Mid-Month Meanderings

Businessmen in the Oakton Manor area on west Oakton Street were ready to march on the Mayor's office last week when they saw "No Parking" signs go up in front of their stores. They gathered at the barber shop in anticipation of marching jointly to Blase's office. When the Mayor got wind of the meeting he sent a member of the Public Works Department to confront the problem, and the action did placate the rather irate store owners. These same businessmen endured many months of low receipts when the state highway was widened in front of their stores. And now having lived thru one crisis they saw the "No Parking" signs as the final blow which could force many of them out of business.

As of this Tuesday morning the signs have been temporarily covered and the village has suggested a paved area for diagonal parking to be constructed off the street.

While progress in creating a better road will aid travelers along Oakton Street the victims of progress are often overlooked.

One lesson which should be learned from the incident is businessmen throughout the community should be members of the Chamber of Commerce. The \$25 annual fee is a real bargain for local businessmen who have little communication with the village. Had these businessmen been active in the Chamber they might have anticipated these problems long before they occurred and sought aid before the problem confronted them.

Since this town belongs to you we think you should know...

Trustee Ken Scheel has suggested Niles initiate a quarterly seminar between all taxing bodies in our area to enable each group to know what's "the happening" in the other areas. A good example of the confusion which results from the lack of communications between groups is the wariness of the park district to proceed with their proposed plans for a referendum. Park president Jack Leske said he was unaware of the recent district 64 school vote and has scant knowledge that there may be a Niles referendum within the next year. The Scheel proposal for quarterly meetings should be pursued with haste.

Since the park district belongs to you we think you should know...

Chicago Bears' home games will be televised at the recreation center at 1 P.M., beginning Sunday. The games

"Sparky" Visits 15 Schools

Sparky, the legendary symbol of fire prevention, helped the Niles Fire Department carry their fire safety message to Niles schoolchildren this past week, nationally recognized as Fire Prevention Week.

Sparky, an 11 foot mannequin constructed of plastic by Niles Firemen, is a reproduction of the old-time firehouse Dalmatian. He visited all 15 schools in the village and through a loudspeaker system, preached the merits of a sound fire prevention program for the home and school. A fire department pumper accompanied the float and the children were encouraged to examine the apparatus and question the firemen.

Stereo tapes and other merchandise stolen from Penney's auto center. Attempt to open safe failed. An 8 year old Niles boy was located in Jefferson School after activating fire alarm box by yelling "Fire" into it. Fire units rushed to the school area. The matter was turned over to the Youth Bureau. Crain Avenue resident called, then refused ambulance after feeling chest pains. A re-occurrence resulted in the return of the ambulance which took her to hospital. Kay Music, 8146 Milwaukee, reported instrument valued at \$650 stolen from store. Thos. Vollaman, 9, bitten on right wrist by dog in 7900 Nora area. Jeff Miller, 7103 Monroe, reported the theft of portable radio valued at \$100 stolen from his car in Notre Dame parking lot. \$40 stolen from coin machine at gas station at 8401 Milwaukee.

Friday, October 6

North Niles resident complained of man driving in area blowing auto horn and telephoning complainant. Police officer was in home when he phoned and he warned him against any further disturbances. Theft of impact wrench reported at service station at 5900 Touhy. An overheated refrigerator motor brought fire department to home of James Foley, 8633 Olcott. Large rock reported thrown thru rear window of Golf Mill Bowling Lanes, 9300 Milwaukee. Telephone wires were on ground in 6600 Harts block after truck hit overhanging wires. Right front wheel stolen from auto parked at 8300 Greenwood.

Scheel, a graduate of Colgate University, said he is unschooled in the manager field but feels his background as financial chairman of the village board the past 6 years, plus his business experience, will enable him to qualify for the job.

The resignation of the trustee post will result in Mayor Blase appointing a resident to fill the post until April, 1969. The new appointment will prove significant since the appointee will likely seek re-election with Blase in the 1969 election.

Scheel's resignation becomes effective October 14 and his new job begins Monday, October 16.

Village Of Niles To Conduct Special Census

Because of the unusual growth through annexations and new developments during the past three years, the Village of Niles will conduct a special census to be taken during the end of October, 1967.

In 1964, Niles conducted a special census which yielded a total population of 29,497. The present estimate is 33,000, or an increase of over 3,500 residents. The additional 3,500 residents will bring an intake of \$210,000.00 additional benefits from Motor Fuel Tax monies refunded to the Village of Niles by the State. This money is used for improvements for arterial streets and other MFT projects.

Girl Scouts Participate In "Operation Shop Early"

Girl Scout Troops from Oak School, Niles Public School and St. John Brebeuf participated in "Operation Shop Early" sponsored by the American Red Cross. Twenty-five bags were filled with toothbrush holders, ballpoint pens, writing paper, small address books, plastic soap cases, terry cloth wash cloth, nail clippers, paperback books, miniature travel games, plastic bags and many other personal items.

All these items were collected and returned to Red Cross by October 1 so that our boys in Viet Nam could know that we have not forgotten them during the holiday season coming up.

A rainy day failed to dampen the spirits of Troop 846 as the Girl Scouts drove to the Wauconda Orchards on September 28th to pick apples. The drivers were mothers of the Scouts, namely Mrs. Hosard Haave, Mrs. Robert Miller,

Mrs. Robert Mc Donough, Mrs. Vasco Matteoni, Mrs. Frank Samuelson, Mrs. William Fied and Mrs. Ralph Kozeny.

Girl Scouts that filled not only bushels and bags but their tummies full of apples were Carmel Daugird, Jeanne Tabor, Terese Pater, Kathy Draths, Susan Sheldarski, Mary Likvan, Dianne Wiedemann, Diane Hickey, Marily Arndt, Chris Rzepka, Sharon Szwec, Kathy Schock, Barbara Wrzepski, Barbara Borman, Nancy Uhlig, Kathy Barrett, Karen Merkel, Debbie Bush, Pat Clausen, Laurie Volpe, Judy Jakubowski, Nancy Suppan, Karen Huelisman, Margie Haave, Joanne Miller, Mary Beth Mc Donough, Mary Beth Samuelson, Laurie Fied, Debbie Kozeny and a guest Amy Matteoni.

The girls agreed the apples were delicious, but after eight or nine of them, they lost their appeal to their appetites.

District 207 Board Approves Sale Of Bonds

Sale of \$2,000,000 in General Obligation Bonds which will meet contractual requirements for the construction and renovation of the three Maine High Schools through July 1st of 1968 was approved by the Township High School District #207 Board of Education during a recessed meeting held Monday, October 2, at Maine East. The "bid opening" will be held at the Northern Trust Company of Chicago at 2:00 P.M. on Monday, November 6, 1967. Following the bid opening the Board of Education will meet in regular session on the same evening for the purpose of officially accepting the offer of the successful bidder. The decision to sell the bonds was based on a report by Harold Markworth, Business Manager and secretary to the Board of Education for the Maine High Schools who presented a summative schedule of funds required to meet contractual obligations for construction purposes and for architectural fees for the three high schools.

The schedule called for \$450,000 needed by December 16, 1967, with a cumulative total of \$7,232,300 required by Nov. 17, 1969. Markworth commented that the initial \$450,000 could be financed through the building fund, if necessary, until November 30, 1967. All of the funds scheduled for expenditure had previously been approved by the board and were a part of the March 11, 1967 Referendum.

Howard W. Voss, Sr., a representative of Voss Associates, Consultants on Public Finance, whose company holds a contract with the Board of Education for the purpose of assisting in the sale of the General Obligation Bonds presented several suggestions related to the sale. Voss suggested that a committee of three to five, including members of the Board of Education, the Superintendent of Schools and the Business Manager of the school district, as well as a member of Voss Associates, plan a visit to Dun and Bradstreet, Moody's Investor's Service, and Standard and Poor's all of New York City, to attempt to improve the School District's credit rating.

Mr. Roy O. Makela, Niles Chairman of the Building and

Grounds Committee, reviewed the preliminary plans for the Maine West "Library Materials Center" and the Board approved the school architect proceeding with the final plans and specifications.

The Board also gave approval to the preliminary plans, and instructions for the architect to proceed with drawings, on Maine East projects related to the Dee Road and Dempster Street intersection; Dee Road entrance roadway; Faculty parking expansion; Dempster Street Auditorium entrance and sidewalks; and the Dempster Street bus stop shelter. The school architect, with Board sanction, was further instructed to develop final specifications for the new swimming pool at Maine East.

The Board discussed, at some length, decisions relative to the expansion of Maine East and the construction of Maine North. Of great concern was the anticipated student population through 1974, and the increasing cost of construction.

Dr. Short indicated that the present high school student enrollment was running about 400 students below that projected in the fall of 1966 and further pointed out that this "slow down" in rate of growth will not affect the ultimate student enrollment as originally planned. Board members expressed concern over the school capacity as it relates to "quality" education and also registered interest in making the most efficient use of available construction funds. As a result, the Board instructed the school architect to prepare a "schematic" plan for Maine East designed to serve a student enrollment of 3,500. A Building and Grounds committee meeting will be called as soon as these plans are made available. In order to study the plan and the estimated cost.

President E. Hoy McConnell reminded Board members and the public that the next regular monthly meeting would be held on October 16th, 8:00 P.M., at Maine East, and that the November Board meeting would be held on Monday, November 6th, 8:00 P.M., at Maine East, instead of Monday, November 20th as previously announced.

Cast Chosen For Maine East's "A Midsummer Night's Dream"

Cast for the Senior Class play, "A Midsummer Night's Dream" has been announced.

Players include Cathleen Freeman, Niles, as Hermia, with Thomas Hesseling, Glenview, as her lover Lysander. The lovers Helena and Demetrius will be portrayed by Susan Sandvik, Niles, and Richard Spence, Niles.

Rude mechanics or comic relief in the play includes Bottom, to be portrayed by Lawrence Keller, Glenview; Wite, Flute and Thisbe enacted by Mark Frank, Morton Grove, Diane Zini, Morton Grove, will play Titania, queen of the fairies and Hippolyta, the Amazon queen, will be portrayed by Nadine Hill, Park Ridge.

Cathleen Freeman comments, "The whole play is a comic satire on love. Students can relate these characters and get involved with them."

Explains Mr. Barry Brown, drama instructor and fall play director, "One of the difficulties that the students have had so far is that some consider their roles unimportant. "A Midsummer Night's Dream" is a play in which all parts are extremely important to context."

Progress in noticeable at rehearsals in the attitude of actors toward the play itself. States Marilyn Goldstein, Morton Grove, student director of the fall play, "At tryouts, students were unfamiliar with Shakespeare and might have thought him stuffy. Now they understand Shakespearean diction and the play in its entirety is understood by the cast."

As student director, Marilyn's job is, as she states it, "A learning process." She prompts actors, assists the blocking of scenes, and helps with the various committees such as usher, publicity, and prop.

Concludes Mr. Brown, "The play requires total ensemble acting, so if everyone pulls his weight it will be an excellent performance."

Held Over At Golf Mill

During his training of 12 condemned GI's who are given the opportunity for a possible pardon by executing a dangerous mission behind German lines, Lee Marvin invites Clint Walker to attack him with a knife and flips him with a judo throw. The scene is from MGM's dynamic drama, "The Dirty Dozen."

Niles Woman's Club 'New Look'

"If our friends could see us now, they wouldn't believe it!" Sylvia Halpern, wig consultant from Sear's Irving Park store and Florence Swanson, Coty representative were responsible for the transformations of the above members of The Woman's Club of Niles. In case you don't recognize them: Back Row L to R: Mrs. Wm. Egan, Mrs. Geo. Wegner, Mrs. Wm. Curtin, Mrs. Rim. Hanrahan and Mrs. Ray. Shurson, Front Row L to R: Mrs. Ralph Lieske, Mrs. Edw. Berkowsky, Mrs. Vincent Beber, Mrs. John Zarembo, pres., and Mrs. Ernest Vehrs.

So often the question arises: "Just what does the woman's club do?" Since 1954, when they were started, they have been responsible for the reorganization of the Friends of the Niles Public Library, the formation of the Niles Art Guild, have been instrumental in assisting in the reception for new citizens and formation of the Niles Citizens Committee. When you went for your T.B. Exray, Measles shot, Polio inoculation or pre-school eye test, volunteers have been members of The Woman's Club

Their politics; The Woman's Club of Niles, does not, cannot and will not back any political party. They do welcome members from any party. The Illinois Federation of Women's Clubs is celebrating their 76th year and although the Niles Branch is just entering its teen years they hope to keep growing and do not intend to enter politics in any way, shape or form. A member is never questioned regarding her political beliefs nor urged to back any candidate.

For more information, Mrs. Timothy Hanrahan, Membership Chairman, will be glad to answer any questions. Her number is: YO 5-4979.

Golf Junior Hi School Newspaper Named "The Informer"

Laura Mines of Glenview, a seventh grader at Golf Junior High School, has won the contest to name the school's new newspaper.

Her winning entry: The Informer.

Her prizes: a paperback book of her choice from the next book-club list, and a one-year's subscription to The Informer.

Sue Mitchell, another seventh grader from Morton Grove, won second prize, a year's subscription, with her name suggestion, "The Cardinal Clarion (a cardinal is the school symbol)."

First issue of the newspaper, when it was still unnamed, was two weeks ago. Nancy Howe, Debbie Saret and Debbie Terry are editors. Second issue, the first under the new name, was set for the second week in October. Mrs. May Pletz is faculty sponsor.

"The Informer, among other things, has an unusual humor department called "Show Me." Examples: "Show me two nice running for president

and I'll show you a rat race" (Eve Lendway); "Show me a wallet and I'll show you a pocketful of troubles" (Janice Berger); "Show me a lumpy dairy and I'll show you a bump on a log" (Matt Menze).

Niles Area Boys On Edison Park Cardinal Team

Four boys from the Niles area have made starting berths on the Edison Park Cardinals Football team, which plays in the Chicago Suburban Junior Football League.

At this writing, the Cardinals are in 1st place in their division, and this place has been helped greatly by the four boys who are; Keith Larson, starting Quarterback, and defensive safety; Rich Dayment, reserve quarterback and starting defensive safety; Jim Sylvaine starting Left Halfback and reserve defensive safety, and Philip Wojtk starting outside linebacker.

The Cardinals have a record of 4 wins and 1 tie, and have a fine chance to win the championship due to the fine play that has been contributed by the four boys mentioned above.

HERE'S HOW!

EXPERT TIPS FOR HOMEMAKERS by Doris Thompson

CARDBOARD TUBES FROM WAXED PAPER, ALUMINUM FOIL AND PAPER TOWELS MAKE EXCELLENT CONTAINERS WHEN CHILDREN WANT TO TAKE PICTURES AND PAPERS TO SCHOOL. ROLLED IN THE TUBE, THE CONTENTS ARRIVE AT SCHOOL CLEAN AND WHOLE. THEY ALSO COME IN HANDY WHEN THE CHILDREN HAVE ART WORK TO BRING HOME FROM SCHOOL.

YOU'LL BE LESS TIRED IF YOU SIT DOWN WHILE WORKING IN THE KITCHEN. STANDING TAKES 14 PER CENT MORE ENERGY THAN SITTING, ACCORDING TO SIDNEY MARGOLIUS, WHO MADE A STUDY OF WOMEN'S WORK HABITS.

TO PREVENT GUMMY NOODLES, RICE, MACARONI AND SPAGHETTI, ADD TWO TEASPOONS OF COOKING OIL TO THE WATER BEFORE COOKING. THIS MAKES THE NOODLES GLISTEN AND STAND APART.

TO HELP KEEP YOUR CHILD'S MOTIVATION HIGH, TRY REWARDING HIM WITH A SNACK AFTER PERIODS OF PRACTICE OR STUDY. A BOTTLE OF PEPSI-COLA BEATS ALL OTHERS COLD.

Scheel Resigns

Continued from Page 1

In other actions Blase announced the Board reviewed the move, 'I, A Woman', Friday, after receiving many phone calls criticizing the showing of the picture in Niles. He said the Lawrencewood Theatre, which scheduled the film, was most co-operative in removing the film. Blase said Niles had an agreement with the theatre which gives the village the right of approval for movies shown there.

In response from a question from the audience Blase announced the village is waiting for a cost report from a California community before determining whether to consider purchasing a helicopter. A second company will be demonstrating its model soon in Niles and many community leaders will be invited to ride in the plane.

Niles is joining with 14 neighboring villages in a mass transportation study which may be financed in part by the federal government.

Niles is studying a family service plan instituted by Oak Lawn and it is likely Niles may create a similar service.

Health Board recommends Nilesites go to their local doctors for flu shots.

Census-taking will begin October 23.

Community improvement program submitted to federal government which will make Niles eligible for federal funds for proposed improvements for coming year.

Only Scheel objected to Youth Council sponsoring explorer troop which will study government as one of its projects. Scheel didn't feel it was function of Commission to sponsor any groups.

Two separate sewer bids thrown out on Blase's recommendation when only 1 bidder, Jos. LeVerde and Sons, com-

pleted with bidding regulations. Village will advertise again for sewer bids.

Tabled the residential building of 4 lots on Birchwood behind A to Z Rental when under-sized lots did not provide off-street parking.

Eight Nilesites will take part in medical self-help program beginning Tuesday at 8 P.M. at the Dempster St. firehouse.

Waukegan Rd. lighting will be installed by November.

Marcheschi reported village turn-over of residents is 'tremendous'. During 3 summer months 722 new water accounts recorded with more than 500 families moving away from Niles.

Requested aerial photos of small subdivision next to Maynard Street in north Niles before considering annexation into village.

Troop 175 Attends Fall Camporee

Boy scout troop 175 started the new season of scouting by attending a fall camporee sponsored by the Maine Ridge District at the Lakota boy scout reservation in Woodstock, Ill. over the last weekend in September. The theme for the camporee was survival in the wilderness.

The following committeemen spent the weekend roughing it with the boy scout, Ralph Kozny, Bob Wolski, Ted Lesniak, Dan Moriarty, and Len Lettlow. The boys learned to build implements and camping equipment that is necessary for survival in the woods.

...NICO residents who've been clamoring for additional park facilities will be pleased to know a tennis court, shuffleboard and horseshoe pits will be installed at their local park. The tennis court will cost about \$5,000 and will be the sixth in Niles.

...Residents in the Cumberland-Oak Street area will be aided by a new sewer there. The park District has dedicated

an easement to the village which will enable a sewer to be built on the west side of Cumberland and connecting to the sewer on Ballard Road. School district 63 will also dedicate a similar easement.

...Jack Leske reports a new park activity, a drama course, is proving highly successful. The young lady who conducts the program is studying for her 'Masters' degree in Northwestern's Speech School and Jack reports she is doing a 'masterful' job. There are presently two groups studying in the elementary and junior high levels.
