Today in Pharmacy

By Wally Moryka

Cancer, diabetes, paralysis and heart attacks are words to strike fear in the hearts of men. In all history no word has created the horror and stigma of the word leprosy. Since before the time of Christ, the leper has been considered unclean and cursed by God. In some parts of the world lepers were left to wander hopelessly, hooded, and carrying a bell to warn of his approach. In others, the leper was considered legally dead.

Medical science has learned that leprosy (known as Hansen's disease) poses extremely little danger of communication. If not a cure, the arrest of Hansen's disease is almost a certainty in every case.

It is not almost, but a positive certainty that you will get the very best of service at BIRCHWAY DRUGS everytime you stop. Let BIRCHWAY DRUGS... 7503 Milwaukee Ave., fill your next prescription... phone 647-8337.

surrounded by a chain link fence and newly planted hedges. Three automatic windows with pneumatic tubes to serve customers will be erected and maintained. The Plan Commission voted to grant the special use, but the trustees decided to hold an open meeting Saturday at 10 a.m. to further study the request.

Trustee Carl Klein said that at the Board of Health meeting last night, the board discussed the fact that our village did not have an ordinance for the removal of garbage in apartment buildings and that one should be drafted holding the owner of the building responsible for the garbage collection. The board moved to have Atty. Orphan draw up such an ordinance. Mr. Klein also said that they wished to have an ordinance passed making it mandatory to have cats take rabies shots. This was held for a future decision. Mr. Klein then said that complaints were received against people walking their dogs on the Edison school property.

Neil Cashman told the trustees that his committee advises that the Hillsman Co., 1 N. La Salle st., Chicago be commissioned to audit our books for \$4500. The board passed this recommendation.

of determining what type of ice-making machine will be best suited for the Ballard-Cumberland park improvements, before physical work will be started. (See additional story on this page.)

Allen gave more insight into the workings of the local library system and issued a request that Nilesites not throw away any books they no longer wish to keep; give them to the library. Only stipulations are the books be in reasonably good shape and no paperbacks.

For those people not residing in the Niles Library District, it is possible to obtain a \$15 family non-resident library card. Allen also said the new bookmobile for the library will be a complete, self-contained unit and will offer a

selection of about 2,000 books.

According to V-M Scheel, Niles will absorb an \$1800 loss connected with the staging of the Illinois Junior Miss Pageant and the board of trustees has taken a 5-year option on the pageant for Niles. The village will foot the bill for the deficit.

At the Feb. 25 meeting of the Niles board of trustees, bids will be let for the renovation work on the new village administration building at Milwaukee and Howard. These bids will include work on plumbing, heating and electrical work. As plans stand now, according to Scheel, Niles Family Service offices will be located in the new Professional Mall at Lawrencewood Shopping center.

4) Button up your home. Window shades and blinds should be left partly open, not tightly closed. Closed blinds mean an empty house. It also allows the intruder to move about freely once inside the house without fear of being seen. Close and lock all windows and all doors. Close overhead and garage doors when out for the evening, and/or any time when not at home.

5) Never leave valuables lying around. Keep them in a safety box, dresser drawers, coffee pots, sugar bowls, and under mattresses, etc., are no longer considered safe places.

6) Burglars spend their day light hours canvassing neighborhoods. They spend their evening hours looking for dark houses.

Always ask your trusted neighbors to report immediately any suspicious person, parked car, truck, or station wagon cruising in your neighborhood, to the Morton Grove Police (Yo. 5-2131). Furnish as much description as you can possibly observe to the police in order to make their apprehension successful.

There is no such thing as a burglar-proof home, warns Police Chief Milton Scanlon, but following the suggestions listed above will help to protect your home whenever you are away.

true, then, is it possible that anything could have gone on in Niles during this period of time without your knowing it? Aren't you, in fact, part of whatever went on in Niles during this time good and bad? If there were anything bad, weren't you friend enough to say it? Or were you my friend, Ang, and why can't you say what it is now? Isn't it a fact that you and your ticket have all been members of this board indicating that you have all been part and parcel of every matter that has occurred in Niles. You, more than anyone else, because of your closeness to me should not insult the people's intelligence by making vague and dubious remarks which you know to be untrue. What you know I know and I believe the Village has been run honestly with integrity in the last 8 years.

Second, you insinuate that I am making money in other businesses. I am a lawyer and this has been my only business for 18 years. Because I am a successful lawyer, I do make a good living, and I don't have to intimidate anyone to make money. If I did I would be incompetent. Ang, you are in the insurance business and sell policies to many of the businessmen in Niles. Can you tell me that none of these same businessmen are aware of your being a Trustee, and, if they are aware of this, do you intimidate them to buy policies from you? I know that I have not found the need to intimidate anyone. Have you, Ang?

Third, the most ridiculous statement you have made so far is your supposed boycott from renting space in Niles. We started looking for offices two months ago and at that time we found only 2 available locations on Milwaukee ave., and 1 off of Milwaukee ave. In all instances these locations were either too high in rent or committed to future occupancy by someone else. The only place

It seems to us in these local elections everyone in town should have the right and opportunity, not only to run for office, but also have the opportunity to be elected. Unfortunately, when "the organization" keeps expanding the chance for amateurs to win decreases.

One obvious reason why the "organization" is so effective is many doorbell ringers and precinct captains do an effective job. And they do such a job for their own self-interest. They may have political jobs, which are dependent on their bringing out a strong vote for their candidate. Contrast this to the independent candidate, whose friends may push themselves away from the TV set once a week to make a few phone calls. Thus, MOTIVATION of people working for the organization may be quite different than those working for the non-organization.

Meanwhile, Joe Citizen decides to run against this messenger. He's behind more than 1,000 votes before he files his petition for his candidacy.

What the "organization" represents is selfish interests.
