a salary of \$17,000. Thus, the hired hand may command a salary greater than the men who hire him. The higher salary and educational level of the hired hand causes a conflict which is obvious. He expects a certain autonomy to use his knowledge, and yet he is held under wraps by well-meaning men, whose experience in the recreation area is minimal.

The hiring of relatives of commissioners to park jobs also results in an unnecessary burden for the director. In Niles we know of relatives of commissioners who have done commendable jobs. Nevertheless, the recreation appointee must handle the relatives more gingerly than other employees. It indeed is difficult for the director to go back to his boss, a commissioner, and tell him the relative is unacceptable. It is another conflict that can only be avoided by the non-hiring of relatives.

Niles village clerk Marge Lieske notes there is a tremendous surge of registrations for the upcoming election. She said she has never seen so many registrants who haven't gone to the polls for five to fifteen years who are suddenly signing up to vote. Marge believes this is a sure-fire indicator there is a very strong vote for one or the other of the presidential candidates.

Niles Demos Dance Friday

This coming Friday evening, October 9, the Village of Niles Regular Democratic Organization is presenting its gay annual Harvest Dance. This gala affair will be held at the Bunker Hill Country Club, 6635 Milwaukee Avenue, starting at 8 p.m.

Anyone wishing to attend an enjoyable evening dancing to the music of Al Marterle's Orchestra may purchase tickets at the door for \$1.00 each. The profits from the dance will be used to help finance the annual Christmas Party for the boys and girls of Niles. Last year about 1,000 youngsters were treated. By attending the dance you can have a good time and also contribute to the kids having a good time in December.

Democratic office-holders and candidates will be present on an informal basis so that anyone may meet them and speak with them.

Ransom Women Meet Tuesday

The Catholic Women's Club of Our Lady of Ransom Church will hold their monthly meeting in Paluch Hall, 8300 Greenwood, Niles at 8 p.m. Tuesday, October 13. The meeting will be preceded by Benediction of the Blessed Sacrament in the Church at 7:45 p.m.

The program for this evening will be a "Fanny Shower" for the Sisters of our school. All the nuns and teachers of the school will be present and this will give the members an opportunity to meet new faculty members and renew friendships with others. Sister Mary Georgiana, C.S.S.F., is Principal of Our Lady of Ransom School which has children from Niles, Park Ridge and Des Plaines.

The school children will contribute staple items during the day and through the efforts of the club, cash, perishables, and food goods will be provided for the shower.

Junior Chamber Cites School District Inequities

The following article represents the official opinions provided by the Junior Chamber of Commerce, insofar as the following facts are concerned.

The laws of the State of Illinois provide for free public education for all children between the ages of 7 and 16. Unfortunately, education for all does not mean the same quality of education for all. Since education is administered by local school districts, the scholastic opportunities in different districts vary considerably. This would be understandable in widely separated parts of the state. It seems absurd, however, when it occurs within the Village of Niles in two adjoining school districts.

The Village of Niles, touching the northwest corner of Chicago, has experienced a tremendous population surge in the last ten years. The present estimated population of 29,000 consists largely of young families with children either attending or soon to attend school.

The school district boundaries were set up by the state long ago when there were mostly farms and vacant land in the area and bear no geographical similarity to the Village. Actually four different school districts serve the children of Niles. The two principal ones are School District #63 and #71. Each covers about the same amount of territory in the Village. There the similarity ends. District #71 encompasses an area of large industrial developments with relatively few homes, whereas #63 is almost exclusively residential. How does this affect education?

District #63, covering the northern half of Niles has a total school enrollment of nearly 5,700 in 8 schools. Eight years ago, there were 880 pupils in 2 schools. This represents an increase of about 25% per year with no immediate end in sight. To make matters worse, the cost of education (salaries to teachers, construction of new schools, additional curriculum requirements) has increased. The net result is that

School District #63 is one of the poorest in northern Cook County. By taxing the homeowner at the maximum legal rate of 1.98 per \$100 of assessed valuation, and receiving \$600,000 in state aid, approximately \$390 is available to be spent per pupil.

In direct contrast, District #71, covering the southern half of Niles, is one of the richest districts. With a tax rate of only 0.85, less than half that of District #63, about \$570 is spent per pupil. The secret? There is an abundance of industry in District #71 which pays real estate taxes but sends no children to the schools. District #63 has virtually no industry.

Under the 1960 comprehensive zoning ordinance adopted by Cook County, the fact that almost all the land in District #63 was zoned for residential use was somehow overlooked. Good zoning planning calls for a balance between residential, business, and industry in a given area.

The Village of Niles finds itself not with some residents whose children get better education for much less taxes, and others who must pay very high taxes for less education.

In an attempt to correct this inequity, the Village is now petitioning the Cook County Zoning Appeals Board to rezone certain land in District #63 for industrial usage to regain some sort of balance in the real estate tax base. Our nation's survival depends on a free system of public education. A school district should not be hampered by circumstances of geography or poor zoning from giving each child the best possible education. Each child must be offered all he can absorb, the inclination to think rationally, and the capacity to understand. A school district's real challenge is with children more able than most. Their abilities and capacities must be exploited fully. Our nation cannot afford to waste their talents with merely average, mediocre education.

Blast Blase

during the 1961 campaign, by condemning ex-Mayor Stankowicz for his alignment with the Niles Township Democrats. One of Blase's major war cries was that the Township Demos were running Niles.

Ironically, when Blase gained office, he immediately allied himself with the Maine Township Democrats, and the illusion of political independence, which carried him into office, was destroyed. Blase weakly contended that it was necessary to tie-up with political force, in order to get things done for the community.

When THE BUGLE noted the Blase bit of political switch-hitting and former BUGLE writer Edna Walger, an ardent Blase worker in 1961, criticized Blase's new political stance, Blase backed away from his political alliance, which he has since reinstated.

Will Review 'The Deputy'

The Library Committee of St. John Brebeuf's Women's Club is happy to announce another book review to be given on Wednesday evening, October 14 at 8:15 in the Parish Hall.

Father Robert Mahoney, an assistant at St. John's, will review "The Deputy" which is a story of the War years of the reign of Pope Pius XII. This book, written by Rolf Hochhuth, has stirred a storm of controversy over the moral responsibility of religious leaders in times of international stress and peril to all human beings.

Father Mahoney is eminently qualified to review this book and is well aware of the difference of opinions on this sensitive issue.

It promises to be an enlightening evening with a discussion period to follow the review. Admission is free and refreshments will be served. The public is invited.

President-Niles Chamber

The Niles Chamber of Commerce and Niles Lions Club Joint Golf Outing and Dinner Dance held at the Golden Acres Country Club on Wednesday, September 16, was a great success. We had an attendance at this affair surpassing all other outings. This is what happens through cooperation and planning.

While we are on the subject of cooperation, the fall season is upon us and soon winter will be here. Then - we think of Christmas. As has been stated before, funds are needed this year to dress up Niles for Christmas. The new lighting system will soon be completed, and we are in desperate need of new trims. Through the combined efforts of the Chamber, local businessmen and civic minded individuals, we hope to be able to raise the needed funds for this venture. Checks may be mailed to the Chamber office or the Village Hall c/o Sam Bruno, 7166 Milwaukee Avenue, Niles 60648, Illinois.

Make your checks payable to Niles Christmas Decoration Fund.

The Chamber is vitally interested in the progress of the Leaning Tower YMCA and so I wish to report the following progress. Excavation is under way. All caissons are installed - pouring of basement walls is completed. Elevator pits have been poured. Underground plumbing has been installed. Water supply will be brought in shortly. The curtain walls, soon to be installed, are to be of stainless steel and will be delivered in sections, three stories high with windows, insulation and wall covering installed at the factory.

Our next project is the Installation Dinner Dance and Testimonial for Retired Fire Chief George Fasek; also Policeman of the Year Award. This will be held at the new room just completed at the O'Hare Inn on Wednesday, October 28th. A very interesting floor show will be presented by Benny Sharpe's Theatrical Agency. This will be one of the outstanding affairs in Niles this season.

Under consideration at this time is a joint Christmas meeting (Party) by the Chamber of Commerce and the Lions Club. More about this in my next column.

Be sure to attend our next meeting at the Tam O'Shanter Country Club on Wednesday, October 14th. Vince Johnson, our Program Chairman, presents his interest-piquing program - "Weapons for Defense". A direct telephone line to the Defense Department in Washington, D.C. will be set up and operated so that questions from the floor will be directed to Washington and answered over a loud speaker system.

Why not make Lyndon Barry Johnson Mr. America for 1964, and have a series of run-offs of candidates from each state in the union? Crown LBJ, let them go around the country kissing babies, and swapping lies, and we little guys who own this country should get together and place

We try to stay away from the political area outside of the local scene. We've never agreed with other newspapers' policies in the area, that a suburban or neighborhood paper should align itself with a political party, nor be used as a propaganda organ for a Party. Somehow we can't see the great punditry that sits behind the desks of these local papers, adding many profound thoughts to what has already been eschewed in the market place. Obviously, we're leading up to an exception to the rule.

During the three-day binge when the country seemed to come to a halt when President Kennedy was killed, we were aware of a feeling we had not paid much attention to in the past. While watching television during those three sad days, we realized this country Kennedy headed was truly our country. Watching the leaders of the U.S. parade before the cameras we were keenly aware their country was my country, and that I own it every bit as much as they do.

In the following months watching the new president get the necessary build-up, which was essential for securing the continuity of the presidency, we realized he had a tough act to follow. And while he did not have the much over-used "style" Kennedy brought to the White House, still the change-over was once again successful.

Last summer - when the conventions began we again had that feeling that this was my country, but the candidates chosen were not my candidates. Were Johnson and Goldwater the best this country had to offer? Students of the political scene would answer the qualities of a successful president are often not those which we might expect to head the number one position of the world. A "wheeler and dealer" such as Johnson may prove more successful than a more crude Kennedy. Or a man of limited intellectual qualities such as Goldwater might have a greater touch with the people which might point to greater leadership. But, the method of electing the number one power in the world seemed so incongruous. Men with ambition and money, who maneuver and deal for many years, practically buy a shot at the top post.

It is no coincidence that Kennedy and Rockefeller, Goldwater and Johnson and Roosevelt, were men of immense wealth who could pave a road toward the White House.

In our more frivolous activities, we go to great pains to move the more qualified to the top. Olympic candidates, Miss America hopefuls, Little League teams all reach for national titles, by competing against local, sectional and then national competition. But in the very serious business of choosing a president, a very few men can maneuver and deal their way to the top.

Let me close with this thought for all - For a better tomorrow, prepare today. Join the Chamber of Commerce.

Residents 'No' Bid Balked

By Frieda Aron

Irate homeowners, members of the Niles Terrace Improvement Org., stalked out of the meeting hall, waiting patiently to be heard, pending their request that the village of Niles refuse permission for an incinerator to be installed by Terry's, who recently occupied the property originally known as Topps. Mr. Terry, owner of the property on Dempster and Harlem, arrived too late to be heard and the Mayor refused him permission to speak, also. The home owners had petitioned the Village Board to refuse permission for the department store to install an incinerator, claiming that all the refuse will find its way into the homes in the surrounding area. The Mayor granted Terry's four or five months probation to see what a good job of caring away refuse the new proprietors do, before voting a definite yes or no on the proposition of the incinerator. The home owners wanted and demanded an unequivocal NO and when Mayor Blase said "The case is closed" he meant it and they were left without any further opportunity to plead their case.

The Police Dept. has been advised to create a vacancy for the rank of Captain, which will be settled upon Chief Emrikson, shortly. Four reserves have resigned from the Police Department and it was suggested that the four necessary replacements be made.

The Village Attorney has been advised to bring up to date a village ordinance of 1958 restricting fire arms. He will work with the Police Dept. until the ordinance has met all city regulations.

25% of the goal of \$2500, for the Niles Christmas fund has been raised, only \$50, and all the business and industries are being contacted on that behalf.

The President of the United States, L.B. Johnson has designated October 24, 1964 - United Nations Day, and the village of Niles will have a short ceremony on that day at 9 A.M. at the city hall council room, by the Boy and Girl Scouts of Niles.

Little Squares Halloween Dance

Evelyn Krull, 7765 Neva, committee woman of the Little Squares Dance Club of Niles announces that there is to be a costume Halloween dance party Oct. 18 at the Niles Park Recreation Center, 7877 Milwaukee. Open to all area square dancers, the time is at 8:30. The caller is John Pearson.

A 17 yard run by Joe Murphy, the Marian Central quarterback, in the last three minutes of play, proved to be the deciding factor in a hard fought game; with Marian coming from a 7-6 deficit to a 13-7 victory over the faltering Notre Dame Dons.

Marian jumped to a 6-0 lead in the first quarter on a 2 yard plunge by fullback Dan Dewane. Two quarters later Notre Dame took a one point advantage with a 2 yard touchdown run by halfback Mike Lyon and a successful extra point kick by sophomore Steve Hurley. Late in the 4th quarter Marian put the game away with their second tally of the game making the final score Marian 13 - N.D., 7.

High Merit Semifinalists

Twenty students who were juniors at Maine East high school last year qualified as National Merit scholarship semifinalists for the 1964-65 competition to be completed next April. Principal Milo S. Johnston announced yesterday.

The number is the largest to qualify in the history of the school and is more than double the number that qualified from the two township high schools last year. Nine of the students who qualified were to remain at East for their senior year and the others transferred to Maine South.

Another Man... another Yawn...

by Frieda Aron 966-9669

The "unfortunate world" - baring inclement weather, she can be seen in the seclusion of her little world of grass and wire fence on the northwest corner of Irving and Narragansett. Slim, childishly immature body, flowing black tangled hair, short bedraggled skirt, patched blouse, stockingless feet in run-down black ballet slippers, she stands hour after hour with eyes downcast searching into the hard packed earth for the secret of her existence. Not more than eighteen years old, she should be a high school senior, gay and giggly, but instead she's one of our forgotten children in the Chicago State Asylum.

A friend of ours, a physician, went out to make a house call just before midnight, a few days ago. On his way home, he had an automobile accident - he collided with a fire hydrant that was in his way as he drove into a gas station for some gas. Leaving his badly dented car, after injuring himself on the steering wheel, with gaping jaw and the blood flowing freely, he went into the station. Standard - Ask Us? asking for change of a dollar to make a phone call for a cab to take him to the hospital. Groups of people stood around indifferently and the attendant said, "I haven't any, ask him" pointing to another attendant. No one cared to help, no one took notice of his condition. Finally someone dug up change, the doctor called his wife who in turn sent a cab over to bring him to the hospital for first aid and she followed in a later cab. His bottom jaw required thorough suturing, the flesh had separated completely!!! The patient the doctor had been to see and presumably set on the road to recovery had neither thanked him for coming out, nor paid him for his services. It will be a few weeks before the doctor will be able to function well again, and resume the practice of life-saving medicine!

"I may end up with an emotionally disturbed child, but I'll never, never give in to the Board of Education", says the mother of an 11 year old girl in New York. The mother refuses to allow her daughter to be part of the Cross-busing plan set forth by the Board of Education in New York, to achieve school integration. It seems that two schools within a radius of a mile, but wholly segregated before will be racially integrated now on a basis of grades. Lower grades will be in one school and upper grades in the other school. Buses will transport the children not in the school district of the school they will be attending. Hence the name "Cross-busing". It is the fear of white parents that close association with colored children will result in the ruination of their children, intellectually, physically and morally. The ugliness on the part of otherwise pretty faces of the young mothers, the viciousness on the part of otherwise normal individuals, the hatred on the features of usually calm people, all directed to the lines of small defenseless colored children is appalling. How can we expect the children to bypass the incredible prejudices of their parents?

There are so many sicknesses in the world—but I know the cure: will be forthcoming, too. It can not come too soon for all of us.

Mark Twain Open House Set For Oct. 21

"Have House-Will Open" is the theme of the Mark Twain School, Des Plaines, Illinois, as the P.T.A. announces Open House, October 21, 1964 from 8:00 P.M. to 10:00 P.M.

Parents will have an opportunity to go to their children's classrooms and meet the teachers and ask questions on subjects of interest to them. They will also have an opportunity to see the new Library which opened a short time ago and observe the amazing growth of this new school. The Mark Twain School opened on January 20, 1963 with an enrollment of 417 students and now, at the start of a

new school year and after one addition of 10 rooms and an addition in progress, there is an enrollment of 800 students.

There will be a short meeting before the parents will meet the teachers and they will be welcomed to our school by Mr. Donald Statins, Principal and Mrs. Melvin Feldman, President of the P.T.A.

Niles Community Church News

Niles Community Church (Presbyterian) will observe Layman's Sunday on October 18th by following its tradition of having those Ruling Elders who will retire from Session duty at the end of the year conduct the morning worship services. Elders who will lead the services are Mr. Jack Lisafeld, Mr. Robert Krusen, Mr. Ralph Fujimoto, and Mr. Philip Strand. Mr. W. C. Lent, who is also a Ruling Elder and the Superintendent of our Sunday Church School, will preach the sermon.

Knights To Visit Holy Hill Shrine

The North American Martyrs Council #4338 K. of C. will visit the Holy Hill Shrine on Sunday, October 18, 1964. This annual affair has become an institution with the Knights and chairman Walter Kasz invites all Catholic Men, Women and Children to accompany them.

The bus transportation leaves the Notre Dame High School parking lot, 7655 W. Dempster, Niles, at 8 a.m. Reservations for tickets can be had to contacting Walter at 967-7847, on a first come first serve basis.

dimly lit streets of our village. The board members were somewhat in variance as to the necessity of bonding and deposits requested of all contractors. General contractors must submit a \$10,000 bond to the Village Clerk and a yearly fee of \$25 so that any damage done to village property will be fully covered. The theory that a small contractor will find it doesn't pay him, just for one job in Niles, therefore losing business for the community and for the village, will be looked into and discussed further, perhaps to adjust the annual fee at least to cover a minimum of jobs. However, the terms of the licensing ordinance is in complete accordance with the laws governing building contractors in the city of Chicago.

A little fluster was raised by a citizen who objected to one party monopolizing the poster business. The gentleman in the audience alleged that his party's posters (Republican) were ousted, but opposing party's posters are allowed freely to adorn the village. "Nor true says the Village Clerk."

Niles Republicans Meet October 20

On October 20, 1964 at 8:00 P.M., the Regular Republican Organization of the Village of Niles is holding their "pre-election" Candidates Night. The Grennan Heights Fieldhouse has been reserved for this occasion, which is located at 8255 N. Oketo. The President urges all Republicans, Independents and undecideds to attend. Many guest speakers will be there to insure an evening of interest and give the people of Niles a chance to meet the candidates who are seeking election in November.

Some of the guest speakers expected to attend are, Elmer Hoffman, running for Secretary of State, Elroy Sandquist, Atty. Gen., Edmund Kucharski, Clerk of Circuit Court, William Osmanski, Coroner, Representatives, Bill Carroll and Art Simmons and Committee-men of Maine and Niles Townships, Floyd Fuller and Sherwin Willens. A speaker on behalf of Charles Percy and many others will also be there.

Ed Gembicki, President of the Republican Organization would like to announce the following persons have been appointed to fill these offices: Steve Neveau, Vice President,

Gary Warner, Director, Ray Wilkens replaces Gary Warner as Sgt. at Arms and Lottie Simmons replaces Tony Fortuna.

Come out to this meeting and meet and talk to the candidates. They need your support. There will be door prize drawings and refreshments will be served.

George Pasek Testimonial Dinner October 28

George B. Pasek, Niles' First Fire Chief, will be honored in a testimonial dinner as announced today by Steven Tsalkis of the Niles Chamber of Commerce. Chief Pasek served Niles as its first Fire Chief through the many years until his recent retirement. The testimonial dinner will be held on Wednesday, October 28th at the Phillip Henrici Ballroom at the O'Hare Inn. In conjunction, the Niles Chamber will also hold their installment dance following the dinner. As per annual custom, the police man of the year will be honored during the installation ceremony.

It was under Chief Pasek's leadership that Niles Fire Department grew from a volunteer fire outfit to the present fire departments in the state. The leadership of George Pasek has reflected itself in the past rating the department enjoys. The force is composed of 29 full time firemen and 18 volunteers. The department enjoys a class four fire insurance rating. It holds several first place awards in the Niles population class and one grand award of any population.

Tickets at \$10.00 per person for dinner and dance can be

DOING BUSINESS IN NILES HELPS FINANCE STREET IMPROVEMENTS

Motor fuel tax money returns helps to build new streets as well as improve old ones.

By supporting your Niles Gas Stations, state tax money spent there is returned in part TO NILES to be used for streets, and sidewalks also curb improvements.

AS AN EXAMPLE.. Oakton Manor and Grennan Heights residents both received about 33% reduction in their street assessments due to the applying of motor fuel tax money returns to the construction of streets IN NILES.... one more example example why "It's good business to do your business in Niles..... It Makes Good Sense... and Cents."

WHEN YOU DO BUSINESS IN NILES.....

Sales Tax Money comes back to serve you.... 1/2 cent of every dollar spent IN NILES is returned TO NILES.....

Adopt Tax Levies In School District 64

At the regular meeting of the District #64 Board of Education on Wednesday, September 23, the Board accepted the recommendation of the Finance Committee to adopt the following as the 1964 levies for the 1965-66 school year:

Education Fund \$2,360,000,
Building Fund 420,000,
Transportation Fund 31,000,
I.M.R.F. (Retirement Fund) 29,000.

The Board instructed the Secretary to include an item on the agenda at the November meeting to adopt a Resolution for abatement of the tax levy for the Debt Service Fund, with the approval and understanding that the Board intends to use the accumulated balance for this abatement.

The low bid from Tru-Link Fence Company was accepted by the Board and a contract awarded them for the installation of backstops at Emerson Junior High School and a fence at the Roosevelt School.

Russell Miller, Business Manager and Secretary of the Board, reported that Chief Christensen of the Park Ridge Police had provided a radar car near the Oakton-Northwest Highway crossing in order to discourage speeding and careless driving. Several arrests have been made. Alfred Alf, representing the Oakton P.T.C., thanked the Board for their prompt action, and asked that "Slow Down" signs be posted on Northwest Highway. Mr. Alf commended the crossing guard for doing a good job at this crossing.

Maine East Open House October 19 & 28

Two nights of open house have been scheduled for parents and friends of students at Maine East high school this year, Principal Milo S. Johnson announced yesterday.

On Monday, October 19, and Wednesday, October 28, the school will be open from 7 to 10 p.m. Teachers will be in their classrooms to meet parents of their students. Many parents familiar with the school practice will serve as host and hostess in the classrooms to aid parents in meeting teachers as easily and rapidly as possible.

Chester G. Polad, of 1032 N. Cumberland, Park Ridge, president of the school's parent-teacher council, has invited students' parents to visit the school through invitations sent home through the child-

ren. Acceptances are large relative to the enrollment which is little more than half of last year's student population.

Polad asked that parents whose names begin with A through M come Monday evening and those whose names begin with N through Z select the October 28 date. He stressed the fact that all are welcome either night if they find that there is conflict regarding the usual night.

Parents of freshmen will have a special meeting each evening from 8:15 to 8:45. They will meet in the auditorium to hear Chairman of Counselors Richard Van Scoyoc and his staff explain the guidance program.

All parents are invited to come to the cafeteria beginning at 8:30 for refreshments.

Girl Scout Troops Visit Science Industry Museum

An Inter-Troop excursion to the Museum of Science and Industry was the agenda on October 12 for Girl Scout Troops 513, 127, and 846. The girls left school by bus and a songfest was planned for the trip to the Museum and back.

Traveling with the scouts are Mrs. Robert Clauson, Mrs. Green, Mrs. James Walsh, Mrs. Chester Klein, Mrs. Marcella Boyd, and Mrs. Thomas Conklin.

Members of troop 513 are Dawn Ronalds, Susan Linton, Karen Anderschatt, Elizabeth

B'nai B'rith Women Meet

A Philanthropy program is planned for Wednesday, October 21, at 8:30 p.m., at the Morton Grove Motel by the B'nai B'rith Women—Heritage Chapter.

Questions such as: What is B'nai B'rith? What does B'nai B'rith support? will be answered by Samaria and Abdias B'nai B'rith Girls in an original skit.

Samaria and Abdias B.B.G. are sponsored by Heritage Chapter, their counselors are Mrs. Gerald Holtzman and Mrs. Larry Sachs, both members of Heritage Chapter.

Guests are cordially invited. For further information, call Mrs. Arthur Hyams, 677-5479.

Gurga, Cathy Klein, Christine Ciba, Karen Ciesla, Mary Ellen Reid, Mary Pat Walsh, Diane Mazurek, Susan Mazur and Susan Philbin.

New Nilesites

Mr. and Mrs. Frederick J. Molnar, Apt. #1, 8860 Root Road, Niles, welcomed a son Kevin Charles, on September 29. Kevin weighed 7 lb., 10 oz.

Linnette Marie Maltese, new daughter of Mr. and Mrs. Vincent Maltese, 8059 Foster Lane, Niles, made her debut on September 29, weighing in at 7 lb., 10 1/2 oz.

Camera Club Forming In Niles

Because of a need in our community, a new organization is being formed - a Camera Club for Niles. The first meeting will be held on Wednesday evening, October 21st, at 8 P.M., in the Niles Park Recreation Center (the building next to the swimming pool), 7877 Milwaukee Avenue, Niles.

This club will be the place where photo enthusiasts can meet to show their work, exchange information, and pick up new ideas. In addition, members will be in a position to perform a real community service by acting as instructors for the Niles Park District Teen Age Program and by taking pictures to document neighborhood life.

Advanced workers, as well as beginner, will be welcomed.

The first meeting will organize the club, allow everyone to get acquainted and to be entertained. ANSCO is supplying a slide program on how to take night color pictures. For further information, contact the Niles Park District, Mr. Jack Leske or Mr. Steve Chamerski at YO 7-6633.

R MEDICINES AND DRIVING
DON'T ALWAYS MIX

Consult your physician about the side effects of any medicine prescribed for you. They may affect your driving ability. Even certain commonly used drugs like antihistamines, cold tablets and sedatives may dull your reflexes or lessen co-ordination.

Avoid alcoholic drinks while taking medication. The double impact may dangerously affect driving skill. Do not ever take sleeping pills the night before a trip. Their effect may handicap you the next morning.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

At Golf Mill

Sophia Loren and Marcello Mastroianni star in Joseph E. Levine's "Yesterday, Today and Tomorrow," opening in color and wide-screen Friday at the Golf Mill Theatre. The most exciting "love-team" since Gable & Harlow, they each play three separate roles in the film.

Maine East Sets Play "Madwoman Of Chaillot"

Gradoux's "The Madwoman of Chaillot," an uproarious comedy despite its sinister name, is the all-school play to be presented Nov. 19, 20, and 21, under sponsorship of the senior class of Maine East high school.

Though a comedy, the play was chosen because it is thought-provoking, faculty director Philip Stewart said. "The play shows how we sometimes need the insane to help keep the rest of us sane," he observed.

"Scenery for the play is a demanding job," Stewart pointed out. He said that student crews will have to build two complete sets.

Beth Elohim Reform Jewish Congregation

Beth Elohim Reform Jewish congregation will have services on Friday evening, October 23, 1964 at the Glenview Community Church 1000 Elm Street in Glenview at 8:30 P.M.

Garden Club Visits Honey Bear Farm

The regular October meeting of the Grennan Heights Garden Club of Niles will be called to order aboard a bus enroute to Honey Bear Farm in Genoa City, Wisconsin, on Thursday morning, October 22, 1964. All members and friends of the Garden Club of Niles will be celebrating the club's 20th anniversary by participating in this all day pleasure trip.

The business meeting enroute will be short, so that Nature's fall beauty along the countryside may be viewed and enjoyed. Noted nationally accredited Flower Show Judge, Mrs. Frank Packee will present her program in the Town Hall Barn of Honey Bear Farm at 11 a.m., after which luncheon will be served. After lunch members and friends will have time to visit the many little shops of Honey Bear before embarking on the homeward trip.

It is a day to celebrate and enjoy and it is being looked forward to by all. See you on the bus!

Look again... and you'll buy a modern, automatic GAS Range

HARDWICK Automatic Deluxe GAS RANGE

NEW!.. and only from HARDWICK!

The Miracle of MICRORAY Broiling in an Eye-Level Range!

Here's double-feature performance in just 30 inches of space! Behind the picture window of this all-new eye-level oven, Hardwick presents the true flavor of outdoor-grill broiling. The MicroRay's infrared ceramic burner seals natural flavor and juices right in foods... so there's practically no spatter, and broiling's cleaner than ever! And the MicroRay cooks twice as fast with half the gas!

Teamed with the eye-level MicroRay is a feast-size bake oven and separate snack broiler, below. The feast-size oven features Hardwick's Cook-and-Keep automatic control... the modern marvel that cooks your dinner at the time and temperature you select, then holds it at serving heat until you're ready to put it on the table... all automatically! Colors? Reach into the rainbow and choose the one for you... Pink, Yellow, Turquoise, Antique Copper, Satiny Brushed Chrome and Sparkling White, too.

The Debutante by Hardwick lets you pick your preference in cooking performance... choose from these two models:

The Debutante GAS MicroRay.

If your family prefers broiled foods, here's an eye-level infrared broiling oven, plus feast-sized baking oven and conventional broiler below.

The Debutante GAS Double Oven Range.

Complete bake oven at eye-level, plus second feast-size oven and conventional broiler below. Both bake ovens feature Hardwick's Cook-and-Keep automatic controls.

Explain District 63 Physical Ed. Program

"Physical education in district 63 is more than a mere sports program. It's an organized effort to help every child develop his physical and social potentials."

That's how G. William Bullock, Jr., assistant superintendent of schools, described the East Maine School-District 63 physical education program at the board of education meeting October 14.

Physical education was the first in a series of curriculum developments to be presented to the board for its information. Three physical education instructors made the presentation.

Hary Klocker, Oak School, 7640 Main, Niles, described the program for grades one to six. He called it a comprehensive effort and said it covers a wide variety of activities. For example:

A range of games from the most simple to the most complex. Tumbling stunts, rope climbing, rhythmical activities, singing games and folk dancing.

Skill drills, modified team games, individual and dual activities.

Regular team sports in field hockey, touch football, basketball, volleyball, soccer, track and field events, and softball.

District 63 operates a large and varied intramural program as an outgrowth of the regular physical education effort. The intramural activity provides for competitive sports.

Emphasis is on competition and participation, said Mr. Klocker. It does not seek to make champions out of children. But it does offer an after-school program for all boys and girls, not just for the more skilled youngsters.

Miss Judy Teufel outlined the physical education program for girls at the junior high school level.

J. Ronald Silverstein presented the physical education for boys at the junior high school level. He also developed a picture of the current junior high health program being implemented by the district 63 physical education instructors.

Celebrate United Nations Day October 24 In Niles

On April 30, 1964 President Lyndon B. Johnson issued a proclamation that Saturday, October 24, be observed as United Nation Day.

As Chairman in the Village of Niles I urge the Citizens of our village to please demonstrate their faith in the United Nations by attending our Community program being held at the Village City hall, 7200 Waukegan Rd., Saturday morning 9 a.m., October 24th.

"Mankind must put an end to war, or war will put an end to Mankind," said John F. Kennedy. "Never have the nations of the world had so much to lose or so much to gain."

Dwight Eisenhower said that the U.N. "has accomplished what no nation - or any limited group of nations - could have accomplished alone."

"God-History-Humanity" will be the topic of the sermon given by Rabbi Emanuel Ben-ner when he conducts services of Maine Township Jewish Congregation 8:30 P.M., October 16. Services will be held at the Mark Twain School, 9401 Hamlin in the area West of Golf-Mill.

Rabbi Bennett will also officiate at the following morning services also to be held at Mark Twain School. Services will start at 9:30 A.M.

The U.N. gets at the roots of war. The U.N. provides a forum for governments to "blow off steam". Far better to pound a show than to unleash a rocket. World leaders are "onstage" before the conscience of world opinion. There are failures too, and the disarmament debates go on and on as nations arm. The United Nations have far to go but when we mock its weaknesses, we mock ourselves.

The U.N. needs the moral support of every American, not out of fear alone, but out of understanding. You can help. Express your views about the U.N. to your neighbors, friends and government representatives.

We must all unite together and pray together, so peace can be restored to all mankind. Re-

1. In the Cuban Crisis, the U.N. provided the means and the place to confront the Russians before the world. World opinion turned against them.

2. In the Congo, the U.N. helped restore order, to prevent Russia and the other powers from taking over. A "brush fire" was contained before it could ignite the world - Dag Hammarskjold died for peace.

3. In the Suez Crisis, war between Egypt and Israel drew in other countries. Russia brandished rockets. But the U.N. helped police a cease-fire with troops from ten small nations.

4. In Korea, U.S. forces bore the lion's share of the burden. But 15 other U.N. Nations had forces in action, and the communist tide was stemmed.

5. Throughout the world, U.N. programs spread education and technical knowledge helped stamp out disease and hunger.

Explain District 63 Physical Ed. Program

"Physical education in district 63 is more than a mere sports program. It's an organized effort to help every child develop his physical and social potentials."

That's how G. William Bullock, Jr., assistant superintendent of schools, described the East Maine School District 63 physical education program at the board of education meeting October 14.

Physical education was the first in a series of curriculum developments to be presented to the board for its information. Three physical education instructors made the presentation.

Hary Klocker, Oak School, 7640 Main, Niles, described the program for grades one to six. He called it a comprehensive effort and said it covers a wide variety of activities. For example:

A range of games from the most simple to the most complex.

Tumbling stunts, rope climbing, rhythmical activities, singing games and folk dancing.

Skill drills, modified team games, individual and dual activities.

Regular team sports in field hockey, touch football, basketball, volleyball, soccer, track and field events, and softball.

District 63 operates a large and varied intramural program as an outgrowth of the regular physical education effort. The intramural activity provides for competitive sports.

Emphasis is on competition and participation, said Mr. Klocker. It does not seek to make champions out of children. But it does offer an after-school program for all boys and girls, not just for the more skilled youngsters.

Miss Judy Teufel outlined the physical education program for girls at the junior high school level.

J. Ronald Silverstein presented the physical education for boys at the junior high school level. He also developed a picture of the current junior high health program being implemented by the district 63 physical education instructors.
