By David Besser  
Editor & Publisher

In the past week we've spoken to residents in both Niles and Morton Grove who want some definitive information about the upcoming village elections. Instead of reading the news releases written by the candidates themselves they're looking for information which will allow them to stick their pole in the political arena and place their flag atop it. More simply, they're asking us who are the good guys.

Nominating committee of the East Maine Township General Caucus will begin interviewing prospective school board candidates Monday, Feb. 10. All persons wishing to be considered for vacancies on the school board of elementary Dist. 63 or township high school Dist. 207 have been urged to submit their names to this committee at once.

Chairman of the nominating committee is Morton I. Wax, 58 James ct., Glenview (729-3837). Other members are Michael R. Conway, Des Plaines; Rev. David L. Graham, Des Plaines; Mrs. Dave Hendrix, Des Plaines; Stephen Hoffman, Morton Grove; Leonard Silverstein, Des Plaines.

Also, in accordance with the Election code, registration of voters will re-open again as follows: Saturday, March 1, 8:30 a.m. till noon; Monday, March 3, 8:30 a.m. till 9 p.m. Register at Niles Village Hall, 7166 Milwaukee ave., Niles.

The nominating committee will obtain resumes from all aspirants, conduct interviews and present the names of all qualified persons to the entire Caucus membership at its next meeting Feb. 20.

This year the East Maine Caucus will endorse candidates for two Dist. 63 vacancies and two Dist. 207 vacancies. One of the Dist. 207 vacancies is for a one-year term to fill the unexpired second term of John W. Wilkins, who has resigned effective April. The other three vacancies are for full three-year terms.

All candidates who wish to be placed on the ballot of Village of Niles election on April 15, 1969 must file by 5 p.m. Feb. 10.

### Launch Person To Person Junior College Campaign

A "Person-to-Person" informational and discussion program has been launched in Maine township by the Maine-Niles Community college committee.

Griff MacDonald, co-chairman of the committee, announced this week four prominent women will organize the program and direct special activities in Des Plaines, Park Ridge and the East Maine area.

Mrs. Patricia L. Dahl, Des Plaines, has been named general chairman for Maine township. She is former president of the Northwest Suburban branch of the American Association of University Women, which launched the original study into the junior college program two years ago this February. Mrs. Rosemary Reinke was named chairman for Des Plaines.

Mrs. Leona Childs, 1636 N. Western, Park Ridge, was named chairman for activities in the Park Ridge area. Mrs. Pauline Lord, 10009 Meadow Ln., Des Plaines, was named chairman for the East Maine area.

MacDonald said the purpose of the "Person-to-Person" program is to hold as many meetings as possible throughout Maine township before March 15, tentative date of the junior college referendum. Each area chairman will try to contact hostesses willing to hold a meeting in their homes to discuss the junior college problem with friends and neighbors. Each hostess will be supplied complete information on the reasons why our present method of paying junior college costs out of high school educational funds is unsatisfactory and on the advantages of forming a separate junior college district in conjunction with Niles township, MacDonald said.

Anyone interested in making his or her home available for a meeting to discuss the junior college proposal is asked to contact the appropriate area chairman. Those in the Des Plaines area can reach Mrs. Reinke at 824-0778. In the Park Ridge area, Mrs. Childs can be reached at 825-3805. For meetings in the East Maine area, call Mrs. Lord at 827-6224.

Meetings elsewhere in Maine township can be arranged by contacting Mrs. Dahl at 824-4245.

## ...CHOLESTEROL...

Cholesterol is a term feared by the layman and highly controversial in medical circles. Cholesterol is a yellowish-white fatty chemical substance found in abundance in foods such as cheese, butter, eggs, milk and meat. When the body fails to metabolize cholesterol properly, pieces of the undigested substance may adhere to the artery walls and narrow them, thus inviting eventual clots. On the other hand, however, the body needs cholesterol to build cells and produce hormones. Looking at both sides of this biological coin we can readily understand why the fats - cholesterol - arteriosclerosis controversy.

# LETTERS to EDITOR

## Important Detail

Dear Sir:

Mrs. John DeFriend in her letter of Jan. 23, 1969 to the Bugle carefully details that the North Suburban TACT Committee has sponsored xx number of speakers; shown xx number of films, etc., etc., etc.

Why did she omit the important detail that TACT is owned and operated by the John Birch

Society? We all know why the Communists use front groups to hide their activities. The public should be told why the John Birch Society also feels it necessary to conduct its programs behind front groups like TACT.

Very truly yours,  
Norma Morrison

## Caring, Sharing

Membership in the Morton Grove Junior Women's club has been beneficial not only to the members but also families. The children have learned the art of caring and sharing with those less fortunate as well as having the privilege of knowing children of another culture. Mrs. Paul Zwik and son, Keith have made frequent trips to the American Indian Center in Chicago as well as having children from the Center as guests in their home for special occasions such as the Morton Grove Days parade.

In the past several years the children of club members have shared experiences with the Indian children on outings to the Glenview Naval Air Station, Hawthorne Melody Farm and a back-to-school splash party and picnic. The most recent of these was a Christmas party at which the children enjoyed games, re-

freshments and prizes. The children help their mothers collect coloring books and other art and craft supplies and pack boxes with used clothing and canned goods for delivery to the center.

Cub scout groups under the leadership of Mrs. Raymond LeJeune and Mrs. Leonard Tornabene have provided candy and other items for holiday parties. The Morton Grove Junior Women's club is one of eight clubs in the 10th District Illinois Federation of Women's clubs who have donated time and money to aid the Center in their self-help programs of recreation and education.

Shown above packing a box to be sent to the American Indian Center is Mrs. James Pink, Jr. with daughter Karen and son, Jim.

## What's a year's worth of electric heat cost?

**Hint: Think small.**

The fact is, electric heat costs have come down so much in the last ten years, that sometimes it surprises even us. Of course, we've done our best to help, by lowering electric rates dramatically during that period.

Actually, you pay about \$200 a year for electric heat in a typical six-room house with proper insulation—the kind most people buy.

It all boils down to the fact that you don't have to make a lot of money to have electric heat in your home.

So don't be surprised if someday we say "Think tiny." Commonwealth Edison Company

# Student Council Holds Meeting "Cinderella" On Dress Code Controversy

An effort to provide a democratic process for students to express themselves concerning the current controversy among Maine East High school students over liberalization of the dress code was made Tuesday afternoon in the school cafeteria as the Student Council held an open meeting for the student body.

According to Maine East Principal Clouser, the students had an opportunity to express their views, which they did in varying degrees; from complete

A report on the forthcoming Pack Five Blue and Gold Banquet was given by Committee Chairman Tom Larrimore. The Banquet will be held on Sunday, Feb. 16, at the Mark Twain all purpose room. The committee, consisting of Mr. and Mrs. Tom Larrimore, Mr. and Mrs. Joe Desharnais, and Mr. and Mrs. Shep Gordin, have done a fine job of planning and we are all looking forward to a great time.

Our best wishes also go out to Cub Scout Jeff Handelman who was recently confined to Lutheran General hospital.

Now . . . Off to the races!!! The Space races, that is!!! The great amount of time and effort spent was apparent, not only on the parts of the boys with their rockets, but also on the part of the committee for their planning and the orderly manner in which the races were run; and especially on the part of Mr. Chuck Farrand, who did a magnificent job of building the "Rocket Raceway." After several well-run "Heats," and the final event, the "winners circle" was occupied by Wally Land and his two runners-up, Matthew Mervis and Charles O'Shea. The streamlined design, detailed finishing and lightning speed of each rocket was evidence of the time and effort put forth by the boys and their families and was rewarded by a plaque for each participating scout.

license as to dress and grooming to keeping the dress code as it now stands."

One Maine East student who attended the meeting told THE BUGLE it was a discussion only; nothing was settled. "There were students talking about civil rights—one stating a student under 21 didn't really have any. Most of the people called upon to speak were members of the council—it didn't seem like too much of an open forum."

With about 300 students in attendance at the meeting there seems to be widespread interest in the controversy, although no way has been found, as yet, to affect a compromise. Interested parents were scheduled to hold another meeting of their own last night (Wednesday).

## "Multiples"

units) and 25% hi density units (20 to 60 units).

A colored map suggested the controversial multiple units should be planned for areas roughly east of Waukegan Road and north of the Lawrencewood Shopping Center and in the area surrounding the Golf Mill Shopping Center, roughly north of Dempster and west of Milwaukee ave.

Public officials from Niles village, zoning and park board indicated by their questions they would have to be "sold" on the multiple unit idea before considering such zoning. While the plan was very general and lacked answers as to the economy or feasibility of such a plan, the meeting, in the words of one zoning board member, was the best yet held, since it gave the opportunity for open expression by all present.

While the meetings are likely to continue until June before any definitive plan is formulated for Niles' future the wide-open discussion afforded all groups to contribute to Niles overall planning.

A two-week production of "Cinderella" opens at Mill Run Playhouse Feb. 11. The Children's Theatre play will be presented every evening at 7 p.m. with matinee performances at 3 p.m. on Saturday and Sunday. "Cinderella" runs through Feb. 23. There is no performance on Monday.

Special discount coupons for tickets will appear on the back page of Steinberg-Baum advertising inserts in Chicago Sunday newspapers on Feb. 9 and Feb. 16. By having these coupons stamped at the customer service counters of any Steinberg-Baum store, theatre goers may purchase tickets for 99¢. The regular box office price of the tickets is \$1.50. Tickets are on sale at the Mill Run Playhouse box office in the Golf Mill Shopping center, Niles.

## Tell Them

People, Taxes and Youth will be the theme of Trustee candidates of Niles Era of Progress Party. Pictured l. to r. are: Ralph Bast, Peter Pesole and Richard Gruenwald.

# Meet The Candidates

(political news release)

"With the age of specialization upon us, PEOPLE, TAXES, and YOUTH are three areas in which general principles can no longer apply, but which requires more specific techniques on the part of today's local officials."

The Niles Era of Progress party introduces candidates Richard Gruenwald, Ralph Bast, and Peter Pesole, whose diverse qualities bring to the office of village Trustee individuality with continuity. Ralph Bast, "Mr. B," as he is affectionately known to the youth of Niles possesses a rare quality of empathy that has successfully been conveyed in his dual role as Niles Youth Commissioner and adult advisor to the Niles Youth Congress. In 1968 he was cited "Man of the Year" by the Illinois Youth Commission for his outstanding contributions to youth.

Mayor Nick Blase contended no plan could fail to consider surrounding communities and areas and believed the need for planning with its neighbors must be considered.

A member of the Northeast Metropolitan Planning Commission said their group has made township projections, studies of land use, as well as attendant studies concerning jobs and mass transit, all which must be considered in future plans.

The future, with its need for fast trains and buses and future freeways (Golf Road as a future freeway consideration) were also mentioned.

## #2 To Be Built

The Golf Mill Theatre, Golf Mill Shopping Plaza, Niles, is going to expand into two, twin Golf Mill 1 and 2 theatres. Bene Stein, general manager, announced that construction will start April 1. The new theatre will be built alongside the present building, both using a new expanded lobby and concession counter. Theatre will be ready for business by Thanksgiving Day. Golf Mill #1 seats 1500.

A former mayor at 15, Richard Gruenwald acquired an early involvement and education in government and politics. He was among 500 boys chosen by the American Legion to participate in Boys State, held in Springfield, Ill., at which time he was elected Mayor of his city, and sheriff of his county. Dick, president of the Niles Regular Republican Organization, past President and PTC Council member of Jefferson school, is vitally interested in the tax burdens we face, particularly in the area of education. A management executive for the State Farm Insurance Co., Dick commented, "I see our nation

and everyone moving forward and we must do likewise; Party politics is not the issue at hand, what is important is that we are interested in the local government that directly affects our everyday living. I look towards establishing a commission consisting of school board members and village officials who will make recommendations and evaluate ways and means of obtaining more dollars for schools through state and federal agencies without adding additional tax burdens to Niles residents." As a member of the Niles Police Pension Board, a position he has held for the past five years; Richard Gruenwald stated, "The Pension Board requires the active participation of a trustee." Dick is more than qualified to discuss and contribute his knowledge to this vital area of interest.

People are the backbone of any community and his first love are people. This quality makes Peter Pesole an unusual candidate, a labor negotiator for the International Brotherhood of Electrical Workers Local 713, his background and experience offer the Trusteeship the unique quality that has been lacking.

Pesole, a deep and thoughtful person believes, "People should know their local officials well, and trustees should create a closer tie and stronger relationship with the Homeowners organizations in Niles. Since Homeowners groups have always been actively interested in Village affairs, a liaison should keep them informed of village activities. In addition, other agencies such as the library, park and school boards should have the same liaison available to them so that we may help each other for the benefit and future of Niles." Pete constantly stresses, "We should be proud of where we live and become involved in our community."

## Nilehi Board News

Student discipline and the time it requires of professional staff members in the schools was the subject of the educational report last week at the meeting of the board of education of the Niles Township High Schools. Prepared by Assistant Superintendent Merton Haynes and a committee of administrators, the report started with statements of philosophy and concluded with possible alternate solutions to improving the behavior of discipline-problem students. Dr. Haynes was assisted by Al Rambis of the Niles West audiovisual department in the presentation.

Approved by the school board were the creation of the position of an administrative assistant in the central office, the calendar for the school year 1969-70 and for summer school 1969, and the addition of teaching positions for the next school year. Responsibilities of the administrative assistant position, which is to be filled as soon as possible, will include working with applications, reports, and evaluations of federal and state projects, and coordinating the district's efforts in programs like work-experience. The person will be responsible to the office of the assistant superintendent for instruction. Staff needs for next year include the addition of 11 persons to the faculties at each of the three high schools.

In other matters, the board of education approved advertising for bids on videotape recorders; asked that the subject of junior college reimbursement for residents be discussed at its next meeting; approved the appointments of Dolores Crane as an English teacher and Yvonne Markos as a counselor at Niles East, Carol Leonhard as home economics teacher at Niles West, and Marilyn Levin, Mary Ann McElfresh, Florianne Rzeszewski and Wilbur Schaulis as teachers of English, home economics, social studies, and industrial arts, respectively, at Niles North; approved the appointments of Hilda Kramer as a cafeteria worker at Niles North and Barbara Klein as a supervisor on special assignment at the central office; and changed its Jan. 30 meeting to Feb. 10 at about 6:45 p.m. in the board room at Niles West.

### Learn To Dance

A new class in learning the fundamentals of Modern Square Dancing will begin on Friday, Feb. 7. The classes are held at the Grennan Heights field-house, 8255 N. Oketo in Niles, from 8 to 10 p.m.

This popular form of adult recreation is sponsored by the Niles Park District with the help of the Niles Little Square dance club.

For information call: 967-6633 or 967-7270.

### Caucus

continued from page 1

The two high school board candidates to be chosen Feb. 20 and elected April 12 will give the East Maine area three-member representation on the seven-member high school board for the first time. The East Maine, Park Ridge and Des Plaines caucuses work together to insure fair representation on this board.

### "Man Of The Year"

Edward Miller is shown receiving the number One vehicle sticker for the year 1969 from Morton Grove Village President Pro-Tem, Leroy Guntner. Miller, who resides at 6702 Church st., received the "Man of the Year" award for his many years of outstanding service as chairman of the Morton Grove Youth Commission. He is now vice-chairman of the Niles Township Youth Commission.

### VIP Slate

John DiPrima, chairman of the V.I.P. screening committee, announced this week the selection of its candidates for the April 15 election in the Village of Morton Grove. Reading from l. to r. are Kenneth Pieper, 8909 Major ave., Trustee; Mary Rakocinski, 8909 Oleander, Village Clerk; Richard Hóhs, 7100 Enfield ave., President; John Roddy, 9446 Oriole ave., Trustee. Missing from the group picture: Morris Haas, 8925 Birch st., Trustee.

### File Petitions

Clyde "Bud" White was the first to file his petitions for Morton Grove Park Commissioner with Elsie H. Page, Secretary of the Park Board. White, an incumbent, will seek reelection in the forthcoming election April 15. White has been a Morton Grove park commissioner for the past six years and is currently president of the board.

Ray McNeela, 8924 N. Oriole, is shown filing his petitions for the office of Morton Grove Park Commissioner as they are accepted by Elsie Page, secretary of the Park District. McNeela says he has attended many Park Board meetings in the past year and a half and he looks forward to taking part in the activities affecting the recreation needs of young, as well as senior citizens.

those present he will be in attendance at a meeting where a presentation of the New Zoning Plan in Illinois will be discussed.

Ed Willander said he attended the North Suburban Transportation Council meeting in Skokie and the contract under discussion was unanimously approved. Willander also said he visited Trustee Ed Brice, home recovering from a heart attack and he found Mr. Brice doing very well. However, since Brice will be confined to his home for another five weeks his many friends have been urged to pay him a visit to help pass the time.

Trustee Neil Cashman reviewed the schedule for village board meetings in 1969. There will be a meeting every Tuesday except on April 15. In June, July and August the meeting will be held every other Tuesday. Next week, however, there will be no meeting on Feb. 11 due to the program being presented by the American Legion at the Legion Hall on Dempster about the "Growing Use of Narcotics" by school children in the area.

A letter of thanks was read by Leroy Gunter (which was sent to the Fire Dept.) from a resident whose three trash cans caught fire while her husband was out of town. Glauner and Sgt. Raymond C. Wohlers. Narcotics: Patrolman George H. Inledon Jr., Patrolman Daniel G. McCarthy, Detective Jan V. Pautis and Patrolman Gerald R. Rossier. Supervision: Sgt. Victor L. all these people and thus there is no point of contention between them.

We've often mentioned Skokie as a "conflict-of-interest" ordinance which clearly restricts public officials in their business dealings within the village and with village employees. When Niles defeated a similar ordinance the two met most opposed to the ordinance were Blase and Marcheschi, both of whom have been in violation of such actions in the past. To raise this issue against one candidate is to raise it against them both.

While it would be in the best interests of the community if we had an issue-debated campaign the close alliance between Marcheschi and Blase in the past, whose public opinions (and votes) were almost identical, bars any hope for such debates.

It will be for the trustee candidates to bring forth the issues. Blase's opponents can rightfully say Blase has usurped the spirit of public meetings by his dominating the brief meetings. But they are indicting the trustees on the Board whose glaring weakness is allowing Blase to dominate. Blase's blustery ways have been created by trustees who back away from Blase, when he raises his voice. And his antiseptically-run meetings, which are stripped of much-needed public debate, has been treated by an impatient leader, who has grabbed the reins of government and run away with it. Had the trustees in the past, which includes Marcheschi, Peck and Bavaro, all 1969 candidates, not acquiesced, Blase would never have been allowed to "run over" them. It is safe to say his "strength" is largely due to the trustees' weaknesses.
