From The Left Hand

By David Besser
Editor & Publisher

Voters opposing the levies in Maine High school District and the Park Ridge-Niles elementary Dist. 64 will likely force a 3rd vote on both issues in the coming months. It's a frustrating action, both for the school board members as well as the residents, for continued thrusts for more money.

Tax-weary residents, who are caught in the web of spiraling costs, are showing a stiffer spine as they're being continually asked for more money for school buildings and the attendant tax levies to maintain the increasing number of buildings and the increasing costs for teacher salaries which go with the ever-larger school districts. On the one hand we all take pride in the excellence of the superior schools in our areas. But dipping deeper and deeper for more and more money for this excellence becomes a problem for many residents.

Based on the result of recent votes, the general resistance to these increases seems to cross all economic groups. Park Ridge, which has maintained a bit of a blue-nosed image in our area, is as resistant to more taxes as any other area. Undoubtedly the fancy address is accompanied by an equally fancy mortgage, which puts Park Ridgers in the same bag as her more proletarian neighbors.

Interestingly, Dist. 63 residents and particularly voters north of Dempster street have been most sympathetic to the needs of the schools and have supported every issue. From a practical standpoint, unlike many Park Ridgers and many Niles and Morton Grove residents, they have the greatest number of children per home attending the public schools and thus have the greatest need for them.

Maine High school teacher Robert Carlson dropped into the office Saturday and explained his one-man fight to retain the beauty at Maine East High. Carlson, a 1953 Maine alumnus, contends the campus-beauty of the old school is being destroyed in the name of progress. Building administrative offices on what Carlson calls a "Plaza and Formal Gardens" desecrates the beauty of the campus-type atmosphere according to the teacher. Administrative forces

2 Referenda Defeated

Voters Say 'No' To #207, #64 Tax Hikes

By Naomi Krone
News Editor

For the second time this year voters in Maine Township High School Dist. 207 and elementary Dist. 64 turned thumbs down on two separate referenda.

Dist. 207 was seeking approval of a request for a 21-cent increase in the educational taxy levy which would have brought the rate from $1.42 to $1.63 per $100 assessed valuation. Dist. 64 voters were also asked, in the voting last Saturday, to approve an increase in the tax rate of the building fund in their district. The increase would have added 12 1/2 cents to the present 25 cents per $100 of assessed valuation. The #207 vote was YES - 5932 and NO - 6866. Dist. 64 vote was YES - 3495 and NO - 3832.

The hike in the #207 Education fund tax levy was needed for what board officials termed an increased and competitive salary schedule for teachers along with supporting supplies and materials.

Dist. 64 officials were also asking voters to decide whether or not the Dist. 64 board of education would be permitted to levy additional money for maintenance of the school facilities. It is felt by many, however, that the wording of the ballot "for an increase in the building fund rate" confused voters. The wording is required by the Illinois School Code but it does mean operational and maintenance expenses for the schools not a new school building which cannot be accomplished without specific prior approval of voters.

A representative of Dist. 64 told The BUGLE the Dist. 64 building fund tax rate increase might be put before the voters again, with a tentative date of Dec. 3 being considered now. Dist. 207 may now be forced to borrow money in tax anticipation warrants until the tax levy can again be presented.

For 20 Years Of Service---

Plan Dinner To Honor Judge Smigiel

Talking over "oldtimes" recently, a group of area residents recalled the 20 years of service given to the community by "Tony" - Judge Anton A. Smigiel, presiding judge of the Third Municipal District of Cook county Circuit court since 1966.

And before the evening was over, the idea had evolved for a get-together in his honor, with a committee formed to make arrangements for the event.

Accordingly, this week invitations are in the mail for a dinner dance honoring Judge Smigiel at the Seven Eagles restaurant, 1050 E. Oakton, Des Plaines, Thursday evening, Oct. 24.

Judge Anton Smigiel

Richard Harczak, Angelo Marcheschi and James Sneider are co-chairmen of the affair, with Dee Pomeraning the publicity director. Reservations may be made by calling CE 6-0020.

Recollections of Judge Smigiel's work in civic improvements include the Kirk Lane Community Organization which he founded. He was president for two terms;

Rotary club of Niles - he helped to organize it and was its first president;

Niles' first post office and bus transportation through and within the village were established during his two years as president of the Niles Chamber of Commerce;

Tony Smigiel was one of the organizers and president for five years of the Niles Fireman's Benevolent Ass'n.;

He worked toward the formation of the Niles Park District, helping to put together a successful referendum for its establishment. He was the Park District attorney for two years, resigning that post to be a candidate for police magistrate in 1956.

Elected as magistrate for a four-year term, he was reelected to second four-year term in 1960 without opposition.

In April, 1963 he was elected first judge of the new village court in Niles, became an associate judge of the Circuit court in 1964; and was appointed presiding judge of the Third Municipal District Sept. 8, 1966.

Judge Smigiel lives in Golf with his two daughters, Judith and Janice.

The district serves the communities of Barrington, Barrington Hills, Bartlett, Des Plaines, Elgin, Elk Grove Village, Elmwood Park, Franklin Park, Hanover Park, Harwood Heights, Hoffman Estates, Mt. Prospect, Niles, Norridge, Northlake, Park Ridge, River Grove, Rosemont, Schaumburg, Schiller Park and Streamwood.

Richard Harczak and Angelo Marcheschi are residents of Niles; James Sneider, of Edgebrook; Dee Pomeraning, of Park Ridge.

Sukkot Services

The Festival of Tabernacles, Sukkot, will be ushered in at Maine Township Jewish congregation, 8800 Ballard rd., Des Plaines, Sunday evening, Oct. 6 at 6 p.m. with special Maariv religious services.

A ritual hut (Sukkah) has been erected on the synagogue grounds and special Kiddush refreshments will be served to all worshippers after the worship services. This is in keeping with the tradition of reminding the congregation of the temporary dwellings used by the ancient Israelites during the 40-year journey to the Promised Land after the Exodus from Egyptian bondage.

The Lulav-Etrog Waving ritual will be led by Rabbi Jay Karzen at the Sukkot morning services Monday and Tuesday, Oct. 7 and 8, at 9:30 a.m. This traditional practice reflects the thanksgiving aspect of this major Jewish holiday.

Junior congregation will also conduct worship services during the first two days of the holiday, Monday and Tuesday, Oct. 7 and 8, at 10 a.m. All youngsters are invited to attend these holiday Sukkot services.

LETTERS to EDITOR

Gentlemen:

Unfortunately, to a great extent, many new boat owners are of the opinion that they have sufficient boating knowledge to properly operate their boats and boating education to them seems unnecessary.

As the boating season draws to an end, a good many owners now realize that there is more to operating a boat than they knew. For example, many of them found it difficult to properly plot a course, because of their lack of knowledge of piloting. They, also found it difficult to identify the various aids to navigation and did not know the purpose of the aid. They found it embarrassing to decide the proper direction to take in some passing and crossing situations. There were undoubtedly many more situations encountered that gave them a few troubled moments because of a lack of knowledge.

United States Coast Guard Auxiliary, Flotilla 22-10, is now offereing a free 8-lesson course at the following locations:

Oct. 4, Friday, Wright Jr. college, Austin and Belmont, Chicago, 7:15 p.m. Oct. 8, Tuesday, Niles Township Community High school, West division, Oakton and Edens, Niles, 7:30 p.m.

These courses will increase your knowledge and enjoyment of boating whether you are an old salt or just dreaming.

Leaning Tower YMCA

Because the YMCA recognizes the exhausting and tension-producing pace to which the business and industrial executive is subjected -- and because this vocational hazard results in many physical breakdowns and premature deaths -- the Industrial Services Center sponsored by the Leaning Tower YMCA has arranged for five of the nationally known medical men of the middle west to participate in a six session Health Analysis Seminar which began Monday, Sept. 30 from 5 to 8 p.m. in the Skyline Room of the Leaning Tower YMCA, 6300 W. Touhy ave., Niles. These six Monday night seminars will identify, and diagnose for treatment the major symptoms related to urology, metabolism, high blood pressure, cardiology, gastroenterlogy and psycho-emotional tension.

The physicians who will conduct these seminars are members of the Grant Hospital Educational Faculty. They are Dr. Roland Cross, Dr. Charles Tashima, Dr. Louis Johnston, Dr. Peter Mayer and Dr. Jerome Swartz.

In addition to the discussions dealing with the importance of recognizing early symptoms, each seminar participant will be given an opportunity to fill out several comprehensive questionnaires which will further serve as an aid to identify the symptoms that most business and industrial executives have a tendency to ignore.

Those who are interested in participating in these ISC Health Analysis Seminars may call the registrar, Barbara Berger - (647-8222) for dinner reservations and registration.

Activity Surrounds New K-Mart

The new K-mart department store, Dempster Plaza, has employed and is training approximately 163 area residents to give fast and efficient service, announced manager Garry L. Johansen. This does not include the 75 additional employees needed during the peak seasonal periods.

"We are anxious to announce an opening date as soon as we finalize our department layouts for ease of shopping," said Johansen.

K mart, division of S. S. Kresge Co., will be located at 8500 W. Dempster ave., Des Plaines, for maximum convenience for all shoppers.

"Kresge employees are among those with the longest employment tenure in retailing," said Mr. Johansen. The S. S. Kresge Co. was founded 70 years ago in Detroit, Mich. and employs over 68,000. Of these, over 2,800 have been with the company for 25 years, with several hundred more enjoying their retirement pensions offered to all employees.

All employees, after one year of service, are entitled to enroll in the Kresge stock plan.

Two of the S. S. Kresge Co.'s officials who will attend the opening of the new K mart at Greenwood and Dempster are Ervin E. Warlow, sales director and general merchandise manager and Chester E. Boyd, K mart merchandise manager.

Warlow became the company's chief merchant and joined Kresge's top councils when he assumed his present responsibilities six years ago.

At that time company sales were $450,000,000 and the company had 777 variety stores. As a top decision-maker he played a key role in sales more than doubling to $1,090,000,000 last year and stores increasing to 925 of three separate kinds.

Warlow became sales director when he was 40 years old and after he had been with the company 22 years.

A native of Fillmore, Mo., he entered the Kresge management training program in 1938, starting as a stockboy in a Kresge store in Kansas City. He served in the Army Air Force during World War II.

Warlow became a store manager in 1952, a district manager in 1955, assistant sales director in 1958, sales director in 1961 and was appointed to his present position in 1964.

Boyd, a native of Gaylord, Kansas joined the executive level in January of 1963, as operations manager for K mart after having been with the Kresge Company for 14 years. And in 1964 he was named assistant sales manager and promotional manager of the K mart division. Later in the year he was appointed sales promotion manager for K mart and Jupiter stores. He assumed his present duties in January of 1968.

Boyd is regarded as one of the pioneers in the development of the expanding K mart Department Store expansion program. He was the first general manager of the original K mart which opened in March of 1962. Prior to K mart management, Boyd managed Kresge variety stores in Racine, Wisc.; Centralia, Ill.; Joplin, Mo. and served as a district manager in the central region.

Simon Speaker At Maine Demo Meet Tomorrow

State Senator Paul Simon of Troy, Democratic candidate for Lt. Governor of Illinois, will be the featured speaker at the Maine Township Regular Democratic organization pre-election meeting Friday, Oct. 4 at 1535 Oakton st., Des Plaines, at 8 p.m.

Simon is in his second term in the Senate after four terms in the house. Six times he has received the Independent Voters of Illinois "Best Legislator" award and recently received their endorsement for Lt. Governor of the State of Illinois.

Simon first achieved recognition as a newspaper publisher, fighting organized crime in his county. During this time he appeared as a witness before the Kefauver Committee and was the subject of a feature story in Newsweek magazine.

He bought the paper in Troy when he was 19. At that time he was probably the youngest publisher in the country. He expanded his newspaper interests eventually publishing 14 newspapers. In 1965 and early 1966 he sold his newspaper interests in order to devote more time to writing and his legislative responsibilities. He is married to the former Jeanne Hurley who served in the Ill. House of Representatives where the two met and became the first husband and wife team in Illinois legislative history. They have two children, and have co-authored a recent book, "Protestant – Catholic Marriages Can Succeed."

LWV Theme
"Service To Voters"

Service to the Voters is the theme of the League of Women Voters of Morton Grove this Fall. The League offers non-partisan information to local residents who want to know as much as possible about the candidates and the issues before they vote on Nov. 5.

The Voters Guide, containing candidates' responses to questions on current issues and brief biographical information, will be distributed to every home in the village. The League has also reissued its Facts for Voters pamphlet, which includes information on voter eligibility, registration, polling places, as well as addresses of elected officials and local political parties.

Other Voters Service activities include a Votemobile which distributes publications in shopping centers before the Primary and General Elections. The Speaker's Bureau, which presents programs for local organizations, has received many requests from church and citizens groups. The League is also providing non-partisan voter information for Employee Bulletin Boards for several industries in the village.

The purpose of the League of Women Voters is to promote political responsibility through informed and active participation of citizens in government. The League is a non-partisan organization which never supports candidates. The League urges its members to participate as individuals in to work of the political parties of their choice. However, the members of the Board of Directors do non engage in political party activity during their terms of office. The work of the League is performed without pay by its members who believe that self-government is not only worth talking about, but worth doing something about.

Central Telephone Unveils Crossbar System

Central Telephone Company of Illinois unveiled its new Des Plaines Crossbar dial switching last weekend with the cutover to the system at 2:30 a.m. Sunday, Sept. 29. At that time all customers served from the Des Plaines dial exchange building with exchange prefixes 824, 297 and 298 were changed to the new Crossbar dial switching equipment.

In October of 1966 Central Telephone Company of Illinois announced a program of service changes which according to estimates at the time could not be started until 1970 at the earliest.

Ground was originally broken for the new dial exchange building in April of 1967 and the actual equipment installation was begun by Western Electric Company equipment installers during December of 1967. For an installation of this size the elapsed time of just 17 months from the start of construction to the cutover is near record-breaking.

The cutover time of 2:30 a.m. Sunday, Sept. 29 was selected after special studies indicated that this was the time during the week that telephones were used the least. Approximately 12,000 customers were changed with at least some customers being changed in Des Plaines, Rosemont and Niles. During the change customers in the affected exchanges experienced a slight interruption in service, but months of planning and actual rehearsals prior to the change kept the change to a short period of time.

On the night of the actual cutover about 107 persons were involved in the precision conversion process that rivals a space launching in its controlled timing. Only seven minutes were involved in the total change. An average of more than 122 hours was spent in the classroom by each of the 139 Central Telephone employees who will ultimately be involved in working with the new equipment.

The new equipment is housed in a new three-story addition immediately adjacent to the company's original building at 767 Pearon st., Des Plaines.

The Sunday a.m. change was the second major one for Central Telephone Company of Illinois customers in a week's time. Just recently a special change was made which reduced the number of dialing digits required for Direct Distance Dialed calls.

Jeff Pilarski, 8622 Ozanam, Niles, in new Notre Dame Marching Dons uniform.

"New Look" For Dons

The Marching Dons of Notre Dame High school in Niles have been recognized as one of the best and most imaginative marching bands in this area.

This year the 95-piece band under the direction of Rev. George Wiskirchen, C.A.C. is continuing their tradition of entertaining half-time band shows with a new look. The Spanish flavored uniforms of the past based on the school nickname of the "Dons" have been replaced with a fashionable and unique mod look.

The look is conservative yet distinctive and about as non-uniformish as possible. "We wanted to get something different from the usual band uniform appearance that would make the band readily identifiable. Military styles and flashy overlays have become too common," the director remarked. The new uniforms consist of a double-breasted gold blazer with monogram crest, black pants, white turtleneck shirts and black sport hat with a white-flecked brush.

The Marching Dons appear at all Notre Dame home football games. Recently they provided the ceremonial music for a Viet Nam medal presentation to some returning heroes at the Fort Dearborn Army Reserve Center at O'Hare airport.

Jefferson PTA Children's Carnival On Oct. 12

Refreshments and lunch will be served under the direction of Mrs. Bea Haras, 8137 Farnsworth and Mrs. Alice Joseph, 8133 Field dr., co-social chairman of the PTA.

Mrs. Marilyn Cohn, 7917 Octavia and Mrs. Barbara Toomey, 8528 Normal have handled the selection of prizes. Mrs. Lorraine Wagner, 8141 Field dr., is in charge of the publicity. The entire childrens carnival is under the direction of Mr. and Mrs. Stan Toomey, 8528 Normal.

Also at the carnival, tickets will be sold for "Spaghetti Night" on Nov. 16. Tickets are $1.50 for adults and 50 cents for children under 12.

Fr. Filas PWP Speaker Tomorrow

Parents Without Partners, Inc., Northwest Suburban Chapter #168 will present the noted Rev. Francis L. Filas, S.J., Professor of Theology, at its next meeting on Oct. 4, 1968. His topic will be "The Battle Of The Sexes: Can It Be Avoided?" This is a witty comparison of masculine and feminine characteristics in the interest of family harmony. Father Filas is a professor of theology at Loyola university; he writes books and articles, speaks on television, radio, before meetings and has made five long playing record albums.

Born in Cicero, Illinois in 1915, Father Filas joined the Society of Jesus at the age of 17 and was ordained in 1945 after the customary 13 years of Jesuit training. Since 1950 he has been stationed at Loyola university. The slender, dark haired priest is well known to television viewers for his annual Good Friday "Shroud of Turin" which has been presented regularly for 17 years.

The meeting will start at 8:15 p.m. and the doors will be closed at 9 p.m. in respect to our speaker. Cake and coffee will be served by Clarice Heimbold and Ethel Felch and a social hour will follow the meeting.

Frosh Representative

Arlene M. Adams, a freshman at Illinois Institute of Technology, has been elected freshman representative to the Illinois Tech Women's Association (ITWA).

Miss Adams is the daughter of Mr. and Mrs. Stephen H. Adams, 7510 W. Lawler ave., Niles.

Safety Council News

"We, as drivers, should consider every child a caution sign now that school is open for another year," George Leddy, Niles Safety Council Chairman warned today. He pointed out that 207 children 14 years old and under died in traffic accidents in Illinois last year. More than half these child victims were pedestrians (106) and 22 of them were struck while riding bicycles.

Crossing in midblock and walking or playing in the roadway was the most dangerous action by these child pedestrians. In fact, two thirds of all pedestrians killed or injured in midblock were under 15 years of age.

Chairman Leddy cautioned motorists to obey school speed limits, keep their cars under control, and be ready to stop should a child dash in front of them from a playground or from behind a parked car. When passing a school or driving through any school crossing, drivers should expect the unexpected from children.

"Constant alertness by drivers, combined with defensive driving tactics, will prevent child tragedies on our streets and highways," Chairman Leddy emphasized. Where children are concerned there is no substitute for staying alert behind the wheel. To drive defensively a motorist should do three things: First, he should see the hazard; second, he should understand how it could affect him; and third, he should take corrective action in time to avoid an accident.

Chairman Leddy emphasized that alert drivers driving defensively will nto need the alibi that they did not see the child in time to stop. "Remember," he said, "Cars can't think, Children don't think, Drivers must think and ACT to prevent child traffic tragedies."

Court Of Honor

Niles Community church (United Presbyterian) was the scene of a recent Court of Honor for Boy Scout Troop 62.

The following advancements in rank were awarded: Tenderfoot, Scott Chastain; second class, Frank Buck, Thomas Leonard, John Keker and Larry Bodzewski; first class, William Wichlac; and Life scout - Richard Walsh. A number of Scouts were awarded Merit badges which they earned at summer camp: Greg Anderson, Edward Burns, Michael Burns, Robert Gauthier, Steven Johanson, David Koster, Kenneth Krejsa, Richard Strauss, Richard Walsh, Donald Winter and William Wichlac.

Adult leaders were thanked for their participation in the Scouting activities and a brief TV film of the last Scout-o-Rama was shown.

"My Aching Back"

"My Aching Back" is the topic for a public program at Lutheran General hospital, Park Ridge. The program will be on Oct. 8 at 8 p.m. in the hospital's auditorium and is open to the public without charge. Presenting the program will be Dr. Ronald Masters, a member of the hospital's orthopedic department.

His presentation will cover some of the causes of back pain and commonly used treatment. Discussion will follow the presentation.

Dr. Master received his undergraduate and medical education at Northwestern university. His residency work was taken in the Northwestern program. He is a board certified specialist in orthopedic surgery.

"This promises to be an excellent and informative program. We hope many people will take this opportunity to learn about the subject of back pain," said E. Melvin Ellingsen, president of the Men's association of Lutheran General hospital.

The program is another in the series of public health programs presented by the Men's association as a service to residents of the community. Refreshments will be served following the program.

Teacher Urges 207 "Keep Tradition"

The plans of Township High School Dist. 207 board of education to built an administration wing on to the existing Maine Township High school East building were both attacked and defended Monday night at a meeting of the board.

Following on the heels of his full-page ad in last Thursday's BUGLE, Social Science teacher Robert Carlson, along with about 100 other interested spectators, attended the Monday night meeting to hear board member Wuehrman of Park Ridge present phase two of the district's building program. It is this phase which contains plans for the construction of an administration wing, 18,000 square feet of space on 2 levels, which Carlson claims would destroy the "traditional face" of the high school building since it would be built where the plaza and formal gardens are now located.

The administration wing would extend to the west side of the campus, to about 70 feet from Potter rd. and would be a low silhouette building. Money to build this wing is already in the bank, according to officials, part of it coming from the $15 million referendum approved last year. With this money already in the bank, board member Roy Makela told the audience Monday night that "it make sense to add on the wing to the existing building. Utilities can also be used, thus saving taxpayers more money. Rental or buying are out of the question for this would require a referendum, besides the excessive cost."

Carlson pleaded with the board to "save the beauty of Maine East because of its tradition and heritage." He also told the board the school is losing its traditionbecause "the annual trip to Washington is no longer held, class sponsors should be elected not selected, class parties should be organized by student committees, senior breakfast has been eliminated, alma mater song is never sung anymore, why not hold an assembly program every 3 weeks, no more senior class variety show, why not a real senior-faculty tea at graduation time?, the loss of the Pioneer graduation-time feature, loss of big sister-little sister day, no graduation ceremonies out of doors, student monitor system at assemblies and, last but not least, why have the cherry pie desserts in the Spring of the year been discontinued ?

Carlson then rested his case.

Superintendent of Schools, Dr. Richard Short, told the meeting it was too early to make an appraisal or future plans for another referendum since the defeat last Saturday of the proposed #207 tax levy boost. The board then voted to let preliminary bids on Maine North construction and approved the sale of $4 million in bonds in a continuance of the building program.

Education OLR Club Meet Topic

Can parochial elementary schools successfully departmentalize their classes? What happens to the individual students when they do so? Do they get lost in the shuffle from class to class? Do they like the idea of having a variety of teachers just like older children do in high school?

These and other questions of interest to mothers will be answered on Tuesday night, Oct. 8 at a meeting of Our Lady of Ransom Catholic Women's club in Paluch Hall, 8300 N. Greenwood ave., Niles, at 8 p.m. The meeting will be preceded by benediction in the church at 7:45 p.m.

The speaker, who will describe some of the latest methods of education in parochial elementary schools — in particular the manner in which Our Lady of Ransom school was departmentalized — will be Sister M. Lucinia, C.S.S.F., principal. She will also introduce members of the school faculty.

The occasion will also mark a pantry shower for the benefit of the Felician Sisters who make up much of the professional staff of Our Lady of Ransom elementary school. A refreshment time will afford members an opportunity to meet the faculty and talk individually with teachers.

GOP Ladies

The Niles Township Regular Republican Women's organization will hold its monthly meeting at the Oakton Park fieldhouse, Skokie, on Oct. 14 at noon. Come join us as there will be an opportunity to meet the candidates and luncheon will be served.

auto motivation

By Tom True

Last Thursday morning this column brought you the news on the price reduction by Chrysler.....That's four hours before it was announced to the public.....It's fun to get a coop, no matter how small!!!

• • • •

Here's another "Scoop"....Ron Sullivan at Golf-View Dodge is having a real "Shin-dig" at his dealership on Waukegan Road on Oct., 12-13th.....Open to the General Public, this "party" is to celebrate the formal opening of this all new, modern Dodge operation.....Although the place is open for service and sales, there has never been the formality of an official Grand Opening Celebration.....While we're on the subject, the Dodge line for '69 is really beautiful and Ron has the most complete slection of models I've seen anywhere.....He has them serviced and ready to drive right out by the time the ink is dry on the contract.....You will also notice a Free "get acquainted" oil change offer from Golf-View in this edition of the BUGLE (Page 9).....Ron invites you to come on in and see his fine place and get a FREE OIL CHANGE while you look around.

• • • •

Jim Gustafson, Gen. Mgr. and Harry Reinhart, sales manager at Busse-Bredemann Buick in Park Ridge tells me that his has been the biggest and best public acceptance and response to a new car announcement they have ever had.....They are moving our all their remaining '68s at unheard of reductions to make room for the many '69s coming in on orders. All the personnel at Buick in Park Ridge extends this thanks to the General Public for its response to their Products.....

• • • •

Here's a few personal Tid-Bits picked up in the "rounds".....Pat Searles, used car manager at Des Plaines Motors, has returned from a visit with his son who is a Radioman with the Navy in California.....Bob Tambourine is back on his feet after a few days illness (I think it was complete fatigue).....Vic Mazzola's Sales Team at Norwood Ford has to be voted "Best Dressed of the Year".....Be sure to see the Photo elsewhere in today's BUGLE.....Tom Linkins ran 6th at Meadowdale Sunday in his Fiat Spider.....His team-mates didn't compete.....Ev Lee still "dares" anyone to test drive any American Motors Product and not be "sold" on it.....The Gene Patrick Rambler dealer awaits anyone, anytime to accept his challenge to a test drive.....Trade-ins are beginning to come in on the '69s and you'll notice a few excellent buys in the Gold Tag section today.....also in the separate ads in our auto section.....

• • • •

Remember, you can buy a car, new or used, from a BUGLE advertiser.....It is policy that we accept NO advertising except from authorized new car dealers.....If I can help any BUGLE readers, anytime, with an automotive problem, feel free to call or write me, Tom True, c/o THE BUGLE. I'll be glad to be of service.....in the meantime, buy with confidence, buy from a BUGLE advertiser.....See you next week.

The folks at Jennings Chevrolet on Waukegan rd., Glenview, are grateful to the many, many people in the area who helped make the showing of the 1969s so successful.

Jim Hinkey and John Singel, veteran salesmen on the Jennings' staff, agreed this was quite possibly the most enthusiastically-attended showing they had ever experienced. Niles Youth Congress Has Award Dinner

The Niles Youth Congress in conjunction with the Niles Park District sponsored an award dinner for the Girls Softball League of Niles on Sunday, Sept. 22 ar the Niles Park Recreation Center.

About 105 girls participated in the summer softball program. The success of the program can be attributed to the tremendous work of the Youth Congress Girls Athletic Committee. On the committee were Nancy Galinski, Sue Borkowski, Diane Dawiac, Carol Hlava, Mary Ann Marzack and Mrs. Bast (coordinator). These girls worked hard to recruit players, managers and sponsors. The girls who were all high school age or older proved that women can play softball as well as men. All teas played hard and displayed outstanding team spirit and good sportsmanship.

At the award dinner trophies were presented to the first, second and third place teams. The third place team was sponsored by Harlem-Touhy Shell and had Elmer Kasiba as manager and Carol Hlava as captain. Mayor Blase sponsored the second place team with Frank Barbalace as manager and Mary Anne Marzack as captain.

The first place team deserves special mention. They were sponsored by the Bank of Niles managed by Pat O'Donnell and Greg Zarnick and coached by Bill Darling and Ron Meyer. The girls who displayed such tremendous softball skills were Nancy Creagh, Jan Darling, Stephanie Dawiec, Mary Beth Debs, Donna Grendys, Kathy Hall, Ginger Jenkot, Stephanie Jerger, Diane Kays, Monica Mathews, Ursala Prechowski, Ruth Moran, Jan Zarnick and Pat Zdowski.

Notre Dame Scatters Benet Cardinals 26-0

By Steve Siles

Notre Dame, in its fourth home game, scattered the Benet Cardinals last Friday night in a 26-0 shutout.

The first quarter crawled by slowly until Gary Potempa sparked the N.D. offense by bulling his way through the Cardinal line for a 6-pointer, followed by John Sheehan's boot for the P.A.T., giving the Dons a 7-0 edge over the Cardinals.

In the second quarter, Notre Dame added seven more to the score with junior Rick Tosch's one-yard plunge. At the end of the half the score stood 14-0 in N.D.'s favor.

Again, in the third quarter, Tosch showed his running skill when he returned a punt for 58 yards to T.D. territory, making the score 20-0.

Mark Rau tallied the final touchdown for the Dons later in the third quarter, when he hit paydirt on a 5-yard run. Both teams struggled in a scoreless fourth quarter, leaving the final score 26-0.

Betty Reed's "Letter to the Editor" last week in which she reported harassment by those who disapprove of her support of open housing both saddens and quickens the pulse.

The next meeting of the Dist. 64 P.T.C. will be held at the Oakton school on Tuesday, Oct. 15 at 8 p.m.
