...Acne...

One of the biggest problems today for both boys and girls is adolescent acne. Glandular activity is at its peak in the teen years.

Scrupulous cleanliness, for the teen, is an absolute must. Oily skin needs scrubbing with medicated soaps or lotions, and often responds best to liquid cleaners which penetrate the pores and flush away impurities.

Granular cleaners are also helpful, not only because they wash away dirt, but because they use friction to stimulate the skin. The wise teen will find astringents and skin fresheners invaluable in the fight against acne. Frequent shampooing with medicated shampoos is another must. Remember a clean skin is a healthy skin.

Meet The Candidates Selman Is Candidate

(Political News Release)

Abe Selman has lived in Niles for 6-1/2 years at 7111 W. Niles ave. He is 36 years old, has a degree in Business Administration from Northwestern university and a Masters Degree in Accounting from Roosevelt university. He has been employed by Natural Gas Pipeline Company of America for 18-1/2 years and now holds the position of assistant superintendent of the reports and statistics department in the accounting division.

Since moving to Niles with his wife, Leta and two children, Bonnie Sue and Phillip Ira, Abe has been involved in numerous civic activities. This began with his deep involvement in his homeowner's association, of which he is now president. He has actively participated in school district activities, serving as a delegate to the Caucus and as a vice-president of the Hynes school Parent Teachers Council. Abe has been active in the Niles Baseball League as a coach and manager. Through his participation in the Baseball League Abe realized the need for park improvement

and formed a Citizens Committee which helped formulate the recent park improvement referendum and spearheaded its passage.

Because of these and many other civic achievements, he was voted 1968 Mr. Niles!

Abe did not sit back and bask in the warm glow of success after the people of the Niles Park District approved the referendum. He continues to pursue the goals he established 2 years ago to improve the Niles Park System. He continues to attend meetings with the architect and the Park Board to insure the park referendum proposals become a reality.

Selman Queries Park District

(Political News Release)

Abe Selman, Chairman of the Niles Park Advisory Recreation Committee, and a candidate for Niles Park Commissioner, questions whether all the facts were presented to the people in the Open Letter of the Park Board of March 7.

In this letter, the Park Board has attempted to justify its lack of positive action in acquisition of park sites but has clouded what Selman believes is the real reason. In his statement, Selman indicates the real problem relating to acquisition of park sites reverts to the formative days of the referendum under the direction of Mr. Leske who was then President of the Park Board.

Let's examine the real reason the Park District has not moved swiftly. During the period when the referendum was being

formulated a concerted effort was not made to insure there being enough money available for both land acquisition and the completion of major construction projects. The Niles Park Advisory Recreational Committee requested that the services of an architect be obtained during the formative days of the referendum. This suggestion was not needed in time.

The services and consultation of a professional architect prior to setting the dollar limit of the referendum would have avoided the problem of not having enough money to complete the major construction projects.

As a result, the Park District is concerned about jeopardizing the application for matching funds on file with the State of Illinois Bureau of Outdoor Recreation. Why not jeopardize the application? Because without the \$400,000 the Park Board anticipates in the form of matching funds from the State of Illinois, it is highly unlikely that a roof can be built over the ice skating rink in Ballard Park according to the present plans of the architects.

The Park District needs the funds from the matching grant and therefore has delayed the acquisition of desperately needed park sites in a rising real estate market, where every

Lay Cornerstone

On Sunday, March 30, members and friends of St. Luke's United Church of Christ will gather to participate in the Cornerstone Laying Services for their new building. The service will begin at 3 p.m. St. Luke's

is located at 9233 Shermer rd. (the corner of Shermer and Harlem) in Morton Grove.

Mr. Warren Van Waning, the Stewardship and Mission Chairman of the Illinois Conference, United Church of Christ, will be the main speaker. The Chancel Choir from St. Luke's under the direction of Mr. Robert Nelson will sing. The Women's Guild will hold a reception immediately following the ceremony.

As the picture shows, the church is nearing completion. The congregation expects to occupy the new facilities on June 1. Usually the Cornerstone Laying Service is held before the walls are constructed. However, there is a uniqueness in this program in that the cornerstone will actually be a huge limestone rock - that will be used as the Baptismal Font. This will be located at the entrance to the sanctuary - symbolical of the entrance into the Christian Faith.

Since Christ is known as the Chief Cornerstone of the Christian Faith, and Baptism in Him is the entrance into the Christian Faith, the Building Committee has symbolically placed the Cornerstone of the Church in the Baptismal Font.

The lack of direction and foresight in the initial planning of the referendum has cost the residents of the Park District money and the opportunity to enjoy the recreational facilities they so dearly need and deserve.

Men's Clubs Sponsor 'War' Talk

Chaplain Rabbi Shalom Glksman, who recently returned from Vietnam duty, will be presented at the Sunday evening forum, March 23, at Maine Township Jewish congregation, 8800 Ballard rd., Des Plaines, at 8 p.m. The topic will be "The War in Vietnam." This program is being co-sponsored by the Men's clubs of MTJC and B'Nai Jehoshua Beth Elohim Reformed temple. Admission is free and the entire community is invited to this provocative and timely presentation. A social hour will follow the lecture-discussion.

Judy, daughter of Mr. and Mrs. Robert Pine, 9401 Home ave., Des Plaines, will celebrate her Bar Mitzvah Friday, March 21, 8:30 p.m. at the synagogue, during the Friday Sabbath service. Rabbi Jay Karzen and the Symphonic Choir will officiate. Sabbath Day services March 22 are at 9:30 a.m. and 5:30 p.m.

Box o'Lox orders are being accepted this week at the synagogue office.

The Rev. Charles W. Ross, pastor of St. Luke's for the past six years, extends a very cordial welcome to all members of the community to this very special service. The new construction consists of a 280 seat sanctuary, office space, and expanded Christian Education facilities. St. Luke's Church was chartered on Dec. 8, 1957.

Grandmoms Club

The regular monthly meeting of the Niles Grandmothers' club, Chapter #699, will be held on Wednesday, March 26 at noon in the Niles Park District Recreational Center.

Mrs. Helen Skaja, President, announces that anyone interested in donating "goodies" for the boys at the U.S.O. Centers may bring same to the meeting.

"Conflicts Of Interest"

(Political News Release)

The Village Improvement Party's Mayoral candidate, Richard Hohns, at a well attended meeting of the party, held Feb. 26 at the Safari Motel in Morton Grove, indicated there is mounting evidence the present

Morton Grove Village officials have acquired in conflicts of interest involving their appointed Village attorneys James Orphan and Gabriel Berrafato.

Hohns cited the recent application for special use permit for an apartment building made by Gabriel Berrafato, the law partner of James Orphan and the attorney for the Morton Grove Police and Fire Commission. Hohns charged the Village Board first sought Orphan's legal opinion and then granted Berrafato the special use permit with a parking variation.

Dick Hohns said, "Every member of the present Village knows Berrafato is the law partner of the Village Attorney Mr. Orphan. What this special use permit does is give Berrafato a welcome money advantage."

"In effect," Hohns noted, "we now have the remarkable spectacle of a petitioner for a special use permit rendering his own legal opinion, and writing his own ordinance, favoring himself."

Meet The Candidates Set Up Platform

(Political News Release)

With Bill Yates presiding, the Morton Grove Citizens Party met to put together a meaningful and relevant platform, Julie C. Bode, Mayoral candidate, led off the meeting with what he felt were the key issues of the coming election.

Many ideas and observations were voiced from the floor by citizens from every area of the village. Yates asserted that "This is to be 'Look Ahead' document; we are not going to look back on past village administration shortcomings, rather we are going to come up with commitments and solutions to the existing problems."

Each candidate expressed what he thought the platform should be and do. Julie Bode said "I feel the platform should not be an exercise in rhetoric with generalities and cliches, but a short statement of position on the most important issues that face our citizenry."

John Hilkin put it this way, "We don't want a document that doesn't challenge us as candidates or fails to inspire our citizens." Herbert Houndt rejoined, "The platform, to have meaning and purpose should be a blueprint - i.e., a definite plan that looks to the future progress and well being of all our citizens, not an assortment of platitudes."

David S. Cohen touched on a subject not previously mentioned. "We must show the way for solutions to area problems that may affect only a small portion of our town. These problems, being localized, may seem unimportant to the other area residents but they are of the utmost importance to the area involved. We must be cognizant of these localized issues and give them the priority that they deserve."

"As for me," stated Fred McClory, "when this platform is in its final form, I want to invite all citizens to compare our platform and our candidates. . . . We know we are capable of bringing new ideas and new solutions and carrying out our responsibilities. After all, a platform doesn't mean

At the same meeting, Morris Haas, V.I.P. Trustee candidate, also cited the recent zoning variance granted by the Village Board to the 1st National Bank of Morton Grove. When asked by Mr. Haas to give his legal opinion if the variant was legal, Mr. Orphan advised, "Oh, we can do it. But whether it will hold up in Court is something else." Mr. Haas charged "Here is a case in question, where a petitioner for a zoning variation gave the Village Board its legal opinion, and the Board then accepted the opinion and the petitioner commenced to write its own ordinance."

VIP's Trustee Candidate stated many other instances of favoritism and conflict of interest by the Action Party in the past 4 years, have been documented and are under investigation and title searches are being made to confirm them. "Our Village Board," said Mr. Roddy, "is fast becoming the real estate board and selfish interests have become more important than the protection of the entire Village interests."

Shop Locally

anything if you don't have the caliber of people to carry it out."

Morton Grove's incumbent administration received another major setback in their bid for re-election recently when Trustee Ed Willander announced his support of the newly-formed Morton Grove Citizens Party.

Willander, long time president of the Action group, thus joins fellow Trustee Carl Klein in endorsing the Citizens ticket, headed by mayoral candidate, Julie Bode, eight year veteran trustee in the village.

Before a large group of precinct captains and volunteers Bode warmly received Willander's support. "I know this has been a painstaking and difficult decision for Ed to make. He has many close and personal associations within the incumbent administration. All of us in the Citizens party are grateful to him for displaying the courage of his convictions in this manner."

Willander, director of Morton Grove's Civil Defense unit until his election two years ago gave his reason "a deep seated conviction that the Citizens party ticket offers the people of Morton Grove a more representative and better qualified group of men."

The Citizens slate, in addition to Bode, includes Fred McClory for Clerk along with Trustee aspirants John Hilkin, Herbert Houndt and David Cohen.

Hilkin, Cohen and McClory were also members of the incumbent administration as was Gladys Nyvak, popular west side leader, who is managing Citizens headquarters.

Flickinger Demands Constructive Campaign

(Political News Release)

Richard Flickinger, Mayoral candidate of the Action Party, in a major speech, called for his opponents in the April 15 contest to use their minds in the remaining days of the contest instead of their mouths.

Mr. Flickinger, long time Morton Grove resident, asked his opponents to cease the no-think campaign they have adopted, and offer solutions to the problems they see. In his talk, Mr. Flickinger asked his

opposition to offer alternatives to their opposition of:

- The utility tax
- The flood control program
- The trustees opposition to low cost housing

"I can't help but feel that my opponents are talking just to get in print," he said at a recent meeting of concerned Morton Grove voters. "To date they have had a lot to say, but have made very little sense. The tone they have set isn't beneficial to the Village - and it could be if they would just use their minds along with their mouths."

Mr. Flickinger, who has served for the past 10 years as a Village trustee, kept demanding that his opponents wage a campaign that would be constructive and beneficial to the Village.

"I don't care how tough a battle opponents wage. But I insist that the tack they take should be of benefit to the Village. A great deal can be accomplished in a campaign if people put forth ideas and goals rather than platitudes."

"My opponents are opposed to the utility tax - and yet they offer no alternate. I realize the tax isn't popular, but the Village needs the money. There's no way of getting around it - the Village needs the money. What do Mr. Bode and Mr. Hols plan to do to raise the needed money? Raise real estate taxes

\$300,00 in order to produce the same \$30,00 income?"

Mr. Flickinger said neither candidate could ignore the need to produce the income for the Village. "I'd love to say I'm going to abolish the tax when I get in office - but I refuse to run on a false promise."

Richard Flickinger

Mr. Flickinger pointed out that neither opposition party has done any more than complain about flood control. Neither has offered an alternative. Mr. Flickinger pointed out that the Action Party organized neighboring communities to force the state into improving the drainage access that would solve the problem here in surrounding cities.

"Another point in the opposition's platform deals with the zoning ordinance on apartments," Mr. Flickinger said. "They have called the buildings that could be constructed under this ordinance high rises. The maximum height of these buildings is 45 feet and that could not be called a high rise, even in Arkansas."

Mr. Flickinger concluded by saying: "The Village trustees saved Morton Grove from accepting court initiated low cost housing by adopting the current apartment ordinance. The Action Party's Village trustees made sure property values weren't hurt by the courts decision opening the way for low-cost multi-family housing."

Meet The Candidates Leske Not A Contradiction

(Political News Release)

secretary and president.

For the many people who know him - it would seem impossible that Jack Leske's name would appear on the ballot of a political party. Yet his name appears on the Popular Independent Party slate as candidate for trustee. A contradiction? Not really.

Jack Leske is a fiercely independent thinking person who despises politics but wants good government. These ideas are perfectly blended in the philosophy of the Popular Independent Party. It consists of five people who formed a ticket because they all feel the same way.

Jack is completing 8 years of service as a Niles Park Commissioner. It has been 8 years of tremendous growth and improvements for the park district. Jack served 2 terms as president of the park board during this time.

"It's been a lot of hard work but greatly satisfying," says Jack. "What I liked most was the absolute lack of politics in our decisions. This is in sharp contrast to what I see happening in our village. It is obvious to me that the mayor's motives are purely political. I've lived in Niles too long and care about the people too much to let this situation continue."

Jack Leske and his wife Barbara have lived at 8639 Olean in Niles for 12 years. They are raising 3 children; Deborah 17, Donald 15, and Leslie 12. Almost immediately upon moving into Niles, Jack plunged into work with the Niles Baseball League. This was five years before his son was old enough to join the Peanut League. He has since then held various positions including manager, coach,

Jack Leske

in the baseball league, there are not enough, so more are being added.

Almost single-handedly Jack worked for five years to get industrial property transferred from Skokie to the Niles Park District. This will bring \$30,000 a year into the park treasury enabling the taxes to be kept at a low minimum.

When elected to the trustee post on April 15, Jack will bring to the board a clear, analytical mind with vast experience in handling tax dollars. Perhaps more important he will bring a dedication to good, clean government for Niles.

Advocates Bi-Partisanism

(Political News Release)

Richard Gruenwald, President of the Niles REGULAR REPUBLICAN ORGANIZATION released the following statement with regard to bi-partisan government in Niles: "I believe good government is made up of Democrats and Republicans. Niles should avail itself of sound bi-partisan government. What puzzles me is the fact that the present Village Clerk has been an ardent worker for the Democratic Party, and the opposition's mayoral candidate organized the Niles Democratic Party, and was one of its Presidents. Both are Democrats. Yet both declare themselves to be INDEPENDENTS! Can they be creating an issue over bi-partisan government to camouflage their complete lack of understanding of today's modern concept of progressive government? I am proud to admit I'm a Republican. Are they ashamed to admit to their party affiliation? Our opposition has lost sight of the fact that Party Politics is NOT the issue at hand. What is important is that we are progressively interested in the local government that directly affects our daily lives."

Gruenwald continued, "When Mayor Nick Blase approached me about running with him, I sat down and made a list of his positive and negative sides. After careful scrutiny and consideration, I found the positive side so superior I really had

Group rates for theatre parties and benefits are now being offered for the new musical season at Mill Run Playhouse. The season opens April 8 with the hit musical, "West-Side Story."

Several local groups have already scheduled theatre parties for the Spring. These include the St. Joseph-Libertyville Guild on April 13, Skokie PTA on April 13, Prospect Heights Women's club on April 20, the Lutheran Welfare Services of Illinois on May 8, Democratic club of Northfield Township on June 3 and the BMZ Woman's club of the Jewish Home for the Aged on June 18.

LaVerne Stumpf, theatre party director, aids organizations in planning and sales. According to Mrs. Stumpf, "Groups both large and small have been delighted with the results of Mill Run Playhouse theatre parties. They provide excellent source of income while renewing interest of club membership."

"Discounts are available for groups of 50 to 1400. Sales aids such as specially printed flyers and reservation cards can be provided by the theatre.

For further information, organization representatives may contact Mrs. Stumpf at 297-2044 or the Chicago number 774-3825. Over-the-counter sales for individual tickets will begin on March 1.

Clean-Up

Continued from Niles Page 1 baskets of plastic flowers on special brackets along the street. Money to purchase the flowers (\$2,000) has been provided by the Garden club of Niles. The village will maintain and store the baskets.

Scheel also told the monthly gathering he will present the village budget to the board of trustees sometime next month; Niles will be above normal in anticipated revenues this year—\$110,000 in sales tax receipts was recorded for December; the budget will be about 10% higher this year than last; police are now giving tickets to residents not displaying vehicle stickers on their cars or dog tags on their dogs; mid-block lighting has been okayed for the co-venture building area in the Tam section; no building plans have been submitted as yet for the proposed Candlelight Theatre North at Milwaukee and Oakton;

Plans will be coming in soon for the twin theatre to be built adjoining the present Golf Mill movie theatre building. A similar building is also in the planning for Lawrencewood shopping center; Harlem will now be widened from Oakton to Kirk and Howard will be widened from Milwaukee to Harlem; bids will be opened April 8 on the new administration building remodeling—it is hoped now the building will be ready for occupancy by Aug. 1; work on the stoplights at Milwaukee and Maryland will begin June 1.

Progress Party Meeting

The next meeting of the Era of Progress party will be held Friday, March 21 at 310 Lawrencewood at 8 p.m. The public is invited to attend.

Democratic Process

Cont. from M.G., Pg. 1 have received a number of letters outlining their agitation to "over-develop" with High Rise buildings. "After all," said Mr. Haas, the Red Party has long stood for having a village of homes; and suddenly this concept of village management is being disgustingly discombed by the very same men who advocated it for so long."

(Editor's note: The reference to the Red Party indicates this is the action party; the green party is the Citizen's party; and the Purple party is the Village Improvement Party. This is to permit the voters to keep the 3 opposing party lines clear.)

Troop 777

Troop 777 of St. John Brebeuf enjoyed a busy schedule of events in the past few weeks.

On Feb. 15 the girls under the leadership of Mrs. Elder and Mrs. Kozeny went on a pleasure outing to China Town where they enjoyed buying souvenirs and eating their Chinese lunch. From China Town they went to Garfield Park Conservatory and enjoyed a very educational and profitable tour.

Over the weekend of Feb. 22 and 23 the girls went camping to Little House of Glencoe. With the beautiful camping weather and grateful assistance of Mrs. Tabert and Mrs. Feid, the weekend turned out to be a success. Badgerwork was completed and skills in campcraft, ropecraft and compass work were worked on.

On March 2 the Girl Scout dinner was held at St. John Brebeuf school hall. Everyone had a good time enjoying skits put on by each troop. Troop 777 carried out a fashion show with each girl modeling something she had made.

Right now the troop is busy selling cookies and participating in a Red Cross First Aid course at the Niles Public Library.

continued from Niles Page 1 money. However, the land cannot be purchased until the money must be available, according to park officials, which was why last summer's referendum had to be approved before the money could be sought. It was also stated the park district has talked to the owners of two or three of the parcels which are scheduled to be purchased and the landowners indicate that they are favorably disposed to selling the land to the park district.

While there was no definite word it was hoped the selling of the property could take place within the "next 3 or 4 months."

Zachary, in his presentation to the Board said there are 112 units in the Washington Street townhouses with between 200 and 300 children. He said Wisner has 96 units with 200 to 250 children, east Wineser has 63 units with 150 children, and single family homes in the 2 or 3 block radius has about 200 children, all in need of a park in their area. He stated residents in his area favored last summer's park referendum by a 6 to 1 margin.

In other actions resident Lou Rappolo threatened the Board with legal action if his property alongside the park area behind Oak school wasn't aided. He said the ball playing and the drainage problems were 4 year old problems and he sought aid from the PD for relief of them. While nothing was resolved he said he would agree to speak with the park attorney after the meeting.

The park board also announced bids for new buildings are scheduled as follows: Grennan Heights recreation building, April 9; Oakton Manor, April 10; Ballard Park, May 1. These are the buildings which will be erected in areas which were approved in the second part of last summer's referendum.

In the first action of the evening Bank of Niles president Richard Duca met with the park board to advise the Board as to the current interest trend and aided it in taking advantage of the new rates. Certificate deposits will yield 6-1/4% and 90 and 120 day treasury bills will yield around 6%. Presently \$930,000 of treasury bills which is money from the summer referendum comes due March 27 while another \$150,000 comes due June 26.

Other discussions during the evening concerned the placing of a siren atop the recreation center which is being requested by the village for civil defense purposes. Action was delayed pending further study.

Courtland Part residents, who are scheduled to receive a tennis court, were told by Commissioner Egan while they'll receive it if it is desired, residents should consider what may be more needed in the park there before the court is installed.

Submit Resolution

(Political News Release) The board of directors from the Village of Niles Regular Republican Organization submitted a resolution to its members at the last monthly meeting March 4, 1969. The resolution read as follows: We resolve that Mr. Richard Gruenwald be requested to resign his presidency of the Village of Niles Regular Republican Organization immediately. The membership voted by secret ballot for or against the resolution and the final results were 16 for, 4 against and 1 did not vote so the resolution carried.

The reasons for this action stemmed from meetings in the Fall when President Gruenwald and the membership decided to form their own slate to defeat Mayor Blase since they felt the best interest of the Mayor was no longer with the village after becoming Democratic committeeman. He is now obligated to do what is best for the township rather than the village and has become a part of the Daley machine. Mr. Gruenwald, after throwing his hat into the Blase

ring didn't follow thru with his committee to get a slate, even though several good men had agreed to run on an independent slate. The membership felt that he failed to fulfill his duty as president of the organization.

Mr. Gruenwald is a Republican and we wish him good luck, but we do not think the village needs politics and this is the reason we are opposing the Blase slate. A ticket could and should be made up of Republicans, Democrats and Independents on the same ticket, but they should have one goal in mind and that is to be independent thinkers and to represent the people by their vote and to establish policies that will further the welfare of Niles.

Before the meeting adjourned the membership agreed to endorse Mr. Mike Provesano, running as an independent for trustee of the Village of Niles.

The next meeting will be held March 25, 1969 at the Niles Park Recreation Center.

Lions Fete Saturday

The Lions club of Niles extends an invitation to all citizens of Niles township and friends of Lionism to attend their tenth annual corned beef and cabbage dinner-dance to be held Saturday, March 22 in Bunker Hill Country club, 6635 Milwaukee, Niles. Cocktails 6:30 p.m. Dinner will be served 7:30 to 9 followed by dancing to the delightful music of Nick Nocchi's four piece orchestra. The outstanding Niles firemen of the year will be named and appropriate awards will be presented to him. Tickets may be

obtained at the door or from any member of the Lions club of Niles. Donation \$5.00 each. Make reservations with "Ang" Marcheschi, phone 867-8564.

This annual corned beef and cabbage dinner-dance enables the Lions club of Niles to carry on its civic endeavors such as assistance to needy families, retarded children, CARE program through Lions International and other worth while projects.

(Paid Political Advertisement) IT'S YOUR MONEY In the last eight years, township officials have spent more than \$2,000,000.00 of your tax money, almost half of it on their salaries and office "expenses." Their waste and mismanagement of township funds should be reason enough to turn them out of office. NOW Despite the fact that these men have set no record for frugality and competency, they now are asking for huge raises — a \$3,000.00 raise to \$11,000.00 per year for the highway commissioner; a \$10.00 raise to \$25.00 per meeting for auditors; a \$1,200.00 raise to \$4,800.00 per year for town clerk, etc. And all this for what should be part-time jobs! You deserve better and you'll get better when you elect Conservative Citizens candidates, who promise to accept no raises during the four year term. DO SOMETHING VOTE AS IF YOUR TAX DOLLAR DEPENDED ON IT!!! AND BRING CONSERVATIVE RESPONSIBLE GOVERNMENT TO MAINE TOWNSHIP VOTE CONCERNED CITIZENS PARTY APRIL 1

Interest In Niles

(Political News Release) Much more needs to be done, according to Todd, for one thing we would like to see a coordinated effort with the park district for more meaningful programs. Also he wants to start working with the youngsters of junior high school age.

Todd Bavaro

Incumbent Niles trustee Natale (Todd) Bavaro is one of the three trustee candidates on the Popular Independent Party ticket, the other two being Keith Peck and Jack Leske. Completing the Popular Independent Party slate are Ang Marcheschi for mayor and Marge Lieske for village clerk.

Todd Bavaro has a deep interest in Niles. He has lived in the village for 10 years, and is helping his wife Lorraine raise four children here. They range in age from teenagers Nick, 16, Donna, 14, Jeanne, 12, to little Natalie who is 4. Niles is where his children are growing up, and he wants the best possible environment for them. This party explains Todd's constantly working with the youth of the village. But more than that it shows his concern with one of the perplexing problems in our society today; understanding and guiding the young people.

"I don't want to wait until a boy or girl is in trouble with the police before we try to do something," says Todd. "The time to really do something is long before that."

LETTERS to EDITOR

In Reply

Dear Sir:

A reply to Dolores Jahns' letter of last week. I suppose if my husband were running for Mayor as is yours, I would be against the present administration for one reason or another, too. Anyone who read it should completely disregard your statements as prejudiced opinions and not impartial feelings of a typical Niles resident.

The residents of Cortland Park have much to thank Mayor Blase for. Conditions may not have been so good seven years ago. But what new community isn't faced with problems. Cortland Park was new then and in the past seven years Mayor Blase has always listened to our needs and cooperated in any way he could. He's never turned his back on us yet.

We lived in an apartment in Niles before moving to our townhouse. We had our choice of

many different areas in which we could buy. But Niles had much more to offer. Good shopping, lowest taxes of the surrounding areas and excellent police and fire departments. We were proud to live in an "All America City". We're here to stay in this great town. And this is mainly due to the efforts and achievements of our Mayor, Nick Blase. In the years that he has been Mayor, Niles has become the kind of city that we, as well as countless others, are proud to call our home.

The candidates opposing him claim we need new faces and new ideas. Indeed we do. The Era of Progress offers us 4 new faces with fresh new ideas and one face that we all know well. The face of a man who has served us devotedly for the past 8 years. The face of a man who has strong convictions and deep concern for his Niles neighbors. He has the ability to get things done and his past record

speaks for itself. I like his idea of "Progress with Economy". It shows that he intends to keep up our high standard of living while preserving the taxpayers money.

Until recently, I knew only that I liked where I was living and the way things were being run. I thought everyone felt the same. Now I see that a few people think differently. If they really care for the future of their community as I do, they will support the Era of Progress under the fine leadership of Nick Blase so that the City of Niles will continue to prosper and grow.

Timely Thought

Dear Mr. Besser:

Timely ad: Not plugging commercials.

Noted about Niles — carelessness on garbage day pickup. People do not secure the lids of their containers and consequently rubbish is blown on lawns and into streets. We personally use the plastic bags, manufactured for this purpose, which are secured with a tie. No metal cans to lug back either.

The village should adopt this "cleaner" method. Part of pollution — wouldn't you say?

Sincerely,

Mrs. John Mollita

A Master Plan

(Political News Release)

John Hilkin, the Citizens Party Trustee candidate, has recommended a Master Plan for Morton Grove. "Our village has matured to a community of over 27,000 people," said Hilkin. "Most of this growth has occurred during the last 10 years. All these years have passed without an in-depth appraisal of overall land use. Also the last review of zoning ordinances was in 1959. He continued, "We are going to separate the Planning Commission from the Zoning board because Planning and Zoning are two separate functions; Planning involves the overall development of a community, while Zoning actually regulates and implements the Master Plan."

party is a bi-partisan mixture of Republicans, Democrats and Independents, period."

"For example, support has been coming from all quarters, Marv and Gwen Weiner are typical, Marv a Democrat, Gwen a Republican, Dennis and Mary Cotter, newcomers to Morton Grove are independents in their approach to village politics. Bill Kramer for many years a community leader is chairman of the Citizens Party dance to be staged later this month; he is handling arrangements for tickets, band, etc., Bill King, former president of the Action party, is now actively engaged in working for the Citizens ticket. Ann Tiptino, John O'Brien, Maureen Dione, Gladys Novak, Lee Tamraz. So it goes, on and on..."

"Most everyone has a national party preference" said Houndt, "I happen to be a Democrat; my fellow candidates are Independents and Republicans, and are proud of being on the Citizens Party slate. We were selected by an appointed nominating committee, whereas the opponent party slate was hand picked by the present mayor, who ignored the screening committee recommendations."

'Blithe Spirit'

Zsa Zsa Gabor reopens the Mill Run Playhouse April 8 in Noel Coward's "Blithe Spirit". According to producer Carl Stohr, Jr., "Miss Gabor had a contract to star at Mill Run last November but postponed her appearance because of illness. When she offered to reschedule her appearance in April, we happily accepted."

Echoing Hilkin's remarks concerning the present administration's inability to cope with the needs of Morton Grove was Herbert Houndt, also a Citizens Party Trustee candidate. Houndt stated, "The warped thinking of our opponents is further shown by their constant reference to national party affiliation." "Frankly, this issue doesn't enter the political scene in our community; they are deliberately trying to cloud and subvert the vital local issues that we have been bringing to the attention of the people. Let us set the record straight one and for all," said Houndt, "Our

"No Politics In Village Government"

(Political News Release)

Keith Peck is an incumbent candidate for trustee with the Popular Independent Party. He is seeking re-election to the post he was elected to 4 years ago. In 1965 he ran on a ticket which included the present mayor of Niles. He could have done so again, but chose not to.

"The mayor desperately wanted me to be on his ticket," Keith explained, "but I could not in clear conscience do so. Since he became a committeeman, the mayor has become arrogant and insensitive to the people of Niles. Actually, 4 years ago I ran on his ticket only because Ken Scheel was part of it."

Soft spoken Keith Peck is unyielding on one point: he considers the village government as an area outside of party politics and will not compromise this idea. Keith says, "The mayor is using the village to build a political machine for himself. This is repulsive to me."

Keith's interest and involvement with the village goes back a long way. He has been active with the Kirk Lane Community Organization for 12 years and is now on the executive board. For 10 years he has been involved with the Niles Baseball League as a coach, manager, and member of the registration committee with Jack Leske.

He was chairman of the Citizens Committee for Better Parks when that group helped pass the first successful bond referendum for the swimming pool and recreation center. This was one of the important phases of citizen action leading to the All America City award. In 1963 Keith was elected a Park Commissioner and served with distinction.

Keith and his wife Elsie have lived in Niles for 14 years. They have four sons: Ray 17, Rich 15,

Randy 12, Robert 10. While raising his family and working during the day, Keith attended Marquette university at night to obtain a Bachelor of Science degree in mechanical engineering. He graduated with two honor awards, the highest 4 year scholastic average and the highest average in the senior class.

Keith Peck

Keith has been employed by the Interstate Bakeries Corp. for 21 years, the last 10 as chief plant engineer.

For relaxation Keith bowls, golfs and square dances. He has been active with the Niles Little Square Dance club for over 10 years, serving as vice-president, secretary and treasurer.

As a trustee for the last 4 years he has worked on the polio clinic, measles clinic, disaster plan, medical self-help classes, and air pollution ordinance. He is now the chairman of the Committee for Public Projects.

With his busy schedule Keith can at least take it easy on Sunday, right? Wrong. For 8 years Keith has been teaching Sunday school at the Niles Community Church.

"I guess I am pretty busy," says Keith, "but I enjoy the things I am doing. All the candidates of the Popular Independent Party have a history of interest and concern in Niles. None of us have selfish motives, which cannot be said for the opposition."

Candidates Night March 26

This meeting will be held for the residents in the Niles Gardens East Homeowners Association boundaries. The area is Waukegan to Harlem and north of Main st. to Wright Terrace.

Nilehi Board News, Notes

After further review of next year's school housing needs for the Nile Township High schools, the board of education Monday night approved a proposal providing an optional simple stagger in the schedule of classes for 1969-70. According to Superintendent Charles Szuberla, the option would permit students who arrive at school early to register for one of a limited number of electives made available before the beginning of the regular school day, and to subsequently be dismissed one period early.

Brought to the attention of the school board was consideration of a quadrimester plan to alleviate the school-district's building needs between 1971 and 1975 when anticipated peak enrollments are reached. The board asked Szuberla to describe the plan more fully in writing before the next board meeting when it hopes to be able to give him more firm direction in solving the long range needs of the district. Board President Meyer Kamin urged that if interest is shown in any extended school year plan, public hearings be held to explain the plan to high school and elementary school parents. Szuberla also reported that he hopes to present a recommendation to the board at its next meeting on the late arrival-early dismissal plan for next September.

Early in the meeting, the board of education acknowledged receipt of a letter from a committee to defend Roberta Kass, requesting that the school board hold an open meeting to discuss why Miss Kass's probationary contract was not renewed for next September. Board president Kamin reported that the board had stated its reasons in a letter to Miss Kass and was prevailing upon its legal right not to reappoint a probationary teacher. The board said it will schedule a hearing pending the arrival of a for-

mal grievance from the Nile Township Federation of Teachers.

During time allotted on the meeting's agenda for visitors' statements to the board, several students addressed the board on the subjects of smoking, policy statement on student dismissal, and press passes. One student asked that school custodians be allowed to use the dining facilities accorded students and faculty. The administration explained that no staff member was prohibited using school facilities.

The last full meeting of the present board of education of the Nile Township High schools will be Monday, March 24, at 8 p.m. in the Nile West High school.

After school board elections April 12, the high school district's new board will convene on Monday, April 21.

The regular meeting of April 14 has been changed to that day because of the National School Board Association's annual convention in Florida that week.

Stated for a full discussion at the meeting of March 24 is the subject of student smoking in the three township high schools.

A faculty-student committee at the Nile West High school has proposed that a special area be designated at that school for student smoking.

Currently, students attending the Nile Township High schools are not permitted to smoke on the school premises. State law until recently also prohibited smoking on school property, but that law was recently changed.

M.G. Park District

Don Lutz of the Morton Grove Park District has announced the beginning of the Spring soccer season. Registration and the first practice were on Saturday, March 15 at the Harrier Park soccer field. Final registration will be on March 22 at 1 p.m. at the Harrier Park soccer field. The fee is \$2.00 plus a \$1.00 deposit on the uniform.

The Park District again will be affiliated with the Young Sportsman's Soccer League which includes various surrounding suburban Park District teams. Larry Shelton, the head coach, promises some exciting special games, including a series with a Madison, Wisconsin league. Our Midget All Stars last year were undefeated and most of these same boys will be eligible for the new Intermediate All Star team.

The staff again consists of Larry Shelton as head coach, Larry Schulte as Administrator, and a coaching staff with Fred Hegel (also League referee), Karl Edwardsen, Sam Spohn and

a newcomer, Jules Spitz. Larry Schulte also states that he has several other ex-soccer-playing fathers in Morton Grove who will help train the teams during the weekly practice sessions.

The official league game season will run from April 15 through June 7, with the first league game being held in Morton Grove. The requirements as set by the Young Sportsman's Soccer League include the following: Age for Midgets - 9 to 12, and 12 to 14 for the Intermediates. Boys must be 12 before April 1 to be eligible for the Intermediates. It should be noted that soccer is a strenuous, exhausting game, and therefore, if there is any question of physical health, the coaches recommend checking with your family doctor to preclude any problems in this area.

The Morton Grove Park District is holding several pair of skates from this past skating season. The skates are in the lockers at Harrier Park Pool building and a key which was

Also on the agenda will be Superintendent Szuberla's recommendation concerning the disposition of five emergency weather days included on the school district's calendar for the current academic year. None of the days was used during the winter months.

The board of education is also expected to consider a policy statement relating to student publications, the bus transportation contract for the school year 1969-70, and the long-range school housing needs of the district.

Board President Meyer Kamin will present his review of the past year to the complete board. Kamin completes his first term of three years on the board; the last two as president, at the March 24 meeting.

Candidates who have filed petitions for the high school board of education are Mrs. Vivian Medak, an incumbent who has completed one three-year term on the board; James Moore of Lincolnwood; and Lionel Gilbert of Skokie.

The deadline for filing petitions of candidacy for the school board is Saturday, March 22, in the district business office at Nile West.

IHSA On TV

The 1968-69 Illinois High School Association State Gymnastics meet from Nile Township high school (west division) in Skokie will be presented on WGN Television in color, on a delayed basis, Saturday, March 22 from 3 to 4 p.m.

used to lock them in the locker will have to be returned in order for those persons to pick up their skates. The deadline for picking up these skates is April 1, 1969.

The Morton Grove Park District Teen club will sponsor a Roller Skating Party Friday, March 21, 1969 at the Playdium, 1766 Glenview rd., Glenview, Illinois from 7 to 10 p.m. Admission is 90¢ and the rental charge for shoe skates is 30¢. If you own your own skates, the wheels must be wooden, rubber, or plastic; and NO blue jeans will be allowed.

If you are not already a Teen member, register at the Park District Office before March 21, 1969.

The Morton Grove Park District Teen club is also having a "Car Wash" Saturday, March 29, 1969 at the Harrier Park Pool parking lot from 11 a.m. to 4 p.m. The Car Wash will be open to the public for only \$2.00.

To accommodate absentee voting in person, the township clerk's office will be open daily and Saturdays from 9 a.m. to 4 p.m. beginning this coming Monday, March 17, Raffe said, through Saturday, March 29. The town clerk's office is located in the unincorporated area at the east end of the high-rise at 2600 Golf rd., Glenview. That's east of Washington st., which is the first traffic light east of the Golf-Mill shopping center. For voters leaving the areas well before school Spring vacation, absentee voting can be handled by mail, Raffe pointed out. Applications for mail absentee ballots can be picked up now at the town clerk's office or obtained by sending in an immediate request by mail before March 27. Under the state law, ballots can be mailed only to your vacation or out-of-town address out of Cook county to be completed there and mailed back as soon as possible so as to be counted on April 1. He added that applications for absentee ballots, as well as additional information, can be obtained by calling 724-6400. East Maine Teachers Federation Suing #63 Bd., EMEA

East Maine Teachers' Federation, Local 1893 of the American Federation of Teachers, has filed suit against the Board of Education of East Maine Dist. 63 and the officers of the East Maine Education Association (EMEA) for one million dollars.

The suit charges the board with upholding and supporting discriminatory actions against the federation in collusion with the EMEA and school administration.

In the suit, the federation has asked the courts to issue an immediate injunction to restrain the Board of Education of East Maine, its agents and employees from discriminating against the federation, from censoring or preventing the distribution of federation literature and to restrain the board from attempting to enforce the recognition of an administrative association upon the entire faculty of the district.

An additional injunction is being sought in the same suit to prevent the board from singling out members of the federation and threatening them with disciplinary action and possible dismissal for carrying out federation activities.

Attorney for the federation is Andrew J. Leahy of the firm of Lichtenberg, Goebel, DeJong & Leahy, who, along with his wife Mary Lee, recently won the Marvin Pickering case in the Supreme Court, a decision considered a landmark in the AFT's fight for teachers' civil rights. Pickering, a teacher in Lockport, Illinois was reinstated in his former position with all back pay after he was fired for writing a letter critical of the Lock-

port School Board to a local newspaper.

Mrs. Donna Blumer, president of the federation, stated, "Since the formation of our group, administrative pressure has made it virtually impossible for us to function without the fear that some of us would lose our jobs, either by being fired out-right or from loss of draft deferments. The resignation of our first president, Ray Sol, on the first day of school, which was brought about by extreme administrative harassment, lent credence to our fears. I myself have received threatening letters threatening me with disciplinary action and dismissal for carrying out union business of which the administration has been afraid.

"The atmosphere that pervades our district as a result of these unlawful and unethical acts has frightened many teachers into looking for jobs elsewhere. The stability of this school system will never come about until the board and administration face up to the fact that they are not in control of a feudal fief, where pleasing one's superiors with docility is the only criterion for remaining employed.

"The federation's goals are constructive goals. For a board that claims to be so innovative and in tune with the times, ours certainly has demonstrated an archaic attitude toward today's teachers. A strong federation in this district can only do it good. Teachers who are aware of their rights and who will defend them are the kinds of teachers children need today. They won't respect any other kind."

he have joined with her, and if so, would he still have campaigned for a part-time clerk?

We'd also be curious to know why Marcheschi and his friends decided not to run with Blase, rather than Blase not wanting to run with them? Is Blase's domineering ways behind the split? Is it true Blase becomes abusive in private meetings? Is it true at a meeting with the Tam O'Shanter interests he gave all the people, including the millionaires' attorneys "hell" and walked out on them? Is this Blase's consistent behavior when he's confronted with opinions which are contrary to his? Are the remarks which we've heard said over and over again Blase is just plain rude with one and all and leaves a very poor impression of the village, a fair comment about the Blase many Nilesites may not be aware of? And is this the MAIN ISSUE which is never mentioned?

Questions asked of Marcheschi would have to start with, "How come you were Blase's main supporter for 5-1/2 years and now are opposing him? Is the goal of Mayor the sole reason for your split? What outstanding work did you do as trustee to merit seeking the top job? Why did you vote the same as Blase on every split, vote which required his vote, up until the pre-election campaign? If your interest in Niles and the community is what you say it is, where were you 8 years ago when most of the community backed Ken Scheel-Len Szymanski and Bob Wente who pulled Blase into office? Why were you campaign manager for a friend rather than working for the only ticket which had no outside political support, and was the only one which vowed to turn the town around?"

Other needed answers should come from the candidates. Marge Leske should be asked if she is the one who put her ticket together? And if so she should PUBLICLY tell everyone what she means when she says "I've had enough?" Enough of what?

Her opponent Frank Wagner should be asked, did Blase initiate your speech about the need for a part-time village clerk? Is his attitude which seems to be "out to get Marge" behind what you're now campaigning on? And Marge should be asked, "As you seek an eventual \$15,000 a year salary as Blase contends, which he says helped cause the split between you?" Also, how can the village justify a full-time village manager and a full-time village clerk, unlike surrounding communities which have part-time clerks?"

Village trustee candidates should also be asked questions. Keith Peck should be asked, if Blase's "overbearing" attitude may be due to an "underbearing" attitude on the part of the trustees? Jack Leske should answer whether he believes he should leave the park board in the middle of his term, rather than completing it, especially since park matters are presently in limbo? Todd Bavaro should answer if he honestly did not know whether or not the Mayor candidate he chose (Marcheschi) was really his preference? Pete Pesole might be asked since you've been so closely aligned with Blase and the Democrats, as a precinct captain, would you serve on the village board as an independent? Dick Gruenwald might answer since he's been active in Republican circles, if removes his fellow township Re-

The Auxiliary's Juniors are girls under the age of 18, daughters and sisters of veterans. Their program is broad, carrying out interesting activities which give them training for future senior Auxiliary leadership and American citizenship.

The girl's prime function is aiding in the seniors in the welfare of the disabled war veterans. The young ladies fashion bright tray favors on a monthly basis for those men still hospitalized. Other home-made items such as stationery holders, crossword puzzles on boards and handkerchief kits are made and presented as gifts.

The 7th District encompasses Junior Auxiliaries in the north shore area, both in Chicago and the suburbs.

The district Juniors perform these same services.
