

# Niles Chamber of Commerce

By Al Green  
President - Niles Chamber

It has been a great experience for the Chamber to be a part of all of the exciting events that have been in progress this past month.

I am sure that most of the citizens witnessed the All-America Parade on Sunday, May 2nd. Just in case that some were not able to view it, I would like to report that it was the most magnificent procession witnessed in the northwest suburban area. Senator Paul Douglas, Sheriff Ogilvie, Representative Rumsfeld and Representative Bill Carroll were among our guests of honor.

Chuck O'Grady, our parade marshal, deserves a vote of thanks for the superb job he accomplished by working day and night, almost to the neglect of his personal business. The Niles Jaycees, the Chamber of Commerce and the All-America Steering Committee cooperated with Chuck to coordinate all the details of the parade. The Niles Police Department, Public Works and Fire Department are to be commended for the excellent performance in the All-America activities. In fact, Mayor Blase, Village Manager, Jim Pryde, Village Clerk, Marge Lieske, the entire Village Board, as well as all other Village Departments are to be congratulated for the excellent performance in these events.

Sunday Evening, May 2nd, the All-America Award Banquet was held at Tam O'Shanter Country Club. The Jaycees were hosts, Jaycee, Ken Cohen, was Toastmaster, and President Earle Rappaport, Jaycees, Jeff Karzen and Russ McAndrew, assisted. It was a gala affair and many high ranking officials were present. There was a real feeling of togetherness among those present.

During the course of the evening, I discovered that we have a real Democratic Secretary of State, Paul Powell, being among the honored guests, had to take his departure early and as I ushered him through the front door to call for his car, I learned that his driver was attending a wedding in Park Ridge and that he was going to call for him there. That is what I call being democratic. Mr. Powell is a fine sincere gentleman with genuine feeling for his fellow man.

All of the Parade and Dinner on this eventful May 2nd has been taped by Radio Station W.R.S.V., FM Skokie, 98.3 on your dial, and will be broadcast on Thursday, May 6th, at 9:05 P.M.

Our next regular meeting will be held on Wednesday, May 12th, at the Lone Tree Inn, 12:00 o'clock noon. Vince Johnson, our Program Chairman, will present a new color sound film on theft. This film has never been shown in this area, and has been obtained by Lytton's at some expense for use by their stores but is being loaned to the Chamber free of charge. This should be a very interesting program and could be of real value in the operation of your business. Attend this meeting and bring a neighbor.

## Mike Ellgass To Receive Eagle Award

Michael G. Ellgass, 8219 N. Octavia, will be receiving the Eagle Award of the boy scouts at a local court of honor. A member of troop 175, sponsored by St. John's Brebeuf Catholic church, Mike is 13 years old.

Mike has been patrol leader and troop instructor. An older brother, Tom, is a star scout in the troop. Mr. Ellgass is a member of the troop committee. Daniel Moriarty, 8212 N. Octavia, is scoutmaster.

A bicycle safety campaign, sponsored jointly by the Niles Fire Department and Niles Veterans of Foreign Wars Post 7712, will feature free reflective tape to all youngsters during the week of May 22 through May 29.

The "Lite-A-Bike" program will make available to all children owning bicycles, strips of reflective tape to be affixed on the rear fender, handlebars and front forks, making each bike visible after dark from all angles. The tape is visible at distances of 1,500 feet in the glare of auto headlights.

Fire Chief Albert L. Hoelbl said that firemen will apply the tapes to bicycles at either of the two fire stations. The stations are located at 7166 Milwaukee Ave., and 8360 Dempster St.

## Niles Public Summer School Registration

Registration will be held during the day of May 14, 1965, between 9:00 A.M. and 12:00 Noon for students enrolled in the Niles Public School. Registrations will not be accepted after May 28, 1965. This deadline must be observed in order that the staff can be secured and instructional material ordered. Registration for non-resident students will be held June 2, 1965 between 9:00 A.M. and 12:00 Noon. Instruction will consist of classes in remedial arithmetic and remedial reading. The fee which includes books and teaching materials, will be \$25.00 per class and is payable at the time of registration.

eration of Women's Clubs annual convention is taking place at the Sherman House, Chicago. Mrs. William Egan, president of the 10th District, will be an active participant. Other members of the Women's Club of Niles attending special sessions will be: Mrs. William Curtin, President, Mrs. Walter Kramer, 1st Vice President, Mrs. William McEnerney, 2nd Vice President, Mrs. George Pierre, Philanthropy Chairman and Mrs. Leon Friedman, Parliamentary Advisor. They are all planning to attend the Blue Ribbon Banquet that will climax the week of department workshops and elections.

"Kids shouldn't be out riding after dark—but if they are, their bikes ought to have reflective tape," said Post Commander John Gersch. The material is being supplied by the 3-M Company, which has given more than a million dollars worth of tape to date.

Last year, statistics show, some 570 persons were killed in bike accidents, 65% of them children aged 5-14. Another 30,000 persons were injured in such accidents. Four out of five fatal bike accidents occur during the week of May 22 through May 29.

"The extra warning provided by reflective tape can save a child's life," the V.F.W. official said.

the Jonquil Terrace intersection.

Great Lakes had a marching group which performed maneuvers along the street. Their marching intricacies resulted in a 20 minute gap in the parade, as they trailed far behind.

In the evening at Tam O'Shanter Country Club Jaycees president, Earle Rappaport, received the All America award from Look Magazine and the National Municipal League. He then presented the award to Niles Mayor Nick Blase.

In Blase's acceptance speech, which was short, light and witty, alongside the verbosity of County and State politicians, Blase emphasized the award belonged "to the people." He repeatedly said the award belonged to the villagers, and accepted it on their behalf. It will be hung in the new courtroom chambers.

Other speakers included Ken Cohen, who was master-of-ceremonies, secretary of state, Paul Powell, County Board president Seymour Simon, state representative Edward Warman, as well as representatives from Look magazine and the National Municipal League, which sponsored the All America Award.

time a winner is chosen, there automatically become several non-winners. But having taken part in such a glorious day, capped by a warm sunny day, complete with all the trappings for true festivity, should make all grateful.

While we're full of love... we can't refrain from commenting that one politician, Seymour Simon, is rapidly falling into the same classification we place Vince Garrity. Simon droned on and on Sunday night. We've heard Simon speak three times in recent months, and he becomes depressive each time he opens up. Sunday was a windy day. Simon made it windier.

In Morton Grove some of the politicians show admirable taste in their remarks regarding Niles. One made the rather quaint remark, "we'll make All America All American next year". Others mentioned Niles received the award because they had so far to go to catch up, while Morton Grove already has the Morton Grove campaign which would be if how much bigger they would be if they could have been a bit more gracious.

## From The Left Hand

By David Besser

Maine East's fourth annual musical the past weekend was a "rouser"... a real hand-clapper, which had the entire audience cheering on its feet when the final curtain went down.

There were many, many local students who sparked during the three day performances. Among the many of those we knew, the young lady named Schreiner and the local gentlemen named Doud, Leesley, Martens and Chaffin were just great.

We've mentioned it before, and shall again... there isn't any better theatre than these high school productions. The verve and excitement which comes from the stage, plus the enthusiasm of an audience, which is rooting the performers on, makes for a thrilling production.

Next time you hear someone hooting and hollering about teenagers, remind them about the many who were shoring up the Mississippi River... and staging these wonderful productions the past weekends.

Niles Park Commissioners are studying the possibility of purchasing part of Tam O'Shanter Country Club. Their first opinion is that they may be able to receive one-third of the land purchase from a grant from the federal government. Considering the increased popularity of golf, and the decreasing number of golf courses in Cook County, it is presumed a public course would prove to be a very profitable enterprise. The nature of their considering such an effort manifests a keen awareness on the park board's part of the interests and needs of the community.

In Morton Grove some of the politicians show admirable taste in their remarks regarding Niles. One made the rather quaint remark, "we'll make All America All American next year". Others mentioned Niles received the award because they had so far to go to catch up, while Morton Grove already has the Morton Grove campaign which would be if how much bigger they would be if they could have been a bit more gracious.

This week's letter to the editor column includes a letter from Keith Peck, outgoing Niles park board commissioner, who officially became a village trustee Tuesday night. Peck brings to our attention the fine efforts of Jack Leske, who presently serves on the Park Board. His letter is worth your attention.

The value of having spirited elections, with its competitive effort of offering new ideas to villagers generally performs a worthwhile service in a community. However, if no new ideas are proposed during the pre-election campaigning, we believe it reflects poorly on the candidates themselves.

In Morton Grove the "outs" banged away at a village manager need, and the necessity of creating a new fire department. In Niles the "outs" did little more than attempt to tear down the men in office, attacking them personally. While the Morton Grove campaign was dull and without much constructive thinking, the Niles efforts were a sheer waste of time.

Both incumbent groups were primarily on the defensive, explaining their work of the past years, nevertheless, neither group presented new ideas which they intended to activate during the next four years.

Four years ago in Niles, the immediate months after the election... Continued on page 12

# SZYMANSKI STEPS DOWN, KEITH PECK SWORN IN

## 'New Era' Comes To An End

Niles New Era officially came to an end Tuesday night, when Len Szymanski stepped down from his trustee's chair, which he filled with distinction during the past four years. Szymanski, one of the two genuine independents on the Board, and one of the key men in converting Niles out of the dark ages into its present era, gave a forthright farewell speech, in which he spoke freely of his impressions and recommendations in his parting good-bye.

Szymanski questioned the park board's receiving \$17,770 of Nilesites tax money for running the parks, while the village received only \$32,16, and yet the village offers many more services for this money. He said the park board only has "one little pool on 3.5 acres" and he was seeking justification for the tax allotment.

In an equally biting comment he was critical of zoning board appointees who are indecisive by passing on their vote consistently. He was derisive of this indecision, and stated Zoning Board appointees should make up their minds while sitting on the Board.

He also went on record okaying park action for pursuing Tam O'Shanter Country Club, stating it would only cost about \$400 per Niles family, and perhaps less if a federal grant was received for the property.

In parting he thanked the people of Niles for allowing him to sit on the board, and said it was a privilege to sit on the board with the present board members, "and especially with those with whom I was elected and served".

Mayor Blase thanked Szymanski, congratulated him for his efforts, contending Szymanski was responsible, along with other Board members for Niles present status. Szymanski stepped down to a standing ovation.

Former park Commissioner Keith Peck then joined the re-elected incumbents as they took the oath of office. Mayor Blase noted in his speech about Szymanski that Peck is an excellent replacement to serve on the board.

Blase in a short speech said Continued on page 12

### LWV News

Industry - Recreation - Power - Drinking - Sanitation - Commerce - Navigation - Fisheries - Irrigation. What do they have in common? WATER! Each of the above water uses is important and presents individual problems of finding clean water and disposing of waste water. The fact that we can no longer move farther west to find clean water sources, combined with skyrocketing population, compound the problems of wise use of our water resources.

The Water Resource Committee of the Morton Grove League of Women Voters will present at the May Unit Meetings the information available on water and what the various levels of government (local, state, national) are doing about it. On the Committee are Mrs. Joe Barlett, Chairman, Mrs. Manfred Romberg, and Mrs. Egbert DeVries.

"This is a tremendous problem that will not be solved today or tomorrow", says Mrs. Barlett, "but we can make a beginning at understanding the problem." The units will be presented three times at the homes of Mrs. Joseph Baum, 7528 Emerson, 8:15 P.M., on May 18; Mrs. Philip Gould, 7347 Beckwith, 12:30 P.M., on May 19; and Mrs. Harold Goldsmith, 7615 Churchill, 8:15 P.M., on May 19.

## 6,400 Receive Sabin Oral Vaccine

Notre Dame High School graciously played host to some 6,400 persons, who received the initial dose of the Sabin Oral Trivalent vaccine on May 1, 1965. This is the first of two doses which comprise a program of mass immunization against polio which the Niles Board of Health is conducting in the Village. The second feeding will occur on Sunday, June 27, 1965, at Notre Dame High School, from 11:00 A.M. to 5:00 P.M. It is important to stress that those people who have not previously received the vaccine should receive both doses to achieve complete immunization.

With a project such as this the efforts of many people combine to create a successful undertaking. A special thank you to Father O'Neil and Notre Dame High School for allowing the use of their facilities is proffered by the Board. It is grateful to the Junior Jaycees for their excellent assistance in publicizing the event, particularly to the schools and churches. To the Women's Club of Niles for cooperating in providing the following members who volunteered their services with clerical duties; Mrs. Denz, Mrs. Walger, Mrs. Kwast, Mrs. M. Miller, Mrs. Freeman, and Mrs. Huebner; and from St. John Brebeuf Women's Club, Miss Dorothy Gawne and Mrs. Russell Gawne; To the Niles Chamber of Commerce who aided by displaying posters in their establishments; special kudos to Mr. Al Green who helped line up the following pharma-

cists that provided invaluable assistance: Sol Mendelson of Walgreens in Golf Mill; Walter Moryka of Kutza Drug at Milwaukee & Harlem; Alfred Brzowski of Golf Mill Walgreen; Bernard Krugley of Sav Mor Drug; Bob and Ron Fankau of Fankau Drug; Mr. Harold Pratt, Director of Prof. Services of Walgreen Drug helped to provide drugists from Walgreen. To the following nurses who worked unstintingly, Mrs. George Horvat, Mrs. Charles Bobula, Mrs. Frank Lemanski and Mrs. Jerome Santowski; to boy scouts who aided, and last, but not least, the police, fire and public works departments who cooperated and helped. Members of the Board, of course, worked and guided the effort. They were Health Commissioners Oscar Meyer and Anthony Guarnaccio, Sanitarian Raymond C. Wilkins, Dr. Jerome Podgers, and Mary E. Plonka. Dr. Marvin P. Padorr was present and actively assisted in this effort.

## LETTERS TO THE EDITOR

### Keith Peck

Dear Bud,

Due to the fervor of the recent election campaign and the hectic preparations which took place for our All America City celebration, I have postponed writing this letter. My purpose is threefold.

First, I would like to thank the friends who worked so hard for myself and the Forward Era Party. It is very gratifying to know that there are so many individuals who will give up their free time, in order to go out and energetically work for ideals and candidates in whom they believe. I would like to also thank the many citizens who took the time to vote on April 20.

Second, I would like to express a sadness over leaving the Park Board. Three years ago, I was fortunate in being named chairman of the Citizens Committee for Better Parks. Being a part of the committee which aided in passing our Park District's first successful referendum was one of my most gratifying experiences.

The last two years, serving as a Park District Commissioner, I have seen the fulfillment of the many things which we dreamed about as we pushed for the passage of that referendum. The satisfaction over this and our many other accomplishments will remain forever.

The third purpose in writing this letter, is to pay tribute to a man with whom I have been associated, both during and before my term on the Park Board. He is a man who unselfishly has given of his time and skills toward bettering our Park District. Never one to seek publicity, because this isn't his nature, I do not believe he has ever received the proper recognition and gratitude for the contributions which he has made to the citizens of Niles. The individual about whom I speak is Jack Leske. My first contact with him was through the baseball leagues and during the referendum for which he worked tirelessly.

Jack is just finishing his first term as President of the Park Board. This has been a tremendous year with the swimming pool and recreation center being opened for the first time. Many innovations, both big and small, in our Park District's policies have been initiated. Accomplishments in the Park District played a large part in Niles winning the All America City award. They are now at a level where they can make tremendous strides. They need to grow not only outwardly but also from within. To do this, we need individuals with the high sense of integrity and unselfish attitude of Jack Leske. We can never have too many.

In closing I would like to thank Jack for the many things he has done for our park district and for the privilege of working with him during the last two years.

Sincerely,  
Keith W. Peck

### Final Story Hour

The Niles Public Library announced this week that the May 25 session of the Pre-School Story Hour will be the final one until some time after the summer vacation period. An announcement will be made at that time as to the exact scheduling.

## Niles Clean-Up Week - May 16 Thru May 22

Clean-Up Week is coming to Niles and with it comes this word of advice from the Niles Fire Department.

Fires in the home can generally be attributed to bad housekeeping, said Fire Chief Albert L. Hoelbl, giving credence to the theory that a "Clean Home is a Fire-Safe Home."

Clean-Up Week will be of-

fitally celebrated from May 16 through the 22. However, good fire safety habits should not be practiced only during this relatively short period of the year.

Basements and attics should be cleared of magazines, newspapers, rags and other combustible materials. These are some of the fuel fire feeds on.

Other examples of house-

keeping hazards are dirty furnaces and chimneys, greasy stoves and carelessly stored oily rags, paints and flammable liquids.

Parents are also cautioned about leaving matches around the house, where they can be easily gotten by children. In the United States, more than 586,000 homes and apartments are des-

troyed or damaged annually, bringing death to over 6,300 people. Children account for 75% of this figure.

Obviously, to prevent fires, you can't wait for spring, Chief Hoelbl added, but it is a good time to get started and get into the Clean-Up habit.

## N.D. Spring Music Festival May 16

Notre Dame High School is proud to dedicate their ninth annual Spring Music Festival on Sunday, May 16 to the All-America City of Niles.

The concert as in past years will feature the combined musical forces of the school. The first part of the program will feature the Concert Band under the direction of the Rev. George Wiskirchen, C.S.C. This 85

The concertino jazz group which is pitted in contrast against the symphonic band sound is composed of James Cisco on trumpet, Greg Mullen on alto sax, James Pankow on trombone, Michael Barton on piano, Dennis Gardino on bass and Larry Bobrowski on drums.

## Maine Ridge Spring Camporee

Even with rain and wind, six of the twenty-two troops that participated in the Maine Ridge District spring camporee of the boy scouts stayed the entire scheduled time at Kankakee River state Park.

"These boys and leaders who felt confident enough that they could chance the adverse weather reports and camped two nights, April 23 and 24, under canvas have received highest praise from Bill Robinson, camporee chairman.

## Another Morn'nother Yawn..

by Frieda Aron —966-9669

One down and one to go: we have just come through the most rhapsodic asintinity ever created by man (I suspect the merchant man) and have yet to endure the second half of this extravagant travesty. Momism is ruining the world—says the Psychologist, hate for Dad (or the wish to emulate his success) is the underlying factor for the rush to his couch, says the Psychiatrist; but, oh the eloquence, the tear-stained violet hearts, the obsequiousness on Mothers Day and Fathers Day! Children see their parents as the forbidding ogre and adults see their parents as just two people they happen to like or dislike, but on those glorified days, euphoria rules the universe, Bah!

Have you \$50,000 to spare? No? Then wait a while. The project is new enough to make the cost prohibitive, but wholesale use will bring the price way down, to a more accessible figure—say—\$6,000 or \$8,000. Isn't that much better? There is a new book on the market called, "The Prospect of Immortality" by R.C.W. Estinger. The author calls it a "lay-a-way plan—later—Die Now, Freeze and Thaw Later". The idea is that now death is an incurable disease, but it needn't be forever and if you have the money to be frozen and the time therefore to await a cure for your death, you may be defrosted, cured and become immortal. Can't you see the possibilities? Why wait until death is close at hand, get rid of your husband or wife for a few years, have your naughty children frozen if they disturb you. No more bogey man or "the doctor will give you a shot if you don't behave"; I'll have you frozen if you keep up that nonsense or that fighting. That'll frighten them and keep them in line. Wish to stay young forever, why not? Darling, would you mind having me frozen at 30, and have them defrost me when they find the fountain of youth? The wealthy needn't divorce their mates, why not have them frozen, so that if the next one turn out worse, why then take back the old ones. For months now, ever since he has been hearing the author on the radio, my littlest has been coming in, asking for freezer insurance. Yes, you can start getting it. In Houston, Texas, they are beginning to build giant mortuaries, people freezers, so to speak, and it's almost time to get ones' reservation in. What about the population explosion? Well it can be done in two ways, says Professor Ettinger, "We can have birth control or enlarge our economy, there is no need to destroy people." He has a point in that. It is not too fantastic, nothing is, in this galloping world of ours, and the humor does not outweigh the advantages. There are many unnecessary deaths from diseases with unknown cures and if time will bring the cure, freezing the patient until such time, might sound illogical but the merit of a timeless future is also there. Darling, save your money and freeze Mel!

The concert will begin at 8 p.m. in the school auditorium and tickets will be available at the door.

As in past years the chorus will conclude the concert by joining with Sister Mary Daniel's Laetare Singers from Regina Dominican High School. This combined chorus will feature a medley of songs from "My Fair Lady."

The concert will begin at 8 p.m. in the school auditorium and tickets will be available at the door.

Don't forget my lipstick, how can I awaken with pale lips?

### Maine Seniors Prepare For Busy Schedule

Final examination dates and the program of academic and social events that will close the school year were announced yesterday for Maine East High school by Milo S. Johnston, Principal.

Senior examinations will be held Wednesday and Thursday June 2 and 3. Examinations for the other three classes will be held Tuesday and Wednesday, June 8 and 9.

Richard VanScovoc, director of guidance, and counselors Margaret Wolf and Walter Lusky drew up a closing bulletin for seniors that lists events for them: from May 17 to graduation.

Seniors will take advanced placement tests for college entrance May 17-21.

The week of May 24-28 will be filled with senior activities. A senior awards assembly will be held the morning of May 27. Baccalaureate sermon tickets will be distributed in homes on Tuesday, June 1. On Thursday, June 3, seniors will pick up their graduation caps and gowns in the fieldhouse.

On Friday, June 4, after examinations are over, the seniors will report to the auditorium for marching practice for the baccalaureate sermon, the honors assembly, and commencement.

On Sunday, June 6, seniors will report to the auditorium at 7 p.m., preparatory to the baccalaureate sermon in the fieldhouse at 8 o'clock.

Seniors will go to class for the last time on June 7. At 3:10 that day, seniors will return to their homerooms to clear their lockers. The same day, commencement tickets will be distributed in the classrooms. As with baccalaureate tickets, seniors may have a maximum of four but are expected to take fewer if four are not needed so that exceptional cases may be properly cared for.

On Monday, June 7, the senior banquet will be held at the school cafeteria.

Tuesday, June 8, will be one of the biggest days in the year for seniors. From 8:15 to 9:30 the general honors assembly will be held in the fieldhouse, with seniors reporting to the auditorium at 7:30 a.m.

### \$20,000 Pledged Towards Lutheran General Expansion

A \$20,000 pledge for the expansion of Lutheran General Hospital, Park Ridge, has been made by the hospital's Men's Association. The funds have been earmarked for the radioisotope laboratories in the expanded hospital.

With this pledge, the fund drive now stands at \$860,000 or 70 per cent of the \$1,228,000 public fund drive.

"The support and interest of the Men's Association is highly significant," said N.M. Nesset, president of the board of trustees, in accepting the gift. "The members of this organization are to be commended for their work for the hospital."

The Men's Association is a group of 200 business and professional leaders from the northwest Chicago and suburban area.

Lutheran General is currently engaged in a \$5,500,000 expansion program. The expansion will add 203 additional beds for a total of 527 beds.

Included in the expansion will be additional beds for medical-surgical, long-term and psychiatric patients. A new emergency department, a new outpatient clinic and expanded service areas are also included in the project.

The \$5,500,000 cost is being met by a \$712,000 federal grant, a public fund drive for \$1,228,000 with the remainder of the cost being financed by the hospital.

The expansion is adding three floors to the top of the present seven-story building and will add a five-story wing on the west side of the hospital. Construction began last summer and is scheduled for completion in 1966.

### 'Carousel' Huge Success

Carousel, the musical of unforgettable tunes, with an overlay of spiritual fantasy, played three triumphant performances at Maine east high school last week end, to crowds who acclaimed the production an unqualified success.

"I want the community to know how thankful we are that we have the talented children and the co-operative parents in the Music Booster organization to bring us the wonderful show Carousel was," T. A. Vargas, East's music department chairman, said after the closing performance.

Vargas also paid his compliments to his music faculty, Tabor Kelly, who directed the show; O. D. Premo, who worked with orchestral rehearsals, and Walter Wolodkin, who likewise supervised string section practice.

More than 100 students in addition to the triple-cast leads took part in the production. All communities from which East draws students were amply represented by singers, dancers, actors or stage crew members, Vargas pointed out.

First indication the audiences had of the show's sprightliness was their seating by usherettes costumed vividly in the style of the show's time.

### Poppy Day May 20

Niles Mayor Nicholas Blase today gave his whole-hearted support to the Veterans of Foreign Wars Buddy Poppy Campaign.

Members of the Niles V.F.W. Memorial Post 7712 and their Women's Auxiliary will be selling poppies throughout Niles on Thursday, May 20.

In explaining his reason for backing the campaign, Mayor Blase stated, "The wonderful things that the V.F.W. is doing with the proceeds from the an-

nual Buddy Poppy Sale more than warrant a generous contribution from each member of this community. The prompt help to our disabled and needy veterans, the magnificent care given the orphans and widows of our honored war dead, the fostering of true americanism—these are some of the highly commendable things being done by the V.F.W. through our unselfish support of the Buddy Poppy Sale.

In February 1964, President Johnson signed into law the Library Services and Construction Act, which for the first time makes federal funds available for populous urban areas as well as for smaller cities and towns serving rural areas.

The Attorney General of the State of Illinois, however ruled that the Illinois Revised Statutes did not provide for the disbursement of federal funds for library construction under

Title II of the Act. The State Library immediately sought enabling legislation to permit the distribution of such funds to Illinois Public Libraries. Only recently this legislation has been passed and policies and methods of administration prepared and sent to Washington for approval.

### Oak School Girl Scouts At "Inter-Troop Cookout"

Oak School Girl Scouts had their First "Inter-troop Cookout" at Miami Woods on May 1st and the day was one of the nicest days this year. Over 100 scouts participated including Miss Pat Pearson, who is a Marine Scout and also a Program Aide. The girls learned many things such as how to start fires and wxtin- quish them, and prepare food for a group. There were three types of cooking introduced such as foil, open pit and buddy burner. Many badges were begun or finished including the Outdoor Cook, Gypsy, Hiker, Worldwide Games and others.

### Seek Federal Grant For Library Bldg.

Niles Public Library has made application for a federal grant under the new Library Services and Construction Act in order to assist it in building a new library even more suitable for the All American City than had been previously hoped for.

In February 1964, President Johnson signed into law the Library Services and Construction Act, which for the first time makes federal funds available for populous urban areas as well as for smaller cities and towns serving rural areas.

The Attorney General of the State of Illinois, however ruled that the Illinois Revised Statutes did not provide for the disbursement of federal funds for library construction under

Title II of the Act. The State Library immediately sought enabling legislation to permit the distribution of such funds to Illinois Public Libraries. Only recently this legislation has been passed and policies and methods of administration prepared and sent to Washington for approval.

Since the library building has now been completely planned ready for starting construction with most of the funds for it now available, the Library Board's request for a federal grant is being made for immediate allocation of money from this federal source. In the present situation this will result in some further delay in breaking ground for the new building. However the Board feels that in spite of some delay it would be remiss in its duty to the people of Niles if it did

not make every effort to obtain this assistance which can result in an even better building at less cost to the individual taxpayers.

### Fire Dept. & VFW Sponsor Bicycle Safety Campaign

A bicycle safety campaign, sponsored jointly by the Niles Fire Department and Niles Veterans of Foreign Wars Post 7712, will feature free reflective tape to all youngsters during the week of May 22 through May 29.

The "Lite-A-Bike" program will make available to all children owning bicycles, strips of reflective tape to be affixed on the rear fender, handlebars and front forks, making each bike visible after dark from all angles. The tape is visible at distances of 1,500 feet in the glare of auto headlights.

Fire Chief Albert L. Hoelbl said that firemen will apply the tapes to bicycles at either of the two fire stations. The stations are located at 7166 Milwaukee Ave., and 8360 Demp-

more than a million dollars worth of tape to date.

Last year, statistics show, some 570 persons were killed in bike accidents, 65% of them children aged 5-14. Another 30,000 persons were injured in such accidents. Four out of five fatal bike accidents occurred at dusk or after dark.

"The extra warning provided by reflective tape can save a child's life," the V.F.W. official said.

Don't confuse new THRIVE with WEED KILLERS with ordinary killer-feeder combinations. First, Thrive kills more kinds of weeds: it contains not one, but two of the most powerful weed destroyers known (2, 4-D and 2, 4, 5-T). Sec-

ond, Thrive is a complete lawn food, rich in all the nutrients needed for lawn growth. You get THRIVE with WEED KILLERS in a convenient, 18-pound bag that covers 5000 square feet of lawn. Consider that it does two jobs at once—that it does both jobs more effectively than any other combination product—you'll agree that THRIVE with WEED KILLERS is the smartest buy you can make for a better lawn!
