Sitting in on last week's park board meeting you couldn't help but wonder if the Board didn't have what might be called a group "death wish". While residents constantly peek away at the Board its members seem to get into the spirit of things by doing its own pecking, both at residents and at itself, causing a hopeless futility to be cast over the room, long before the meeting ends. When the final gavel adjourns you feel three hours just went down the drain, with nothing accomplished.

Park Board president Jack Leske seems to exemplify the 'good guys finish last' thesis. In trying to be a good guy Jack gets hammered pretty good from all sides. While residents complain about park board inactivity, Jack has to handle park commissioners like Ray Egan, who swings in all directions to little avail. When a lady from Ozanam Avenue merely asked about a backstop in the Oakton Park Egan began berating residents who carp about the park in their home area. The lady, so taken back by the unusual retort, told the Board she understood why the Board accomplishes so little and why so few people turn up at these meetings, when they're mistreated in such a manner. While Egan quickly apologized, the Park Board lost one more resident whose support they can ill afford to lose. The meeting, which never got off the ground, seemed to be going downhill for the rest of the evening.

The problems surrounding the park board are quite evident and we're not sure a great deal can be done to overcome them. To begin with, Niles has a pathetic group of parks. And because of the size and limited facilities, the recreational aspects of each park are limited. While past park boards might have to share its responsibility, residents in the district who turned down 6 out of 7 park referendums are the primary culprits for the present state of the district. In past years voters said "No" to a park where Lawrencewood now stands, and twice voted against a park between the Oak and Notre Dame Schools. In past years they also rejected local kiddie parks and most recently rejected the proposals surrounding the TAM area. Thus, while the park board can be faulted for not being attuned to the feelings of the community, the community can be criticized for not making its wishes known to the Board.

It is always very easy to simplify a problem. We've often thought the park board has a public relations problem. But this is really not true. Most Nilesites, sitting behind their brick walls have little or no contact with the park board except on voting day. And since they voted "No" everytime but once they are obviously not sold on the propositions presented to them. While all referendums can use the help of a well-organized selling job, what seems to move the voters to checking

School Caucus Meeting

The 1967-1968 School Caucus held its first meeting at the Jefferson School on 10th of Oct, 1967 to elect the nominating committee for selection of prospective candidates for election to District 64 and District 207 school board vacancies.

The Nominating Committee, pictured above receiving congratulatory applause from Caucus delegates are (left to right) L. Helmick, J. Holan, H. Sommerschild, Chairman, H. Anderson, Secretary, E. O'Keefe, Vice Chairman, D. Gibbons, P. Mahaffey, and alternates J. Hupp and R. Trantin.

This committee will spend

countless hours in the next few months interviewing and screening prospective candidates for introduction at the next Caucus meeting to be held at Jefferson School on Jan. 9, 1967. Persons interested in obtaining an interview as a prospective school board candidate may contact Chairman Anderson 823-3546, Vice Chairman Gibbons 825-5482, or secretary O'Keefe 823-4367.

While prospective candidates may be nominated from the floor at the Jan. 9, Caucus meeting it is recommended that they appear before the nominating committee in order for the nominating committee to

have the opportunity to perform a detailed interview for which the time allocated at a Caucus meeting is very limited.

Seventy-seven voting delegates, representing various civic, religious, and educational organizations throughout Park Ridge and Niles attended the Caucus meeting on 10, Oct. 1967.

While every eligible voter is entitled to his or her choice of candidates, voters should give consideration to obvious qualifications of the candidates selected by the nominating committee and the ultimate recommendation of candidates by the Caucus delegates.

Niles Safety Council Urges Motorists To Be Alert During Halloween

Ghosts have been reported on the streets of Niles. Several motorists have reported seeing these ethereal specters during the hours of darkness the past week and the number of "spooks" seems to be increasing.

This increase is attributed to the advent of the witching season - Halloween - which is now upon us.

The Niles Safety Council pointed out today that these "goblins", the trick or treaters and pranksters, are often a safety hazard on our streets and highways. He urges motorists to be extra alert and cautious during this harvest season.

These youthful enthusiasts, in

their vision impairing grotesque garb, dart from treat to treat and street to street, promoting their "trick or treat" campaign. From the dark shadows, from the street corners, and from behind the parked cars they come - only the alert driver will see them. They are busy and unaware of traffic dangers.

Many will leave these evenings on their "rounds". How many shall return? We hope all. Your careful driving will help.

The very quickest reactions cannot slam on a brake in time to stop when a child zips into the street from behind a parked auto - even in the daylight

hours. Ponder for just a minute your inability to stop in time to save the life of a child, a child who is completely reliant on you.

How would you feel if you betrayed this reliance?

The Niles Safety Council adds a tip to parents of little goblins and witches, "It's a bright idea to have them wear white at night, and to eliminate all false faces and masks that may make it impossible to 'face up' to a hazardous situation. A good job of using Mom's make-up will disguise Trick or Treaters, as well as a mask, and will keep vision at a maximum".

Niles Firefighters Attend Three-Day School

All phases of operating fire department pumps, including service tests and mechanical maintenance, were the subjects of a three-day school recently attended by two Niles Fire Department officers.

The two were Lts. Walter Blase and Gerald Himmler, who are the department's assistants to mechanics. They were participants in the Pump Operators School, in Monticello, Ill. The school was sponsored by the Firemanship Training Division of University Extension, University of Illinois.

The classes, which ran from 8:30 a.m. to 9:00 p.m. daily, covered such subjects as mechanical principles of pump operation, daily pump maintenance checks, lubrication, service tests, relay operations, and drafting with pumpers' portable pumps.

According to Fire Chief Albert L. Hoeib, proper and judicious maintenance and operation of Niles' equipment will assure long and economic years of service, and represent a substantial savings to Niles taxpayers.

Preliminary Plans To Be Drafted For Maine East Additions

Board of Education of Township High School Dist. 207, at a board meeting Oct. 16, approved the drafting of preliminary plans for additions and renovations at Maine Township High School East for an over-all design concept to house an additional program for 3,500 students on an eight-period day. The school architect was instructed to proceed with these plans.

Dr. Short, Superintendent of Maine High schools, stated that the greatest influx of students can be expected at Maine Township High School East, with the student enrollment to reach about 4,474 by the 1970-71 school term. He further commented that it is hoped that the Maine North facility will be operable by the 1970-1971 school year, to take care of the overload of students at Maine East. According to the officials of Education and school boards, the year of 1971 should be the absolute opening date for Maine North.

The superintendent also stated that all available resources, leading to an evaluation of student population to be anticipated for subsequent school years, had been surveyed by members of the administrative staff and recently tabulated in an up-dated form.

Total student enrollment in the three Maine high schools (current and estimated) was reported as follows: 1967-1968 (actual) 9,940; 1968-1969 (esti-

mated) 10,530; 1969-1970 (estimated) 10,889; 1970-1971 (estimated) 11,240; 1971-1972 (estimated) 11,630. Ralph J. Frost, Assistant Superintendent, stated that all indications point to the eventual need to accommodate at least 14,000 students and that available facts further indicate that the total population served in the high school district will have reached 200,000 by 1980.

John L. Means, board member, Des Plaines and Dr. Short commented that a shift in school boundaries would be inevitable as additional high school facilities were added to the school district complex.

The board approved the appointments of two professional teachers and four new members of the office and/or custodial staff as recommended by Frost and Harold Markworth, school district business manager. Further items of board action related to the approval of the resolution for the sale of bonds as prepared by Allyn J. Franke, attorney and approval of the annual report and Application for Recognition of Township High School Dist. 207 for the 1967-1968 school year.

John W. Wilkins, Des Plaines, chairman of the finance committee, stated that a "target expenditure" of about \$7,000,000 was anticipated for the additions and renovations to the existing three high schools and that about \$7,500,000 to \$8,000,

Volunteer Hours Top 100,000 Mark At LGH

Volunteer hours topped the 100,000 mark for the first time during the past year at Lutheran General Hospital, Park Ridge. This was reported in the annual report sent to members of the hospital's Service League.

Volunteers gave 103,022 hours of service in 76 different positions in the hospital.

Notre Dame Dons Defeat St. Edward's 47-13

by John O'Connor

Notre Dame pulled the plug on the St. Edward's Greenwaves' hopes of an upset, by trouncing the winless St. Ed's team, 47-13.

The Dons coasted to their 4th consecutive SCC win last Sunday.

St. Ed's kicked off to Notre Dame. The "Green Machine" went into gear, aided by three St. Ed's offensive penalties. Fullback Greg Luzinski bulled his way for seven yards, and the first of many Notre Dame touchdowns. After an illegal procedure penalty against the Dons, Greg booted the extra point.

After Notre Dame booted to the St. Ed's squad, the Greenwaves went into the shotgun formation. That is, the quarterback was the lone running back in the backfield about 10 yards from the line of scrimmage. The shotgun formation greatly facilitates the passing attack of a team.

The stout Don defense held and the offense took over at their own 42 yard line. Jim Lannon grabbed a Tom Lange pass for a 22 yard gain to the thirty six yard line of St. Ed's. On the next play, a reverse, Halfback Gary Lund romped 36 yards for the second Don touchdown. Luzinski converted to give the Dons a lead of 14-0.

Saint Edward scored their first touchdown in the opening seconds in the 2nd quarter. Greenwave Quarterback John Holmes passed for thirty yards to halfback Tom Mann. Three plays later Notre Dame's Roy Vana was called for interference at the 8 yard line. St. Ed then went into one of their rare "normal" backfield alignments and lost a yard to the nine. Two plays later Tom Mann caught a nine yard pass.

The Greenwaves kicked to Notre Dame's 17 yard line. Jim Lannon grabbed quarterback Tom Lange's pass for a 41 yard pickup. A few plays later, Lange rolled to his right and ran 17 yards for ND's third score. Luzinski's kick was blocked, ND led 20-6.

Notre Dame kicked off to St. Ed's Michael Hill at the 10 yard line. Mike ran 15 yards, was tackled and Notre Dame's John Maher recovered his fumble at the Greenwave 25. Halfback Gary Aylesworth scored on

the next play, a 25 yard pass. After a ND offside penalty, Luzinski made it, 27-6.

St. Ed's offense began to move after a fumble recovery. Defensive linebacker for Notre Dame, Joe Petricca intercepted a John Holmes pass at the Notre Dame five yard line. Joe raced 65 yards before he was pushed out of bounds. Greg Luzinski ran 30 yards for the fifth Notre Dame touchdown of the half, which ended with Notre Dame leading 33-6.

In the second half, Notre Dame was forced to punt for the first time in the game. St. Ed could not move against the Notre Dame defense. John Holmes launched a futile punt to Notre Dame's Gary Lund. Gary handed the ball to defensive halfback Chuck Blodeau. Blodeau galloped 65 yards for another Notre Dame score.

John Maher's second outstanding defensive play, an interception, set up the Don's final score. Quarterback Bill Harrington passed for 25 yards to end Bob Orr for ND's seventh and last touchdown.

St. Ed's scored again against the third string defense when Tom Mann pulled in a 30 yard aerial from John Holmes. John Casper ran for St. Ed's conversion. The score was the final one of 47-13.

Next Friday, Notre Dame's homecoming opponent will be the once defeated, in SCC play, Holy Cross Crusaders of River Grove.

The Junior project will provide tools, cement-making machines and materials to build schools, community centers and homes. The Junior club members are selling Friendship bracelets to make money to support CARE.

The play portrays life in a small town as the generations pass — growth, love, death — epitomizing the universality of human events.

The first cast includes Joyce Bieszczadz, Mira Frydrych, Pam Gemusa, Marceen Henaghan, Renee Kolt, Julie Ann Kosgraves, and Connie Manak.

The girls making up the second cast are Joan Hoptner, Pat Greedy, Arlene Jaczowski, Corinne Krejca, Cathy Tardillo, Caroline O'Neill and Tracy Stehert.

Other performers are Michelle Likvam, Vickiann Chrobak, Claire Deran, Chris Ed-

Held Over At Lawrencewood & Morton Grove

Just where does actor Max Von Sydow stand on the subject of portraying religious figures?

The question becomes doubly pertinent now that Max, a tall Swede, is playing the role of the Rev. Amer Hilde, missionary to the heathen islanders, in the Mirisch Corporation film of James A. Michener's "Hawaii," with Julie Andrews co-starring as his wife, and Richard Harris as his adversary. The picture now at continuous performances after a reserved seat engagement, is released through United Artists, a Transamerica Company.

Von Sydow, who gained world attention for his portrayal of Christ in "The Greatest Story Ever Told," now plays a fire-and-brimstone preacher of the Gospel in "Hawaii."

And there, he says, the resemblance ends.

"One might jump to the conclusion," he said, "that this is another 'religious' role — that I might be typed!"

Troop 45 Holds Court Of Honor

Recently the friends and families of scouts in Oak Schools own Troop 45 were treated to a beautiful outdoor Indian ceremonial.

Although the weather was nippy and the wind howled through the woodlands of Camp Dan Beach, I am sure everyone was impressed with the award ceremonies planned and prepared by these young men to honor those who have advanced in their scouting skills.

And awards there were: from the newly initiated Tenderfoots, who received their neckerchiefs, to the Star and Life Scouts, who earned the required merit badges to progress another rank and also the privilege of "pinning" their mothers with a keepsake medal denoting either Star of Life Scout.

These are the scouts that certainly worked hard during the past several months and deserve a real hearty handshake for a job well done...

Tenderfoots: Brian Cronin, Mark Streubing, Robert Mills, Jim Zarembski.

Second Class: Allan Eonini with one year pin, Mike Davis with one year pin, Reid Elyon, Jeff Schroeder.

Star Scout: Richard Bobula, Troop Quartermaster, one year pin, perfect attendance for one year and merit badges for nature, firemanship, coin-collecting, camping and safety. Phil Ellison, merit badges for camping, cooking, reading, lifesaving, Jim Ignatius, merit badges for personal fitness, swimming, cooking, canoeing, camping, lifesaving. Mike Krejca, merit badges for swimming, reading, citizenship in the nation, scholarship, camping and fishing.

Vice President of the Senior Citizens, Mr. Hoefft asked if it were possible to lower the tax rate of the senior citizens. Said Mr. Hoefft, "we like living here, but don't see how we can afford to remain if taxes continue to rise."

Mayor Blase told Mr. Hoefft that the laws which are set up were done years ago and it would take a constitutional amendment to change them and those who feel it unfair should write to their congressman.

Maine East Alumnus Honored

Another index of the excellent preparation received by students at Maine East High school in Park Ridge was made known by a recent announcement from the University of Illinois. Students who have earned the honor of membership in Alpha Lambda Delta, the national scholastic honor society for women, were named.

Named from Maine East were Miss Gail Vander Jagt, 1814 Carol St., Park Ridge, and Miss Tina Wolfert, 1701 Good Avenue, Park Ridge.

Miriam A. Shelton, dean of women at the U. of I. expressed her feelings to Principal John J. Clauer, "I want to congratulate you and your faculty on this honor and assure you that the University gives due credit for their excellent marks to the splendid foundation laid for it in your high school."

From The Left Hand

Continued From Page 1
After they left the building they didn't know where to go to protest, so they moved en masse to the Park Ridge police station. While all protests have to be acknowledged, the picture of the well-heeled Park Riders deciding to revolt from their school seems ironic. But the picture of utter frustration they were confronted with after they left the school area seems obvious. You can almost hear one of the kids trudging alongside the protesters, and asking "where do we go now?", and since Park Riders can't have it too badly...they must have looked for somewhere to march too...and finding no significant location, wound up rather sheepishly at the police station.

At last week's meeting Lou Schreiner said the primary need is for land, and more land for parks. While Niles has spent a great deal of money on surveys and plans for park projects the quest for land alone has never been pursued. Unfortunately, we have always been bogged down by extraneous matters, which help defeat the land acquisitions.

Despite the cry that there is no land available we can still point to 10 or 12 parcels which are still within reach of the park district. If the Board was to seek just one land parcel at a time, five years from now we would likely have five more parks. While another swimming pool, a recreation center, and a gymnasium would be worthy additions to the park facilities, Lou's cry for "land" is the paramount need. We've blown many past opportunities due to shortsightedness. We'd do well to start over again, first grabbing land parcels, one by one, and then concern ourselves with the additional facilities.

Lastly, there is a need for interested citizens to begin attending park board meetings and helping them understand what's needed here. Last week's "point of no return meeting" need not happen again if the Board can have the feeling of getting some support from the community.

Eighty students walked out of Maine South last week in protest over some problems they decided to protest against.

To bring the record up to date at the other end of our area school teachers at Niles-Hi North are considering calling a strike there. And in school district 64 we go the complete circle with the report the entire school board will refrain from seeking re-election, dismayed at the lack of support the residents displayed in turning down the recent referendum there. It is reported another referendum will be forthcoming again this winter, possibly near the Christmas break, with few changes in the issues.

Thus, the complete circle shows in our area; the students are revolting, the teachers are in discord and now the Board members themselves are about to pull their own revolt by withdrawing from the public office.

For what it is worth we think if the school board resigned before the end of their term the dramatic impact on the parents in district 64 would make them consider school matters more conscientiously.
