Saturday

You are invited to attend the third annual "Snow Ball" dance, sponsored by the Parents of the Blind, Inc., Saturday, January 25, 1964, in the Carpenter Hall, 1614 White Street, Des Plaines.

Mr. and Mrs. W. Guendling, Elk Grove, 437-0386, will serve as chairmen of the committee, assisted by Mr. and Mrs. R. Cooley Jr., Rolling Meadows, CL 5-8598. They will be happy to receive your donation of $3.50 per person, or information is available by phoning Joanne Novak, treasurer of Parents of the Blind, Inc., 823-0858 pertaining to financial gifts.

There will be prizes, dancing, fun, and refreshments. The Rythum Club, Inc., from the Park Ridge area, will provide a band of no less than ten pieces, which promises to supply a pleasurable evening.

The proceeds will provide nursery school and summer camp for the visually handicapped children.

The purpose of Parents of the Blind, Inc., "is to help parents acquire the information and techniques necessary to train their children to live in a seeing world; to aid in securing and improving such facilities as shall be necessary for training and educating blind or visually handicapped children; to promote the acceptance of the blind by the general public, as normal functioning members of society; and to promote functions for the benefit of blind and visually handicapped children."

We would appreciate your cooperation in helping us to advertise this dance, as you can see the need for a very successful evening.
