First O' The Month Meanderings

We were most pleased by the many phone calls we received complimenting the new column, Book Muse, which ran for the first time last week. It was a very literate column, and is the forerunner to several new columns we are going to publish in the coming weeks. We have long been suspect readers of local newspapers are getting tired of the same old pabulum they read week after week in the very dull local press. We expect to be innovating in several directions in the near future.

Way back in 1959, Niles trustee Ken Scheel sought a trustee's chair by vying for the post as an independent candidate. While Scheel piled up an amazing 1200 votes he was about 500 votes under the margin needed for election. Subsequently, Scheel ran again in 1961 and led the New Era ticket with the highest number of votes ever given to a trustee candidate.

Last week it was pointed out to us one of the many problems of the independent candidate who bucks an established ticket. Assuming he only competes with one ticket, if the votes were distributed equally, he could receive 75 votes out of every 100 cast and still be tied with the candidates on the competing ticket. While he received his 75 votes two additional votes would go to the ticket. Thus, 150 votes divided among the other 3 candidates would net them 50 votes. Add 25 of the remaining 100 votes for a straight ticket vote and the four candidates would all have 75 votes. A 75% support from the electorate would not be sufficient to get the elected.

When you consider the ticket's candidates each have three sets of friends or hangers-on who'll go out and ring doorbells and generally plug for their candidate, the problems of the independent candidate become increasingly magnified. You can readily see a good guy with the right color hat has an uphill battle which is most precarious politically.

In Niles Mayor-committeeman Nick Blase had about 150 people jammed into his campaign quarters on the night he won the committeeman race. If only one-third of this group were from Niles it would mean an organization of 50 bell-ringers who can certainly garner 1,000 votes. Since the one announced organized ticket includes Blasen, Berkowsky and Marchesch, it can be assumed they're 1,000 votes ahead of any potential candidates who may soon announce their intentions.

Back in 1961, it was Blase himself who attacked the opposition for their ties with outside political machines and left no doubt he was against bloc politicking, and the evils of controlled politics in local elections. Today, Blase has created the very evil he campaigned against.

In our Simon Pure bid to always seek the best candidate.

THE BUGLE

8139 Milwaukee Ave. serving the village of Niles
 966-3910 VOL. 10 NO. 33 THE BUGLE, THURSDAY, FEBRUARY 9, 1967 10¢ PER COPY

THERE'S NO BUSINESS LIKE SNOW BUSINESS

Niles Wins Battle Of The Big Snow

The Village of Niles has won the battle of the Big Snow of '67 though the fight was prolonged by Sunday's 7 inch barrage which upped the total snowfall to 34 inches for the 10 day period thru last Sunday.

The 7 inch snow curtain call resulted in the Public Works Department re-hiring two Hough tractors which combined with 13 trucks with snowplows to keep Niles streets clear. The grader used to push the snow off the streets was discontinued when too many driveways were being blocked by its use.

The PW Department noted dedicated alleys which are maintained by the village have all been cleared. However, there will be no alley-pick-up of garbage.

Betty Bacher of the PW Department said private alleys are not cleared by the village but are maintained by landlords.

Twenty-five workers in the PW Department have been working on the snow problems the past two weeks and Betty noted only one worker has been working in another area, repairing water meter leaks. In addition to the regular work day a few of the workers have also been working the 6 P.M. to midnite shift.

The greatest problem of snow clearance has still been hampered by autos blocking the streets. On one street, Nordica, it was reported residents have been indifferent to helping the village with this problem. In Chesterfield Gardens residents have been extremely co-operative moving their cars voluntarily from one side of the street and then to the other side enabling snow clearance equipment to complete its job.

Oak Street is another area which was reported residents have been less than co-operative.

Police Chief "Whitey" Emrikson said tickets were issued on cars which were in snow location, hampering snow clearance, Washington Street north

Troop 175 Observes Boy Scout Week

St. John Brebeuf Boy Scout Troop #175 observe the 57th anniversary of the founding of the Boy Scouts of America which occurs on Tuesday, February 7, 1967.

Pictured are: Bill Feid, Troop 175 Boy Scouts;

Walter Schuster, Troop 275 Boy Scouts; Richard Lamermayer, Pack 175 Cub Scouts; Jack Jensen, Pack 275 Cub Scouts; Tom Feid, Troop 175 Boy Scout; Terry Rosienski, Troop 175 Cub Scout; Richard J. Lamermayer, Pack 175 Cub Scout; and Charles W. Jensen, Pack 275 Cub Scout.

Boy Scout Proclamation Lions Husbands & Wives Bowling Tourney

Whereas the 57th anniversary of the founding of the Boy Scouts of America occurs on Tuesday, February 7, 1967; and

Whereas more than 42 million boys and men have benefited from its educational program since its beginning in 1910; and

Whereas the MAINE-RIDGE DISTRICT, Northwest Suburban Council of the Boy Scouts of America successfully carries out the Scout program in this area through the 370 religious, school, civic and other community organizations that are chartered to use the Scout program; and

Whereas the Boy Scout movement has proved itself as a great force for the youth of the United States by encouraging the ability of boys to do things for themselves and others, by training them in Scoutcraft, and by teaching them patriotism, courage, self-reliance, and kindred virtues; and

Whereas the Boy Scouts of America is a part of a world brotherhood which numbers more than 10 million and will serve as host this year to Scouts from nearly 100 other countries of the free world; Now, therefore, be it

RESOLVED, That I, Nicholas Blase of Niles in the State of Illinois, do hereby proclaim the week of February 7 to 13 as Boy Scout Week and Wednesday, February 8, as Boy Scout Anniversary Day - with the theme SCOUTING ROUNDS A GUY OUT and be it further

RESOLVED, That our citizens recognize the dedicated and devoted service being performed for our community by volunteer Scout leaders and express our appreciation to the institutions using the Scout program for the benefit of the youth of our community.

Mayor of Niles

To make new friends and promote real fellowship, the Lions club of Niles invites couples to enter their annual Husbands and Wives Bowling tournament to be held February 18 at Niles Bowling Center, 7333 Milwaukee, Niles, at 9 p.m.

Bowling will be with handicap, so it matters not if you are a strike, spare or gutter bowler, you have an equal chance to share in the prizes, trophies and fun. The cost per couple will be \$9.00 and sandwiches, cake and coffee will be served after games. Contact your friends and form teams if you wish, but get your reservations in early by contacting Grace Theis, 967-8826 or Charlotte Hoppe, 647-9837. All couples are welcome, married or single.

The Big Snow

Continued from Page 1

of Dempster was "quite a mess" according to the police chief, and residents going to their cars Wednesday morning found tickets attached to them. He also noted north Milwaukee Avenue was also creating "large problems" by parked cars, which were parked too far into the street.

Niles Fire Department placed 200 stakes with red tops by fire plugs and asked residents to keep all hydrants shoveled free from snow. The NFD also noted Nilesites have been parking by fire plugs and asked the plugs be kept clear of cars as well as snow. Radio station WIND reported the red topped stakes used by the department is typical of the innovations created first by Niles crack fire fighters.

From the Mayor's office no big problems were reported. The avalanche of telephone calls has stopped and only a "couple of letters" were received regarding specific problems endured by the snow.

Carol Court residents reported cars from other areas were parked there as the major complaint there.

Lastly, anonymous letters were received this week by THE BUGLE. Unless letters include signatures they

will not be published. If writers request their signature not be published the request will be respected but all letters must identify the writer.

LGH Nursing School Plans Open House

Students interested in a career in nursing are invited to attend an open house at the Lutheran General and Deaconess Hospitals School of Nursing in Park Ridge on Saturday, Feb. 18.

Registration will begin at 9:30 a.m. in the lobby of the school just east of Lutheran General Hospital. A tour of Lutheran General Hospital will follow at 9:45 a.m. Miss Erna Rueggeberg, associate director of nursing education, will speak on "Preparation for Opportunities in Nursing," followed by a question and answer period.

"This program will provide an excellent opportunity for students to obtain information about a career in nursing and this school of nursing," Miss Rueggeberg said. "Faculty members will be present and nursing students will conduct the tours."

Woman's Club Installs New Members

Mrs. Timothy Hanrahan far left and Mrs. William Egan far right, congratulate seven new members of the Woman's Club of Niles who were installed at last month's meeting. They are from l. to r.: Mrs. Edward Sierzega, Mrs. Robert Wyda, Mrs. Vincent Bugarin, Mrs. James Hecky, Mrs. George Sipusich, Mrs. Todd Bavaro and Mrs. Anthony Hubick.

Vote On Maine Twp. Bond Referendum March 11

Maine Township residents will be asked to approve a bond referendum of \$15,000,000 to renovate and expand the district's three high schools and construct Maine North. The date set is Saturday, March 11, 1967.

Target dates for the renovation and additions to Maine East, Maine South, and Maine West by 1968 and construction of Maine North were acted upon by the school board of Maine Township High School District 207 at the Monday, January 16 meeting. This important decision was given to the need for increased facilities to meet burgeoning enrollments in the district's public and parochial schools as well as constructive opinions voiced at an open meeting held at Maine South on January 12, and an intensive evaluation of the needs of the total district. The board feels confident that given the authority to sell these bonds they can plan for the building needs of the area for the foreseeable future.

Action was taken by the board on a fourfold basis. Plans will immediately be drawn up by the firm of McCaughey, Erickson, Kristmann & Stillwag, Inc. of

Park Ridge, and contracts will be let for new classrooms to be added prior to September, 1967 at Maine East. The bond referendum before the people March 11 will provide for the expansion and renovation of the three existing high schools—Maine East, Maine South, and Maine West—by the opening of school in 1968 when an estimated 11,195 students will be at the doors. Then by 1970 the board hopes to have at least a partial facility ready on the Maine North site which would allow the students of the district to pursue their education without being on a half day schedule.

The fourth item approved was to ask the voters for a 6¢ increase in the Building Fund, Custodial service and maintenance costs for the school are paid from this fund.

The exact wording of the bond issue will be decided after legal opinions have been received. The school board will be asking the voters to allocate \$6,838,000 for renovations and additions. The breakdown of this amount included \$1,350,000 for Maine South, \$1,850,000 for Maine West, and \$2,888,000 for Maine East, plus \$750,000 to equip the expansions. This brings Maine

East to 4,500 capacity.

The school board will also be asking for \$8,000,000 for the development of Maine Township High School North.

Mr. Stanley Orsi, member of the board from Des Plaines and chairman of the Building and Grounds Committee, says, "Approval of this amount will allow the school board to start Maine North early enough to really plan with the architects in conjunction with the department heads and the school administration. It is difficult to plan efficiently when the threat of double shifts is over your head." He further states, "If we wait to ask for money for Maine North we will be into another crisis."

Mr. John Wilkins of Des Plaines, President of the school board of District 207, explained that the bonds for Maine North would not necessarily be sold immediately. He went on to say that by providing funds for Maine North now a real savings can be made by the taxpayers not only in avoiding repeated election costs and inflationary construction costs but such action will also allow the board some freedom to program the sale of bonds in accord with the market.

With an increase in student enrollment of approximately 1,000 per year, and the second largest high school population in the suburban area, Maine Township anticipates a saturation peak enrollment by 1975 in the neighborhood of 14,000 students. However, before the vote was taken as to whether Maine East should be expanded to 4,500 or to 3,500, Mr. William Newport, school board member of Des Plaines, asked Dr. Richard Short, superintendent of District 207, to spell out the projected population statistics compiled by the administration of the district.

Dr. Short stated, "In 1967-1968 we will have a total of 10,440 students. We can handle that number at all three high schools on a 9 period day with the proposed classrooms added to Maine East. By 1968-1969 we will have 11,955 students. Maine East will be at 4,479, Maine West at 3,547, and Maine South at 3,169. Maine East would have 400-500 students beyond what they can handle. Maine South could serve these students in terms of capacity continued on page 18

"Operation Snowdrift"

As always occurs during major disasters, many individuals remain nameless and receive no public thanks for their personal efforts in helping others in need.

The "Blizzard of January 1967", as it will be referred to in the record books, and which almost caused the Chicago area to be considered a "Disaster Area", provided an opportunity for two Public Agencies in our Village to display working cooperation for the benefit of all Niles.

The Niles Park District was specifically assigned by the Village, to open up the Grennan Heights area, from Harlem Avenue to Milwaukee Avenue, and from Oakton Street to Main, while the Public Works Department of Niles would concentrate on the main thoroughfares.

This joint effort, which was accomplished under extremely difficult conditions, helped to clear and make reasonably passable, many of the snow-covered and obstructed streets in our Village.

The Niles Park District commends the Public Works Department for the tremendous effort put forth in meeting and overcoming many obstacles, enabling the residents of Niles to resume a partial semblance of normalcy during a very trying week.

In line with deserving recognition, the Maintenance Department of the Niles Park District, under the capable supervision of Commissioner Louis A. Schreiner, pitched in with all available equipment to assist in clearing many snow-clogged streets. Commissioner Schreiner and his small crew of "snow men", spent long hours and labored diligently, plowing, towing stranded autos from snow drifts and clearing

parking space at various Park District locations.

The "snow men" mentioned above, who worked along side of Commissioner Louis A. Schreiner, are: Joe Briski, Ray Becker and Ed Haschak. These are the men, the backbone of your Park District Maintenance Department who deserve a pat on the back and a hearty "THANKS" for a job well done. With personnel like this, should another Blizzard occur, Niles won't be isolated for too long a time.

V-Show Rehearsal To Benefit Mothers' Club

The dress rehearsal performance of the Maine East 1967 Variety Show, "A-1 and Saucy," on Wednesday, Feb. 15 at 4:30 p.m., will be opened to all grammar and junior high school students. Have the children wear bibs, as the theme of the songs, dances, and comedy will be food—a full meal.

The price meets the small fry pocket-book, and the afternoon performance meets mother's desire for early curfew. Adults may accompany the younger ones, but otherwise it's the children's afternoon at the theater.

There are no reserved seats Feb. 15 and plenty of room for all. Doors will open at 4:00.

(Parents are urged to attend the regular performance Thursday, Feb. 16, Friday, Feb. 17, and Saturday, Feb. 18, at 8:00 p.m.)

All funds collected at the dress rehearsal will be used for the Mothers' Club Scholarship Fund. Fifty cents buys your youngsters the "best of Maine East." Tickets will be available at the door or by calling Mrs. Clifford Oscarson, 825-1834.

"Food, Gorgeous Food" is the opening and closing theme song from the Broadway show, "Oliver," and what goes on in between will fill everyone's tummies and hearts. Don't let your grammar and junior high school children miss this fabulous "live" production!

Cub Scout Pack 283 Works Hard

Last Tuesday night Cub Scouts of Pack 283 sponsored by Northwest Suburban Jewish Congregation held its monthly Pack Meeting. Bobcat Ceremonies were held admitting the following boys to Cubbing: Thomas Carbowski, Gordon Kasper, Jeffrey Unger, Michael Silcroft, Michael Kirsch and Joel Evans. Welkos who graduated and are eligible to become Boy Scouts are: Mark Brand, Steven Slaw, and Michael Cohn. Many boys were advanced in rank at this meeting and were presented

with their badges. Dens Two and Seven presented skits depicting the Theme for this month, which is Highways to History.

Plans are being finalized for the forthcoming Blue and Gold Dinner, which will take place on February 26th at the Synagogue. The dinner traditionally commemorates the anniversary of the Scout movement. All Scouts from Pack 283 will attend with their parents, brothers and sisters, and even some grandparents. This affair is one of the highlights of the year and every Cub Scout looks forward to it with keen anticipation.

The Cubs toured Great Lakes Naval Training Center. They were escorted on their tour by adult leaders. The boys were greatly impressed by their trip, particularly lunching in the Mess Hall with the sailors.

Changes Mar. 11 Voting Hours At Meeting Dist. 63 Board OKs Emergency Mobiles For Nathanson School

In a regular bi-monthly meeting on January 24th lasting till 2 a.m., board members of East Maine School Dist. 63 took action on a long list of items, heard a report on the district's music department and, following formal adjournment at 12:07 a.m., discussed ways of presenting the issues of the March 11 bond referenda to the public.

The first action of the board was to pass a resolution to change the original time set for opening the polls at the special March 11th election to coincide with the time set by Maine Township High School Dist. 207. Polling places in both districts will now remain open on March 11th from 9:00 A.M. to 8:00 P.M.

Some \$51,119.40 in excess township funds distributed to Dist. 63 by the Maine Township was voted into the general building fund to be used to pay for several emergency mobile classrooms to be constructed at Nathanson School.

The board also received and acknowledged a \$500.00 donation from Mr. Victor Yackman, president of the Domestic Utility Services, Co., 2550 Golf Road, Glenview.

At the recommendation of Supt. Hugh E. McGuigan, the board members decided to continue the service of Glenbrook Patrol Service at Nathanson, Mark Twain and Oak Schools, until June 30, 1967, or the end of the school fiscal year. The cost is a total of \$270.00 a month for the three schools. Questioned by Board Member Allen Schwartz, Mr. James E. Bowen, business manager and board secretary, explained that a report supplied to board members, containing

information about the experiences of other schools in the country which have used patrol services, did not contain cost facts because they are not yet available. Dist. 63 has not used the service long enough to obtain these figures, he said, nor would they be meaningful since the service has thus far been used during a low vandalism period (bad weather).

There are other benefits to this service, Mr. Bowen pointed out, including the checking of wind-ows and doors for security and boilers on cold nights. He cited one instance in which a boiler was discovered low at Mark Twain School at 1:30 a.m., perhaps saving the district more than the cost of the patrol service for an entire year.

It was agreed that more meaningful information could be collected through the summer; however, it is not possible to commit funds beyond the fiscal year ending June 30th.

Mr. J. Woodworth, director of the Morton Grove Park District; Mr. George Foster, president of the Morton Grove Park District; and Mr. Louis Schreiner, vice president of the Niles Park District, appeared at the meeting to propose a joint effort by the two districts to erect a softball backstop on the southeast corner of the athletic field and to plant shrubbery along the west side of the softball diamond at Nelson School. They requested that Dist. 63 share the expense with the two park districts of blacktopping an area surrounding the backstop and a bordering walkway since paving would contribute a permanent improvement to the Nelson School site. The board approved the request.

Mr. Schreiner also informed the board that the Niles Park District had agreed to provide office space for a representative of the Volunteer Talent Pool, a community program being organized to make use of the talents of older citizens in the East Maine area. Dist. 63 will be one of the beneficiaries of the program since volunteers will share their specialized knowledge, talents, hobbies, etc. with school in the area.

Mrs. Barbara Tuch was hired by the board to work three days a week for Dist. 63 beginning January 30th to identify and teach workshop classes for children in the district talented in art. She will be working with-

in the Gifted Child Program for which the district has been awarded a state grant.

In a report to the school board, Mr. Donald Filla, director of the district's music program, outlined the philosophy and progress of the music program and objected for the future.

"Our main objective," he said, "is to train our children to be musically literate, intelligent, consumers of good music in order to keep the culture we have acquired intact, and to build onto it as well." He also pointed out that a musical program must provide the opportunity for individual students to develop their musical interest to the fullest extent.

A district music festival, he said will be presented for parents in May. Once the music program is well established it will be possible to present more public performances, he added, in answer to a question from Board Member William Guroinick.

The board passed a resolution to permit seventh and eighth grade students of East Maine Junior High School to enter an essay contest sponsored by the Niles Youth Commission.

Members of the board were supplied with a copy of a letter from the state superintendent of public instruction acknowledging receipt of the district's application for a grant for Operation Bootstrap-Interweave. The district will be notified of the status of its proposal sometime in April or May.

In routine business, the board accepted four teacher resignations and made four teacher appointments. They also made one salary adjustment and one stock clerk appointment. The board resolved to pay the current bills for the educational, general building and transportation funds for January, 1967, totalling \$62,861.81 and the current bills for the Imprest fund for January, 1967, totalling \$2,152.08.

The regular Board of Education meeting scheduled for January meeting scheduled for February 15th was rescheduled for February 22nd at 7:30 p.m. at Mark Twain School. The second board meeting in February will be held February 28th.

Brian Bruckner, Recipient Of High Science Award

On January 25th the Science Clubs of America in Washington, D.C. announced that Brian Philip Bruckner of 7102 Kedzie Street in Niles was awarded Honors in the 1967 Science Talent Search.

Bruckner, a 17 year old senior at Notre Dame High School, was one of the few students from the Chicago area among the 300 students selected nationally to the Honor Group in the 26th Annual Science Talent Search for the Westinghouse Science Scholarships and Awards. At a later date 40 of the 300 will be chosen to go to Washington to share \$34,250 in scholarships.

The Science Talent Search

was the pioneering endeavor to discover at the senior high school level those who have the potentialities to become the research scientists of the future. The award announcement stated that "in a real sense the annual Science Talent Search is more than a scholarship contest. It is a major step toward making scientific talent available for important tasks in our civilization. All boys and girls awarded Honors in the Science Talent Search are considered so outstanding that any institution of higher learning will be justified in considering their abilities carefully."

Bruckner's project was a study of the "Effects of Chlorophyll

mazine and L-Histidine on Euglena and Tetrahymena". He explained it briefly as follows: the chemicals Chlorophyll and L-Histidine were added to cultures of Euglena and Tetrahymena—one celled microorganisms metabolically similar to both plants and higher animal species. Later, various ions were also added to reverse the effects and explanations were given for the inhibition of motility.

Bruckner, a graduate of St. John Brebeuf Grade School in Niles, was directed in his project by Mr. John T. Norris of Notre Dame's Biology and Physics faculty.

Jefferson PTA Presents Play

The opening production number of the Jefferson School P.T.A. production of "So Proudly We Hail" features (front row l. to r.) Jackie York, Linda Garnett, Ruth Zirves, Harry O'Brien, P.T.A. President and Producer

of the show, Mary Ellen waters, Terry Hoyle, Marilyn Cohn, Charlotte Slaman, Herb Liebsch, Phyllis Crutchfield and Martha Shuster.

(Back row l. to r.) Mel Cohn, Karl Falter, John Johannek, Dick Habel, George Becker, Bill Shuster and Hal Petrick. The musical comedy based on American History will take place March 8, 9, 10 and 11 in the Jefferson School Auditorium.

The Science Talent Search

Stars As "Witch"

Miss Nancy Frankenberg, 7501 West Main, Niles, is a member of the cast for the Children's Theatre production of "The Tinder Box" at Clarke College, Dubuque, Iowa, February 18 and 19. Miss Frankenberg plays the part of the Witch.

The Tinder Box will also be seen at the Black Hawk County Children's Theatre in Waterloo, Iowa, on February 25 and 26.

Miss Frankenberg, the daughter of Mr. and Mrs. Benj. F. Frankenberg and a graduate of Regina High School in Wilmette, is a sophomore, drama major at Clarke.

Lutheran Church Of Resurrection Lenten Services

Lutheran Church of the Resurrection is holding mid-week Lenten services each Wednesday, 8 to 8:45 P.M. Following the service, everybody is invited downstairs for a "Feed-back" discussion of the sermon, and the bible text underlying it. Sermons are normally a one-way communication. We feel a great need for a many-sided discussion of religious issues involving everybody. During the discussion refreshments will be served. People need not stay for the discussion, of course, which ends at 10 P.M. The Wednesday night services will be informal. On each Sunday, Resurrection holds services and Sunday School at 9:30 and 11:00, with Nursery included.

School Dist. 63 Puts Excess Funds To Good Use

East Maine School Dist. 63 is putting its share of excess township funds from Maine Township to quick and good use. The school board voted at its January 24th meeting to use the \$51,119.40 distributed to the district to pay for several emergency mobile classrooms soon to be constructed at Nathanson School.

The construction of the mobile classrooms has been necessitated by an overflow of students this year. When Nathanson, a brand new school, constructed to accommodate 400 students, opened this fall, some 800 students arrived to enroll.

The Maine Township voted at a meeting January 17th to distribute \$200,000 in excess funds among the four elementary school districts making up the township.

The excess funds are derived from taxes paid by tax payers in the district directly to tax collectors. The tax is the same, but the children in the district benefit.

Newborn

A boy, John Joseph, was born Jan. 26, to Mr. & Mrs. Edward N. Piodzien, who live at 8023 N. Merrill Niles. The baby weighed 7 lb. 9 1/2 oz., 823-5441

20 years from now the electric heating in your home will still be one of the brightest ideas you ever had.

Only an electric heating system will be just as modern in twenty years as today. It will probably outlast your mortgage. (No other heating system can make that statement.)

Electric heat has other things going for it, too. Like flexibility, cleanliness, economy of installation, silence, trouble-free operation, odorlessness, and five different types of systems to choose from.

All of which adds up to keeping your home bright and modern for many years to come. And electricity is making it possible. Check into electric heat... the modern heat.

For further information call our nearest office.

Commonwealth Edison Company

The bright new ideas are Electric.

Named To Honor Group In Science Talent Search

Six students attending the Niles Township High Schools last week were named to the Honor Group in the 26th annual Science Talent Search.

The five boys and one girl are among the 24 students named in the entire state of Illinois and the 300 named in the country.

Honored are Steven Binder, 327 Crabtree Lane in Glenview; Daniel Farkas, 9215 Kenneth in Skokie; and John Wolz, 5353 Arcadia in Skokie, all attending Niles North High School.

Also, Carol Egel, 4045 Columbia in Lincolnwood; William Roberts, 7016 Kenton in Lincolnwood; and Alan Weiss, 6636 Kenneth also in Lincolnwood, all attending the Niles West High School.

According to James Winkelman, chairman of the science department at Niles North, these students have brought national recognition not only to themselves but also to the Niles Township High Schools.

Excepting the large city public school systems, he said, only one other school district in the whole country had more students honored in this program, and that district was Jamaica, N.Y., public high school with ten.

From the list of 300 Honored students of which there are 83 girls and 217 boys, 40 students will be selected to go to Washington, D.C., and among whom \$34,250 in scholarships and awards will be distributed.

Of the 300 outstanding students named to the Honors Group, 79 per cent of the boys and 89 per cent of the girls rank in the upper five per cent in their high school classes.

Students entering the annual Science Talent Search are judged on the basis of school records, faculty recommendation, questionnaires, a two and a half hour comprehensive test in science, and the student's work on a science project.

The projects submitted by the six Niles Township Students

were "Preparation of Bidentate Sulfite Complexes" by Steven Binder, "An Algorithm for Approximating Roots of Polynomial Equations" by Daniel Farkas and "Effects of Dimethyl Sulfide Used with Chloramphenicol on Staphylococcus albus" by John Wolz.

Also, "Homotransplantation of Mouse Tissue by Parabiosis" by Carol Egel, "Generalization of the Factorial Function" by William Roberts, and "Redombination in the RNA Bacteriophage, MS-2" by Alan Weiss.

Commenting on the large number of students from the Niles Township district to be named to this Honors Group, Dr. Clyde Parker, Superintendent, commended the six students for their outstanding work in the area of science.

He also expressed appreciation to the parents, teachers, and guidance counselors of the students, all of whom, he said, played a big part in the entire program.

Promoted To Corporal

Camp Hansen, Okinawa, (FHTNO) Feb. 2—Marine Corporal Richard D. Cincinelli, son of Mr. and Mrs. Daniel H. Cincinelli of 7013 Howard St., Niles, Ill., was promoted to his present rank at Camp Hansen, Okinawa, while serving with Maintenance Company, a unit of the Provisional Service Battalion, attached to the Ninth Marine Amphibious Brigade, here.

His promotion was based on time in service and rank, military appearance, and his knowledge of selected military subjects.

His company is responsible for the repair, rebuilding and maintenance of equipment for the amphibious brigade.

Architect's Drawing Of MTJC Synagogue

Here is an architect's drawing of the proposed building on Ballard rd., Des Plaines, for the Maine Township Jewish Congregation. A Kick-off rally for the building fund campaign will be held Feb. 11.

Announce Plans For \$300,000 MTJC Synagogue, Educ. Bldg.

Maine Township Jewish Congregation of Des Plaines has announced plans for the construction of a building to serve education and worship needs.

The site, for the only synagogue in Des Plaines, is situated on the north side of Ballard rd., between Parkside and Western, two blocks north of Lutheran General hospital. This site contains 2-1/2 acres and provides ample space for off-street parking and for future expansion. The Congregation is currently engaged in a campaign for funds, with which to build, from members and friends.

Construction on the educational wing will begin next summer. This will be a two-story building. The first floor will contain classrooms, administration offices, and a teenage youth lounge. The second floor will provide a multi-purpose room large enough to seat 1200 at worship services.

This room will also serve as a recreation-social hall and a kitchen will be included. At a later date a permanent synagogue sanctuary and community center will be built, at which time the second floor of the initial building will be converted into additional classrooms. Plans for the total building project have been developed by Morton Z. Levine and Associates, Architects.

Maine Township synagogue maintains temporary offices at 8998 Ballard rd., Des Plaines and conducts its Sabbath services, as well as daily Hebrew school and Sunday school, at Mark Twain school, 9401 Hamlin ave., Des Plaines. Synagogue president is Marshall Swislow and Sisterhood president is Mrs. Norman Meltzer.

The need for building stems from the rapid growth of the congregation which, according to the spiritual leader of the congregation, Rabbi Jay Kar-

zen, in four years has grown from a small handful to well over 300 families.

General solicitation for funds will start following the "Kick-Off" meeting Feb. 11 and will continue thru Feb. 23. It was pointed out by Martin Levy, general chairman of the campaign, that "cost for the first stage of the construction will be approximately \$300,000. This will provide urgently needed facilities for our children, whose numbers now exceed 400 in Sunday and Hebrew schools."

According to Mr. Levy, other key members of the campaign organization are: advance gifts chairman, Dr. Norman Meltzer; memorials chairman, Edward Faber; treasurer, Sam Goldberg; auditor, Howard Herzlich; general solicitation chairman, William Kadetz; home assemblies chairman, Mrs. Erwin Miller; division leaders, Don Kirshner, Abe Selman and Dr. Gordon Schimer,

Named Head Of Obstetrics & Gynecology At Lutheran General

Dr. Bernard M. Greenwald has been named head of the department of obstetrics and gynecology of the medical staff of Lutheran General Hospital, Park Ridge. He will serve during the coming year.

Dr. Greenwald attended Wright Junior College, Chicago, and received his bachelor of science degree and doctor of medicine degree from the University of Illinois. He interned at Cook County Hospital.

His residency in obstetrics was done at Lutheran Deaconess Hospital, Chicago, and his residency in gynecology was taken at Alton State Hospital. At Cook County Hospital, he was an associate attending in obstetrics and gynecology.

Dr. Greenwald is certified by the American Board of Obstetrics and Gynecology. He is associate professor of obstetrics and gynecology at the Chicago Medical School and

has been on the staff of Lutheran General since the hospital opened in 1960.

He has offices at 64 Old Orchard, Skokie, and resides at 2849 Birchwood, Wilmette.

Jefferson PTA Movie February 11

The Jefferson P.T.A. has scheduled another fine movie for Saturday, Feb. 11 at 1:00 P.M. in the school auditorium.

The movie, "Captain Sinbad", starring Guy Williams is straight out of the Arabian nights with a handsome hero, magic spells, a wicked tyrant, a court magician and a beautiful princess.

On Valentine's Day, February 14, the Jefferson P.T.A. will feature a 30 minute cartoon show immediately after school. The movies are a Ways and Means project under the supervision of Mrs. Marily Cohn, 7919 Octavia, Niles.

Quality Heating
for modern living

THE MARTIN DUO-VENT GAS WALL HEATER

The Martin Duo-Vent sealed combustion wall heater, featuring an all new fashion styled cream and beige cabinet, uses only fresh outside air for combustion and exhausts all combustion products back out of doors through the unique snorkle-type vent. Geometric patterns of the expanded metal grill and the finger tip top control dial makes this one a decorator's dream. Ideal for added-on rooms, motels, offices, or whole house zone controlled heating.

THE MARTIN DUO-VENT COUNTERFLOW WALL FURNACE

From the success of the Duo-Vent wall heater, Martin engineering now offers a new dimension in Sealed Combustion heating performance... The Martin Duo-Vent Counterflow Wall Furnace. Cool room air is taken in at the top and warm air comfort delivered from the handsome louvered lower grill by the whisper quiet, dual blower. A real cool cabinet too, since a thick blanket of fiberglass insulation lines the attractive etched front panel and the smooth cream side panels of the cabinet. Add to this the extra comfort of sealed flame heating and you can see why Martin means... Quality Heating for Modern Living.

THE MARTIN FYRELOGS RADIANT GAS HEATERS

The modern way to enjoy a log fire is to install Martin Radiant Fyrelogs... No soot or ashes to bother with. Choose from six models in realistic looking Oak or Birch logs, with optional bronze and iron set and automatic controls. The heavy duty cast-iron burner is guaranteed for life and produces enough heat for the average room. These and many other features make Martin Radiant Fyrelogs a favorite throughout the country.

MTJC Hold Sabbath Rosh Chodesh Family Services

Sabbath Rosh Chodesh family services at Maine Township Jewish Congregation will be recited at 8:30 P.M. Feb. 10, at the Mark Twain School, 9401 N. Hamlin, Des Plaines. Rabbi Jay Karzen will lead the service and deliver an inspirational message. Randall Jay, son of Mr. and Mrs. Jack Gerber, 7720 Arcadia, Morton Grove, will observe his Bar Mitzvah at the sabbath morning service, on Feb. 11, 9:30 A.M.

The 4th session of the monthly MTJC Adult Education Institute will be on Sunday evening, Feb. 12, 8:30 at the school. Rabbi David Graubart will be guest lecturer and discussion leader. Topic will be "Conser-

ervative Judaism". The big kick-off rally for the building fund campaign is scheduled for Saturday evening, Feb. 11, 8:30 P.M. at the Mark Twain School. Home assemblies are currently underway as all members of the synagogue are becoming involved in the building program. Ground breaking is tentatively scheduled for summer, 1967.

A taffy apple sale is being sponsored by the Pre USY on Sunday, Feb. 12, beginning at 10:30 A.M. at the school and also at the Golf Mill Bowling Alley beginning at 11:30 P.M. The proceeds of sales will assist this synagogue youth group in its activities.

LEGAL NOTICE

RESOLUTION PROVIDING FOR THE GIVING OF NOTICE RELATING TO NOMINATING PETITIONS

WHEREAS, the annual election for members of the Board of Education will be held on April 8, 1967 in the manner required by law; and

WHEREAS, all petitions for the nomination of members for the Board of Education shall be filed with the Secretary of the Board not more than forty-five but at least twenty-one days before the date of election; and

WHEREAS, Section 9-10 of the School Code requires that the Secretary of the Board of Education shall publish a notice stating the time and place and with whom nominating petitions for membership on the Board of Education shall be filed, which notice shall be published not more than thirty days nor less than ten days prior to the first day for filing such petitions;

NOW, THEREFORE, BE IT RESOLVED by the Board of Education of School District Number 63, Cook County, Illinois, as follows:

SECTION ONE: Nominating petitions for membership on the Board of Education for the election to be held on April 8, 1967 shall be filed with James E. Bowen, Secretary of the Board of Education, at his office located in Ballard School, 8320 Ballard Road, Niles, Illinois, between the hours of 9:00 o'clock A.M. and 4:00 o'clock P.M., Monday through Friday, school holidays excluded. His office shall also be open for the purpose of receiving petitions on March 18, 1967 from 9:00 o'clock A.M. to 12:00 o'clock Noon.

SECTION TWO: The Secretary of the Board of Education is hereby directed to give notice stating the time and place and with whom nominating petitions for membership on the Board shall be filed by publishing said notice once in the Niles Bugle and Des Plaines Journal no sooner than January 23, 1967, and no later than February 12, 1967. Said notice shall be in the following form:

"NOTICE FOR FILING OF NOMINATING PETITIONS

Public notice is hereby given that nominating petitions for membership on the Board of Education, School District Number 63, Cook County, Illinois, for members to be elected at the annual election to be held April 8, 1967, shall be filed with James E. Bowen, Secretary of the Board of Education in his office at the Ballard School, 8320 Ballard Road, Niles, Illinois, between the hours of 9:00 o'clock A.M. and 4:00 o'clock P.M. Monday through Friday during the period beginning February 22, 1967, and ending March 17, 1967, and between the hours of 9:00 o'clock A.M. and 12:00 o'clock Noon on Saturday, March 18, 1967, the last day for filing of such petitions.

Dated this 24th day of January, 1967.

JAMES E. BOWEN
Secretary, Board of Education

San Lorenzo Montessori School Holds Open House

The San Lorenzo Montessori School, for children 2 1/2 to 5 years of age has invited the public to attend its first Open House on Sunday evening, February 12, from 7 to 10 p.m. San Lorenzo is located within the Messiah Lutheran Church at 1605 North Vernon Avenue in Park Ridge, near the intersections of Dempster and Greenwood.

given by the teaching staff, Montessori directresses, Miss Mary Margaret Miller of Niles and Miss Lily Gumeratna, originally of Ceylon, now a resident of Niles, will participate in these demonstrations.

To encourage informal discussions among parents and other interested persons, coffee and pastries will be served during the final part of the program.

For further information on either the Montessori approach to education for pre schoolers, or the Open House, call Mrs. James J. Bychowski, secretary of the school at 296-7382.

Niles West Presents

"A Journey To The Orient"

A journey to the Orient will be the program Wednesday, February 15, at 8 P.M. in the Niles West auditorium. Edens and Oakton, when the fourth travel lecture of the season will be presented by the school dis-

trict's Adult Evening School and the P.T.A.

Narrated by John Nicholls Booth, "Golden Kingdoms of the Orient" will be launched at the Afghan border and will follow Alexander the Great's route through the Khyber Pass.

Among the highlights to be seen during this film-lecture will be a meeting with Mr. and Mrs. Arnold Toybee at Marco Polo's caravanserai, a view of Lahore, and a visit to the legendary Vale of Kashmir, high in the Himalayas.

John Booth, who is author of six books and former feature writer and correspondent for the Chicago Sun-Times and Boston Globe, will also take his audience to Nepal, where temples are roofed with gold and palaces contain up to 1500 rooms.

Tickets at \$1.00 each for adults and 50¢ for high school students and children, will be available at the school auditorium door.

Other presentations remaining in this year's travel series are "Portraits of Spain" by Curtis Nagel Wednesday, March 8, and "Australia: Her Varied and Spectacular Coasts", by Bill Dalzell, Thursday, March 30th.

FOCUS POLITICAL - Feminine view of candidates, this week featuring incumbent, Mr. Edward Berkowsky, who is seeking a second term to the office of village trustee. Mr. Berkowsky is a member of the "Active Citizens Ticket" with incumbent Ang Marcheschi and candidate Richard Harszak.

We chatted with Ed and Marilyn Berkowsky, their three darling daughter, Sherry 9, Holly 6, and Terry 4, as they relaxed in their home at 7017 Carol, after a strenuous battle with the shovel versus snow-drifts.

"Well," said Ed, "that's a job that has to be done, and even with the cold out there, I think we all feel a rewarding warmth in achievement."

"Ed," we asked, "How about your four years as a Village Trustee?" "Really four wonderful years," he replied thoughtfully, "so much has happened, and so much more to be accomplished. During the four years the Village of Niles was proclaimed an All-America City. With the people of Niles we hope to enter the stature. There are many progressive plans in the air, including a city-wide planning program and senior citizen program. We have the finest Fire and Police Departments, and our Public Works, well their work speaks for itself. With the growth of the Village we have to further the growth of these departments. Yes, I would like the chance to continue in the job, help establish a firm foundation. I enjoy being involved doing things with people."

"Marilynn," we inquired, "how has it been for you and the girls. How do you react to news reports regarding your husband, some perhaps criticizing him?" Petite Marilyn laughed, "Well number one, the children are a little young yet, but they always get excited when they see a photo of their daddy or myself in the papers. I guess that's the same with most families. Number two, you can't please all the people all the time, however, both good reports and reports of a critical nature seem to stimulate my husband to further endeavor and improvement, always improvement."

Born and raised in Chicago, Ed and Marilyn have been married for almost 13 years. Both are active with all manner of civic and community organizations. Currently too, Marilyn is social chairman in Niles Woman's Club, Ed, a C.P.A., is a graduate of Roosevelt University, and employed as Director of Financial Analysis and Budgets for Mercury Records.

When we asked him what he thought of women in the role of Village Trustees, he replied, "It's possible, if the right one comes along, same as the men." "Ed," we persisted, "do you think that perhaps woman should remain in her role as man's inspiration and motivation?" He laughed, "Perhaps yes." Next week a chat with incumbent Ang Marcheschi.

WELCOME NEW NEIGHBORS IN NILES.

One of the many functions of the Niles Chamber of Commerce is their Welcome Service, when Welcome Hostess,

Constance Milkes visits, (after a phone call) with our new neighbors, introducing them to Niles business and commerce, explaining location of school and churches, bus schedules, library and other facilities.

Braving the weather and greeting with Mrs. Milkes, we welcomed to Niles this week - Mr. and Mrs. C. Broekema, formerly of Park Ridge, now living here in November of '66, Mrs. Broekema is happy with her convenient Golf Mill Shopping location. She is interested in meeting with the ladies at Niles woman's Club.

Welcome to Niles, Mr. and Mrs. A. Tamburrino 9216 Courtland. They have two children, Joyce 9-1/2, a fourth grader at St. Isaac Jogues School and Daniel 7, a first grader at Washington School. "We love this area, it's near to schools, shopping and not too far from Chicago," said Mrs. Tamburrino. Explaining to us that the house was built to her own special design, we met Mrs. Angeline Treviso, maternal grandmother, who resides at the same address in her own apartment. They were all former residents in Chicago.

Hello! and welcome to Niles, Mr. and Mrs. Robert Penn, their daughter Susan, a professional model, currently working in the classified ad department of a Chicago newspaper, all formerly of Des Plaines, and now residing at 6911 Concord, Mrs. Penn is a competent artist, enjoys doing mural employing the palette knife technique. She will meet Niles artists at the next Niles Art Guild meeting. "We are very happy to live in Niles, we had heard about the All-America City. Our area here is particularly lovely and convenient to the city," said Mrs. Penn, Grandparents to a boy 3 and a girl three months, children of their married son, Mrs. Penn is looking forward to greeting with Niles Grandmothers at their next meeting.

"You have a marvelous library," said Mrs. Albert Palcheck as we welcomed her, Mr. Palcheck and their four children to Niles. The girls, Anita 10 and Nancy 7 attend Our Lady of Ransom School with brother Anthony 6. Another son Tommy is aged 4. Formerly of Belwood, Illinois, it was visiting with friends, Mr. and Mrs. Juris, Lill St., Niles, and admiring the area that persuaded them to take up residence in their brand new home at 8321 N. Western in Niles. Welcome to Niles, Mr. and Mrs. Donald Bokser, their 2 daughters, Diane 9 and Barbara 6, formerly of Long Island, N.Y., now residing at 7947 Norda, Rhoda, Mrs. Bokser informed us that they chose Niles as it reminded them of their former residential suburb in Long Island - close to schools, shopping and the city.

"We fell in love with Niles because it looks so fresh and new, spread out, just what we wanted," Mrs. Meek informed us. Now residing at 9013 Clifton, the Meeks and their son Alan arrive here from Parchment, Michigan. Mr. Meek a former product manager for a Parchment paper company. The Brown Company, of Michigan, is currently working in the same capacity for a Skokie Firm. Welcome to Niles for the Meek family.

More news and views of people and doings in Niles next week.

John Sebastian Warns Against Ice Paths

"Whether it is a January or February thaw, nothing is quite so phony as a short interval of spring-like weather during the deep freeze we all must go through annually", John Sebastian, Chairman of the Niles Safety Council warned today, as he asked drivers to remember that, as the temperature goes up and the snow and ice melts,

or the streets temporarily thaw out, slick pavements are actually more dangerous when braking is required than in the sub-zero temperatures.

Chairman Sebastian pointed out that patches of ice produced by ice freeze-thaw weather spring fatal traps on unwary drivers.

"Watch those shady spots; don't be surprised to find frost on bridges and over-passes, and resist that spring-like urge to resume dry-pavement speed before you have made sure the pavement is really dry", Sebastian cautioned.

"While everyone would like to see this weather continue, we must be realistic and realize that we are due for some late storms", he stated, and this opinion is shared by the weather bureau as well as by old-time residents.

Lions Pancake Day Set For February 26

Preparations are in progress for the fifth annual Pancake day to be held by the Lions club of Niles, Sunday, February 26 from 8 a.m. to 2 p.m. in Bunker Hill Country club, 6635 Milwaukee, Niles. Ham and sausage will be served with the cakes. Coffee or milk. As in the past, all proceeds will be used for Lions club of Niles supported projects, among them being the purchase of Leader dogs for the blind, Braille typewriters and Braille books as well as many other worthy projects for the benefit of the sightless. Frying of the flapjacks will be handled by Ed, Ciccone, Dick Powell, Tom Conklin, Dave Hoppe, Charles Pickup and Ginger Troiani of the Lions club of Niles. Adult donation \$1.25 - children under 12, 50¢. All you can eat. A cordial welcome is extended to everyone.

Tickets for Pancake day are now on sale in many Niles stores according to Frank Troiani, chairman or contact any member of the Lions club of Niles.

NWSJC Sisterhood Present "The Great Lester"

Mr. LESTER MARSHALL, entertainer and well known as "THE GREAT LESTER" brings his fabulous show to the Mother Daughter Dinner of Northwest Suburban Jewish Congregational Sisterhood. This outstanding attraction is recognized nationally as the leading CHILDREN'S (of all ages) show.

be scheduled as an added high light. Comedy excitement par excellence!
This great show will be presented on February 12th at 5:00 P.M. at the congregation, 7900 Lyons, in Morton Grove.

For your convenience, our newly installed Self-Service elevator is now in operation.

It is only one of our many improvements for the people of this community which we have been serving for 26 years from this location.

Nilehi Graduates Receive Direct Benefit From Advanced Placement Program

More than 100 Nilehi graduates of the Class of 1965 received direct benefit from their participation in the Advanced Placement Program.

Slightly more than half of the 113 receiving college benefits were given advanced placement standing and credit during their first year in college.

A little less than 10 per cent received credit, while 13 per cent were given advanced placement. Two per cent received a course exemption or a requirement waiver.

The Advanced Placement Program has been offered through the College Entrance Examination Board to high school students since 1955. A student who performs well in one or more APP examinations may receive, at the discretion of the college he chooses to attend, college credit, course exemption, or advanced placement.

The "pre-college" examinations offered by the Advanced Placement Program are open to any able student who feels qualified to pass them although students who take them are generally those who have been taking honors program courses in the subjects they choose to be tested in.

About 150 seniors of the Class of 1965 took 247 APP examinations in subjects including American and European History, mathematics, chemistry, biology, physics, English, and several foreign languages.

APP examinations are scored 5 for high honors, 4 for honors, 3 for creditable, 2 for passing, and 1 for failing.

Almost 80 per cent of the

Nilehi students taking the exams in 1965 received a grade of 3 or better.

Dr. Arthur Ryden, the school district's director of guidance and testing, said each year the district's participation in the program increases.

In 1959, when the Niles Township High Schools first took part in the national program, Dr. Ryden explained, five Nilehi students took APP exams in three subject areas. A year later there was considerable increase with 38 seniors taking 69 APP exams representing six subject areas.

In 1966, he said the number has risen to 183 students taking about 310 APP exams. How well these most recent graduates have done in receiving direct college benefits is being surveyed now, Dr. Ryden explained, but noted that about 80 per cent of the 1966 graduates like the 1965 students received scores of 3 or better.

Studying a summary of Nilehi's participation in the APP program for the last five years, Dr. Ryden said Nilehi students appear to have achieved significantly higher scores during the last five years than what was the national norm for 1965.

For example, he said 82 per cent of the Nilehi students taking the American History APP exams from 1962 to 1966 scored 3 or above, while the national norm in 1965 was 64 per cent; in math 70 per cent of the Nilehi students scored 3 or better, while nationally 48 per cent scored 3 or better; and in physics 67 per cent of the Nilehi students scored 3 or better, while in the nation only 39 per cent scored 3 or better.

In addition, he said about 10 per cent of the students taking APP exams in these eight areas in the last five years have scored a 5, while in the nation in 1965 about 8 per cent achieved this highest grade.

Dr. Ryden said figures for the last five years were used for this comparison because during that time total participation was high enough so that patterns of score distribution could be examined.

"This has been the case in American History, European History, mathematics, Chemistry, and English. In all of these subjects our Nilehi students have equaled or exceeded national percentages reported in 1965 norms.

"In physics, biology, and in foreign languages we have not had large numbers of participants, nor have we always had specific courses identified as APP courses. Nevertheless, we have had some students who wanted to prepare for the APP, and our students have performed well in spite of these handicaps," Dr. Ryden said.

According to the APP guidebook, "The Advanced Placement Program does three things: it encourages schools to establish college-level courses for their best students, it provides course descriptions and examinations based on these courses, and it urges colleges properly to place and credit the successful candidates.

"The advanced placement idea is based on the assumption that some twelfth grade student can do college freshman work, and the achievement, no matter where or when it occurs, should be recognized and rewarded."

Storytelling Time

Mary Childers, senior at Maine Township High School East (seated), reads the story for the day to elementary school children from Maine Township on the first program of "Car's Merry Tales." Looking on is co-hostess, Cathy Minard (standing), also a senior at Maine East. The program, written and produced by the two high school girls, involves children's interviews, storytelling, riddles, lessons, and a variety of other activities. The program is aired on WMTH every Friday at 3:00 P.M.

Book Muse

by Mr. "M"

At the moment of this writing we all still live with the horrendous experience of the visit of the white stuff and like everyone else your Library suffers from inconvenience both to you and ourselves.

The cheery face of "Wootle" Dantelson the Bookmobile Librarian was a missing fixture this week at the usual bookmobile stops but like MacArthur she will return.

Hoping, by the time this appears, that we can all trudge with drier feet to higher ground let us speak of a book or two.

There is the story of a boy named Zeke. He lived on the topmost floor of a big, old brownstone house in Harlem, U.S.A.

Everyday his mother flitted down the five long flights of stairs to go to work. His father went down to work, too, but not to the kinds of jobs his wife liked.

Zeke himself seldom went down. The children teased him because one leg was shorter than the other. So he just stayed in the apartment and looked out the window. He knew all the people across the court, but he kept special watch on an empty room with warm yellow walls. It was a place just waiting for something wonderful—maybe even a man with a monkey.

What did come was the Jazz Man whose music was the real business. His piano was a kind of magic that built dreams out of nothing and made them seem true. But even the Jazz Man couldn't help when Zeke's real troubles began.

This book ("The Jazz Man" by Mary Hays Weik) is the more powerful because the incidents are presented not as being exceedingly rare or most unusual, but rather as the type of thing that often occurs and with which the community is quite familiar. The author's powerful and controlled writing and the fine woodcuts will convince the child that this life as many experience it, even if he himself is fortunate enough not to be subject to Zeke's unpleasant condition.

By the way, if you should confuse this book with Nat Hentoff's book, "Jazz Country" you won't be making a serious mistake. This book is one of your columnist's favorite juveniles and is a novel that portrays the jazz world as seen by a boy who longs to be a jazz musician and who discovers, from the Negro professionals who become his friends, that being a true jazz artist does not depend on the color of one's skin.

Eight year olds (and up) should enjoy "Jazz Man". Ten year olds (and up) should take to "Jazz Country".

Well that's two books among many, but don't forget there are eight millimeter films, magazines, and occupational pamphlets.

Come in and see us, Remember your never too busy to read. The late President Kennedy had to cope with the problems of the whole world and still found time to read.

Besides there isn't another library in the country that has a real live book in it (Mrs. Edna Book, the boss's hard working secretary.)

Leaning Tower Legion Aux. Hears Talk On Civil Defense Shop Locally

Hosts "Swim-A-Thon"

The Leaning Tower YMCA will host the first Annual Swim-A-Thon, Sunday, Feb. 12, 1967, from 10:00 A.M. to 1:30 P.M. What is a Swim-A-Thon? Basically, it is an endurance swim done in competition by age groups. Each person will be in competition in his/her own age group and each age group will have one winner—the person that does the most pool circles. Each entry in the event will receive a certificate of merit. The winner in each age group will receive a trophy. All members are invited to enter. Entry fee is \$1.00.

For more information, call the Leaning Tower YMCA, at 647-8222.

Brebeuf CWC Card Party February 17

The St. John Brebeuf CWC will hold a card party on Friday evening, February 17th. All parishioners and friends are cordially invited. Bring your husband along, as this will be a night out for him too. There will be many lovely door prizes and a table prize that is sure to please both the men and the women.

A grand raffle will also be held. A 23 in. Color TV, a \$100 Charge account at the store of your choice and a week-end for two at the Hyatt House, will be offered on this grand raffle. Contact Mrs. F. DiMaria at 965-0674 for further information. Tickets for the Card Party are available through Mrs. J. LeClair at 967-6352. Donation for the ticket is \$1.50.

Friday evening services of the Northwest Suburban Jewish Congregation will be held at 8:30 p.m., February 10, 1967, at the synagogue 7800 W. Lyons Street, Morton Grove, led by Rabbi Lawrence H. Charney and chanted by Cantor Gidon Lavi. The evening has been designated as Scout Sabbath, and the Scouts will host the Oneg Shabbat following the service.

Saturday morning February 11, at 9:30 am, Rabbi Charney will call Jeffery and Jerry, twin sons of Mr. and Mrs. Meyer Zimmerman of Niles to the Torah for their Bar Mitzvah. Jeffery and Jerry will chant their portion of the Hap Torah. Cantor Lavi will chant the liturgical portion of the service. Following the worship

Mr. and Mrs. Zimmerman will host a Kiddush in honor of the occasion.

Junior Sabbath services will be held February 11, at 10:00 a.m. in the Youth Lounge, led by Rabbi Joseph Carmi.

Saturday evening February 11, the Men's Club will hold a dance in the social hall at 7800 W. Lyons, starting at 9:00 pm.

Sunday February 12, the Mother and Daughter dinner will be held at 5:00 pm in our social hall.

Named Head Of Department Of General Practice Illinois Nurses Association Meet Tonight

Dr. Frank Ferratolo has been named head of the department of general practice of the medical staff of Lutheran General Hospital, Park Ridge. He will serve during the coming year.

Dr. Ferratolo received his bachelor of science degree from Duke University. He received his bachelor of medicine and doctor of medicine degrees from the Chicago Medical School.

He served his internship at Elmhurst Memorial Hospital and has been on the staff of Lutheran General since the hospital opened in 1960.

Dr. Ferratolo has his offices at 1585 Ellinwood, Des Plaines and resides at 311 N. Wolf Rd. in Des Plaines.

"Coronary Nursing Care is the topic for the February meeting of the 18th District of the Illinois Nurses Association. The group will meet Thursday, Feb. 9, at Lutheran General Hospital, Park Ridge, according to Wilma B. Wood, R.N., program chairman.

Tours of Lutheran General will be held beginning at 6:30 p.m. in the hospital lobby. Following the tour, dessert will be served in the 10th floor dining room.

Dr. Irving J. Adatto, an internist on the staff of Lutheran General, will be the featured speaker. The cardiac monitor

will also be demonstrated.

Helping make arrangements for the program besides Mrs. Wood are Mrs. Lillie Lindroth, R. N., and Miss Sandra Wahls, R.N. All are on the staff of Lutheran General Hospital.

Welcome

A boy, Kirk David, was born Dec. 26, to Mr. & Mrs. James L. Kline, 8532 Ottawa Ave., Niles. The baby weighed 6 lb. 14 1/4 oz, 965-2697

Niles Graduates Receive Direct Benefit From Advanced Placement Program

More than 300 Niles graduates of the Class of 1965 received direct benefit from their participation in the Advanced Placement Program.

Slightly more than half of the 125 receiving college benefits were given advanced placement standing and credit during their first year in college.

A little less than 10 per cent received credit, while 15 per cent were given advanced placement, 40 per cent received a course exemption or a requirement waiver.

The Advanced Placement Program has been offered through the College Entrance Examination Board to high school students since 1955. A student who performs well in one or more APP examinations may receive, at the discretion of the college, a choice to attend, college credit, course exemption, or advanced placement.

The "pre-college" examinations offered by the Advanced Placement Program are open to any able student who feels qualified to pass them although students who take them are generally those who have been taking honors program courses in the subjects they choose to be tested in.

About 150 seniors of the Class of 1965 took 267 APP examinations in subjects including American and European History, mathematics, chemistry, biology, physics, English, and several foreign languages.

APP examinations are scored 5 for high honors, 4 for honors, 3 for credit, 2 for passing, and 1 for failing.

Almost 80 per cent of the

Niles students taking the exams in 1965 received a grade of 3 or better.

Dr. Arthur Ryden, the school district's director of guidance and testing, said each year the district's participation in the program increases.

In 1959, when the Niles Township High Schools first took part in the national program, Dr. Ryden explained, five Niles students took APP exams in three subject areas. A year later there was considerable increase with 38 seniors taking 69 APP exams representing six subject areas.

In 1966, he said the number has risen to 125 students taking about 310 APP exams. Now well these most recent graduates have done in receiving direct college benefits is being surveyed now, Dr. Ryden explained, but noted that about 80 per cent of the 1966 graduates like the 1965 students received scores of 3 or better.

Studying a summary of Niles' participation in the APP program for the last five years, Dr. Ryden said Niles students appear to have achieved significantly higher scores during the last five years than when was the national norm for 1965.

For example, he said 82 per cent of the Niles students taking the American History APP exams from 1962 to 1966 scored 3 or above, while the national norm in 1965 was 44 per cent, in math 70 per cent of the Niles students scored 3 or better, while nationally 48 per cent scored 3 or better, and in physics 67 per cent of the Niles students scored 3 or better, while in the nation only 39 per cent scored 3 or better.

In addition, he said about 10 per cent of the students taking APP exams in these eight areas in the last five years have scored a 5, while in the nation in 1965 about 3 per cent achieved this highest grade.

Dr. Ryden said figures for the last five years were used for this comparison because during that time total participation was high enough so that patterns of score distribution could be examined.

"This has been the case in American History, European History, mathematics, Chemistry, and English. In all of these subjects our Niles students have equaled or exceeded national percentages reported in 1965 norms.

"In physics, biology, and in foreign languages we have not had large numbers of participants, nor have we always had specific courses identified as APP courses. Nevertheless, we have had some students who wanted to prepare for the APP, and our students have performed well in spite of these handicaps," Dr. Ryden said.

According to the APP guidebook, "The Advanced Placement Program does three things: it encourages schools to establish college-level courses for their best students, it provides course descriptions and examinations based on these courses, and it urges colleges properly to place and credit the successful candidates.

"The advanced placement idea is based on the assumption that some twelfth grade student can do college freshman work, and the achievement, no matter where or when it occurs, should be recognized and rewarded."

At Lawrencewood Theatre M.G. Woman's Club Goes On Television

"You've been a bad, bad boy," wails Mamma Lydia Brazzi to son Peter Sellers in this scene from Neil Simon's hilarious "After The Fox," United Artists release in Panavision and Color by De Luxe opening Friday at the Lawrencewood Theatre. He was, too, a very funny bad boy, though. Anguished lass to extreme right is Britt Ekland as Peter's sister. She's Mrs. Peter Sellers in real life.

Morton Grove Theatre

Displays Wm. Rubin Paintings

The new art display at the Morton Grove Theatre features paintings by Mr. William L. Rubin, and is a one man show.

William L. Rubin is an artist in his early forties. A native of Chicago, he studied at the Art Institute of Chicago under a scholarship and is a graduate of the Chicago Academy of Fine Arts. He also studied under E. Goodale.

His work is shown in many galleries in the Chicago Area, the Artist's Market in Northfield, Willard Galleries in Park Ridge and Evanston, and the Art Associated Gallery in Glenview.

He has exhibited extensively in the Chicago area, including the Art Institute of Chicago, and he has won many awards. He currently has a one man show at the Golf Mill Bank as well as at the Morton Grove Theatre.

William L. Rubin is a member of the Morton Grove Art Guild.

An art display is always featured at the Morton Grove Theatre, a new shopping center theatre which has been the home of many outstanding motion pictures, including "Doctor Zhivago" starting Friday, February 10th. The theatre is located on Dempster at Harlem and offers acres of free parking.

M.G. Woman's Club Goes On Television

Three gals from The Morton Grove Woman's Club recently appeared in color on The Lee Phillips Show, CBS, Channel 2, and were rewarded with an experience not soon to be forgotten. One often wonders what actually occurs on a set prior and during a broadcast. They related their happenings in a world of television enchantment from everyday domesticity. The women entered the CBS Building lobby on 640 McClurg St., Chicago and were greeted by a pleasant receptionist. A quick phone call produced a fine gentleman who led them to a coffee shop where certain releases had to be signed. Then on stage - Lights and more lights. Plenty of cameras and booms. No time to be apprehensive as action was everywhere and the gals were mesmerized with what seemed to be a confusing prelude to showtime. All of a sudden, it all fell into place - 10 seconds to air time. The setting was Miss Phillips kitchen, literally sipping good hot coffee and commenting extemporaneously on some brand new fashions, which included vibrant colors, ceramic designs and short skirts all from Saks Fifth Ave. and Joseph's Shoe Salon. Everything matches the outfits including shoes, purse and even hats - Pleats, nonforming lines are in of clothes this coming season and the new Moroccan prints were seen besides solids and stripes.

Then, Miss Phillips discussed with the women their club's recent endeavor, OPERATION VIET NAM, from inception to present day activities, which was enlightening and informative to the viewing audience. The relaxing atmosphere on this program was particularly refreshing and actually warded off apprehension. Good old Katy Winters never forgot her secret with these three, Miss Phillips is truly a wonderful and sweet person on and off camera as was her secretary and director, which all contributed to a successful broadcast. Those that appeared from the Morton Grove Woman's Club, an affiliate of the Tenth District of the IFWC were, Mrs. Richard L. Davis, 6847 Lyons Ave., President, Mrs. Raymond Steinbeck, 7829 Linder Ave., General Chairman of OPERATION VIET NAM, and Mrs. Roger F. Peterson, 9001 N. Luna Ave., Publicity Chairman.

Komarovsky (Rod Steiger), appraising the bride-like beauty Lara (Julie Christie), drapes a lace scarf around her head in this scene from David Lean's film of Boris Pasternak's "Doctor Zhivago." Also starred in the spectacular Metro-Goldwyn-Mayer picture are Geraldine Chaplin, Tom Courtenay, Alec Guinness, Siobhan McKenna, Ralph Richardson, Omar Sharif as Zhivago, and Rita Tushingham. It was produced by Carlo Ponti. "Doctor Zhivago" starts Friday at the Morton Grove Theatre.

"Doctor Zhivago" Opens At Morton Grove Theatre

The Morton Grove Theatre is one of 12 theatres in the Chicago area now selected to present "Doctor Zhivago". It is the only theatre in the Morton Grove area to show this outstanding feature which was the winner of six Academy Awards.

There will be one showing each evening, with additional matinee showings on Saturday and Sunday.

The new Morton Grove Theatre is located in the Village Plaza Shopping Center on Dempster at Harlem in Morton Grove. Acres of free parking is available for the theatre's patrons.

Park District Plans Valentine Dance

A Valentine Dance, sponsored by the Niles Park District, will be held for all the Teens of Niles and their friends on Saturday, February 11, from 8:00 to 11:00 p.m., at the Niles Recreation Center, 7877 Milwaukee Ave. Everyone is asked to please use the Oketo Ave. entrance to the Center. Teens will dance to the beat of THE SOULS, one of the local and popular groups of Niles. Admission will be \$1.00.

The Bucks and Does Square Dance Club invites all Square Dancers to join them on Saturday, February 11 at 8 P.M. in the gym of the Dempster Junior High School, Route 83 and Dempster Road, Elk Grove, Foggy Thompson, the Club's Caller, will be calling for the Valentine Dance. Carl and Marie Peterson of LaGrange will lead Round Dancing and will teach the Round Dance of the Month during the evening.

The Recreation Department of the Park District would also like to announce that the very popular Game Room at the Recreation Center is open Monday through Friday afternoons from 3:30 to 5:00 p.m., for all the Niles children and teens, and also on Tuesday and Thursday evenings from 7:30 to 9:30 p.m. for Teens only. On holidays and emergencies when the local schools are all closed then the afternoon hours are 1:00 to 5:00 p.m. Everyone is invited to use the center and play different games that are provided or play cards, ping pong, shoot pool, listen to the records on the juke box or just sit around and talk.

LETTERS TO EDITOR

Work Long And Tiring Hours

To the Editor:
By the side of the Road; Did you give him a hand? He was slipping down hill Did you give him a word? Of your own free will? Did you show him the road? Or let him go on with his load! For he was a brother of man!

A vote of thanks and appreciation to those who worked such long and tiring hours in all capacities and offering assistance to all in need! But especially to our local stores such as Groceries and Pankau Pharmacy on Waukegan Road. During the entire blizzard doors were open, owners bringing the necessities such as bread, meat and drugs to their own expense, with no increase in prices, keeping very late hours to accommodate the public, offering suggestions, cashing checks and being cheerful and courteous at all times. We are all very fortunate living in Niles so let us give thanks where credit is due.

Mrs. John Schalz
7929 Nora St.,
Niles, Illinois

Praise Sam Bruno

An open letter to the people of Niles:
We are disappointed that Sam Bruno will not be a part of our ticket in the April election for Trustee of Niles. We also regret that we will no longer have the services of a man who has served ably for eight years.

The reasons are partly selfish. Four years ago, we were newcomers to election and government. At that time, Sam Bruno was already a veteran legislator. We relied heavily on his judgement, both during the election and our first few months in office. His dedication to the job of being Trustee set an example for us during those first difficult months.

If we were to pick just two examples of Sam Bruno's competent work, it would have to be his chairmanship of the police and fire committees. The Niles Police Department has become a top-rated, respected organization. A new, efficient communication system is presently being installed to further improve service. Our Fire Department, with Sam's guidance, has recently won a First Place Award for fire protection in Cook County. This award means that the fire insurance rates on all our homes will be reduced.

A list of all of Sam Bruno's accomplishments would take pages. Suffice it to say that having worked with him, we consider him a thoughtful deliberative, an able administrator, and a hard worker.

Of course, we have not always agreed on all the issues which came before the Board. It would be unreasonable to suppose that we would always view an issue the same way. However, our disagreements were borne of honest convictions, and we respected his convictions as he respected ours.

Niles is losing a very capable man when Sam Bruno steps down from the Trustee's seat. We will miss him there.
Edward Berkowsky
Angelo Marcheschi

Teen Center For Niles

Dear Mr. Besser:
Dreams have finally become a reality, Niles has presented its youth with a teen center, officially known as THE CRIB, and located in the Lawrencewood Shopping Center. It was built as a home away from home for the teens of Niles, where they can go to dance or just sit and talk.

Friday night, February 3rd, the center held their first dance. The band was just great, refreshments were plentiful, and even the chaperones seemed to "dig" the music. There was only one thing wrong, the teens of Niles, the greater majority of them, didn't show up. For a year or two, we've complained that there was no place for us to go. Finally through much hard work and effort, a handful of adults and kids were able to make our wish come true. They have offered to us what we have been wanting, a place where teens can gather. I think it's our turn now, to put all the work we can into making THE CRIB a success.

As some of my friends and I entered THE CRIB, we were greeted by Mr. Chuck O'Grady, one of the founders of the teen center, and Mr. Michael Aaronson, a Niles Youth Commissioner. We talked for a few minutes and they asked how our Little Theatre Group was doing. We replied very good, but we were having problems in finding places to hold our meetings. Very casually, and with sly grins on their faces, they made our wish, a wish that we have had for three years, come true. They offered THE CRIB to us for our meetings, and other business that we might have to tend to. With appreciation and a wide smile on our faces, we accepted.

We, of the Niles Little Theatre group appreciate what "The Founders" of the teen center are doing for us and the teens of Niles. We pledge our help to try and make THE CRIB a success, and we hope each and every teen of Niles will try and do the same.
Karen Amato
Head Advisor,
Niles Little Theatre Group

Chain Reaction

Dear Mr. Besser:
On Saturday morning after the record snowfall, those residents of Niles who enter their driveways from the 7800 block of Greenleaf, decided the Village plows would not be around for some time to open our street, so rather than talk about it, they got busy—men, women and children worked together raking down drifts, shoveling and using their own snowblowers to make an opening in the street to Milwaukee Avenue.

This started a chain reaction—Others, seeing what could be accomplished with a bit of cooperation, got to work. When we finished, the 8600 block of Ozanam and Merrill and the 7700 block of Greenleaf started shoveling and plowing to our openings, thereby giving them access to Milwaukee Avenue, too.

Opening the street to Milwaukee Avenue gave many the opportunity to do food and other important shopping and a good part of the street was open in case of emergency.
Sincerely,
Rita L. Gawm

Appoint MG Days Committee

Frexy Steve Yadron of the MG Days has appointed his committee assignments at a recent board meeting. The future success of the August carnival-festival hinges on these folks who will coordinate the various phases of carnival operation. Appointed by Yadron and VPrees John Roddy are the following:

Concessions—Chairman William Fisher & Thomas Bodkin Rides—Thomas Bodkin the chairman & William Fisher Merchandise—Chairman Rudy Follmann & Richard Winegard Publicity—Chairman Bill Yates & William Fisher & Rudy Follmann Car—Chairman Ed Gacki, Sid Novak, Jack Bartholmy, Gene Gallowich, Larry Welck Kiddie Parade—Jack Bartholmy Parade—Paul Frantell

Special Events—Richard Winegard, Gene Gallowich, Bill Yates, Irv Edelstein Miss MG Beauty Pageant Contest—Pat Turanski, Kerry Welck, Sid Novak Grounds—Bill Yates

This year will see an innovation in the team handling the Miss MG operation. The committee will handle all arrangements to coordinate the 4th of July presentation rather than relying on the publicity chairman as has happened in past years, a more smoothly run operation. Also Pat Turanski, the Sect of MG Days a former queen takes special interest in the overall structure. Joe Reznick again will ably handle finance. This job is probably THE most important facet of the entire carnival setup, a heck of a capable man for a tough job.

Golf Mill Schedules Holiday Matinees

In addition to its regular performances for "The Sound of Music" at 2 P.M. and 8 P.M. on weekdays and 1:30, 5:00 and 8:30 P.M. on Saturday and Sunday, the Golf Mill Theatre has scheduled an extra showtime on Monday, February 13th, and Wednesday, February 22nd.

To observe the birthdates of Abraham Lincoln and George Washington, when schools are closed, the showtimes for these dates will be the same as a Saturday and Sunday. There will be three performances on each day.

The management of the Golf Mill suggests that tickets for these extra performances be purchased in advance. The box office, at the theatre, is open from 1 P.M. to 10 P.M. every day to accommodate patrons who wish to purchase tickets in advance.

Anne Dahlstrom Bowls 278

Anne Dahlstrom, a 153-average bowler, bowling with the Marshall Field Mixed League at Classic Bowl in Morton Grove, bowled a whopping 278 game last Wednesday, January 25th. Anne started out with a spare, then rolled 9 strikes in a row. By that time she was pretty nervous and excited and came up with 9 in her 11th frame.

Henry Aronson, proprietor of Classic Bowl, stated that he would present Anne with a check for \$100.00. Anne will receive an award from the W.I.B.C.

P.W. & Park District Cooperate Praise P.W. Department

Dear Mr. Bessert:

As President of the Niles Park Dist. Board of Commissioners, I would like to take this opportunity to thank the men in the Public Works Dept. of Niles, under the supervision of Mr. Edward Bacher, for the splendid effort they put forth in opening up the streets of Niles during the recent blizzard.

The mobile equipment of the Park Dist. Maintenance Dept., which is under the supervision of Mr. Edward Pryczynski, was placed at the disposal of the Village upon the request of the Mayor of Niles, and was specifically assigned to open up the Grennan Heights area, from Harlem Ave. to Milwaukee Ave., and from Oakton St. to Main.

I personally want to compliment Commissioner Louis A. Schreiner, who was in charge of the Park Dist. Maintenance crew, and his men for the fine job they did. I ordered my services to Commissioner Schreiner, but since there was only room for two in the cabs of the Truck and Jeep, I was denied the opportunity to help.

In the future, during times of distress, I am sure that the Village of Niles and the Niles Park Dist. will again cooperate and act as a single unit for the benefit of all the residents of Niles, the "All America City".

Steve T. Chamerski, President, Niles Park District

Neighbors Work Together

"We Can" say the slogan of residents living on the 8700 block of Elmore Street and the 7800 block of Crain Street.

On Saturday morning after their own driveways were cleaned of snow, the neighbors decided to dig out all stalled cars on the street and park same in the closest private driveway.

They approached each other with "My name is Joe Smith, I live in the second house from the corner, I want to help."

"We Can" help our village they said by also shoveling a complete lane on the street for fire and police emergency. Twenty-six in all, young and old, owners and renters with shovels in hand opened the street. Shouts of joy were heard from one end of the block to the other upon completion.

From then on groups gathered at various homes for refreshments and fun to pass the time awaiting the flows which arrived at 4:20 p.m. on Sunday.

Upon seeing the crew at work and getting stuck with their equipment, the residents came out with coffee and cake.

In this emergency the residents of Elmore Street literally moved mountains of snow by teamwork and hard work -- proving again why Niles is truly the "All America City".

Margaret B. Lieske 8719 Elmore St.

A Principal's Dream Come True

A principal's dream come true.

That's what's keeping up the spirits of Catherine Carroll, principal of Hynes Elementary School in Morton Grove, despite all the snow problems these days.

At the rear of Mrs. Louretta Bobay's fourth-grade room at the District 67 school, a learning center has taken shape. It's a ready reference facility for use of all of the 660-some pupils at the school, which serves grades from kindergarten to

sixth. Youngsters are from Morton Grove and Niles.

Pupils can develop listening skills by means of an eight-position headset table and tape recorder. At this installation, taped material can be presented simultaneously to eight pupils.

Or they can investigate individually their own learning problem or inclination by means of scores of pamphlets on file. They can hear tape recorded book reports made by other pupils in the school. Or they can

probe Science Research programs designed for self-education at their own rate. Literature, map and globe work, social studies, math, science, and a dozen more fields are available and codified in reference booklets for their use. And more too.

Miss Carroll established the center in the face of "the explosion of materials" for teaching in the K-6 field.

Available soon will be a full program of guided instruction made possible by a new "controlled-reading machine", purchased for this school by its Parent-Teacher Club. Teachers are learning the machine's intricacies now. They are passing on the benefit of their skills as soon as they become adept in its use.

No wonder Miss Carroll always seems to be humming a happy tune as she goes by Room 27 in the school's new wing. It's the melody of her dream at work.

"Runaway Winner"

In Annual Sales Contest

Al C. Fichtner, 8828 Olcott Ave., Morton Grove, has been declared a "runaway winner" in the annual sales contest for 1966 sponsored by Acme Chemical Co., of Milwaukee, for whom he works.

rod of 1965. Acme is a major supplier of cleaning and maintenance materials for schools, institutions and industry.

Noting that Fichtner has been with the company for more than 10 years, Acme Sales Vice President, Patrick A. Rappé said the success of the contest would be measured not only by the prizes themselves, but also by the momentum and interest generated by the salesman during its 90-day tenure.

Left Hand

continued from page 1

for office it is obvious this machine-type octopus cuts down on the possibility of good candidates seeking office. Our mentioning the obstacles of the independent candidate graphically describes the dilemma of the superior candidate.

In Morton Grove one group has so dominated the town, there is no competition for the Village Offices, and the closed society there renders a disservice to a community which lacks dynamic action from the village hall.

Unfortunately, in Niles, the relative lack of action from the village hall the past year compared to the first years of the New Era are symptomatic Niles is getting less than the best from the men who sit there at the Hall.

The most striking example of Niles becoming staid and stale was the vote in which Blase and his followers voted against a resolution to bar a conflict of interest of Public Officials. In Skokie trustee Cal Sutker said they have such a resolution here and he said he would not actively have business in his hometown community. In Niles Blase and Mareschall have violated this practice which opens them to criticism. Naturally, they would oppose such a resolution, even though Blase campaigned against this very activity BEFORE he gained office. And so long as Blase men continue on the Board, such an obvious resolution will not be passed.

The entire problem stems from the creation of machine politics. While there can be positive reasons for such activity outside the local level in village elections, machines become constricting, and result in such action as the refusal to pass a conflict-of-interest ruling.

A pretty good case can be made for the rule. One glaring example of a conflict of interest concerned the closing of taverns at 2 A.M. rather than the present 4 A.M. Blase fought hard to keep them open until 4. And while we ourselves agreed they should stay open, we questioned whether Blase was serving the people who voted for him or the tavern owners who have used his legal services.

The postponed meeting for the Friends of the North Shore Junior College will meet February 13th at 8 P.M. at Niles East. The obvious need for a college in this area should receive the help of the many who've fought the good fight at the elementary and high school levels. Maine Township residents might consider attending the meeting pursuant to similar action for the area west of Harlem Avenue.

Bond Referendum

continued from page 2

If the transportation problems could be solved, Maine West would be at capacity. By 1969-1970, the expected enrollment of 11,707 broken down by existing geographic areas: Maine East—4,981, Maine West—3,626, and Maine South—3,100, would mean an 11 period day or split shifts for all three schools.

With these figures before them, the board voted to permit the expansion of Maine East to 4,500 students, and Maine South and Maine West to 3,500. Mr. Hartzell, board member from Niles, was most reluctant to vote for this large enrollment at Maine East. He again reiterated his opposition to any high school being designed for that capacity. He stated, however, "In view of this being the best formula we can produce and in view of the urgent needs I reluctantly acquiesce."

Having made these determinations on capacities which

Legion Aus. Open House Feb. 14

February 14th is known as Valentine's Day to all romantics, but next Tuesday is something special for the Morton Grove American Legion Auxiliary Unit #134. Known as Open House, the once a year feature will be held at 8 P.M. at the Post Memorial Home, 6140 Dempster.

This is the night of the regularly scheduled monthly session for the Auxiliary; however, their Open House is held for Legionnaires, other husbands not members of the Post, friends and other guests.

The program of the evening commemorates Americanism Month, February is traditionally celebrated as such throughout the American Legion Auxiliary Unit.

Mrs. Vincent Kopinski, Americanism Chairman, has announced a film concerning flags will be shown which should be most interesting to the male guests.

In addition, Mrs. William Eaton, Auxiliary President has announced that the Unit's special guest will be Post #134 Commander Jerry De Berthier.

Maine East Variety Show

Using the theme "A-1 and Saucy," this year's Variety Show at Maine East High School will present a full course dinner to please the palate of any gourmet. The tunes and dance steps, featuring the food theme, will be the evening's bill of fare for a three-night stand February 16-17-18, and will be presented in the school auditorium under sponsorship of the student council.

The menu includes everything from appetizers, "Tomato-A-Go-Go" sung by The Pickled Beets - Kent Carrone, Denny Holton, Bob Accardi, Doug Martens - to desert, "Shoe-Fly Pie," a comedy-dance routine by Linda Lederer and Anita Feldman, interspersed will be the entrees, vegetables, beverages, condiments, and a special "Dutch Treat" featuring Hendrika Dolstra, foreign exchange student from The Netherlands.

Norwood Zurek Post 36 Card & Bunco Party

The Norwood-Zurek Memorial Post 36 gala Annual Card and Bunco Party will be held Sunday, February 12th, at 2:30 P.M. at the Norwood Zurek Mem. Post Home 5639 Milwaukee Ave., Chicago 11. As in the past all proceeds will be used for work at the Hines Veterans Hospital. Also service work and Child Welfare Programs.

Niles Police Officers Using "Jeeps"

Niles Police Officers using "Jeeps" borrowed from the Kaiser Jeep Corporation of Niles, defy the snow during the crisis caused by last week's record snowfall.

On Thursday morning, January 26th, Mr. Charles Newton the General manager of the regional office of the Kaiser Jeep Corporation at 7500 N. Croname Road in Niles, called the Niles Police Department and offered the use of their fleet of company jeeps during the expected heavy snowfall. The offer was quickly accepted and the "Jeeps" were brought to the Niles Police Headquarters and parked adjacent to the building.

Niles Baseball League

All meetings to start at 8 P.M. and opened with the Pledge of Allegiance.

Jack Levitt and Walt Reusse report that the sponsor committee is in full operation. Help to make personal contact would be appreciated.

Insurance Committee - Bob Brook reported that premiums on accident insurance will probably increase because of the high rate paid out claims last year. General liability insurance is not expected to change.

Jack Leske, the chairman of the registration committee, reports that the dates of February 25 and March 4 have been selected as registration dates. Specific information will be mailed to all members. New comers to the league are advised to attend the Feb. 13th meeting at Niles Park Dist. Hall to get needed information. New Comers are instructed to find the birth certificates because they are a requisite to registration.

Pony League Extension discussed the problems. Lawrencewood field may not be available for play due to the landscaping of the field, to start sometime in the spring. Park Board has tentative plans for a 90 ft. base diamond at Main-East Jr. High.

Dick Les reported on the meeting with Alper & Alper Consultants hired by the Park District to study recreational facilities. A general outline of improvements suggested by the League Board of Directors was presented to the consultants and discussed.

Ken Larson placed a motion on the floor to continue the decal drive as is, and if proceeds are small a candy or cookie day could be

AMERICA'S PHARMACISTS by THOMPSON

THE TYPICAL PHARMACIST
IN THE U.S. FILLS AN
AVERAGE OF 12 PRESCRIPTIONS
A YEAR FOR EACH FAMILY
HE SERVES.

BECAUSE A PHARMACIST
KEEPS RECORDS OF EACH
PERSON'S PRESCRIPTIONS, HE
CAN ADVISE AGAINST PATENT
MEDICINES WHICH MIGHT
INTERFERE WITH A MEDICATION
A PERSON IS ALREADY TAKING.
HE CAN ALSO TELL CUSTOMERS
WHAT THEY SHOULD OR SHOULD NOT
EXPECT FROM A NEW DRUG.

THE ADVICE OF THEIR
PHARMACIST OFTEN STEERS
PEOPLE TOWARD EFFECTIVE RELIEF
FOR AILMENTS LIKE COLDS AND
MINOR DIGESTIVE UPSETS.
"WHAT'S GOOD FOR A COLD?
CORICIDIN, OF COURSE!" IS THE
ADVICE OF MANY PHARMACISTS
TO PEOPLE WHO SEEK RELIEF
FROM SNEEZING, CONGESTION
AND OTHER COLD SYMPTOMS.

TODAY'S PHARMACIST IS A
SKILLED PROFESSIONAL WITH
4 OR 5 YEARS OF INTENSIVE,
SPECIALIZED TRAINING IN A
COLLEGE OF PHARMACY. ABOUT
4,000 B.A.'S IN PHARMACY ARE
CONFERRED BY U.S. COLLEGES
AND UNIVERSITIES EACH YEAR.

LET FEW AMERICANS BE AWARE
OF THE VALUABLE SERVICES THEIR LOCAL PHARMACIES
PERFORM EACH DAY TO HELP KEEP THEM IN GOOD HEALTH!
