dance would make-up for those who were shut out from attending the TAM affair. Now, the over-priced stipend is going to keep out many residents who would have liked to take part but don't care to pay such a price. We're sure industrialists, builders and others who derive much profit from Niles will be there. But when it comes to the little guy, who foots the bills, and minds his own business, going to have his All American Day? We're sure all the politicians, who led the parade last year will be there. But the guy who made Niles what it is, the not-for-profit, not-for-prestige resident, once again is being ignored.

Always-On-The-Move park president Steve Chamerski also mentioned Tuesday Lady Bird Johnson was in Milwaukee and was going on to Peoria on Wednesday. Steve said the first lady's interest in conservation led to her visit to Milwaukee, and Niles Park Board tried unsuccessfully to get her to stop off in Niles to review TAM prior to moving on.

Mr. Chamerski also said the Western Golf Association, which sponsors the annual Western Open, was also interested in purchasing TAM at one time. They have since made plans to move the Open to Medinah Country Club out Itaska way.

getting the best possible deal, the condemnation suit was necessary. This gives the people a chance to examine the whole picture with adequate time to make their own decision as to their needs.

At this time it is imperative that the villagers block the move by J. Emil Anderson to rezone the area. The blocking of the rezoning petition will prevent possible adverse effect on the purchasing of Tam.

Question #1: Do we need more factories? Question #2: Do we need to provide adequate public recreational facilities?

The people of Niles have a chance to answer these questions before the opportunity to do so is lost forever.

It is imperative that all citizens attend the Zoning Board Hearing at the Village Hall on September 30, at 8 P.M. to block the rezoning appeal.

We are in support of the move to acquire Tam O'Shanter without burdening the taxpayer of Niles. This can be done by the use of Federal grants to recreational activities and revenue bonding. This would not obligate the people of Niles. Yet their property would increase in value because of this tremendously attractive recreational area.

### Karl W. Wilken Dies In Hospital

Karl W. Wilken, 60, of 7538 Waukegan Road, Niles, died in Lutheran General Hospital Monday afternoon, September 13. A resident of Niles for the past five years, Mr. Wilken had formerly been a resident of Edison Park for eighteen years.

He was the founder of Wilken Metal Products, 7736 N. Austin Avenue, Skokie, which he owned until illness forced his retirement a few months ago.

Surviving is his wife, Lina, nee Spreckels.

Services were held in the M.J. Suerrth Funeral Home at 1:30 P.M. Thursday, September 16, with Rev. Paul Mehl, pastor of St. Andrew's Lutheran Church, Park Ridge, officiating, and interment followed in Montrose Cemetery.

that the Park Board has not even begun to make a feasibility study regarding the costs for the golf course proposal.

Blase mentioned he expected the condemnation suit would be heard in court in October and expected a decision to be reached after three or four days of testimony. Blase implied as of now the park board is woefully unprepared for such action.

Meanwhile, back at the Park Board, President Steve Chamerski said County Board president Seymour Simon has not answered a Park Board letter regarding a heading on the forest preserve proposal. Simon had previously sent a first letter in which he requested detailed plans be presented to him by the Park Board. Simon's letter asked for proposed plans regarding green fees, indemnity of the forest preserve if they should lease the property, maintenance plans, number of employees, budget, and whether the forest preserve would have any jurisdiction over surplus funds used there.

The intended park board feasibility study, the first step in this project, will relate these answers. At Tuesday night's meeting the park board was considering hiring one of three firms, which would make such a study.

### From The Left Hand

by David Besser Editor & Publisher

The local League of Women's Voters' group, which comprises members from Niles and Morton Grove, have begun a two-year study of local government, with emphasis on studying village managers. In addition to visiting Niles' and Morton Grove's boards they will also study neighboring village administrations.

Feathers were somewhat ruffled last week when we noted the \$15 entrance fee for the All American ball was excessive. Since those running the dance felt the public comment did not help them they felt we should have discussed the matter with them before writing our comment.

We have always felt the people who have made the greatest contribution to Niles All America status are the guys who work in the three public services of the village. The beyond-the-call-of-duty work of the Niles fire department, policemen and public works men has been the moving force which has made Niles the community it is. While newspapers, public officials and many private residents have felt they were most important in contributing to Niles present laurels, those who have lived here a while know the three departments have been the keys which unlocked the door to the village's present status.

In view of these men's efforts, it would be most fitting if they were all honored guests at the upcoming All America ball. Since the Johnny-Come-Lately newspapers, THE BUGLE included, the Jaycees, and the new politicians have all been taking bows, while the old-timers on the departments have been doing their work day-in and day-out for many years, it would be most fitting if they were the honored guests at the upcoming ball.

In small communities its the same people who continue to take the bows, and back in the prestige of public-recognition. Since it was said during the TAM dinner last spring that the everyday Joe in Niles would "have his day" it would be most fitting if the All America ball hosted these guys from the departments.

As it stands now we doubt if 25% of the men from the three departments will be present at the upcoming dance. While the Johnny-Come-Latelys are well-meaning they're spotlighting the wrong people at next month's dance. And the people who made Niles what it is are not likely to be there.

### St. John Brebeuf CWC Plan Pantry Shower

### All American Proclamation

All America Village Trustees watch as Mayor Nicholas B. Blase signs proclamation officially naming week of October 3 to 9 as Fire Prevention

Week in Niles. L. to R.: Angelo Marcheschi, Santo Bruno, Mayor Blase, and Kenneth Scheel.

### Fire Prevention Week Oct. 3 Thru Oct. 9

Activities in the All America Village of Niles are moving into high gear with the coming of Fire Prevention Week, October 3rd through October 9th.

The efforts of the Niles Fire Department, local Boy Scout groups, the Goodwill Industries, schools and veterans groups are being massed to make sure this year's observance is one of the most successful in many years.

Last year's "House of Hazards" will be back on the scene at the Golf-Mill Shopping Center. This display, which used life-like mannequins and a house trailer for realism, highlighted common household hazards and "what not to do". The exhibit received high praises from neighboring fire chiefs for its effectiveness in "selling" the fire prevention message.

Interment will be at All Saints Cemetery.

### SRO Crowd Expected At 8 PM

An expected SRO crowd will be present at 8 P.M. tonight at Niles new Council-Chamber to hear a request before The Zoning Board from the Tam O'Shanter Country Club owners to re-zone their property to industry. The meeting, which is likely to bristle with tension, will have an outpouring of residents, who are desirous of keeping TAM as a golf course, with Niles Park District purchasing the property. The Park District has already filed a condemnation suit for TAM, which according to all interested parties, will likely have a decision reached in the court sometime in October.

According to Niles Park President Steve Chamerski, he told THE BUGLE Tuesday, the case is being called into court Thursday, but because the park board's attorney will not be in town a postponement will be requested.

The highly-charged TAM issue was discussed at a Tuesday night meeting at Grennan Heights Fieldhouse when attorneys Brandel and Ancel, representing the TAM interests (Emil J. Anderson Co.), and park board officials were present to discuss their viewpoints on the matter. Ancel implied the property may be worth as much as \$11,000,000, which is many millions more than the park board expects to pay for the property. Ancel also said the Park Board's condemnation suit action has eliminated any hope for a federal grant for the property, because such a grant must be approved prior to such condemnation action. Park officials refuted his claim by stating they had applied for the grant back in April, before the suit, which makes it eligible for the money.

Most of the charges and points, thoroughly discussed in past week, were re-hashed at the meeting, and will be reiterated again at tonight's meeting.

### Besser, Blase On Radio Friday

Bugle publisher David Besser will host an hour-long radio program on WRSV (98.3) FM Friday nite at 7 P.M. Among his guests will be Niles Mayor Nick Blase, as well as other local Nilesites.

### Human Relations Commission To Be Created

At a meeting last Thursday evening Niles Human Relations Council accepted an invitation from Niles Mayor Blase to become an official arm of Niles government by becoming part of a newly-formed Commission. The Council will retain its organization, which is open to all Nilesites, while working along with the new Commission. Several members of the present Council will be members of the Commission.

Mayor Blase, speaking before the group, suggested a Human Relations Organization receiving official status as an arm of the village government will be more effective than remaining outside the official family. Blase said there is a definite need for such a group and urged the Council to consider his suggestion.

The Council members were in general agreement with Blase, and will study the proposed ordinance during the coming month, prior to the Commission being officially approved.

### Begins College

This record enrollment includes 448 resident students and 19 non-resident students and fills the college residence hall facilities to capacity.

The annual Orientation Week for Christian's 115th academic year began the evening the students arrived with an assembly at which Dr. W. Merle Hill, president of the college, welcomed the students to campus. Other events of the week included such activities as the student government convocation, a talent show, the annual fall mixer and the Faculty Convocation, as well as two days of registration. The Oakton Manor Homeowners Association will hold its open meeting, Tuesday, October 5, 1965 at the Recreation Center, Milwaukee Ave. at 7:30 P.M. Dr. G. Wm. Bullock will speak on School District No. 63, and Dr. Pittston will speak on School District No. 64. Their material will concern the tax problem and the home owner. Due to the fact that a great part of our tax dollar goes for schools, it will be important to each homeowner to attend this meeting to better understand the school tax, how we can keep them from becoming higher, and how we, as homeowners can help to make for better schools without more taxation. Don't forget OMHA, Tuesday, October 5th at 7:30 P.M. at the Niles Recreation Center. This CONCERNS YOU.

## Another Morn'nother Yawn..

by Frieda Aron—966-9669

L'Shono Tovo—May you be inscribed—in the Book of Life. This is the High Holy Days of the Jewish People, the time of the year when the book opens and the debits and credits are checked against the names on the ledgers. As a child, the picture in front of my eyes was a gigantic book that opened by itself to the center of tons and tons of pages, and a voice rose out of the binding, speaking wearily—there were so many names to go through—“Ah, here's Frieda—what do we do with her. She hasn't been more naughty than usual, it says here. Cries at bedtime, won't help her mother until she's spanked, fights with her sisters, cries when her mother leaves to go out for the evening and Daddy has to hold out his belt before she behaves. Ah, well, put her in for another year.” Somehow, I always was so sure of continuing in the Book of Life. That was the optimism of youth. Now it is a dally, fervent hope, with no certainty of the day after tomorrow.

The community I grew up in, about 1/2 square mile, in Coney Island, was a blend of Italians and Jews. We went to school together, played together, were friends, lovers and ultimately there were numerous intermarriages. The only requirement we could see for a marriage was a boy and a girl. The holidays, Jewish and Catholic, were dress up occasions; all the children received their quota of new clothes for the Holy days. If at all possible, we tried to get into temple or church to celebrate each others holidays, if it meant a day off from school. On the Jewish High Holy days of Rosh Hashonah and Yom Kippur, the children congregated in front of the synagogue in their finery, playing tag, teasing those of the opposite sex, and parading around the temple while the parents were inside. Many of the parents were not temple members, only yearly congregants and bought tickets for those three days, the children didn't need tickets, but no one would have used them anyway. We never went inside, except to speak to our parents for a minute or so. Our place of celebration was outside with all the neighborhood children; they were fine fun days for us. On the fast day of Yom Kippur, a day spent in prayer at the synagogue, all the children were well aware that there were clandestine trips taken by the parents at alternate times to the neighborhood diner, which held them until fasting time was up, at sundown. We, the Italian and Jewish children were the only true observers of the fast, we were too busy playing to worry about eating. There wasn't too much of an outcry from the parents, because the church and temple were used continually by all of them, too. Everyone participated in the weddings, bar mitzvahs, confirmations, communions, and some of the feast days that seemed attractive to the community.

When the Catholic Feast days came along, all of us tried the old story—“may I be excused—it's a holiday”. Sometimes we made it and sometimes we didn't, depending upon the mood of the teacher. The attitude of the Italian parents was in reverse; they stayed home but made their children attend all the feast days. It was an ideal community to live in. Organized religion was taken lightly, but we lived the real concept of religion—brotherly love. It was a marvelous way to grow up and I wish the whole world could grow up that way.

### Girl Scouts On Grayline Tour

Girl Scout Troop 716 sponsored by Oak School started off their Junior year with a Grayline Tour on Saturday, Sept. 18th. The tour consisted of many different scenes among which were the Zoo at Lincoln Park and the Illinois Exhibits at the Historical Society. A highlight of the tour was the Dutch Ship at Navy Pier. Here the Scouts talked with the seaman assigned to this ship. From here they headed for Chinatown which is always a thrill to those who view it for the first time. The girls did some shopping and enjoyed some Chinese Tea Biscuits. Leaders of this Troop are Mrs. Richard Mueller, Mrs. Marlon Emrickson and Mrs. Dorothy Vodicka.

### St. Francis Hospital Invites Public To Open House

Sunday, October 3, has been designated Open House Day at St. Francis Hospital, 355 Ridge Avenue in Evanston. Residents of Evanston and the surrounding communities are invited to visit and inspect the new medical facilities in the Paul V. Galvin Building, now nearing completion.

The \$6,800,000 Galvin Building, biggest single phase in the hospital's present building program, forms the heart of the new St. Francis Hospital. Visitors will get a close up view on guided tours of surgical facilities as the X-Ray department, Surgical suites, Hospital laboratories, and intensive care unit for the critically ill.

The Galvin Building represents Phase Three of the hospital's \$11,000,000 building program. Phase One was the Food Service Department completed in 1959. The fourth and final phase of the building program is the remodeling and reconstruction of the older portions of the hospital, now underway.

Part of the older hospital structure was torn down to make space for the new Galvin Building. The new building, facing Ridge Avenue, now forms the entrance to the hospital and is attached to the older building.

### All America Weekend October 8 Thru 10

Niles doesn't have a major league baseball team, but the excitement for the All-America weekend and Ball has reached the proportions of a pennant-winning city facing the World Series.

Small wonder, however, since this unique weekend is an exceptional event and will long be remembered in Niles.

The All-America City Commissioners have been working for months to plan the schedule, make the arrangements, and attend to all the details of this big undertaking. From October 8th through October 10th, a hectic but fascinating pace will be maintained.

The mayors and their wives from the other All-America cities who have accepted the invitation to spend a weekend in Niles will be arriving at O'Hare Airport on Friday afternoon. They will be coming from all parts of the United States: South Carolina, Maine, Texas, Kentucky, and Minnesota. Through special arrangements with the airlines, they will receive V.I.P. treatment. Cars will be waiting to drive them directly to the O'Hare Inn. The Niles hosts assigned to each mayor will be waiting at the O'Hare Inn to welcome them.

On Friday evening, the visitors will be greeted at an informal buffet party to meet village officials, members of the park and library boards, and the heads of civic groups. This reception will be held at the fire station on Dempster St. The mayors will be driven to the party in a torchlight parade along Milwaukee Avenue.

While this is going on, the Niles Recreation Center will be rocking with music as the Niles teenagers are frugging and swimming at their own All-America dance. A dance com-

sophomore, Cindy Milleville, Park Ridge sophomore, Sue Trowbridge Niles freshman, and three Park Ridgers, Carolyn Cromer, freshman; Chris Peters, sophomore; and Nancy Anzarak, freshman. Chris and Cindy were members of last year's squad.

Judges of the tryouts included Robert Vormittag of East's faculty, and Darrell Dickey of South, who formerly taught at East, counselor Walter Lusky, and Miss Elizabeth McCandless, Mrs. Sandra Bowen, and Mrs. Joan Michna, all of East.

test will be featured during the evening with inscribed trophies going to the winners.

On Saturday morning, the working part of the weekend will take place. A seminar will be held in the Niles Council Chambers to discuss various governmental problems such as air pollution, public transportation, metropolitan government concepts, and human relations. The mayors of Des Plaines, Glenview, Golf, Morton Grove, Park Ridge and Skokie have been invited to take part in the discussions. The public is invited to attend the parley.

At the conclusion of the seminar, the men will attend a press luncheon and press conference. The Lions Club of Niles is underwriting the cost of the lunch. The women will attend a fashion-show buffet lunch at the Tiffany Restaurant. Any woman is welcome to enjoy the show for only the cost of the lunch. The fashions are being specially flown in from the other All-America cities for this show.

Saturday night, after dinner, the mayors will make a grand entrance at the All-America Ball to be introduced to the people of Niles. They will relax to enjoy the festivities of the Ball.

Sunday morning will be a little less hectic as the visitors are escorted to the church of their choice.

Following the church services, they will briefly visit the new Mill Run playhouse and get a first-hand look at the latest addition to the prestige of Niles.

A farewell Sunday Brunch, hosted by American Airlines, will conclude the weekend on a very pleasant note.

### From Atop The Leaning Tower "Y"

by June Hart

From atop the Leaning Tower comes news of "Y" offices "in the round" currently temporarily established on the first and second floors of the Leaning Tower, the Niles landmark and guardian of the new, magnificent, blue and silver Leaning Tower YMCA now approaching completion, location, 6300 Touhy Avenue in the All-America City, Pretty "Y" secretary, Barbara Berger of Niles, serenely carries on with Y business from her streamlined desk in the round tower office, which, boasts a centre medieval hanging light fixture and piercing the thick round walls are four square lead-paned windows small and very towerish. Adjacent to the tower is a trailer in which Y secretaries, Carol Schumacher of Chicago and Edith Hadel of Morton Grove conduct their offices in conjunction with the tower.

From the temporary offices we plank-walked across a spacious churned up area, the future front garden of the new Y noting the workmen laying the large patio and extending it around the indoor/outdoor huge L shaped swimming pool a story in itself. Our excitement mounted as we entered the capacious adult entrance lounge, commanding a vast windowed view of the pool and patios. Swiftly side stepping workmen busily bent pursuing their individual tasks, we carried on past the youth entrance lobby and the youth many varied facility rooms to the kitchens and into the cafeteria, modern to the nth degree with a broad expanse of windows revealing a park-like exterior. The large cafeteria will serve the public and members. Emerging from the cafeteria we turned a corner and entered an elevator, the paneled walls of which were encased with a protective covering until building completion, and sallied swiftly and

silently to the 9th floor. Again ducking past workmen who did not spare us a glance, past numerous club rooms and private rooms we entered a huge vista room, where from all sides we excitedly began pointing out the Chicago skyline. There just a wee bit hazy the dome of the Wilmette Baha' Temple came to view and over yonder we recognized the round edifice of the Golf Mill Medical Center and many more land marks of the various surrounding suburbs. Looking down our eyes feasted on a sea of greenery all around espying here and there touches of blues, red, and white, peeping through the massed branches of trees. We are planning a night view. The vista room is planned for private usage and by clubs, organizations and groups from all communities. The room will comfortably hold 200 people. At one end a huge closet area will store chairs and tables and other relative paraphernalia, while a holding kitchen (hot and snack foods) serviced from the ground floor kitchens will service this vista club room. M'm that room - it's beautiful. We leave you this week with a view, but we shall be back with more of the fabulous facilities of your community Y, as it gradually approaches completion, and now news from program participants.

We chatted with Meryl Sachs of Skokie with hubby Allan and son Kenneth 4 1/2 are participating in the Y's fall swimming program. Master Kenneth is now a swimmer, and according to his mother, Kenneth learned within 2 1/2 weeks. "He was scared of water," said Meryl, Mrs. Sachs, "but during the Y summer swimming sessions, a young counselor guided by swimming coach Joe Rusk helped our young son conquer his fears, and within a couple of weeks he was swimming. Now we go every Saturday to

swim in the fall tiny tots program of the Y," she continued, and its amazing how many Dads you see there, enjoying the swimming lessons with their tots." Mrs. Sachs paid tribute to Joe Rusk, "He makes it a pleasurable experience for both parent and child." She concluded, Call your Leaning Tower Y and inquire about the fall swimming program, dial NI 7-8222.

Mr. and Mrs. Ross Buscemi, Merrill Street, Niles are enjoying their ballroom dancing lessons at the Niles Recreation Center which are conducted by YMCA Grace Hansen. "My wife and I invariably did the wrong steps on the dance floor," Ross confided, "we are learning the right steps now, we feel at ease and enjoy dancing together." Mrs. R. Hoffmann of Skokie said it was a "tough fight" re her husband, but she won and now they, in company with three couples, friends, are learning fast and having a "ball". Mr. and Mrs. L. S. Gans, Lincolnwood, Illinois, said they enjoyed dancing the waltz, polka and rumba. Miss Lee Anne Alexander, Morton Grove, a teenager said she enjoyed her lessons and hoped that more teenagers would participate. She also enjoys the teenage rage, girations - beg pardon, dances. Call your Leaning Tower "Y" and ask about the dance programs - just let your fingers do the talking and soon your feet will be doing the dancing. Remember the number NI 7-8222. More news from Atop the Leaning Tower "Y" column next week, with news of people, programs and opinions.

### Crusade Chairman Asks For Generous Support

The Crusade of Mercy came into being because contributors wanted and asked for it. There were good reasons for this. The rapid growth of suburban areas, spurred by the great number of business and industrial firms locating outside the city, created problems of charitable giving for both management and employees.

Welfare needs of our burgeoning suburban communities have increased with the population. At the same time, the welfare needs of the city have not only continued, but have become more complex, critical and urgent.

While support for the Crusade of Mercy has been increasingly substantial and generous, most suburban community chests, with few exceptions, have been unable to keep pace with their growing welfare needs. Many individuals and firms, annoyed and confused by the multiple approach for their charitable gifts, have not been supporting either the suburban causes or the Mercy Crusade.

### Cub Pack 175 To Meet Oct. 1

Cub Pack #175 of St. John Brebeuf Church will hold its monthly meeting, Friday, October 1, at 7:30 p.m.

Pack Chairman Ralph Kozeny is announcing that Dr. Richard Lanermayer is the new cub master.

This will be the first meeting for many of the newly-registered cub scouts.

Den Mothers of the Cub Scouts are: Lois Kozeny, 8407 Olcott, Nora McConville, 8457 Olcott, Virginia Mildnerberger, 8426 Olcott, Penny Legitimo, 7302 Craine, Gloria Cannistra, 7755 Dempster, Dolores Laboda, 8148 Ozark, Laurie Merkel, 8417 Oleander.

Parents interested in their son becoming a cub scout can contact Mr. Ralph Kozeny, 8407 Olcott, for further information.

Something had to be done. The volunteer leadership of both the suburbs and central city, working cooperatively in a spirit of goodwill and public service, created a new organization.

The Metropolitan Crusade of Mercy was created out of the strengths of the old Crusade, plus a majority of the suburban community chests and united funds. It combines the annual appeals of the Community Fund of Chicago and its 137 welfare services with the Mid-America Chapter of the American Red Cross and with the Suburban Community Chest Council and 55 of its member chests and funds.

Its sole purpose is to conduct an annual, unified campaign to meet the needs of voluntary welfare services, and to do so as efficiently, effectively and economically as possible.

It is the hope and aspiration of campaign chairman, Edward Berkowsky, that the residents of Niles, All America City will respond generously to this united appeal.

### Garden Program October 8

The Information Center of The Garden Club of Illinois invites all interested persons to a special program on Oct. 8th, 1965, at 7:30 in the evening, in the second floor at Golf-Mill.

Mr. Robert Elich of Park Ridge will demonstrate "A Year of Gardening." He has put a great deal of time and effort into the preparation of this program to explain the month by month needs of your garden. This is a very different program from any we have had previously. This is an unusual opportunity for both men and women! Be sure to come! Bring friends.

### 'Lens' To Be 'On The Dot'

To be "on the dot" in timeliness, quality, and interest is the pledge taken this year by editors of the Matne East high school yearbook, the Lens. Terry Bryant (right), of 7535 Lyons, Morton Grove, a senior, is editor of the book. Barbara Scot, of 811 N. Wisner, Niles, is helping Terry place posters in the halls heralding the coming sales campaign for the 1966 book.

Sales of the book by subscription began Tuesday in homerooms. Twenty-five staff members made presentations

this week for the book which they told the student body will be larger and more colorful than any earlier Lens. Sales close tomorrow. Terry announced. Price of the yearbook is \$4 if paid now or a \$2.50 deposit now and \$2 balance to be paid in June.

The book is self supporting, does not take advertising, and for the last five years of record has captured first class honors in national judgments. Sponsor of the book is faculty member Carroll Chouinard.

### Al Green Wins Community Service Award

Niles pharmacist Albert Green, the Illinois Pharmaceutical Association's 1965 recipient of the A. H. Robins "Bowl of Hygeia" Award for outstanding community service, is among this year's award winners who have accepted an invitation to visit Robins' Richmond headquarters early next month.

Award-winning pharmacists from 48 of the United States, the District of Columbia and eight provinces of Canada have been invited to visit Richmond for three days beginning October 7. They will be guests of the pharmaceutical manufacturing company and its president, E. Claiborne Robins.

While in Virginia, the pharmacists will tour Robins' manufacturing plant and research laboratories, and be honored at a reception and dinner. They also will spend a day touring Williamsburg, the restored Colonial Capital of Virginia.

In addition to visiting Richmond, the award-winners will be featured in a special full-page advertisement which Robins will sponsor in the October 8th issue of TIME. The ad will include individual photographs of all the recipients and

indicate that they have been cited for outstanding service to their respectable communities. The "Bowl of Hygeia" Award is presented annually by the participating state pharmaceutical associations, which select their respective recipients. This is the eighth year that Robins has sponsored the "Bowl of Hygeia" program, and the award now is one of the most coveted in the pharmacy profession.

The door says "No Admittance" and it opens into a long narrow alley of doors, jutting past one row of doors, is a wide open space with props and then past two more doors is a more spacious area for future props and rehearsal hall. There are luxurious dressing rooms for the male star, the female star, right down to the floor carpeting, and community dressing rooms, one for the featured males, and one for the female players. Each dressing room is equipped with wall hugging mirrors, table tops, lights; lavatories and shower stalls. These dressing rooms are the epitome of what the well-dressed dressing rooms should have, but usually never do. Many a glamorous actress has emerged out of a tiny hole in the wall closet which had a single naked bulb and a hand mirror, leaving the impression that she looked that way because of all the supporting background, instead of the result of her own ingenuity. A quick glance over the cosmetics spread across the dressing counters, disputes the commercial that goes "All the stars use..." There is as great a variety on the dressing table of our professional sister as on our own, she too, has her beauty problems and personal solutions. There is Helena Rubenstein, Max Factor, Revlon, and all the rest, so there is nothing magical about the stage makeup, only more of it.

### Maine East Homecoming Week Oct. 2-9

Pointing for a gala homecoming week October 2-9, Maine East high school students have planned a float-building contest, a campaign for homecoming queen, an all-school dance, a festive daytime parade, and the biggest "in" dance of the fall season.

Pep meetings this week and next are calculated to stir up school spirit loud enough to call grads of many classes "home" to the big game with Downers Grove on October 9.

Float building will open at 10 Saturday morning and end at 9 p.m. October 8. Hours during which floats may be worked on and the amounts to be spent on them will be strictly regulated, according to faculty sponsors. While authorizing expenditure of a \$60 top on any float, Acting Assistant Principal J. W. Hartford has recommended that organizations backing floats spend less.

Demon supporters have linked their opponents, the Downers Trojans, to the homecoming theme "Myths of Maine." Floats and homecoming formal decorations will follow that line. The float parade will be staged at 9:30 Saturday morning, October 9, at Golf Mill.

Candidates for the position of homecoming queen will be presented at an all-school assembly early Thursday morning, in the fieldhouse. Voting will take place in homerooms Friday and the winning candidate will be revealed between halves of the game, Queen and her court will be presented at the formal which begins at 8 p.m., in the cafeteria. Tickets at \$1.50 per couple are available in the cafeteria during school hours.

### Quartet Of Stars To Appear At Mill Run

Molly Picon and her outrageously funny friends, Joan Pierre Aumont, Estelle Winwood and Pierre Olaf invade the stage of the Mill Run Playhouse, Niles, Illinois for two weeks beginning October 6, 1965 in the new farce "Madame Mousse".

The comedy, currently in its pre-Broadway tryout, was written by Jean Pierre Aumont, French stage and film star whose last Broadway assignment was opposite Vivien Leigh in the Musical "Tovarich". In addition to his duties as playwright, Aumont will be seen in a leading role.

"Madame Mousse" showcases Molly Picon, Chicago's darling from "Milk and Honey" as a Parisian widow who is determined to manage the lives of her daughter and son-in-law. Madness ensues when Aumont as the son-in-law succeeds in marrying off his meddling (in-law) to a private detective played by Pierre Olaf. The chaos is further complicated by the appearance of Estelle Winwood as Madame Mousse's new mother-in-law. Miss Winwood catapulted herself to the Broadway Hall of Fame for her devastating characterization in "The Madwoman of Chatterbox". Mr. Olaf was last seen here at the Schubert in

### Park Board Tells 'Their Side' Of TAM Controversary

(Press Release)

The Board of Commissioners of the Niles Park District, along with the Commissioners of all other Park Districts, are very much aware of the fact that a new era has opened up for the Park Districts in the United States. An era where Parks, both Local and National, Recreational Facilities, Open Land Use, etc., have become of major public concern. With these new developments have also come a sense of heavy responsibility for the people administering the operation of Park Districts.

It is NOW that the Board of Commissioners of the Niles Park District must take its stand and begin building for the future. By combining its strength and efforts with those of the civic minded citizens of Niles, a great many things can truly be accomplished.

Therefore, the Board of Commissioners of the Niles Park District, feels that the time has arrived to make public all the facts relating to its efforts to acquire the Tam O'Shanter Golf Course property in Niles, Illinois, in order to make available to the residents of Niles, all its recreation facilities.

With press releases, issuing from Mayor Blase's office, quotes from members of the Village of Niles Board of Trustees, interviews with representatives of the J. Emil Anderson Company, being rampant in the newspapers regarding the Tam O'Shanter Golf Course, the Commissioners of the Niles Park District would at this time like to release the following information for the benefit of the residents of the Niles Park District and all other interested parties.

We would like to make very clear to Mayor Blase and the Village of Niles Board of Trustees, that we, the Niles Park District Commissioners, are fully aware of what a fine organization the J. Emil Anderson Company is. We also are fully aware of what that organization has done in the past for the Village of Niles, but we are also fully aware of our obligations to the residents of Niles to do what we can to further the recreational interests of the Niles Park District for the benefit of the entire City of Niles.

To correct some statements regarding our Condemnation Proceedings against Tam O'Shanter, one must go back

a few months. On May 25, 1965, the Commissioners of the Niles Park District met with representatives of the J. Emil Anderson Company at the Tam O'Shanter Country Club. At this meeting, a preliminary discussion was held regarding the use of the Golf Course. The Commissioners were informed that an Industrial Complex was planned for development south of Howard Street, and the possibility of a 9 Hole, Par 3, Lighted Course, north of Howard Street. The meeting was adjourned on a very pleasant basis, and with the parting came firm promises that as soon as something definite was on the drawing boards, the Commissioners would be promptly notified. Some months passed with no communication from the J. Emil Anderson Company. Then our President, Steve Chameriski, received a call from Mr. Brandel, attorney for the J. Emil Anderson Company, stating that we would be able to look over some Plans of the Company's proposal on Tuesday evening, August 10, 1965. A young man brought the Plans over from the J. Emil Anderson Company for Commissioners Chameriski and Schreiner to look over. They were only able to look over the Plans for 15 minutes when the young man took them and left. Incidentally the three other Park Board members were not available. This proposal covered the use of 42 acres of land west of the North Branch of the Chicago River which meanders through the Golf Course, plus approximately 42 acres of land owned and controlled by the Cook County Forest Preserve District.

The Board of Commissioners of the Niles Park District immediately took steps to check whether such an arrangement could be made for the use of Forest Preserve District property and found that Chapter 37 1/2 (Forestry), Section 6, of the Illinois Revised Statutes 1963, limits the disposition of Forest Preserve property to two (2) specific categories, (A) Leases up to 40 acres in size for terms up to ninety-nine years in duration to veterans' organizations as grounds for convalescing sick and disabled veterans, and (B) To grant licenses, easements and rights-of-way for Public Utilities. No other provisions are known.

Some time after this, President Chameriski received a telephone call from Mayor Blase of Niles, informing him of a meeting to be held on Thursday, August 12, 1965, between Niles

Village Trustees, the Mayor, Representatives from the J. Emil Anderson Company, Village Manager, Village Plan Commission and Zoning Board of Appeals, Village Clerk, Village Attorney, Liason Board and, of course, the Niles Park Board, regarding the proposal of the J. Emil Anderson Company.

At this meeting, the question of the Forest Preserve District's right to lease or sell its property was asked of Mr. Ancel and Mr. Brandel, attorneys for J. Emil Anderson. Their answer was that they felt sure something could be worked out. Mayor Blase interjected his opinion that he also felt something could be worked out.

Consequently, as a result of these two meetings, the Park Commissioners took the following stand:

FIRST - To begin Condemnation Proceedings immediately against the Tam O'Shanter Golf Course property for two reasons:

- 1) To freeze the price of land
- 2) To forestall any re-zoning or re-selling of the property which may have a definite effect on the price of land

SECOND - By the above action, the Board hoped to gain some valuable time so that a Feasibility Study could be made and to obtain additional information to clarify the J. Emil Anderson Company's proposal

We did not close the door on any offers or plans from J. Emil Anderson, but we were willing to listen. After sending letters to Mr. A. L. Janura, Superintendent of Maintenance and operations of the Forest Preserve District and to Mr. Seymour Simon, President of the Cook County Board of Commissioners, asking for a meeting, we had to wait again. We finally received a letter from Mr. Simon, in which he admitted talking to Mayor Blase but did not reveal what the conversation was about.

At this time we want to make it very clear that the Niles Park District Board of Commissioners never made a proposal to the Forest Preserve District for use of any land in conjunction with a Golf Course. All we want is a definite answer to a proposal as offered by J. Emil Anderson Company, which has been sent to the Forest Preserve District and receipt of which has been acknowledged on page 13

## Park Board

continued from page 11

nowledged by Mr. Janura of the Forest Preserve District. The Commissioners feel that this proposal should be made public and should not be kept between Mr. Simon and Mayor Blase only.

While all this meaningless delay by Mr. Simon and Mayor Blase has been going on, the Park Board has quietly gone about other matters, such as seeking information on the method of financing the purchase of the Tam property. In regards to this, the Park District has applied to the Federal Housing Agency, under the Open Land Program, for a Federal Grant to aid in the acquisition of the property. This was done as early as April 17, 1965.

The Park Commissioners also feel at this time, that the balance of financing can be obtained through the issuance of Revenue Bonds, where only the users of the Golf Course and its facilities would pay for the ultimate purchase price. But not being experts on Golf Courses and their operation, the Board began checking on Engineering & Planning Agencies who could furnish it with the necessary pertinent information. Several firms were contacted and they offered proposals to prepare a Feasibility Study on the operation of the Tam O'Shanter Golf Course by the Niles Park District. One of these firms will be selected to prepare this Study which will indicate whether the Course can be purchased and operated successfully. This Study must be made to enable the Park District to receive a Federal Grant.

It must also be kept in mind that we are not looking at the Tam O'Shanter Golf Club property as only a Golf Course, and if the Park District is successful in obtaining the Course it is intended to fully develop the present Swimming Pools, Tennis Courts, Club House Complex, etc., that are now on the property, into a large scale recreational facility for the use of all. One must also bear in mind that with the continual demands by Labor for shorter work hours, the average wage earner will be having more time for recreation and now is the time to have the foresight, and not hindsight, to purchase and set aside one of the truly fine recreation areas left in this part of the state. The Tam O'Shanter property will more than adequately fulfill these requirements.

A parting thought for Mr. Simon: "If the Niles Park District Board of Commissioners acquire this property, the Niles Park District will be definitely requesting use of the land adjacent to the course, not to cut down trees or move the landscape around, but to make better use of the presently owned Forest Preserve District property in conjunction with recreational facilities as offered by Tam O'Shanter".
