One more step forward in an attempt to follow a "path of constructive effort" was taken last week when interested parents of Maine East High school students who have been questioning the dress code as well as the total atmosphere at the high school met and agreed to request a meeting with Dr. Richard Short, superintendent of

Dist. 207 schools and / or John Clouser, principal of Maine East.

With a faculty member attending this meeting, the 20 or so parents discussed their philosophy of education, the breaking down somewhat of the rule rigidity at the high school, and discussed grievances of individual children.

The parents also agreed they would like to see more open communication between the school administration and the families of students.

The student council at Maine East held an assembly after school hours recently to give students an opportunity to hear both sides of the question, Mrs. June Melchert, mother of 17-

year-old Debbie, a senior at the school and one of the spokesmen for the young people seeking a relaxation of dress code and other rules, has told The Bugle "the youngsters are not too happy with the way some things have been run at the high school. They hope to be able to set their own limitations on a dress code and have a more relaxed atmosphere at the school."

An administration representative had told The BUGLE "we are interested in seeing that girls remain dressing and looking like girls and that boys dress like boys so they can retain their own image."

In general, the parents plan to see how a larger number of parents feel about this entire question and then seek ways in which a quiet, unemotional understanding may be reached.

## From The Left Hand Village Bd. Against Sentinel Base Site

By David Besser  
Editor & Publisher

At a meeting at Adlai Stevenson school last Wednesday, proponents for a Maine-Niles Community college explained the need to interested residents.

The idea of a junior college in our area for our two townships seems most noteworthy and deserves the serious consideration of all residents. Presently, every resident in our area can go to a junior college in our state, since the junior colleges were placed under state jurisdiction in 1965. Since we don't have a junior college district here your high school district foots the major burden of the tuition paid at the schools you attend. All residents, including those with college degrees, are entitled to two more years of public school at the junior colleges in the state. And the major tuition cost (approximately \$15 per class hour) is paid from the educational fund of the high school.

## Hear Rogala Day Report

While there was some doubt and a few misgivings on the part of some Niles Village Board of Trustees members at their Tuesday night meeting, they did pass a resolution placing the Village of Niles as being opposed to the location of a Sentinel Missile base in Libertyville.

Tr. Bob Wente voted against the resolution and Mayor Blase told board members "we have as much information about this missile base as it seems we shall have for some time to come." He then pointed out what a "miserable job" of public relations the army does in trying to sell something like this to the public; Tr. Ed Berkowsky remarked "it would be a shame if, in the long run, it was proved the army was right about these missile bases" and the resolution against the Libertyville base was passed.

asked to submit names of veterans to Village Manager Ken Scheel. It is planned to invite all Niles servicemen to join in the salute to Rogala.

To date Sen. Charles Percy, Lt. Gov. Paul Simon, Cong. Roman Pucinski, Cong. Donald Rumsfeld, Irv Kupcinet and Disc Jockey Jack Hilton have

It is expected in the coming years all areas of Illinois will be a part of some junior college district. Proponents of creating a district contend it is better we form and control our own district, rather than become annexed to a neighboring district. Thus, local control results in local residents sitting on the college school board, creating the policy needed in our own area. Thus, if the demand and need for greater manual arts training, nurses training, or other skilled areas is in great demand, the local board can institute a curriculum to meet these needs. It was cited at Wednesday's meeting that local hospitals are in great need for more nursing and hospital help and voiced this need at a county hearing explaining the need for a local college district.

The board heard a report from Rogala Day committee member Norm Dachman, who also received from the board passage of a resolution making the planned reception a salute to all servicemen and naming the days from the time of Rogala's arrival home to the day of the reception Flag days. Residents will be asked to fly the American Flag each of those days. Residents have also been

## List Party Politics, Dictatorship Marcheschi Party: Blase's Personal Ambitions Key Issue

By David Besser

Mayor candidate Ang Marcheschi and the Popular Independent Party spelled out "what it's all about" Friday night at a press conference at Wellers Motel by taking direct aim at 3rd time candidate Mayor Blase.

at the core of the campaign by accusing Blase of using the office of Mayor for his "personal ambitions" and for using it for his "private ballwick." Marcheschi made it clear he and his candidates will "administer fairly and honestly" and proudly pointed to their 58 years of honest dedication to the community.

Introducing his party at the 1 on 1 press conference (THE BUGLE and the candidates formed the colloquy with only 1 other newspaper representative present) Marcheschi struck

## OK #67 Referenda

Voters in School Dist. 67 last Saturday voted in favor of all 3 propositions offered by the district in the referendum.

The propositions were (1) for an increase in the Educational Fund taxing limit by 21¢; (2) for an increase in the Build-

ing Fund taxing limit by 12-1/2¢ and (3) for issuance of \$650,000 School Building bonds for construction of a "middle school" addition to Golf Junior High school.

## In Memoriam

Robert Lloyd, treasurer of the Student Advisory Council, Emerson school, Niles, presents memorial contribution collected from classmates of Ronnie Lee Pappas to Sister M. Imelda, C.R., supervisor of Pediatrics at Resurrection hospital. hangar where the corps was practicing. At left is principal Phillip J. Carlson of Emerson school, Herbert Liebsch (third from left), president of Jefferson PTA in Niles, also presented a memorial contribution on behalf of their organization. A third memorial gift was received from students in room 719 at Maine Township High school South, Park Ridge, where Ronnie's brother

### Withdraws From Race

(Political News Release)

I wish to employ this medium of expression to convey my sincere thanks and appreciation to my many loyal friends and neighbors who were genuine and earnest in their urgings to have me enter my name as a candidate for the office of Mayor of Niles in the forthcoming Village Election in April.

be relieved in my duties as a Park Commissioner if I did not direct all of my efforts and if I did not assume my share of the responsibility to provide

Gerald Sullivan these residents with the proper recreation facilities which were promised to them by the referendum.

The Board of Commissioners of the Niles Park District, of which I am the vice-president, on Saturday, July 20, 1968, conducted a successful \$1,670,000 referendum. It was successful only because of the efforts of the Park Commissioners and certain concerned residents who realized the extreme urgency of obtaining sufficient funds to acquire the last remaining parcels of open space land in the Niles area and to provide the best of recreational facilities possible for the taxpayers.

Because of this, I sincerely believe that as an elected Commissioner of the Niles Park District, my first and only obligation is to the residents of the Niles Park District. I would

Having explained my reasons for doing so, I herewith withdraw my name as a candidate for the office of Mayor of Niles so that I can devote my every available hour in carrying out the duties I was elected to perform.

Respectfully,

Little Alan Howard Singer recently celebrated his first birthday and the two Niles firefighters who brought him into the world helped him celebrate.

Alan, the son of Jerome and Tillie Singer, was born during the early morning hours of Jan. 29, 1968, in the Singer home at 8052 Lake st., Niles. Niles Firefighters Ronald Derbes and Calvin Radway were the crew on

Ambulance 2 when they were summoned to the Singer home.

The two men arrived at about the same time that Alan arrived and because of their extensive first-aid training were able to handle the birth. The newborn child, his mother and somewhat nervous father were all taken to Lutheran General hospital by Derbes and Radway where finishing touches were com-

pleted.

Derbes and Radway, in their uniforms, presented Alan with an appropriate gift - a toy fire truck and according to last reports, Alan is a natural for the fire department. The men were among 30 friends and relatives who were feted at the party. Also present were Alan's sister, Lori, 5-1/2 and brother, Carey, 3-1/2.

## Pack 175

The theme for the January Pack meetings was Physical Fitness. The various exercises for the Cubs were sit up, push up, high jumps, Indian wrestling, and weight lifting. All of the

Dens kept charts on how well each of the boys did. The parents were proud.

Also in January there was a field trip to the Chicago Fire Academy and also to Miggs Field. All the boys who did attend were pleased.

On Friday Jan. 31 we had a special treat from our own Police Dept. We had two films on (A) Life of a Policeman and (B) Safety of Riding a Bicycle. Sgt. Frank Witchlak of our Niles

Police Dept. gave a talk between films and our boys did ask some very good questions. We must feel proud to have such a good Police Dept. behind us at all times. Again we say thank you to Sgt. Frank Witchlak.

On Feb. 2, our great bowlers tried to show some of the dads how the game is played. It seemed some of the boys thought the pins were lined up in the gutter. Could you see the little guy telling his dad the game is changing? All in all, everyone

had a good time. The trophies will be given out at the Bliss and Gold Dinner on Feb. 16, so let's make it to the dinner and please get your amount of people that are coming to dinner early so we can order the place settings.

## Troop 238

The entire Brownie Troop 238 worked like eager beavers during the month of December. They collected clothing for the poor in Viet Nam and supplied the elderly in Aged Homes with used reading glasses. While in the spirit of giving all the girls made holiday decorations and special Christmas cards for their mothers, which were greatly appreciated. Wednesday, Dec. 18, 1969 was an exciting day for the troop. They all attended a Christmas party given at the home of Leader Mrs. Roger Kurgan and assisted by Leaders Mrs. Joseph Partipilo and Mrs. Paul Levin. Each girl received a girl scout comb and nail file kit from her leader as a Christmas gift. Adding to the success of the party was the gracious help given by Brownie mothers Mrs. Ernest Sikorski and Mrs. Kenneth Rigg. After all the hustle and bustle of the holidays the girls rested on the lovely cushions (sit upons) they completed the month before. The rest was short lived because the leaders have many more interesting ideas planned for the months ahead.

Troop 279 has 11 new girls who "flew up" from Brownies - they are Kim Ashe, Patricia Chezem, Charlene Chikeles, Cindy Henreid, Maryjo Jorgensen, Judi Kriss, Deanne Lammersfeld, Karen McAndrew, Namette McDonnell and Mary Vito. Judith Rothenberg transferred from another Junior Troop. The new co-leaders assisting Mrs. James Zarembski are Mrs. J. Lammersfeld and

Mrs. P. Rothenberg. On Nov. 27 the troop went to Maine East High school and taped a radio program that was broadcasted the following Monday at 5 p.m. over station WMTF-FM. The girls sang two songs, discussed badges they were working on, told what they enjoyed most in scouting and played the game "I'm Going to Africa." The leaders told of projects the girls would be working on in the future. A big thank you to Mrs. Rings, who helped the leaders drive the girls to the station. Everyone said it was a very exciting experience to be on the radio - and even more exciting to be able to hear the program on the air!

"Twist me, and turn me and show me the elf - I looked in the water and saw"; Dawn Jensen, Karyn Klicker, Christine Kolwitz, Linda Lederle, Nanette Mittelstaedt, Lisa Pudelek and Jill Riend. The girls were invested into Brownie Troop 308 on Tuesday, Jan. 21, 1969 at the home of Mrs. Randall Rook. Mrs. Vincent Kay, Troop Organizer invested Mrs. Lawrence Bodzewski and Mrs. William Seelos as Mrs. Rook's Co-Leaders. After the investment the new Brownies were joined by their sister Brownies Cynthia Bodzewski, Lynn Cleply, Deborah James, Nancy Lynn Rook, Trudy Seelos, Deborah Walters and Carol Wisniewski in a World Association Candlelight Ceremony, honoring all countries participating in Girl Scout activities. The Brownies presented corsages to their mothers and served refreshments to all the guests, including Mrs. Albert Dominick, leader of Junior Troop 718. Movies of the Troop's Christmas party were shown, delighting the girls as they recalled their evening's visit with Santa. Brownie Troop 308 will be joined by Troops 238 and 962 in a service project the week of Feb. 17 - the collection of canned goods from neighbors to be donated to Association House.

On Dec. 21, 1969 Brownie Troop 962, under the leadership of Mrs. Robert Miller and Mrs. Willard Einspar, had a Christmas party at Mrs. Einspar's house. Caroling came first on the agenda that day and then returning to Mrs. Einspar's house to exchange grab bag gifts and have refreshments. The Brownies made handy hot pads for gifts for the mothers. Jan. 14, 1969 the troop had a candlelight ceremony with the presentation of the membership star to the following Brownies who have been in scouting a year: Nora Bethman, Kathy Brizolara, Dawn Femmel, Shiela Fergus, Ronda Hyken, and Kathy Thomsen, Jan. 25, 1969 was an exciting day for the Brownies of Troop 962 who enjoyed an afternoon at O'Hare Field touring the airport as guests of United Airlines, and seeing a jet airliner close at hand. A note of thanks to Mrs. Miller, Mrs. Bethman, Mrs. Fergus and Mrs. Henrichsen, who provided the transportation.

## Hold Speech Tourney

For the third year in succession, Maine East High school's Speech and Debate teams were judged Sweepstakes Champions in the annual Maine Township Speech and Debate Tournament, held at Maine East on Jan. 25. Over 100 students from the three Maine high schools - Maine East, Maine South and Maine West - participated in the all-day tournament. Five faculty members from Northwestern university's School of Speech were judges of the various contests.

Maine East won the Sweepstakes' Championship with 209 points, Maine South and Maine West ran a close race for second place, with Maine South running up 155 points to win over Maine West by 1 point.

In the Debate tournament, the Varsity Debate event was won by Maine East, with team member Jeff Kluge winning the title of "Best Varsity Debater." Others on the winning team were Andy Dzielowski, Niles; Jeff Richards, Park Ridge; and Mike Watt, Morton Grove. Robert P. Swanson, a member of Maine East's English department, is coach of the debating team.

In the Junior Varsity Debate event, Maine East again won first place. The team consisted of Bob Feldhake, Des Plaines; Jan Hertzberg, Niles; Hy Riebman, Morton Grove; and Neil Gershon, also of Morton Grove. Maine West debater Rich Hanaek, however, won the title of "Best Junior Varsity Debater."

In the Novice Debate class, Maine West's team was declared the winner. The team was made up of Dave Congalton, Kurt Klein, Randy Von Liski, and Chris De Voney, all of Des Plaines. Maine East freshman Harvey Morris won first place as "Best Novice Debater."

In the Speech Tournament, the Maine East Speech Team, coached by David R. Jeffers and Mrs. Cynthia Schaulis, both of the school's English Department, was declared "Best Speech Team" by the judges. However, first place honors in the various speech categories in the tournament were evenly divided between the three schools, Maine West won first place in the Reader's Theater

## Troop 45

For Troop 45 the Owls took 1st place with 315 points in the competition. Second place went to the Arrows with 233 points. With 192 points the Pioneers placed 3rd, The Weblows were 4th with 191 points.

This was another campout that will be remembered by all. Included were: The Owls - Terry Frick, Jim Ignatius, Allen Bonini, and Ken Schneider. The Arrows - Randy Hyken, Sidney Rothenberg, and Mark Dominick. Attending the campout for the Pioneers were Ron Friedman, Mark McAndrew, Ried Hyken and Marty Kaiser. Senior Patrol members Jim Schneider, Paul Pomazal, Marty Rothenberg, Steve Welsch and Pete Welsch, Jr. also attended. Adult members who braved the elements were: S.M.D. Schneider, A.S.M. J. Frick, A.S.M. P. Hilson, Sr., C.C. P. Welsch, Sr., C.M. P. Rothenberg, C.M. A. Dominick, and Webelow Leader J. Obermeier.

Troop 45 had their annual Klondike Derby Jan. 17 - 19 at the Camp Dan Beard. After setting up their bunks in Kenelworth Cabin, the boys then took care of some hot cocoa and sweet rolls. With the extra fuel the next logical step was to try out the sleds. Even though the snow was a bit slushy it was a lot of fun.

Saturday morning was spent packing the sled with equipment needed for the derby in the afternoon. The runners were waxed so that they could get as much speed as possible. Snowballs weren't on the schedule, but boys plus snow can only add

## Membership Increase

The Maine Ridge district of the Northwest Suburban Council of the Boy Scouts reports a 5.8% increase in boy membership during 1968.

District vice-chairman William Peirne, 7040 Wilson Terr., Morton Grove, reports that the district, which is composed mainly of Niles and Park Ridge, had 2137 boys registered in 26 packs, 23 troops and 5 explorer posts.

"In Niles," Peirne added, "there are 9 sponsoring institutions having 11 packs and 6 troops. Some of these religious, school and civic groups have used scouting as a part of their youth program for over 15 years, and are doing a fine job."

"Scouting's volunteer leaders, over 700 in our district, make it possible for boys to take part in cubbing, scouting and exploring, which is keyed to the world of today," Peirne said, "and we're proud of the number of adults who have completed volunteer training."

Five new teachers were welcomed to the Jefferson school teaching staff this year by Richard Framke, principal. They are (standing from l. to r.) Mrs. Marjilou Sagan, Mrs. Karen Storaasli and Mrs. Beverly Gomberg. Seated with Mr. Framke is Mrs. Mary Mott. New staff member not available for the photograph is Mrs. Doris Idle. Mrs. Sagan is a member of a two-teacher team for a newly created classroom in the Maine Township Special Education program. The class is composed of pre-school, physically handicapped children. Mrs. Sagan received her B.A. in elementary education from Northern Illinois University and is now working for her master's degree in special education. Prior to joining the school system, she established and operated a private nursery school in the Norwood Park area for five years. She lives with her husband and two sons in Chicago. Mrs. Mott is the second member of the team teaching the pre-school handicapped. A graduate of Northern Illinois University with a B.S. in Education, Mrs. Mott has returned to teaching after raising her family. She is very enthusiastic about the program for the pre-school handicapped child.

## 'Full Speed Ahead'

(Political News Release)

With the slate representing the incumbent administration of Niles Township now selected, under the Township Achievement Party banner, the head of the ticket, Township Supervisor John J. Nimrod, announced "full speed ahead" for re-election to township offices. The township election will be held on April 1.

Township Achievement Party candidates include Nimrod, of Skokie, for re-election as supervisor; Leonard J. Ash, Morton Grove, for re-election as township clerk; Samuel S. Berger, Skokie, for election as township collector; George G. Marz, Lincolnwood, for re-election as township assessor. There are three candidates for re-election as township auditors, including Charles N. Anderson, Morton Grove, Earl H. Numrich, Morton Grove, and Jack B. Slade, Skokie. An "honorary" candidate for the legally-required but non-functioning office of highway commissioner, is Dr. Nathan B. Goldberg, Skokie.

"We are delighted to be able to present this highly qualified, non-partisan slate to the voters of Niles Township," said Supervisor Nimrod.

Nimrod accredited this to the fact that "people who have followed the progress of the present township administration recognize that we have rigorously lived up to our campaign promise of four years ago to provide increased public service at lower costs. The records of our administration will show that we have done this, and that service given, I believe, more service than is normally expected and certainly more than the previous administration provided."

"At the same time," Nimrod continued, "we have held down costs to the lowest percent level among all townships in the state of Illinois. One strikingly apparent result of this is that we returned record highs in re-funds of tax surplus to the elementary school districts of Niles Township during our administration."

## Niles Twp. Democrats Launch Campaign For April 1 Election

(Political News Release)

Skokie and Niles' Township Democratic candidates 1st week officially launched their campaign for elective offices which they expect will sweep them into village and township posts April 1.

"Our aim is simple", according to Calvin R. Sutker, candidate for Mayor of Skokie. "It is to run under the Democratic banner while at the same time addressing ourselves to every public problem which has so greatly distressed our community over the past four years."

Sutker ticked off some of those problems as mass transportation, zoning and improved central business district, blight, lack of responsiveness.

The Democratic ticket claimed a historic precedent in launching its slate, citing the fact that "never before has the

Democratic party slated candidates in Skokie and Niles Township elections under the banner of the Democratic party.

"It has always been felt that in the suburbs, for some strange reason, we don't call ourselves Democrats. We have been shy, traditionally, about standing up as Democrats when it comes to local elections. We go out and work our heads off to elect men like John F. Kennedy and after when we hold our local elections, we go back to calling ourselves the Civic Achievement Party or the Village Economy Party or Good Government Party."

"Not this time." "Yours are not the villages where we stop being Democrats; they're the villages where we start," declared Sutker.

As spokesman for the Township ticket, Kenneth Galinski asserted his belief that voters

in the Township would best be served by knowing "who's who" rather than trying to guess whether or not the person for whom they are voting is slipping through on a ticket with a meaningless name.

Galinski stated that the residents of the Village of Niles would be "up in arms" over the failure of the Republican-Caucus Party to slate any residents of the Village of Niles. "The Republican-Caucus Party has apparently thrown the Village of Niles out of Niles Township," Galinski sadly noted.

Meyer (Mike) Kamin, who has decided against standing for re-election as president of the Niles Township High school board in favor of becoming Sutker's running mate for Skokie village clerk, said: "Problems are solved by action -- not endless hours of unnecessary debate. Action by capable, dedicated, qualified people with the

desire to fairly represent the greatest number of people in the community."

"It's time to change from four years of lame duck administration; time to take a team approach to government and time to bring back to Skokie the 'Village of Vision'."

The Democrats referred to the "Caucus-Republican" slate of candidates, calling it a sham that offers radicals of the right and the left together "in one bed", talking about an unholy alliance between right wing Republicans and even extremist Democrats.

We are now faced with Republican administrations nationally and in the state of Illinois. All the more reason that we stand up as Democrats now... in Skokie, Morton Grove, Lincolnwood, Niles, Golf and the handful of precincts in Glenview.

### Adopt Slogan

(Political News Release)

Maine township officials who are seeking re-election April 1 have adopted a campaign slogan of "No Township Taxes - We Kept Our Promises - Vote Republican."

The slogan was revealed by Floyd T. Fulle, township GOP committeeman, who said the message will be carried in the form of initials on campaign buttons and bumper stickers. Fulle said the button and bumper stickers will read "NTT-WKOP-Vote GOP! He interpreted the meanings of the initials as follows:

"NTT stands for No Township Taxes. This refers to the fact that under Republican administrations tax after tax has been eliminated and kept off the books. The last of these township taxes was eliminated in 1957, and there hasn't been a township tax levy since. WKOP means We Kept Our Promises. When the present township officials ran for election four years ago, they promised to provide the full range of township services economically and efficiently, and to continue to keep the taxes off local property bills. These promises have been kept!

# The world's fastest self-cleaning ovens.

A new gas self-cleaning oven can get the messiest jobs done in half the time it takes the electric kind.

And with gas, you can shorten the cleaning cycle even more if an oven isn't soiled enough to require the full treatment.

But the best part about a new self-cleaning oven is the way it's packaged—inside a new gas range. Because only a gas range gives you precision-controlled top-of-stove cooking. Or gas infrared broiling units—the kind that cook quickly... provide eye-appealing browning, too.

Visit your Northern Illinois Gas office or appliance dealer and see why—when ovens come clean—it's no contest. Gas wins in half the time.

**Economus Begins 6th Year With W-C Ford**

By Tom True

Eleven years ago, the Northwest suburban auto sales field was "invaded" by a hard-working, determined, young salesman named George Economus. Since then, few salesmen have made a mark to equal the Ford sales record set by George in the Niles, Des Plaines, Park Ridge area.

George Economus

For the past 5 years at White and Cronen Ford here on Milwaukee ave. in Niles (across from Golf Mill) George has been setting sales records. Mr. Economus is very expressive with his humble thanks to his friends and Ford customers for making his a successful sales effort. The man is his length of service in a particular community. If he is good, he stays and stays. If he is only mediocre, he stays only a short time. George Economus, with 11 years in the area (5 straight at White & Cronen) has joined such well known sales fixtures as George Bluet at Des Plaines Chrysler-Plymouth; Howard Coash at Des Plaines Chevy; Harry Reinhart at Buick in Park Ridge; Red Falzone at Montgomery Olds and many others in the area, as a GOOD auto salesman for you to do business with.

**Sisterhood Dinner**

## Marcheschi Party Continued from Page 1

business activities in Niles implied his ethics were less than what should be expected of a Mayor.

In addition to the Marcheschi charge of using the Mayor's office for "private gain" the second topic most emphasized was Blase's "machine politics" which points to his dual role as Democratic Maine Township Committeeman as well as his role as Niles' Mayor. Trustee Keith Peck said he was wearing "2 hats" which conflict with one another, and cited the role Blase took in the unincorporated area which he believes is a direct conflict with his village Mayor's role. He said Blase favored annexation and will likely bring it up again when he seeks support for committeeman in the 1970 election. Peck does not believe annexing the 5,000-person high rise and multiple dwelling areas is in Niles' best interests. Marcheschi later mentioned Blase's "fooling around" in that area may have lost Niles chances for annexing just the shopping center area on the north side of Dempster Street.

stepping stone for further political positions and privately admitted to THE BUGLE he thought Blase would not fill out his full term in office moving on to bigger political ambitions during the next 4 years. Marcheschi emphasized the need to win this election was paramount to Blase's future plans.

Keith Peck, who ran with Blase 4 years ago, said the only reason he ran with Blase then, was he was assured Ken Scheel was running for office. Peck said he questions whether the board meetings are "open" since questions from the public were squelched by a Blase edict which had temporarily banned free discussion from the public. He said Blase's high-tempered attitude has "brow-beaten" the trustees and Blase's "one-man whims" amounts to a dictatorship. Marcheschi backed up Peck's accusations noting the smaller turnouts at village board meetings.

It was stated by Marcheschi his party had a diffi-

cult time renting store space for their meetings, implying Blase placed pressure on store owners not to rent space to the Marcheschi party.

Marcheschi also said he felt the Mayor's post was a "part-time" position but Blase was making politics a "life-long career."

In answer to BUGLE questions about Marcheschi's business activities in the community he said he has never solicited insurance business in the years he has served on the board. He noted he sold insurance to the Police and Fire Benevolent Associations, but only after they contacted him and his prices were the lowest bids they received. Blase's activities in the insurance business were discussed. He has been reported linked with a David Silk, who solicited business in Niles using the Mayor's name when attempting to sell here.

Park Board Commissioner Jack Leske, who is running for trustee, said Blase's philosophy of gov-

ernment is "different than mine. There is no need for national politics" in Niles village government.

Village clerk Marge Lieske, who shares equal animosity with Blase over each other's political position, stated: "In clear conscience I had to make a decision. There are things that go on which disturb me." She then said people were urging her to run for Mayor but she was intending to run for clerk as an independent until this ticket was formed. Mrs. Lieske said "religious people" asked "can you take it?" when she told them she was not going to run with Blase, mentioning the pressure which would be used against her for this decision. She said she "can't and won't put up with" what's going on in the village. While vague in this implication she said the Brown Bottle Restaurant on Caldwell Avenue is illegally zoned. THE BUGLE previously mentioned a good friend of Blase and a political benefactor of Blase, is involved in the Brown Bottle.

## Ellis Tells Candidacy

(Political News Release)

It's about time an average citizen of Niles had a voice in local government and that's exactly what a Golden Acres resident, Martin Ellis, hopes to see happen in Niles. By announcing his candidacy for Village Trustee on Monday, Feb. 10, he has gained the endorsement of his neighbors and other residents of Niles who believe he can usefully serve the Village.

Martin Ellis, 9856 Huber Lane is 42 years old, married to Martha and the father of two boys - Bruce and Jeffrey. He has served in both World War 2 and the Korean War and was awarded several citations. He works in the engineering department of a local conveyor manufacturer, has had three years of college and is well versed in the building and engineering field. He has been actively engaged in Scouting, Asthmatic Children's Research and is a member of his local homeowner's group.

Running as an Independent with no party affiliation, he has visions of balancing the board by bringing the views of the average man into local government and seeing more area representation on the Board of Trustees.

### Township

from East Maine Page 1

During 14 years service as a park board commissioner, he was largely instrumental in starting the Des Plaines recreational program. He is former president of the Des Plaines park district and is a former president of the Illinois Association of Park Districts.

Harvey Frindt

Frindt, who lives at 8810 Grace, Niles, his home for the past 24 years, also has served two terms as township auditor and is seeking re-election to his third.

He is experienced in school district affairs, having served both as a board member and as secretary of East Maine school district 63.

Herb Walton

Walton, a resident of Park Ridge more than 25 years, lives at 2400 Talcott in the suburb.

He is a graduate certified public accountant, receiving his CPA degree from the University of Illinois after attending Northwestern University School of Commerce.

He served on the staff of Arthur Andersen & Co., national public accountants, for 11 years and was vice-president of Allstate Insurance Co. for 22 years.

In other comments Trustee Keith Peck said he believes future action should be taken to give Niles better post office facilities and thought the need for street lights in residential areas might be considered.

While much of the criticism was wrapped in vagaries one of the candidates made a statement which they believed was convincing, despite many of the vague innuendoes spoken during the evening. He said we should note the candidates decided not to run with Blase. It was they who turned away from him rather than Blase not wanting to run with them.

# Melodons Named Top Jazz Band In Area

At the 10th annual Chicago-Land Stage Bank Festival at Oak Lawn High school on Feb. 1 the Melodons of Notre Dame High school were again chosen the number one jazz band in the AA competition for schools of over 1500 enrollment.

This marks the 6th time in the ten years of competition that the Melodons have won the "Best of Show" award.

The band under the direction of the Rev. George Wiskirchen, C.S.C. presented a program of contrasting big band styles in the preliminaries that ranged from the Count Basie style of "Blues for Billy Soul" to the avant garde writing of former band member James McNeeley's "Decent Law Abiding F-Concert" to the big band rock of Buddy Rich's "Mercy, Mercy."

In the finals where the Melodons played-off against Prospect and Proviso West High schools, the Notre Dame jazz band used Don Ellis' slightly avant garde and rockish "Indian Lady" in an up tempo five-four and a repeat of "Mercy."

Featured soloists with the band in their contest presentations were John Redman on trombone, Michael Halpin on trombone, Jeff Pilarski on alto sax, Jim Feldman on tenor sax, Dave Clemiega on tenor sax and piano, Vic LoVerde on trumpet and Michael Meyer on organ and vocals.

Two other jazz groups from Notre Dame received first division ratings at the contest: the combo in an avant garde, multimedia presentation of "I Have a Dream" and the Notre Dame Extension (grade school) Stage Band.

On May 9 the Melodons will present their annual production concert, Music For Moderns, at Notre Dame High school.

Members of the Melodons include: NILES Steve Adams, 7510 Lawler;

Approximately 60 high schools entered bands in the day long competitions that culminated in the evening concert play-offs.

The Melodons will appear for the 10th time as guests of the Collegiate Jazz Festival at Notre Dame university and will add to their usual concert presentation the premier performance of a Jazz Mass by James McNeeley in an actual liturgical service on March 15.

# Notre Dame Mardi Gras Next Tuesday

On Tuesday, Feb. 18, Notre Dame High school in Niles will usher in the beginning of Lent with its traditional and festive Mardi Gras Carnival.

Notre Dame's 6th annual Mardi Gras will be a day-long event beginning at 2 p.m. and ending at 11 p.m. Games of skill including basketball shot, coin pitch, ring toss and other games will run in the school gym which will be gaily decorated for the occasion.

Other attractions will include a Las Vegas room, a chicken dinner served in the school canteen from 5 to 7 p.m., a variety show known as the "Hungry 1" and finally a sock-hop which will begin at 8:30 p.m.

Faculty advisors, Rev. Joseph Stroot and James Mantola will coordinate the event with

Parents' clubs representatives Mr. Kanzer, Mr. Mulcrone, Mrs. Matteoni, and Mrs. Ellgaas.

The five year history of the Mardi Gras show proceeds of better than \$20,000 for the Holy Cross Mission society. Notre Dame has been one of the leading contributors to the mission hospitals, leprosariums, schools and churches in South America, Africa, and Pakistan which are staffed by Holy Cross Priests and Brothers, the same order which teaches at Notre Dame High school. This has only been accomplished by the generosity of the patronizing public.

# "Gap" Narrowed

Over 80 people attended the "Generation Gap" meeting of the Niles Human Relations Council. Parents and active teens shared ideas and reached several interesting conclusions.

Generally, the group felt that today's generation gap was less than it was a generation ago; that youth and parents should listen and respect each other's opinions rather than rely on someone else's opinion; that youth is not nearly as irresponsible, drug happy, or clothes conscious as pictured; that Niles has a lot to offer to young people if they would make the effort to find out; that they start by getting acquainted with the Niles Youth Congress; and that faith in each other is a great way to be a great parent team.
