1369 Visit Sr. Citizens Apartment Bldg.

OPEN HOUSE A SUCCESS

Niles literally and figuratively gave the red carpet treatment Saturday to visitors who attended the grand opening of its senior citizen 127 apartment building, The Huntington.

The 1,369 visitors who toured the building entered the red carpeted lobby, surrounded by large-planted trees which had pink, blue and orange flowers blossoming from its branches. Window sills were lined with potted red geraniums.

Early-bird visitors, who arrived at 10 a.m., were at the ribbon-cutting ceremonies where Niles Manager Ken Scheel acted as Master of Ceremonies. Scheel reviewed the history of bringing the building to Niles, telling how the idea was conceived 3 years ago. Scheel introduced Reverend Tidemann, whose opening prayer was most memorable (it is printed at the end of this story). Scheel then introduced County officials, architect Art Salk, Niles Senior Citizen president Mike Wozniak and manager of the building Bernadine Winter, as well as Niles officials.

Ladies from St. John Brebeuf Women's club, all wearing long-white gloves, and their best finery, then conducted tours to the third floor. Two teens ran the elevators and the guests viewed the apartments and the laundry room on the second floor and additional apartments on the third floor. They returned to the first floor viewing the arts and crafts room. They were then escorted into the recreation room where 4 long tables were formally attired in white table cloths, floral center pieces and matching candles.

The halls leading to the lounge were bedecked in large-planted trees which had orange flowers decorating the new rooms. A large green plant in the center of the lounge was donated by architects, Shayman and Salk.

While the tour only lasted about 20 minutes and the reception less than an hour, the very beautiful building bedecked with beautiful flowers, and with lovely ladies, put Niles very best foot forward.

In the recreation room ladies from the Grandmothers club poured coffee and tea at the ends of the table. Cookies were served and a very cordial time was had.

July 4 Program Set For Mill Run

July 4 promises to be a swinging afternoon for Niles residents this year with the official announcement of the afternoon's program.

In the past, the Chamber of Commerce always has sponsored a fireworks show, but this year the Chamber decided something better, something more meaningful, was in order. So it was decided that an afternoon of dedication was in order, honoring the ideals of the Kennedy brothers, and the thousands of Young Americans who have given their lives for their country in Vietnam.

The afternoon will be held from 2 to 4 p.m. at the Mill Run Playhouse.

From The Left Hand

By David Besser
Editor & Publisher

While the lyrics read, "Summertime and the livin' is easy," here in quiet, uninvolved suburbia the natives are making disquieting sounds.

In the Maine High School district one of the guys who helps foot the bills there told us he's going to start a rumble in the district when next spring's school board campaign gets underway. He reminded us in no uncertain terms he thought the school board is dragging its feet regarding building improvements there and he aims to move the "Board" off of its very cautious duffers. Says the rumbler, "We passed a referendum for a new high school for the north end of the Maine district back in March of 1967 and only now are they first digging a hole for the much-needed cafeteria at Maine East. As of now the new school plans are not off the drawing board, while the Maine-East school is loading up with more students which will over-tax its facilities."

Ticky Tacky Niles Tells Off Non-Conforming Architect

Tuesday night Niles resident and architect Tom Mizera, 9710 Stoltz, found out you've got to conform in the ticky tacky suburbs, particularly when presenting building plans to men whose artistic senses have been conditioned to conformity.

Mizera presented a three-level building plan for an all-wood surrealistic home on his property at the forementioned address. Because Niles building code specifies homes must have a 60% masonry exterior he was scoffed at and bullied by men whose intellectual tastes are stimulated by the comic pages.

1969 The East Maine school district will select 2 candidates for the high school board which will give the district 3 of the 7 seats on the Board. It's a golden opportunity for the district to assert itself and let its former feeble voice be heard more loudly. While Park Ridge and Des Plaines residents both have dominated the district in the past (and coincidentally have the 2 new schools which will be the least crowded in the near future) East-Maine has been the stepchild which has had the privilege of paying the bills, but not being as well represented as its neighbors. Now our district which includes Niles, Morton Grove and the unincorporated area has the numbers

After completing his presentation Niles fire chief Al Hoelbl led the scoffers by sneering at Mizera for failure to check the code before presenting his plans. He lectured Mizera that an architect should have known better. Building Commissioner Al Martin said the building had "no aesthetic value to him" also denigrating Mizera.

While the major criticism of an all-wood building settled around the fire hazard Mizera was told it could be temporarily coated for fire protection, Mizera believed the building would up-date the area, was something different and the 2,700 sq. ft. building would cost

Register For Adult Driving Course

Non-driving adults can take to the road with confidence this summer after a course in Driver Education offered by the Maine Adult Evening School. Instruction of adults in dual-controlled, fully automatic cars is given by qualified instructors.

A total of eight one-and-one-half hour periods, or twelve clock hours, constitute the course. Two students and one instructor will be together during the instruction period. The one-and-one-half hours are divided between the two students each one driving for 45 minutes and learning by observing for 45 minutes.

Students must have their Beginner's Permits, and provide their own transportation to and from the parking lot at Maine Township High School East, Dempster Street and Potter Road, Park Ridge.

During the past year some 60 adult students have successfully completed the course in information concerning registration and tuition may be obtained by calling the district office of the Maine Adult Evening School, 299-7187.

Four Niles Firefighters Attend School

Four Niles firefighters recently attended a two-day school dealing with aerial ladders and snorkels.

The school is sponsored by the Wisconsin Board of Vocational, Technical and Adult Education, and the West Allis, Wis. Fire Department, where the school was held.

Those attending were Lts. Walter Blase, James Foerster, Gerald Himmler, and Firefighter Norbert Ludkowski. Niles operates a ladder-snorkel unit.

The course, which was conducted by men prominent in the firefighting profession, included topics dealing with the pro and cons of aerial ladder trucks versus snorkels, design principles and snorkels, duties of a ladder company, safety precautions, and maintenance of the vehicles.

The school is one of many attended by Niles firefighters throughout the year on a continuous basis, according to Fire Chief Albert L. Hoelbl. Many of the men, he added, attended these schools on their own time, and on their days off, as did three of the four participants.

CAREFUL?...YES... BUT...

It seems like a good idea to periodically warn parents about the many poisonous or caustic substances in the average home which are of danger to children.

Parents should realize that a youngster who isn't quick to eat properly at the table may eat or drink anything imaginable when he is inside "exploring."

If there are little ones under five in the house, store harmful drugs out of reach and keep a wary eye out for mother's things such as hair dyes and bleaches, nail polish and remover, perfumes and astringents.

It is a good idea, also, to make it a practice to trade where prescriptions are a specialty. For all your medical needs, depend on BIRCHWAY DRUGS... 7503 Milwaukee Ave... Phone 647-8337 for prescription delivery.

Oak School Brownie Troops "Fly-Up"

Brownie Troops 962 and 238 held their "Fly-Up" at Oak school Thursday afternoon, May 23. Presentation of colors was made by callers Linda Schroeder, Lynn Klicker and Carol Bobula. Flag bearers were Maryjo Jorgensen, Mary Vito and Kathy Thomsen who carried the Brownie flags. Guests joined the Brownies in repeating the Pledge of Allegiance and singing the Star Spangled Banner.

As Brownie leaders Mrs. Joanne Henred, Mrs. Pat Vito and Mrs. Darlene Chikeles called their names, the girls came forward two by two, lit one of the ten candles on the stand at the front of the room and recited together one of the ten Girl Scout promises. When all ten candles were lit, the Brownies then shook hands with their leaders, received their

"wings"—took off their Brownie hats and leaving them behind, walked solemnly across a little simulated bridge. Across the bridge they were greeted by Girl Scout leader Mrs. Lorraine Kay and daughter, Karen, who presented each girl with a Girl Scout pin and welcomed them into scouting.

The "Fly-Up" concluded with the favorite songs "Make New Friends", "When You Make A Promise" and "The Lord is Good to Me." Two cakes, a variety of cookies, two kinds of punch and coffee were served to all by Mrs. John Benson and Mrs. Robert Zielski. Tom Porzak made the occasion extra nice by stopping by to take a picture of all the girls for their scrapbooks.

The 21 Brownies (and their parents) wish to thank Mrs.

Contest For Niles Youth - Design New Village Emblem

Attention all budding Niles artists and art lovers. Your village needs your help.

In late spring, Mayor Nicholas B. Blase proclaimed Niles the Youth Capital of Illinois and home of the Illinois Junior Miss Pageant. The Mayor followed this by naming a panel of distinguished citizens to the Niles Junior Miss Commission.

The Commission has decided that the Village needs some new signs to tell visitors and help residents remember that Niles is the Youth Capital of Illinois. But first the Village needs an emblem to depict its new name and this is where the youth of Niles comes into the picture.

The Commission is announcing a contest for all Niles youth 18 years and under. The purpose of the contest will be to design a new emblem to go on the signs that decorate the city. It will be the official insignia of the Village.

There will be prizes awarded to the winner and the first two runners-up. And the prizes really make it worth entering the contest.

The rules are simple:

The design for the emblem should be done on any surface - plain white paper, plaster

board, anything at all - as long as the surface is no bigger than 8 1/2 inches wide and 11 1/2 inches deep.

It can be done in pencil or brush.

Somewhere on the emblem, the words Youth Capital of Illinois - Home of the Illinois Junior Miss Pageant must appear.

You may enter as many times as you wish, as long as each entry is accompanied by a completely filled in coupon such as the one accompanying this story. A facsimile may be used.

The Niles Junior Miss Commission will serve as judges. The Commission's decisions are final.

All entries should be mailed no later than midnight July 15 to Niles Junior Miss Commission, 8044 N. Milwaukee ave., Niles, Illinois 60648.

The winner and runners-up will be named on the evening of July 25 at the Village's official welcoming ceremony for America's Junior Miss, Deborah Faulon, who will pay a special visit to the Village.

Watch this newspaper for further details of the big welcoming reception for America's Junior Miss.

Contest For Niles Youth - Design New Village Emblem

Attention all budding Niles artists and art lovers. Your village needs your help.

In late spring, Mayor Nicholas B. Blase proclaimed Niles the Youth Capital of Illinois and home of the Illinois Junior Miss Pageant. The Mayor followed this by naming a panel of distinguished citizens to the Niles Junior Miss Commission.

The Commission has decided that the Village needs some new signs to tell visitors and help residents remember that Niles is the Youth Capital of Illinois. But first the Village needs an emblem to depict its new name and this is where the youth of Niles comes into the picture.

The Commission is announcing a contest for all Niles youth 18 years and under. The purpose of the contest will be to design a new emblem to go on the signs that decorate the city. It will be the official insignia of the Village.

There will be prizes awarded to the winner and the first two runners-up. And the prizes really make it worth entering the contest.

The rules are simple:

The design for the emblem should be done on any surface - plain white paper, plaster

board, anything at all - as long as the surface is no bigger than 8 1/2 inches wide and 11 1/2 inches deep.

It can be done in pencil or brush.

Somewhere on the emblem, the words Youth Capital of Illinois - Home of the Illinois Junior Miss Pageant must appear.

You may enter as many times as you wish, as long as each entry is accompanied by a completely filled in coupon such as the one accompanying this story. A facsimile may be used.

The Niles Junior Miss Commission will serve as judges. The Commission's decisions are final.

All entries should be mailed no later than midnight July 15 to Niles Junior Miss Commission, 8044 N. Milwaukee ave., Niles, Illinois 60648.

The winner and runners-up will be named on the evening of July 25 at the Village's official welcoming ceremony for America's Junior Miss, Deborah Faulbon, who will pay a special visit to the Village.

Watch this newspaper for further details of the big welcoming reception for America's Junior Miss.

generous support of the fish and chicken dinners served, and to wish all a very safe and pleasant summer.

The local Legion expects to resume the once a week fries after Labor Day in Sept.

Local Merchants' Taxes Improve Our Community

Of course you look for and find bargains in quality merchandise when you shop locally, but did you know you are also really investing in our community too? Your neighbor-merchants' taxes support civic improvements and help finance schools and recreational facilities right where you live. It pays, in many ways, to shop at home!

Time and Transportation Costs are Saved

Instead of wasting time traveling to distant stores, the wise shopper puts that time to use in a more careful selection from the large varieties carried by our local merchants. The money saved on transportation is put to better use too — on the items themselves. Every day it will pay to shop right here at home!

Your Merchants Are Your Own Neighbors

It's mighty nice to know that the merchant you deal with is probably one of your own neighbors. You feel you can trust him and he is eager to maintain that trust. He is anxious to please you in a personal way — to give you quality products at the lowest possible price. "Yes," you'll say, "it really does pay to shop here at home!"

Niles Youth Commission Member Ralph Bast receiving award presented by Mayor Blase at a recent Village Board meeting, given in recognition of outstanding voluntary service for the prevention of juvenile delinquency.

Legion Auxiliary Jrs. Learn About Civil Defense

Recently Mrs. Chris Mathisen, civil defense chairman of the Morton Grove Unit 134, American Legion Auxiliary, conducted a tour of the village's shelters for the Junior Auxiliary. Juniors are daughters and sisters of Legionnaires under 18 years of age. They meet independently during the month with a senior advisor.

Accompanying Mrs. Mathisen was Sharon Nehart, Junior chairman, and a few members who in turn took back the information they garnered to the rest of the group since it would have been too difficult for a large group to travel around the town. While showing where Morton Grove shelters were, Mrs. Mathisen explained about air raids, the warnings and other particulars relating to

this field including the all-important tornado safety rules.

Mrs. Mathisen also told the girls that if they had any questions or if their parents wished a list of the air raid shelters in town, they could contact the village Civil Defense director Milt Erickson.

New System For Dist. 64 Registration

A new system for paying student fees has been introduced by officials of Elementary School District 64 for the 1968-1969 school year, according to Russell Miller, assistant superintendent for business affairs.

Parents will now be able to register their children during the summer months and pay the student fees at their convenience prior to the start of school in September.

"This new system will avoid the confusion and inconvenience of everyone paying fees at the same time on the morning of the first day of school," Mr. Miller told Board of Education members Monday night. "It will eliminate the necessity of a child or parent bring money to school on opening day."

Patricia Alana Watterlohn, 8836 N. Central, Morton Grove, Illinois, will graduate from Mundelein college, Chicago, in commencement ceremonies to be held Sunday, June 9.

These are to be filled out and returned along with check or money order for the student fees to the Board of Education offices, 400 S. Western, Park Ridge. One card is to be filled out for each child in a family and will be kept at his school for emergency information, but the check or money order may cover fees for all children in a family if mailed at the same time.

Residents of the high school district planning to attend a public junior college in Illinois during the next regular school year can file a request form to have the high school district pay their basic tuition charges.

Junior College Deadline Sept. 1

Sept. 1 is the deadline for filing junior college tuition payment requests with the board of education of the Niles Township High Schools.

Forms not filed with the high school district by the deadline are not acceptable even though the resident claims he did not decide to attend a junior college until that time.

Schools Superintendent Charles Szuberla recently reported to the school board that the administration had to date processed almost 400 applications for junior college basic tuition reimbursement.

From Lutheran General Hospital

An externship program in medicine, nursing, physical therapy, and other health services, offered for the second summer by Lutheran General Hospital, Park Ridge, by its department of externs.

"The purpose of the externship program is to give college students who are seriously considering a career in medicine, a practical educational experience in this profession," said Mrs. Sheila Henderson, executive assistant at Lutheran General and director of the program.

The externs receive intensive training over a 10-week period. Each student works with a supervisor from the hospital medicine department, who plans the individual's summer program in terms of her academic background and interests.

"The externs actually serve as temporary replacements for the hospital employees, but we try to give meaning to their

work and make it a learning experience as well as one of service," Mrs. Henderson explained.

The four students participating in the externship program are Michelle Baker, Mundelein, a 1968 graduate of the University of Illinois; Barbara, who will begin an internship in dietetics at Kingsley State hospital, Doughkeppie, N.Y., in the fall; Lynn Bower, Park Ridge, who has completed her third year in food science at Iowa State University, Ames, Ia.; Nancy Koslosky, Arlington Heights, who has completed her junior year at Indiana University of Pennsylvania, Indiana, Pa., and Susan LeCock, Niles, who has completed her sophomore year at Northern Michigan University, Marquette.

Weight Limit For Parcels To Increase

Beginning July 1, mailers will be able to send 30-pound parcels between first class post offices which are 150 miles or more apart. The present weight limit is 25 pounds.

This is the second of five increases affecting size and weight limits for parcels scheduled to take effect annually until 1974, when a 40-pound, 34 inch maximum size will be authorized between all first class post offices. The size limitation is now 22 inches in

combined girth and length. "The size and weight increases for parcel post marks another step forward to improve parcel service to both the public and the business community," Postmaster General W. Marvin Watson said.

The next increase, on July 1, 1969, will raise the weight limit from 30 to 40 pounds; on July 1, 1970, the size will be increased to 28 inches; and on July 1, 1971, the size is scheduled to be increased to 34 inches.

Parcels weighing up to 40 pounds can be mailed between first class post offices less than 150 miles apart. Also, packages addressed to or from 2nd, 3rd, and 4th class post offices, overseas APO's and FIPO's and the states of Alaska and Hawaii are not affected by the increase in size and weight provisions of the Public Law 89-593, which became effective Jan. 15, 1967. Parcel post mailing to and from these offices remain at 70 pounds and 100 inches.

Jacob Opperman, 8739 Elmore, Niles, directs wife Helen's attention to a point during family Bible study. Son Mark, 10, and daughter Christine, 4, look on. The Oppermans will serve as delegates to district convention of Jehovah's Witnesses to be held at County Stadium, Milwaukee, July 4-7.

Delegates To Dist. Assembly Of Jehovah's Witnesses

Jacob Opperman, 8739 Elmore, Niles, advocates family worship as a deterrent to juvenile delinquency. Opperman and his wife, Helen, and their children, Mark, 10, and Christine, 4, will serve as delegates to the "Good News for All Nations" Dist. Assembly of Jehovah's Witnesses in Milwaukee July 4-7.

Opperman is concerned about juvenile delinquency and recommends such family arrangements as a means of combating crime among youngsters. He also stresses family worship as the strongest weapon against juvenile indifference to responsibility toward God and fellow man.

In urging parents to set a good example for children to follow, Opperman quoted Dr. Angelo Petri from the book "How To Help Your Child Grow Up" - "Parents have to discipline themselves, make good models, set good patterns for children.... You cannot teach religion to a child unless you

possess it in your mind and soul and practice it while you live out your days beside him... if you have not kept faith with your religion, it is idle for you to send him for religious instruction. What you are, he knows; what you do, he registers as his pattern."

"Good discipline in teaching a child what is expected of him," Opperman said. "It means setting down rules and regulations he will follow. Children need a clear-cut, unconfused picture of the rules you expect them to keep. It is necessary that these rules have a strong foundation such as the Bible," he said.

The first session of the JW convention commences at the Milwaukee County Stadium, Milwaukee, Wis., July 4-7. Financial Stress... Essence Of Dist. 207 Board Meeting

Defeat of the June 8 Educational Fund tax levy has created a serious financial situation for the high school district, according to John Wilkins, Board member, and chairman of the Finance Committee.

At the June 17, 1968, Board of Education meeting, held at Maine East High School, Wilkins stated: "The lack of 'Yes' voters to turn out in support of the proposed referendum vote may mean a deficit of approximately \$1,400,000 by June 30, 1968, in the Educational Fund for the 1967-68 school year."

Further estimates of deficit operation in the Educational Fund will approximate \$1,806,000 by June 30, 1969.

If a 2 1/2% rate increase is not approved by voters by the last Tuesday of September, 1968, it is estimated that the Educational Fund deficit will build to about \$2,500,000 by June 30, 1970.

Wilkins said: "If the referendum for the 2 1/2% Educational Fund tax levy is approved prior to September 30, 1968, it can be estimated that the total Educational Fund deficit will be about \$1,300,000 by June 30, 1970, which reflects a reduction of nearly \$500,000."

E. Hoy McConnell, Board member, commented that the only alternative facing the Board in meeting Educational Fund obligations was to sell tax warrants, which means that the Board is borrowing money on which the school district pays approximately 3% interest.

Dr. Richard R. Short, Superintendent of Schools, indicated that there is a legal limit of selling tax warrants up to 75% of the designated Educational Fund tax levy.

Wilkins further indicated that with the anticipated opening of the new Maine North High school in the fall of 1970, an additional

\$400,000 to \$500,000 could be expected to be expended for teacher salaries, with accompanying supplies and supporting materials for the new school operation. These approximate figures are based on the opening of Maine West in 1959 and Maine South in 1964.

After the report by Wilkins the Board approved a second referendum program to be launched during the week of September 16, 1968.

Other items on which action was taken included:

...Resolution that a Board of Education check dated July 1, 1968, be made payable to the Imprest Fund to re-establish the Imprest Fund for the fiscal year 1968-69 in the amount of \$40,000.

...Approval of the appointment of 28 teachers for the school year 1968-69.

...Approval of the resignation of 14 teachers upon the conclusion of the 1967-68 school year.

...Approval that the Board of Education rescind the action recorded by the May 20, 1968, Board meeting on the extension of deadlines for the acceptance of Notifications of Intent for residents to attend junior colleges, and in lieu of that action, extend the deadlines set forth in the law July 1, 1968, for the receipt of Notices of Intent to attend Recognized Public Junior Colleges in the State of Illinois for any session commencing during the twelve month period from July 1, 1968, through June 30, 1969.

...Approval given for Township High School District #207 to affiliate with the "Institute For Educational Research" for a one-year period of time, with reconsideration to be given for continuance at a future Board meeting.

Dr. Short reported that 558 persons living in Maine Township attended recognized Junior Colleges in Illinois during the year 1967-68 at a cost to the school district of \$195,296.98. This expenditure, compared to income from the 3 1/2% junior college tuition tax levy, resulted in a deficit of \$55,279.10.

Roy Makela, Board member and chairman of the Building and Grounds Committee, stated that all construction and renovation projects were being satisfactorily handled by the contractors and in some cases the building programs were running ahead of schedule.

Two change order items were approved - one at Maine East for an additional expenditure of \$225 for the new Guidance Center, and one at Maine West for the reduction in cost in the amount of \$221 in relation to the construction of the new Industrial Arts building.

to stand on equal footing with its neighbors. Effectively expressing itself thru Board members from its area becomes a necessity.

In the past years selection of the candidates for the school board is held at a school caucus meeting. Candidates selected by the 20 to 25 caucus representatives automatically become the new Board members since a gentlemen's agreement with Park Ridge and Des Plaines caucuses co-operatively back caucus members in all 3 areas, the caucus representatives in district 63 are woefully lacking in involvement in the district and have at best, a superficial knowledge, both of the district and the candidates.

When district 63 selected Board member Stan Orsi to the high school board, a few years back, a man who was obviously out of tune with his own elementary school district, there was a suspicion the caucus selection had been rigged. A few telephone calls to dozen caucus representatives could result in a candidate's selection. And while Orsi could have never received the backing to successfully win the elementary district election he was chosen for the high school. Subsequently, an unknown was chosen the next year from the district, this time selected over Nilesite Roy Makela, whose experience, background and efforts in the district should have made him a shoo-in. To the more suspicious, it again

looked like the telephone campaign to a dozen members insured the continuation of the old line conservative country-club atmosphere of old staid Maine Township.

Since the voting record of the three areas in the District shows district 63 is much more progressive than its more conservative neighbors, its most important residents in the district begin considering moving the high school board to a more activist role. Rather than allow one man to make a dozen phone calls, so he can get the 'right' kind of people on the Board, who are eligible to join the country club, parents who have or will soon be having children in the high school, should begin watching the store there as they have done in the elementary school level in recent years.

We'd like to reiterate the same message for Niles Township residents in our area as well but some how the natives who pay the bills there take little interest in promoting their own to the high school board. In the 15 years we've lived here there has never been one Nilesite on the Niles High School Board, and we don't believe there has ever been a Nilesite chosen by the caucus, and perhaps there has never been a Nilesite who has even sought election to the Board. If ever there was an example of taxation without representation it would apply here.

The July occasion is a "district assembly" sponsored by the internationally active Watchtower Bible and Tract Society.
