We hope many of you will take advantage of the pre-convention activities in downtown Chicago this week, even if you only wander around the lobby of the Hilton hotel and gather in the flavor of the convention atmosphere. Everyone is talking about politics and the endless ebb and flow of the crowds gives an aura of great excitement.

Monday afternoon we sat in on the seating of the delegates, discussions which are taking place all week in the International room at the Hilton. The seating of the regular Mississippi delegation was being contested by a second group, the Democratic "Loyalists". It was a long 5-hour session which heard both sides give reasons it should be the group which represents Mississippi Democrats.

The committee hearing—the seating of the delegates, comprised of representatives from every state, sat on a raised podium in an arc-shape encompassing half of the room. Legal counsel for both groups sat facing the committee. Television cameras including those portable walking sets which are heavily-balanced on the shoulders of cameramen, moved in and out of close-range taking myriads of camera shots. News photographers, including Morton Grove Park president Bill Yates, shot roll after roll of film.

A TV announcer, dressed immaculately in an English-cut suit, filmed a synopsis of the meeting's activities just outside the room. And the laborious wheels of democracy painstakingly began five hours of hearings over this one delegation.

Before the week is over the seating of about 12 other delegations will also be contested.

2500 Basements Flooded
Niles 'Digging Out' After Big Storm
 By Naomi Krone
 News Editor

Residents of Niles, as well as its public officials and all the departments involved, are beginning to heave a collective sigh of relief as the area continues cleaning up after last Friday's violent storm.

Although no official estimate of damage will be made until all cleanup work has been completed, Acting Village Manager Ken Scheel, at his press conference Monday, told representatives of the news-media the hardest hit areas include Oakton Manor, Grennan Heights and the Cortland Park sections of Niles.

According to Scheel there were approximately 270 trees broken and blown down in parkways, rights on Waukegan rd., north Clifton and in the Leaning Tower YMCA section where out; as trees fell against electric wires about 2500 basements were flooded due to a power failure that left sump pumps helpless; at the YMCA the roof coping was blown-out—furniture was lifted off the patio and flung through windows and into the swimming pool by the force of the winds and the air-conditioning went off; wires were down around Kirk and Neva; most lights in the industrial area went out and 2 brick piers, just installed last Friday at the new fire station site, were knocked down.

Scheel told Reporters the streets and sidewalks were being cleared while the storm was in the area Friday, Saturday debris was moved and this past Monday morning the Public Works dept. began the monumental task of picking everything up. It has been estimated that a week will be needed to complete the job.

According to Niles Police Dept. reports, there was a fire call at 9028 Cumberland as the hot water overheated when the electric power came back on; a smoking sump pump was disconnected by firemen at the home of Joseph Gallier, 9907 Warren rd.; a fire call was made to 8120 Ozanam as electric wires came down; there were several autos damaged at Lawrencewood shopping center and Dempster Plaza when tall light poles were knocked down on them by the wind; traffic lights were out at Ballard and Greenwood; many burglar alarms were activated when the

During the recent week-long community X-ray survey in Niles, 2,685 area residents visited the mobile unit at the Golf Mill Shopping center for their free chest X-ray. Welcoming them to the "mill-pond area" of the center were 36 volunteers from the Niles Lions club and the Women's club of Niles who devoted a total of 113 volunteer-hours to the project.

Playgrounders

Niles Park Districts Playgrounders of the week are Steve Raccuglia from Nico Park, of 6929 Cleveland st., and Larry Caldron of 8924 Ozark.

Steve, age 11, is active in the Park District softball games and is captain of the unbeaten soccer team.

An all around athlete, Steve comes to the park everyday to participate in all sports and games. His evenings are spent at the Niles Pool or as center fielder on the Astros Little League team.

Steve attends St. John Brebeuf school and will enter 6th grade this Fall. In school,

Steve is the captain of the basketball team and is interested in other sports such as ice hockey. An active boy, Steven gets along well with everyone and is always a good sport.

Another playgrounder of the week is Larry Caldron, age 11. He attends Nelson school and is in 6th grade.

Larry enjoys all sorts of sports but likes baseball most of all. He is a personal friend of Ron Santo and Glen Beckert. Larry is on a little league team and plays center field. He also plays on the Niles Park District's softball team at Nelson school. With the help of Larry, Nelson school, so far, is 5 and 9 for the season.

White Sox '68 Series Champs

The White Sox are now the 1968 World Series Champs. The White Sox ended their season with a record of 23 wins and 3 losses, including playoffs and world series games. It seemed as if Jack Thorpe might have an unbeaten season this year, as they started off with six straight wins and wound up with fourteen straight wins.

This impressive season again was a team effort and the fruits of victory can be shared by all. Some of the standout moments were from the fantastic bullet like pitches of Rich Jacobsen, pitcher and 1st baseman, the great pitching and catching of Rich Mack, brilliant

defensive playing of the infield with Mark Schwartz, Dale Lundius and Steve Zager. Also the fine catching of Andy Jacobs and Jimmy Mack. Outstanding outfield efforts of Orrin Trademan, David Thorpe, Roy Jacobsen, Sam Ray, combined with the infield and outfield efforts of Vince Panico and Al Mina.

Even though every boy was responsible individually for winning one or more games, a few highlights of the world series was a game tying 3 run homer by Sam Ray in the first game and another by Vince Panico sent across Odell and a bump by Rick Mackenshire, in the final world series game.

Family Season Pass

The "family season pass" for all athletic events at Maine East, Maine South and Maine West may be purchased through the athletic departments at the three high schools. One season pass admits parents and all members of their immediate family of pre-high school age to all home athletic contests in football, basketball, wrestling, swimming, gymnastics and track. Price of the pass is \$10.00. Children must be accompanied by their parents. Each of the three high schools

issues its own "family" passes which will be honored only at home contests held at the particular school concerned.

The "season type" pass admits the "family holder" to a general admission seating area. Reserved seats for any of the athletic contests require payment of an additional fee, according to school officials. Family passes can be procured by contacting Maine East, 825-4484; Maine South, 825-7711; and Maine West, 827-6176.

Why wait for a gas self-cleaning oven?

Go out and buy one.

The ranges good cooks have been holding out for are here. New gas ranges with self-cleaning ovens. (And everything else.)

The oven cleans itself automatically. Reduces dirt and soil to clean, white, wipe-away ash. And you can even vary the cleaning cycle according to

the amount of soil in your oven.

But that won't help you cook any better.

What will...are the features of gas ranges. Traditional ones, like precision control of every phase of top-of-stove cooking. And new exciting ones...like automatic cooking and gas infrared broiling.

(Gas infrared broiling units cook quickly...provide eye-appealing browning, too.)

The Flirt Curl

Corkscrew curls at the center of the forehead and at the sides give a unique decorative note to this Flirt Curl Coiffure, one of the new Curved and Curl Hair fashions designed for Fall by the Official Hair Fashion committee of the National Hairdressers and Cosmetologists Association. Decidedly amusing, the curls add a surprising touch of classic glamour. A very important feature in this hair style is the soft sweep of waves that flows across the forehead from a parting at the left. Another new note, the hair is fuller at the nape area. Expert haircutting and soft professional permanent waving give the style its fit and flare and a soft touch of richness for the Fall season.

Autumn hair fashions will combine curves with curls, reports Eugene May, president of the Looking Glass, Ltd. Beauty Salons, who has just returned from Miami Beach where he attended the annual convention of the National Hairdressers and Cosmetologists Association.

The new hair fashions are adaptable to any individual as they conform to the curvature of the head, giving a small-head look with loose waves and playful curls. Hair length will be short at the neckline and slightly longer through the crown for flare.

Hair parts will play a vital role in the new Fall styles, and very little backcombing will be used in the finished style, except for the high fashion look where backcombing will be needed for control. For evening wear false ringlet curls, spit curls, or corkscrew curls will be added for ornamentation.

Mr. May is a member of the Official Hair Fashion committee whose function is to create the hair fashions for the association.

Maine High Schools Are Ready For Fall . . . Expect 10,600 Students This Year

The three Maine high schools are initiating plans for the 1968-69 opening of the school year and will be playing host to about 10,600 students, an all-time high enrollment for the school system.

School officials request, as recently stated in a direct letter to all high school parents, that entering freshmen, and returning or transferring sophomores, juniors and seniors adhere to the following set of plans for each of the three high schools:

FOR ALL THREE HIGHS -- Beginning Aug. 19 all three schools will be open for the sale of books and other instructional supplies.

The world is considerably more than one half water, therefore, we should learn to respect it. Every child should learn that water is useful . . . but perilous, and should be taught to swim or stay afloat as soon in life as possible. To quote a word coinage, drown-proofing: "The body does not submerge completely, even when no effort is made to stay afloat. A person can remain in water as long as six or eight hours without undue fatigue by taking a breath and allowing the body to sink to its natural buoyancy level. Fifteen seconds later resurface and exhale, repeat this process until rescued." Most drownings occur through panic and/or insufficient emergency training.

Swimming and boating provide physical exercise, relaxation, diversion and recreation and should not be marred by tragedy . . . Never allow youngsters to be in a boat, pool or lake without a life preserver.

Have Fun, Will Travel Is Slogan For Cavalcade

"Have Fun Will Travel" is the slogan of the Cavalcade of Fun of Southern Illinois university of Carbondale, Illinois. This group of "Instant Recreation" or Mobile Units, visited Niles on Aug. 1, 2 and 3, in conjunction with the Regional Meeting of the Illinois Association of Park Districts to which the Niles Park District played the Host.

This concept of recreation, compacted in mobile trailer units, was originated five years ago under the direction of Dr. William H. Ridinger of the Department of Recreation and Outdoor Education of Southern Illinois university.

However, like everything else, before this Cavalcade of Fun became a reality, preliminary planning sessions, panel discussions, etc., were necessary to bring about the successful culmination of the idea of "Instant Recreation."

Community Leaders Accept Key Roles In #207 Referendum

"Top" community leadership will be given the Township High School Dist. 207 Educational Fund Tax Levy appeal to be presented to the voters of Maine Township on Sept. 28.

Dr. and Mrs. Adrian R. Oleck, Park Ridge, have accepted the Maine board of education invitation to serve as general co-chairmen of the referendum organization as have Robert B. Fisher, Park Ridge, vice-chairman for Maine South High school; and John K. Mueller, Des Plaines, vice-chairman for Maine West High school. Roy O. Makela, board member, is serving as pro-tem vice-chairman for Maine East High school until a permanent vice-chairman is named.

School officials indicate that in order to maintain the high standards of education established by the Maine high schools over the years, township residents are being asked to go to the polls on Saturday, Sept. 28 to vote approval of a 2 1/2% increase in the high school tax levy, raising it from the present \$1.42 to \$1.63 per \$100 of assessed valuation.

A new teachers' salary schedule, recently approved by the board, accounts for the major portion of the request for the increase in the tax levy, along with the supporting instructional materials required to continue the tradition of quality high school education at Maine, according to Dr. and Mrs. Adrian R. Oleck.

John Wilkins and William Newport, Des Plaines, members of the board finance committee, state that even with the approved teacher salary increase, High school Dist. 207 will not be offering the highest teacher salaries in the area. The increase in salaries is a move to become more competitive with salary schedules of other comparable high schools in the Chicago area.

"The cost of education for high school students in Maine Township is not expensive in light of the excellent education program being offered presently and over the past number of years," according to E. Hoy McConnell, Park Ridge, board member.

Dr. Oleck obtained his medical education at the University of Illinois where he later was appointed to the teaching staff in Obstetrics and Gynecology at the University of Illinois college of Medicine. He still serves on the medical school faculty.

He practices medicine in Park Ridge since 1948; is a member of the American Medical Association; American College of Obstetrics and Gynecology; still member at Resurrection hospital since it opened and has served as the chairman of the department of Obstetrics and Gynecology, president of the Medical staff and has been on the executive committee for the past 10 years.

He is a past president of the Park Ridge Lions club; a member of the Park Ridge Chamber of Commerce, and a member of the Park Ridge Country club.

In accepting the position as co-chairman for the promotion of the Township High School Dist. 207 Educational Fund Tax referendum, Dr. Oleck stated,

"the high quality of education has for many years been one of the greatest assets of this community. Since education is an important tool in developing another of our assets - our youth - all of the tools we use must be the best we can and should afford."

Mrs. Oleck, also serving as co-chairman, is a graduate of Northwestern university where she received her degree in speech. She also has taken special courses at the University of Mexico, Mexico City, and the University of Havana in Cuba.

Mrs. Oleck is active in community and church affairs. She served as the first president of the St. Anne's sodality woman's group, at Mary Seat of Wisdom parish, Park Ridge and later as president of the Park Ridge Catholic Woman's club, and president of the Mother's club at Notre Dame High school for Boys, Niles. Mrs. Oleck has been a member of the Resurrection hospital Auxiliary board as an officer and presently holds the post of publicity chairman.

Currently Mrs. Oleck is president of the Mother's club of Sigma Nu fraternity at Northwestern university, and president of the 11th dist. of the

Local Merchants' Taxes Improve Our Community

Of course you look for and find bargains in quality merchandise when you shop locally, but did you know you are also really investing in our community too? Your neighbor-merchants' taxes support civic improvements and help finance schools and recreational facilities right where you live. It pays, in many ways, to shop at home!

Time and Transportation Costs are Saved

Instead of wasting time traveling to distant stores, the wise shopper puts that time to use in a more careful selection from the large varieties carried by our local merchants. The money saved on transportation is put to better use too — on the items themselves. Every day it will pay to shop right here at home!

Your Merchants Are Your Own Neighbors

It's mighty nice to know that the merchant you deal with is probably one of your own neighbors. You feel you can trust him and he is eager to maintain that trust. He is anxious to please you in a personal way — to give you quality products at the lowest possible price. "Yes," you'll say, "it really does pay to shop here at home!"

Peanut East All-Stars Are Tourney Winners

Who said lightning never strikes twice in the same place? Bensenville was the scene of just such an occurrence as the Niles East Peanuts won the Invitational tournament two years running. Niles pitchers were so effective that in the three-game tournament, they allowed their opponents a total of only 8 runs on 8 hits while Niles batsmen provided 24 runs on 25 hits.

The first game of the tourney pitted the All-Stars of Niles against Roselle. Gary Amato of Niles provided the big blow with a bases-loaded double. John Shemroske and Ken Jensen each collected two hits. Niles pitching was sharp as Bob Fergus, Karl Ashacher and Gary Amato held Roselle to two hits. Final Score: Niles 6, Roselle 1.

In the second round, the All-Stars beat Addison by a score

of 10-2. The victory proved to be a team effort as every Niles All Star got on base or batted in a run. Niles All Stars collected a total of 11 hits with Bob Fergus and Gary Amato leading the big bats with 3 and 2 hits respectively.

But the thrills were provided by the Niles sparkling defense on the fancy fielding of Larry Bender, Gary Amato, Bob Maller and Jerry O'Donnell enabled Niles pitchers Bob Fergus, Bob Maller and Karl Ashacher to hold Addison to two hits.

In the third and final game on which the championship was held in balance, the Niles East All Stars met the Schiller Park All Stars.

Niles jumped out in front in the first inning with three runs on hits by Gary Amato and Ricky

Marder. In the inning Niles came up with four big runs on hits by Bob Fergus and Bob Maller.

Schiller Park threatened in the last inning as they loaded the bases with two outs. Two runs scored on a hit to center field but center fielder Ken Jensen made a perfect throw to third baseman Joe Stankowicz who put the tag on the runner for the final out.

The championship belongs to the Niles Peanut East All Stars as they defeated Schiller Park 8-5.

So Bensenville experienced the lightning bolt from Niles for the second time in two years. Would you like to make it three???

Our congratulations go out to the manager of the Niles Peanut East All-Star, Jerry Maller; his coaches, Don Fergus, Jack Shemroske, Barre Marder, George Jensen, and Al Bender.

And three cheers for our boys: Gary Amato, Karl Ashacher, Mike Babcock, Larry Bender, Pat Donahue, Bob Fergus, David Franks, Ken Gallin-

M.G. Junior Women's Club

Summer is drawing to a close and with this our thoughts change from swimming and vacations to school and the many things to do before it starts. High on the list are medical and dental check ups. Most schools require a dental check before the start of each school year.

Plans are now underway for the club's annual "Get Acquainted Tea" to be held Sept. 16, 1968. The juniors, an IFWC affiliated club, plan this function yearly to acquaint the women in Morton Grove and vicinity with their neighbors and the activities and goals of the club.

Mr. Ecklund asked the board to approve the placing of "No Parking" signs on Monday thru Friday from 9 a.m. to 6 p.m. on School st. from the alley south of Val's Tavern to Carol st., on both sides of the street. This would do much to aid the people who have a great problem with parking there in front of their homes. Mayor Schaeber said the owner of Val's has requested an estimate of costs for a parking lot next door and he added these figures were now available. "This should do a lot

to ease the situation," said the mayor. However, Ecklund persisted with signs things would work out much better for all the residents involved and the board agreed to have the signs placed.

Here Are The Cowboys

Front row, l. to r.: Steve Berkowski, Danny Hecklinger, Larry Youngs, Brett Nelson, Howard Schenker, Larry Hayes. Top row, l. to r.:

Mr. Tom Swenson, manager; Ray Niles, John Schauderna, John Foggia, Gary Bertocini, David Allegretti, Brian Swenson, Mr. Joe Allegretti, coach.

The Photo Palace Cowboys swept the little league playoffs and are now in the world series.

Sunday the Cowboys played the Kings to a 14 to 3 win. Both teams played excellent ball but the constant hitting of the Cowboys made the big difference. Outstanding pitching of Steve Berkowski and brilliant plays of John Foggia at first base were the sparks that led the team on. Ray Niles hit two homers and Steve Berkowski hit one. Howard Schenker hit a triple to drive in three runs in the first inning to start the boys 'Really

Rolling.' The Cowboys would like to give a royal cheer to the King team!

On Monday, the Cowboys held the Yankees in a 10 to 2 win. Brian Swenson pitched all six innings of play. His infield consisting of John Foggia at first, Ray Niles at second, Larry Youngs at short, and Gary Bertocini did a tremendous job of backing him up. Steve Berkowski made an unbelievable catch in center field that would have been a homerun for David Grouzard of the Yankees. Gary Bertocini and Ray Niles hit triples and Mighty Mouse Brett Nelson hit a double.

Niles All-Stars

Aug. 12-The Niles All Stars entered their 5th tournament of the season, trying to fight a 4-game losing streak, including 3 championship games. High team spirit, errorless baseball and plenty of base hits are essential to pull a team out of a slump of this kind. Well, the Niles All Star team met up to this task, having big guns to not only stop their losing streak but accomplish a feat that few others could do. With the 19th District Jr. Policemen as their first opponents in this new Lerner Tournament, the Niles crew faced a half-built pitcher named Russo, who has allowed but 1 hit throughout the entire season in tournament play, and deservedly won by an overwhelming 11-1 victory, collected 14 hits and struck out 8 times. The hitting stars of the ball game were Dan McDonnell with 3 for 3, Rich Dayment with 2 for 2, Marty Draths with 2 for 3 and Jeff Hanisch with 2 for 3, including a 3-bagger, Ron Parker with 2 for 3 and Bob Sall with 2 for 4, the big one being a home run with 2 men on. On the mound for the Niles All Stars, after but one day's rest, was Jeff Hanisch who went all the way giving up 5 hits, striking out 9 and allowing no walks.

yielding only 1 hit, a scratch single, in the 5th inning was all that the Horner Park All Stars were able to muster against the squad. Together the Niles' pitchers struck out 5 and allowed but 3 walks. Horner Park scored their first run in the 2nd inning with a hit batter, 2 stolen bases, a walk and a wild pitch. The 2nd run was scored in the 3rd inning with 1 out, 2 successive walks and a long fly ball. The Niles All Stars collected 10 runs on 14 hits while striking out 7 times. Every member on the Niles team had at least 1 hit with Andy Jeriabka leading the hitting attack with 1 home run, with a man on, and a double, making him 2 for 3 including a 3-base hit, Jeff Hanisch 2 for 4 and singles were contributed by Dave Siers, Bob Sall, Dan McDonnell, Marty Draths, Ron Parker, Keith Larson and Glenn Sedjo. Fine fielding and good team spirit by the entire ball team keep the tournament hopes alive which will carry them into game #2 of the Highwood Tournament on Sunday, Aug. 18 at 3.

Aug. 18-The Niles All Stars played their 2nd game in the Highwood Tournament starting off slow, breaking loose in the middle of the game for 7 runs and 8 hits, to turn back Skokie's McNally Park All Stars, 7 to 5. On the mound for McNally Park was Abrams, who gave up 6 of the 7 runs, coming in to relieve Abrams was Zolt, giving up a home run ball to Ron Parker to make up the 7th run of the ballgame. The Niles squad had to pull every trick in the hat in order to pull the game

auto motivation
By Tom True

The return of the "Rumble Seat" in an American Motors Car for '69 is bound to bring back a lot of memories....I owned a 1932 Chevy Cabriolet with a rumble seat. Naturally, I had little if any enjoyment in the rumble seat. It being an impossibility to drive from there, but both the seat and the back of the seat were removable....and this feature made it nice for Picnics and things....Oh well, we can look for Progress in any direction... and enjoy it too!

AUTOMOTIVATION

It's always an interesting stop at Tambourine Motors in Glenview. The entire staff is truly sold on Renault. Bob Tambourine has two of the finest Little Racing Plants in their class. These 2 Renaults are the center of interest wherever they go. Bob and his teammate, Ken Steffey, are gaining more and more respect for these little racing beauties at every Sports Car Club of America outing.
Bob Kennedy, G.M. at Norwood Ford, deals with two of the happiest people on earth, his cigar salesman and his barber.... All joking aside, Bob is one of the best automobile men in the business today and has been instrumental in helping Vic Mazzola build Norwood into the large Volume Ford dealership it is today.

All dealerships are pushing their remaining stock of '68's as the '69 announcement dates draw near....Speaking of '69's Cougar is introducing a convertible....and all makes and models have made progress in Air Pollution Control.

I've been working on a '69 Special Automobile section to appear in The BUGLE, issue of Sept. 19. This will contain photos and complete information on all the new models....If possible, I would like to get our exciting little game started with outstanding prizes for our readers.
John Benson is down to 182 and still all smiles....And word is out that all Chevy dealers are really moving their '68's.... As a matter of fact, all dealers, on my beat, appear to have picked up in sales the past 10 days.
Remember to check my Gold Tag Exclusives for a better used car. All are backed by an individual warranty and are serviced ready to give you many miles of good driving....See you next week.
