Letters To Editor: Bugle Rebuked By Schreiners; Neighbor Objects To Fireworks Location Approve Budget At Tuesdays Village Board Meeting

By June-Hart
The Niles Village Board at the Tuesday June 27th meeting issued a special request to parents and children crossing west to east on Milwaukee Avenue to Recreation Center swimming pool, to please use the crossing at Mulford and Milwaukee. A policeman is presently on duty

there at 12:30 to 2:30 p.m. and at 4:00 to 5:30 P.M. The time intervals may alter in accord with the increase of youngsters using the crossing.

With the exception of Trustee Wente (who briefly discussed some irritations) all other

members of the Board approved the 1967-68 budget, heaping verbal accolades upon its author Trustee Scheel. Nilesites are requested to make note that following the Board meeting on July 11th a public forum will be held when, to quote Trustee Ken Scheel, "We shall discuss the budget's assets and facets," (July 11th in the Council Chambers).

Benjamin and Lang Inc. Bonding Attorneys presented the bids of various Trust Companies. On the advice and recommendation of Mr. Benjamin the Board accepted the bid of Channer Newman Securities Co. Accompanied by certified check interest rate 4-1/4% for 1969-1977. For 1978, 4-1/8% with gross dollar

\$56,026.58 minus premium \$140.00, Net cost \$55,886.18 expressed as 4.2178% per cent. The appropriation ordinance to be passed at the July 11 meeting. These are working cash fund bonds which are used for capital improvements and emergencies. It is a surplus fund which sits in the bank drawing interest used only for emergencies, such

LETTERS TO THE EDITOR

Hiring Relatives

Mr. Besser:

Recently you had a notice in your paper stating that the Bugle was reaching so many homes in Niles that week. If in two weeks it can go into all these homes, why is it that on the third week it somehow managed to bypass the home of a subscriber who has been subscribing yearly to the Bugle since the paper has been in print? Is it because on that third week you came out strongly against that subscriber, my mother, and her line of work with the Niles Park District?

I'd also like to know just what your gripe is about the park district hiring relatives. You must have some reason because this is an issue you bring up every year in your paper. Would you please state exactly why your so against relatives? (By the way, Mr. Besser, I'd like to remind you that the last time you came out against relatives working, who you mention often in your column, quit her job, but had to be rehired immediately because the park could find no one to replace her, and because the parents, as well as the children attending park programs, put up petitions asking

Move Fireworks Display

Dear Mr. Besser:

This year as in the past several years, the Niles Chamber of Commerce is going to present its annual Independence Day show and fireworks display at the Notre Dame High School football stadium. According to the newspapers, this show will be held on Monday, July 3, 1967 and is being publicized as being bigger and better than ever.

During the past two years that my family and I have lived in Niles, we have enjoyed the show but have dreaded the fireworks display which concludes the show. We are the first home south of the field.

The first year one of the sky rockets misfired and exploded less than fifty feet above our home and showered

FIREWORKS CELEBRATION JULY 3 AT NOTRE DAME

Honor Sam Bruno

Retiring trustee Sam Bruno was honored Saturday night at Bunker Hill Club by 220 friends. As former chairman of the Police and Fire Committee the departments gave Sam plaques, an honorary police star, a camera, an attached case, a TV set and a stereo-tape recorder. Sam also received cigars, his wife Fran received a bouquet of flowers in addition to a corsage, presented to her by the trustees' wives. Happy smiles came from his family. L. to R. Cynthia, Joey, Frann, Michael, Sam and Cheryl.

Driver's License Suspensions

The Illinois Secretary of State recommends all driver's license suspensions be reported in local newspapers in hope of deterring future violations.

The following licenses were reported suspended in Niles last week with a September 4th suspension expiration listed:

Carmen Bastone, 7207 Breen; James Wyruchpyski, 8317 Oc-

onto; Bessie Grover, 8413 Clara; Francis Dina, 7715 Oconto; John Bauer, 8116 Washington; Phillip Cali, 6720 Ebling; Kenneth Chie, 7885 Nordica; Mohammad Djomeh, 8293 Elizabeth; Robert Wakefield, 8901 Milwaukee; Dennis Landeen, 8031 Foster.

A reinstated driver's license was issued to Gene Franklin, 8401 Dempster, while James Johnson, 7126 Keeney, had a probationary-driver's license.

Chamber Sponsors Event

With the fervent hope that the weather will be accommodating, Niles, this year will celebrate the entry of the "glorious 4th" on the evening of July 3rd on the grounds of the Notre Dame High School, Dempster Street, Niles.

Niles Chamber of Commerce' public relations supervisor, Bob Wordel, (Teletype Corp.), explained that the change of usual procedure was decided with a view to "giving a break" to Niles' award winning Firemen, Policemen, and the Public Works people. "In previous years," said Mr. Wordel, "these people have spent the July 4th holiday in devoted service on behalf of public enjoyment. The past few months have been hectic for them weatherwise apart from normal duties. It will be nice for them to celebrate this July 4th with their families."

The evening events will include a diversified program of entertainment to be given by the all-girl Marching Band from St. Pats' Academy of Des Plaines. The Metro Fire Works Co.

OPEN SUNDAYS

8117 MILWAUKEE (Niles) YO 7-9788

(L.) Lions Carl Rathje, president and Bill Wetendorf, first vice president, Lions club of Niles, presenting Perkins Braille writer to Mrs. Doris Turoff of Hadley school for the blind, Winnetka, who gratefully accepted same for the school.

Lions Club Presents A Braille Writer

Through the generosity of certain sympathetic citizens of Niles and members of the Lions club of Niles, this service club was privileged to present to the Hadley school for the Blind, located in Winnetka, Ill., a Perkins Braille writer to be used by sightless students at the school. The Braille writer was obtained by the Lions club of Niles by special arrangement with the S & H stamp people for 50 books of S & H stamps. The retail value of the Braille

writer is in excess of \$100.00 and was accepted on behalf of the Hadley school by Mrs. Doris Turoff, secretary for Lions programs for Illinois, who expressed her appreciation and thanks to all those who sacrificed their S & H stamps to help those without sight. Mrs. Turoff stated that during the months of April and May 200 new enrollments in Braille had registered in the Hadley school, thus placing a greater demand on the school for Braille writ-

ers. Hadley school, a not for profit organization, provides more than 100 home study courses to the blind all over the world at no cost to the students. The Lions club of Niles will be grateful to anyone wishing to donate S & H stamps for the purpose of obtaining a Perkins Braille writer to be donated to the Hadley school for the blind and will gladly pick up S & H stamps if donor will contact Bill Wetendorf 823-4030 or Stuart Ravenbyrne, 965-2918.

Niles Village Board

Continued from page 1

as last year's unprecedented snow storms. The money is abated so it does not go on the tax rolls and it is always provided for in the appropriation ordinance.

The Board accepted the report from Mr. Robert Benkert (Able Fire Equipment) and representative Engineer from Federal Sign and Signal Corp., on the purchase and installation of Village fire sirens for the disaster program. Initially three warning sirens (rotating and directional) will be used in the Niles area - Milwaukee and Maryland; Caldwell and Harts Rd.; Monroe and Odell. After a study of the village Mr. Benkert estimated that three sirens could do the job of alerting the people in terms of weather, or nuclear attack, and Fire Dept. usage. An additional two smaller units would be included at a later date if deemed necessary. The cost of the three sirens estimated at \$15,000. The Board agreed to inquire into some form of federal grant for the project.

Mayor Nicholas Blase read a letter that has been drafted to the Army Corps of Engineers, (a proposal by Trustee Scheel at June 13th board meet) requesting the urgent need for the dredging and widening of the N. branch of the Chicago River. Copies of the letter are being sent to all northwest suburban communities in an endeavor to obtain their cooperation and coordination to expedite the request and alleviate flooding conditions.

Trustee Peck and Trustee Scheel were the two dissenting votes in the passage of a rezoning ordinance for the Gross Point Manor extension facility. The rezoning will be from B 2 Service District to R 3 General Resident Use as a Nursing Home. Seeking the petition, Attorney D. Krasner (said that since he withdrew the rezoning petition in December of '66 a complete survey had been made of the facility at present, and plan of the additional facility. According to the Dept. of Public Health and Welfare, Atty. Krasner attested, "We have met all requirements, and the new facility will be able to fulfill the needs created thru Medicare." Conferring with Mr. Eddie Bacher, Niles Public Works, Krasner established that it was on record that new sewers would be laid.

so as to eliminate a greater proportion of offending overlooking windows of the nursing home on to the private homes. He claimed the new addition would improve the appearance of the area by the removal of what was described as two "shacks" adjacent to the present home. The new facility he said would conform to the rezoning laws. Ample parking space would be provided. The Board granted the rezoning on the grounds that the facility would prove an asset to the Village in terms of its much needed, extended care facilities for the sick aged.

Summer School Begins July 10

Maine Township High School East, at Dempster Street and Potter Rd., announces that there is still room in the beginning Personal Typing classes for students from 7th grade up, to take the 4-week course which starts July 10th and continues through August 4th, at a cost of \$13.00 per student.

Atty. John Biestek for the denial insisted that the present facility had not conformed to zoning ordinances, caused a deprivation of privacy for a group of adjacent homeowners, and decreased their property values. According to the plan of the new addition, Biestek said a proposed long brick wall would further disenchant the private homes. Atty. Krasner pointed out on his chart that the wall was to be built on an angle
