Ken Scheel reports Niles new snow route system proved highly successful in its initial test the past week. Public Works people contend the use of the routes, without the blocking of cars, enables the department to complete a run in two hours less time. It also lets the big plows clear the snow in two passes on a street rather than continuously coming back with smaller plows which constantly causes snowed-in driveways.

Streets used for the emergency routes are considered semi-arterial streets leading to arterial highways.

Scheel reminded Nilesites after the plows complete their clearance jobs cars could then be parked on the streets again. Only when the streets are not plowed and when a new snow is falling must cars move off the routes, when the fall is likely to hit one inch or more.

The areas the village has the most trouble with are townhouse areas where great numbers of cars are parked. The Cumberland-Ballard area caused a problem the past week when four cars were towed away. Scheel said hand-delivered letters were first sent to all residents on the snow routes, and in the case of the Cumberland area, police went up and down the area with a public address system to tell residents to move their cars. Only after these efforts were ignored were the cars removed.

The end of our snow report for mid-January shows Niles has already used 560 tons of salt to melt ice and snow, a far higher figure than last year's amount. Scheel said small temperature drops, and slush which quickly freezes, results in this need for much salt. Last year's heavy snow, accompanied by much plowing, required the lesser use of salt.

VFW Post 7712 Auxiliary Present Flag

A new American flag was recently presented to representatives of St. John Brabert R.C. School, by members of the Ladies Auxiliary of Niles VFW Post 7712. The presentation of the nation's colors are a function of the service organization.

The flag was given to the school by Mrs. Rosemary Hoelbl, Patriotic Instructor of the Auxiliary and another member, Mrs. Pat Zerbe. Mrs. Hoelbl gave an inspiring talk on the American flag and its meaning. The message was beamed to all of the school's classrooms via closed circuit TV.

"Are Interested In Our Park Site--" Chesterfield

By Barbara Horn

As a result of a BUGLE story Dec. 21, Norton Goodman of the Chesterfield Homeowners association sent a letter to the Niles Park Board advising it the residents in Chesterfield were very much interested in what will become of their park site.

Gabriel Berrafato, attorney for the board, told Goodman that as far back as September, 1967 when the board was notified it could no longer use the park, he advised the board (as long as they had lost their lease - on what he called a "technical escape" by Albert Sherman (owner) they would have to remove their properties from the site or be held for trespassing.

According to Berrafato, Sherman told him he was considering selling the park and pool site to a private party and had no desire to get tied up with a new lease.

Recap, Forecast

By Naomi Krone
News Editor

In an effort to establish more rapport between the Village of Niles and the area newspapers, the first in a series of monthly press conferences was held this past Monday by Niles Village Manager Ken Scheel.

It was more than a press conference, though. It was a review, nay, a recap of the past year's accomplishments coupled with a forecast of hard work ahead to achieve goals, many of which are looming bright on the horizon of the village.

Subjects covered at the meeting ranged from the forthcoming rat control and education program to budgets, from storm sewers to Milwaukee ave. beautification, from garbage cans to flu shots to the possible renovation of city hall (physical building, that is) and senior housing.

Proposed Stevenson Attendance Area

Parents of children attending Ballard, Mark Twain and Nathanson schools in Dist. 63 have been invited to attend the next meeting of the Dist. 63 Board of Education Tuesday, Jan. 23 at 7:30 p.m., in the Ballard school gym, 8320 Ballard rd., Niles. The board will discuss the establishment of boundaries (shown in above map) for the Adlai E. Stevenson school, scheduled to be completed late this summer. Stevenson school will have the team-teaching non-graded concept of education and will hold about 700 students, to be drawn from the three established schools.

Seminary College Unit Joins Loyola

The college department of St. Mary's of the Lake seminary, Niles, will become affiliated with Loyola University next June 15.

This was announced recently by Cardinal Cody, chancellor of archdiocesan seminaries, and Rev. James F. Maguire, president of Loyola, a Jesuit institution.

Currently 500 seminarians are studying in the college department of St. Mary's on the Lake in preparation for the priesthood.

First and second year students attend the section of St. Mary's with third and fourth year students attending the Mundelein section.

By September, 1969, all four years will be presented at the Niles installation, with the graduate school of theology continuing at Mundelein, the cardinal said. He commented:

"We are grateful to Loyola for the new strength and resources it gives our seminary system. At the same time, we are confident the faculty and students of the college at Niles will enrich and stimulate Loyola."

Notre Dame

Mothers Meet January 22

The Notre Dame Mothers Club will begin the new year with their meeting on Monday, Jan. 22, at 8:00 p.m. The program for the evening will be an open forum, at which a panel of the lay and religious faculty will answer questions presented by members of the Mothers Club, relating to educational policies or any other phase of operation pertaining to the school. Questions may be submitted from the floor or may be written anonymously. Hostesses will be Freshmen Mothers.

Motorola Quasar is different. Most of the important components, for instance, are located in a drawer that slides out. Color TV with the works in a drawer.

And the works themselves are different, too. They are modules that plug in and plug out. Each module is a mini-circuit with its own job to do. There is a picture module, a sound module, a color module, and so on.

You can look around on those modules for tubes, but in the Quasar chassis, the only thing that looks like a tube is the heater. For the rest of it, transistors and other solid state devices have replaced tubes.

The Motorola Quasar is designed this way for dependable performance. No machine is perfect, however. Even the Quasar will need service, sometimes. And when it does, this design offers another benefit. If a module is the offender, it can be unplugged and its replacement plugged in. In your home, in minutes.

How can Motorola lead the way in this different kind of

Color TV? Because no other manufacturer of color television has had Motorola's experience in designing, producing, and testing transistors and solid state devices. For example:

- Motorola systems have worked error-free on every American manned space flight.
- Motorola communication devices have played an important role in transmitting electronic pictures from outer space.
- Motorola currently produces more transistors and solid state devices than any other maker of Color TV.

The Motorola know-how that helps send American Astronauts around the earth also helped design the Quasar to stay at home—working—instead of taking expensive trips to the repair shop.

The Juniors will hold their Demo Ladies Dinner Set For Tonight

By Wally Motyka, R. Ph.

The problem of solving man's ills has taken many strange paths down through the ages. In ancient Babylon, for example, it wasn't uncommon to exhibit sick people in the streets in the hope some passer-by might recognize the illness and thus offer worthwhile advice and treatment.

Later, as the progressive Babylonians further pursued their interest in sickness and cure, professional physicians, even specialists, appeared to take the place of the transient amateur doctors.

The ancients had nothing however, to take the place of our modern medicines to relieve or cure an illness. When you are in need of medication prescribed by your doctor, remember BIRCHWAY DRUGS, 7503 MILWAUKEE AVE. PHONE 647-8337, for delivery.

Norton Goodman Elected School Bd. Dist. 67 Prexy

Norton S. Goodman, of 7023 Carol in Niles, was elected president of the District 67 school board Thursday.

He replaces in the post the president whose term was to end in April, Dr. Irwin Ginsburgh of Morton Grove.

Dr. Ginsburgh has resigned from the elementary-district board after accepting appointment to a vacancy on the Niles Twp. High School board.

Goodman is in the first year of his second three-year term on the District 67 board. He is director of advertising and sales promotion of the Combined Insurance Company of America. He has been active

in many civic groups. Also at Thursday's meeting, the District 67 board announced the appointment of Fred Minkus, 8937 Natoma in Morton Grove, to fill Dr. Ginsburgh's unexpired term as a school board member. The next regular election is in April.

Minkus, 40, a Teletype Corp. engineer, who was born in Vienna, has a bachelor's degree from Illinois Institute of Technology, a master's degree in business administration from the University of Chicago. Mr. and Mrs. Minkus have two sons, Ray, 14, a student at Niles North High, and Daniel, 12, at Golf Junior High in District 67.

Graduates Of Civil Defense Course

If disaster strikes and there is no Doctor, the knowledge of a person trained in a Medical Self Help Course may mean the difference between life and death. Such an emergency could happen when you are vacationing in an isolated area, if your town is hit by a natural disaster such as a Tornado, flood or blizzard - or if our country sustains a nuclear attack.

Graduates of the recent Villonage of Niles Civil Defense sponsored Medical Self Help course

are: Violet Anderson, Mrs. R. L. Biewald, Gerald Firmis, Mrs. John A. Fisher, Mr. John A. Fisher, Kenneth F. Galinski, Murray Gordon, Len Karchel, Norman Katz, Mrs. Rochelle Katz, Mrs. Mary Knitter, Henry Knitter, Nettie Kraus, Russell C. McAndrew, Richard V. Martens, Chris O'Brien, H. F. Pietrick, Barbara Schultz, Jo Anne Stech, Mrs. Carol Sullivan, and Mrs. John Viera. They are to be commended on having the foresight and energy to take advantage of

such a vitally important aid to their families and their community. Plan to register for the next program when it becomes available. Tell your friends and neighbors about Medical Self Help, so that they too may replace "Fear with Knowledge, misconceptions with fact and doubt with confidence", with the hope that we may never have to use the knowledge we have acquired, but only enjoy the confidence this knowledge will bring us.

Girl Scouts Have Busy Month

On December 8th, Junior Troop 846 joined with Cadet Troop 777 on a trip to the Museum of Science and Industry to see Christmas-Around-The-World. Matmen Win 7th

Maine East's Sophomore wrestlers maintained their undefeated record by winning their seventh dual meet in a row.

Coach Bob Riek's Sophomore won the West Suburban Conference title last year and seem to be well on their way to that title again. Coach Riek stated, "We have already met and defeated two of the powerhouses on the sophomore level, but we still have one or two more to go."

Craig Brockman at 138 pounds turned in an outstanding performance pinning his man in 41 seconds; 145-pounder, Gary Eklund, turned his opponent

every way but loose, defeating him 14-0. Dave Goodman, suffering from a recurring knee injury, decided his man 6-0, while freshman Phil Wald outscored his opponent at 95 points, 6-1.

Other "Little Demons," helping out by deciding their opponents, were Doug Stuart, Ralph Visconti and Pete Gross.

Match Summary - 95 lb. Wald (ME) decided Mickelson (GW) 6-1; 103 lbs. Goodman (ME) decided Cox (GW) 6-0; 112 lbs.

Wackler (GW) decided Flores (ME) 13-2; 120 lbs. Stuart (ME) decided Heighway (GW) 4-0; 127 lbs. Visconti (ME) decided Given (GW) 2-0; 133 lbs. Ribble (GW) decided Giometti (ME) 4-1; 138 lbs. Brockman (ME) pinned DeRiggi (GW) 4-1; 145 lbs. Eklund (ME) decided Roalman (GW) 15-0; 154 lbs. Gross (ME) decided Hipsler (GW) 8-3; 165 lbs (GW) decided Zawislak (ME) 6-0; 180 lbs. Blecknian (GW) pinned Giampoli (ME) 4-4; Hwt PE-clover (GW) pinned Dietrich (ME) 1-08.

YMCA Offers

Slim N' Trim Course

A new slim n' trim course for women who want to lose weight or streamline their figures is offered at the Learning Tower YMCA, 6300 Touhy, in Niles.

Any lady who has made a new year's resolution to take off weight will find it is easier to do it the group way. More than 21,000 women have lost a total of 43 tons since the program was initiated.

The program will include menu planning with low calorie recipes to help the ladies gain slimmer lines, exercise session, scientific massage for those who cannot exercise and

a complete charm course to help compliment the ladies new figures. Each lady will be given her individual record progress report.

The eight week course will begin Wednesday and Thursday, Jan. 18 and 19. There will be both morning and evening classes.

Registration or information may be obtained by phoning the " " between the hours of 9:30 A.M. and 5:00 P.M. at 647-8222. Baby sitting service will be offered in the Wed. morning class. All ladies are asked to register one week in advance of the starting date.

Boating Season Begins Monday

The boating season is not really that far off in the minds of enthusiasts.

The United States Coast Guard Auxiliary Public Education Officer, Commander Arnold Lamm, a local resident of Morton Grove, will again instruct a "Basic Seamanship" class at Niles West high school, Adult Evening Division, commencing Jan. 23. Classes start at 7:30 p.m. and end at 9:30 p.m., and run for eight successive Tuesdays.

Information on this class may be had in advance by calling Commander Lamm at YO 5-6574, or you may register at Niles West high school on the evening that the class starts.

Ends Training

Marine Private Bruce G. Braun, 8640 Ozanam, Niles, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

He will undergo from two to four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps Assignment.

Schedule First Semester Final Exams For Nilehi

Final exams for the school year's first semester in the 3 Nilehi Township High Schools will be held Wednesday, Thursday, and Friday, Jan. 24 to 26.

Regular school classes will be conducted through Tuesday, Jan. 23, with classes for the second semester resuming Monday, Jan. 29. Three final examinations are scheduled for each testing day. The first exam in each school starts at 8 a.m.

Busen will pick up students enroute to school at the regularly scheduled times and will take students home 10 minutes after the close of each testing period.

At Nilehi West, classes normally held in periods 1, 2, and 3 will be tested on Wednesday, while classes in periods 9, 10, and 11 will be held on Thursday.

Elected President Of Club At Automatic Electric Co.

Miss Dolores A. Mitchell, 7510 Waukegan rd., Niles, has been elected president of the Women's Club at Automatic Electric Company, Northlake.

The club is the telephone and communications equipment manufacturer's largest women's organization. It has a membership which totals more than 600 women employed in the company's offices, laboratories, and factory.

Miss Mitchell, an executive secretary in Automatic Electric

day and classes in periods 4, 7, and 8, and 5 and 6 will be held on Friday.

At Nilehi East, regularly scheduled classes for periods 2, 4 and 8 will be tested Wednesday, while periods 1, 3, and 7 will be tested Thursday, and periods 9, 6, and 5 will be tested Friday.

At Nilehi North, tests will be conducted on Wednesday for periods 1, 3, and 7; on Thursday for periods 2, 4, 8, and 9; and on Friday for periods 5, 6, and 3. As in past years, students are required to report only at those times when they have examinations scheduled.

Because no examinations have been scheduled for the afternoon, the school cafeterias will not be serving lunches on testing days.

Laboratories, has been with the firm nearly eight years.

A graduate of Carl Schurz high school, Chicago, she is a charter member of the Order of Rainbow for Girls—a masonic affiliated organization.

More than 15,000 persons are employed by Automatic Electric's Northlake facilities. A subsidiary of General Telephone & Electronics Corporation, it is the largest producer of telephone equipment for the independent (non-Bell) telephone industry.

Local Merchants' Taxes Improve Our Community

Of course you look for and find bargains in quality merchandise when you shop locally, but did you know you are also really investing in our community too? Your neighbor-merchants' taxes support civic improvements and help finance schools and recreational facilities right where you live. It pays, in many ways, to shop at home!

Time and Transportation Costs are Saved

Instead of wasting time traveling to distant stores, the wise shopper puts that time to use in a more careful selection from the large varieties carried by our local merchants. The money saved on transportation is put to better use too — on the items themselves. Every day it will pay to shop right here at home!

Your Merchants Are Your Own Neighbors

It's mighty nice to know that the merchant you deal with is probably one of your own neighbors. You feel you can trust him and he is eager to maintain that trust. He is anxious to please you in a personal way — to give you quality products at the lowest possible price. "Yes," you'll say, "it really does pay to shop here at home!"

Saturday Morning Program

An eight week Saturday Morning program is currently being held at four village-wide school-park locations for boys and girls in the first through fourth grades. A \$3 fee is being charged. Shown are a group of children from the Melzer school area enjoying the fun-filled antics of "Music Man" Fred Hechel.

High School Senior Activity Program Schedules

Vietnam, narcotics, teenage sex and marriage, and the Middle East are topics which interest many high school students.

These and others currently are being presented to Niles West seniors as part of the new senior activity program.

Under this system, seniors are free to attend movies, seminars, and lectures on these topics during their study hall periods.

A committee of senior cabinet members, under the direction of Gerald Boevers, a social studies teacher, is busy planning a schedule for the weeks ahead.

Upcoming events include the historical movies "The Making of the President," and "War in the Middle East."

Also planned are foreign exchange student Chris Knox speaking on life in Norway, art teacher Mrs. Judy Rumminger explaining art as a visual experience, and Senior Dan Markoya performing on his guitar.

Later seminars are expected on Vietnam, the function of the school newspaper and criminal investigation.

"We are trying to plan activities which appeal to a majority of the students," remarked Student Chairman Myrna David. Outside speakers will also be invited to address the interested students.

"Bead Stringer," a U.S. First Fleet training exercise, was held off the coast of Southern California and lasted from Jan. 4 through the 13th. It was planned to prepare the 23 ships and nine air units that participated, for conditions prevailing in Southeast Asia.

Pre-School Story Hour At Niles Library

Lauching its' 1968 activities, the Juvenile Department of the Niles Public Library announces this week the re-sumption of Pre-school Story Hour.

This activity is scheduled for youngsters who are not now and will not be, in kindergarten. Registration will begin January 22 and terminate when twenty-five registrants for the morning session (and twenty-five for the afternoon) have been signed up. The sessions will, as in the past, be held every Tuesday at ten-thirty in the morning and two o'clock in the afternoon. No registrations will be taken in advance.

As in the past, extra activities are in planning stage for the meetings.

GAS MAKES THE BIG DIFFERENCE... COSTS LESS TOO!

Notre Dame Basketball News

by John O'Connor

Notre Dame remained undefeated in thirteen straight games by downing a very good Holy Cross team, 74-69.

The news about the game was not all good for the Dons. Starting guard, John Egart, who has been averaging 25 points per game, was injured. John came down fast on a quick break. He scored the basket, but ran into a Holy Cross player. The collision sent John into the base of the basket with a resounding thud.

Sophomore basketball head coach Anthony Kozole, remarked "Egart may have dislocated his knee or maybe just pulled a ligament. If he pulled some ligaments, he could be back in two to three weeks. If the injury is a dislocated knee, well...I hope it isn't."

Holy Cross opened the first quarter with a lead of 5-2. The Dons knotted at 6-6 and then took a four point lead, 10-6 and 12-8. The Crusaders from Holy Cross were cold and Notre Dame opened a 10-point lead at the end of the first quarter.

A hard fought second quarter gave the Dons a 9-point edge. Holy Cross managed to cut the margin to seven points, 28-21 and

30-23, but two free throws by Barry Hentz regained the 9-point difference. The Dons entered the locker room at half time with a 40-31 buldge in their favor.

The Crusaders reeled four straight points in the third period to cut into the Don margin. ND came back to get an eight point deficit back, 51-43. Four straight points by HC made the Don lead look small at 51-47. In the closing seconds ND made 7 points to Holy Cross's four to capture a seven point lead at the end of the third period.

Notre Dame played the entire fourth quarter without the services of John Egart, who received his injury near the end of the third period. Holy Cross played inspired basketball after the Dons lost their fine outside shooter. The Crusaders came within four points of the Dons, 58-54. Then the Don lead shrank to 61-58. A basket by Jim McCauley and a free throw boosted the margin to 64-58. HC closed the gap, 64-60 and 66-62. ND came back to lead by six, 68-62. HC came within one point of the Dons as their full court press netted them an easy lay-up.

Holy Cross had the Dons on the run, then 69-61 Barry Hentz rose to the occasion. He finally became victorious under the

boards and was fouled. He had one shot and a bonus shot because of the foul. He made both of the shots. Don fans were still not breathing easily. There was a little than a minute left in the ball game. HC brought the ball downcourt and missed a shot. The Dons then stalled. With four seconds left, guard Jim McCauley made two free throws to ice the game with Notre Dame coming on top of a 74-69 score.

ND fans rushed onto the court and carried Barry Hentz once around the gym on their shoulders. I doubt if they knew about Egart's injury.

Barry Hentz gave his finest performance of his career by scoring 26 points. Jim McCauley had five field goals and eight free throws to give him 18 points. John Egart had 16. Kevin Brennan bagged six points. John Kardzoniak had 4 points, Gabriel Eaton and Darryl Kachan each had 2.

Friday, the Dons will host the Hurracaines from Marian Central. Saturday, the Dons will travel out to Mundelein to play Carmel. The Dons have beaten Carmel twice this year, once in the SCC, 76-41 and 45-33.

Modern Art That Is!

A modern art you can recognize! The demonstration was by professional artist Edward Cathony; the occasion - Niles Art Guild December meeting. To the pleasure of everyone present, Mr. Cathony unfolded his unusual technique in vertical expression. Maintaining a studio in Chicago, Cathony is a member of Artist Equity Association, West Suburban Alliance of Fine Artists, North Shore Art League and the Skokie Art Guild. Having art training in both Chicago and Paris, he currently is teaching at the Logan Square

YMCA in Chicago. His many honors include the Purchase award at the Capital Art Fair in Springfield, Ill. and the 1967 Purchase award at the Northern Illinois Gas show, as well as numerous ribbons in Chicago-land Art Fairs. His work is presently exhibited at the Dreyer Galleries, Houston, Texas; Collectors Art Center, Atlanta, Ga.; Grant Gallery, Des Moines, Iowa; Premier Gallery, Springfield. One-man shows include Morton Grove, Lake Forest, Chicago and Atlanta.

Niles, Morton Grove Children May See 3-Act Opera, Too

"The Princess Who Would Not Laugh," a new children's opera based on an old Irish fairy tale, will be presented for boys and girls from kindergarten through sixth grade at 2 p.m., Saturday, Jan. 20, in Maine Township West High school auditorium, 1755 S. Wolf rd., Des Plaines.

The three-act operatic fairy story, produced by the Armstrong-Trier-Nudeliman Family Opera company, is the second in this season's schedule of four plays for boys and girls to be offered to all area residents by Des Plaines Children's Theatre, according to Charles Pezoldt, director of parks and recreation for the suburb's Park District, sponsors of the project.

General admission tickets, at 75 cents per person, will be sold at the door. Children under five should be accompanied by an adult. Doors will open at 1:30 p.m. and performance will begin promptly at 2 p.m.

For the convenience of parents wanting to pick up their children after the play, an usher will be standing outside the high school door before the play begins with a placard announcing the time the children will be dismissed from the auditorium, according to Pezoldt.

"The Princess Who Would Not Laugh," with music from start to finish, tells the story of poor Jack, who sells his family's three cows for a magic bee, a mouse and a cock. Jack's mother is very angry, but when the magic trio take out their musical instruments and play at Jack's command, all gloom disappears from town and everyone laughs and dances until they can dance no more. When the King of Ireland hears about the magic trio he summons Jack to bring them to try to make the sad little Princess laugh. The fairy tale ends happily when Jack wins the Princess and half of Ireland.

List Dates For Adult Nite School

Maine Adult Evening school has scheduled evening hours for registration for the 1968 spring term. On Monday, Jan. 22, from 7 to 9 p.m., the Adult Evening school office at Maine Township High school South, Dee and Talcott Rds., Park Ridge, will be open for registration. On Tuesday, Jan. 23 and Thursday, Jan. 25, from 7 to 9 p.m., the office at Maine Township High school East, Dempster and Potter, Park Ridge, will enroll students. Wednesday, Jan. 24, from 7 to 9 p.m., registration will be held at Maine Township High school West, Wolf and Oakton, Des Plaines.

Registration may be made at any of the three Adult Evening school offices for any of the 250 classes offered, regardless of the school at which the class will be held. Students may also register at any Maine Adult Evening school office from 9 a.m. to 3 p.m., Mondays through Fridays.

Brochures giving a complete listing of the classes have been mailed to former students and to residents of the northwest community area and registration may also be made by mail, using the coupon from the brochure.

LETTERS to EDITOR

A Pleasure

Dear Mr. Besser:

Louis A. Schreiner, Commissioner, Niles Park District, would like to know, Sir, if it would be possible to have the attached letter inserted in your Portside Column of the next issue of your Weekly Intelligencer, with his reply to the troubled young man.

It is members of the Fourth Estate, such as yourself Sir, who so readily comply to the smallest requests of the laity, that make a publication a readable one.

I should like to take this opportunity to thank you for allowing me to wade through the pictures in your Photo Morgue, (what a mess) unorthodox as it was to request such a thing. All pictures of those you mentioned, were properly reduced to fractions of their original size, shredded and burned, as you requested, with ritualistic incantations learned from my Grandmother on my Father's side, in Norwegian, yet.

So it is with intangibles, you can't see them nor can you touch them, so let them be!

A Query

Dear Mr. Schreiner,

I would like to know if it would be at all possible this year to have an ice skating rink at the field in back of Oak School. Last year there was to be a rink, but it never came.

The reasons the kids around here want a rink is:

1. It's an awful long walk to get to Grennan Heights from where I live and even farther.
2. It's always so crowded at Grennan Heights. If we had a rink it would be less crowded there.

Another problem I have solved is the kids at school. Last year the patrol boys kept kids off the ice and they could do it again

this year. As for this year when the kids are at recess there is always a teacher on duty watching them.

So I hope you help us out. Or at least please try.

Sincerely,

Mark Puccio, and all the other kids too.

The Answer

Mr. Mark Puccio
7701 W. Main Street
Niles, Illinois

Dear Mark:

Since I received your letter asking about installing an Ice Skating Rink in the field in back of Oak School, I have been investigating every possible way for the Park District to fill your request, but have not been very successful.

I am sorry to say that in the first place, there is no source of water on the property, such as a water hydrant. There is a hydrant on the opposite side of Lee Street, but there are also some laws that prohibit the stretching of hose, for purposes other than extinguishing fires, across a thoroughfare, thereby causing an obstruction in the street which would be considered as a safety hazard.

Secondly, there is quite a steep grade to the property which runs North towards Lee Street. It would be necessary to obtain permission from the School District to regrade the property so that it would retain the water for the rink. The cost of such a project would have to be considered and it is hard to say whether or not permission would be granted by the School District.

I regret to inform you Mark, that for the present, the Park District will be unable to provide an ice rink on the Oak School property.

Sincerely,

FOR THE BOARD OF COMMISSIONERS

Louis A. Schreiner, Commissioner, Niles Park District

Ballroom Dance Lessons At Nilehi

Due to an enthusiastic revival of interest in Ballroom Dancing in recent years, the Niles Township adult evening school is offering three courses in dancing, beginning the week of January 22.

On Tuesday night at Niles West, on Wednesday night at Niles East, and on Thursday night at Niles West, there will be instruction in all popular dances, including Latin American.

All classes will run for 10 weeks and will consist of two hours of lessons each week, beginning at an intermediate level and rapidly progressing through advanced steps with styling.

The courses will be conducted by dance instructors Ben and Evelyn Singer, who were finalists in the Harvest Moon Ball Latin American all-around division and 2nd place all-around trophy winners in a recent Chicago Grand Star Ball.

They have been teaching professionally for the last several years in and around Chicago and suburbs, including Niles Township High School, the YMCA, and for the Chicago Park District.

Registration is by couples only, and the registration fee of \$20.00 for the entire course must accompany registration. You may register by mail or in person.

For further information call the adult evening school office- YO 6-3830.

Feb. 10 Dance

The Emerson Junior High P.T.A. will hold a dance on Saturday, February 10, in the school gym at 8101 Cumberland, Niles, at 8:30 P.M. Mrs. George Becker, Ways and Means Chairman has titled it the "Blue & White Dance", using the school's colors as a theme for decorations.

Music for dancing will be provided by the "Rhythm Club," a large orchestra reminiscent of the "big band" era. One of the highlights of the evening will be humorous entertainment provided by the Jefferson Theatrical Society. A late buffet is included in the ticket price of \$1.75. Tickets may be purchased by calling Mrs. Vera Peterson, 823-6418.

Matinee At Golf Mill

Dick Foran, the old prospector, meeting Brightly for the first time in this scene from "Brightly of the Grand Canyon," color film coming to the Golf Mill theatre for Saturday and Sunday matinee only. Picture, the first shot entirely on location in the magnificent Grand Canyon, is a Feature Film Corp. of America release.

"Jamaica" Travel Film Monday

From swarming cities to mist-shrouded mountains, the island of paradise, as Jamaica is called, will be shown Monday, Jan. 22, at 8 p.m. in the auditorium at Niles West, Edens and Oakton.

Sponsored by the adult evening school program of the Niles Township high schools and their PTAs, the travel film on Jamaica will be presented by John Strong.

Strong, who is a physicist and former researcher on the Manhattan Project, is now a full-time film producer and national lecturer.

Describing his switch as a search for the more rewarding experience of personal creativity, Strong shoots his own film and does his own editing before going on national tours.

Juniors Participate In Twelfth Night Ceremonies

The Morton Grove Junior Auxiliary Unit #134, the American Legion, participated in the Twelfth Night ceremonies held Saturday, January 6th at Harrer Park. Although it was one of the coldest nights of the year, the Juniors felt the older members of their group wanted to, and did assist with this community service project.

The Twelfth Night Committee needed a vocal group to render some Christmas carols, and nine Juniors, accompanied by Mrs. Jack Bartholmy, Auxiliary Unit President; Mrs. John Sepey, Juniors Advisor; and Mrs. Albert Nehart, mother of Junior Chairman Sharon; along with Barbara Bartholmy, daughter of the Unit president who just recently transferred into the senior group due to her age, sang two carols during the ceremonies which preceded the tree burning.

Because it was on short notice, due to the fact the 12th Night Committee could not obtain an adult choir, the Auxiliary seniors were happy this many daughters of Legionnaires, all under eighteen could attend.

The Juniors have \$850.00 "credit" for items turned in for use by the Rehabilitation Committee of the women's Auxiliary. Under the supervision of Mrs. Ed Lange, Rehab Chairman for the Auxiliary, items are presented to the servicemen and those women also, confined to hospitals from previous wars, each month when the Auxiliary women's committee visits the five local veterans' hospitals.

Dist. 207 To Spend Six Million In 3 Bldgs.

Maine Township High school district 207 plans to spend about 6 million dollars to build additions at its three schools this year to accommodate soaring enrollments.

Maine Township High School West, 1755 S. Wolf rd., Des Plaines, will receive \$2,076,000 in additions. Construction is scheduled to begin Feb. 1.

Similar expansion plans are ready for Maine Township High School South, 1111 S. Dec rd., Park Ridge, where additions estimated at 1.35 million dollars are scheduled.

Maine East, Dempster st. and Potter rd., Park Ridge, oldest of the three high schools, is scheduled to receive an estimated 2.5 million dollars in additions later this year.

The additions are being financed by a portion of a 15-million-dollar bond issue approved by district 207 voters last May. Remainder of the money will be used to construct a fourth high school, Maine North, some time next year.

Richard Short, district 207 superintendent, said the additions at the three high schools and construction of a fourth school will meet the district needs in the 1970s. He anticipates a leveling off in enrollment in the next decade. "We are in a peak growing period right now," Short said.

District 207 has about 9,950 students in its three high schools this school year, Short said. He expects around 10,400 students in the next school year are operating beyond their enrollment capacities, Short said. To compensate for the overcrowding, the district has shortened class time and added an extra class period to the regular school day.

Maine South was designed for 2,600 students on an eight-period schedule, but now has 3,100

students with an added class period. Maine East has 3,600 students with a capacity for 3,100 on the old eight-period schedule.

Short said the additions to the three schools will release rooms now being used for specialized work like art, band, or shops for general education classes.

At Maine West, a gymnasium, library-study hall, administrative offices, and lecture hall will be added. Bids were to have been received Monday for construction and equipment. Bids will be received Feb. 19 for the Maine South additions. These will include seven classrooms, a cafeteria, industrial art shops, and a physical education building.

The additions at Maine East, which will be the last to get under way this year, will include a new girls gymnasium, and new art, industrial art, and special education classrooms. Maine East's old girls' gymnasium will be remodeled into a library and classrooms.

The old gym is being remodeled into a library because of its centralized location in relation to other academic facilities, Short said. The bond money covering the building expansions will not finance the furnishing of the new facilities.

Sales Taxes

City sales taxes collected in August, September and October on tax liability for July, August and September and county sales taxes for the same period last year, have been reported by the Illinois Department of Revenue.

Morton Grove collected \$23,609.82 in August; \$32,009.53 in September and \$38,202.49 in October.

Niles collected \$42,181.56 in August; \$60,057.07 in September and \$65,051.87 in October.

Tourist Meeting

Those planning a foreign travel vacation this summer will attend a program on "Travel Practicalities," giving information and suggestions to make their trip more enjoyable. The program, sponsored by the Maine Adult Evening school as

a continuity service, will be held in the faculty lounge of Maine Township High School East, Dempster st. and Potter rd., Park Ridge, at 8 p.m. Tuesday, Jan. 23.

This meeting is one of a series covering a range of travel tips, including information on passports, customs regulations, money exchange and what clothing to take and how to pack it. Travel films will also be shown during the series. For further information, call Maine Adult Evening school, 299-7187.

From The Left Hand

Pheasant Run producer Carl Stohn, Jr., who has been dickered to acquire Mill Run Theatre, will open the playhouse this Spring, presenting musicals. In the past Stohn attempted to work out a dinner-theatre package with Tiffany's but unfortunately it never transpired.

Head-in-the-sand public officials in Niles and Morton Grove are going to have to face the obvious questions about open housing ordinances in the coming months. It's a politically tricky issue to handle but it will have to be faced in the not-too-distant future. Morton Grove, which is a community still in the Neanderthal Age, will avoid it so long as no citizen action pressures the community into catching up with its neighbors, Niles, which makes a mockery of its All America title by its lack of action in this field, will likely be among the last suburbs to come to grips with it.

Among the many more pathetic stories which came across our desk the past year, one which ranked near the top concerned the negro scientist hired

by Baxter Laboratories, who could not find a place to live in the closed society of Morton Grove. He has to move much further to the northwest.

In school district 63 a very highly qualified negro is now teaching in the school system. And while he is welcomed by parents who are pleased to have their children under well-qualified personnel, many of these parents would go into fits of paroxysms, if the teacher attempted to move into their community.

Our news editor, Naomi Krone, attended the first monthly meeting with Ken Scheel, Niles village manager and walked away very impressed. She said it was one of the few times she's sat in with an official who answered all questions forthrightly, without trying to bull the reporters. Naomi came away from the meeting convinced she'd met a guy who was well-informed and an asset to the position he held for all Neanderthal Morton Grovites, you're

the only village hereabouts which does not have a manager).

The East Maine Caucus will have Galen Hosler and Ed Solomon among its candidates appearing before the group next month. Hosler was the guy approved by the Caucus last time, who was actively opposed by one of the school board members, whose telephone calls started a campaign which de-

feated Hosler. His objection to Hosler was he is a school teacher.

When this very same board member vacated his own seat recently the Board had a golden opportunity to right an obvious wrong, by selecting Hosler to fill the vacancy. But instead they chose a "close friend" of another one of the Board members.
