THE BUGLE

8139 Milwaukee Ave. — serving the village of Niles

966-3910 — VOL. 10 NO. 35 — THE BUGLE, THURSDAY, FEBRUARY 23, 1967 — 10¢ PER COPY

From The Left Hand

by David Besser
Editor & Publisher

We decided to print on page 8 Skokie's Code of Ethics which was unanimously approved April 13, 1966.

It is published in hopes our town might consider as definitive an ordinance.

Back in 1965 Niles Trustees Ed Berkowsky and Ang Marcheschi led the way for the opposition to a conflict of interest ordinance similiar to the one published on page 8. Now, with both men up for election in April they will lead the way next Tuesday to what we assume will be a watered-down version of such a strict code.

The passage of such an ordinance as Skokie now has would be a model for future public officials and public employees. While Mayor Blase and Marcheschi both would be in violation of such a law, had it been enacted in past years, nevertheless they would give Niles future insurance officials and employees would be serving the people they represent first and only.

Last week Chamber of Commerce president Al Green confused the issue which seems so clear cut and obvious. There is no restriction to any businessman serving the village. A local businessman living in the community has the same right to run for office as any other citizen. And if his experience would make him an able public official he should be encouraged to run. But if any candidate, businessman or otherwise, would aim to exploit the public office for private gain, then he should be cut down from serving the public.

Reviewing the ordinance under Sec. 10-11.1 (B) Conflict Of Interest it states, "No official or employee shall have a personal or financial interest which is incompatible with the proper discharge of his official duties in the public interest or would tend to impair his independence of judgement or action in the performance of his official duties."

Who's 1st On Park Ballot?

The bi-annual battle as to "Who is first on the ballot" became a point of controversy Friday, the first day of filing for the Niles Park election of April 18. The first candidate to file is given first place on the ballot, which is a position which candidates place much stock in.

First time candidate Aaron Michaelson, 8261 Elizabeth, reported he turned up at the Niles Recreation Center office Friday morning at 5 A.M. waiting for the office to open. When park secretary Ted Olson arrived at the office, at about 8:30 A.M. he already had incumbent commissioner Chamerski's petitions in his hand.

He accepted Michaelson's petitions and stamped them received at 8:33 A.M. which was

Brebeuf "Warriors" Win Basketball Tourney

The St. John Brebeuf 'B' Parish grade school basketball team won the St. Mary of the Lake basketball Tournament last Sunday in their biggest success of the year. The Warriors had to defeat four tough teams to win the title. St. Alphonsus of Prospect Heights, Our Lady of Wayside, St. Simeon and St. John Brebeuf 'A' School team.

Paul Klipowicz lead all scorers on the team and in the Tournament with a 19.9 pt. average for the 4 games and was picked as one of the All-Stars of the tournament. Phil Bethke, Bob Pugliese, Bill McEnerney, and Terry DiGloria also were standouts both offensively and defensively.

The strong back up support of Bruce Mroz, Tom Fulton, Mark Warren, Doug Kurzydlo, Ed Bush, B.J. Scahill, Gary Les, Brian Doyle, Rich Coteus and Dick Allegretti was a definite factor in the teams success.

The team record up to date is 33 wins and 3 losses. Besides this first place finish in the SML Tournament the Warriors have a first place finish in the C.Y.O. sectional and a second place finish in the St. Philip the Apostle Tournament. Coming up this Friday, February 24, at 7:00 P.M. the St. John Team will play at the St. John Brebeuf Gym for the Championship of the S.J.B. grade school league against St. Martha's.

Gurolnick Is Only Holdover

By June Hart

A three-time vote precedent was created at the East Maine Caucus meeting of Tuesday evening February 21, for the delegate selection of candidates to the three seats available on the Elementary Dist. 63 board. Conversationally after the results were made known, some delegates expressed themselves as "pleased but quite surprised."

From the seven nominees on the ballot, the three caucus endorsed candidates were: The Rev. William Q. Allen, 1601 N. Lincoln Ave., Park Ridge, Mr. Galen R. Hosler, 56 Stacy Ct., Glenview and Mr. William R. Gurolnick, 7921 Wilson Terrace, Morton Grove.

The Rev. Q. Allen, Vicar, St. Anselm's Episcopal Church, Park Ridge, said, "I am interested in serving on the Dist. 63 School Board because of my concern for education and my awareness of the basic needs of the school district from my observation at the "grass roots level" of the Ballard School P.T.A. The submission of my name to this committee was prompted by an appeal from several members of the Ballard P.T.A. for representation on the School Board, and encouraged in conversations with friends and neighbors. I feel qualified to present my credentials to this committee because for the past year I have been involved in an intensive study of Maine Township with regard to its social, economic, and religious structure. As a parent, as a priest, and as a citizen, I am deeply concerned that the children of this District be afforded the very best education we are capable of providing. Mr. Galen R. Hosler - Teacher of sociology, Niles Township High School, believed that a School Board member should understand the distinction between the policy making function of the Board and the administrative

Maine West Patrons To See Film On Argentina

"Argentina" from sophisticated Buenos Aires to the majestic isolation of the Andes will be displayed to Maine West Community Lecture patrons at 8 p.m., Thursday, February 23, in the auditorium of Maine Township High School West, 1755 Wolf Road, Des Plaines. Eric Pavel will personally narrate his color film.

Mr. Pavel's lively presentation on the Philippines introduced him to local audiences at the opening of the 1965-66 Maine East Series. He has also appeared before the Geographic Society of Chicago and the Chicago Natural History Museum.

European-born Eric Pavel is proficient in 7 languages. Following his college years in Switzerland and England, he worked for three years in the scientific film department of the Swiss Federal Institute of Technology. Later when he moved to South America he founded the Pan American Press and Film Company in Sao Paulo, Brazil, to produce industrial and classroom films.

Since 1953 he and his family have resided in California and have become American citizens. Mr. Pavel has been commissioned by Encyclopedia Films to produce a series of classroom films, and he is also a TV film producer. Many of his still photos have appeared in textbooks and in the National Geographic Magazine.

The Argentine film lecture presents a true picture of one of the most fascinating countries of South America. Highlights include the life of the people of Buenos Aires, "Portenos" as they are called; the Pampa, that fertile plain that produces meat, wheat, and wool for world trade; Patagonian sheep ranches; Mar del Plata, with its palacial summer resort homes; the Andes, following the Western border of Argentina; tropical Missions, where Indians discovered the use of leaves of the mate tree to make mate tea, the national beverage; the spectacular waterfall of Iguacu; and Salta famous for its historical Gaucho Parade.

A limited number of tickets for this single lecture will be available at the door. Further information may be obtained by calling the Adult Evening School offices, 825-3435 and 296-3400.

Nuclear power for Northern Illinois: Our first unit works so well we're building you five more.

Dresden One was a pioneer. It helped make Northern Illinois brighter. More important, it showed that nuclear-powered generating units are more efficient and reliable. And, by using nuclear energy we could produce electricity at about ten percent less cost.

Result?

By the early 1970s we plan to add five more nuclear units. Each to be one of the largest in the world.

In fact, once all six units are operating, Commonwealth Edison will be the largest producer of nuclear-generated electricity in the Western Hemisphere.

And that's going to mean even better electric service and lower-cost electricity for you. Which is still our prime concern. Giving you the best electric service possible.

N. D. Win 19th Victory Defeating Holy Cross & Wheeling

by John O'Connor

Led by 5 ft. 5 in. Jim McCauley, the Notre Dame Dons clinched their 19th victory in 22 decisions by defeating Holy Cross 55 - 48 and Wheeling 70 - 64.

McCauley's ball handling saved the Dons from near destruction twice and his new found shooting eye sparked Notre Dame to victory. Jim's tremendous dribbling ability broke the full court press employed by both opponents.

The Dons got off to a slow start against Holy Cross as two minutes and 37 seconds elapsed before anyone scored and the Crusaders broke the ice. At the end of the first quarter the Dons were on the short end of 13 - 11 score.

The Dons managed to close the gap by one point trailing 26 to 25, as the buzzer sounded.

The Dons came back fired up after half-time. 6 ft. 7 in. Steve Orser and 6 ft. 8 in. Barry Hentz finally decided to get tough under the boards and Notre Dame outscored Holy Cross by 7 to lead at the end of the third quarter 40 - 36.

Holy Cross cut the lead to 3 points 49 - 46 and 51 - 48, but Notre Dame hung on to win 7, 55 - 48.

The Dons moved out quickly against the small Wheeling team, but again Hentz and Orser failed to get the rebounds. Jim McCauley got the first three buckets against the Wildcats as the Dons led 18 - 16.

The second period proved to be different. Wheeling hit from outside and pulled down defensive rebounds as they outscored ND 2 - 18. Jim McCauley again saved the Dons who were trailing 38 - 34. With 2 seconds left, McCauley let fly from the centerline. As the buzzer sounded, the ball carromed off the backboard and through the basket to cut the lead to 38 - 36.

Once again the Dons came back from halftime with fire in their eyes. McCauley set up a beautiful play. As he crossed mid-court, dribbling, he spotted John Egart, caught the defense flatfooted as Egart made the easy layup. The Dons went ahead twice by ten points, 53 - 43 and 56 - 46 but eventually led by the third quarter score of 57 - 51.

Notre Dame pulled ahead by 11 points 64 - 53 and by 12, 68 - 56 before the Wildcats of Wheeling cut the lead to the victory margin of 70 - 64.

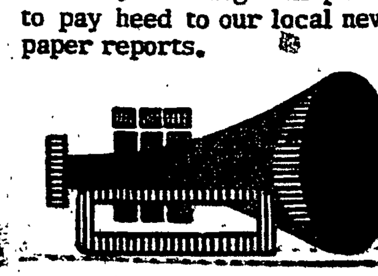
Niles Baseball League News

REGISTRATION: To each boy who is interested in playing ball, the registration date is dreaming time to be a Sandy Koufax or a Ron Santo. The Registration Committee is designated as the primary starting point of the new season for our boys. When this committee announces its registration date, the other committees such as Sponsor, Dance, and Father & Son have already completed their preparation and are in full swing of action.

JACK LESKE who heads this committee was its leader for the last five years. The attributes for coordinated operations are due to his leadership in this field. Inauguration of having duplicate of birth certificates, files of players by age with given code numbers, are credited to his administrative ability. JACK LESKE'S responsibility, dedication and desire to achieve the best in our youth program is why the Niles Baseball League rates as a highly creditable organization.

There is no restriction to any boy (8 to 16 years) who lives in the Village of Niles and cares to participate in the sport of baseball. Every boy who registers at registration time is GUARANTEED to be placed on a team. The Niles Baseball League rules state that a team player shall play at least three innings in every game. The Niles Baseball League is the only baseball league in the Chicagoland area who publicly makes this statement and adheres to it.

Though the committee mails notices to last year registered boys, it also places notices in stores, passes out printed notices in our local grammar schools. We urge all parents to pay heed to our local newspaper reports.



LETTERS TO THE EDITOR

Sincerest Thanks

Dear Mr. Besser:

On Sunday, February 15, our son Geoffrey slipped, due to the high snow drifts, through a plate glass window on Milwaukee Avenue severely lacerating his back. Fortunately, on hand was Nurse Carol of the Northwest Medical Center, who applied dressings to stem the bleeding, called the doctor, the Fire Department and notified us at home. The Fire Department responded in a matter of minutes to rush Geoffrey to the hospital.

Our sincerest thanks to Carol and to the firemen that were so prompt and efficient in preventing a much more serious injury. Our thanks too for their kindness to our son and the reassuring words to us of "He's going to be all right."

function of the administrator. Understanding this he said that the team would then operate as a responsible unit. He also noted that Board members could not make individual commitments and promises outside of a Board meeting. The power to act, to commit, or to regulate must be corporate action at meetings. Hosler concluded, "I believe that education in a community can be as good as the citizens of that community want it to be, and no better. The parents and taxpayers of school Dist. 63 must and should demand ability and sincerity from their school boards."

Mr. William R. Gurolnick, Master Science, Chemical Engineering and incumbent, was originator in 1962 of the East Maine High School Committee which became East Maine Township Caucus. He was its first chairman in 1963. "As a member of the Board of Education," Mr. Gurolnick said, "I subscribe to the philosophy of a child centered district, one in which a program exists that will allow each individual child to develop his talents to the limits of his abilities. Our superintendant is recognized as a leader in the educational field (Mr. H.E.McGuigan). Our administrator staff's recent accomplishments, attracted nationwide attention to our pilot programs, and brought monetary grants. For all children, the team teaching technique will provide the individualization of instruction necessary for each child's growth and dvelopment. It is my desire, using the experience of the last three years, to continue to serve the resident of Dist. 63. The problem remains - how to provide more classroom space and a strong educational program on limited financial resources. The residents of the District have shown by their support that they desire the Board to continue towards its goal of providing the best possible education for our children."

From the remaining four nominees, Sylvia McNair, 8855 Greenwood, Niles, incumbent, and incumbent Allen D. Schwartz, 8940 Church Street, Des Plaines, will run again in the forthcoming April election.

For the seat available on the High School Dist. 207 Board, Mr. Roy O. Makela, 8051 Octavia, Niles, was elected the Caucus endorsed candidate. Holding a B.S. in Architectural Engineering, Makela was instrumental in starting the East Maine General Caucus and has been an active delegate to the Caucus since its inception. In 1964-65 he served as chairman of the East Maine General Caucus. Contacted by the Caucus Search Committee, and individuals in the community, Mr. Makela said that he believed the future of the nation and of the world lies in the hands of our youth. "Maine," he said, "has the same problems that most other school districts have - the problem of insufficient funds to maintain high educational standards. Shortly the School Board will be asking the community to pass another referendum to build additional facilities in order to maintain the high standards in our district." Makela was chairman of the "East Maine Committee of 207" for the referendum on increasing the educational rate, and which was approved. He is presently on the steering committee for the Maine North referendum.

Another nominee for the High School Dist. 207 Board was Mrs. J. Gund, Ph. D. of 9013 Grace Avenue, Niles.

Current Caucus Committee is: Chairman - Mr. Eugene Jacobsen. Secretary - Mrs. Bill Gurolnick. Vice President - Mr. Martin Hodes.

Credentials' Chairman - Mr. John Obermeier. Nominating Chairman - Mr. Al Kapin.

The newly elected 1966-67 Caucus Committee are: Chairman - Mr. J. Maller. Vice Chairman - Sue Preston. Secretary - Mrs. R. Adler. Credentials - Mrs. Sharon Fleck. Nominating Chairman - Mr. Al Klein.

Hi!... You're On The Hartline

by June Hart
YO 6-9036

Focus Political - Feminine view of the candidates. This week we are featuring Incumbent Steve Chamerski, seeking office of commissioner to the Niles Park Board.

Mr. Chamerski is currently president of the Niles Park Board having served in this capacity for two consecutive years. "The only president to achieve this in the Park Board" proudly noted Steve.

In defense for criticism sometimes directed at him, Mr. Chamerski admitted, "We all make mistakes, and like everybody else I've made some too. My whole interest is in getting parks and recreation for the people, young people and the older folk. It takes time. It takes people and it takes money. We have great plans. Lots of plans and that is why I am seeking re-election."

"How many parks are in the offing?"

"The Ballard area for sure and possibly four more. At Nico Park they have outgrown the back-stop, so we're going to have flower gardens, a pavillion where they can have square-dancing and band sessions. At Oakton Manor a small house there for the kids, lots of plans," Steve predicted.

"Does a Park Commissioner receive a salary?"

"No. No salary period."

"What portion of the tax dollar (1 mill) for corporate tax and one twentieth of one dollar (1/2 mill) for recreation tax."

On the Park retaining a portion of Tam land, Mr. Chamerski said that in due course he would reveal plans regarding the 37-1/2 acres under contract to the Park.

A while back he said the Saturday Evening Post devoted a two page article to Niles park Board President, Steve Chamerski. The article titled America the Beautiful related to concerned with the saving of land from what it termed the industrial Rape. Mr. Chamerski is presently employed as foreman for the firm Croname Inc., having been with them for 31 years. His career started there when he was a young lad of 16. It was interrupted for a three year period during World War two when he served with the Medical Crops in spite of the loss of three fingers due to an earlier accident. He has served as a director for the Niles Chamber of Commerce, treasurer for the Niles Lions Club and a president of their bowling league. During his years of Park Board service, Steve pointed out that he had missed only two, out of some 400 meetings. This he said was due to his being out of town at the time. Steve and Ann Chamerski have a daughter Carol who is currently secretary for the Niles Recreation Center.

"I am ready to answer the people's questions if they care to call me at my home - Yo-7-8418," said Mr. Chamerski.
