## From The Left Hand Bd. Ponders "Billiard Hall Rule" "More Supervision A Necessity" - - Says Police Chief

By David Besser  
Editor & Publisher

With only 7 Bugle issues to be published before election time, we'll be attempting in this column to dig out the nitty gritty behind the political poses in hopes Nilesites may be more enlightened.

Weeks ago we noted personalities, rather than issues, were emerging as the campaign fodder by Niles' two parties. And we suggested issues were the important subjects to discuss. But it has become obvious election '69 in Niles has only 2 issues and they are Nick Blase. We say 2 issues because what "we've seen" and learned there are 2 Nick Blases in Niles. There's one Blase who shows strength and leadership in the Mayor's chair. And there's a second Blase who is rude and intolerant and who verbally emasculates anyone who disagrees with him.

There's one Blase who reacts quickly whenever a village area has a problem. And there's a second Blase who'll bang a phone down in one's ear or who'll brusquely turn his back and walk away from a man while he's in mid-sentence. There's one Blase who shows compassion by setting up a polio clinic in two weeks time or who'll fight for a family service unit because he's aware of the need to help people thru government channels. And there's a second Blase who will use policemen in uniform for his private law practice.

There's one Blase who said in April, '61 before being elected, Niles doesn't need any outside politics sticking its nose in village affairs, and there's a second Blase who joined the township Democrats in May '61 after election and wound up the most political figure ever seated at the village hall. There's 1 Blase who denounced politician-business ties in April '61 and today admits his after-the-election law practice is due to his being Mayor. There's 1 Blase who campaigned in April '61 against politicians conflicts-of-interest and a second Blase who actively opposed a conflict-of-interest ordinance similar to Skokie's. There's one Blase who his friends say will appoint his opponents to village jobs so long as they are qualified and do the job. And there's a 2nd Blase whose vindictiveness vows he'll force clerk Marge Lieske out of office if they

wants to implement this program in the village before there is a disaster or emergency requiring the use of blood by the pint.

Once a donation has been made to this program blood would always be available to the donor, whether that person be in Niles or anywhere in the country.

While Police Chief Clarence Emrikson was asking the board for an ordinance making it mandatory for a parent or adult relative to accompany a minor in a billiard hall in the village, Robert Kemmer, 7213 Breen, Niles asked the board of trustees for a resolution giving his organization, Niles Knights of Columbus, the go-ahead on conducting a cooperative blood replacement program in the village and adjoining areas, Kemmer told the board the K.C.

## Dist. 63 Chooses "Apollo," "Gemini"

By Naomi Krone  
News Editor

The suspense is over!

Dist. 63 board of education members Tuesday night voted to accept as the winners of an essay contest to name the as-yet-unbuilt junior high school in the district as well as re-name East Maine Junior High school, the names "Apollo" and "Gemini."

Both of these names were submitted by two youngsters in the district: Judi Kriss, 9, daughter of Mr. and Mrs. Chester Kriss, 8540 N. Ozark, a student at Oak school and Wendy Rosen, 12, daughter of Mr. and Mrs. Sherman Rosen, 7442 Lyons, Morton Grove, an East Maine Junior High school student. Board president William Gurolnick presented each of the contest winners with a plaque Tuesday night and read a list of 21

## Possible Vote March 29 On Niles-Maine Junior College Dist.

A referendum to approve the creation of a Niles-Maine Junior college district is tentatively scheduled for March 29.

The date for the vote came after the junior college board's approval of a citizens' petition asking for the referendum.

The citizens' group represented the two townships and called for establishment of a junior college district authorized to levy taxes of 17-1/2 cents for each \$100 of assessed valuation for educational purposes, and 5 cents for each \$100 of assessed valuation for building.

The proposed district would include most of Des Plaines, Glenview, Park Ridge, Niles, Golf, Morton Grove, Skokie and Lincolnwood. The area has an approximate population of 250,000

Mrs. Center Dahl, a member

of the Maine-Niles Community college committee, has said the group had hoped for the March 29 referendum date. "We were afraid the question would get buried in the township and village elections in April," she said.

If voters approve the formation of the district and tax levies, the next step would be electing a board of trustees.

A study accompanying the petition suggested a centrally-located campus offering an educational transfer program, vocational training and adult education courses.

"We hope to open doors for the first students in September of 1970," Mrs. Dahl said. She said that date may be an optimistic goal, however, and will depend upon how fast planning and building the college takes place.

## Park District Seeks Playground Staff -- List Qualifications

The Niles Park District is now interviewing for its summer playground staff. A junior leader must have a minimum of three years of high school completed. A senior leader must have at least one year of college completed. All leaders must have a sincere interest in youth's recreation needs. Previous experience is helpful but not necessary.

Playground leaders will be assigned to a Niles Park where

they will work seven hours a day, five days a week for eight weeks. Leaders, along with their co-workers will be responsible for the planning and leadership of a comprehensive recreation program for youths ages 5 to 17.

Leader's salaries will be commensurate with education, experience and ability. Interested individuals should direct their inquiries to the Niles Park District, 7877 Milwaukee ave. or call: 967-6634.

## Kudos For Chief Hoelbl

# Construction Progress Hilites # 207 Board Meeting

Construction and renovation progress at all three Maine Township High schools is moving ahead, and close to scheduled building activities, according to reports made by Roy O. Makela, Niles, Board member and chairman of the Building and Grounds

committee, and Donald Stillwaugh, school architect, of Erickson, Kristmass & Stillwaugh, Inc., Park Ridge, during a regular monthly meeting of Dist. 207's board of education, held at Maine West High school on Monday, Feb. 17.

John Clouser, principal at Maine East, expressed satisfaction with the recently installed outdoor lighting system which is now in operation. He further stated that preliminary work had started on the Center Court, Phase 2, building addition at Maine East.

Both Mr. Herman Rider, principal at Maine West, and Dr. Clyde Watson, principal at Maine North, gave preliminary reports on renovation and construction projects to be completed at these two high schools.

The Board also approved a Maine East science department renovation project, which would update the laboratory classrooms, with an amount not to exceed \$12,000.

Dr. Richard R. Short, superintendent of schools, reported on the problems involved with the water supply system confronting the new Maine North High school and suggested that of the few alternatives made available for this project, he recommended that the new school's water supply be planned for connection to the Domestic Utilities Co. and that the school administration be authorized to work with the company mechanical engineers relative to a plan for the company's request to establish a water tower on the new high school site. The board approved Dr. Short's request but asked that further inquiry be made as to the possibility of water being supplied from the City of Des Plaines.

Mr. William Newport, Des Plaines, chairman of the Professional Relations committee, stated that he would be able to make a complete report and

give recommendations to the board on a 1969-70 teacher salary schedule which would include other teacher benefits at the April 21, 1969 regular monthly meeting of the board of education.

After reviewing a resolution related to the establishment of a Niles-Maine Junior College District, the board resolved that the school administration be authorized to advise the citizens of the school district of the financial implications of the current status and the effect of the proposed Niles - Maine Junior College District upon the financial and educational operations of Township High School Dist. 207.

Dr. Short pointed out that this was an extremely important step for the board to take inasmuch as the Illinois State Legislature has mandated that every resident in the school district has the opportunity to avail himself of the 13th and 14th years of education. At present, in compliance with the state law, Maine students may attend any junior college in the state, with the bulk of the tuition charges billed back for payment out of local tax funds. Dr. Short further stated that the cost for junior college today is draining 6.2% of tax from the Educational Fund in addition to the 3 1/2% tax levied by the state. "Next year," he continued, "it is estimated that the obligation of the high school district for junior college expenses will drain more than 10% from the Educational Fund."

John Wilkins, Des Plaines, chairman of the board's Finance committee, expressed concern over the junior college issue. He pointed out that while only 153 residents participated in the program during the first year of this legislation, 1966-67, at a cost of \$95,000 to the high school district, presently about 1,500 residents have notified the district of their intent to attend during the current year. This will mean a cost to the school district of approximately \$500,000.00.

"Continued interest in the junior college program could drain about \$650,000 from the high school Educational Fund during the 1969-70 school year," said Mr. Wilkins.

A review was made of a citizens' petition for free transportation and textbooks. The board denied the petition and the demands set forth, based on the costs involved and the legal limitations concerning furnishing textbooks unless referendum approval is obtained.

Howard Voss, school financial consultant, of Voss and Associates, Kenilworth, made a brief presentation related to the use of the remaining \$5,000,000 in bonds approved by the citizens of the township for the \$15,000,000 Bond Referendum passed on March 11, 1967.

With the market as it presently is and with a look into the future market prospects, Mr. Voss recommended that the board seriously consider the sale of the remaining bonds and re-invest in another market in the immediate future.

Among the 90 to 100 persons observing the board of education meeting, which was held in the new library and speech wing of the Maine West school facility were 60 to 75 students. The majority of these students were from Maine East.

About halfway through the meeting, school officials conducted a tour of both the newly completed facilities and those facilities still under construction. After the tour both parents and students personally visited with members of the board of education.

The board took action on the following items:

Approval of the low bids for equipment as specified:

...Maine North - Laundry room equipment - Troy Laundry Machine Co., Moline, Ill. \$9,109.

...Maine South - Industrial Education Department equipment - Oliver Machinery Co., Grand Rapids, Mich., \$2,148; Onsrud Machine Co., Niles, \$3,616.50; R. A. Neas Co., Chicago, \$3,349.

...Maine West - Science Laboratory furniture - Leonard Peterson Co., Chicago, \$6,575.

Approval of four new teachers.

Approval of one teacher leave of absence.

Approval of three non-certified personnel.

Approval of ten teacher resignations.

Authorization for the business office to accept bids and to sell tax-anticipation warrants at the lowest and best bid, up to \$2 million on or before March 24, 1969, to meet the needs of the Educational Fund.

Authorization for the school administration to continue the summer school counseling program during the 1969 summer at a cost not to exceed \$11,745.

Approval of the 1969 summer school calendar, instructional salaries and tuition costs.

Approval for the school administration to enter into agreement with all Park Districts to use Maine Township High school facilities, based on reimbursement for lease fees, staff salaries, supplies and utilities costs.

Authorization that Title I, E.S.E.A. funds in the amount of \$26,321.75 assigned to Township High School Dist. 207 be used in cooperation with other member schools of the Maine Township Special Education program to operate a summer project in a program to train staff and serve children with special learning handicaps and, further, that the Superintendent of Schools be authorized in the name of the administering district (Township High School Dist. 207) to apply for approval of this program, financed from the Title I, E.S.E.A. funds made available from the Title I, E.S.E.A. funds assigned to the districts within Maine Township.

Girl Scout adult volunteers recently attended a luncheon meeting to finalize plans for the annual Girl Scout cookie sale, March 7 to 16 in the northwest suburban area. Conducting the meeting was Mrs. W. Kuehl of Elk Grove Village, council cookie chairman this year. Assisting her were Mrs. R. Green of Palatine and Mrs. R. Mahbs of Des Plaines, co-chairmen. Approximately 10,000 Junior, Cadette and Senior Girl Scouts will be selling cookies. Their goal this year is 400,000 boxes. The annual cookie sale gives the Scouts an opportunity to raise money for their troop activities; to help girls participate in special Scout opportunities; to give direct services to girls; and to purchase equipment and property in their behalf. The council owns and operates two sites in Wisconsin which were purchased and equipped with former cookie sale profit money. L. to r.: Mrs. Thomas Barrett, Niles; Mrs. Neil E. ## N.D. Foilmen Defeat New Trier 14-4

Notre Dame Foilmen, minus the services of their sick captain proceeded to defeat New Trier East 14-4 on the varsity level. The A strip went 9-0 for the day. The varsity are now 9-4.

The Frosh-Soph went into the day with a 5-0 record. After a strong start their steam ran out and they tied 9-9. The decision of a winner based on points failed to materialize as each side had 68 points. So the results were a perfect tie and a 5-0-1 record to date.

Notre Dame Foilmen traveled to Niles West and found the going tough. The first pool found N.D. down 6-3. The first round of the second pool gave Niles West a 7-3 edge. After trading the next three bouts, it was 9-5 in favor of Niles West. N.D. had to win all the rest to tie. John Brandt got hot and won two, Mike Tabor came alive and won one, Jim Mullenix won the final bout and went 3-0 for the day. The final win by Jim made it a 9-9 meet and it was decided by the fewest defensive hits. N.D.

won by 14 points (59-73). N.D.'s record is now 10-4 and the dual meet season closes on Friday, Feb. 28 at home with Maine South.

The Frosh-Soph team had a tough time but they won 10-3. Gary Berlak went 3-0 for the day. The efforts of Tom Alcock (19-2), Gary Berlak (14-6), Mike Koob (14-2) and Paul Quinff (10-5) have given the Frosh-Soph a record of 6-0-1 and a chance to go 7-0-1 next week.

Niles Art Guild has announced Mrs. Charles Lapham of Northbrook will demonstrate the art of rug-making at the March meeting. Mrs. Lapham has taught evening courses in the craft at Glenbrook North and Maine East High schools. She now teaches at the Highland Park Y.

Mrs. Lapham starts her pupils out with a lesson rug, each flower in the pattern representing a different lesson in shading. Dye lessons are an important part of the course as pupils must learn to take color out of fabrics, put color in, shade the color and spot it. She describes the art as "painting with wool."

An approved Pearl McGoen teacher, Mrs. Lapham has access to antique designs as well as primitives, originals, geometrics, scrolls, florals and fruit patterns.

Mrs. Lapham's demonstration will be held March 5 at 9 p.m., at 7877 Milwaukee ave. Non-members \$1.

## Unusual Sculptures

Two new sculptures, a rough hewn dying Christ and a statue of grief, give a fresh look to the foyer at Notre Dame High school in Niles. The sculptures are the work of John Seftich, a young artist from Morton Grove. When asked about his work, Mr. Seftich commented that he became interested in mechanical work some months ago and that he switched at that time from oils to the use of an industrial grinder for some pieces of sculpture. "It took me two months to sculpt the crucifix," the artist stated. "Really, it is my own way of expressing myself. The observer may draw his own conclusions from the pieces which are done in a medieval style and technique in which a friend interested me." Seftich, who has exhibited at Golf Mill shows, did all the work on these current pieces with the industrial grinder on structural fir which is fairly soft and easy to work with.

## P.I.P. Fund-Raising Fete March 8

(Political News Release)

A fund-raising buffet-dinner dance will be held March 8 for the candidates of the Popular Independent Party. The money raised will be used to finance the campaign for the election of Ang Marcheschi for Mayor; Marge Lieske for Village Clerk; Keith Peck, Todd Bavaro and Jack Leske for Trustees.

The Popular Independent Party was formed to give the voter

candidates who are responsive to the needs of the people of Niles rather than being obligated to a political machine.

"We don't intend to play second fiddle to the township or county", said Mayor candidate Ang Marcheschi. "We will cooperate with other governmental bodies when it is to our best interest. As Mayor, I will not permit our village to lose its independence and become a political football."

Campaign co-chairman George Gauthier added: "We think most of the Niles voters feel the same way. We believe in citizen action for our own village. That's what won the All-America City title for us. We didn't get it from any politicians, but our own labors."

The dinner dance will be held in the Elbow Room of Weller's Motel. Tickets may be obtained from Roy Berquist, 825-6526 or George Gauthier, 967-8176.

## Adams Special School Course

Would-be drivers, under 18 years old, may now receive their 30 hours of classroom driver education and the 6 hours behind-the-wheel phase in a school other than a high school. The Adams School of Driving, Morton Grove, instituted such a course Feb. 10.

Running the classes for Adams will be John T. Sebastian, senior staff member of the combined Maine Township High Schools' Driver and Safety Education departments. The classes, held evenings, are the first of their kind to be offered in the state, by a commercial driving school, since the Jan. 1, 1969 change from 16 to 18 years as the legal driving age.

The law specifies that "The minimum age for a drivers license will be raised from 16 to 18, except for those persons 16 and 17 years of age who have successfully completed an approved driver education course." Sebastian, with his safety background and 17 years as an authorized high school driver and safety education instructor, has made it possible for the Adams school to offer these approved classes. Students from any high school may enroll.

In these days of short-hour weeks and early forced retirement, we might benefit greatly in reviewing the story of Dr. Benjamin Dugger and the discovery of aureomycin.

Retired from his college teaching post at the age of 71, Dr. Dugger began research in the field of induced-fungi. After 3 years of painstaking trial and error, he produced a golden mold in a culture dish seeded with Missouri mud. Thus, aureomycin, the first of a long line of antibiotics was discovered, three full years after the professor was put out to pasture. This should prove the point, that when a person reaches retirement age, it does not necessarily mean they have ceased to be useful or productive.

## Meet The Candidates

(Political News Release)

Since the release of my intentions to file as a candidate for the Office of Village Clerk of Niles, my telephone has been ringing constantly. My many friends called to advise me not to run for the office of Village Clerk - as an independent, but to file for the Office of Trustee of the village. Most of these concerned friends, told me that my experience in government and civic affairs qualifies me better for the office of Trustee of the village. This position will enable me to voice my opinion and the opinions of the Niles residents regarding what is, and what is not, good for the Village of Niles.

My only aim in life is to make every effort to better the conditions in my village for all residents. I feel that I can do a much more thorough job as a Trustee, so I have decided to file my petition for the office of Trustee as an independent for better government in Niles.

As a Commissioner of the Niles Park District I have made every effort to promote a better understanding and full cooperation between the Village of Niles officials and the Board of Commissioners of the Niles Park District. This understanding and cooperation has been lacking to a certain extent in the past, but has improved. The officials of both organizations are elected by the people of Niles and therefore serve the same people. This should result in providing better government for the people.

May I take this opportunity to thank all those concerned people of Niles who have shown such an interest in their village.

Provenzano has pledged to serve with integrity and sincerity as an independent, seeking better understanding and cooperation with the Niles Park District, when elected for the betterment of the taxpayer and their children.

(Political News Release)

When elected he will meet at anytime with leaders of civic, youth and neighborhood organizations to discuss the problems within our village. He is also urging better understanding with the youth in Niles so we will be in a position to combat juvenile delinquency. As a Big Brother chairman of St. John Brebeuf parish in Niles and Presentation parish in Chicago, and the Chicago Archdiocesan Union of Holy Name Societies, Provenzano has had a personal hand in directing the lives of many youngsters in trouble.

## Math Majors

Three students from Niles are currently majoring in mathematics at Western Illinois University. They are Ross Bram, 8591 Baucus, Present Dr. Vincenzo, 7434 West of John Ziegas, 8446 Normal.

## Ice-O-Rama Queen

Blonde Merrilee Andersen, 19, Whitewater State university sophomore physical education major from Niles, was named Queen of the 1969 Ice-O-Rama and Miss WSU-W in a preliminary to the Miss Wisconsin pageant held on campus last Thursday night. Miss Andersen reigned as queen of the annual winter carnival ball Saturday night and will represent the university in the Miss Wisconsin pageant later this year. As her act in the talent portion of the show, she did a gymnastics routine. Miss Andersen is the daughter of Mr. and Mrs. Francis Andersen, 7232 Conrad st., Niles.

## M.G. Park Bd. Candidates

(Political News Release)

Running as a team two of Morton Grove's better known residents recently filed their nominating petitions for the park board. The 6-year term on the board has two vacancies to be filled April 15. Both Joseph F. Sweeney and Fred M. Gilbert seek to fill these elected positions on the board. Sweeney, of 8930 Mason and his wife Sue have three daughters, Julie, Kimberly and Erin. Joe is a sales engineer for PR Mallory & Co., Inc. Both Joe and Sue are moderators in adult education at St. Martha's Catholic church. Joe also coaches boys basketball for 7th and 8th graders of the parish, Sweeney, a former manager, executive board member and now president of Morton Grove Little League has a well-rounded understanding of working with youth in the recreational field.

Gilbert, of 7101 Simpson and Marge are the parents of St. Louis Cardinal professional football quarterback number 17, Jim Hart. Fred, who served 3 years in the Pacific during WW II, was awarded two bronze stars during the Philippine Liberation. Fred is assistant to the officers at the First National Bank of Chicago. He recently completed 35 years service. One of Fred's duties is overseeing the exchange and transfer of money; in a month's time there might be over 40,000 transactions involving over 18 billion dollars. Fred should be able to manage the corporate structure of the park district after being involved in gigantic sums. Gilbert is a member of the Booster club, at NTHS, has been manager, director and served two terms as president of MG Baseball for boys (Little League).

# 6th Graders Work, Play Like Trojans

They worked like Trojans, and then massacred the inhabitants and plundered and burned the city.

The play even had a Morton Grove Odysseus with a Greek name, Charles Kopoulos.

It was about 1100 B.C. at Hynes school's room 26-28 the other day. Fifth and sixth graders of the school saw Mrs. Spector's class in a new light. The players wore white-sheet costumes, metal battle shields (made and donated by Robert Metler, one of the fathers) and cardboard helmets and swords. The show provided plenty of swashbuckling action. When it was all over, everyone knew all about the battle of Troy. Personal or eyewitness participation was a great motivator.

They had a ball doing it, too.

## Notes, News

Continued from East Maine Page 1

be much money left to turn back to the school districts. For this reason, several associations raised their own money for lights," he noted.

"Will the town board now reimburse these associations for lights they installed? Do they plan to tell the school districts how little money, if any, will be turned back to them next year?" Mr. Wise asked.

"Our best estimates are that between 70 and 80 street lights would be needed to meet the qualifications set down by Mr. Koehler. If township officials plan to install all lights in the next fiscal year, as Mr. Koehler indicated, school district boards had better start making plans to do without the \$30,000.00 to \$50,000.00 each normally gets annually from the township.

Mr. Wise said the decision to install street lights was the result of "political pressure" put on by the Concerned Citizens Party. "Three days before the opposition's announcement in favor of street lights we questioned publicly why their party, in power many years, had not installed more street lights."

"Finally, Mr. Wise noted that the opposition party intends to flood the township with bumper stickers, campaign buttons and posters with the initials "NTT-WKOP". "These initials, the opposition says, stand for No Township Taxes—We Keep Our Promises. Since they learned our idea on street lights, we intend to appropriate the letters they used for a slogan of our own: New Township Thought: Why Keep Old Party?"

The Maine Township Concerned Citizens party seeks the advice and help of all the people of Maine Township! If you have any suggestions or feel free to call any of the phone numbers listed: 296-4240, 296-2388, 296-3388.

## Pack 5

On Sunday, Feb. 16, Pack 5 Cub Scouts, families and friends were welcomed to the third annual Pack 5 Blue and Gold Banquet by Emcee Tony DeMeo. The site of this year's banquet was the multi-purpose room of Mark Twain school.

After the presentation of colors by the entire pack, a special ceremony was added; the family of the late Jack West, former Pack Committee member, presented an American Flag to the Pack in memory of Mr. West and his deep affection for scouting. It was accepted on behalf of the pack by Cubmaster Wally Lang.

Mr. DeMeo introduced the Pack 5 Officers and committee members, and paid some well-deserved special recognition to the banquet committee; Mr. and Mrs. Tom Larrimore, Mr. and Mrs. Shep Gordon, and Mr. and Mrs. Joe Deharnais. Then Fred Leist, Pack Chairman addressed the assembly and then presented the following awards: to Larry Miller, the Bear Badge; to Wally Lang, Jr. and David Niles, their wolf Badges with Gold Arrows; to Webelos: Mark Shook, Outdoorsman, Naturalist, Forester and Showman; to Webelos: Charles O'Shea, Aquanaut and Showman; to Webelos Chris Allen, Showman and Scientist; to Webelos Scott Field, Sportsman;

Father Canon, minister of St. Anselm's Episcopal church, sponsoring institution, gave the invocation preceding the dinner.

The program planned by the committee was a bit of turn-about, with the parents performing for the Cubs. Webelos parents presented "I'm a Webelos Parent"; Den 2 parents presented "To Skit or Not To Skit" and Den 1 parents presented "You're A Good Man, Charlie Brown" Cub Scout style. The Webelos then presented a tumbling exhibition, and Tony DeMeo, Jr. performed a one-man comedy skit.

## Mrs. Rechel, Reynolds Endorsed By Dist. 67 Caucus

Mrs. Wallace Rechel of Glenview and Edward Reynolds of Morton Grove, both members now of the School Dist. 67 board, have been selected by the district caucus to run for another three-year term each.

After interviews of candidates, the caucus made its selections at its final meeting at Golf Junior High. The two, whose terms expire this spring, have decided to run for re-election. Balloting by district voters will be Saturday, April 12. The filing deadline is March 22 for other candidates who want to petition for a place on the ballot.

Mrs. Rechel and Reynolds are among the seven board members who formulated the plans for the district's recent successful referendum. Three proposals were passed by the voters at that referendum: an increase in the educational fund taxing limit from \$1.41 to \$1.62; an increase in the building fund taxing limit from 25 cents to 37-1/2 cents; and the authorization of \$650,000 in bonds for an addition to Golf Junior High school.

John Nordberg of Golf was caucus chairman this year, Norbert Leeb of Morton Grove, vice-chairman and Mrs. Sidney Gross of Niles, secretary.

## East Maine Caucus Endorses Abern, Luck, Hartzell, Graham

For township high school Dist. 207 the Caucus chose L. Wesley Hartzell, 8293 N. Merrill, Niles and Rev. David L. Graham, 9046 Home, Des Plaines. Hartzell, current board president, is completing his first term. He will seek a full three-year term, while Rev. Graham seeks a one-year term created by a resignation.

## M.G. Legion News

Morton Grove Post #134's American Legion Commander James Selzer and his wife, and Auxiliary Unit #134 president Mrs. Albert Nehart and her husband, Post Senior Vice-commander, attended the Four Chaplains Memorial Night recently held at the Oakton Park clubhouse co-hosted by the Skokie and Morton Grove Jewish War Veterans Posts #328 and #00.

The Morton Grove Unit #134 of the American Legion Auxiliary held a most successful dance recently. Entitled "Sweet Dreams," it was co-chaired by Ways & Means Committee heads Mrs. Ed Martin and Mrs. Jerry De Berthier.

Mrs. De Berthier had charge of the kitchen where Mrs. Frank Hilbert and Mrs. Howard Karsten assisted.

Mrs. William Eaton was the ticket taker at the door of the Legion Memorial Home.

Mrs. Herman Hack chaired the decorations committee; and Mrs. James Campanella and Mrs. John Sepsy took charge of the large prizes.

Mrs. Harold Lumpp presided at the Heart Bowl, which was enjoyed by one and all.

Thanks was given to Mrs. Carl Schneider for her artistic talents in the work she did for posters which were displayed prior to the event.

This is the last call for entrants in the Morton Grove Post #134, American Legion Queen Contest. Contestants must submit their photos and particulars postmarked no later than this Saturday, March 1.

Head shot is available and should be sent to the Legion Memorial Home, 6140 Dempster.

Information contained with it should include girl's name, address, phone number and age.

Morton Grove young ladies between the ages of 16 and 18 this July 4 are eligible as are

Post #134 members' daughters who may reside outside the village. A member of the family does not have to be a Legionnaire of any post for contestant to be eligible, however.

The young lady should be unmarried, of course; and be able to participate in the following date competition: March 15 at the Legion's 50th Birthday Party - St. Patrick's celebration; March 19 at the 7th Dist. of the Legion where a winner will be chosen to compete in the county judging. That competition is scheduled for May 21.

Should the Miss Morton Grove Legion Queen advance through county judging as did last year's entry, Karen Zupko, she will preside over the 4th of July Legion ceremonies at Soldier Field.

Many prizes await the lovely lass to receive a crown and arm bouquet at this big Legion event. Pre-judging will be done on an informal basis; the March 15 judging in street attire; 7th Dist. in cocktail wear and the county competition in formal gowns.

Hurry, tho; this is your LAST chance and notice. Former Miss Morton Grove Queens and their courts are eligible as this contest is co-sponsored by the Legion and the Morton Grove Days Committee and is something different.

"Where's the margarine" is what people might ask seeing Morton Grove's Village President, retired in this king's hat. However, he donned it in a recent visit to the Morton Grove Post #134, American Legion where he spoke to junior vice-commander Ray Harris about the Legion's big birthday party.

Traditionally coupled with an annual St. Patrick's Day Dance, Harris, the chairman, indicates this year's is particularly special due to the fact the American Legion is fifty years old.

In addition to showing Mayor Schreiber decorations to illustrate the golden anniversary of the group, Harris holds a crown

## Register To Vote

(Political News Release)

Important reminder: your last and only chance to register for the forthcoming April elections is March 1, 2 and 3.

Because two of these registration dates set by state law fall on the weekend, the Maine township clerk's office has made special arrangements to be open this Saturday and Sunday afternoon, March 1 and 2.

Phillip Raffé, Maine township clerk, said while residents of the unincorporated area must register with him, residents of cities and villages may register at either their municipal halls or in his office.

"Registration at either location is important if you want to be sure you can vote in April, particularly in the township election April 1 and the municipal elections April 15," Raffé said.

"If you can't make it when your city or village hall is open, come to the township clerk's office between noon and 5 p.m. this Saturday or Sunday afternoon, or during the same period Monday," he added.

The township clerk's office is at the east end of the high rise at 2600 Golf rd.

Although some citizens may regard it as rare for a public official to make special arrangements to provide weekend

Village Attorney James Snelder told the board he is now working on a model ordinance covering Emrikson's request and the trustees voted a resolution giving full support to the K.C. cooperative blood replacement program.

In other business Tuesday night the village board opened bids on the purchase of rock salt and calcium chloride for the village and then empowered Village Manager Ken Scheel to take action on the bids.

Tr. Richard Harczak's motion asking the State of Illinois to place the Lehigh-Howard-Grosse Point traffic light problem on its 1971 state improvement program was passed by the board.

services, it's not unusual for Raffé, one of eight Republican township officials seeking re-election April 1.

Before last year's Presidential election, Raffé kept his office open nights, registering more than 2,000 voters during these evening hours for the convenience of citizens who work during the day.

One of Raffé's first decisions on becoming township clerk was to move the clerk's office to its present Golf rd. location to make it more accessible to residents of the unincorporated area. He was first elected a township official in 1965.

As township clerk, Raffé has a wide variety of important duties. In addition to voter registration, the clerk is responsible for the conduct and supervision of all township elections.

He keeps all township records. He participates in drawing up the township budget and he scrutinizes all expenditures as a double-check on strict compliance with the budget.

Raffé is a member of the town board that meets monthly to consider township problems and to review progress being made in implementing township programs.

His office also handles distribution of free vehicle stickers to residents of the unincorporated area.

### Seeks Support

(Political News Release)

Win, Lose, or Draw, the past few weeks have been the most hectic and rewarding experiences any one individual can have. All the wonderful people who have called and written letters encouraging me and admiring my fortitude have really made me believe I have made the right decision to run as an Independent for Village Trustee. To all those who have offered their help and assistance, I graciously accept it. To those who would like to help, I definitely could use it. Without any party endorsement, an Independent has to rely on free thinking individuals to help him.

My campaign is really your campaign and to definitely prove non-partisan politics in local government exists, it's up to you, the free-thinking citizens of Niles to support me, your Independent Candidate for Village Trustee.

### Attacks Administration

Dick Hols, VIP's longtime resident of Morton Grove, and candidate for Village President, on the VIP ticket's April election slate, in a public meeting at Safari Motor Lodge, Feb. 19 attacked the present M.G. Village administration on the subject of "highest Village taxes in history," during the 12 years of one-party rule in Morton Grove.

He states, "Schreiber's party has always camouflaged the taxation issue in every election during the past 12 years, by bringing up smoke-screens around tax issues, but what they said and what they did are two different things."

Dick asked, "Why did Morton Grove have to levy a 5% Utility tax on gas, light and telephone bills? Skokie, Lincolnwood, and Des Plaines have not resorted to this means to raise funds, and even Niles has only a 3% tax on utilities - are we so inefficiently operated in Morton Grove?"

"All homeowners must do is to enumerate all the taxes they pay to see what a gigantic tax bill the present Administration has imposed upon all of us."

"Why was Schreiber's administration so slow in 1966 in filing a budget with the State of Illinois, they lost untold Motor Fuel Tax Funds, and thus received only a nominal portion of these funds? Right now, from all indications, Morton Grove receives in the neighborhood of \$200,000.00 from Motor Fuel Taxes refunded. Furthermore, the income from Sales Tax revenues was increased from 1/2¢ to 3/4¢ bringing in another estimated \$100,000.00.

### Lashes Back At Charge

(Political News Release)

At a recent Action Party meeting, Mayoral candidate Richard Flickinger lashed back at an opposition candidate for criticizing the recent Drug Abuse program held at the American Legion hall.

"It is typical of political opposition to take credit for what is good and point out defects whenever possible. However, it does behoove a criticism to be honest and to examine the entire situation.

"Would the opposition know the amount of work it takes in planning and the time that goes into setting up a successful meeting—holding the meeting in a centrally located place that is easy to find—accepting the offer of the public spirited Morton Grove Legion Post 134, in which to hold the meeting—the time taken to acquaint every resident by a direct mailing—and last but not least, be cognizant of the fact that a previous drug meeting held at the Niles West and by another organization, produced an attendance of only 105 persons.

"It is easy to criticize when you are ignorant of the facts, but you are only indicating to the residents of your gross lack of knowledge and the crassness of your unjust criticism."
