## Niles Baseball Opening Day May 15

Seven hundred youngsters, ages 8 to 16, have their thoughts on baseball and the big day, Sunday, May 15 which is the official start of another Niles Baseball League season. Winter-long dreams of smashing base hits and sparkling fielding plays will become a reality as the N.B.L. prepares for its fifteenth annual season.

To celebrate this occasion, a full uniform dress parade will kick off the festivities. At 12:00 Noon a gala parade will commence at Notre Dame High School - Parking Lot, march South on Ozark Street to Main Street to Oketo Street and end at Grennan Heights Field. ## Mrs. Cohen Appointed Bell Ringer Chairman

Mrs. Kenneth J. Cohen, recently appointed Bell Ringer Chairman of Niles by Linden E. Wheeler, vice president or Sears, Roebuck and Company, who is serving as general campaign chairman of the Mental Health Association of Greater Chicago's 1966 Bell Ringer Campaign, urged the citizens of Niles to give generously during May when their local mental health marcher calls on them for their contribution. At each home - whether they receive a contribution or not - the marchers will leave the six basic facts about mental illness and the mentally ill which everyone should know. The Association feels that if every person knew and understood these facts, mental illness would not be the number one health problem today and the number of those recovering from mental illness would rise from seven to nine out of ten.

"The fight against mental illness can be won," said Mrs. Cohen. "This annual fund-raising event supports service, planning, education, action and research for all citizens throughout Cook and Lake Counties. The mentally ill can get well and need our help."

# Fire Dept. Phone Complaints

continued from page 1  
problem regarding service.

Blase said while Nilesites do not have a right to pick their telephone company they do have a right to equal service. He said Middle States service is "far lower" than Illinois Bell. He said Middle States has an obligation to give equal service but there is a great deal of difference.

The survey was sent to every Niles home with the quarterly Progress Report. About 10% of the questionnaires were answered. Of the Niles telephone it was estimated about 20% of Nilesites are Middle States users while 80% use Illinois Bell phones.

Blase noted since Niles only received "lip service" when asked for improved service he will recommend Niles present its problems to the Illinois Commerce Commission. Blase feels, armed with the survey plus a report from Niles Fire Department, action should result from such a move.

The purpose of the press conference, according to Blase, was to publicly express the feeling pertinent to the service. He said this action plus the appearance before the ICC is "direct action which should shake them up".

In addition to Blase and newspaper representatives, Dick LaPan and Jim Brandon from Middle States, and Jim Rex and Don Amundsen from Illinois Bell, were present at the meeting.

One obvious problem in Niles is 80% of Niles is serviced by Illinois Bell but the emergency fire department telephone is located in the Middle States area. Delays and inability to get immediate communication with the fire department is one of the basic problems underlying the criticism.

## Public Forum May 25

The Village of Niles will hold a public forum on Wednesday, May 25, 1966 at 7:30 P.M. at the East Maine Junior High School, 8955 Greenwood Avenue, Niles. Representatives from all taxing bodies that service the Village of Niles will be in attendance. At this time, any questions that the residents of Niles may have of their governmental bodies will be asked.

Danielson and Szymanski represented the very best in good government. Their passing from the political scene has left Niles with one man of action, four shadows, and two trustees in need of two more free spirits.

# From The Left Hand

by David Desser  
Editor & Publisher  
While Niles has always been most generous in throwing a little bash for its more well-known citizens those who don't have the right guys pushing for them, or don't do a little pushing on their own behalf, often pass into Niles history without a murmur of praise.

Plan Commission member Wilber Danielson, who lived in the East Maine area, is moving from Niles with little of the hoopla which went with more public men.

Wilber was a former John Q. Citizen who used to sit thru interminable meetings at the village hall in the days when flooding and multiple dwelling problems were being combated in the village. With little fanfare he and his wife would sit into the wee hours of the morning, occasionally asking questions, not so much as gadflies, but as interested citizens trying to improve "their town". They quietly went back to their area, which is nestled between Milwaukee-Washington-Dempster and church and activated a homeowners group which tried to stem the encroaching multiples which were built near there.

When Ken Scheel and Bob Wente moved onto the Zoning Board in 1959 the Danielsons saw the first vestige of representatives in Niles who didn't have an angle...who were out to represent the people.

In '61 when Scheel and Wente and Szymanski pulled Blase to victory it was the Danielsons and the many like them, who were interested in improving Niles for its own sake. They did the doorbell ringing and the telephone calling, and were the forces behind good government which led to the All America award some years later. And like many behind-the-scenes people who had no angle in mind, they won a victory which benefitted the entire community.

After the election most of them stood aside, wanting neither money nor recognition, and let others move into stage center.

Not too long ago former trustee Len Szymanski, who had a major hand in fighting a pretty bent town, quietly stepped out of the limelight. Len, like Danielson, had no angle, was a free soul on the village board, and was a major architect in promoting Niles new image.

Today, Niles village board has returned to its old ways. Aside from Scheel and Peck there is little independent thinking on the Board, as the remaining trustees huddle around the Mayor. The free exchange of ideas, which was reminiscent of the first two years of the New Era, has long passed.

Danielson and Szymanski represented the very best in good government. Their passing from the political scene has left Niles with one man of action, four shadows, and two trustees in need of two more free spirits.

## Aim To Stimulate Civic-Interest

Borrowing an idea from 1966 All America City winner, Michigan City, Indiana, 1965 winner Niles, Illinois will attempt to institute a people-in-politics program for local residents.

At the May 10 meeting, trustee Ang Marcheschi, received approval to set-up a committee to stimulate greater interest in Niles government. Marcheschi said people in the community don't seem to be interested in community matters. Despite the numerous newspapers and the Village Progress Report in the community Marcheschi said "the message doesn't get out" regarding village matters.

The Michigan City program is an eight week course in practical politics, with U. S. government-published brochures used for the course. Marcheschi said the Indiana city will be contacted to attempt to duplicate their successful program. More than 800 MC residents participated in the program, and at least one person completing the course now serves on every committee in the community.

In other actions the street alongside the library at Oakton Court and Waukegan was approved for dedication to the village. Only Wente disappeared.

.....Unanimously approved new appointments for two new Plan Commission members. Stan Lowe, 8242 Oleander, was selected to serve 3 years replacing Wilber Danielson, who is moving from the community. John Mollica, 6958 Howard, replaced Bill Zimos. Zimos, who served as campaign manager for Mayor Blase 6 years ago, has been at odds with the administration for many years and

## Blase Campaigns Against 'Demo Apathy'

(News Release)

"If you don't vote, don't complain!" These words came from Nicholas B. Blase last week, as he hammered away at the passive citizen in his campaign for election as Democratic Committeeman for Maine Township. Blase has been on an all-out campaign to overcome the apathy created by the current Democratic Committeeman throughout the past sixteen years.

"I've said it before, and I'll say it again," he said, "People simply don't change their political beliefs when they move into the suburbs. Thousands and thousands of people have moved into Maine Township in the past sixteen years. Most have come from Chicago and other large cities, which are primarily Democratic, but the Republican strength has grown continuously, until we find that they consistently win elections in the township by a five-to-one majority."

Blase placed the blame for this situation squarely on the shoulders of Tom Bradley, his opponent in the race for Democratic Committeeman. "Tom Bradley has made the Democratic Party politically impotent. His lack of leadership and organization has caused the party to be a small political club, who's members have a vested interest. The people have lost interest in being Democrats, and have kept away from the polls on election days. The result has been a smaller and smaller Democratic vote each time, until Maine Township has

become a Republican stronghold."

Blase outlined his plan to change this. "I have charged my workers with the responsibility of getting every Democrat in Maine Township to the polls on June 14th. They will knock on doors, make phone calls, distribute flyers and even stop people on the street if they have to. But we're going to get the people interested again, and we're going to make the Democratic Party into an effective tool of the people again."

"I have heard so many complaints during this campaign about zoning, school, taxes and many other problems, but the people have caused this situation themselves by staying away from the polls. They have allowed the poor leadership of the Democratic Party to keep renewing itself for sixteen years. Anyone who doesn't vote on June 14th has no right to complain. They will simply be perpetuating the poor representation that now controls the Democratic Party."

"Most political candidates make campaign promises, and some are forgotten after the election is over, but I think I have built a reputation of keeping pledges that I make to people...and I make this pledge now. If I am elected I will work unceasingly to put strength and effectiveness back into the Democratic Party. I will take a sincere interest in the problems of the people of Maine Township, and I will exert every effort to get them solved. In other words, I will give people a reason to be Democrats again."

With these words, Nick Blase asked the voters of Maine Township to elect him to the job of Democratic Committeeman on June 14th.

Wessell volunteers view bottom of giant 20 ft. high campaign billboard felled with electric saw during night of May 10 directly across street from Niles Fire Department at Dempster St. and Cumberland Ave., Niles, Wessell, candidate for Democratic committeeman of Maine township, this week reported step-up in destruction of more than 375 campaign posters, two car-top signs, and other materials. In addition,

cars bearing Wessell advertising have had tires flattened, and dirt was dropped in gasoline tank of a '66 Cadillac in Niles. Practically all of the destruction has taken place in Niles and unincorporated area. In this photo volunteers view posters of Nick Blase, mayor of Niles, which were tacked to bottom of felled billboard. Left to right: Arnold Schor, Ronald Fresh, Robert Warnicke, and Louis Capozzoli. Children are sons of Capozzoli.

## Sawed-Down Sign Stirs Wessell's Wrath

(News Release)

Richard C. Wessell, candidate for Democratic Committeeman of Maine Township, reported an increase over last week-end of the destruction of over 250 additional campaign posters, the ripping down of two 4 ft. x 6 ft. signs near Potter and Ballard Roads, the breaking-in of two of a pair of "Win With Wessell" car-top signs, the flattening of the two rear tires of his campaign manager's auto; and the dropping of dirt into the gasoline tank of a car owned by another of his principal backers. The candidate stated his principal campaign manager's two rear tires were flattened as his car stood in front of his home.

All the damaged cars and equipment on cars bore Wessell campaign material. Wessell said the total cost of his materials alone, destroyed in the last week and a half, amounts to at least \$535.00. He said he has no proof who is behind the vandalism "but we have a pretty-good idea."

All the incidents occurred in Niles and the East Maine unincorporated area east of Potter road, Wessell said.

Wessell called the acts of vandalism "hood type, backward political operations that are sure to back-fire. He said that, "Instead of hurting me these 'small acts' are actually aiding my campaign. My more than 300 volunteers are determined to work even harder."

Last week-end's destruction came on the heels of the sawing down of a newly-painted 20 ft. Wessell campaign billboard a week ago Tuesday night or early Wednesday morning directly across the Niles Fire Department building on Dempster Street.

Within the three-day period before the giant billboard was felled, over 75 campaign posters were pulled down in the same areas of Niles and the unincorporated areas as Wessell reported earlier.

Wessell, who is editor and publisher of the Des Plaines JOURNAL, said he will hold a ceremony within the next few days on the site of the sawed-down billboard. "We'll be ready shortly to re-erect the sign. In fact, we're replacing destroyed signs as fast as they are torn down."

The two car-top signs were removed late Saturday night or early Sunday morning from autos parked in the East Maine area. They were broken in two and tossed on the ground next to the cars.

"One of my campaign managers who lives in Niles found dirt in the gasoline tank of his 1966 Cadillac. It cost him \$50.00 to get his tank cleaned out," said Wessell.

One act of harassment, however, has brought a smile to the faces of many workers in Wessell's Des Plaines headquarters.

"One of our most experienced precinct captains was in the process of putting up a placard on a telephone pole in Niles over the weekend," said Wessell. "The pole was adjacent to several bearing a placard for Nicholas Blase, Mayor of Niles, who is also a candidate in the June 14 primary."

"As our man was about to start, a Niles police car drove up," Wessell said. The policeman inside called out:

"I suggest that you don't put up Wessell posters in Niles."

Wessell said, "My precinct captain asked the policeman if it was against the law and if it were, why were the Blase placards allowed on the adjacent poles?"

"The policeman repeated his suggestion."

"He drove to the end of the block and turned around," said Wessell. "He pulled beside the precinct captain, who was about finished putting the placard in place."

"I want to repeat that I advise you not to put up Wessell signs," the policeman said. With that he drove away," according to Wessell.

On two occasions, Wessell added, campaign workers in Niles have been stopped by police and told they had to have a permit to canvass prospective voters.

"This, of course, is not necessary," said Wessell.

Wessell said he had received no reports from the other two candidates regarding placards being torn down or harassment of campaign workers.

## 'Pops' Concert At Maine Hi May 27

Maine East high school's concert and cadet bands will combine in their annual pops concert—no admission charge on Friday evening May 27, and 8 o'clock, in the school auditorium.

Theodore Vargas, music department chairman, will lead the concert band and O. D. Premo, assistant band director, will conduct the 102 players in the combined numbers.

Among program numbers drawn from standard music literature will be Tschakowsky's "1812" Overture with full sound effects of cannon and bells, Norman Dello Joie's stone poem to New York, "From Every Horizon," creates a series of moods evocative of the city's spirit. Unique will be "Somersault," a twelve-tone adventure for concert band by Hale Smith. The title refers to the turning backward and upside down of the row forms important to the 12-tone compositional technique of the piece.

As march selections the band will play "The Purple Pageant," by K. L. King; "Under the Double Eagle," by J. F. Wagner; "A. B. A.," by Ed-

win Goldman, and "French National Defile," by A. Turlet.

Contemporary numbers will include "Latina," a Latin American dance by Dr. Frank Benciscutto; "Pines of the Appian Way," by Ottorino Respighi; and "Molly on the Shore," an Irish reel by Percy Grainger.

Also in the same group will be "Windammer," by Morton Gould; "Montego Bay," a samba by Sammy Nestico; "Ich Bin Soldat," valser by Hermann Grabner. Closing the program will be a Hollywood arrangement of "Hello Dolly."

## Joan Ott Receives Honors

Joan Ott, 8323 N. Oriole Ave., Niles, has been selected to take part in Northwestern University's 1966-67 Master of Arts in Teaching Program. Partly supported by the Ford Foundation, this program provides an opportunity for college graduates to complete professional requirements for teaching certification and graduate requirements for a Master's Degree. It requires two summer sessions and the intervening academic year.

Joan, who received her Bachelor of Arts Degree from Northwestern University at the age of 19, has been working in Evanston since her graduation, but will return to Northwestern in June to begin work on her Master's Degree.

In June of 1962, Joan graduated from Maine Township High School East. The following summer she was named a 1963 Carnegie Scholar, one of twenty college students in the United States to receive a Carnegie scholarship to study advanced Spanish and political science in Guadalajara, Mexico. In summer 1964, Joan continued her French studies at Université Laval in Quebec, Canada; and last summer she spent 3 months in Europe and Africa, including a summer session at Universidad Internacional Menéndez-Pelayo at Santander, Spain. In each of these countries, Joan preferred living with native families rather than in university dormitories and found that this experience gave her a better understanding of the people their customs, their present-day problems, and their way of life.

As an undergraduate at Northwestern, Joan spent one year as staff writer and a night editor on the Daily Northwestern and took part in many other extra curricular activities. At the May Day Honors Ceremony last year, Joan received the University Guild Award, which is given annually to four outstanding junior women. During her senior year, she was Freshman of Northwestern's Spanish Club, Social Chairman of her sorority house, Zeta Tau Alpha, and also Zeta's candidate for Empress of Northwestern's 1965 Navy Ball. Presently Joan is looking forward to her internship as a foreign language teacher under the M.A.T. Program.

## Senator Douglas Speaks At Lerner Meeting

(Press Release)

At the invitation of Jerome Lerner, Candidate for Democratic Committee of Niles Township, Senator Paul Douglas addressed an overflow crowd of Democratic Voters Association workers at Old Orchard Junior High School on Sunday morning, May 1. Lerner introduced Senator Douglas as "an indomitable island of political integrity in a sea of pragmatism." Lerner called Senator Douglas one of the great Senators in the history of the United States, introducing his organization to Senator Douglas, Lerner offered the Senator the greatest campaign army he has ever seen, and pledged on behalf of all of them the support of Senator Douglas and all Democratic candidates right through to November. "We are going to give Senator Douglas a great victory in Niles Township." With this pledge, there was a standing ovation from the members of the Democratic Voters Association.

Senator Douglas spoke on his own behalf and emphasized the need for unity among Democrats in the general election. He urged the members of DVA to work on behalf of the Democratic candidates on the national, state and county level. Directing his glance at Calvin R. Sukker, Candidate for State Representative, he stated: "... and we shall elect two Democratic State Representatives from the 4th District." Louis P. Johnson, of Morton Grove,

Candidate for the State Senate, expressed pleasure at the Senator's words when he said: "And we shall elect a Democratic State Senator from this District."

Senator Douglas stressed the urgency of unity after the primary for an all-out Democratic victory in November. Toward that end, he reviewed the record of the Democratic Administration for the past five and a half years, highlighting the

simultaneous advancement of both economic prosperity and unprecedented social welfare legislation. Commenting on Viet Nam, he emphasized that there is no alternative to the administration's position in Viet Nam if Communism is to be halted from spreading throughout South East Asia.

Everyone in attendance felt that they had brushed with a man of greatness and that they had participated in an historic event.

## Maine School Board Slashes Budget

In a meeting that lasted until 1:20 a.m., May 3, High School Board No. 207 denied or delayed appropriating \$194,338 of the \$308,178 requested for building and maintenance of the three Maine High Schools.

"Only when the safety of our children was concerned, or when it would be false economy, that is — when it would cost more not to repair than to repair — then, and only then, did we approve that budget item," Mr. Stanley Osri, School Board Building Chairman, stated.

In overpopulated Maine South additional student lockers were authorized even though an early boundary change might be indicated.

A summary statement of requests, denials, and approvals by schools is as follows:

Building Fund Projects 1966-67

**Maine East**  
Requested — \$114,058.54  
Denied — \$ 49,902.50  
Approved — \$ 64,156.04

**Maine South**  
Requested — \$106,758.79  
Denied — \$ 72,229.42  
Approved — \$ 34,529.37

**Maine West**  
Requested — \$ 87,360.68  
Denied — \$ 72,207.00  
Approved — \$ 15,153.68

## Oak School 'Fun Day'

Mark your calendar for May 21st. This is the date for the Oak School "World of Fun" Fair grounds, 7640 Main St., Niles, Ill. will be open from 11-4. Come and eat your lunch or have a snack. There will be games and prizes galore.

Total of all three schools:  
Requested — \$308,178.01  
Denied — \$194,338.92  
Approved — \$113,839.09

"There is little question that the appearance of our schools may become perhaps shoddy and rundown; there is even some question that the quality of our famed Maine High School systems might be further eroded, in what I suspect has now become a continuing process. I can only believe that belt-tightening is what our communities want, but whether to this degree, I am not certain," Mr. John Wilkins, High School Board President, stated.

The members of the work-without-pay School Board spent all day Friday, April 29, personally touring and inspecting each high school individually and viewing each budget request item. The school engineers and principals conducted the tour of the facilities. Mr. Osri through Dr. Wiltse congratulated the school engineers of each school and the principals for their preparation and consideration of each item.

Installing Officer Mrs. Henry Suppan, hands the gavel to newly installed Garden Club of Niles President Mrs. Raymond Fangrat. Mrs. Fangrat will be serving her second year as Club President. Other officers include Mrs. Alfred Geis, Vice President; Mrs. Orv Broberg, Treasurer; Mrs. Frank Dedekind, Corresponding Secretary, and Mrs. Robert Larson, Recording Secretary.

## Another Morn NIG Undertakes Fluidic Flow

Another Yawn.

Northern Illinois Gas Co., Aurora, Illinois, and the Fluidonics division of Imperial-Eastman Corporation, Chicago, Ill., have announced a joint venture to develop and test a gas main fluidic flow control system.

"Fluidic technology has progressed to the point where we want to study the effectiveness of a fluidic system for control of large volume gas flow," said George Long, general coordinator of Research and Development, Northern Ill. Gas Co.

"We are interested in studying the market potential of the gas industry for fluidic systems," explained Warren W. Johnston, vice president of Imperial-Eastman Corporation and general manager of the Fluidonics division. "Our experience has shown us that fluidic systems will work efficiently for this field. Now we want to refine further our techniques and products by means of this test program."

Terms of the agreement call for an 11-month testing program to terminate in April, 1967. Fluidonics will construct the control system through the use of fluidic sensing, amplification and valving devices.

All engineering will be performed by Fluidonics, with Northern Illinois Gas providing technical advice and test facilities.

## ND Student Council Elections

Student Council elections at Notre Dame High School in Niles culminated a week of frantic campaigning as the members of the Council were elected for next year.

Elected to the Executive Board of the 1966-67 Council were Dennis Sujdak, president; Tom Conley, vice-president; Steve Jacobson, treasurer; Lou Mancini, recording secretary; and Roger Gibbs, corresponding secretary.

The week prior to the elections had been one of frenzied efforts to gain student support beginning with the distribution of candy, buttons, and ribbons and wild rock-and-roll combos, and ending with demonstrations and speeches before an assembly of the entire student body.

The new president, junior Dennis Sujdak, has been an active member of the council for the past three years. He is also Assistant Editor of the school newspaper, a member of the Notre Dame Debate Society, and a member of the school's service club. Dennis has maintained a "B" average in his class work.

Tom Conley, the new vice-president, brings with him much experience for his new post. He has served as a discussion leader at the North-East District Convention of Illinois Student Councils, and was chairman of the Publicity Committee of the Notre Dame Council before becoming vice-president. Tom is a member of the National Honor Society, Cross and Anchor Club, and is active in sports.

Lou Mancini and Roger Gibbs, both sophomores, captured the

Zsa-Zsa?

Yes Ping-Pong?

Zsa-Zsa, I'm afraid.

Don't be, Ping-Pong.

But we've never known anyone else, have we?

No Ping-Pong, but there are others, nice others.

Mommy, I'll feel so shy with new ones, You won't leave me, will you?

You haven't called me Mommy in a long time, You know Mommy will always be close to you. They promised we didn't have to leave until we found the right ones to love us and care for us, together.

Zsa-Zsa?

Yes Ping-Pong?

Can we keep our jeweled neck bands?

I'm sure we can, Ping-Pong!

Wanted—gentle, loving family home for blue-eyed Zsa-Zsa and Ping-Pong, mother and daughter Siamese cats with affectionate souls. See classified ad next week.

We are so amazed at people who stand by with a non-involvement attitude when crimes occur in front of their eyes. It's easily predictable in any group of growing youngsters. In an area of habitation where every square foot expels 3-4 children, in most of the suburban and urban streets, there is an excellent cross-section of our future citizens. The leaders, the followers, the vicious and mean ones, the frightened and gentle ones. Cruelty comes natural to children but parental guidance should bring the child out of that stage with understanding persuasion, using book or belt, laid on where it will have the best result.

Recently I saw a four year old beat a two year old unmercifully. The mother of the younger one arrived on the scene at the same time I did. "Why did you do it?" she asked the older child. "I wanted to hear him cry," said the four year old, whose mother was sitting at the window, watching the whole procedure without a word.

My daughter bent to kiss a neighbor's child, a boisterous five year old who only quirmed, but his companion, same age, brought a heavy, metal rifle down on her head, with a joyful vengeance.

The mothers who stand by while their youngsters break branches of trees, pull out newly planted flowers and bushes and throw heavy objects at those playmates who disagree with them, are thoroughly surprised when their children's "individuality" land them in prisons, or in the juvenile courts. Unfortunately the majority become "average citizens", cruelly indifferent to the fate of anyone, but themselves in any given situation.

The meek may inherit the earth, but the violent ones plier it without a moment's hesitation.

## Endorsement

To: Members of the Press

Recently one of my opponents indicated he was singularly endorsed by Mr. Johnston, who is the Regional Director for the U.A.W. - C.I.O.

As you will note from the attached letter, the information given to you by my opponent is not now correct, and the U.A.W., as a matter of fact, is endorsing both myself and Mr. Wessell and excluding Mr. Tom Bradley, the present incumbent.

Since Mr. Wessell made quite a "to-do" about this endorsement from the U.A.W. in most of the newspapers, I would be most appreciative if you could extend me the courtesy of making Mr. Johnston's position clear to all the public.

Very truly yours,  
Nicholas B. Blase

Gentlemen:

Through an oversight on our part we had assumed that the contest for Democratic Committeeman of Maine Township was between the incumbent and Richard Wessell.

Because of our feeling that Maine Township needed new vitality and leadership in the Democratic party, we endorsed Mr. Wessell in the belief that he was the only Democrat in the race besides the incumbent.

Since then I have learned that Mayor Blase of Niles is also a candidate for the Democratic Committeeman of Maine Township.

We know from the achievements of Mayor Blase that if he is elected, he obviously would bring to the Township the type of leadership we in U.A.W. would support.

I would like you to discuss this matter with you Membership, have them assess the two (2) candidates' qualifications, and make sure they vote.

To make sure that there is no misunderstanding, we consider Mayor Blase will qualify, and we want the members of our Union in the Township to understand that we as now do not exclusively support any one (1) candidate.

Fraternaly yours,  
Robert Johnston, Director  
Region 4, UAW, AFL-CIO

## Praises Coach

Letter To The Editor:

A couple of weeks ago you ran a picture of the champions in the Morton Grove Park District Wrestling Tourney for grade and Jr. High students.

I think it was noticeable that a high percentage of the winners were from the East Maine Junior High. Without taking away any credit from the boys who did so well as to win (and my son was one of them) it should be recognized that the high percentage from this one school must mean the result of some former, excellent preparation by a physical education coach, Mr. Silverstein.

Mr. Silverstein must give something extra to this coaching of wrestling at East Maine. I appreciate this.

I also appreciated the Park District's putting on this tourney. It was my first encounter with it and it was an exciting event and certainly good for the youth who participated.

Yours sincerely,  
Rev. Louis A. Maple

## S.O.S. Drive Successful

The soap collection drive conducted on May 7th by Cub Pack 45 and Boy Scout Troop 45 of Oak School was very successful. The boys collected approximately 2,000 bars of soap from residents of the Oak School area. The Independent Order of Foresters will ship the soap to Viet Nam where the Third Marine Amphibious Force will distribute it to civilians.

The soap is needed to help prevent diseases and is a priority item there. Our G.I.'s have found villagers more cooperative in United States efforts when they make this good

will gesture.

Cub Scoutmaster Everett Hyken heard of this need and contacted the Independent Order of Foresters who volunteered to ship overseas any soap our boys might collect.

Scouts are shown with the soap collected in our recent service project. The following boys are shown: Dale Lundius, Reid Hyken, Kenn Schneider, Marty Kaiser, Sidney Rothenberg, Mark McAndrew, Larry West, John Kunter, Leonard Patke, Bobby Schendel, John Baron and James Fruhauf.

## "Luv" At Studebaker Theatre

The hilarious Broadway hit comedy called "LUV" has its national touring company on the stage of the Studebaker Theatre, 418 S. Michigan Ave., for a limited engagement.

The laugh riot stars Tom Bosley, Dorothy Loudon and Herbert Edelman in a fast-stepping romp about marital misadventures. It is Author

Murray Schisgal's bonanza break on its initial try in the big-time, and it won for Director Mike Nishols a prized "Tony" award, and rated a similar distinction for Producer Claire Nichtern as "Best Producer of a Broadway Play." Its designer, Oliver Smith, also received a "Tony," sobriquet for the coveted Antionette Perry Award.

Tom Bosley, a Chicagoan, found stage fame and an award in his Broadway portrayal of the late Mayor LeGuardia in the musical hit, "Fiorello!" Dorothy Loudon is well known in stage, film and television appearances. Herbert Edelman received acclaim for his performance as the telephone repairman in the New York production of "Barefoot in the Park."

Evening performances of the comedy smash hit at the Studebaker are given nightly (except Sundays) at 8:30, and there are matinees on Wednesdays and Saturdays at 2:00 p.m.

Best known for her palette knife technique pictures of humorous clowns, Mrs. Porzak specializes in pictures for children. Her subjects vary from clowns and still life, landscapes and seascapes to portraits of animals. The young mother-housewife-artist-teacher has had numerous one-man art exhibits and has won several awards at out-door art fairs in the suburbs and Chicago. Her paintings have been on exhibit in Morton Grove, Park Ridge, Glenview, Niles with the Ridgeview hotel gallery becoming her first exposure in Evanston.

## District 67 Art Show Winners

A 14-year-old Golf Junior High student from Glenview produced the semi-abstract oil adjudged "best of show" in the school's annual student art exhibit.

Among scores of entries in the competition, "The Five Heads" by William Genovese, an eighth-grader, was given the top award as well as "best of oils" rating, by the committee of judges. Done mostly with palette knife, the work is in warm colors, largely reds, and neutrals. It drew critical acclaim at the show for parents and teachers on the evening of the school's spring concert.

William is the son of Mr. and Mrs. Vincent Genovese. His father, a member of the Glenview police department, produces a painting occasionally, too.

Another top honor-earner at the art show was Jori Gracen, of Niles. She won "best of mosaics", "best of figures", the "best independent project" (an eye catching seascape which drew raves), and "best of abstractions".

Other winners, in the show under direction of Golf art teacher Allan Lee Clark, were Glenn Cuzzort, Morton Grove, "best of water-colors" and "best of collage"; John Meyer, Morton Grove, "best of ceramics"; Jane Zari of Glenview and Florence Callero of Morton Grove, "two best of rug-making"; Peter Wyler, of Morton Grove, "best of sculpture"; David Baer, Morton Grove, "best of still-life"; John O'Hara, Morton Grove, "best of landscape"; and Leslie Bahnsen, Morton Grove, "best of crafts." The last is a seventh-grader; all others are eighth graders.

## New Nilesite

A girl, Fradine Lynn, born April 15, to Mr. and Mrs. Lester M. Lampert, of 7135 Greenleaf Ave., Niles; Baby weighed 7 pounds, 6 ounces. Grandparents are Mr. and Mrs. Sam Pernitz, of 9413 Kildare Ave., and Mrs. and Mrs. Seymour Lampert, of 9441 Tripp St., both in Skokie.

TRYING HIS VOCAL CORDS, Bambi's bellow blows his young friends of the forest off balance in this scene from Walt Disney's feature-length animated cartoon, "Bambi," filmed in brilliant color by Technicolor and based on the famed novel by Felix Salten. Opens Friday at Golf Mill Theatre.

## 'Bambi' At Golf Mill

Walt Disney returns to the screen his most spectacular and aromatic feature length animated cartoon, "Bambi," an intensely human and emotional story told in terms of its unforgettable forest creatures.

One of the most endearing cast of cartoon characters ever to emanate from the Disney Studios is led by the hero Bambi, a young deer and Prince of the Forest, who learns that he must fight to win the love he so strongly desires. Then there is the gay and zany Thumper, a cottontail, who just about steals every comedy situation in the show, and a shy little skunk dubbed Flower to complete the stellar trio.

These three delightful cartoon characters become involved with countless other forest creatures such as

Bambi's mother, his father, the Great Stag, his sweetheart, Fa-line, his owl friend, and Ronno, the rival deer.

Filed in brilliant Technicolor, "Bambi" will be part of the double feature program which will also star Don Knotts in the comedy feature, "The Ghost and Mr. Chicken." Don Knotts plays the role of a type-setter on a small town newspaper who daydreams about becoming a reporter. His combination of shyness and forced bravado enable him to display the full range of his laugh provoking ability, with great success.

These two comedy features which provide perfect family entertainment, will start Friday, May 20, with special showtimes on the weekend.

## Maine East Mothers Club Final Meeting May 25

Mothers Club of Maine East high school will hold its final meeting of the school year May 25 in the school auditorium. Organ music by Kim Fischer, a senior, will entertain early arrivals from 7:30 to 8:00 p.m.

Mr. Edward Alde, 1021 Crab Tree Ln., Des Plaines, club president, will conduct the business meeting, which will include brief reports by committee chairman before the principal business of the evening.

Mr. Nicholas Kartinos, 1810 Woodland, Park Ridge, in reporting on the amount of money the club has raised for scholarships to be awarded this year, will share honors with past presidents who have been invited to help memorialize ten years of notable service to the school.

Past presidents who have indicated they will attend include Mr. Jack Hood, first president, 1955-56; Mrs. Henry O. Marcy, III, 1956-57; Mrs. R. W. Garbe, 1957-58; Mrs. Warren Wittbold, 1958-59; Mrs. Kenneth Mackay, 1959-60; Mrs. Sam Fox, 1960-61; Mrs. Dwight Brookens, 1961-62; Mrs. Earl Hoekenga, 1962-63; Mrs. Robert Wogstad, 1963-64; Mrs. George Seidel, 1964-65.

Mrs. Alde will install the new officers, to be announced then.

Reminiscent of the club founding is one of its main purposes, to raise money for scholarships, which developed through realization of the climb in college expenses and the desire to help students in genuine need of help and not getting it from other sources. In ten years, 71 students have received more than \$27,000 in grants. Thirteen students received aid for periods of from two to four years.

As chairman of the scholarship committee, Mrs. Kartinos will reveal the number of stud-

ents and the financial total to be added to this record by grants this year.

The general program will be introduced by Mrs. Charles Fischer, of 2140 Cedar, Glenview. She will present Thomas Thiebaut, United States public health adviser, who will speak on the danger and increase of venereal diseases.

Thiebaut will show a film, "A Quarter Million Teenagers." Mrs. Helen Clauser and Bruno Gates, heads of the girls and boys physical education departments at Maine East, will be present to answer questions concerning sex education in the high school.

Following the general meeting, Mrs. Richard Frederick, 2411 Fontana, Glenview, and Mrs. Charles Johnson, 9024 Ballard Rd., Des Plaines, will have charge of refreshments to be served in the cafeteria by mothers of freshmen.

Importance of the meeting is urged upon the attention of parents of children in the district, including both the parents of incoming freshmen and of alumni, in expectation of a large attendance.

## Deaf Children Unlimited Meet

Deaf Children Unlimited will have its last meeting of the season at 8:00 P.M. on Thursday, May 19th at the Niles Community Church, 7401 Oakton St. in Niles.

Deaf Children Unlimited welcomes anyone interested to attend its meetings or to become a member of the organization, which is affiliated with the Alexander Graham Bell Association for the Deaf, Washington, D.C.
