

Niles PTA Busy On Xmas Bazaar

During the past summer months, filled with their days of hot and humid weather, a staunch group of mothers under the direction of Mrs. Paul Angelino and Mrs. Gordon Bublitz, Ways and Means Chairmen of the Niles Public School PTA, have been busy turning their thoughts and creative abilities to a time of the year when temperatures fall and snow files, in preparation for a Christmas bazaar to be held December 11th and 12th at the Lawrencewood Shopping Center, Niles, Illinois.

Many hand-made items have been created including aprons, head bands, doll clothes, stuffed animals, Christmas decorations and many more things which will be appropriate for giving or receiving.

Along with the bazaar items, a bake sale is also contemplated including homemade cakes, cookies and candy. This will be accomplished through the efforts of the Niles Public School PTA Room Mothers under the direction of Mrs. Aldo Brunetti and Mrs. Herbert Clauson, Co-Chairmen.

Workshop meetings will be held on Tuesdays from one o'clock to three o'clock in the new Niles Park District Recreation Center for all women interested in helping with items for the bazaar.

Approve Medical Program

Trustee Leonard Szymanski (left), Mayor Nicholas Blase (center), and Dr. Jerome J. Podgers, (right) Health Officer of Niles Board of Health, agree that the Medical Self-Help Program which the Board is sponsoring throughout the Village is a worthwhile project. They met on October 10, 1964, to plot strategy of the program. According to Mayor Blase, "The

training received in this class is an invaluable aid to the individual and to the community in that it thoroughly prepares him to help provide medical care to himself and others in any emergency situation that might arise in a disaster." He urged residents to take advantage of this opportunity to take the course, which is free of charge. A class is in progress at the St. Matthew Lutheran Church, 9201 Milwaukee Avenue, whose Pastor is Rev. Howard Henke. Other units are forming. Anyone interested in obtaining further information is asked to call Sanitarian Raymond C. Wilkins at YO 7-8660; or call the Health Board Office Tuesday 1:00 to 3:00 and Thursday 6:30 to 8:30 - at 824-8119.

Niles Woman's Club News

The Woman's Club of Niles spent an enjoyable evening with Miss Elizabeth Ruddy and her fabulous hat collection at their October meeting. However this is only one phase of the club. Basically our goal, as a member club from the 10th District of the Illinois Federation of Women's Clubs, is to improve community life in whatever way we can.

Mrs. Raymond Shurson, 6940 W. Keeney St., is our present American Home Chairman. At this time she is in charge of a project to make socks and terry cloth slipper socks for the children and adults who are patients at Cook County Hospital. Remnant materials as well as many willing hands to cut patterns, and hand or machine sew the slippers, are what she needs now. Many cold feet could be made toasty warm if all our members and friends would back Mrs. Shurson in this worthwhile program. Please call her at 966-4459 for further information.

son, and two signatures representing two trust companies.

The area, long Niles' blue chip area, has had many zoning battles there in the years. When industry was building behind the homes a 125 foot buffer zone was approved, which separated industry from the residences.

The petition for a gas station at the Gross Point corner was successfully fought by the neighbors, by one of the petitioners now seeking the new zoning.

Thursday night Mrs. Johnstone, who has been "up front" in trying to hold back the industrial invasion, will likely be attempting once again to forestall what many believe is inevitable—industry on Caldwell Avenue South from Harcourt, Brace and Company to Gross Point Road.

Morton Grove's former park recreation director Marv Weiss is reported to be one of four candidates for a similar post in Niles park district. Weiss, who was (and is) greatly respected in MG for his fine work there, would be a welcome addition in aiding Niles' rapidly-growing park district.

Two weeks ago we passed judgment on the old Chicago Cub batboy, Vince Garrity, who ran for re-election for Sanitary Trustee Tuesday. Within one hour after the BUGLE was delivered on Thursday morning, old Vince was haranguing on the telephone line which leads into our office. How he found out what was written about him so quickly amazed us; obviously, he has local Nilesites who must have a pipe line down to WAAF.

We mention garriplus Garrity, only to report another in the long line of Garrityisms, which are becoming classic. When President Johnson appeared in Chicago last week, who but the irrepressible Garrity, was doggedly appearing in every picture and on every TV photo. That old Johnson and Garrity team was the most pictured twosome since the Gallagher and Sheen days.

One Chicago columnist reported Garrity blatantly remarked to the President, when he noted Garrity edging into all pictures, that Garrity, "Was only looking for a fair advantage".

A local Nilesite told us Garrity topped all his previous acts back in 1948, when he appeared at the suite of President Truman. After gaining entrance he actually had the President telephone Garrity's mother just to say hello. After this and many other Garrityisms we've heard the past week, we've concluded we'd rather join his side than try to fight him.... he's one guy who could well be called the king of gall.

As we mentioned two weeks ago, to hear him on his radio program is to vote against him. But, we can't help but have a tinge of affection for a guy like him...who operates in such a crazy patch-quilt style.

Niles readers who may have wondered what was such a big deal about local magistrate Smigiel's slipping in the back door to become a Circuit Court Judge likely got the message at the polls Tuesday. Each judge up for re-election, in a similar race to Smigiel's, ran against their record, rather than against another candidate. Voters would have to check off the "No" square, in order to eliminate the judge from serving an additional term. Since the Chicago papers gave a 5 line endorsement to all judges in this category, it now can be understood why this Judgeship was such a plum. Once elected to this seat on the bench it is likely the judge will remain there for his lifetime, at \$28,000 annually.

MRS. JOHNSTONE WINS ZONING BATTLE

Caldwell Area Kept Residential

by Frieda Aron

From left to right, Senior Girl Scout Gay Girolami, Boy Scout Jay Kolar, VFW Charles Hintz, Rev. Steven Murphy, of

the Lutheran Church of the Resurrection, Chairman Michael Provenzano, Rev. Leon Wagner of St. John Brebeuf Church,

Boy Scout Russ Kolcz, Cub pack Scout Gregory Kozeny, Cadette Girl Scout Theresa O'Donnell, and Brownie Scout Kim Erickson.

Mrs. S. Johnstone of 7401 Caldwell was half-carried by her happy neighbors and friends from the Niles council chambers when their long battle to prevent the rezoning of their beautiful residential home sights was concluded in victory. It had all the ingredients of a cloak and dagger story, excepting "girl meets boy" angle, when about 15 homeowners of the Caledonia subdivision on Caldwell Avenue came to the council chambers the night of the Zoning meeting, to protest plans to industrialize their property and that surrounding their homes. The night air was cool on Thursday, October 29th, but the air in the chambers was burning with snide remarks about the prepared voting that the board members were supposed to be planning, against the rightful wishes of the homeowners and the instructions that the board was playing politics by doing special favors for special people—no names, no events could be mentioned, but the words—special favors for favored ones—were thrown about carelessly. The true villain in the piece, J. Emil Anderson Construction Co., according to Mr. Jacobson, one of the homeowners, were sending undercover men out to buy up the property and threaten the owners. "If you don't sell to us, you'll be sorry, because you'll have to get out anyway." Therefore, Mrs. Jacobson wished to have his name removed from the petition to prevent the rezoning, saying the hazards were not worth the air of mystery and harassment that pervaded the whole area. To the catcalls of his erstwhile neighbors, he answered, "Drop Dead".

Observe United Nations Day

Saturday, October 24, was United Nations Day. At the Niles Court, 7200 Waukegan Rd., a ceremony was held at 9 a.m. Girls and Boy Scouts from the Niles Area took part. Mr. Michael Provenzano was in charge of the ceremony and was presented with an award from the Mayor of Niles, Mr. Nicholas Blase. Beginning the ceremony was the presentation of the American Flag by the Veterans of Foreign Wars. Following this the Cub Scouts of Troop 45, sponsored by Oak School under the leadership of Mr. J. Eaton presented their colors. Cub Scouts were Keith Grendel and Chuck Bobula. The Girl Scouts presented their Colors next. Gay Girolami of Troop 426, sponsored by the Moose, carried the American Flag. Terry O'Donnell of Troop 809, sponsored by St. John Brebeuf, carried the Girl Scout Flag and Kim Erickson of Troop 962, sponsored by Oak School carried the Brownie Flag. Honor guards were Peggy Zonsius of Troop 426, Patti Pearson of Troop 146 out of Park Ridge, Geraldine Hardy and Cathy Kudla of St. John Brebeuf Troop 777, Kathy Anderson, Connie

Mueller and Ann Schneider of Troop 952 and Karen Emrickson of Oak School, Rilla Huml, Constance Tschundy, Mary Magnuson, Cheryl Dombrowski and Jeanne Hulsman of Troop 853, Nancy Syskiewicz, Carol Hlava, Judy Zonsius, Mary Lu Moriarty, Linda Higers and Mary Joy Hulsman represented Troop 809 and Christine Kosiba represented Troop 127 sponsored by St. John Brebeuf.

Each Unit of Scouts gave their promise and Miss Pearson gave a short speech on World Association. Some literature was also passed out to the audience by the scouts.

Library Meeting November 11

The board of the Niles Public Library District cordially invites interested residents to an open meeting on Wednesday, November 11 at 8:30 p.m. in the library at 7944 Waukegan, Niles.

Present at this meeting will be representatives of the Niles Village Board concerned with details of construction of the new library building. During the two public meetings held this summer prior to the bond issue election, those in attendance were promised this open meeting for the purpose of considering problems of concern to all residents involved with this village improvement. Finalized plans will then be completed as soon as possible for presentation to the Niles Village Board for approval.

Notre Dame Squeaks Past Marmion 29-27

by Dan Kosiba

A fourth quarter 20 yard touchdown pass from Dick Vana to Tom Newton proved to be the deciding point in Notre Dame's triumph over the Cadets of Marmion. This win kept Notre Dame (4-1) in a deadlock with Joliet Catholic (4-1) for second place in Suburban Catholic Conference play, one game behind undefeated Marion Central (5-0).

Rick Bordenave, the Cadet halfback, got the action under way by swerving his way into the endzone from the ten yard line, for the first of his three touchdowns. Bordenave followed up the T.D. effort by kicking the extra point to bring the first quarter scoring to an end.

The second quarter saw a repeat performance by Bordenave, this time scoring on a 3 yard plunge to spread the Marmion lead to 13 points.

Notre Dame, who was plagued with injuries; among which were Mike Lyon (the Conferences' leading scorer) and four other first string players, couldn't get a serious offensive march going until halfback Bill Molloy grabbed a 25 yard touchdown pass from quarterback Dick Vana to narrow the margin six points, bringing the halftime score to Marmion Military-13, Notre Dame - 7.

The second half took up right where the first half left off, with Notre Dame scoring another touchdown on a 1 yard drive by fullback Brian Powers. The extra point was successful and Notre Dame took the lead for the first time in the game 14-13. But this lead was short lived because six plays later Cadet quarterback Jim Jaeger connected with end Ray Reuter for a 35 yard touchdown completion; Rick Bordenave ran the extra point to give the Marmion team a sparse 6 point lead.

The Dons gained the ball on the Cadet kick but were unable to move, on fourth down and 6 yards to go for a first, Bill Molloy got away a beautiful 59 yard punt and Cadet Jim Fitzgerald was caught in his own end zone for a safety. The tackle was made by Notre Dame's Jerry Gray, who sparkled defensively throughout the game. This brought Notre Dame two points closer to the lead, and gave them the ball again according to the rules governing a safety. This time Notre Dame was able to move the ball 63 yards in seven plays, which brought the situation to 4th down and 2 yards to go for a touchdown. Fullback Brian Powers, was given the ball and he

literary pushed back the entire right side of the Marmion line for the touchdown, which once again gave the lead to Notre Dame 22 - 20.

With five minutes remaining Marmion had the ball, and the Notre Dame defense seemed to collapse. The Cadets took advantage of this and Rick Bordenave ended up scoring his third touchdown of the night, he also ran the extra point which proved to be Marmion's final point of the game which put them up on the Dons 27-22.

With time running out Notre Dame got possession of the ball. They concentrated their efforts on passing to conserve time, which proved successful by a 65 yard touchdown march in 55 seconds, Steve Hurley kicked the extra point and the Dons were on top 29 - 27.

All hopes for a Marmion comeback were extinguished when Notre Dame safety man Terry Rudnick intercepted a Cadet pass with 25 seconds left in the game. Keeping the final score Notre Dame 29 - Marmion 27.

Scoring Summary

Niles Chamber of Commerce

By Al Green
President-Niles Chamber

Since I have been writing this column for the Chamber of Commerce, I have devoted most of the material to the future thoughts and actions of the Chamber. This time I would like to stop and reminisce for just a moment.

It was indeed a proud moment and one that I shall never forget, to witness the citizens of Niles in a united civic effort to pay tribute to George Pasek at his Testimonial Dinner. The event was sponsored by the Chamber on Wednesday, October 28, at the O'Hare Inn, along with its Installation of Officers and Presentation of the Officer of the Year Award. At first, we thought three such great events could not be sponsored in one evening. Looking back, we see what cooperation and heartfelt assistance can do. The evening was a huge success!

The Village turned out in fine style, and there was a succession of letters, telegrams, awards and gifts in testimony to a man who served his village and served it well. It will be difficult to forget the scene of Mr. and Mrs. George Pasek as they accepted the tributes of their friends. I shall also not forget the sincerity and heartfelt appreciation of both Officer and Mrs. Frank Wichlac as they stepped forward to receive the Officer of the Year Award. The name of the recipient had been kept secret until Frank Wichlac's name was announced. The happiness and joy that it brought into the lives of these people seemed to make the many sacrifices that they make daily well worth it.

As I looked at my fellow officer and directors as they stood in formal dress to be installed, I was indeed also quite proud of the group that would lead the Chamber this year. I am sure that with people such as these representing the business men and women, professionals, and industry in Niles, we can only look forward to progress. It has been this progress that has brought our Village a nomination and in a position to compete in the finals of the All-American City Award. The rally of all present to contribute to this fund was another highlight, as "Diamond Girls" Karen Janis, Carol Jozwiak, Marianne Kenar and Fat Paul, accompanied by the Village trustees, brought forth a fine contribution to the fund.

The program for the Chamber continues to be "full steam ahead." The November meeting, to be held Wednesday, November 11 at 12 noon at the Lone Tree Inn, will see a tribute to the Lutheran General Hospital and the great work that it is doing in our area. The program promises to be a great one and one in keeping with the previous Vince Johnson presentations. The December meeting is scheduled to be a "Date With Your Mate" luncheon including a style show. Don't forget to bring her!

In the future, the Chamber will spearhead a gala celebration to commemorate the historic event of our new lighting on Milwaukee Avenue. At this

time, Mayor Nicholas Blase will be on hand to throw the switch.

I wish to call attention to the Observation Platform erected at the Leaning Tower YMCA which overlooks the entire building sight on Touhy Avenue. Directors and officers have been given an "Official Observer Di Construzione" (as they say in Pisa). All are welcome to use this platform to observe the progress of the new YMCA facilities.

My thanks and sincere appreciation to my hard working Committee, Vince Johnson, Henry Ford and Ethel Marcy, the officers and directors, the office force of Carol, Pat and Sandra, Tom Traves, our usher and greeter, as well as our

Chamber Secretary, Steve Tsalikis, who all did such a magnificent job at our Installation Affair.

With the Christmas season just around the corner, let us shop locally—the more money spent in Niles, the more is returned to the village via sales tax revenues.

I would also like to extend my sincere thanks to outgoing President Ed Baumler for his participation at the installation-testimonial dinner-dance.

Let me close with a slogan for all business men:

"Good, Better, Best, Never Stop to Rest Until the Good Is Better And the Better, Best."

Dist. 63 To Vote December 12 On Bond And Tax Referendum

East Maine School District No. 63 will vote on Saturday, December 12, for two vital referendums, it was announced today by E. W. J. Bagg, Superintendent of Schools.

Bond and interest tax rates will not be increased more than .01¢. It is possible that there would be no increase because the proposed bond issue is related to increased assessed valuation.

Bagg explained that an increase in the Educational tax rate is necessary to provide for additional teachers, classroom equipment including desks, chairs, and instructional materials to meet the increased pupil population.

All educational expenses including heat, light, maintenance, salaries, supplies, and insurance must be paid from this Educational Fund.

The law permits the Board of Education to increase the rate from \$1.40 to \$1.60 by referendum. The Board has indicated that it will not be necessary to levy the full .20¢ immediately. The current tax rate for educational purposes is \$1.40. This rate will be increased no more than .05¢ to .08¢ to meet the financial obligations of the district the first year. Any additional increases will be based on financial need.

Another March... Another Year..

by Frieda Aron—966-9669

One thing the suburbs have in common with no one else is the morning "March of the Maids". It's simply an exchange system—the husband goes out (after he leaves the money) and the maid comes in. Starting at 8 A.M., there is a steadily advancing army of dark-skinned people, all shapes and all sizes (even as the mistresses they serve) dropping off into various doorways. The delicate "white lilies" then bestir themselves and allow the day help to take over. No child would dare be born into a help-less household and no self-respecting (?) mother would contemplate bringing a child into such a home. The older mothers would do and did. Status or laziness? Take your choice! Comes 4 P.M. and the "March" is reversed. Out of each and every doorway flows the parade of help, homeward bound. Thereafter will start the stream of returning husbands.

The NAACP (national association for the advancement of colored people) had its annual state meeting last week at the Illinois Dunes State Park Hotel in Zion, Illinois and I was there. Among the resolutions they passed were 1—On World Justice; the advancement of the colored people anywhere depends upon the advancement of all people everywhere; and the primary cause for war and poverty in all the years of human history has been the various practices which deny equal opportunity for all men. 2—On Education; the NAACP has long fought to end racial discrimination and segregation in all educational institutions, knowing such practices to be detrimental to both White and Negro children. 3—On Employment; the Negro is heavy on the bottom of the economic ladder; we should begin our own Operation Boot Strap—every community has some skilled people and we must do as others have done. Pass our skills on to our children or some one else's child. Use your local Skills Tradesman as your instructor—keep your dropouts in school—agitate for a massive public works program in each community to improve living standards and to provide unskilled and semi-skilled jobs now. 4—On equal housing opportunities; One-fifth of American citizens are denied decent homes for themselves and their families, to the detriment of all citizens of America, therefore all members are advised to actively work for freedom of Residence in Illinois, and so on and so on. Is that too much for a people to ask for? I think not and deep in the hearts of all men who think otherwise, there must be shame and mortification that a man dares to refuse his brother equality and understanding.

Our 13 year old son is becoming a fine organist and we all went to an organ recital last Sunday at Medinah Temple, where a group of his teachers' pupils played in an orchestra of organs. On the way home he kept asking for a new organ (after all, ours is all of three years old). "Just trade it in, I can play so much better on the newer ones. I'll sound differently. Why don't you trade it in?" he moaned. "Why?" we said. "Organs are so expensive, why can't you do better on the one you have", but he insisted. "Trade it in—it'll be cheaper than buying a new one" and then sullenly, "What's a couple of thousand dollars?" —Are these kids for real????

Maine East Students Prepare For Musical "Carousel"

Once again Maine East has chosen a show by America's most famous musical team, Rodgers and Hammerstein, as its student spring production.

Carousel, the musical play that rose to success on the Broadway stage not once but three times over a period of years, will be given under joint sponsorship of the Maine Music Boosters and the school's music department, chairman Theodore A. Vargas announced yesterday, May 6, 7, and 8 will be the play dates.

"Some of the most attractive and well remembered tunes of a generation are part of this show," Vargas said. The final song, "You'll Never Walk Alone" was a sensation on opening night and is a heart-throbbing favorite today.

Other popular and highly single tunes in the show include "June Is Bustin' Out All Over," "If I Loved You" and "When the Children are Asleep."

David McCoy, who with Mrs. McCoy is president of the Music Boosters, said that the club sought a musical that would carry on the Maine tradition of sold-out houses and that Carousel was the first and unanimous choice.

McCoy, of 1444 Dee rd., Park Ridge, has long been a member of the booster organization. His confident plans of the club to swell its membership through a current campaign to a size equal of, if not bigger than, the club we had before the size of the school changed.

Under the new makeup of the school's boundaries, the reorganized Music Boosters has the following officers for 1964-1965; in addition to the McCoy's as president Mrs. and Mr. Clapper, 1502 Marcus ct., Park Ridge, vice-president Mr. and Mrs. William Comben, 7621 Beckwith, Morton Grove, treasurer; and Mr. and Mrs. Roy Makela, 8051 Octavia, Niles Illinois.

Iranian Artist Exhibits At Golf Mill Theatre

John Sarhad, a young modern artist from Iran, who came to the United States a few years ago, will exhibit a collection of his work in the Art Gallery of the Golf Mill Theatre during the month of November.

Mr. Sarhad's pictures are produced with small bits of glass, colored stone, plastics, etc. and are glued to canvas and masonite. The medium that he works in is entirely new to the world of art. It is a method of his own that he developed over a period of years. The artist expresses his work through an interesting use of symbolism in order to reflect his own ideas. In addition to his originals, he often presents his concept of past works of other artists.

The current film attraction at the Golf Mill Theatre is the hilarious comedy "A Shot In The Dark" starring Peter Sellers and Elke Sommer.

Coffee and cookies are served every evening in the theatre's luxury color TV lounge which shares the spacious lobby with the Modern Art Gallery.

Mark Twain PTA Prepares For Show

The announcement of the Mark Twain School 2nd annual P.T.A. Show by President, Mrs. Marvin Feldman, was followed by a growing excitement for the weeks of schedules rehearsals and planning ahead. Last year the P.T.A. produced its 1st annual show, a satirical musical called "My Son, The Suburbante." Its tremendous success has given this year's cast a snowballing enthusiasm to begin rehearsals for the new show.

Auditions were held on September 30 at the school by the appointed writer-directors Mr. Richard Ellman of Des Plaines and Mr. Errol Pearlman of Highland Park. The title and theme for this year's show was announced to eager and enthusiastic crowds of would be suburban-theaters who came to try out, "Tonce Upon a Wime" was given as the title to the theme of a mad musical fairy tale. Written especially for the Mark Twain School by Mr. Ellman and Mr. Pearlman, "Tonce Upon a Wime" is an original, disturbingly mad musical adaptation of the famous Grimm fairy tale "Cinderella."

Mr. Bilinski will speak on the recoverable Camera Capsule, which was an integral part of the recent Saturn SA-6 launching at Cape Kennedy. Eight of these camera capsules were carried aboard the rocket and they recorded, among other items, the interstage separation and ignition of the second stage.

After being jettisoned at 300,000 feet, all eight cameras were recovered by the U.S.A.F. Air Rescue Service.

In addition to the talk there will also be on display one of the camera capsules that was actually fished from the high seas as well as a motion picture which shows in part the colorful and dramatic interstage separation sequence.

Refreshments will be served at the end of the meeting.

Girl Scout Troop 279 News

Girl Scout Troop 279 of Oak School recently welcomed two new members into their troop at a candlelight ceremony. The new members are Karen Leibfritz and Marcia Hadrick.

Braving the cold weather, the troop had a cookout at Caldwell Woods. The girls cooked, played a few games and also hiked through the beautiful autumn woods.

The troop is currently engaged with their service project for the year which is under the sign of the Star. They are making colorful tray favors for the patients at the Evanston Community Hospital in Evanston.

On November 4 the troop had a roller skating party at the Playdium in Glenview.

Troop 279 is under the leadership of Mrs. C. Grendel, Mrs. M. Nahabedian, and Mrs. R. Strehlow.

Members of the troop are: Barbara Baren, Laurie Grendel, Marcia Hadrick, Deborah Heider, Janice Hunge, Linda Howard, Karen Junz, Debbe Lederer, Karen Liebritz, Phyllis Marder, Jill Mirsky, Cathy Nahabedian, Margaret Obermalter, Holly Rosenberg, Joan Soby, Anita Strehlow, Donna Wilson and Diane Zuckerman.

Niles Fire Department To Begin Home Inspections

"Fire is something that happens to the other fellow, maybe, but not to me."

Do you dismiss fire and its destructive potential in this casual and careless way? Far too many of us do, yet statistics from the National Fire Protection Association show that this very year, on the basis of national averages, a home in your neighborhood will be involved in fire. It could be yours!

Every minute of the day an American home is destroyed or damaged by fire.

Every day, 17 people, mostly the young and aged die in fires. Every home fire represents a failure, a failure to correct hazards and to take precautions.

Your Niles Fire Department is undertaking a program of Home Fire Inspections in an effort to reduce the number of deaths and home fires by pointing out the hazards which are common in every home and to encourage the homeowner to eliminate them.

The inspection of homes to prevent fires is not the matter of municipal law or regulatory compulsion. But nevertheless, fire departments have the responsibility of extinguishing the fires that start in the home. Your participation in the program must be 100% voluntary and permissive.

Everyone wants a fire safe home—many persons are uninformed about fire hazards. If they only knew what hazards were in their homes, they would undoubtedly take steps to remove them.

What then, could make more sense than to invite the fire department into your home when they call on you. The fire department is comprised of professional, dedicated men whose only interest is the prevention of fires and the protection of life and property. Through the Home Inspection Program, a closer association with the

District 63 Referendum

Continued From Page 7

The increase in the educational rate will not affect this year's taxes in any way. Any tax increase of a few cents cannot be levied until 1965 and would not be effective until 1966.

Unless the rate referendum is approved it will be necessary to curtail the educational program of the district and this will affect the quality of the educational program now offered. Voter approval is necessary if the district is to maintain its present program.

Naturally. What's more personal than a conversation? If everyone in your family makes and receives telephone calls, they deserve their own phone. Two or three extra extensions in your home can mean a world of new convenience for the whole family... plus a big saving in time and effort. You'll be surprised at how little it costs.
