tal. But at the County Sheriff's office it remained at the top of the pole. This office is run by a man who wanted to enlist 1,000 volunteers to maintain peace and order this summer. He was asking for an untrained vigilante group to "control" rioters during the coming summer. Was it a coincidence that this was the only public building in Niles which was not flying its flag at half-mast?

On this same Sunday churchmen from Niles pulpits asked for donations of clothing to help the poor people who were burned out of their homes. And white suburbia responded. The gym at St. John Brebeuf was filled with clothing which was loaded into a 3/4 ton truck. Father Rogala said many parishioners volunteered to help with the sorting and loading and transporting of goods. Tony Szymanski drove down to St. Catherine's Clenna in Chicago Wednesday another truckload will be sent down.... this time with much-needed food. Meanwhile, the nursery room at Community Church was filling up with clothing. It too was to be transferred into the city.

Tuesday, the day of the funeral, even the Sheriff's office now had its flag half-way up the pole. But we noticed few residents' flags were flown. And sadly, we noted a couple of every-day flag-wavers did not have their flags blowing on this sunny day. Again, village buildings and schools all proudly displayed their flags. But no flags flew in Niles parks and we're sorry to report even the VFW had no flag on its pole this Tuesday.

At St. John Brebeuf 1,550 students were present at a Mass held for Martin Luther King. Only a couple of parents objected to their children participating. In district 63 all children watched some of the funeral's proceedings on TV. Principals encouraged all teachers to set aside part of the day for this viewing. At Maine East a proposed memorial service never came off but 1 minute of silence was to be observed near the noon hour. Unfortunately, it was not too successful. One history teacher told the students the only reason they wanted the day off from school, as the Chicago children

From The Left Hand

By David Besser

The passage of open housing ordinances in Waukegan and Des Plaines brings the number to 38 communities which have such laws in Illinois. Wilmette may have become the 39th community to OK the law, having considered it Tuesday night.

Aside from the moral issue what has longed concerned us is Niles becoming an isolated anti-open housing community among neighbors all which have such laws. Being an oasis for racism would be a sad commentary on a community which had made such remarkable strides which led to its All American award. Coincidentally, Wheaton's All America award this year was largely attributed to its efforts in passing its open-housing law.

Noting its moral implications, the Niles trustee who was most concerned whether or not such a law is "constitutional" is the same trustee who was doing business with village employees which led to the discussion concerning a conflict-of-interest of village officials. Since this issue also concerned compromising a moral principle for immediacy we find it dismaying he would (once again) be positioning himself opposite the side of every major religious group in the country. And what is equally ironic is this trustee's outstanding record of compassion and help to those less fortunate, who have been aided by his tremendous efforts in aiding the blind.

One of the funniest scenes in Niles took place Monday night about 9 p.m. at the post office. A bevy of last-minute tax returnees emptied out of their cars and converged on the mail box concerned with getting the April 15 date on the envelopes which held their tax returns. While business was exceptionally brisk at the box, one tax returnee was so hesitant whether or not his form would be in the mail on time he hurried to Chicago's main office to post it. Pictures of postal men on foot accepting last minute forms downtown attested to thousands who waited like this Nilesite. A man ac-

Niles Will Study Fair Housing Law

By Naomi Krone
News Editor

A proposed fair housing ordinance for the Village of Niles is expected to be presented to the village Board of Trustees at its April 23 meeting.

As discussed by Village Manager Ken Scheel at this monthly press conference Monday, the proposed ordinance will be formally presented to the board and then will be studied by its members before hearings are scheduled.

Hearings on the proposed Village of Niles budget have been scheduled for an open meeting May 14, it is expected, according to Scheel, that the budget will be ready for presentation to the village board at its April 23 meeting.

"We're in pretty good shape now," commented Scheel, "as far as the budget is concerned. There is correlation left to do but other than that we should be ready with the budget shortly."

Although nothing unusual will be included in the budget proposal, it will contain provisions for the air pollution and family service departments. The largest single budget increase is expected in the salaries of village personnel. The village is advertising for a director to handle the Family Service department and the air pollution listings will hopefully provide $2,000 for an on-the-spot sulphur dioxide tester for the village. Four village employees, John Morgan, Bill Hlavacek, Jaohn Saba and Harry Kinowski will be attending school in Chicago to learn more about air pollution problems and their solutions.

According to Scheel the rodent control program in the village is doing well and going according to plan.

The village now has a 4-wheel street sweeper, a regular sewer cleaning schedule and its own machine to do that job. Up to now the sewer cleaning machine had been rented by Niles.

The preliminary draft of the storm sewer study for Niles is now being studied by the village and it is expected it will be presented to the board sometime in June. Contracts will be awarded at the April 23 board meeting for construction of the new fire station. Hopefully, construction will begin ground May 1 and be completed by the end of October or early November. Street repaving bids as well as sidewalk and curb-gutter repair bids are also scheduled to be opened at the April 23 meeting.

Representatives of the Chicago Housing Authority were in Niles this week conducting interviews on applications for apartments in the Niles Senior

#63 Teachers Weigh Union Affiliation

Teachers at East Maine Junior High school, Greenwood and Ballard, Niles, Tuesday afternoon initiated proceedings to affiliate with the American Federation of Teachers.

The action came at a meeting of the East Maine Teachers Association of which 95% of the 66-member junior high faculty, are members.

A spokesman for the group told the BUGLE "Our decision is a result of the general discontent with the salary schedule and administrative policies and our concern about the poor academic atmosphere at the junior high school."

Specifically, the teachers listed the following factors as contributing to their action of Tuesday:

1. Harassment of teachers by the administration.
2. An impractical schedule for which the school is underequipped and understaffed.
3. Inadequate supplies.
4. Poor academic progress of the students based on unrealistic administrative policies.
5. Failure to provide a constructive in-service program for the teachers even though they are required to stay additional hours for such a program.
6. Failure of the board of education to inform the public of a meeting at which next years salary schedule was adopted.

'Chiefs' Visit Chief

Two Niles eighth grade students visited the Niles Fire Department recently as "Chief of the Department" and "Village Trustee." They were among several local school children, named by the Niles Youth Commission as a result of an essay contest, to assume positions of civic responsibility "for a day" on April 4. Object of the mock appointments is to allow the students to experience the problems faced daily by village officials. Given "red carpet" treatment at Fire Station 2, 8360 Dempster st., were "Chief" Mike Krainski, 7650 Neva ave., a student at Niles Public school, and "Trustee" Gary Piwko, 7706 Neva ave., a student at St. John Brebeuf school. Their tour included a talk with Fire Chief Albert L. Hoelbl and an examination of the administrative, firefighting, training, fire prevention and alarm systems of the Niles Fire Department. They were also conducted on a tour of Niles' vast industrial section.

Letters To The Editor

Rumor

Dear Dave,

In your April 4th column From the Left Hand you printed the rumor that the five vacancies being presently filled on the Dist. 64 board were created because board members had become discouraged by the defeat of recent referenda. I can understand how board members might feel this way but the facts are that Frank Runzler moved to California for business reasons; Richard Clute resigned because of his personal bankruptcy and legal difficulties alleging mishandling of other peoples' money; James Silliman moved to Lake Forest to a home he built for himself; Perry Tryton's doctor told him he had had one slight heart attack and in the interests of his health he must curtail his activities; Gloria Weinke is teaching full time for the first time this school year and decided that board membership was something that she could not afford to add to her schedule.

Your interest in Dist. 64 is appreciated and I thought you might like to avoid giving this rumor future encouragement.

Cordially yours,

Blair Plimpton

Thanks

Dear Editor:

Thanks to the generosity of our neighbors in Niles and to you for your help in calling attention to United Cerebral Palsy's annual fund-raising appeal, the "53-Minute March" on Jan. 14, we had a very successful campaign.

With the campaign nearing completion, I am very pleased to be able to report that our collection locally amounted to $1,873.49

As UCP chairman of Niles, I also want to thank the volunteers who gave so generously of their time to collect these funds. There were 348 men and women in our area who took part in the "March". They join me in 'saluting' the kind people of our community who gave to help the victims of cerebral palsy. The money they donated will be used to continue and strengthen UCP's program of direct services (such as, the Child Developmental Center, family counseling, day camps and adult programs), research and education.

Sincerely,

Mrs. William S. Reid

LWV Con-Con Meetings On April 24-25

A call to Constitutional Convention is coming for Illinois voters on Nov. 5. At that time the people of Illinois will decide whether to modernize the structure of government under which they live. A structure of government that is suited to an era when commerce was carried on by peddlers, hawkers, auctioneers, showmen, jugglers and innkeepers who are itemized specifically for taxation in our constitution written in 1870.

The 75th General Assembly in the 1967 session authorized the submission of the issue to the voters. If the citizens approve, the 1969 Legislature would indicate the date, place and budget and a convention would convene very probably by the end of 1969. A cost of about $2,000,000 has been placed on the convention which is about the same cost the has been spent on presenting a single proposal for amendment to the voter.

The sole purpose of the convention will be to study and review the entire constitution. It needs many changes which must be accomplished at one time so that various sections agree with each other. The convention can truly be a real opportunity for people throughout the state to discuss the problems of government and offer solutions. When the convention adjourns, it will have made recommendations to the people. These will be submitted as a completely revised constitution, or alternatives to controversial sections.

The preceding is just a smattering of information on the topic. For details the League of Women Voters of Morton Grove will hold discussion units on Constitutional Convention on April 24 and 25. On April 24 the meeting will be held at the home of Mary Plonke, 8758 N. Elmore, Niles, 965-4549, at 8:15 p.m. On Thursday, April 25, the meeting will be held at the Morton Grove Community church, Lake and Austin at 9:30 a.m. when babysitting is available.

Of further community service the League also has a speaker's bureau. The committee that will lead the discussion units is available to speak to your group so that they too will gain insight into the vast problems of an outmoded and outdated constitution. Call Mrs. Hanson at 965-3552 or Mrs. Keller, precident, at 966-5552.

Legion Auxiliary And Juniors Keep Busy

Ballots will be distributed to members of the Morton Grove Unit #134, American Legion Auxiliary by Communications Chairman Mrs. H. Koob for members to vote for their favorite radio and tv programs. This is a yearly project.

As reported previously, the Junior Auxiliary will also conduct this same poll, but on their level of interest in programs. The Juniors are daughters and sisters of Legionnaires, under eighteen years of age. Mrs. John Sepesy, advisor, meets with them twice monthly.

Mrs. Koob reports the American Legion Auxiliary is interested in promoting better programs for radio listeners and tv viewers. Votes are tallied in all Departments of the National organization; winning programs are the recipients of an award known as the Golden Mike. Representatives of the winning programs accept these awards at the Legion Auxiliary's National convention. The Auxiliary aims to have sponsors of programs know that people are selective and expect and appreciate wholesome listening and viewing.

The Juniors, who now meet twice a month instead of the once as previously, assist in rehabilitation work by their fashioning of tray favors. Just begun is their project of saving crossword puzzles collected from newspapers and magazines. Pasted onto cardboards, the answers are then also pasted on the reverse (hospitalized vets may either "check" or "cheat" while doing them in their beds).

Mrs. Ed Lange, Auxiliary Rehab Chairman says the Juniors receive a "credit" determined by the value of other items also turned in to her which are distributed to these former servicemen on her routine visits each month. The last group of articles included 7,439 stamps, 8 pr. men's socks, 160 "Reader's Digests," 133 other magazines, 52 paper backs and 292 coupons which gave the girls a total credit so far of $1,195.18.

Niles West PTA To Hear Szuberla, Kamin Apr. 24

The Niles West PTA will hold its monthly meeting on Wednesday, April 24, in the school auditorium at 8 p.m. sharp. Charles Szuberla, new Superintendent of the Niles Township High schools and Meyer Kamin, president of the Board of Education, Dist. 219, are to be the featured speakers on the topic "Where Do We Go From Here?"

Mr. Szuberla, speaking on this challenging subject will help the parents to take a look into the role of our schools in guiding the youth of the "now" generation. He will answer the question of how our education can help youth to meet the problems of today's world, and just what the goals are of today's high school.

Mr. Kamin will present the second half of the program by considering the need for the coming education referendum and its relation to future innovations for our school system.

These are just some of the exciting areas to be explored. Since this is the only opportunity some members of the community will have to meet Mr. Szuberla and Mr. Kamin this year, you cannot afford to miss this meeting. Scouting News

Order Of Arrow

Order of the Arrow, a brotherhood of scout and senior honor campers, nominations are being made by boy scout troops in the Maine Ridge district. The boys themselves chose their fellow scouts and the troop committee chose the adults.

Late in the spring the chosen candidate undergoes an ordeal. He sleeps apart for one night, he eats very little food, he is given work to do that will benefit others, he maintains complete silence all during the ordeal.

The following night elected candidates are inducted into the Lakota Lodge of the OA, whose chief is Bill Skibbe, 2005 S. Washington, Park Ridge. As a full order member he receives the OA neckerchief, lodge patch, handbook and card as he joins with 190,000 brothers in over 500 lodges across America to promote better camping.

The OA recognizes scout campers who best exemplify the scout oath and law, who give cheerful service to others and who maintain camping traditions and spirit.

The candidate must be registered and active in scouting and have 15 days and nights of scout camping within a two year period, six of which must be in long term camping. The scout must be at least first class.

The adult leader candidate must be a man who, because of his job in scouting, will make the OA program more meaningful in the lives of the boys.

In later years, as he grows in service to others, he may receive his brotherhood membership, and if he is exceptionally deserving, he may receive the vigil of honor.

An Aunt Jemima breakfast consists of orange juice, pancakes (all you can eat) pork sausage, and coffee or milk. Price of the breakfast is $1.25 for adults, 75 cents for grade school children, and a maximum price of $6.00 for any family size. Tickets can be purchased from any boy scout of Troop 175 or by calling 966-9382, they may be purchased also at the door on April 21 if you decide to come at the last minute.

The boy scouts will serve the food and clean up the tables. Their fathers will prepare and cook the food, as it is a father son venture. Proceeds from the breakfast affair will be used to purchase scouting equipment and to help defray the cost of boy scout summer camp.

St. John Brebeuf Warriors Win CYO Title 43-28

The 1967-'68 edition of C.Y.O. grade school basketball was climaxed with a triumph for the St. John Brebeuf Warriors. The "North vs. South" game, which has been the grammar school classic for over a decade, was played at Gordon Tech High school for the covered C.Y.O. "Greater Chicago Area" City title.

The competition encompassed over 170 teams from the greater Chicago area which was climaxed in a game between the North Side champions - St. John Brebf (Niles) and St. Felicitus - the South Side champs.

The game was dominated by the quickness of the Niles quintet who led at half-time 23-17 and pulled away to a 43-28 victory.

Paul Klipowicz scored 18 points for St. John and led the way to the Warriors first grade school city basketball title. Terry DiGloria, Mark O'Neil, Steve Serra, and Tom Riley Terry DiGloria - 10.5 pts, and Mark O'Neil - 8.7 pts, for the 47 game season.

Tom Riley, Glen Forry, Den Mahoney, Brian Doyle, Ron Maday, Glen Schmidt, Pat Swanson, Roy Adamski, Gary Les, and Ken Hilgers also contributed to make the season a success for the Warriors.

The team was coached by Richard Kalla and Daniel Kisiba, founded out the starting five.

St. John boasted a 44-2 win-loss record going into the game with many tournament victories, they were - the St. Mary of the Lake Tourn. Champs, the North American Martyrs K. of C. Tourn. Champs, the C.Y.O. sectional Champs, the S.J.B. 8th grade Lge. Champs, and the C.Y.O. North Side Champs. The Warriors totaled an average of 57.6 pts. per game with Paul Klipowicz averaging 20.1 pts. per game, Steve Serra - 11.5.

The St. John Brebeuf cheerleading squad, supervised by Mrs. Geri Les, cheered the city champion Warriors on in all of their 47 games. The squad captured the "Best Cheerleading Award" in the Knights of Columbus grade school tournament earlier in the year.

Legion Commander Names Baseball Committee

Preparatory to their sponsorship of a baseball team of local boys for the second year, the Morton Grove American Legion Post #134 Commander Ed Mc Mahon has named a trio to handle the details of this function for the Post.

He selected Ernie Jenkins, 9020 Austin, with a wide background in boy's baseball managing, and Legionnaire Al Nehart, 9242 Marmora, well known for his community service, as co-chairmen of the Legion's baseball committee. Because of his accounting background, in addition, Nehart is to handle the financial details of this project. Mrs. Nehart of the Legion's Auxiliary, familiar with secretarial duties because of her service on many civic endeavors and possessing stenographic ability, has been named secretary of this Legion committee.

Plans have immediately been launched to begin a most successful season, the trio feel.

Jenkins managed the team last year and points with pride to the fact that in their first year of actually sponsoring a Legion baseball team, Post #134's group placed third in their section. They also played to a 0-0 tie in regular season play with the state champions, the Northbrook American Legion. Morton Grove's boys lost to them 1-0 in sectional playoffs.

Because there had been sporatic sponsoring of haphazard baseball teams in the past, equipment used last year was not all new. Much is now in poor condition and will have to be replaced. Uniforms are to be ordered this year also.

The co-chairmen indicate dates for try outs and registration, open to ALL Morton Grove boys, will be announced soon.

Niles Park Dist. Program

Boys, who are in 5th through 8th grades and reside in the Niles Park district boundaries, are eligible to participate in the Judo program. The Self-Defense classes are for adults and girls 16 years of age and over. The classes are held at Grennan Heights fieldhouse, 8255 Oketo. Judo is at 7 p.m. and Self-Defense is at 8 p.m. on Thursdays. The registration fees for the classes are $2 for Judo and $3 for Self Defense.

Registration for these classes will be accepted prior to April 18 at the Recreation Center office, 7877 Milwaukee ave. between the hours of 9 a.m. and noon, and 1 and 5 p.m. Monday through Friday, and from 9 a.m. to noon on Saturdays. No registration will be accepted after April 18.

The Niles Park district will begin another session on Judo and Self-Defense classes starting April 18. It will last 9 weeks.

Golf instruction for adults will be held at the Grennan Heights fieldhouse, 8255 Oketo starting April 19 on Monday evenings from 7 to 9 p.m. The fee is $5 for the 10-week season. You must bring your own 3 iron and 4 to 6 marked golf balls. Please register at the Recreation center office, 7877 Milwaukee ave., prior to April 15. No registration will be accepted on the first night.

Baseball Season Is Opening

The 1968 St. John Brebeuf baseball hopefuls will open their season the week of April 21. Home games will be played at Jozwiak pk. (Touhy and Francisco) on Wednesdays at 5:30 p.m. or Saturdays at 10 a.m.

The Warriors are looking for their 4th city title in 5 years in the C.Y.O. Baseball League. Their hopes are resting on their two starting pitchers, back from last year's sectional-championship team: Paul Klipowicz and Terry DiGloria. Fred Parker, Steven Serra and Den Mahoney also look to be standouts on the squad.

Mike McDonnell, Roy Adamski, John Rotunno, Pat Swanson, Tom Riley, John Beusse, Gary Les, Dan McDonnell, Mike Callero, Gary Baluta, and Dick Allegretti supplement the St. John team.

The Brebeuf team, which took city titles in 1964, '65 and '66, is coached this year by Richard Kalla and Daniel Kosiba.

Brebeuf Prep Team Loses 47-37

The St. John Brebeuf Prep basketball team recently completed a fine season of 24 wins and 3 losses. The season ended, however, on a disappointing note, by losing to the south-side champions, Our Lady of Sorrows, 47-37 in the prep C.Y.O. City - Championship game.

Throughout its winning season the team was led by Jim Elzzo, Den Schultz, and Bruce Donash, who compiled 20.1, 13.6 and 12.1 pts. per game averages respectively. Rounding out the starting lineup were Phil Bethke, Bob Recuglia, and Gary Potempa with Rich Mak, Steve Anderson, Jim Rotunno, Pat Callero, and Mike Glomski suppling the back up strength. The team averaged 72.3 pts. per game while giving up 49.1 pts. on defense.

The Preps, consisting of 14 and 15 year olds, won many honors throughout the season, among them were: the C.Y.O. Sectional Championship, the Niles Park District 18 yr. old Lge Championship, the C.Y.O. North-Side Championship, and were the C.Y.O. City runners-up (2nd place).

The team was coached by Mr. Daniel Kosiba.

Moratorium

During National Library Week, April 21-27, the Niles Public Library will observe a moratorium on all fines for overdue books. All overdue books may be returned during that week and they will be accepted without fines or questions.

National Library Week, launched in the Spring of 1958, was the first concerted nationwide effort to focus public attention on reading as a source of personal fulfillment, on the importance of literacy in our national progress, and on the libraries which, used fully and supported properly, can make reading accessible to everybody.

National Library Week is now an established, continuing, year-round program to help build a reading nation and to spur the use and improvement of libraries of all kinds, public, academic, school and special.

The sponsors of the NLW Program seek the achievement of these objectives because they ing can help the reader to enlarge his world and gain perspective, realize his potential excellence, savor his leisure and find new meaning in his work. Libraries, too, are as important as the purposes they serve, as they make possible the achievement of the social, educational, cultural and economic goals of the individual and society. In the belief that reading and libraries are truly means toward this full pursuit of life, liberty and happiness lies the ultimate goal: to help develop and informed, creative citizenry that is competent and willing to make the choices and decisions that free men and women have the privilege and the responsibility to make.

Every current major social, educational and economic development in this country is tending vastly to increase the nation's need for better-informed citizens and better libraries of all kinds: an exploding population; a geometrically expanding body of knowledge which must be made readily available to an increasing number of people; important revisions in education methods and content at all levels which emphasize individualized learning and independent study; increased leisure tim; job and skill obsolescence, and retraining for new jobs.

The growth in library facilities and in their use has been encouraging but America's need has grown even faster. Twelve million people still have no public library service. Tens of millions more have service so poor as to be almost worthless. Over half of our elementary schools—the level where talent can most easily be fostered and reading and study habits formed —have no libraries. Many high school and college libraries are inadequate now, and within the decade must provide library facilities for an additional seven million students.

Only widespread public understanding of these facts and their significance will bring about the support for the drastic improvements that are necessary. Many of the people who should be most deeply concerned do not even realize that they should be, or even that library development relates to their personal goals.

10th Anniversary Fete

April 20 For St. Anselm's

A DINNER commemorating the 10th anniversary of St. Anselm's Episcopal church, 1600 N. Greenwood, Park Ridge, Saturday, April 20, will recall memories of the early days of the mission church.

The Glenview Country House, 1560 Waukegan, Glenview, will be the site of the celebration. A 6 p.m. social hour will precede the 7 p.m. dinner.

The Rev. William Q. Allen, vicar, announced Henry C. Retzer, 1917 Fenton ln., Park Ridge, would be master of ceremonies. Retzer was one of the charter St. Anselm's members.

Co-chairmen arranging the event are Dr. Nelson Bradley, Park Ridge; Mrs. George Ricker, 90 Dee rd., Park Ridge; and Lyle Strauss, 8646 N. Merrill, Niles.

A history of the church's early days up to the present is being prepared by Mrs. Ralph A. Tank, 2081 DeCook, Park Ridge Manor, charter member. Mrs. Tank is also historian and archivist.

It was on April 20, 1958 that the initial group of organizers asked for a transfer from St. Mary's Episcopal, Park Ridge.

After two preliminary meetings an organizational meeting was held Feb. 13, 1958 in the home of Willard A. Brown, then of 1942 DeCook, and now of Plum Grove, with the then Canon J. Ralph Deppen.

With a mission charter, a site was selected on Greenwood, south of Dempster. Through the generosity of St. Mary's the initial financial nestegg needed to purchase the site launched St. Anselm's.

For the next five years the mission held services in Jefferson school, 8100 Greendale, Niles. First service was held there April 13, 1958.

Groundbreaking for the architecturally distinctive A-shaped St. Anselm's was held in 1962. And the congregation moved in to hold its first on Christmas.

Suffragan Bishop the Rt. Rev. James W. Montgomery officially dedicated St. Anselm's Feb. 17, 1963.

The first official vicar was Dr. Walter C. Klein, now a bishop serving in Indiana. St. Anselm's second vicar was the Rev. Sheldon Smith who arrived in June, 1959 and left St. Anselm's for the Washington Memorial chapel in Valley Forge, Penna., in 1965.

The Rev. William Q. Allen has been serving in the vicar post since the fall of 1965.

Sunday school has been conducted since that first Sunday in Jefferson school.

The Women's Guild was organized May 7, 1958 by Mrs. Ralph Tank who also served as the first president.

In 1960 the Men's club was organized with Herbert Percival as president, James Kendall as vice-president and secretary and Clarence Herbst as treasurer.

Families participating in the organizing of St. Anselm's still active in the church include the E. W. Porter, R. A. Tank, W. E. Hagerup, H. G. Retzer, C. Herbst, and H. F. Grassly.

Other originally registered members included: Mr. and Mrs. E. R. Jones, Mr. and Mrs. J. C. Mitchell, Mr. and Mrs. W. A. Brown, Dr. and Mrs. J. J. Markham, Mr. and Mrs. H. F. Frankenfeld, the late R. A. and Mrs. Tank, and R. W. Tank, Mrs. J. A. Gerbst, C. H. Porter, Mr. and Mrs. H. F. Grassly Jr., Mr. and Mrs. L. D. Sexauer Jr., and Miss R. Sexauer; Miss J. Retzer and H. J. Retzer.

A To Z Rental Center Has Latest Power Equipment

All the latest power equipment you need to develop and maintain a truly beautiful lawn can now be rented from one source according to Ed Styer, operator of the A to Z Rental Center located at 7457 N. Milwaukee ave., Niles, Illinois.

"Keeping up with the Jones' front lawn used to be a matter of back-breaking work and lots of it," he said. "But today it's far easier to do the job, and economical as well thanks to the sophisticated power lawn-care equipment available for renting."

He said that the A to Z Rental Center has stocked quantities of all lawn-care power equipment to fully handle the seasonal demand. "Instead of investing up to $1,000 in the various items needed to keep up with a neighbor's lawn development program, home owners can maintain their grounds at very nominal rental costs," he pointed out.

"A good example," he said, "is use of our new power rake. The back-breaking job of deep raking can now be accomplished in a couple of hours for the average lawn and much better than it could be with a hand rake."

Powered by a gasoline engine, the rake has fingers, or tines, that comb or rake up to the surface all the accumulated material that has been starving or infecting the grass. The machine thoroughly massages the lawn into shape with just a gentle push by the operator, he stated.

"According to lawn care experts, this is the first big step to restoring a lawn that has begun to look sickly. It's also important in keeping a good lawn healthy and beautiful," he explained.

"Since deep raking is done only once or twice a year, the investment of $225 or more to buy a power rake is costly. The machine is rentable, however, by the hour from A to Z Rental.

"This holds true for all the major equipment needed to properly maintain a beautiful lawn -- mower, fertilizer, seeder, edger, trimmer, roller, sweeper, sprayer, etc. To buy all of them would require a sizable investment. Yet, they can contribute to a lawn that everyone admires," he added.

Many home owners arm themselves with numerous soil conditioners, fertilizers, mulches and new types of weed killers in their battle to achieve an outstanding lawn. The new chemicals and seeds are part of the step forward in lawn care, but are only half the battle. Using the right equipment is the other half.

"Our A to Z Rental Center is supplied with a large inventory of lawn-care tools -- power or otherwise -- in sufficient quantity to handle the demand. Even so, you are advised to reserve your equipment ahead of time whenever possible. There are certain days when everyone seems to show up at the same time looking for the same tools and equipment," the rental operator warned.

The growth of A to Z Rental Centers -- there are now over 200 in the U.S. -- is directly traceable to the equipment explosion. You can't buy everything, but you can rent just about anything.

Leon Berry Starring At Seven Eagles

Leon Berry

Leon Berry, one of the nation's leading recording organists, has been selected to provide nightly musical entertainment for dinners at the new Seven Eagles restaurant, which opened April 15 at Oakton st., just west of Mannheim rd., Des Plaines. Well known to Chicagoans as organist at the Hub Rink since it opened 18 years ago, Berry is versatile in all types of music and studied classical organ at the American Conservatory of Music under the world famous Frank Van Dusen. A technician as well as a musician, Berry is an acknowledged expert on organ construction and has won acclaim for the giant antique theater organ, dubbed "The Beast," which he purchased and reconstructed in his home. Because of this technical knowledge, Berry has been instrumental in choosing the organ for the Seven Eagles and many special components have been added under his supervision. A native of Alabama, Berry came to Chicago for the World's Fair and decided to stay. Prior to playing at the Hub, Berry was organist at the Casino Moderne and the Trianon Ballroom. Berry will appear nightly in the cocktail lounge at the Seven Eagles.

Beauty And The Bank

The lovely colorful floral arrangement shown in front of Mrs. Alfred Geisof North Olcott ave., the president of the Niles Garden club is the handiwork of Mrs. Vincent Volpe, club membership chairman (standing). Both women are being welcomed to the bank by Raymond H. Acoplado, second vice pesident of Golf Mill State Bank as the bank offers lobby space this Friday and Saturday night to the club so that more newcomers to Niles may be aware of the current membership drive underway in the Garden club. Mrs. Leon Friedman, Garden club treasurer will also be in the bank lobby this weekend to answer any questions regarding the garden club or their activities.

A New Orleans Theme

A New Orleans theme predominates in all departments in the new National Food Store at Golf Mill Shopping Center, Niles. A wrought iron balcony runs the length of the meat department and old-fashioned signs and lamps lend a warm French Quarter atmosphere to the entire store.

Grand Reopening For National April 23 At Golf Mill Center

The National Food store at Golf Mill Shopping Center will have a grand reopening Tuesday, April 23 at 9 a.m., Robert Lochen, store manager, has announced.

He said the newly remodeled store will bring a touch of old New Orleans to the Niles area. The interior of the National will have the appearance of various small shops in a section of the French Quarter. Fabric awnings in gay colors will cover the Patisserie (bake shop) and other sections in the store.

The New Orleans decor, while new to Niles, is popular in a number of other National Food stores in metropolitan Chicago. The first National of this type opened last fall in suburban River Grove and the theme caused so much favorable comment from customers that similar stores have opened in Chicago, Libertyville, Glenview and other areas.

In addition to the Patisserie, the Niles National will have a Gourmet Kitchen, which features a wide variety of prepared foods, a large drug section and an expanded liquor department. A new superstructure has been built over the frozen food cases and wines and champagne -- both domestic and imported -- will be displayed over the two 84-foot-long cases.

"We have a new store, for all practical purposes," Mr. Lochen said. "The New Orleans theme gives a new atmosphere to the store and we invite our customers to come in and see the change and enjoy the even greater variety of brands and sizes that we can now offer in all departments."

Niles Mayor Receives Letter From State Dept. About Pueblo

(The following letter was received April 10 by Niles Mayor Nicholas Blase in response to his earlier communication.)

Dear Mayor Blase;

President Johnson has asked that I reply to your telegram of March 26, 1968 concerning the PUEBLO incident.

I fully appreciate the deep concern of the citizens of Niles over the seizureof the PUEBLO and her crew and over the welfare of Richard Rogala. May I assure you that the United States Government shares your concern and is making strenuous diplomatic efforts to obtain the release of the PUEBLO and her crew.

We have raised this matter at the United Nations Security Council and through other diplomatic channels. We took it up with the North Koreans at an already scheduled meeting of the Military Armistice Commission in Panmunjom on January 24. Since then the Senior United States Member of the Military Armistice Commission has been engaged in a series of private meetings with the North Korean Senior Member at Panmunjom. Thirteen such mmetings have been held thus far. We have refrained from disclosing the substance of these private meetings at Panmunjom, as such disclosure might seriously hamper our continuing efforts to obtain the release of the crew and the ship.

We have asked the International Committee of the Red Cross to seek information regarding the crew and its welfare. We have been informed by other sources that those injured are receiving medical treatment, that the body of one dead crew member is being held, and that the other members of the crew are being well treated. The names of the dead and injured have been released to us by the North Koreans and have been announced by the Defense Department. As you know, Richard Rogala was not among those listed as dead or injured.

Although we hope that our diplomatic efforts will be successful, I cannot predict when the PUEBLO and her crew may be returned. Of course, this situation cannot be resolved to the satisfaction of the United States Government until this is achieved.

The most recent development is the carefully coordinated letter writing campaign. According to North Korean radio broadcasts, 78 men have written letters (we have accounted for 72; others may still be in transit). As also stated by North Korea, the letters stress three themes: The men are being treated well, The men believe they are guilty, and they want the United States to apologize.

We tend to believe the men are being treated well, on the grounds that it is in North Korea's interest to treat the men well and photographs contained in letters tend to support North Korean statements.

We do not consider any of the letters or alleged confessions emanating from North Korea as valid evidence of the PUEBLO's actions. Our public statments have correctly indicated that the PUEBLO was gathering electronic intelligence, that this was a perfectly legal operation, in no sense in the category of espionage, and that the Commanding Officer had strict orders to stay at least thirteen nautical miles from North Korean territory. We know, by radio transmissions from both the PUEBLO and North Korean patrol boats, that at the time of seizure the PUEBLO was more than 13 miles from North Korean territory (15.6 to be exact), North Korea has produced nothing to prove that the PUEBLO ever did violate North Korea's claimed twelve mile territorial limit.

We fully understand the personal anguish which is felt by the families of the crewmembers. I wish to assure you again that we are doing everything we can to get the crew released, in our diplomatic efforts, we will continue to give first priority to the safety of the crew.

Pacific Affairs

ANTIBIOTICS - TODAY

The first antibiotic was discovered by accident when it was found that certain bacteria would not grow near a substance containing penicillin, a mold. This led to experiments that resulted in the discovery of many other important antibiotics.

An antibiotic is a substance able to inhibit the activity, growth and reproduction of bacteria. Antibiotics are products of bacteria or other microscopic organisms, mainly fungi. Because they are harmful to bacteria, some antibiotics are useful in the treatment of disease. Antibiotics are used for preservation of foods and drugs. Also, as growth stimulators in swine and poultry.

Certain antibiotics attach one bacteria without being harmful to another. Also, certain bacteria have the ability to build up resistance to antibiotics. For these reasons the search for new and more effective antibiotics continues.
