Wessell Outdistances Bradley

By David Besser

Nick Blase, a Horatio Alger of politics if ever there was one, won his third consecutive election Tuesday, winning the Maine Township committeeman election by about 150 votes.

Blase piled up about 2,500 votes followed by Wessell 150 behind with incumbent Bradley approximately 350 votes short.

Des Plaines publisher, Dick Wessell, who fought Blase down to the wire, conceded the election at 9:55 P.M., Tuesday night.

In a tension-packed headquarters Blase lead in Niles quickly pushed him as high as 700 votes ahead of Wessell. However, during the first two hours after the polls closed, the Park Ridge and Des Plaines precincts had not been recorded. Slowly, the Blase lead began to diminish until it dropped down to a 70 vote lead with four precincts outstanding, one each in Park Ridge, Des Plaines and the unincorporated area, and the Nelson School precinct, which includes Niles and Morton Grove voters. When this precinct "came in" Blase walloped Wessell by 111 to 10 (7 for Bradley). The roar from the 200 assembled Blase fans was deafening, though officially the battle had not ended.

Blase, in the tradition of basketball coach Red Auerbach, lit up a cigar, but he cautiously said he was still not sending up victory signals.

The Wessell phone call congratulating Blase sent the headquarters "up for grabs". Champagne was quaffed from the bottle, as Blase supporters let out their victory howls.

In Wessell's parting speech to his workers he said they lost the fight by 1 1/2 votes per precinct and he then thanked them. He next called Blase and offered his congratulations.

Blase told Wessell, "It was a hard fought fight Dick, and now let's put the pieces together and have a unified party".

Amidst breaking balloons and champagne-imbibing the Blase fans moved to a victory celebration at Bunker Hill Club where booze, hojangles and a belly-dancer spelled victory.

Beats Lerner By 1800 Votes

by Frieda Aron

The votes are in, let the tears fall where they may. Fall they surely did, but then heavy lids and unsmiling eyes are the prerogative of the loser. To the victor go the spoils of the battle, plus left-overs of the defeated incumbent camp.

Ray Krier's campaign headquarters started out with a bit of gloom at the beginning when it looked as if there might be a fight for the vote. As time went on, districts and votes gathered, the morale went up and the almost-never-lost-confidence returned. The majority was a good one—10,000 votes for Krier and 8,200 for his opponent. It was a typical party victory. And off went the workers and candidate to a gala soiree at Krier's Restaurant in Skokie.

Jerome Lerner's campaign headquarters hoped for the best, even though the vote turnout was unusually small and if they pulled in Skokie's vote they could have made it, but that is exactly the amount they lost. They had hoped for 1700 votes from Skokie and they lost the campaign by 1800 votes. Only after Mr. Lerner conceded did he finally go out of his offices for a bite to eat. It had been a grueling day with no respite until it was all over. Sadly, hating to accept the verdict, headquarters darkened at 9:30 P.M., and everyone left for their homes.

It had been a close-knit campaign, workers for both Krier and Lerner tried to outdo each other, side by side. The evening before the election, Krier workers spent hours going through the areas tagging cars and by morning those same cars had retagged for Lerner.

And so Ray Krier remains Niles Township Committeeman for 4 more years!

Warman, Sutker Victors

In the state representative races in the fourth House district incumbent Edward Warman and Skokian Calvin Sutker were winners Tuesday and will face Republican winners incumbent Arthur Simmons and Park Ridge alderman Robert S. Juckett, Sr. In the state Senate race unopposed Republican Bill Carroll who defeated Morton Grovite Louis Johnson, Goldstick previously served in the House.

Teen Dance At St. John Brebeuf June 19

A dance being held June 19 at St. John Brebeuf Church in Niles is uniting the teens of the parish. This dance will last from 7:00 to 11:00. The attire will be neat, casual outfits. The television personalities, the "Shadows of Night", will be featured.

The teens of St. John Brebeuf Parish hope that everyone will tell their friends and join in the project to make it a success.

Section. Felle is also seeking re-election for County Commissioner.

In the state Democratic senatorial primary Philip Goldstick and Louis Johnson are paired against one another for the right to oppose Carroll in the fall. Goldstick previously served in the House of Representatives in Springfield.

In the Representative races incumbent Edward Warman, Robert Latta of Niles, and Calvin Sutker and Michael Levin compete for two openings on the State ticket. The winners will oppose the Republicans in the fall, with 3 candidates being chosen from the 4 Republican and Democratic slating.

Two Republicans will be chosen from four candidates running for this post, incumbent Arthur Simmons, Park Ridge alderman Robert Juckett, Sr., William C. Stevens and Frank McTier seek the 2 openings.

In the race at the top of the ballot Senator Paul Douglas seeks a fourth term rearing unopposed on the Democratic ticket. Candidate Perry seeking his first term is also running unopposed.

St. John Brebeuf—Class Of '66

Continued from Page 1

The class of '66 at St. John Brebeuf High School is a group of 150 students who have completed their education at the school. They are a mix of boys and girls, and many of them are planning to attend college or university. The photograph shows them in a formal setting, likely during a graduation ceremony.

Summer Playground Registration Starts June 20

The Niles Park District Summer Playground program will begin with registration on Monday, June 20, and continue through August 12. On the registration day, the playground activities will actually begin on June 21. A full day supervised playground program will be held at Nico, Gretna Heights, and Oakton Manor parks and at Oak and Ballard School grounds. The program will be open from 9 a.m. to 12 a.m. on Mondays through Fridays with the exception of Monday mornings when staff meetings are held.

Children who have completed kindergarten are invited to participate in the activities for a fee of \$2 for all day. Free children are always encouraged at the playgrounds. All of the new features of the playgrounds are included in the program. Activities include arts and crafts, apparatus, games, sports, and more. The program is designed to provide a safe and fun environment for children during the summer months.

The St. John Brebeuf Holy Name Society will hold their next meeting after the 8:30 A.M. Holy Name Society, Communion Mass, at the parish Hall. A light breakfast will be served.

The highlight of the meeting will be the presentation of the \$2,500.00 by president, Joe Zahn to Monsignor John Fleming. This amount was contributed by the Holy Name Society members and friends for the cross in our new church.

The new officers will be introduced and installed at the end of the meeting.

Library To Start Summer Reading Club

On June 20 the Niles Public Library Summer Reading Club will start its space age project of a reading "Flight to the Sun". Types of books have been grouped so that the reading of each type will lead from one plane to the other and upon completion of the series the reader will have reached the Sun. Membership forms will be available at the library after June 15 and will give the directions for the project. The club is open to all boys and girls from second to eighth grade and completion will require reading of at least ten books before the end of July. A writer report must be made on each book or forms supplied by the library.

Community Couples Club

All couples and guests of the Niles Community Church, 740 Oakton Street, Niles are cordially invited to attend the Couples Club "Old Fashioned Bed Concert & Strawberry Festival" on Saturday, June 11 at 8:00 p.m. in the all-purpose room of the church.

The Couples Club is planning an evening of real old-time fun, music, singing followed by strawberry refreshments. Reservations should be made by June 5 by contacting Mr. and Mrs. S. Receives Honorary Membership
Niles' Mayor Nicholas Blase receives an honorary membership to the Niles Art Guild from Margaret Berles the newly elected president, and the current "Mrs. Niles", at the Guild's recent Installation and Chapter Dinner Dance held at Neptune Restaurant in the Lawrencewood Shopping Center. With the Mayor's encouragement and interest in the Art Guild a \$100 Village Purchase Award was established to be given annually at the Niles Art Guild Fair held in conjunction with the Niles Days Festivities in July.

Also honored on that Charter Night were: Mr. and Mrs. A. Horton, 9001 Grace, Niles, and Mr. Robert Krilick, Lawrencewood, for their outstanding contributions to this community cultural program - the Niles Art Guild.

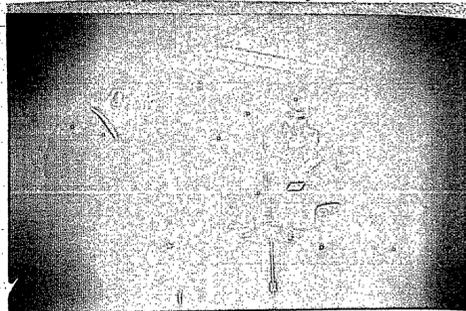

Newly elected officers are: President - Margaret Berles, Vice President - Mike Mores, Treasurer - John Tempera, Secretary - Mary Jane Laurin.

Niles West Students Develop Nature Area
Perhaps an uncommon, but certainly a most practical means for giving value to otherwise unused land on a school campus is to convert it to a nature research center. This is precisely what a group of Niles West Science Seminar students are doing to the 3.2 acres of unused land on the south end of their high school campus. This conversion project, fondly referred to as the "Lake Mannos Project," aims to provide an area which will be used by Seminar students and biology teachers for practical research in the field aspects of the natural sciences and as a demonstration area. Upon completion, this center is to have a lake capable of supporting a fish population, a great variety of small animals, and many types of trees. It will also show a variety of environments.

Although vague dreams of the project existed as far back as four years ago, and a small pond was dug two years, not much was actually accomplished until this spring. Then the Science Seminar, particularly Bob Clemen, Sue Lewis, Tom Torp, Jay Erdman, Steve Rochell, Bill Roberts, Linda Hoff, Ron Peterson, and Larry Hasenberg, began giving their time after school and on weekends to work on the project. With the advice and financial support of the Illinois Conservation Department and the Cook

County Forest Preserves, the students purchased and planted 2000 multiflora roses, 200 red cedar, 200 jack pine, 100 white pine, 100 red pine, and 500 shrubs. The pond, namesake of the project, has also been enlarged.

Maine Twp. Composite Squadron To Purchase Flags

At 1:00 P.M. on Sunday June 19th, the Cadets and Seniors of Maine Township Composite Squadron, Illinois Wing Civil Air Patrol, will begin selling 2400 bars of WORLD'S FINEST Chocolate to raise \$450.00 to purchase squadron flags and tenting equipment.

The campaign will run from June 19th through July 2nd. The squadron commander, Captain Norman K. Laird of Des Plaines, said the members were determined to purchase this equipment before the September training cycle begins.

Each member has been assigned a quota and will be calling upon you shortly to ask you to purchase some of this delicious chocolate to help their worthy project.

Research projects have already been planned or started. Besides keeping growth records of everything planted, records are being kept of mortality rates and comparative growth rates of the multiflora roses planted using various techniques. One proposed project involves the cultivation of a garden plot consisting of cotton, flax, soy beans, mustard, corn, oats, and squash. The products of this garden plot will be used by students in science projects such as the making of plastics from soy beans.

Since the trees take time to grow, and the project will gradually develop, money and advice will be needed for maintenance and expansion. It will be several years before "Lake Mannos" reaches its full potential. The students have been seeking help from the community. Besides the help from the Illinois Conservation Department and the Cook County Forest Preserves, the Lincolnwood and Skokie Garden Clubs, the Skokie Park District, and private individuals have all made contributions.

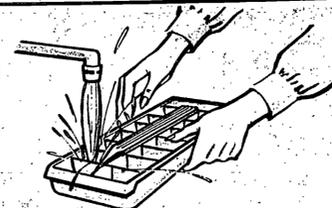

Captain Laird also stated that some of the specific areas to be covered by the members would be Des Plaines, Morton Grove, Niles, Franklin Park, and Northwest Chicago. Many of the squadron members are residents in these areas.

Library Becomes Charter Member Of Dist. #5

At frequent intervals during the past twenty or more years, librarians in the North Cook County area have met to discuss cooperation among neighboring libraries. This is the daily experience of most librarians, and particularly the librarians of smaller institutions. At long last the Niles Public Library is proud to announce that it is a charter member of the North Suburban Library District No. 5.

With the great masses of information and reference material necessary in these days of emphasis on higher education, it is no wonder that most suburban libraries have inadequate resources. The American Library Association has set a minimum of 100,000 volumes for good community book service. Very few communi-

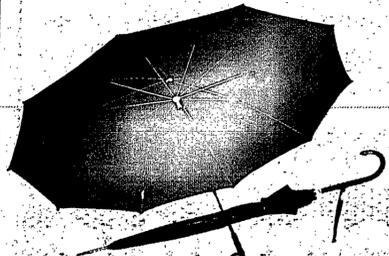

ties under 25,000 are likely to come near to such a number. In addition to books, there are many other library resources—bound magazines, films, records, complete reference collections—which are not available. Until the formulation of System Library No. 5, our Niles students, both in high school and college, were at a disadvantage when seeking library materials needed for class assignments, for our library could not begin to compare in scope to those of Skokie, Park Ridge, Evanston, and other large communities.

Although the North Suburban Library System has just, within the past two months, begun its organizational planning and filing of applications for funds from Springfield, the twenty-two member libraries are hopeful that before the end of 1966 interlibrary loans of reference materials will be a reality. This is another effort of your Niles Library Board to provide ever better service at no additional cost to you.

Cited For Honors At Four Universities

Five alumni of Maine East high school have recently been cited for honors at four universities, according to an announcement from the office of Principal J. J. Clouser.

Holly Dyne Abrams and Brenda Beth Charney of the Class of '65 have been awarded membership in Alpha Lambda Delta, national scholastic honor society for freshman women, at the University of Illinois.

Both girls were members of the student newspaper staff at Maine East, Brenda as managing editor and Holly as assistant. Both earned Illinois state scholarships. Brenda was also a creative writing magazine editor and was elected to Quill and Scroll. She is the daughter of Mr. and Mrs. Lawrence Charney, of 7644 Churchill, Morton Grove.

Holly, the daughter of Mr. and Mrs. Allan Abrams, of 9217 N. Odell, Morton Grove, was elected to National Honor Society as a junior at Maine, and the same year received the science department award. Other affiliations included Sigma Chi Sigma, biology club, geology club, French club, theater club, science seminar, girls chorus, and students of medical science club.

Joel Galante, son of Mr. and Mrs. Joseph Galante, of 8136 N. Oketo, Niles, was initiated into Phi Eta Sigma, national honor society for freshmen men, at the Chicago Circle campus of the University of Illinois.

George Schmitt Completes Combat Training

Marine Private George J. Schmitt, son of Mr. and Mrs. Joseph Schmitt of 8223 Wisner St., Niles, Ill., has completed individual combat training here.

The four-week course included over 200 hours of instruction under simulated combat conditions, covering squad tactics, guerrilla warfare, day and night combat, patrolling and the use of infantry weapons.

His next stop is four weeks of basic specialist training in his military occupational field. Marines to be assigned to infantry units will be taught infantry sub-specialties, such as the machine gun, grenade launcher, rifle or mortar. Marines to be assigned to highly technical specialties will be sent to military technical school.

Leathernecks bound for the Pacific will receive more training when they report to the Staging Battalion at Camp Pendleton, Calif. This training will emphasize jungle warfare, patrolling and civic action based on experience gained in Vietnam.

Garden Club Will Meet June 22

The Garden Club of Niles, will hold its last meeting before the summer recess on Wednesday evening, June 22, at Bunker Hill Club. President Mrs. Raymond Fangrat will call the meeting to order at 7:45 p.m.

After the business meeting Vice President and Program Chairman Mrs. Alfred Geis will present Mrs. John Lindstrum of Easterling. Her program titled "The Gracious Living Hour", encompasses china, silver, linen, etc.

Hostesses for the June meeting will be Mrs. Leon Friedman and Mrs. William Leidner. The Shadow Box arrangement will be done by Mrs. Ernest Vehr, and Horticulture will be discussed by Mrs. Lynn Doud.

On the same evening, the Garden Club of Niles will welcome three new members. They are Mrs. Mabel Larsen of Nordica Street, Mrs. Daniel Mortarty

of Octavia Avenue, and Mrs. Bernard Warych of Oleander Avenue. Each new member will be presented with a pink carnation corsage tied with green ribbon.

In late May, 23 members and friends of the Garden Club had luncheon, and attended the Lincolnshire Home and Garden Show. On June 2, 22 members and friends of the Garden Club toured Sarah Lee Bakery and enjoyed coffee and cake compliments of Sarah Lee. On June 3, many members of the Niles Club attended the Flower Show staged by neighboring Morton Grove Garden Club.

On Saturday, June 11, 24 couples enjoyed a Scotch Doubles Candlelight Bowling Party held at Jack Schaub's Morton Grove Lanes. This party was a Ways and Means project of the Club, and the profit monies netted from same will be used for Civic Beautification of Point Park in Niles.

The Garden Club wishes all a pleasant summer, and keep that "green thumb" working for a more beautiful home and village!

Grandmother's Hold Final Meeting Of Season

Give Dad A Gas Fired Barbecue Grill

A gas-fired barbecue grill and all the gear to go with it may be the answer for what to give Dad as a Father's Day gift on Sunday, June 19. He'll mean it when he says, "It's just what I wanted," if the Father's Day shoppers select equipment best suited to his outdoor cooking needs.

Northern Illinois Gas Company home service director Clarice Dulaney has a few helpful suggestions for selecting Dad's special gift.

Shop around and get acquainted with all the features of the gas grill, she says. Have your local dealer or Nl-Gas home economist demonstrate the appliance. "It turns out perfectly cooked juicy steaks -- rare, medium, well or the fine shadings in between -- mouth watering roasts and a host of other broiled, baked and barbecued foods with speed, ease and safety."

Find out what features are standard on the grill and what optional features are available. For example, Mrs. Dulaney explains, the most distinguished feature of the gas grill is the use of permanent ceramic briquettes, heated by a gas flame, to provide infra-red radiation. This is the fastest cooking method known today. And, she adds, unlike the charcoal-fired grills, proper heating temperature of the briquettes is maintained by a simple control setting for high, medium or low.

The Father's Day grill shoppers will be amazed at the many accessories available for the gas grill. There are motorized rotisseries, hoods, carts, wind shields, attachable work surfaces, and storage cabinets. However, evaluate these accessories in terms of their usefulness, advises Mrs. Dulaney. Some of these features will save time, energy, and may be a wise investment.

Prices for gas grills range from \$49.95 to \$200 with a small additional charge for installation, depending on the location of the gas outlet.

Delight Dad on Father's Day with a gas-fired grill, says Mrs. Dulaney. In turn, he will delight the family with many gourmet menus. Here are recipes from the "Let's Have a Barbecue" booklet, published by the Northern Illinois Gas Company Home Service Department. Dad will have fun trying them on his new gas grill. These booklets are available upon request.

Wins Spanish Contest For Third Time

Janis Jacobson, has won the Chicago Area National Spanish Contest for the third time. The Niles West High School senior has an aptitude for languages and a great interest as well. Having begun her study of Spanish in an enrichment program in junior high school, she skipped a semester when she came to Niles West. She has studied Spanish and French for 4 years and is an outstanding student in both languages.

Miss Jacobson has also won the French Composition Contest sponsored by the French Alliance. An avid reader, she has developed an appreciation for the literature. As an outlet for her literary and creative talent, she has written many selections of poetry in Spanish and French.

This summer, as her National prize for third year Spanish, she will participate in the Experiment in International Living in Mexico. She expects to continue her study of Spanish and French in college and to begin Russian. She will prepare for a teaching career, but hopes to go on to further study in the field of comparative literature.

Seaman Kwasniak Completes Training

Seaman Apprentice Joseph T. Kwasniak, USCG, son of Mr. and Mrs. Mitchell J. Kwasniak of 8918 N. Sherman Rd., Morton Grove, Ill., has completed eight weeks of intensive recruit training here which gave him the skills he will need as a Coast Guardsman. Under the able leadership of veteran petty officers he received training in boatmanship, visual signaling, infantry drill, personal hygiene, history and traditions of the Coast Guard.

Other subjects taught here are seamanship, military courtesies and the essentials of good citizenship, all in preparation for his career in the Coast Guard.

"Angels For Little City" Busy At Work

Already serving in its function to support Little City of Paletine, Illinois, the newly formed Morton Grove "Angels for Little City" is busy at work. The first affair of the summer will be a "Billiards Evening" on Saturday, June 25 from 9-12 at Q-Ball Billiards, 1039 Waukegan Road, Glenview, for members and their guests.

At the "Angels" last meeting, held at the home of Mrs. Beverly Schuhman, 9421 Oliphant, an informative program was presented by Miss Jean Gillespe, Art Therapist at Little City. She showed slides to the membership in order to acquaint them with the facilities and functions of the school. She pointed out that Little City is a residential school housing 90 students from ages 6 to 30. It is the largest non-denominational and non-profit school of its kind in the country.

Mary Schuetz, Olga Ober, Dorothy Lynch, Dorothy Sanders, Katherine Loutsch, Edith Faust, Ida Lemcke, Vi Denmeyer and Rhoda Miller.

Also honored in the ceremonies were Gold Star Mothers Elizabeth Baumhardt, Jennie Coursey and Bertha Ford who were called to their new home.

Two Junior members were also named as departed for the youngsters' group, Nancy Smith and Margaret Gabel both left the Unit.

Gold Star Chairman of the Unit is Mrs. Grover Blesman. Prayers were offered by the Chaplain, Mrs. Jack Bartholmy,

MG Library Plans Summer Reading Program

The Morton Grove Public Library will have two summer reading programs this year. "An Expedition to the North Pole with Winnie-the-Pooh" is the theme of the first program which will begin Monday, June 20, and continue through Saturday, August 20.

To receive credit for reading a book, the child will be asked to give an oral report to a member of the Library staff. These reports may be given any day of the week, Monday through Saturday, 10 a.m. to 5 p.m. and Monday and Tuesday evenings. The child is limited to two reports in a single day. Children completing ten reports will receive a certificate and a list of the books they have read.

Each child will be given an "animal character" which he will move through the Wood.

To be eligible for this program, a child must have completed third grade, and live in Morton Grove or attend a Morton Grove school.

Herbert Ward New Baseball Coach At Maine East

Stepping up to the job of head baseball coach at Maine East high school in September will be Herbert Ward of the present coaching staff. Athletic director Bud Gates announced the appointment this week.

Ward succeeds Steve Zebos, who voluntarily vacated the position and who will remain as a geography teacher in the social studies department. Zebos said that he wanted to devote more time to his activities with the Pittsburgh Pirates, for whom he is a scout.

"Steve is an excellent fundamentalist, just what high school baseball players need," said Ward on accepting the head coaching assignment. "I want to build on what he has given to Maine and help the boys go as far as they possibly can."

Ward pointed out that Maine has always been a baseball school. "Traditionally, other conference teams point for Maine. We have a fine record to uphold and we mean to improve it every way we can."

Ward joined the Maine faculty in 1959. He has been freshman

Election Of Officers To Highlight Post #134 Meeting

The regular meeting of the Morton Grove Post #134, American Legion, will be held at 8 p.m., on Thursday, June 23 at the Memorial Home.

Main business of the evening will be the election of officers for the ensuing year.

A buffet will be served at the conclusion of the evening.

It has been announced that the weekly fish fries sponsored by the Legion Post will be discontinued for the summer once again. The last Friday meal date will be June 24 until fall. The 6-8 p.m. Friday fish fiestas are served at the Legion Memorial Home, 6140 Dempster, with several different entrees offered for both adults and children.

The theme of the second reading program is "Climbing the Humny Tree." This program will consist of five Thursday meetings to be held June 23, July 7, July 21, August 4 and August 18 at 7 p.m. Parents may accompany the children to the June meeting when the program will be fully explained. However, children may register after the June meeting.

Children will be encouraged to read as many books as they can, and to bring a list of the books read to each meeting they attend. At this time, each child will be given an opportunity to tell about one or two of the books on his list. Children are required to attend two meetings in addition to the June meeting to be eligible for a certificate.

Each child will be given a "Winnie-the-Pooh" to climb the Humny Tree.

Children who have completed first and second grades and who live in Morton Grove or attend a Morton Grove school are eligible for this program.

Another Morn'nother Yawn..

by Frieda Aron 966-9669

The National Association of Bankers met recently. The technical aspects of our economic problems bore me. There are only two questions I'm interested in where money is concerned: where is it and how soon can I get my hands on it?

The Bankers Convention revealed that two pilot cities in the country are testing a moneyless, checkless society. Moneyless we have been a long time, it is either all spent or all owed; checks are still in common use, fairly solid with an occasional bounce. The moneyless and checkless society works this way—

Every person has an identification card with a code number. For each purchase made, food, clothes, etc., (a package of gum?) the i.d. card is inserted into a special telephone circuit which transmits the purchase price to a computer in the bank used by both buyer and seller. This computer automatically debits the account of the buyer and credits the account of the merchant. No money has been exchanged, no checks have been written. No human hand has touched the transaction. If the account does not cover the amount of the purchases, an automatic loan is recorded with interest added to the monthly statement.

The fullest meaning of this type of living has not been proved thoroughly by the experimenters. Unrelentingly, the computer has made inroads or made obsolete, various trades and professions and now it attacks the oldest profession in the world—or the second oldest profession. One that is highly specialized, delicately performed, needs perfect coordination and timing and whose versatility increases with practice. The "Pickpocket" will have to give legitimate. Those chumsier pickpockets, wives who rob their husbands' pants pockets every night, will be inconsolable, I'm sure (it takes one to know one).

There seems to be some talk about the computer replacing your doctor. Do we call him "Computer M.D." or "Doctor Computer"? Will the patient recite his complaints into a computer and receive a diagnosis with recommendation for treatment—by another computer? I have only one thought on that matter, and for once I concur with the A.M.A., which says, "Any doctor who can be replaced by a computer deserves to be replaced."

The computer can make burglars and thieves go legitimate too, by using the code system. #356892—Van Gogh, #4356829—new fur coat, #2357—rug on floor, #796520000—color T.V. Put the numbers where the items should be, who's going to walk out of the house with an armful of numbers? How much money can one get for them?

Orchard School Dinner

The Parent group of Orchard School recently held its 9th annual Golden Apple dinner at Lincolnwood Legion Hall, in honor of its volunteers, who are a group of dedicated workers. Also invited were the staff and board members, and their respective husbands and wives. The guests were entertained after dinner by staff, parents, and volunteers, in original skits.

Niles Water Facilities 'A-O.K.' For Summer

After the tornadoes and electrical power failures which affected our surrounding suburbs, on June 9, 1966 many Niles residents wondered if the water would suddenly stop. A few of the surrounding suburbs were without water because there was no electricity to operate the pumps which force water from reservoirs and wells into water mains which lead to homes and buildings.

Because of diligent planning by the Niles Village Board and

the Public Works Department under the supervision of Edward Bacher, Niles would not be faced with the problem of not having water.

In 1961 the Public Works Employees installed a 2000 gallon per minute combination diesel-electric stand-by engine to safeguard against a power failure. The Niles water needs grew with the rapid population expansion and in 1963 the Public Works employees installed a new 4000 gallon per minute stand-by engine.

In the event of a power failure Niles would have a pumping capacity of 6000 G.P.M. to serve the needs of the community and provide water for fire protection.

In 1965 Niles installed a 10" emergency water connection

onto the City of Chicago water main at Albion Avenue and Milwaukee Avenue. During emergency, this connection can be opened and Niles would receive water at direct Chicago pressure into its distribution system by-passing the water reservoir completely.

15 Maine E. Seniors Win Honors

Honors and financial awards went to 15 seniors of Maine Township High School East at a recent special senior honors assembly.

Nicki Lee Maysler, Glenview, was the recipient of two awards, a Mothers club scholarship and the Affiliated Book company award of financial aid.

Four-thousands dollars in total grants went to 10 seniors who received the coveted Mothers club scholarship. Mrs. Peggy Karinos, Park Ridge, as chairman of the club's scholarship committee, made presentations to the following:

Evelyn Sylvia Emanuel, 9117 Emerson, Des Plaines; Gregg Edward Hartnett, Niles; Lois Ellen Kane, Morton Grove; Patricia Ann Kent, 1730 Potter, Park Ridge.

Also receiving the same award: Bonnie Gale Klein, 10128 Crawford, Des Plaines; Nicki Lee Maysler, Beth Ellen Robbins, Morton Grove; Joseph Nathan Rosen, Morton Grove; Barbara Szot, Niles, and Nancy Telesnicki, Niles.

Laurie Ann Davies, Park Ridge, received the good citizen award of the D.A.R., presented by Mrs. Connie L. Peterson.

The Constitution awards, annually presented by the Mel Tierney post of the American Legion, Park Ridge, were rendered by Norman J. Kirby, social studies department chairman at East, to Alan George Kampe, 9103 parkside dr., Des Plaines; and Judith Ann Kuppy, Park Ridge.

Mitchell Ray Adams, East sports star and 1965-66 basketball captain, received the Samuel C. Marzullo achievement award from the hands of the man to which the award is a memorial.

See Recount In E. Maine Park Vote

The BUGLE has learned that the official canvass or recap of votes in the June 4 Golf Maine Park District referendum, which included the election of five park district commissioners, will be made official this coming Wednesday by Circuit court Judge Thaddeus Adesko.

The unofficial completed canvass shows that Stanley Kravetz is only one vote ahead of Flore Pennacchio for the fifth seat on the board. In the referendum that overwhelmingly approved incorporation of the park district by a 998-107 vote, the following apparently have been elected to the board for staggered, non-paying terms:

Marlene Weingarten-826, Larry Taltel-812, Joel Ward-771, Shaeffer-661 and Kravetz-595. Apparently unsuccessful candidates are Pennacchio-594, Marvin Glickman-587 and Albert Goranson-587.

Pennacchio has not been available for comment upon whether or not he will seek a recount of the votes once the canvass has been made official. According to law, a recount may be demanded within 30 days following the official announcement by the court of completion of the canvass. If a recount is not held within the 30-day period, the canvass is final.

Niles Hi Experimental Program

Niles Township High School District No. 219 is offering in connection with its 1966 summer session an experimental program aimed at improving students' basic educational skills and their attitudes toward school. The students for whom the program is intended perform below their capabilities in the basic educational skills of reading, writing and mathematics. These inadequacies are one cause for negative feelings toward school, for poor motivation, and often for distrust of those in authority.

The hoped for results of this project will be increased skills in reading, in language arts and in mathematics. These results will be sought through instruction on virtually a tutorial basis and through giving students many opportunities for success.

In order to improve the motivation of these children instruction will be centered around a series of experiences in four areas of study; natural phenomena of the inland lake, the citizen in Niles Township, American industry, and culture in Chicagoland. The use of basic skills will grow naturally from the subject matter.

The program will offer students much personal attention from a staff with diversity of skills and interests. Classroom teachers will be from the subject areas of English, social studies, science, math, and industrial arts. A reading specialist, counselors, and school psychologists will work with the program.

This staffing will permit teams of teachers and specialists to work with small groups of students. The plan is that four teams will work, each with a group of students, in roughly two week blocks of time. Each group of students will move from team to team through the summer session.

Students who participate through the summer session, June 21 through August 9, will earn two credits toward graduation. Students who are presently freshmen in high schools will have priority in admission to the program. There will be no tuition charge for the program which is open to Niles Township residents only. If the students need bus service to attend summer school, it will be provided at no charge.

Information about the program has been sent to administrators of area parochial and private high schools which enroll residents of Niles township. Parents who believe their youngsters might benefit from the type of program being offered are invited to call Mr. Tom Grossman, Dr. Robert Nejedlo, and Dr. Dorothy Nielsen at YO 6-3800.

Tells Need For Maine East Educational Fund Raise

Why do Maine Township High Schools need more money for the Educational Fund? How will the tax increase being voted on in Maine Township for the Educational Fund affect your taxes? How do the salaries of Maine Township High School teachers compare with other districts? How good are our schools? Do the teachers really earn their pay? How does the cost of educating our pupils compare with costs in comparable high schools in the County?

These are only a few of the many questions bombarding the Maine Township High School District No. 207 Board of Education in the wake of its announcement on May 21 of a tax increase referendum.

"The Board," says its President, John W. Wilkins, "welcomes all questions of township citizens and will do its best to answer them."

The tax increase of 2 1/4, he added, is needed because:

1. Surveys show by 1970 student enrollments will increase from the present 8,600 students to 12,000.

2. Higher costs for materials and equipment and teachers' salaries required to care for the student population explosion.

Wilkins listed some of the major questions being asked along with the answers:

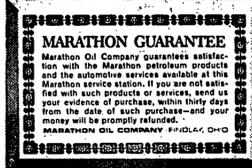

Q. WHAT IS THE FINANCIAL CONDITION OF MAINE TOWNSHIP HIGH SCHOOLS?

A. Year-end balances show the following deficit:

June 30, 1965	\$318,697.80
1965-66 Operations (est.)	680,999.34
June 30, 1966 (est.)	998,697.14

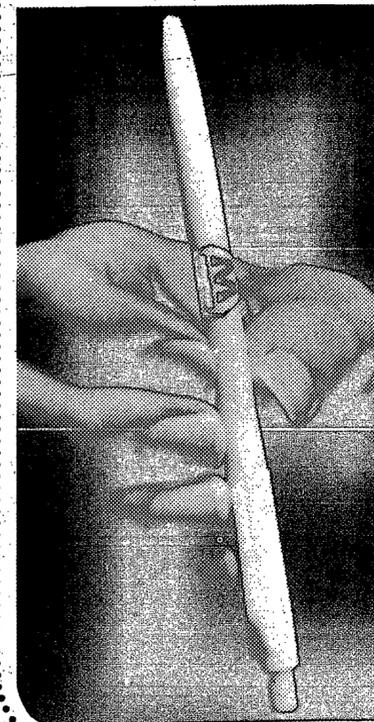

Q. WHEN DID DEFICIT FINANCING BEGIN? HOW? AND WHY?

Educational Fund Raise

continued from page 13

A. In 1960-61 the Board of Education had to borrow \$1 million, issuing interest-bearing tax warrants. In 1964-65, the Board sought a 2 1/2% increase in the educational tax rate, to eliminate the deficit. But on the advice of a citizens' committee, the Board instead asked for (and received by popular vote) a 1 1/2% increase, with the understanding that the Board was to make a second request at the time that more money would be needed.

Q. ARE THE MAINE HIGH SCHOOLS GROWING?

A. Yes, they are. Here is the story of comparative growth:

Growth in High School Enrollment:

Year	Student Enrollment
1945-46	1805
1955-56	2977
1965-66	8593

Year	Estimated
1966-67	9377
1967-68	10248
1968-69	10995
1969-70	11581
1974-75	13464

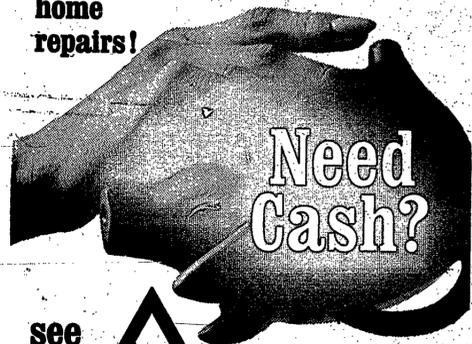

Q. WHAT IS THE SALARY STATUS OF MAINE TEACHERS?

A. All salaries are going up. Inflation and competition are important factors. We are faced with the fact that many good teachers are seeking higher salaries paid in other schools.

Maine must hire more teachers each year and must continue to pay competitive salaries.

The average teacher's salary for 1964-65 was \$8,752.00; for 1965-66, \$8,973.70.

Q. ARE MAINE TEACHERS WELL-PREPARED?

A. The Maine High Schools attempt to employ only those teachers who are able and ambitious, well-prepared, and professionally minded. The fact that the schools are successful in doing this is reflected in the preparation of the staff. This year:

a. 32.5% of the staff (164) hold the Bachelor's degree.

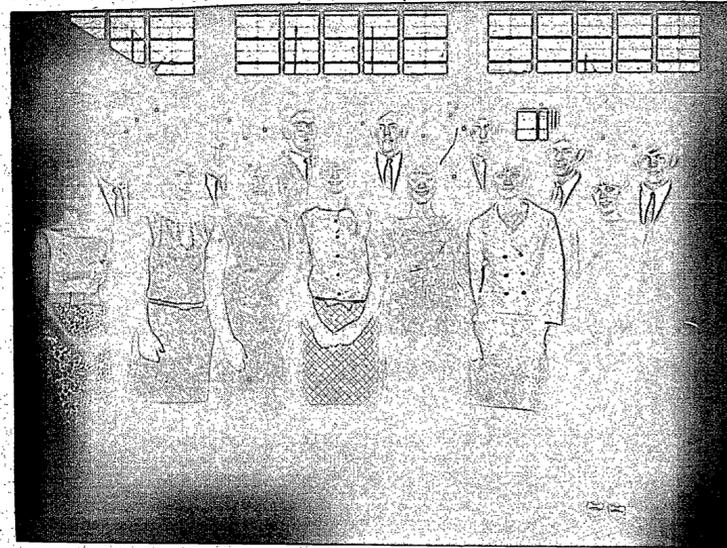

b. 41.3% of the staff (208) hold the Master's degree.

c. 22% of the staff (111) have a year's work beyond the Master's degree.

d. 4.2% of the staff (21) have two year's work beyond the Master's degree.

Q. DO TEACHERS TEND TO REMAIN IN THE TOWNSHIP HIGH SCHOOLS?

A. Yes, Each year, the suburban schools of Cook County suffer about a 12 percent turnover. In the Maine High Schools

Brown, Park Ridge; Beverly Hill, Glenview; Nancy Dean, Park Ridge; Laurie Davis, Park Ridge; and Tina Wolfer, Park Ridge.

only approximately 7 percent of the staff leave each year.

Q. WHAT IS THE TEACHING LOAD IN THE MAINE HIGH SCHOOLS?

A. At the present time the normal assignment for Maine teachers includes five classes and one additional assignment such as study hall or cafeteria supervision. Some teachers, such as physical education and those with laboratory assignments, teach six classes. With an eight period day, the teacher then has one period (45 minutes) for lunch and one period for student conferences and classroom preparation. The Maine teaching load is regulated by standards set forth by the Office of the Superintendent of Public Instruction and the North Central Association.

Q. WHAT IS THE AVERAGE CLASS SIZE IN THE MAINE HIGH SCHOOLS?

A. The average class size in the three Maine High Schools is 27.

Q. DOES DISTRICT NO. 207 HAVE QUALITY SCHOOLS?

A. Maine has three fine high schools—Maine East, Maine South, and Maine West.

The Geneva, Illinois, survey of 1959 placed Maine among the top 44 high schools of the nation.

Dr. Gordon Cawelti, the executive secretary of the North Central Association of Colleges

and Secondary Schools, says: "Maine Township High Schools are among the top 10 percent of the North Central Association."

Q. DO THE MAINE HIGH SCHOOLS MEET THE NEEDS OF ALL THE CHILDREN OF ALL THE PEOPLE?

A. The Maine High Schools have a highly diversified curriculum planned to meet the needs of all youth. Presently the three high schools offer 202 courses.

Q. DO THE MAINE HIGH SCHOOLS HAVE A LOW DROPOUT RATE?

A. Yes, Maine High Schools have a low dropout rate. Merlin W. Schultz, District No. 207 Coordinator of Guidance, states that—"Students from all three high schools distinguish themselves in nationwide testing programs compared to national averages. Our extremely low dropout rate of 2.4 percent, compared with the national average of 30 percent, indicates the strong holding power of our school system. More than 70% of Maine graduates go on to college.

Q. DO MAINE STUDENTS RECEIVE SCHOLARSHIPS?

A. Each year a number of the district's students are given scholarships. For example, this year 157 Maine Students were awarded Illinois State Scholarships. Last year Maine had 21 National Merit Scholarship Semi-finalists. Colleges

and universities from coast to coast award scholarships to seniors from the three Maine High Schools.

Q. ARE THE ADULT EVENING SCHOOLS A SIGNIFICANT PART OF THE TOTAL SCHOOL OPERATION?

A. They most certainly are. Adult education in Maine Township has become an integral part of community and family life and offers a mature approach to many everyday problems. During the current school year more than 13,000 people participated in activities sponsored by the Maine Adult Evening Schools. They pay for themselves, however, at no cost to the taxpayer.

Q. WHAT IS THE PERCENTAGE OF PAROCHIAL SCHOOL STUDENTS (LUTHERAN AND ROMAN CATHOLIC) ATTENDING THE MAINE HIGH SCHOOLS?

A. At the present time (1965-66) approximately 25% of incoming freshmen have attended parochial elementary schools. In 1960-61, approximately 13% of incoming freshmen attended parochial elementary schools.

Q. CAN'T THIS REQUEST FOR A TAX RATE INCREASE BE POSTPONED?

A. The children cannot wait. More teachers are required for increasing enrollments—up 900 this fall.

Q. WHAT WILL THE 2 1/2% INCREASE ACCOMPLISH?

A. 1. It will provide the teachers needed for growing enrollments.

2. It will keep the teachers' salaries competitive.

3. It will save the interest on tax warrants.

4. It will put our schools on a pay-as-you-go basis.

It is not a bond issue for a new building.

Q. WHAT CAN HAPPEN IF THE INCREASE IS NOT GRANTED?

A. 1. By June 30, 1967, the deficit will have grown to \$1,500,000.

2. THAT is principal—on which interest will have to be paid, by borrowing more money

continued on page 15

Maine Fund Increase

continued from page 14

on tax warrants.

3. There will be more students and relatively fewer teachers, which will increase student failures and raise the dropout rate. We will have trouble holding on to our fine staff of teachers.

4. Other changes most likely will be curtailed programs and boundary changes.

Q. HOW MUCH WILL THIS COST ME?

A. If your home is valued at \$15,000, it is usually assessed at \$5,250 to \$6,000, and the 2 1/2% increase will cost between \$11.00 and \$12.60 a year.

If your home is valued at \$20,000, it is usually assessed at \$7,000 to \$8,000, and the 2 1/2% increase will cost between \$14.70 and \$16.80 a year.

If your home is valued at \$25,000, it is usually assessed at \$8,750 to \$10,000, and the 2 1/2% increase will cost between \$18.37 and \$21.00 a year.

If your home is valued at \$30,000, it is usually assessed at \$10,500 to \$12,000, and the 2 1/2% increase will cost between \$22.05 and \$25.20 a year.

Q. HOW LONG WILL THIS 2 1/2% INCREASE LAST?

A. It is impossible to answer this question because money available for school operations depends upon the total assessed valuation of all property in the school district. If the assessed valuation goes up, the amount of money available to operate schools goes up; if the property valuation goes down, the tax rate must go up to bring the same revenue.

The Board of Education plans to continue its basic philosophy and practice of economy in high school operations. NO promise can be made as long as the number of students keeps growing and the costs of operating any business keep rising.

Q. HOW DOES THE COST OF EDUCATION IN MAINE TOWNSHIP HIGH SCHOOLS COMPARE WITH THOSE IN NEIGHBORING HIGH SCHOOLS?

A. Maine's cost per pupil (most of which goes for salaries) ranks eleventh among the 28 suburban area high school districts in Cook County according to figures released recently by the Cook County Superintendent of Schools. Our schools are NOT luxury schools.

Q. DON'T THE SCHOOLS ALREADY TAKE MOST OF MY TAXES? WHY SHOULD I PAY MORE?

A. Any average citizen of Maine Township who stops to figure it out will realize that the schools receive only a small proportion of the total amount of taxes he pays. If he adds up federal income tax, sales tax, utility tax, use tax, license fees, and other hidden taxes, he will probably find that less than ten percent of his taxes go to support and benefit the most precious investment he and the community have—their children.

Q. WHEN CAN PEOPLE VOTE?

A. Saturday, June 25, 1966, from 9 a.m. until 7 p.m.

Q. WHERE CAN PEOPLE VOTE?

A. At the voting center nearest you, usually the neighborhood public schools.

Q. WHO CAN VOTE?

A. Any person 21 years of age and over, who has lived in Illinois one year or more, Cook County for 90 days or more, and in Maine

Township for 30 days or more, and is a registered voter.

Renters, as well as home owners, are eligible to vote if they meet the above requirements.

Q. TECHNICALLY, WHAT ARE WE VOTING ON?

A. You will vote on the increase of the Educational Fund levy ceiling of Township High School District No. 207 by 2 1/2% from the present rate of \$1.21 to \$1.42 per \$100 of assessed valuation. (This is ordinarily from 35% to 40% of the sales value of your property, based on estimates of percentages by the office of Milton H. Tuttle, Tax Collector.)

The superintendent said that

File For Junior College Aid

Residents of Maine Township High School District No. 207 who qualify for admission and wish to receive financial support from the school district to attend a recognized public junior college in Illinois must file a notification of intent to attend such a college with the No. 207 Board of Education on or before July 1, 1966, according to Dr. Earle W. Wiltse, Superintendent of Schools.

Dr. Wiltse stated that under the provisions of the Public Junior College Act (House Bill 1710) residents of the Maine Township High School District are eligible to have part of their tuition paid by the high school district if they attend a recognized public junior college in Illinois.

The superintendent said that

the amount of tuition to be paid by District No. 207 will be the per capita cost at the junior attended less the rate of state apportionment and less any tuition charged directly to the student. He indicated that this might amount to \$400 - \$500 per student per year.

"Ten Commandments" Held Over At Golf Mill

Cecil B. De Mille's production of "The Ten Commandments" is being held over at the Golf Mill Theatre. The

monumental dramatization of the life of Moses marks the first time in history that a Biblical film story has ever been given the majesty and meaning of authentic Biblical settings.

Filmed in Technicolor, scenes from the spectacle were shot on the Sinai Peninsula, and on the slopes of Mt. Sinai in the very places where the Scriptures tell us that Moses saw the Burning Bush and Heard the voice of God.

The epic scenes from the film, starring Charlton Heston, Yul Brynner, Anne Baxter, and Edward G. Robinson, include: the Terror of the Plagues, the building of the great ancient city, the Exodus, the most massive motion picture sequence ever filmed, the pillar of fire, and the Parting of the Red Sea.

The "Ten Commandments," will be shown on the Golf Mill Theatre screen three times on Friday, Saturday, and Sunday, and only twice on the week days.

Coming to Golf Mill on June 24, will be the new and exciting James Bond movie starring Sean Connery as 007 in "Thunderball."

LETTERS TO THE EDITOR

Disagrees On TAM Situation

Dear Mr. Besser,
Again I must say I disagree with you on the Tam O'Shanter situation. I see the Village Board has managed to confuse you with figures and graphs. In one breath they manage to say that taxes in Niles are lower than all surrounding areas and in the next breath they can say we can't afford to raise taxes.

I am surrounded by factories on Milwaukee Avenue; Touhy and Harlem. I've seen factories in the last sixteen years come from Central and Touhy west to Caldwell and from Oakton and Central west to Caldwell, and I am sick and tired of politicians who live nowhere near this area telling us they are keeping our taxes down by loading our roads with a heavy volume of trucks and other traffic.

When I first moved to Niles, I had visions of living in a residential village where there would be ample room to walk and play. In the morning there are times when it takes five minutes to get out onto the main street and even then your life is at stake.

Is this the kind of life I fought to support in World War II?

Mr. Besser, I would still like you to find out how much Niles had to shell out for those lights on Milwaukee Avenue and now on Waukegan Road. After you read these figures let me know if Niles could not have afforded Tam O'Shanter. We are constantly put in a position where we need factories to keep taxes down. Why? To win All American Awards?

We could use some lights on the side streets; and we still have a lake on our street every time we have a heavy rain. If the people hadn't installed overhead sewers and shut-off valves we would still have flooding basements.

You know the Lord has given most of us five good senses to see, to hear, to taste, to smell, and to feel. Do you think it is better for us to SEE factories and more traffic, or a golf course large enough to keep factories and high rises away? Do you think it is better to HEAR the rumble of trucks and factories, or the noise of children of all ages enjoying themselves? Do you

think you would like to SMELL the smoke of factories and trucks or of green grass and plants and a place for small animals? Do you FEEL that recreation should pay for itself, or should we use the All American way and raise taxes (we don't hesitate for education, police, fire, etc.) And taste. If the Park District is forced by industrialists to take the forty acres, it should leave a bad taste in everyone's mouth who supported it.

In our unholy war to save a few dollars we forget about the country that men have died for. Thank God for men like Steve Chamerski, Lou Schreiner, George Sieverson, Marion Clepley, and others like them who are more interested in the people than in making deals. They may not make good politicians but they have a better reward.

Laddie Zelinsky
7327 Nora Avenue

P.S. Recently a group in the upper lakes region purchased a 300 mile long railroad that was abandoned, and converted it into a 300 mile bicycle path. In Niles, lately referred to as the All American City, we can't even afford Tam O'Shanter.

Thanks Police, Public Works Dept.

My family and I wish to thank our neighbors, friends, the Niles Public Works Dept, and the Niles Police Dept, for their kind deeds and sympathies at the time of my mother's death (May 23). Their thoughtfulness during our bereavement shall never be forgotten.

Sincerely,
Robert E. Komar

Publicity Thanks

Dear Mr. Editor:
We, the Niles Grandmothers Club, Chapter #699, wish to thank you for the splendid cooperation of publicity for our recent, very successful, Card and Games Party.

We are fully convinced it was thru the medium of your newspaper that our Hall was filled to an overflowing crowd.

Our sincerest praises to you, may your News continue to keep us well informed of all the nice community activities. Again we say "Thank you."
