## From The Left Hand

By David Besser,  
Editor & Publisher

On Page 2, former BUGLE correspondent Edna Walger sends along a letter from her new home in Colorado.

Unlike most people who seethe with indignation, those who have writing experience try to vent some of these feelings via the written word.

Obviously, Edna's disenchantment with last week's Democratic convention is loud and clear in her clarion call, interestingly, another one of the BUGLE alumni, Barbara Horn, also sent us a letter from Atlanta after Martin Luther King was slain last April. The catharsis caused by a well-pointed pen seems to be a writer's therapy.

For those who are recent members of the BUGLE family we would like to review what has been reported here many times. Edna Walger (our Colorado correspondent) was most responsible for Niles Mayor Nick Blase becoming Mayor, then, committeeman, and most recently, a delegate to the Democratic convention. Thus, her disenchantment seems to be laid at the feet of Blase, who she implies must be partly responsible for last week's fiasco.

Some eight years ago, when Niles was a dirty name among the rustwest suburbs, Edna was part of a Citizens Committee whose aims were to lift Niles from its dubious position. When the group was formed she phoned one time and wondered who should be "pushed" into the presidency of the group. Because the group was small, and most members were already involved in the community, she said a very unobtrusive guy who was sitting in the back row at the meetings might make a good president. So it came to pass.

In 1961, when the 20-year entrenched forces in the community were being contested for election, three young idealistic activists in the community sought the trustee posts. It was assumed the 4 party election would be most difficult and the chance of beating the 20-year incumbent Mayor was slim. Thus, the relatively unknown Blase, head of the Citizens Committee, was offered the candidacy, with the likelihood his chances for election were the last of those who ran.

## Special Phone For #207 Tax Levy Info

Citizens Advisory Committee of the Maine Township High schools, co-chaired by Dr. and Mrs. Adrian R. Oleck of Park Ridge, has recently arranged for the special telephone number 692-5311 so that interested citizens of Maine Township may dial 692-5311 and receive a daily message and answer questions they may have related to the pending Sept. 28, 1968, vote on the 2 1/2 Educational Fund rate levy increase being proposed by the #207 high school board of education and the high school Citizens Advisory committee.

This special telephone service is being paid for by a group of citizens and will begin the morning of Sept. 6.

The high school Educational Fund Referendum increase request is not a bond issue. The 2 1/2 increase per \$100 assessed valuation being presented to the voters of Maine Township on Sept. 28, by the board of education and the high school Citizens Advisory committee is a request for approval of funds for the Educational Fund of the high school district in the form of a tax levy.

A tax levy is the fund amount requested by a municipality, such as Maine Township. A tax levy rate is the amount produced per \$100 of assessed valuation of a given municipality.

The effort of the Maine high schools to remain competitive with teachers' salaries in neighboring high school districts has accounted for the major portion of the much needed increase in the Educational Fund, along with supporting supplies and equipment, according to Dr. and Mrs. Adrian R. Oleck, co-chairmen of the Maine high school Citizens Advisory committee.

Many of the questions citizens may have related to the Maine request for the increase can quickly be answered by dialing 692-5311.

## And So...As The Sun Slowly Rises We See School On The Horizon

By Naomi Krone  
News Editor

It seems it was only yesterday youngsters celebrated that closing day of school with a whoop and a holler and moms observed the occasion by taking the final installment on their vitamin pill quota for the summer along with a tranquilizer or two.

Now the roles are reversed and we detected a few whoops and hollers Tuesday morning as mothers of youngsters attending Dist. 63 and Dist. 64 schools waved a fond farewell and the back-to-school set went into action.

The action was repeated yesterday, Wednesday, and will be repeated today, Thursday, as classes began Wednesday in the 3 Niles Township high schools and Maine Township High schools as well as at St. John Brebeuf, Our Lady of Ransom and Notre Dame High school for Boys, Niles Elementary schools in Dist. 71 and those in Morton Grove-Golf Dist. 67 welcomed their students this morning.

Although no actual nose count has been taken as The BUGLE went to press this week, Dist. 63 estimated there would be

sent for their entertainment. In addition, Laura Kotsires, 1968-69 Junior Miss will make an appearance. There will be surprises for all.

Dinner will be served promptly at 7:30 p.m. and members are welcome to bring guests.

**YOUR FEET**  
Did you know that with every step you take, the entire weight of your body is carried on a few inches of skin and bone? For those of you with weak arches, corns, bunions, calluses and poor circulation, this can be painful. When your feet hurt, you tire quickly, become irritable and tense.

Try conditioning your feet by picking up a marble or pencil with your toes. Sit with your legs straight out and curl your toes under, bending your ankles up and down. Twist your feet while standing so the heels turn out and the toes in. Buy good socks and shoes.

Good foot hygiene is important. Bathe your feet at least once daily, use baby oil if the skin is dry. Trim toenails straight across, check for red spots, blisters, and other areas of irritation.

Here at BIRCHWAY DRUGS we carry every item you need to keep your feet healthy. Why not stop in and browse around? BIRCHWAY DRUGS is located at 7503 Milwaukee Ave. By the way, for your next prescription our phone number is 647-8337.

**Set 12-Week IVMHA Series**

Inter-Village Mental Health association has announced Sept. 26 as the opening date for the 12-week series of small-group discussions focusing on emotional aspects of pregnancy.

Designed as a mental-health adjunct to the services normally offered by obstetricians, the program will be under the supervision of Dr. Irving J. Millstein, a clinical psychologist. Groups will be limited to 12 participants each, the first of which will meet at Skokie Valley Community hospital on Thursday evenings from 7:30 until 9:30.

Results of a recent survey

conducted by the IVMHA indicated a sufficient number of local obstetricians felt many women could benefit from such a service. The program will focus on the uncertainties and apprehension which often surround pregnancy and motherhood, from which point the participants will be encouraged to move into the realm of direct expression of feelings toward self and others. All group members are encouraged to become active discussion leaders as well as involved observers.

Additional information and application forms may be obtained from local obstetricians, or by phoning the IVMHA at 674-7080.

**"Esoterically Edna"**

(From Arvada, Colorado)

Dear Nilesites:

From one thousand miles away and several years gone, I watched the proceedings in the city and state of my birth in the vain hope that there might emerge a candidate to whom I could look for salvation of the future of this country. This day after the noxious events of Aug. 28, 1968, which brought dishonor to my natal city and the crushing realization that there will be no one that a dedicated, staunch independent can, in good conscience, support. I bleed and cry inwardly for what is in store for the country in the next four years.

I looked but did not see a familiar face in the Illinois delegation and wondered what his reactions were to the shocking activities of the day. Was he having any misgivings about an alliance formed some years ago? Could he read clearly the handwriting on the wall, that the day of "big bossism," "the machine," and "the democratic elections, is on its way out? Was he thinking... is it too late for me to return to the idealism that will make me the leader of the growing number of young people can support or have the compromises, I've been called on to make during the past years relegated me to the image of the aging politician?

It looked for a while as though the view from Olympus might be attained by our man in Niles, and frankly, I hoped for his success though I bitterly opposed the road he chose to get there. The man has proved that he has appeal and I still believe that within him lies a nugget of the gentleness and dedication encased in the hard shell of ambition and insatiable drive to get somewhere in a hurry. Having spewed out the venom of my disappointment, which if contained might have poisoned my system irreparably, I shall try to end this

missive on a more cheerful note. This is our third summer in these parts and from the beginning I thought we would have more than the sporadic visits from friends back there. This year found a gratifying number of contacts including the Bays and Berles from the Niles Art Guild, assorted relatives and friends of friends, mostly on their way to or from other vacation spas. These visits and the copy of The BUGLE to which I look forward each week keep me fairly well informed on what is going on. While no longer part of the scene, my interest is sustained.

I keep busy, but then you know I would, as secretary of Newcomers (Lub, publicity chairman of Garden club, newsletter editor for Petroleum Wives, assorted bridge groups, couple and ladies, regular, marathon and duplicate, and a crafts group). Two activities have served to stimulate the meagre creative side of my nature. Though not a member, son Tim and I shared a space in a July art show sponsored by the Arvada Artists Guild in a very diversified exhibit which elicited much interest but no sales, especially a new sculpture process of Tim's utilizing plastic. Our Art Guild visitors from Niles saw them and maywell have produced some for your recent art show. Our entire exhibit was moved to the display area at Sundstrand Aviation in Denver, where Tim works, resulting in some gratifying sales, as I also enjoy regular sales from a process developed for making prints pass for original oils. The other interest centers around a creative uniting group established this past March and membership in it is one of the most stimulating experiences I enjoyed in months. Our speakers are outstanding and the critique sessions very helpful. I'm contest chairman and we have as judges, an educator, librarian and a newspaper editor. We shall produce a booklet of winning entries for the end of the year. I'm not ready yet, but one of these days you must might see something by yours truly in one of the slicks or True Confessions. In the meantime, the possibility of such a monumental achievement will have to wait for the growth that comes from success with publication in smaller and less known periodicals. Will keep you all posted if anything exciting happens so you can look for it and say... "I knew her when."

Cheers, friends, and thanks for letting me bend your ear. Keep in touch and, as always, my very best to you in all your endeavors.

Sincerely,  
Edna Walger

**"Get Acquainted" Tea  
Set For Sept. 16**

Tea for You ...is what the Morton Grove Junior Women's club is brewing as they make plans for their "Get Acquainted Tea" to be held Monday, Sept. 16, 8 p.m. at Austin Park fieldhouse, 8336 Marmora. At this annual affair the Juniors open their membership and invite women of Morton Grove and vicinity to meet each other and acquaint them with one of the most active, interesting clubs in the area.

A member of Morton Grove Junior Women's club is a woman interested in taking part in her community's life; helpful in helping others; and enjoying friendships and pleasant times along the way. That, in fact, is why the club came into being.

The Morton Grove Junior Women's club formerly the Newcomers of Morton Grove was formed in 1952. The following six years brought growth and successful undertaking of many worthwhile projects. During the 1958-59 season the idea was presented to affiliate with the Illinois Federation of Women's clubs. The name was changed to accept a broader segment of women for membership. The Suburban Juniors of Morton Grove became federated on Sept. 10, 1959. In June of 1967 the Suburban Juniors of Morton Grove officially became known

as the Morton Grove Juniors Women's club. The object of the organization is to carry out projects of an educational and charitable nature, the proceeds from which shall be used to benefit charitable organizations and community projects in Morton Grove.

Among those which they have supported are the annual Children's Halloween party, Morton Grove Days carnival, landscaping at National Park fieldhouse, Women's club Viet Nam project and through their efforts and financial support a record collection was initiated at the Morton Grove Public Library. With monies raised from special projects, aid has been given to Orchard school, Dixon, the American Indian Center, Children's Research and New Horizon center for mentally retarded children and numerous IFC sponsored projects.

On the social side - activities for members and other residents of Morton Grove and vicinity have been the annual Treasure Hunt, candlelight bowls, card parties, fashion shows and dinner dance.

Anyone interested in the Juniors should contact Mrs. Stanley Bindus, 966-3284.

### "Democracy In Action"

Politics has been kicking up its heels lately and promises to get more exciting during this election year. Between now and political day in November, political news will be carried on radio and television, in newspapers and magazines.

Employees at Teletype Corp. will be able to gain some insight into this fascinating subject through a company sponsored non-partisan course called "Democracy in Action."

"Democracy in Action" is an adult discussion course rather than a lecture-type program. Discussions are based on

case studies and supplemental readings. The objective is to show how America's two-party system works so that Teletype employees, as citizens, can become more active in government affairs at the local, state and national levels.

### At Seminar

A total of 26 took part in University of Missouri-Rolla short courses in the detection, estimation and modulation theory (parts I and II) held here recently (July 22-26 and July 29-Aug. 2). The courses were presented by the UMR department of electrical engineering and the Extension division and were under the direction of Dr. Harry L. VanTrees, associate professor of electrical engineering at the Massachusetts Institute of Technology. Other faculty included several outstanding teachers from leading universities across the country.

Taking part in the course was Richard Bernstein, project engineer, Warwick Electronics.

### Congratulations

A girl, Lynette Louise, was born on August 7 to Mr. and Mrs. Vincent J. Campagna, 7020 Wright Tr., Niles. The baby weighed in at 10 lb, 8 1/2 oz.

### Donut Day Drive

"Donut Day" taggers in Morton Grove and Skokie raised \$1,321.69 for the benefit of the Salvation Army on its 30th annual tag day held June 7, reports George Foster, 9101 N. Austin, Morton Grove, chairman for Morton Grove and Skokie. The goal for Morton Grove and Skokie was \$1,300.00.

### JETS Participants

In this era of unparalleled technical advancement, more and more young people are looking toward careers in engineering and related fields. In an effort to acquaint aspiring engineers with these professions, Teletype Corp. has been most receptive to technically-oriented groups.

Twenty-four students participating in the J.E.T.S. (Junior Engineering Technical Society) summer institute engineering program were recently introduced to engineering opportunities at Teletype. The company's special program for the JETS attempted to define the role of an en-

gineer in the data communications industry and to project a clearer picture of engineering as a future profession. The JETS also had the opportunity to walk with students participating in Teletype's Cooperation Education Program and obtain opinions from their college counterparts who alternate semester of undergraduate study with actual work periods at Teletype.

The JETS program is sponsored by the College of Engineering at the University of Illinois, Chicago Circle Campus. These high school upper classmen were selected on the basis of academic ability and leadership potential.

## Janus A Speaker At Minnesota Convention

Minnesota Association of Realtors will hold its annual convention in Minneapolis Sept. 25, 26 and 27.

The official convention program lists many speakers for the three-day state assembly, and Walter J. Janus, 7128 W. Main, Niles, Chicago real estate broker will be among them to present his "Totem-Pole" talk on how to overcome "By Owner" competition.

Janus is executive director of the Cook County Multiple Listing Service, a not-for-profit organization which does research and development in the improvement of marketing methods in real estate. The CC/MLS offers a service by acting as a clearing house of marketing information.

"The 15-week real estate sales course, conducted since 1957 by Walter J. Janus for aspiring

real estate salesmen, has created a great deal of interest among fellow brokers. The Minnesota talk will contain the "Meat" of this course — very same material which has doubled the listing power of the Janus Organization. It has been presented as a featured talk to many real estate organizations in Illinois.

### One Of Her Favorites

Laura Kotsiris, Niles Junior Miss for 1969, is excited as any teenage girl would be at meeting one of her favorite movie stars, John Forsythe, who starred in a recent production at Mill Run Playhouse. "He's fabulous," was Laura's excited comment, who also remembered him in TV's "Bachelor Father."

### Win Consolation Prize

August 26—The Niles All Stars team brought to a close their final tournament of the season against Hiawatha, and suffered their 8th set-back by dropping a 3-1 contest for the consolation prize of 4th place in the Lerner Tournament. On the mound in this last game was Marty Draths who gave up all 3 runs in 3 innings, with the help of 2 errors, and 4 hits, while striking out 4 batters. With 2 outs and a runner on 3rd, Wayne Brekke came in to relieve Draths and retired the side by striking out the next batter, and continued doing a fine job on the mound, allowing no hits and striking out 3. Andy Jeriabka made an outstanding play at 2nd base in the last inning for the final out, diving to his right to snag what looked to be a sure base hit. The leading batters for the Niles All Stars were Ron Parker with 3 for 3, Jeff Hanzisch 2 for 2, and Mike Calderone with a triple, while Niles struck out 6 times. The Hiawatha All Stars collected 4 hits and struck out 8 times. The season came to a close with the Niles All Star team having gathered 4 trophies in 6 tournament plays. The season started with 18 ball players on the Niles All Star rosters but due to injuries and vacations, the squad dwindled down to 12 players. It put a big load on the backs of the 12 boys who worked harder and with sure determination to bring home all 4 trophies. The recent scuttlebutt was that the 1968 Major All Star team had "nothing" and the only credit they deserved from the wins was with the assistance by Lady Luck. Perhaps last year's team and the teams of prior years did have a much better hitting and fielding record, but Niles has never produced a team with more stamina, determination and good sportsmanship, not to mention the fortitude and perseverance to play game after game, 2, 3 and sometimes 4 games in one day and always put both heart and soul in the play—without a word of complaint. It is most unfortunate that those who felt that the 1968 All Stars were a "no-talent" team didn't have the advantage to witness all of the games and enjoy the comradeship projected when they entered the ball field—even when completely exhausted, Niles is proud of everyone of the young boys that made up the Niles All Star squad and there will never be any better. Altogether the All Stars played 28 games—20 wins and 8 losses. Congratulations for a job well done!

## Local Merchants' Taxes Improve Our Community

Of course you look for and find bargains in quality merchandise when you shop locally, but did you know you are also really investing in our community too? Your neighbor-merchants' taxes support civic improvements and help finance schools and recreational facilities right where you live. It pays, in many ways, to shop at home!

## Time and Transportation Costs are Saved

Instead of wasting time traveling to distant stores, the wise shopper puts that time to use in a more careful selection from the large varieties carried by our local merchants. The money saved on transportation is put to better use too — on the items themselves. Every day it will pay to shop right here at home!

## Your Merchants Are Your Own Neighbors

It's mighty nice to know that the merchant you deal with is probably one of your own neighbors. You feel you can trust him and he is eager to maintain that trust. He is anxious to please you in a personal way — to give you quality products at the lowest possible price. "Yes," you'll say, "it really does pay to shop here at home!"

One summer, Betty convinced her family to take their vacation in Los Angeles and Hollywood. Once there, Betty prevailed on her mother to remain. Her father, with his business in St. Louis, returned home. Betty enrolled in the Hollywood Professional School to the Albertina Rasch and later the Ernest Belcher dancing schools.

Within a few years, she had progressed so far that the Fox Company offered her a movie contract. Betty cheated a little she confesses, to qualify for the contract. She told studio officials that she was two years older than she really was in order to avoid becoming entangled in child labor law regulations.

Her first stint was a specialty number in "Let's Go Places." The she became a member of the Fox chorus and danced for a year. At the end of that time, her contract with the studio was permitted to lapse by mutual consent. Betty felt she was getting nowhere as a film chorine and the studio felt it could do without her services. The studio lived to regret it.

Next, Betty tried out with 1500 other beauties for a dancing part in Eddie Cantor's picture, "Whoopie" at the Samuel Goldwyn Studios. She was the first of the 1500 chosen and her work in that picture got her some attention from the movie makers.

Betty then decided to try another medium on the theory that a prophet is never recognized in his own land. She obtained a part in the Barbara Stanwyck-Frank Fay stage production, "Tattle Tales," Ted Fio Rito, the band maestro, happened to catch the show and offered Miss Grable a job with his orchestra. She joined his band in San Francisco and discovered that her voice was ideally suited for torch songs.

At the end of eight months with Fio Rito, Betty had a following. The movies beckoned to her once again and she responded. She was cast as the feminine lead with Wheeler and Woolsey in "Hold 'Em Jail" and then she made a number of shorts.

Twentieth Century-Fox made the best of many contract offers, but before she signed, she got the studio to agree to permit her to do the Buddy De Sylva show, "Du Barry Was A Lady" in New York. The rest is theatrical history. Betty was only a supporting player in "Du Barry Was A Lady" but her role made her the toast of Broadway.

**Mill Run Star**

Betty Grable, who stars in "Born Yesterday" at Mill Run Playhouse Sept. 3 through Sept. 22, began planning for her Hollywood success almost as soon as she could walk. She was born Dec. 18 in St. Louis, Mo., the daughter of Conn and Lillian Grable. Mr. Grable was a stock broker.

# Ron Mills Directing DPTG Comedy

Ron Mills, drama teacher at Glenbrook North, is directing Des Plaines Theatre Guild's opening production of the season, Muriel Resnik's comedy, "Any Wednesday."

The quartet of experienced community theatre players he selected for roles in this romantic mixture of a millionaire, the Internal Revenue Service and an adorable doll he meets on Wednesdays, is currently rehearsing for opening night on Friday, Sept. 13 at 8:30 p.m. in Guild Playhouse, 620 Lee st., downtown Des Plaines.

Performances continue on Saturday, Sept. 14 and the next two weekends, Sept. 20-21, 27-28. Tickets may be ordered by calling the box office phone, 296-1211, from 4 to 6:30 p.m., or writing Des Plaines Theatre Guild, Inc., P.O. Box 84, Des Plaines, Ill. 60017.

Mills, who has recently returned to the Northwest suburban area from a two-year stint as resident director of the Macdonald Little Theatre in Georgia, has spent a busy summer sand-wiching preparations for his new teaching assignment at Glenbrook North and tryouts and rehearsals for "Any Wednesday". In between working at Mill Run Playhouse on "Barefoot In The Park," "Tom Jones," and "Here Today." To complicate life even further, Ron and his wife, the former Barbara Bechman of Park Ridge, have been involved in moving and getting settled in a new apartment in Wheeling before school starts.

Ron and Barbara (a Maine East grad) met when he taught drama at the Park Ridge high school after earning his B.A. and M.A. from Eastern New Mexico university in Portales, N.Mex., his home town. While teaching at Maine East, Ron appeared in Des Plaines Theatre Guild productions of "The Gioconda Smile," and "The Glass Menagerie" during the 1964-65 season.

"Any Wednesday" marks Ron Mills' first time in the director's chair for the local community theatre, however, and he really had his work cut out

for him when some 40 people turned out to read for the four juicy parts in the spice-and-sentiment comedy. After two nights of tryouts, and a third to sleep on his decision, he announced his cast selections as follows:

Ellen, the adorable doll the millionaire sees on Wednesdays, is played by Miltza Nikich, Chicago. Although new to DPTG, she has varied credits with Northwestern, Goodman and Harper theatres.

Dorothy, the wife he comes home to the other nights of the week, is Betty Kambinder, Palatine, who appeared at Guild Playhouse two seasons ago as Mme. Parole in "My Three Angels." Betty also took over the role of Aunt Felice when the Guild's production of "The Happy Time" was presented at Twilight Ridge Theatre in Crystal Lake last April.

Northwest suburban theatre-goers have a treat in store any Friday or Saturday night in September (beginning on a lucky Friday the 13th), says Guild president James Beall, Palatine, if they attend one of the six performances of "Any Wednesday" at Guild playhouse.

Subscriptions for the entire season of five plays for 1968-69 may be purchased for only \$10.00, a savings of 20% over the single admission price of \$2.50. Student admission on Friday nights are specially priced at \$1.25.

Tryouts for the second play of the season, "The Little Foxes," will be held Monday and Tuesday night following the opening weekend of "Any Wednesday." Doris Dettman of Carpentersville, who has been associated with the Elgin Community Theatre, will direct the Lillian Hillman drama which will be staged in November. She announces open readings for parts beginning at 8 p.m. Sept. 16 and 17 at Guild Playhouse.

## Coin Bourse

Sunday, Sept. 8, is the next date for Chicago's Coin Collector's Market at the Leaning Tower YMCA, 6301 W. Touhy ave. Hours will be from 10 a.m. to 6 p.m. The public is invited. Admission is free.

Fifteen experts will have exhibits on display and will be available to appraise and identify any coins, medals, tokens or paper money, presented. There is no charge for this service. Information will also be available on the current premium being paid for silver coins.

# BUSINESS REVIEW

## Edison Co. Files ICC Petition On Subsidiary

Commonwealth Edison Company last Wednesday filed a petition with the Illinois Commerce Commission seeking authority to create a wholly owned subsidiary to operate the gas and heating utility properties of its Central Illinois Electric and Gas Co. division.

Chairman J. Harris Ward said the new gas company would provide gas service to approximately 96,000 customers centered mainly in and around the Rockford, Lincoln and Freeport areas in Illinois. In all, a total of 70 communities would be served by the Edison subsidiary.

The proposed name of the new company is Mid-Illinois Gas Company.

According to Mr. Ward, Edison would own all of the stock to be issued by the new company. Edison directors and officers would serve in similar capacities with the subsidiary and the present management and personnel will continue to operate the utility.

The proposed separation of

our gas and electric properties follows a pattern previously established by Edison, Mr. Ward said. "Because of the diverse technical and operating aspects of the respective businesses, we believe that electric and gas utilities operate more effectively as separate entities. Customers ultimately derive the benefit of such separation."

Central Illinois Electric and Gas Co. was merged into Edison on Dec. 9, 1966 and since that time Edison has carried on the gas business of the division. As of June 30, 1968, the gas properties represented about 1.6 per cent of Edison's gross plant and accounted for approximately 3 per cent of the company's total revenues.

Commonwealth Edison at one time operated an extensive gas business in northern Illinois. In 1953 Edison separated its gas interests which led to the creation of the Northern Illinois Gas Company. Between 1953 and 1966 Edison operated as an exclusively electric utility. Edison presently provides electric service to close to 2 1/2 million customers.

## Wonderful Coverage

Dear Sir:

Please allow me to thank you for the wonderful baseball coverage of the 1968 Niles Major League and the 1968 Niles Major All Star teams.

As Publicity Chairman for the 1968 Niles Major League, it has been my pleasure to keep account of all of the games played, the wins and the losses, and became acquainted with many of the young ball players on the teams. However, all of my reports would have been ineffective if you had failed to place the reports and standings in your paper. Through-out the season many parents commended on these reports and the loyalty your paper expressed in always printing them, in some cases the children and the parents 'fought' to get the

sports page first because they were always confident that the reports and standing were up-to-date. Therefore, thank you for being my 'partner' through-out this baseball season for bringing many smiles and expanded chests by the players and the parents. It has indeed been very rewarding and worth while.

Sincerely,  
Bill Keener  
Publicity Chairman

## "Very Proud"

## Picnic Hilit

Highlight of the picnic is the presentation of the trophies to youngsters on the various winning teams.

Helping with the picnic activities (l. to r.) Bob Miller,

chairman of the board - Niles Baseball League; Angie Marchesche, village trustee; Marge Lieske, village clerk; Todd Bavaro, village trustee; Rich Les, baseball commissioner; and kneeling, Steve Dawiec, picnic chairman.

## Another Successful Year

The Niles Baseball League terminated another successful boys' baseball program with an annual picnic. This past summer over 800 boys, the highest registration in the history of the Niles program, played approximately 1300 regular season games. The size of Niles Baseball League is impressive and even more impressive is the fact that the organization is strictly a volunteer effort.

The backbone of the entire setup is the dedicated corps of Niles Baseball League officers, board of directors, activity chairmen, managers and coaches. They give their free time because they enjoy working with youngsters and feel a sense of obligation to help lead them in the right direction.

The Niles Park District shares in this community effort with their tremendous assistance and cooperation in providing playing fields and facilities. Last but not least, laurels must be bestowed upon the Niles Baseball League sponsors who assist financially in cost of the program. This full-fledged community support makes the Niles Baseball League successful and the Niles youngsters are the beneficiaries.

## From The Left Hand

continued from page 1

And the prediction proved true for the trustee candidates ran ahead of the Mayor in every precinct but surprisingly they managed to pull him in with them. It was a startling victory since the other 3 tickets were all supported by the township Democrats and Republicans while the independents were riding on a wing and a lot of hard work.

Interestingly in the campaign Blase vigorously fought the gambling in town, decrying the big builder tie-in with the incumbents and was highly critical of the township politics which had seeped into the election. The "word" was for independent candidates who had no business interests in the community and Blase was the loudest in spreading the "word". And our friend Edna was the gal who was one of the many quarterbacks who worked on behalf of these high-minded principles.

Immediately after the election Edna was confronted with a new moment of truth. The new Mayor, who howled about gambling, dragged his feet on the gambling issue, immediately set-up two businesses in town, and despite his independent cry, joined the township party which he was so critical of. Ironically, the 3 trustees who carried him into office, kept their pledges and one of the trustees finally pushed thru the no gambling ordinance. None set up businesses in town and they stayed independently aligned. And Edna hollered long and loud about Blase's about-face but bowed to the man when she saw his ambition would override the pre-election ideals he proclaimed.

Now 7 years later, she sees Blase went to the Democratic convention and like most of the other Democratic sycophants, voted exactly as Daley did on all issues. Ideals be damned, it was much better not to step on Daley's toes or Blase, and Daley's other shadows, would not be able to move up the political ladder. So the old line politics of an era came up against a new thrust in this country, and Daley and Blase chose sides and likely their futures.

Since our friend in Colorado is 1,000 miles from her first home she may not know that the hokey politics of the past, both on the local level as well as on the national level may soon pass from the scene. The natives are growing restless and the unerring eye of TV has likely awakened Americans to what the self-seekers are up to.

Here at home, both in Niles and Morton Grove, the new politics are likely to be heard more clearly in the coming year. In Niles we tie for months to have the trustees draw up a strong conflict of interest ordinance but to no avail, Blase

is a director in a local bank which has village funds within its walls. The conflict seemed most obvious but Niles officials and the president of the Chamber of Commerce rallied around the Mayor. Now comes the word that Blase was caught in the middle when the bank with Niles funds did not finance the new fire station. Here he was, a man with 2 interests, colliding with one another. And while Blase might have sought the financing, nevertheless he was on a collision course. The financing went outside the village to a bank which did not, at the time have village funds, indeed a highly irregular action, and the Mayor, with two separate

interests came out of this fray with egg on his face. As yet, we've heard no word from the Chamber of Commerce or the trustees about this unnecessary conflict (but you can be sure we'll hear from the bank).

Over in Morton Grove the natives have pushed these elected officials into village manager action. Again, it's a case of officials out of touch with the new wave of politics, that is likely to sweep the country in the coming years. Here, the elected officials had a responsibility to its constituents to lead the way. But unfortunately the officials followed the citizens, typical of the old politics seen at the convention.

I think what may be happening in this country is what the kids have been trying to tell us...and that's to tell it like it is. And I think the hokey politicians, who've long suppressed the best interests of the country in favor of their own, are going to be surprised in future elections. Down at the precinct level is where the action starts and we expect the Blases, Daleys, Schreiberers and all the present incumbents are going to have lots of competition from candidates and voters who want to hear it like it is. Next time there's any kind of election, whether local, or in a delegate race, the idealists young and old, will have smartened up and will seek these offices. And with the aid of the new unit rule-one-man-one-vote rule the Dick Daleys and their ilk may become an anachronism, left behind for the history books.

Lastly, our good friend Edna, to show you how fast things are moving, we've already been invited to help create a 4th national party by people from the University at the Circle. And while we don't agree that's the path to be taken, nevertheless, you can see the new era you fought for 7 years ago is beginning to stir all over the country. We expect we'll see it here in both of our communities next year when the incumbents try to give us some of that old political hokey again. And, we've got a hunch it might not work this time.

## PP&K

Boys age 8 through 13 in the Niles-Morton Grove - East Maine area can begin registering for the eighth annual Punt, Pass & Kick Competition now with trophies and trips awarded football-minded youths for skills in punting, passing and kicking. Headquarters for registration is White & Cronen, 9401 N. Milwaukee, Niles, where entries will be accepted through Oct. 4. Entrants must be accompanied by a parent or guardian. There is no charge as the entire competition is absolutely free to all entrants and all equipment such as footballs and kicking tees are provided. No body contact is involved in PP&K competitions.

When they register, boys receive a free booklet of competition tips written by Green Bay's star punter, Bart Starr; the Atlanta Falcon's punting specialist, Billy Lowbridge, and St. Louis Cardinal's kicking leader, Jim Bakken. The booklet includes exercises for boys' physical fitness oriented to boys of PP&K's competition ages.

In addition to the booklet each registrant receives an attractive PP&K lapel pin.

## School Time

The Punt, Pass and Kick competition is sponsored nationally by Ford Dealers and the National Football League. Co-sponsor in the area is Niles Park District.

Lunchroom supervisors are still needed for the two junior high schools in Dist. 64, according to Russell Miller, assistant superintendent for business.

The lunchroom supervisors oversee children during the luncheon periods. The positions are open for men or women who will work two hours daily during the school day. Older or retired persons would qualify for these positions, Miller said. Cafeteria helpers for the preparation and serving of food are also needed.

Individuals interested in either of these two positions should contact Mr. Miller or Mrs. Mamie Kinnaman, cafeteria supervisor, at the Board of Education offices, 823-1144.

## Manager Plan

continued from page 1

Trustee Dick Flickinger said "When elected officials are willing to do their job you don't need a Village Manager. This in my opinion is passing the buck." Tr. Leroy Gunter said in times like these it's good to see Village officials who are still willing to do their own job and devote so much time to various committees for the benefit of the people.

Tr. Carl Klein said the board has been debating the question of a Village Manager for many years and since the present systems takes full advantage of the fine talent on the board, in cooperation with a full time Village Administrator, there seems no need for a change at this time. Tr. Ed Willander said he believed the cost of a Village Manager system was much higher than the present type of government and many times in recent elections the people have voted in favor of the present form of administration. Mr. Willander then took issue with an article published in which the League of Women Voters criticized the present administration for various reasons.

Mrs. Kurt Keller of the League of Women Voters assured the board the article was not meant as criticism but to show the village had grown enough to warrant a Village Manager. Mayor Schreiber then listed the qualifications of Fred Huber, the Village Administrator and said he believed Huber was quite capable of handling the job.

Bugle Publisher and Morton Grove Resident David Besser said he found it inconceivable no one on the board had anything to say in favor of the Village Manager form of government, especially since the women had made a two-year study of the issue. Besser also stated Niles and Skokie have received "All America City" awards or nominations under the Village Manager form of government. Mrs. Keller then advised the board that in their extensive research the LWV found the village manager form of government cost about the same as in MC. One citizen present said village government should be attained to public wishes and he thought Morton Grove was fortunate to have such fine officials on its board.

Dick Flickinger reported the board had outstanding bills due to Clorba, Spies & Gustafson for engineering services on the Dempster st. bridge and elsewhere. The board carried a motion to pay these bills. Fred Huber reported that vandalism had occurred on the water tower on National and reported that 20 feet of ladder had been removed to keep children from climbing up the tower. Leroy Gunter suggested having a meeting with those citizens in the immediate area to find a solution to this problem and agreed to arrange for one. Huber also said because of the sharp turn onto Lehigh from the 6400 block on Elm st, some motorists are skidding off the road. Because of this more lighting is being installed, barricades will be put up and new signs will be placed.

## auto motivation

By Tom True

Dick Wigglesworth, Wigglesworth Imports in Glenview, is introducing an entirely new Swedish approach to used car inspection, safety, testing, reconditioning and warranty.

The program, called "SVENSK TESTAD", has been perfected by Volvo Dealer Councils in Sweden and applies rigid quality standards and a 30-day warranty to all late model used cars... both imported and American. Mr. Wigglesworth is enthusiastic about the new program and points out the fact it allows the buyer of a used car to select the car of his choice with confidence... I suggest when you are looking for a used car, see if Wigglesworth has one you like with the "Svensk Testad" sticker on the window and warranty and check list in the glove compartment.

A note from John Naughton, Ford Motor Co. vice-president, informs us Mustang for '69 has two new models - the "Hot" Mach 1 and the Luxury sports car, the Grande Naughton also informs us many new, all new, improvements have been made in the entire Ford line. There are new safety and economy features; new, beautiful, styling innovations and outstanding engine features.

With material coming in every day on the new '69s, we are reminded of our special New Car edition coming Sept. 19. In participating dealers in the section will present the "Tom True Capers Prizes."

These are prizes for lucky BUGLE readers who simply stop to look (or "gape") at the new cars. Top prize will be an all-Uphoff's in Wisconsin-Dells. The lucky pair will go to this beautiful spot on Friday night for dinner, stay Friday night, have breakfast, luncheon, dinner on Saturday, stay Saturday night, day evening.

At Inn Town there is entertainment, a beautiful indoor pool, a sauna bath for both men and women, plus all the beauty of the surrounding area.

Plan now to register for these wonderful prizes and watch for the Tom True Special New Car Edition, Sept. 19.

Drive carefully, buy your next used car from an authorized new car dealer and shop BUGLE advertisers. See you next week.

### LGH Sets Up Training

A training program to prepare new employees for work in the food service area has been set up by Lutheran General hospital, Park Ridge.

The program is being partially financed by federal funds granted under the Manpower Development and Training Act of 1962. Mrs. Sheila E. Henderson, executive dietitian at Lutheran General, is coordinator of the project.

The five-week training period, during which employees receive a regular salary, includes both classroom teaching and supervised on-the-job training. Training will cover the areas of general orientation to the hospital, sanitation, housekeeping and safety, basic nutrition, food service equipment and procedures, patient tray service and cafeteria service.

Upon successful completion of the course each trainee will receive a salary increase and U.S. Department of Labor certification as a Food Service Worker.

This program will enable us to provide better service to our patients and to the hospital as a whole by having trained, knowledgeable food-handlers," said Patricia Bryan, instructor of the program. Although the program is directed primarily at new employees, there will be opportunities for current food service workers to participate in training sessions. "This type of program is very new and we hope a successful program at this hospital will encourage others to develop similar in-service training to help alleviate the shortage of trained workers in the food industry," said Miss Bryan.
