village trustees, and the hindrance of these efforts to a sound park program, Jacobs is a most disconcerting force, and caused great havoc in past years.

Regarding the village election, additional reasons why you should consider voting for the incumbents in various matters which have not been mentioned before.

Comparing the previous administration with the incumbents, we have been much impressed with the excellent appointments they have made. The zoning board, which formerly had political hacks serving on it, is now manned by well-trained, highly effective men.

The health board, and its inspector likewise, give Niles much to be proud of. They are well-educated men who've created a service which renders well for the community.

The past four years have also seen the Chamber of Commerce revitalized. While it used to be a booze and brunch crowd, it is now a most positive group. It is no coincidence that Blase and his brother-in-law, Steve Tsaltiks, played an important part in this revitalizing.

Lastly, what is most important about the Blase forces is they are receptive to new ideas...or opinions from residents. Once we reminded Blase that Niles needed a polio clinic...four weeks later it was activated...

### Baseball League Opening Day May 16

The next few weeks will be very busy ones for the managers and officers of the Niles Baseball League. The teams are being formed and the managers will be calling all their Mickey Mantles and Babe Ruths out to practice.

Opening day is May 16 and it sure is rolling around fast. Equipment Chairman Augie Donash and Joe Bolin are now in the process of checking over all the uniforms to make sure they are in top shape. The task they have can be compared to getting a family of 700 boys ready for school. Rather frightening isn't it?

Chairman Ed Trojan is looking forward to a successful dance on April 30. It will be at the Hyatt House in Lincolnwood and the one thing we really need there is YOU. Ed has arranged for an excellent band and plenty of door prizes, so do yourself a big favor and GO.

### Mrs. Terpinas Heads Niles Police Auxiliary

April 2nd, at 8:00 p.m., the auxiliary held its annual election of officers. The new officers are as follows:

Outgoing officers, the Mrs.'s Christie, Hanna, Keating, Topp and Passaroli will serve on the Board of Directors.

The installation will be held at the Golden Steer Restaurant, at Dempster and Milwaukee, on Wednesday, May 5, 1965. Chairman Mrs. Robert Klein and Co-Chairman Mrs. LeRoy Wisniewski are busy preparing for an evening that promises to be a well remembered one.

The auxiliary is past the planning stages of the float for the May 2nd parade and Chairman Mrs. Ernest Passarelli along with Co-Chairman Mrs. Fred Berresheim states that part of the float is already completed.

At the meeting, we selected a King and Queen to represent the Auxiliary for the same parade.

This month, Top Cop honors go to Officer Phillip Cunningham.

### Election

tended Blase has used the Mayor's post to promote his own private businesses, his law practice and his travel agency. Blase has cited the "progress thru economy" theme, which he contends has been the means in which his group has governed the past four years. Blase cites the elimination of gambling, no additional zoning for multiples, Milwaukee Avenue street lighting program, a new courtroom and water reservoir, as some of the main advances made during the incumbents' time in office.

The Niles Voters Party criticize the lack of economy in running Niles government, citing the village clerk's office has increased automation while still adding more employees. They also believe there is no need for the offices of village manager and village engineer which they believe are wasteful. Reed, a former policeman who resigned from the force, also contends the police chief is inexperienced, and implies he should be replaced.

The Forward Era Party point to the modernizing of the village clerk's office, saving of many manhours and point to the All America award as proof the village is in good hands. They also note the opposition has not served actively in village organizations in the past.

In addition to Mayor Blase, other incumbents include trustee candidates Ken Scheel and Bob Wente, and newcomer Keith Peck, who previously served on the park board the past two years. Peck replaces trustee Len Szymanski, who is not seeking a second term. Village clerk Marge Lieske, who was appointed to the clerk's office almost four years ago, after being defeated by former village clerk Jim Kozak, and was elected two years ago to fill out the four year term, is seeking reelection.

### Brebeuf Women Meet April 21

The Niles Voters Party includes Mayor candidate Bill Reed, a landscaper in Niles. Trustee candidates include Robert Peck, Don Raymond Ginocchio and Raymond J. Illian.

### Niles Chamber of Commerce Thanks Voters

Nick Blase has shown a great deal of interest in the Niles Chamber of Commerce and has done much to further its interests, as well as the interests of other Village projects. In short, Nick Blase is an honest dedicated man who is concerned with the welfare of the Village and its citizens.

Letter to the Editor

The Chamber of Commerce does not wish to engage in any political controversy but since the last barrage of accusations of all the Village Departments involves the stature and image of our Village, I am taking the liberty of writing this article.

The Chamber, in the past year, since I have been its President, has spent a great deal of time and effort in building a good image of Niles, as well as that of the Chamber. Any reflections on the good name of our Village also influences the good name of the Chamber. During my administration, I have worked closely with the Departments and Department heads and have found these Departments operating very efficiently, and have found the heads of these Departments to be outstanding.

Above all things, Mayor Nicolas Blase is a real gentleman. I know that some of our citizens feel he is distant, and may I say that when Mayor Blase was first elected Mayor, I also felt that he was. As you get to know him, you suddenly realize that he is of a shy nature. In my association with Mr. Blase, I have found him to be a fine warm man. He is a man who always keeps his word, and is highly esteemed in the legal profession, as well as among the Mayors of the other communities surrounding us.

Nick Blase has brought sound management to the Village and has guided it to the highest award that can give our Village prestige and stature, the All-America City! I was present in San Francisco when our case was brought before the All American Jury, and although the Jaycees entered the Village competition, Mayor Blase and Jaycee Jeff Karzen presented our story to the jury in a ten minute summation of the Village accomplishments. The manner in which Mayor Blase made his presentation, I feel, played a major part in our favor.

We were advised not to write any personal comment on the parody, which obviously was aimed to mislead voters, so we will refrain from writing an opinion.

Before we file the 1965 election away in our local history books there are a couple of observations we would like to note.

The Niles Voters Party attracted some of the Stankowicz supporters, obviously aimed at trying to dislodge the guys who originally dislodged their guy. While the former Mayor of Niles is a man of great equanimity, nevertheless some of his hangers-on are, to put it mildly, rather extreme. And these so-called extremists seemed to rally around the Niles Voters Party flags. Even outsiders, who do not live in Niles, but are pretty wild in their rash actions, seemed to rally around the NVP flag, in hopes of ousting Blase and his mates.

One lady in Niles, who publicly endorsed Blase, received a special delivery letter, criticizing her preference.

The special delivery letter, the anonymous phone calls, the wild statements flung during the campaign reflected poorly on Blase's opposition.

### From The Left Hand

By David Besser Editor & Publisher

A funny thing happened on the way to the polls.

In Morton Grove the post office called and said we could not blanket the town with 100% delivery.

Having weathered some pretty rough political battles in Niles we were prepared to fight any dragons which crossed our path. The postmaster in Morton Grove, who chairs the Plan Commission, and is a likely ally of the Mayor, is an honorable guy, who we were sure would not let local politics interfere with his responsibility of running a federal agency. But still, having been brought up in the school of "no holds barred" politics, we confronted the local post office. After telephoning Chicago's main post office we received a ruling which reversed the decision of the MG Office. The newspaper was allowed to be mailed.

Friday nite while baby-sitting the inevitable anonymous telephone caller, this time from Niles, berated us for our choice in selecting the Forward Era Party. Never identifying himself he spoke with great emotion, tearing down the opposition.

Except for an additional 20 to 30 telephone calls all was peaceful until Sunday night, when the calls start coming again. This time the Niles Voters Party was distributing THE BUNGLE, a parody on last week's front page editorial in THE BUGLE. Only, where THE BUGLE had endorsed Blase's Party, the parody had switched the name to the NVP.

We were advised not to write any personal comment on the parody, which obviously was aimed to mislead voters, so we will refrain from writing an opinion.

### Blase Leads Ticket

Niles Mayor Nick Blase and his Forward Era Party won by a 4 1/2 to 1 margin over the Niles Voters Party in Tuesday's village election.

The unprecedented margin, though not unexpected locally, was one of the most overwhelming victories ever achieved by a party in politics in the Niles-Maine Township areas.

Pundits may assume Nick Blase's political star may be zooming into another galaxy, after the devastating victory over an admitted weak opponent. Blase, who makes no reservations about being "a young man in a hurry", could well take over the Maine Township Democratic Party, which is so woefully weak, or may even have his sights aimed at a more lofty position in the Democratic Party.

Part of the victory undoubtedly can be credited to Niles All America rating, which was publicly acknowledged two weeks ago. But, the well-organized Blase bandwagon, which saw many tens of workers, plus the ability to present top candidates, all aided in the Forward Era victory.

Blase, who did not win one precinct four years ago, this time led his party in 16 of the 21 precincts. Marge Lieske was the next high vote-getter followed by trustee Ken Scheel. Actually, Blase and Lieske's running against only one opponent each, while the trustees ran against several, may have contributed to the difference.

Mayor candidate Bill Reed ran behind the top vote-getter on his party in all but three precincts, with his clerk candidate, Ray Illian, leading in most of the precincts, for the Niles Voters Party.

Frank Troiani, independent candidate garnered 848 votes, 357.

### MG Children's Theatre In Niles

There are still tickets available for the two-act play, "The Clown Who Ran Away," which will be presented April 24 by the Morton Grove Children's Theatre. The play will be held at the Niles Park Recreation Center, 7877 Milwaukee, from 10:30 a.m. to 11:30 a.m. Children who currently attend kindergarten through sixth grade and who live in the Niles Park District are invited to attend. The admission is 50 cents per child. Tickets for 75 cents per child. Tickets for the play must be purchased at the Park District office, 7877 Milwaukee, 967-6633.

At Oak School, Miss Bonnie Welter was awarded first prize for her characterization. The children also participated in active games, arts and crafts, and group singing to round out the morning's activities.

Other children who participated in the Hobo Day activities at Oak School were (left to right) Karen Leibritz, Robert Kucera, Bonnie Welter, Joan Johnson, Gary Trybus, Debbie Sansom, Anita Strehlow.

### Illinois Bell Announces Lower Rates For Long Distance

Lower rates for many long distance telephone calls went into effect Thursday, April 1. This is the second reduction in telephone rates in two months; the first one went into effect February 1.

Illinois Bell Telephone said the April 1 cuts, ranging from five to 20 cents for the first three minutes, will be made on all daytime "station" calls of 601 or more miles which cross state lines. These rates also apply on calls between 4:30 a.m. and 6 p.m. Monday through Friday. The maximum rate for a 3-minute station call between Chicago and anywhere in the United States (except Alaska and Hawaii) has been reduced from \$2.10 to \$1.90.

Here are some examples of the April 1 reductions from Chicago:

To Los Angeles, from \$1.95 to \$1.80; Miami, from \$1.70 to \$1.60; New York, from \$1.45 to \$1.40; Tucson, Ariz., from \$1.80 to \$1.70; Dallas, from \$1.45 to \$1.40. Reductions in some overtime charges also are being made.

The February 1 and April 1 cuts, totaling \$100 million were announced last November by the Federal Communications Commission. The two reductions mean a saving to telephone customers in Illinois Bell territory of more than \$7 million a year—about \$1,750,000 of which will result from the April 1 reductions.

### Oral Polio Vaccine Given May 1, June 27

An all out program to prevent polio in Niles, by providing its residents with the new oral vaccine will take place on Saturday, May 1st.

According to the Niles Board of Health, the vaccine to be used will be the new three-in-one vaccine which is taken by mouth and which provides maximum personal protection in two feedings spaced approximately eight weeks apart. The second feeding will be on June 27th.

Health Commissioner Dr. Jerome Podgers said that progress in combating infantile Paralysis or Poliomyelitis has been dramatic but "a single case in our community is too much." The vaccine to be used is the newest in the field and represents a blend of the strains specific against the three types of polio.

The Niles Jaycees are coordinating the distribution and publicizing of the vaccination program.

Niles health officials have purchased sufficient doses of the Trivalent Orimune vaccine to administer to everyone who wishes to participate. A donation of 50¢ a dose will be requested to defray the cost of the vaccine, but Dr. Podgers said that no person would be denied the vaccine because of his or her inability to pay.

The first feeding will take place on Saturday, May 1st between the hours of 11:00 A.M. and 5:00 P.M. at the Notre Dame High School for Boys, 7655 Dempster Street.

Dr. Podgers stressed the fact that everyone, regardless of age should take part in the vaccination program. "This is not just for children," he said, "but for infants and adults up to 60 and over as well."

# All America Baby Search Is On

What is the name of the future Niles resident who will be called "Niles" All America City - Baby of the Year? The Niles All America City Committee announces the first of many programs to be engaged in during the ensuing year.

A search will be conducted to find the infant whose birth occurs closest after May 2, 1965 at midnight, the time at which the Village of Niles embarks upon its year of celebration for the honor of being named an All America City.

If you, a friend, neighbor or relative reside in Niles and expect delivery of a baby after the above mentioned date and time, be sure to have the doctor in attendance note carefully the exact hour of birth. Make one of those important announcement calls to the office of the Niles Village Clerk, 647-8485, after 9:00 a.m., and stake your claim to this title for your baby. As well as the title, gifts will be bestowed upon both baby and the proud parents.

A week or two will elapse after the initial phone call to allow the committee to corroborate the claim, receive other calls and for the new mother to get back into her routine before she is asked to participate in the official presentation ceremonies.

It is entirely possible that no baby will be born to Niles parents during the month of May, in which case the title will be held until someone makes the call to the Village Clerk's office with the announcement of the birth of their baby.

This year, more than any other, it will be very important for Niles residents to make it a habit to read a local newspaper every week. This may well be the only medium through which you will learn of the multitude of programs in which you or a member of your family may be eligible to participate. The practice will serve you well even after the coming year, for there are items in every edition of your local papers which make you aware of what is going on in your village.

An enlightened citizenry will insure continuation of the progress the Village of Niles has enjoyed in the past decade which won an All America City title.

## Honor Local Residents Who've Served 5 Years At LGH

Employees who have worked at Lutheran General Hospital, Park Ridge, for five years were presented with pins at a special service in the hospital's chapel. Presenting the pins were T. L. Jacobsen, executive director and Dr. N. M. Nessel, president of the board of trustees.

Pins were presented to employees who had served five years or longer as of December 31, 1964. Four employees

## College Night At Maine East Monday

Monday is the day juniors at Maine East high school have been waiting for, for months. Then they will have a chance to visit and talk with representatives from the colleges and universities which they and their parents have been thinking about.

College night will begin at 7:30 p.m. Representatives from approximately 85 schools throughout the United States will be stationed in rooms throughout the school. In addition, a representative from the Woman's College Board of Chicago will be on hand in behalf of some 30 women's colleges situated from Massachusetts to California.

representatives they wish, but will be allowed to pass only according to the bells and not irregularly.

The Monday mass meeting will replace the college nights formerly held in November. Spring is the time of year more logical for such meetings and better serviced by advisers, Pitts explained.

At an assembly for juniors on Monday Pitts urged them to attend next week's evening meeting since none will be held in the fall. Late planning for college can be very disappointing, he said. Seniors also may attend if they have not yet decided their futures.

Parents of college-bound juniors are welcome, said B. Randolph Pitts, college counselor at East. He explained that there will be three periods of a half-hour each during the evening. Students and their parents may visit any three college

Prominent among representatives this year will be men from the U. S. naval, air force, and military academies. No state universities outside Illinois will be represented but many private institutions will be, Pitts said.

## Another Morn'nother Yawn.

by Frieda Aron-966-9669

This past week was the last week that was the Week-of-the-Year! Never did so many give so much, their generosity surpassed only by their vehement protests, simply because the calendar said—"April 15th". The brotherhood of man was hit where it most hurts and our national unity was supreme. That lovely green stuff doesn't bring happiness, 'tis said, but oh the goodies it can provide to make one succumb to that happy feeling! This is the only form of legal embezzlement, but where else in the world can we have Selma, the KKK, and a President who publicly damns them both? Here, take my money, the pleasure is all mine—she said, tightening her belt.

And then there was the vote—the best man won—doesn't he usually?

And then there was the award to Niles, for being one of the 11 All-American cities. Vice is out, industry and services are in, but one thing is still lacking. How can we be All-American if our population is only white-Americans? Are those the only kind?

For days there was silence, not the slightest movement, not the barest tremor of life. I called for help and he said his son, the diagnostician would be over later in the day, when he returned from another call. They both came, looked, shook their heads and said she had to go in. It wasn't too long before the diagnosis came through. Heart Trouble. Could it be, could it really be love? Did my little rambler find another little rambler to gambol with? If the age of specialization came upon the mechanics, can you see it all clearly? For the fuel pump—the heart—we would see the cardiologist. For the carburetor—the lungs—off to the chest man. For the wires—the nerves—the psychiatrist and his couch. For the exhaust pipe—the proctologist and the radiator would need the urologist. For those headlights—and ophthalmologist and for those bumps—the dermatologist.

Aren't the possibilities endless and frightening? Can you imagine serving your car a green pill before lunch time (yours, not the cars) and a red pill before bed-time, (yours and the cars)?

I'm old-fashioned enough and wise enough to want the one who knows all the angles, not only the square or round ones, so I'll be perfectly happy to know that my car is in excellent hands when the Messers, Ruesch of Sherman Ave., are promoting the health and welfare of my mechanized walking facilities. But I don't understand why any trouble is always referred to as "she" or "her". A car is a hunk of metal, cold and heartless, yet the female gender is given to it by all mechanics. Is that their way of getting revenge for the frustrations poured upon men by women? Or is it their only way of talking back? Wives and girl-friends have to have the last word, it seems.

## 'Carousel' At Maine East May 6,7,8

A combination of internationally famous tunes and strong local representation by students in each of Maine East High School's "five boroughs" will make the school production of "Carousel" the most popular musical in the township in years. Music Boosters and faculty members directing the event

love songs in any American musical.

When Billy discovers that Julie will have a child he swears he will get money to care for his family, singing a soliloquy that is the longest number in the show while he occupies the stage alone.

Tabor Kelly, directing the songs and action, named six out of the show's many tunes that will be especially notable on the three play nights, May 6, 7, and 8.

Carrie Pepperidge and Mr. Snow, the two other newlyweds, make a memorable event of the song "When the Children Are Asleep."

"Everybody loves 'June Is Bustin' Out All Over,'" Kelly said. "We have the singers, from every area in our school boundary, to do the song justice."

Kelly's sixth choice for important tunes is the lively chorus "This Was a Real Nice Clambake," with incidental solos.

One of the most memorable tunes of all time is "You'll Never Walk Alone" which is a message of hope sung after the death of the leading male character, Billy Bigelow. Billy dies in a robbery he has planned to get money to care for his wife and the child she is to have.

Niles students pictures here who will appear in "Carousel" are as follows: standing, Gary Caton, Karen Doyle, Gary Doud, Dale Marache, Lauri Strelecky, Donna Christi, Terri Priller, Russ Chaffin, Scott Peterson, Judy Hein, and Bob Lawrence. Seated: Phil Rearrick, Judy Schreiner, Marilyn D'Antonio, Barb Christi, and Frank Gertz.

Earlier, when Billy and Julie discover they are in love, they produce "If I Loved You," which Kelly characterized as one of the tenderest.

Morton Grove students appearing in the show are: standing, Jim Beaumont and Dave Penner, seated, Janet MacArthur, Gail Katz and Barb Babcock.

A native of Niles, whose family operates Schaul's Live Poultry Inc., Mr. Schaul was Salutatorian of St. Norbert High School when he graduated in June, 1956.

His achievement on the examination is the climax of four years of evening classes attended by the father of three.

After two years of studying electrical engineering at the Illinois Institute of Technology, Mr. Schaul turned to evening accounting courses at DePaul University in 1961, where he is finishing his degree requirements.

The uniform examination, which is prepared by the American Institute of CPAs, is given simultaneously in all states and U. S. territories. It is a rigorous two and a half days battery covering accounting problems, theory of accounts, auditing and commercial law.

Of 680 CPA candidates who took the examination in Illinois 210 achieved certification.

## Presents 'The Damask Cheek'

A woman will chase a man until he catches her, so the saying goes. And "The Damask Cheek", Playmakers Community Theatre's spring play proves the point. They will present it next weekend, April 30, 31 and May 1, in Park Ridge at the Washington School, Western and Stewart Avenues. Curtain time is 8:30.

In "The Damask Cheek", Rhoda, an unmarried English girl slightly past her prime, and described by others as a nice quiet girl, is sent to visit her aunt in New York. And everybody is a little hoping that she will find herself a man.

She has her eye on her cousin whom she has known since childhood, but he only has eyes for a slightly tarnished young actress. He, you will understand, looks upon Rhoda as a sister. That is, until she takes a highly unconventional carriage ride through Central Park with his best friend.

All that remains is to be rid of the actress. It takes Rhoda to do the job, and in a hilarious battle between the two ladies, proves that she has talents of which no one thought her capable.

June Whalen is cast as Rhoda, Don Beth as her cousin, and Liz Beardow is the actress. Leading roles are portrayed by Bill Giller, Linda Shoenherr, Gwen Giller, Judy Rand, Michael Lake and Barbara Weise.

This charming comedy is set in New York in 1909, and is directed by Peggy Sommers and James Downing. "The Damask Cheek" was written by John Van Druten and Lloyd Morris. Mr. Van Druten has also authored such well known plays as "Bell, Book and Candle" and "Remember Mama".

Ticket reservations and further information may be had by calling Mrs. Frank Weise at NE 1-3418.

### Maine East Summer Registration Opens April 26

Maine East high school will offer 28 classes during the three sessions of the 1965 summer school, according to joint announcement this week by Walter Lusk, counselor in charge of registration, and Lester Rozdolovsky, summer school director.

Both urged prospective students to register early, to assure themselves of the courses and class times desired. Registration opens at the school April 26.

Two four-week sessions will be held, from June 14 to July 9 and from July 12 to August 6. The eight weeks session will run from June 14 to August 6.

Rozdolovsky named special features of the session as:

sports program for fifth through eighth grade pupils, a reading development class for any student wishing to improve his reading skills, and an English review class for prospective freshmen who want to strengthen their preparation for high school work.

Tuition will be \$16 per half credit and the reading fee will be \$11 for the four weeks of that class. Swimming fees will be \$16 for four weeks and \$32 for eight; the same fees will be charged for sports only. Combined sports and swimming fees will be \$25 and \$50 for the four and eight-week sessions, respectively. Classes will be held daily from 8 to 12:15 mornings.

### Grennan Heights Ass'n. To Elect Officers

Grennan Heights residents have been requested to attend a special election on Tuesday April 27th, 8:00 P.M. at the Grennan Heights Fieldhouse.

Due to poor support by its members the G.H.I.A. has not been able to hold the regular annual election for the past two years. Grennan Heights Improvement Association is one of the oldest homeowners groups in Niles and has been an organization to be proud of for its past accomplishments.

Candidates seeking election

to keep the association alive are: Florence Herberts, Jack Erick, Joe LaGrippe, John LaPorta, Stan Lowe, Oscar Meyer, August Scully and Art Treutler. The organization hopes that the residents will come out and support this slate selected by the nominating committee or nominate and elect someone of their own choice. The new slate of Officers feel quite sure that there are still many civic-minded people in the area who just can't let the Grennan Heights Improvement Association die.

### beat the heat with whole-house electric air conditioning for as little as 40¢ a day

If you've had the notion that central air conditioning is something reserved for rich people, you probably haven't checked into electric air conditioning lately.

Example: Since 1955, the installed cost for whole-house electric air-conditioning systems has dropped about 1/3. This means you can have central air conditioning installed in the average 6-room home for about \$800 to \$900—and make it a haven from heat and humidity.

What do you get besides cool? A healthy family for one thing. With an electronic filter sneezes will be few and far between because over 98% of the pollens are removed from the air. And, since windows stay closed, dust and noise stay outside too. Because you're comfortable, you sleep better and eat better.

What are the dollar-and-cents facts? Installed costs are low and there's less maintenance with an electric air-conditioning system. You can keep a whole 6-room house comfortable for an average of only 40¢ worth of electricity a day... based on a 120-day cooling season. (Actual electricity costs may vary depending on house design, construction, location and weather.)

It's easy to finance whole-house electric air conditioning. Lending agencies encourage central system air conditioning on the basis that a house without it will be obsolete more quickly, and will be harder to sell. Because of this, banks and loan companies are willing to extend a loan as a part of a mortgage or offer a short-term home improvement loan when you install a central system. Stop sweating... call your air-conditioning contractor or dealer for a free estimate, today!

**Niles Employees First Aid Course**

Another step in a program of providing Niles Village employees with a first aid education was completed recently when American Red Cross First Aid cards were presented to eight firefighters and six policemen.

The course included all phases of emergency first aid including mouth-to-mouth resuscitation and bandaging. The firefighters were given additional instruction in the emergency transportation of accident victims since Niles is one

of the few suburbs to have a fire department operated emergency ambulance service.

Instruction was provided by Firefighter Gerald Cameron, one of three Niles Fire Department personnel who certified Red Cross instructors.

Those qualifying for cards are:

Probationary Firefighters Richard Ball, Donald Kobylski, Vitold Lesowski, Norbert Ludowski, Sheldon Mikkelsen, Richard Pickup, Harry Woodville, and Reserve Firefighter Richard Timm.

Police Officers Arthur Dvorsk, John Femmel, Leonard Obrisch, Peter Pasek, Fred Topp and Sgt. Joseph Hanna.

Other members of the fire, police and public works departments had previously received their cards, and refresher courses are offered by the fire department periodically.

**After-Prom Party Set For Maine East High**

On June 10th at 1:00 a.m. the After-Prom Party will commence for the senior at Maine East. Buses will transport the seniors at 1:00 a.m. from the high school to the Hinsdale Station of the Burlington Railroad. At this point the seniors will board the train which will have one car for dancing, two cars for carnival-type games, one car for refreshments and three commuter cars. (one for the chaperones.)

This event has been planned and organized by senior class representatives and a parent group has been organized under a charter from the State of Illinois as a non-profit organization called Maine East After-Prom, Inc. The members of the group are dedicated to providing safe, wholesome and entertaining after-prom activities for the members of the senior class. Also, a nurse will accompany the group in the event of illness, etc.

The senior classes of Maine East have availed themselves of this group After-Prom Party idea for the past few years, and its success in the past has prompted the 1965 seniors to take advantage of this years train accommodations by the Burlington Railroad and the facilities offered by Chestnut Mountain Lodge in Galena, Illinois.

A group of fathers will ride the train to run the games, distribute prizes won, handle refreshments and act as chaperones. By popular demand the Saharas will provide the music for dancing on the train and at the lodge. So all in all the five hours spent on the train will pass swiftly and at 6:00 a.m. arrival time at Chestnut Mountain Lodge, the seniors will be hoisted to the lodge on the ski chair lift which will take about fifteen minutes and provides a seating capacity of 142.

A delicious breakfast will be served at the lodge as soon as the seniors arrive, followed by an amusing auction and more prizes. Incidentally, our prize

committee has promised gobs and gobs of prizes (all donations). Then, off to swimming (heated pool), hiking, tennis, shuffleboard, bowling, horseback riding (small fee) dancing or just relaxing until noon. Luncheon will be served from a buffet table in the attractive dining room of the lodge which is sure to please the most discriminating.

The train trip home is expected to deliver a load of exhausted but happy seniors at Maine East High school late afternoon on June 10th.

Parents are encouraged to urge their sons and daughters to attend this unusual last get-together of the Maine East High School seniors. The cost of this party is \$35.00 per person, \$30.00 per couple and a deposit of \$10.00 per couple may be paid in the school bookstore between April 19th and April 30th. Get yourself a partner for this terrific party—you will be glad you did.

**Oak School Open House April 26**

Open House will be held at Oak School, on Monday, April 26, at 8:00 p.m.

The Open House is held in co-operation with the Oak PTA, and takes the place of the regular meeting.

Parents are invited to visit the class rooms, and view the creative displays of the students. Mrs. John Obermayer, PTA president, urges all parents to attend.

Refreshments will be served in the all-purpose room by sixth grade room mothers. Hospitality co-chairmen are Mrs. Oscar Flood and Mrs. James Fruhauf.

**Re-Elect Dr. I. Ginsburgh Of Dist. 67 School Board**

Dr. Irvin Ginsburgh, 8925 Nashville in Morton Grove, was re-elected president of the District 67 school board at Thursday's organization meeting.

He and Bernard Rabens, also of Morton Grove, were re-elected as members of the board in the April 10 public balloting. Lee Hammett, of Golf, was elected as a new member on the same day.

These three, along with four others now members, comprise the seven-member board. The others are Mrs. Otto Timmann of Glenview, Norton S. Goodman of Niles, and William A. Randolph and Ward Dobbins, both of Morton Grove. Organization of the newly-constituted group was at its first meeting, on the same night as the final meeting of the old board, at Golf Junior High School.

That meeting was the last one for Mrs. John Blair of Golf, who was not a candidate for re-election. Appreciation was extended for her service to the four communities which lie wholly or partially within the district. Her term was for three years.

**GOP Show 'Bay Of Pigs' Film**

A full sound and color movie will be the feature at the monthly meeting on April 29, of the Regular Republican Organization of the Village of Niles. The film is a complete account of the Bay of Pigs incident. It will be held at the Grennan Heights Fieldhouse, 8255 Oketo at 8:00 P.M. All Republicans and independents are cordially invited to attend this meeting after which refreshments will be served.

For any person interested in joining the organization, the dues are \$1.00 a year and can be paid either at the meeting or contact Dolores DeFazio, 967-5511.

Niles Employees First Aid Course

Another step in a program of providing Niles Village employees with a first aid education was completed recently when American Red Cross First Aid cards were presented to eight firefighters and six policemen.

The course included all phases of emergency first aid including mouth to mouth resuscitation and bandaging. The firefighters were given additional instruction in the emergency transportation of accident victims since Niles is one of the few suburbs to have a fire department operated emergency ambulance service.

Instruction was provided by Firefighter Gerald Cameron, one of three Niles Fire Department personnel who certified Red Cross instructors.

Those qualifying for cards are: Probationary Firefighters Richard Ball, Donald Kobylski, Vitold Lesowski, Norbert Ludkowski, Sheldon Mikkelsen, Richard Pickup, Harry Woodville, and Reserve Firefighter Richard Timm.

Other members of the fire, police and public works departments had previously received their cards, and refresher courses are offered by the fire department periodically.

After-Prom Party Set For Maine East High

On June 10th at 1:00 a.m. the After-Prom Party will commence for the senior at Maine East. Buses will transport the seniors at 1:00 a.m. from the high school to the Hinsdale Station of the Burlington Railroad. At this point the seniors will board the train which will have one car for dancing, two cars for carnival-type games, one car for refreshments and three commuter cars. (one for the chaperones.) This event has been planned and organized by senior class representatives and a parent group has been organized under a charter from the State of Illinois as a non-profit organization called Maine East After-the-Prom, Inc. The members of the group are dedicated to providing safe, wholesome and entertaining after-prom activities for the members of the senior class. Also, a nurse will accompany the group in the event of illness, etc.

The senior classes of Maine East have availed themselves of this group After-Prom Party idea for the past few years, and its success in 1965 senters has prompted the 1965 seniors to take advantage of this years train accommodations by the Burlington Railroad and the facilities offered by Chestnut Mountain Lodge in Galena, Illinois.

A group of fathers will ride the train to run the games, distribute prizes won, handle refreshments and act as chaperones. By popular demand the Saharas will provide the music for dancing on the train and at the lodge. So all in all the five hours spent on the train will pass swiftly and at 6:00 a.m. arrival time at Chestnut Mountain Lodge, the seniors will be hoisted to the lodge on the ski chair lift which will take about fifteen minutes and provides a seating capacity of 142. A delicious breakfast will be served at the lodge as soon as the seniors arrive, followed by an amusing auction and more prizes. Incidentally, our prize committee has promised gobs and gobs of prizes (all donations). Then, off to swimming (heated pool), hiking, tennis, shuffleboard, bowling, horseback riding (small fee) dancing or just relaxing until noon. Luncheon will be served from a buffet table in the attractive dining room of the lodge which is sure to please the most discriminating.

The train trip home is expected to deliver a load of exhausted but happy seniors at Maine East High school late afternoon on June 10th.

Oak School Open House April 26

Open House will be held at Oak School, on Monday, April 26, at 8:00 p.m. The Open House is held in co-operation with the Oak PTA, and takes the place of the regular meeting. Parents are invited to visit the class rooms, and view the creative displays of the students. Mrs. John Obermaier, PTA president, urges all parents to attend. Refreshments will be served in the all-purpose room by sixth grade room mothers. Hospitality co-chairmen are Mrs. Oscar Flood and Mrs. James Fruhauf.

Parents are encouraged to urge their sons and daughters to attend this unusual last get-together of the Maine East High School seniors. The cost of this party is \$15.00 per person, \$30.00 per couple and a deposit of \$10.00 per couple may be paid in the school bookstore between April 19th and April 30th. Get yourself a partner for this terrific party—you will be glad you did.

That meeting was the last one for Mrs. John Blair of Golf, who was not a candidate for re-election. Appreciation was extended for her service to the four communities which lie wholly or partially within the district. Her term was for three years.

Re-Elect Dr. I. Ginsburgh Of Dist. 67 School Board

Dr. Irwin Ginsburgh, 6925 Nashville in Morton Grove, was re-elected president of the District 67 school board at Thursday's organization meeting.

He and Bernard Rabens, also of Morton Grove, were re-elected as members of the board in the April 10 public balloting. Lee Hammett, of Golf, was elected as a new member on the same day.

These three, along with four others now members, comprise the seven-member board. The others are Mrs. Otto Tinzmann of Glenview, Norton S. Goodman of Niles, and William A. Randolph and Ward Dobbin, both of Morton Grove. Organization of the newly-constituted group was at its first meeting, on the same night as the final meeting of the old board, at Golf Junior High School.

PREMIUM THRIVE

The lawn food that WELCOMES COMPARISON

Why not—can you think of another lawn food so unique that it's actually patented?

Premium THRIVE is patented. It's formulated to bring your lawn out bursting with early, sturdy lushness. It makes root systems literally plunge into the soil and spread so thickly they just choke out weeds! Then, at the peak of health, more special ingredients that have waited for just this moment take over and nourish this luscious, soft greenery for season-long beauty.

This year use Premium THRIVE with IMC's unique MEM and you'll have the sturdiest, lushest, most lavish lawn you've ever enjoyed. Compare Premium THRIVE with any other lawn food, especially the ones that claim they're twice as good as others. For that matter, compare your lawn with the rest of those in your neighborhood. You'll see at once how much deeper, greener, and thicker your THRIVE lawn is. That's why we call it THRIVE! If you're not satisfied, we'll refund your money—like that!

Available wherever better lawn and garden products are sold. Results guaranteed or your money back.
