for the board's help in putting a stop to a rash of "borrowing" seemingly going on there. The big problem, everyone agreed, was not only correction of the students but education of the parents. Both board members Gordon Kopold and Rev. William Allen agreed that the situation must be "analyzed first, the extent of the problem determined before sweeping action is taken."

According to administration official Frank Dagne, "the administration must, at all times, be on the alert for these situations but there must also be a parent-education program."

From the audience Sheldon Rosen, a Chicago school employee who resides at 7612 Beckwith in Morton Grove, and a candidate for one of the two seats on the school board April 13, urged immediate suspension of any offenders and even suggested that persons be hired to police the halls if necessary. Although the situation has nowhere approached that point, it was agreed by the board that positive action would be taken immediately and the cooperation of all parents sought in finding a solution.

Safety surveys, termed "long overdue" at Oak and Melzer schools, will be started shortly.

In other action at the board meeting Tuesday night the appointment of Nathanson reading teacher, Mrs. Mary Lange, as administrative assistant to the principal of Ballard school, Niles, was approved; teacher aide for the Special Services department at the Oak school was appointed and a resolution was passed that East Maine School Dist. 63 would obligate funds for Title II in the amount of \$15,190.80, for acquisition of library resource materials. Some Title II funds would be shared with parochial schools in the district, St. Matthews and St. Isaac Jogues.

A heart-screening program for students in the junior high was discussed. The screening process is one which involves tape-

recording the sound of the heartbeat of an 8th grade student for two minutes. These tapes are screened much the same way as mass X-rays. If the individual appears to have difficulties, his parents are advised to seek the help of a physician.

The school board also discussed its attempts in requesting a change in school code so the in-service program could be continued during a school day.

### Mime Troupe

The National Theatre of the Deaf, a highly talented and unique theatrical troupe now making its second nationwide tour, is scheduled to present a one-night repertory performance at East Maine Junior High school Thursday evening, March 21, at 8 p.m.

In addition, this pantomime theatre with narration and music will give special in-school demonstrations that afternoon to students at Maine East High school and at East Maine Junior High school.

A project of the Eugene O'Neill Memorial Theatre Foundation, the group will appear here under the auspices of Township High School Dist. 207, School Dist. 63, and through a grant from the Illinois Arts Council, an agency of the State of Illinois in cooperation with the Illinois Performing Arts Programs.

The evening entertainment will include a Kabuki dance playlet, an Italian farce, "Glenn Schicchi," a Chekhov prose selection and poetry readings. Directed by five of the nation's foremost directors, 14 virtuoso deaf actors will combine mime, dance, manual sign language, music and movement with simultaneous narration.

Tickets for the performance are \$1.50 for adults and 75¢ for students. They are on sale now in the bookstore at Maine Township High School East and at East Maine Junior High school, Ballard and Greenwood, Niles.

### From The Left Hand

By David Besser Editor & Publisher Mid-Month Meanderings . . .

While we were living thru our annual basketball - mania, a disease which attacks us every year during March, my daughter excitedly reported she was listening to the Maine East gymnast meet on WMTM when the announcer told of a fire which broke out in the gym. BUGLE photographer Glenn Brasch was on the scene and caught the sparks and smoke which were caused by a television cable. While the fire was slight the high school did not want the picture released.

On a metropolitan newspaper there's few bars to publishing a newsworthy picture. But community newspapers, dealing on a day to day basis with its neighbors, often have this problem of news being censored.

News Editor Naomi Krone told us the school did not want the picture published since it did not reflect a favorable image, neither of the school nor the TV station involved in this minor incident.

Not too many years ago a Maine East student fell over a hallway banister falling two or more floors to ground level. Again, the school hush-hushed the story, fearful such publicity was bad for the school. Because, few of the local newspapers are really interested in publishing news you seldom read these stories. The public's "right to know" is often suppressed when image-makers try to present only the pleasant happenings in a community.

Nilesites can expect to vote on the long-awaited park referendum which is likely to be about \$1,600,000 for land acquisition, park improvements and a gymnasium at Grennan Heights Park, according to Park President Jack Leske, who announced the plans at Tuesday night's Board meeting. Leske said voters will be asked to approve \$800,000 for about 10 acres of land acquisition thru-out Niles and another \$800,000 for a gym, a possible multi-purpose building and the development of current and purchased parks.

Land which is under consideration for purchase includes about 2 acres of land surrounding the present recreation center on Milwaukee Ave., 2 acres in

### You're On The BUGLELINE.

This week's BUGLELINE on page 11 answers the following questions:

1. At Lawrencewood Shopping center we recently saw two trucks drive through stop signs in the parking area. Can the signs be ignored since they are not on a main street?

2. Three garbage cans are left in front of a certain home 24 hours a day, 7 days a week. How can we get the owners to remove them?

he enrolled in college. He has been a paratrooper with the U.S. Army 82nd Airborne Division, a member of the Military Police, a Chicago policeman and now a candidate for a degree in American Literature at the Chicago Circle campus.

After two years at Wright Junior college, Baran transferred to the Chicago Circle campus where he is president

of the Veterans club, a member of the Student Advisory Committee to the Dean of Student Affairs and evening manager of the student union (the Chicago Circle Center).

"I'm not a romanticist in what you would call the Wadsworth and Keats tradition," Baran said, "But I guess there is a little Prutrock in all of us."

It wasn't until after he had

graduated from Chicago's Kelly High school that Baran developed an interest in literature and writing. Instead of enrolling in a university and continuing his education, he enlisted in the service where his spare time was devoted to reading. He developed a strong interest in literature.

Discharged from the army in 1962 he began to pursue his academic interests at Wright

### Disaster Plan For Niles

By Naomi Krone News Editor

A forthcoming Disaster Plan for the Village of Niles was the main topic at the monthly press conference Monday held by Village Manager Ken Scheel.

The plan or, more rightly, the first draft of the plan will, hopefully, be presented to the village board at its first meeting in April. The plan, being drawn up to cover both man-made disasters and Acts of God, will attempt to cover any situation which may arise during a disaster.

The Niles Police station will be the central communication center if a disaster strikes the village, with each department head being responsible for detailed duties. At the head of the entire operation would be Niles Mayor Nicholas Blase and Village Manager Scheel. The plan, based on Niles' abilities, will be a conglomerate of duties and responsibilities, set up to handle and include anything that would disrupt the normalcy of village operations.

Since the police station has its own generator, it would discontinue all communications. Persons entering a disaster area in or around the village would first have to be "cleared" through the police station. Fire station #2, on Dempster, at Cumberland would also be available to act as a secondary communications center as it, too, has its own generator.

With the approach of the tornado season in the Chicagoland area, planners hope to have their paper ideas become a reality as soon as possible.

### Maps Mailed

This past week the Lions club of Niles mailed to every home in Niles, with its compliments, a map of the Village of Niles and distributed a supply to every business in Niles.

Anyone who may not have received a map may obtain one from the Village Clerk's office, police and fire departments, stores, banks and businesses in Niles. Twenty thousand maps were printed.

Police Chief Clarence Emrickson, 1., in the Niles Police Communications Control Center, receives a check for \$200 from the Bank of Niles assistant vice-president, Charles Barbaglia and cashier Robert Chodil. **GOUT (HIGH-LIVING OR ARTHRITIS?)**

People plagued with gout are usually pictured as paying the penalty for excessive high living. Actually, this is not true. Gout is a form of arthritis considered by most medical experts as hereditary, and is most prevalent among men 30 to 50 years of age. The name gout is derived from the Latin word, *gutta*, meaning a drop. Gout is the result of an increase in uric acid in the blood and tissues. Instead of being carried off by the kidneys the uric acid is deposited in the cartilage of the first joint of the big toe. This results in periods of acute pain and inflammation. Most doctors agree, gout is the easiest arthritic disease to control.

### Friends Of Library To Take 79-Day Journey

The Friends of the Niles Public Library are most happy to present a program, March 27 at 8 p.m. at the Niles Public Library, at 6960 Oakton st., entitled "Around the World in 79 Days." This is a full length, 25,000 mile kaleidoscopic journey around the world so exciting you'll feel that you've been a passenger for only 30 min-

sportsman, marksman and horseman. Mr. Crawford's photography is thoroughly professional and he'll take you photographically to see places of interest and beauty and in doing so gets off the beaten path. The film being shown was made when Mr. and Mrs. Crawford visited Portugal, Spain, Italy, Greece, Turkey, Egypt, Nepal, Thailand, Hong Kong, Japan and Hawaii. The trip really did take place in 79 days!

Carmi Crawford

utes. The versatile photographer and narrator is Mr. Carmi Crawford, president of Chrome-Rite Company, hunter,

Mr Crawford is a member of the Medina Black Horse Troop. His hunting and fishing expeditions have taken him from the island of Bimini, where he also did under-water marine photography, to the Rockies, Canada and Alaska. His closest call came when he was charged by a wounded bear in Canada. His marksman ship is attested to by the Grand American Handicap championship he won in 1957, packaging a \$7,000 prize. While lion hunting in the western states, Mr. Crawford became interested in motion picture photography and he produced a film on mountain lion hunting. At that time he decided he preferred to have his trophies on film, and he now prefers his camera to fishing poles and guns.

lyng on the stair - one of the "don'ts" for safety) was the center piece for the Brownies' table, depicting their theme, Health and Safety.

Shawn Franke and Judi Kriss were the two lucky Brownies who took part in the flag ceremony at the beginning of the luncheon. Their names were drawn from the "it" bag at a previous meeting, giving them the honor for the day.

After a delicious luncheon, each troop presented its skit. Brownie Lu Anne Moratti, complete with wig, glasses, cane and long dress was the old woman who came out from behind a large "wooden" shoe (made by Kathy Thomsen's mother) with all of her children and each one recited a poem about health or safety in the home, at school or at play.

The "children" were the following Brownies: Kimberly Ashe, Nora Bethman, Kathy Brizzolara, Susan Beronincontro, Carmie Carrado, Dawn Femmel, Sheila Fergus, Dawn Franke, Marie Greco, Cindy Henreid, Ronda Hyken, Maryjo Jorgensen, Judi Kriss, Karen McAndrew, Lu Anne Moratti, Donna O'Neill, Kathy Thomsen, Mary Kay Vito.

After each troop had given a skit, they also honored Girl Scouts from all nations by singing, dancing or reciting a poem or prayer for a foreign country. Troop #962 did the "Mexican Hat Dance" - and thanks to good scout Mr. Klocker for loaning them his record, and to Mrs. Brizzolara for bringing her record player, the dance was a big success.

One of the main attractions of the day, was a Senior Scout named "Skip" - who charmed everyone with her stories of world travels and songs from different lands; She taught the girls several songs in foreign languages and now all the Brownies are looking forward to being Senior Scouts, so they can travel to some of the foreign countries and sing the songs they learned!

## Poppy Date Set By American Legion

The Morton Grove American Legion Post #134 has announced the date of their annual Poppy Day campaign. The drive will take place in the village May 24. That Friday Post representatives along with auxiliary members will be stationed at shopping centers and busy street intersections to ask you to wear a red flower in honor of the war dead.

This seems like a long way off, but the American Legion reminds that EVERY day the residents of the community should be recalling the boys of previous wars, as well of the Viet Nam conflict, who gave up their lives or who are now confined to hospitals.

"Little flower of red Proudly lift your head You're the symbol of heroes brave Each poppy fair is for a boy over there, Made by others whose lives were saved. Let us help them live Let us gladly give For the poppy of Sacrifice."

## 2nd Blue Demon Relays Saturday

The second annual Blue Demon Relays promises to be a very exciting track spectacle on Saturday, March 23 at the Maine East fieldhouse.

The preliminaries start at noon and include 12 area schools representing four suburban high school districts.

The defending champions and host school, Maine East, will find it very difficult to repeat their championship performance of last year.

Main opposition to Maine East's attempt to win two in a row will come from sister school, Maine West, who dethroned East for District Indoor Track honors and who has won their Conference Indoor Championship. Led by Lee LaBodis, one of the finest one milers in the nation, coach Joe Jobst, hopes to improve on a third place finish of last year. West is definitely a pre-meet favorite along with Maine East and Arlington.

Bruce Samoore's Arlington Cardinals have a potent team, which has the potential to win the first place trophy. The only factor holding Arlington back is the lack of indoor facilities, which might prevent them from becoming a track power until the outdoor season.

Highland Park, led by coach Mel "Duke" Edwards, has a fine team this year, which has shown great strength in relay meets this season. Mel Edwards speedsters are a real threat to win the first place award.

Along with Maine West and East, Arlington, and Highland Park, Wheeling and Niles West are also possible champions.

Jim Hoffman, coach at Wheeling, has some fine standouts led by defending high hurdle champion Johann and some fine relay material.

Niles West will provide some great power, which could also vie for honors in the Blue Demon meet.

Other teams rounding out the field will be Prospect and Fremd of Palatine with their fine distance men, and Maine South, Niles North, Niles East, and Elk Grove.

Admission will be 25¢ for students and 50¢ for adults with tickets available at the door.

### Tickets On Sale

The Chicago Bulls announced recently that tickets for the playoffs will go on sale at the Chicago Stadium on Friday, March 22. The Bulls will meet the Los Angeles Lakers, who virtually have second place wrapped up.

The series would open in Los Angeles on Sunday, March 24 and Monday, March 25, in a best of seven affair.

The next two games would be played in the Chicago Stadium on Wednesday, March 27 and Friday, March 29. Back to Los Angeles on March 31, Chicago on April 3, and in Los Angeles again on April 4, if necessary.

### Boating Class

An eight-week standard course of classroom instruction, designed for both new and experienced boat operators to acquaint them with the fundamentals of power and sail boating, begins March 21 as part of the Maine Adult Evening school curriculum.

The class will be held from 7:30 to 9:30 p.m., Thursday evenings, at Maine Township High School East, Potter and Dempster, as a community service. The staff of the U. S. Coast Guard Flotilla 22-18 (9th District) serves as instructors. Certificates will be awarded upon the successful completion of the course.

Sessions in the boating course will be devoted to: nautical nomenclature and terminology; anchoring, docking, mooring, heavy weather handling; care and operation of outboard motors, maneuvering, knots and splices; aids to navigation; navigation charts, positioning and piloting; Rules of the Road; boat operation; equipment and safety.

Maine Adult Evening school 299-7187, can supply further information on registration and tuition.

Dennis took firsts in the horizontal and the parallel bars and second in the still rings for a state record point total. Arlington won the meet, however, with 64 points.

### M.G. Legion Begins Summer Baseball Plans

A successful project must be started much in advance of the time when its finalized plans reach conclusion, and so it is with the Morton Grove American Legion Post #134. The post constantly strives to excel in the fields of service and other fields which they undertake, trying to present to the community the best programs possible in every way they can.

As last year, once again the local post will sponsor a baseball team. This undertaking is being planned much as in the big leagues, where the same plans must be made prior to spring.

Former manger, Ernie Jenkins of Morton Grove, reports a baseball meeting of post representatives and the baseball committee was held recently and another session is slated soon during the month of March to iron out the many details which must be taken care of at an early date.

The 1967 season was the first of Legion baseball for the Mor-

ton Grove post. Equipment and uniforms, in poor condition then, will be replaced this year.

In competition last summer, Post #134's team placed third in their section, playing to a 0-0 tie in regular season play (with the champion state-wide Northbrook group). The local lads lost to them 1-0 in sectional playoffs. During season play, localite Jim Henning boasts of the feat of a no hitter.

### Author

Dr. John C. Mitchem, a professor of physical education for women at Northern Illinois university, has co-authored three recent publications.

The March issue of the "Physical Educator," also a professional publication, contains an article by Mitchem and Bonnie L. Parkhouse, a 1964 NIU graduate presently teaching at Niles Township High school, Niles.

Serving in the same capacity for the second consecutive year will be president, Mrs. Alfred Geis; first vice president, Mrs. Robert Larson and recording secretary, Mrs. Philip Hilson. After the installation Mrs. Geis will formally announce her board members for the coming year.

### You're On The BUGLELINE

The other day at Lawrencewood Shopping center we were surprised to see two trucks ahead of us drive through the stop signs in the parking area. One truck looked like it belonged to a bulldozer and the other, a jeep, had "Riverwoods" painted on its side. Are the Niles Police watching this area or can the signs be ignored since they are not placed on a main street?

Bob Carlson, Morton Grove

Niles Village Manager Ken Scheel told BUGLELINE that the Niles Police do give tickets for ignoring such signs in the shopping center. Really, only the fire lane signs can be sturdily enforced, though, because the stop signs are on private property and permission must be obtained from property owners for their being in the center. It is wise, however, to abide by all traffic signals and signs, no matter where they are placed.

The BUGLELINE is our last hope. The residents living at 8147 Ozanam ave. leave 3 garbage cans in front of their home 24 hours a day, 7 days a week. The cans are empty. Mayor Blase told us there was nothing legally which could be done. Since there is no garbage in them the village said it cannot cite any violation. All neighbors in the area are "hot" about this but can't force the people to remove them. When we have visitors to our homes they're appalled by the unsightly garbage cans. Please BUGLELINE, Help! Help! Help!

Our first thought is a visit from representatives of your home owners association might aid in the cans' removal. Another suggestion might be if all Nilesites reading this complaint would mail a note to the Ray Mathis family at this address seeking their cooperation in the interest of keeping Niles beautiful, this combined effort might convince the Mathis family of the importance of being good neighbors.

### "Cinderella" Musical Saturday

"Cinderella," a musical fairy tale for children, will be presented in two performances, at 2 p.m. and 3:30 p.m., Saturday, March 23, in the auditorium of Maine Township High school West, 1755 S. Wolf rd., Des Plaines.

All boys and girls in the area who love the classic tale of the little kitchen waif transformed into a princess may attend the original musical staged by the Des Plaines Foot-lighters and Young Foot-lighters.

The two acting groups, composed of boys and girls from the 6th grade through senior high school, are sponsored by the Des Plaines Park District.

Tickets for both performances of "Cinderella," at 75 cents per person, may be obtained from the Des Plaines Park District office, 748 Pearson st., telephone 296-6106.

Groups of 20 or more may buy tickets for 50 cents each, according to Pat Schoen, supervisor of special activities for the Des Plaines District. Tickets for the musical fairy tale will be on sale at the door, March 23, one-half hour preceding each performance, says Miss Schoen.

### Richard Aviano Returns From Vietnam

Richard Aviano SP/4 of the 1st Infantry Division returned home early this week from active duty in Vietnam.

A graduate from Niles North High school, Richard left Aug. 31, 1965 for the army and shipped to Vietnam on March 16, 1967. As a personnel carrier driving a tank, he operated from Saigon to the Cambodian Border. He was involved in several major battles including Paul Bunyan, Manhattan and Shenandoah. He received the Army commendation Medal (Meritorious service in war), Combat Infantry Badge, the Bronze Star and others.

On March 10, 1968 at 2:15 p.m. Richard returned home to a block filled with flying flags. The friends and neighbors on the 7100 block of Wright terr. all displayed the American Flag in his honor. He would like to thank once again these same folks for their packages at Christmas, their prayers and their welcome home. The entire membership of the Niles Gardens East Homeowners association also want to thank Aviano.

### Imagination Is Fun

Since last September, two groups of children have had the fun and experience of participating in a special creative dramatics program held at the Niles Park District.

Under the guidance of Miss Barbara Damron, the younger children, ages six and seven, with their wonderful imaginations, have transformed the Niles Recreation Center into such diverse settings as mysterious witch's palace and a busy tailor's shop. Most recently, the Recreation Center has taken on the colorful flavor of Spain. Last Saturday, children, lost in the excitement of a Spanish bull fight, snorted, pawed the ground and clashed horns as they prepared to meet the proud and masterful matadore. Spanish music and bright scarves helped to enhance the atmosphere and add to the believability and excitement of the scene. For a short time the real world was forgotten and the children's natural imaginations, freely expressed, carried them into the land of fantasy.

Miss Damron's old class ages nine through eleven, have also been working creatively, but their guidance has been more theatrically oriented. During the first half of the program, the children concentrated on expressing themselves in rhythmic movement and pantomime. They learned to stretch their imaginations by creating scenes where they had to use their five senses and react emotionally to problem situations. After several sessions when the children felt confident at handling such scenes in pantomime, they began adding their own dialogue, and went from playing "them-

### Niles Youth Congress Sets Up Paper Drive

and Monday April 15. They are urging all residents to save their paper and on both days to tie them with strong string and place them on their front doorsteps. No door bells will be rung. Members of the Congress have been assigned specific areas and on these days will work in teams to make sure all paper is collected.

Anyone having a large amount of paper they wish to donate can contact Mrs. Charles Morris, 965-0061 and special pickup arrangements will be made.

selves" to playing other characters, Story dramatization was introduced and the group learned to plan a scene from start to finish, play it, evaluate their work, and play it again—always taking turns in the different roles.

### Volunteers Services

Mrs. Janet Schreiter, 8321 Mango, Morton Grove, has volunteered her services for the 1968 street corner drive for WTTW to be conducted March 29 and 30.

Because it is a non-commercial station, prohibited by the F.C.C. from carrying advertising, Channel 11 must, each year, appeal to the public for funds to support it, and although the Chicago Educational Television Association is financed in part by memberships and contributions from individuals, foundations and firms, community support still is needed - this year \$697,000.

Channel 11 currently is telecasting many stimulating cultural programs, in addition to which thousands of adults take college credit courses on TV College. Over 900,000 school children receive part of their

classroom instruction from Chicago Area School Television courses televised on WTTW and its new sister - UHF station WXXW/Channel 20.

Mrs. Schreiter and her fellow workers will be guests at a party on Saturday, March 23 in the WTTW studios. A briefing session will be conducted by Thomas Sanberg, WTTW director of development, and musical entertainment will be provided by Bob Gand and the Village School Singers with magic routines by Mr. Norman.

### Welcome

## Winner Of Fashion Contest Announced

The weeks of suspense have ended for the designing ladies of Morton Grove Woman's Club, and the winner of the sewing contest is Mrs. Robert Karas, 8932 Meade ave. Mrs. Karas will now go on to compete with dressmakers from all over the Northern Illinois area at the Tenth District, Illinois Federation Women's Club party, "Federation Fashions" Wednesday, March 27, in Glenview Community church.

The qualifying fashion show was held Thursday, March 14, in Hackney's on Lake, Glenview. Eight women participated as fashion show coordinator Mrs. George Burtel described all the ensembles. Mrs. Walter Booth, 8937 Marmora, designed a complete ensemble from hat to shoes covered in self-fabric. The outfit was a double wool knit in turquoise blue with silk shoes and the matching trim on her hat. Mrs. Charles Clary, 5730 Capri Lane, made a cinnamon brown slack suit using a McCalls pattern. She made her own accessories, a headscarf which doubles as a collar trimmed with gay spring flowers and matching envelope clutch purse. Another complete ensemble by Mrs. Andrew Stemple featured a turquoise & coco brown windowpane pattern in a cotton knit material. She combined 2 patterns, a Vogue and a simplicity, and covered a pert brimmed hat in self-fabric. Mrs. Percy Schramek, 5704 Carol, in a cool lemon-yellow & white swiss dotted sheath with V-detailing in front and back, trimmed white kid gloves in the same fabric, and covered a wide brimmed hat with yellow & white spring flowers. Mrs. Kelly Brown 7927 Luna, appeared in her hand knit coat of 100% French wool and scalloped lace design, both lined in luscious citron yellow. And another complete ensemble by Mrs. Loftin Sandidge, 6630 Hazel, in a simplicity pattern 3 piece orlon orange suit, was trimmed in leopard with a matching belt. All heads turned as Mrs. David Ford, 5908 Capri, wore her own powder blue sheath, completely hand sequined, set off with matching sash belt lined in blue taffeta. Mrs. Ford is the Morton Grove Woman's Club knitting instructress and it was her pupil prodigy Mrs. Robert Karas, who walked off with the sewing honors in her breathtaking hand knit coat with its matching scarf. Mrs. Karas used a Bernat pattern, and knit the checkerboard design in imported Frizell yarn in beige tones. She lined the ensemble in soft white crepe.

The preliminary judging was held in the Morton Grove Fair Oaks Restaurant, and the results have been sealed in a secret envelope since Feb. 29. Judges were Mrs. Bennett Altman, 7645 Beckwith, the sewing and knitting instructress of Morton Grove Junior Woman's Club; Mrs. Eric Mueller, 7200 Emerson, who has designed and sewn for Marshall Field and Co. and Johnson - Harwood and Mrs. Norman Ross, who is co-owner of the new Goodman Brothers Yarn store in Morton Grove, 6027 Dempster. Mrs. Ross is well-known for her knitting instructions.

## Citizens Group OKs Rate Vote

Dr. Walter Kramer, chairman of Niles' permanent Citizens Advisory Council, reported to the high school board of education that the citizens group endorsed the board's plans to hold a rate referendum Saturday, May 18.

The school board several weeks ago asked the newly formed permanent citizens council to investigate thoroughly the district's need for a rate referendum to increase the educational rate's ceiling from \$1,0891 to \$1,2991.

In his statement to the school board, Dr. Kramer said the council urges everyone in the school district to vote "yes" on the referendum. He pointed out that citizens of Niles Township can be quite proud of their high schools, but that if their quality is to be maintained and improved, more money will be needed. "None of us likes to pay more taxes," he explained, "but we must face facts realistically. It costs money to provide good education for our children. We are fortunate that we have been able to provide a superior education for them at less cost than many of our neighboring high school districts."

More than 20 textbooks to be used as the basic texts for courses in business education, industrial arts, foreign language, and science were approved by the board of education.

## M.G. Woman's Club Sending Gifts To "Adopted" Platoon

Thousands of pounds of home baked goodies, reading material and personal items have traveled across the airways from Morton Grove to Viet Nam since November 1966, when Morton Grove Woman's club, 10th Dist., I.F.W.C., "adopted" the platoon of Pfc. Allan F. Schaefer, son of Mr. and Mrs. Robert Schaefer, 8344 Gross Point rd., Morton Grove. Alan is home now, and most of the men who received distribution of the first packages from Morton Grove are now back in the United States, either serving out their enlistments at a post or station, or back at the civilian occupation which was interrupted by the draft.

As Captin Gordon L. Kraus, Battalion Chaplain wrote in his recent letter to the people of Morton Grove: "They had a rough time over here and I want you to be sure that what you have done will make them all happier and more thankful for the kindness of strangers than they would otherwise be. Thank you so much for your help!"

Operation Viet Nam has been a real community effort. From the men and women at the Morton Grove Post Office who are always so helpful in transferring all the boxes and weighing them quickly and efficiently, and to members of other organizations such as the Lions, the American Legion, Sertoma, Morton Grove Junior Woman's club, the Moose, church groups, Civic and Community associations, school home economic classes, brownies, girl scouts and to all the individuals who have filled all the many boxes, this has been a heart-warming privilege and experience and has given these men a real morale booster. Morton Grove Woman's club, sponsor of the project, send now to all Morton Grove men in the armed services (they now total 23), and gratefully accepts any new names available. Any members of the community may telephone Mrs. Thomas Mick, chairman of Operation Viet Nam, YO 5-1559, to submit new servicemen's addresses.

When the boxes for our hometown boys are packed, the 3rd Medical Battalion receives: all the surplus articles and this usually amounts to between five to ten packages. (The packages are air-lifted in five-pound boxes). R. A. Brown, M.D., provides the photographs which give us a little insight of conditions in Viet Nam. Dr. Brown sends this message to the people of Morton Grove:

"I, once again, would thank you and your community for your time and efforts on behalf of the troops, with your packages of needed items and the goodies. I will tell you how they are being distributed. The cigars, cigarettes and individual kleenex packages were given out on an individual basis to the patients as they are fed in our inpatient gallery. The cartons of drink mix are kept in the same area and the patients are able to enjoy these between meals and in the evening. The toothbrushes, soap, stationery and pens, as well as the repellent is and will continue to be distributed to the men as they come out of the field to the medical facility, both here at Phu Bai, and at the forward medical facility at the Dang Ha combat base. As you may or may not know, when a troop is exhausted from the field, he arrives with only that which is

on his back. Usually all of this is destroyed by us, except for personal items, and then we refit him with underwear, uniform and boots. The comfort items are usually supplied by Red Cross and by your packages. I might suggest as a future project, if you can continue to send items, that individual disposable or usable wash cloth and towels would be most useful. These men in transit, either to more rearward medical facilities or back to their units are quite often on the go for several days. These they could take with them, the Battalion towels they cannot—or I should say should not, since they do disappear at a rapid rate."

Dennis Rossi, son of Mr. and Mrs. Ernest Rossi, 8904 Meade, sends this letter, which is typical of the feelings expressed in the letters and cards our hometown servicemen send from overseas:

"I have just received the package that was sent to me from the Morton Grove Woman's club, and on behalf of everyone in D 16th Armory I would like to thank you, I wish there were more I could do than just say 'thank you' to you and the other women of Morton Grove Woman's club. Everyone here really enjoyed the package you sent. Just to think that there are some people back home who have taken enough time out of their busy day to do something like this really means a lot to all of us over here. Long after everything you sent us is gone, we will remember the Morton Grove people and the women who have taken time to do something for us. Sincerely, Dennis A. Rossi, P.S. Thank you once again."

Once a month in Morton Grove Public library, members and friends of Morton Grove Woman's club meet to wrap and pack the boxes for the servicemen and the hospital. Work begins around 9 a.m. on the second Tuesday of each month. Chet Aggen, host of The Bit, provides coffee. Donations may be brought to the homes of any of the Operation Viet Nam committee members. They are: Mrs. Thomas Mick, 9120 Marmora; Mrs. Fred Sheehan, 6023 Grove; Mrs. A. Erikson, 6020 Grove ct.; Mrs. Robert Zitzler, 636 Echo In., Glenview; Mrs. Robert Schroeder, 9130 Marion; Mrs. Richard Flickinger, 5900 Main; Mrs. Edward Reynolds, 5700 Capri In.; Mrs. Edward Artwick, who receives all the cookies at her home at 8822 Mansfield; and Mrs. Frank Novak, 7217 Wilson terr.

## LETTERS TO THE EDITOR

### Responds To "Perspective"

Dear Editor:

In response to a recent letter (14 March 1968), I am compelled to offer "this" perspective of suburban living. To be a resident of a suburban community is to accept now the hard fact of life that: The suburb of today is the city of tomorrow! To believe differently is to pursue a dream of building a community void of conflict. I would be to resist change rather than deal with it realistically.

To Mr. Eskau and others sympathetic to his position, I suggest that your "suburb" is a Utopian ideal and a world of the escapist who cannot accept his role of becoming a responsible participant in the process of change. Your denial of conflict is evident in your personal anguish and frustration which has crippled your abilities to directly confront the problems and realistically appraise their implications.

Common to any community problem or problems is CHANGE. Change is evident and supported in population composition, commerce and industry requirements, skills and education needs, increasing demands for community services, and visible changes in physical space requirements for housing, commerce and industry and a host of related services. Whatever solutions which might evolve to meet existing and future problems must be designed to meet these challenges of the changing community, suburb or city.

If we accept the challenges of a changing community, we cannot accept any of these more recent problems (housing, education, air, water, transportation, etc.) as logical extensions of the urban-suburban complex is to commit "social suicide." To propose solutions to these problems with a "Village mentality" is not unlike patching a bullet hole in a patient with a band-aid, when surgery is demanded!

### Heart Appeal

Dear Mr. Besser:

I would like to thank you for the article in your newspaper on Jan. 25 asking for blood donors for my recent open heart surgery.

I am on my way to full recovery now, and I know it is because of friends like you and the many people who responded to your appeal.

Again may I say thank you with "all my Heart."

Sincerely,  
Lee Ruhl

Editors Note: We're most pleased former Nilesite Lee Ruhl is getting along so well. The story was sent into THE BUGLE by Barbara Leske, wife of Park board president Jack Leske, whose concern for Lee resulted in the story being published. All Nilesites (and Morton Grovites) are welcome to use THE BUGLE at any time when a community need should be brought to the attention of all area residents (over 7,000 homes in Niles).

## Morton Grove Plans Spring Coin Festival

The new Leaning Tower YMCA in Niles, Illinois, will be the site of the annual Morton Grove Spring Coin Festival on Sunday, May 19. Sal Genualdi, General Chairman, has already appointed his committees who are now at work arranging and planning for the bourse, exhibits, publicity, registration and 100 Lot auction. Bourse space can be arranged by contacting the club at P.O. Box 43, Morton Grove, Illinois.

Exhibitors may contact Harold Vincent at the same address for exhibit area reservations. Exhibits will be set up on U.S. and foreign material, with appropriate awards to the winners. There will be no admission charge and each person who registers will receive a suitable numismatic souvenir.

As an added interest, everyone attending will have an opportunity to see and tour the world's only replica of the Leaning Tower of Pisa, which adjoins the grounds of the YMCA building. The tower was completed in 1933 and has attracted visitors from every corner of the world and is a faithful half-size reproduction of its European counterpart. The Piazza d'onore, a continental style, gas-lighted town square nestles at the base of the Leaning Tower, alongside a shimmering lagoon. Stately, domed guardhouses add to the atmosphere aside the broad walkway that stretches

from the street to the Piazza tower and the YMCA Building. The tower is illuminated each evening following a chime concert from the bell tower.

The Morton Grove Coin Club meets on the third Friday of every month at Oketo Park Field House, 8950 N. Oketo Ave., Morton Grove, Illinois. All numismatist and beginners in coin collecting are invited to attend the Spring Coin Festival as well as our regular meetings.

## Norman Stepelton Appointed Chairman Of Bell Ringer Campaign

Norman A. Stepelton, president of National Tea company, has been appointed general chairman of the 1968 Bell Ringer campaign conducted by the Mental Health Association of Greater Chicago. The appointment was announced by James J. Brice, partner of Arthur Anderson & Company, who is president of the association. Goal set for the campaign is \$250,000.

The Mental Health Association of Greater Chicago spearheads a five-point program on behalf of the mentally ill in Cook and Lake counties. Pri-

marily a citizens' action group, the association speaks for those who cannot speak for themselves. These are the 20 million American who are suffering from some form of mental or emotional disorders requiring psychiatric attention. The association works to improve conditions in state mental hospitals so that all patients may get modern medical treatment. It works to establish mental health facilities in the community so that emotionally disturbed people can get the latest treatment without isolation or stigma. And, because informed citizens are

its greatest asset, the Mental Health Association works diligently to make knowledge about mental illness available to everyone in the community.

In accepting the appointment as general chairman of the campaign, Stepelton tolled the replica of the mental health bell which was "cast from shackles of early mental patients." Commenting further, Stepelton said, "Much has been accomplished in the care and treatment of the mentally ill. However, much remains to be done. As chairman I call on all citizens to work with me in helping those less fortunate."

## NI-Gas Raises Dividend Again

The year 1967 was a highly successful one for Northern Illinois Gas Co., according to the utility's annual report now being mailed to nearly 100,000 NI-Gas stockholders.

Marvin Chandler, chairman and president, reported that revenues, earnings, sales, customer levels and dividends all reached new peaks.

Revenues were \$241 million, up 10 percent over 1966; earnings for the year amounted to \$2.50 a share, seven percent higher than the \$2.33 recorded in 1966; and their sales rose by 10 percent.

The number of customers increased by more than 34,000, bringing the year-end customer total to 978,000.

Chandler said the substantial jump in revenues was due to more customers using more gas and large industrial customers switching from part-time to full-time use of gas.

Northern Illinois Gas Co. recently raised its quarterly dividend rate on its common stock to 40 cents a share.

The action by the company's directors marked the tenth straight year the NI-Gas dividend has been raised. Marvin Chandler, NI-Gas chairman and president, said that since 1958 (10 years ago) the utility's annual dividend rate has risen 171 percent -- from 59 cents per share to \$1.60. The new \$1.60 rate, he said, is 5 percent higher than the \$1.52 annual rate in effect since May 1, 1967. The quarterly dividend is payable May 1 to stockholders of record March 22.

NI-Gas directors also declared the regular dividends of \$1.25 a share on the company's 5 percent preferred and 5 percent convertible preferred stock; and \$1.12 on its 4.48 percent preferred stock, also payable May 1 to stockholders of record March 22.

Northern Illinois Gas Company has announced it plans to sell \$25 or \$30 million of 25-year first mortgage bonds by competitive bidding.

Given satisfactory market conditions and the necessary regulatory approvals, the bids are scheduled to be opened June 11.

## To Sponsor "Giants"

A television documentary, which was recently awarded a regional Emmy by the National Association of Television Arts and Sciences, will be presented by Commonwealth Edison Co. Thursday, March 28 at 7:30 p.m. The documentary, "Giants and the Common Men," will be broadcast simultaneously on Chicago's Channel 5 and Rockford's Channel 17.

The hour-long color special traces Chicago's past from its days as a trading post to its growth into a metropolis. "Giants" uses Graceland cemetery on Chicago's north side as a focal point for retelling the story of the windy city. Many Chicagoans who attained national prominence are buried in Graceland. Among them are personalities who left their mark in the fields of commerce, industry, politics and sports.

"Giants" originally appeared on Chicago television in December and was one of the first specials produced in conjunction with the celebration of Illinois' Sesquicentennial.

The documentary was one of nine regional winners selected for an Emmy award. "Giants" also received the Premiere award last week at the Atlanta International Film Festival.

## Lawrencewd. Easter Drawing

An Easter Educational program drawing will be held at the Lawrencewood Shopping center, at its Eastertime sales promotion event, April 8-13.

According to an announcement by Mr. Sekulow, manager of Goldblatt's in the center, neighbors may enter the drawing at any of the participating stores. There will be a winner each day and winners will have their choice of Great Books of the Western World, Encyclopedia Britannica or Encyclopedia Britannica Jr.

Participating stores are taking this way of showing their appreciation for past patronage of customers as well as further education opportunities for the children.

Charles Boyle, photographer of "Giants", was cited earlier by the National Press Photographers' Association for his work in filming the documentary. Boyle won the second place award in the annual Television Newsfilm Pictures of the Year competition.

Miss Gunning and Dikinis are with the B & B Sewing Machine co., 4214 Archer. The photograph was taken at the Balzekas Museum of Lithuanian Culture, 4012 Archer, where they were personally escorted through the museum by Stanley Balzekas, Jr., director of the museum.

## "Select Company"

"The African Queen," the Humphrey Bogart - Katharine Hepburn film classic, returns to the greater Chicago area when it opens a showcase engagement starting this Friday, March 22. In Niles it will be seen at the Lawrencewood Theatre. The motion picture, released by Trans-Lux, had been withdrawn from all distribution nearly a decade ago by its producer, Sam Spiegel, who also produced "Bridge on the River Kwai," "Lawrence of Arabia" and "On the Waterfront," among others. felt that time would en-

hance the classic stature of "The African Queen." Since then, the Bogart cult has reached epic proportions and Katharine Hepburn, after a six-year absence from stage and screen activities, has burst forth more popular than ever. A recent survey conducted by two big-city newspapers more than proved Spiegel's contention. Readers voted "The African Queen" among the top 10 all-time favorite motion pictures among thousands of films nominated.

## Soloists In Area Contest

On Saturday, March 2, nearly 800 elementary band students performed solos at Notre Dame in the Archdiocese of Chicago Band Solo Adjudications.

The Notre Dame center, one of the four in the Archdiocese, was under the management of Donald Tolosko, director of the Notre Dame Music Extension program. Catholic schools sent students to participate in the adjudications at Notre Dame.

Schools from this area included Our Lady of Perpetual Help in Glenview, St. Isaac Jogues in Niles, St. Raymond in Mt. Prospect, St. Paul of the Cross in Park Ridge, St. Joseph in Wilmette, Our Lady of Victory in Chicago, Resurrection Community in Chicago, Notre Dame Extension in Niles, St. Theresa in Palatine and St. James and Our Lady of the Wayside in Arlington Heights.

Perfect solo scores were achieved by Mary Peel, Marcia Klein, Connie Blaszczyk and Christine Fahrenbach of Our Lady of Perpetual Help in Glenview; by Michael Merclut of Notre Dame Extension in Niles and by Michael Huetson, William Zarnich and John Duffy of St. Isaac Jogues school.

First Division winners from Notre Dame Music Extension program, Donald Tolosko, director:

First Division winners from St. Isaac Jogues school in Niles, Donald Tolosko, director:

Michale Huetson and Kathy Purcell of Niles; Margaret Macur, Cathy Caldwell, William Szczech, Monica Joffe and Ken Littell of Glenview; Rusty Kelly, Mary Tracz, James Rzeczkowski, Chris McDonnell, Bruce Zimmer, Leonard Strom, John Duffy, David d'Autremont, David Dohnalek and Robert Knox, all of Morton Grove.

Two minds with but a single thought - suspicion of the other's intentions - is reflected in this scene from "The Ambusher," which stars Dean Martin as the urbane Matt Helm, counter-agent supreme, and lovely Janice Rule as the girl who poses as his wife while they hunt a hi-jacked outer space craft. "The Ambusher" opens Friday at the Golf Mill Theatre.

## "The Ambusher" Opens Friday At Golf Mill

"The Ambusher" starring Dean Martin as Matt Helm, the super spy, opens this Friday at the Golf Mill Theatre.

Matt Helm is a very demanding part for Dean Martin. All he has to do is drink, smoke and chase pretty girls. Senta Berger and Janice Rule, the co-stars in the film, say Martin is right for the role because he understands the character.

The Golf Mill is open for matinees every day.

## DEAR MOM AND DAD,

We were wrong about my bleak future. It turned out that all I needed was a little training in the right field. I found a school right here in the suburbs (thank heavens I didn't have to go all the way to the Loop!) that trained me to be an IBM Key Punch Operator in just four weeks. Mr. and Mrs. Lee found me a job (they know of hundreds of openings) even before I finished school — and I start work this week.

Love,

Trudy

### TRUDY GOT SMART — HOW ABOUT YOU ?

We can train you to be an IBM Key Punch Operator or a Computer Programmer for jobs that are available right now. Our morning, afternoon, and evening classes are preparing girls for these positions — why not join them?

## PARK VOTE

continued from page 1

April 1 meeting with a citizens committee will be held in the Park Recreation Center at which time further discussion about finalizing the vote plans will take place. All residents are welcome to attend the meeting. Nilesite Abe Selman will head the committee which will aid the park board in its presentation of the referendum.

In other actions Tuesday night the Board approved an ordinance which will enable the park board to legally place itself in the position of negotiating for the 3 lots in Courtland Park, Builders Callero & Catino were planning on building there and the park action will result in negotiations for the land to be used as park property.

.....Okayed leasing of Public Service right-of-way from Washington west to Golf rd, in Courtland Park.

.....A second swimming pool will not be included in the upcoming referendum.

.....Joined the Council of Cook County Governments, a group formed to exchange ideas.

.....May settle Skokie park annexation appeal outside court.

.....62 teams will compete in this year's baseball program, 8 more than last year. Additional playing fields will be discussed by Baseball League representatives and park board members.

.....White and Cronen will sponsor Punt, Pass and Pick program around Columbus Day. Jack Heckinger, of the Ford agency, will head the program. Similar programs in baseball and a Junior Olympics will be held this year, according to Recreation Director Peterson.

.....Okayed bid for \$3,100 for asphalt work for tennis court at NICO Park.

## Disaster

continued from page 1

Illinois who have graduated in this program, 3,218 reside in Cook county and 153 of these people, according to Scheel, are Niles residents. In DuPage county, there are no program graduates. The medical self-help class, which began last week, will last for about 10 weeks. It meets every Wednesday night at Fire Station #2 on Dempster at Cumberland and can accommodate about 20 persons. About 12 have registered to date.

Also discussed was the city planning program, soon to enter its second phase. Phase 1 will end this June as City Planners of Mishawaka complete their work on the history, background and statistics of Niles. Phase 2 will cover what should be done in Niles as to land use, traffic, etc. Total cost of the program has been set at about \$30,000 with the federal government paying two-thirds of the bill and Niles footing one-third of the cost.

Scheel also told reporters that homeowners living on Sherman rd., between Main st. and Wright terr., will be asked to have sidewalks laid in front of their homes. The village has a 50-50 agreement on the repair of sidewalks but no such agreement concerning new ones. The intersection throats at Howard and Caldwell and Howard and Leigh will be widened temporarily and resurfacing of the west section of Howard st. will hopefully begin soon.

## Citizens Unit Has Speakers Bureau

A speakers bureau has been set up by the Citizens Advisory Council of the Niles Township High Schools to inform citizens upon request about the school district's rate referendum scheduled for Saturday, May 18.

The Citizens council last week unanimously approved the school district's decision to ask residents to raise the ceiling of the educational fund from \$1,0891 to \$1,2991.

Any group interested in having a speaker from the Citizens council should contact Mrs. Edward Berkowsky, 7017 Carol st., Niles. She can be reached at 965-0153. Mrs. Berkowsky is one of more than 30 citizens on the council and is chairman of the speakers bureau.

persons and have three basic areas as well as a modern bathroom and locker room. There will be a general swimming area a diving bay with three boards and a beginners area which will be two to three feet in depth.

The park board, composed of Clyde W. White, William F. O'Shea, George Foster and Paul Connelly in addition to president Yates stated in a newsletter and in a community-wide mailing piece, that they estimate the cost to be about \$3 per year for each family, or 25¢ per month.

Polling places will be located at Austin Park, Mansfield Park, Harrer Park, National Park, Oketo Park and Melzer school. Hours of voting will be from 6 a.m. until 6 p.m.
