Sign Of The Times?

By Naomi Krone

It was silly time in Niles

Tuesday night.

Let's set the scene. Time:

8:10 p.m. Place: Niles Police

Building. Meeting: Niles Vil-

lage Board of Trustees. Meet-

ing had already been gavelled to

order by President Nicholas

Blase and minutes of the pre-

vious meeting were being con-

sidered. Trustee Marcheschi announces it has come to his attention a member of the village board no longer resides in Niles. Blase asks who? Marcheschi says Bob Wente. Blase asks Wente where he is now residing—Wente says his legal residence is Niles. Blase says the village attorney will determine that—where does Wente

Voters in Maine and Niles townships, by a 9-5 margin, Tuesday approved the establishment of a junior college for the Niles-Maine townships area.

The candidates for this office, Marge Lleske and Frank Wagner, are both diligent and able workers. Either will serve the village well. Wagner has campaigned that the job should only be part-time at a salary of \$3,000 annually rather than a full time job at \$10,000. Since Niles now has a village manager the part-time argument may be valid. However, if it is relegated to a part-time status, a deputy clerk or an assistant to the village manager will be required.

Father Wiskirchen, chairman of the Music Department at Notre Dame High school for boys in Niles is recognized nationally as a leading authority in the area of educational jazz.

The presentation will cover a brief survey of past jazz practices and then go on to emphasize and illustrate some of the current trends in the world of jazz art. The demonstration part of the lecture will utilize the jazz combo from Notre Dame High school under the direction of Vic LoVerde, 7540 N. Nora, Niles. Troop 62

Eagle Cave, Wisconsin's largest cave, was the scene of adventure for Boy Scout Troop 62 in their recent weekend outing. Twenty eight boy scouts and 8 adult leaders arrived at the cave by noon Saturday. After lunch, they enjoyed a guided tour of the cave followed by the opportunity of exploring several passages, some of which are presumed to have not been previously appreciated. The day closed with a Boy Scout prepared supper and a bedding down in the cave, where the temperature remains a constant 54 degrees during winter and summer.

A total of 227 students attained the honor roll during the Winter quarter which ended Feb. 21, 1969, 46 of whom had a grade point average of 3.7 or higher. These students represent a cross section of those enrolled in electrical and mechanical engineering as well as those in the engineering technology curriculums at MSOE.

Hiking the trails in this heavily wooded and hilly area of Wisconsin was a delightful ending to an eventful weekend in scouting for the boy scouts and leaders, whose names are as follows: David Alden, Richard Blair, Lawrence Bodzewski, Frank Buck, Richard Dedeckin, Richard Dick, George Jensen, Steven Johansen, John Keker, David and Richard Koster, Ken Laszczak, Thomas Lente, Thomas Leonard, James Marmitt, Kenneth Maurins, Steven Miller, James Pifke, Charles and William Seelen, Owen Shurson, Rick Strauss, Donald Winter, Angelo Martorano, Brian Huebner, William Mertens,

Harry is a 166 average bowler who has been in the league for 17 years. He had games of 164-300-150 for a 614 series. The 300 game was bowled on alleys No. 11 and 12.

How long will an electric heating system last?

The odds are—
It'll last as long
as the house.

You see—electric heating is for people who don't like replacing furnaces every ten or fifteen years. For people who like uncluttered basements. For people who like clean, even heat with precise comfort control.

O.K. all you people. Pick up your telephone and call our nearest office for more information on the one heating system that lasts for ages—it's electric.

Mourn Loss Of Friend

Dear Sir:

I am endorsing both of these men not so much for what they have done in the past, but for what I feel they would do in the future. Both have evidenced a sincere desire and capability toward, with, and in the best interests of, the young people of our Village. To me, our young people are one of the most important assets.

While I had my preferences, it was my feeling that I should not endorse any one particular candidate, as many times the difference between two candidates is too fine to be distinguished.

people are one of our most important assets. If they are to lead our country in the future, they will need the guidance of men such as these.

However, I feel that I can endorse, at this time, two candidates running independently for the office of Village Trustee — Mr. Martin Ellis — for the technical and administrative skills he could bring to the office, and Mr. Michael Provenzano for his excellent record on the Park Board and with other Civic Organizations, as well as his wide general COMMON SENSE.

There is also one other factor that these two men possess; that, I believe, is very important, and that is PLAIN, GOOD COMMON SENSE.

Thank you,

Donald J. Jahns

Open Letter

Open Letter to the People of Niles:
Residents of Niles,

In some political mailings, a certain Mr. Pesole has taken some pot shots at the Niles Park District and in particular — Jack Leske. Since Pesole hasn't bothered to ever attend a park meeting, you readers may well question his awareness of park procedures. For everyone's information:

1. The Commissioners en-

nually select their president from within their ranks. The job is "rotated" annually to get new ideas into leadership.

2. No park president has ever resigned.

3. The Park will complete its land acquisition program with or without Federal Funding.

4. Village Trustee Keith Peck has attended many Park meetings demonstrating present Village-Park liaison.

personally. For the most part, Mr. Hobs, you have conducted a most inept and scurrilous campaign - as though anyone who does not agree with you is of sinister character.

Mr. Hobs, you well know that I use my car in Village business, as does the health inspector and building inspector. We all receive compensation for the use of our automobiles. This \$750.00 you claim I received illegally actually was in our appropriation and was for my car expenses for the year 1968.

Your false claims have upset my five children to the degree where they question the authenticity of your charges. You evidently intend to use any means in your effort to win the election, even though you unjustly blacken a person's character.

You well know that no one received illegal payments in our village. Mayor Schreiber and Clerk DuMont received their additional compensation as chairman and secretary of the board of local improvements. In your disregard of facts, you display a complete ineptitude to

be entrusted in any public office.

In closing, let me caution you that when you appeared at my home and electioneered to my children, who cannot vote, I did not appreciate your telling them that you are in definite favor of all youths rebelling against established authority. You are only undermining my efforts to instill in them respect for character and the laws of our country.

Park Board Needs

(Political News Release)

Abe Selman, candidate for Park Commissioner, discussed the basic needs of the Niles Park Board at a recent meeting.

In a presentation Abe listed these needs as:

ACTION - The Park Board should provide initiative and direction for Park programs and recreational facilities. Instead they have only responded when they have been prodded by irate citizens. They must be an ACTION group, not a REACTION group.

DECISIONS - The Park Board should act out its role as a DECISION making, POLICY making group. They must not get involved in the day to day administrative details which should be handled by their professionally trained administrative staff.

INVOLVEMENT - The Park Board should create an atmosphere to encourage the INVOLVEMENT of the citizens of the Park District in its programs and plans.

RESULTS - The Park Board has made excuses for delays of their programs and poor park facilities long enough. We're tired of newspaper articles citing reasons for delays. The people of Niles want RESULTS NOW!

Abe continued citing why his election can help satisfy these basic needs. "My civic and business experience qualify me for the job of Park Commissioner."

"After moving to Niles 6-1/2 years ago, my deep involvement in civic affairs began with my activity in my homeowner's association. I am now President. This led to my involvement in School District activities, having served as a Vice-President of the Hynes school P.T.C. Through my son Philip, I became involved in the

spectators; addition of perimeter lighting in all parks for both beautification and safety; a new updated park police department; new playground equipment in all 10 parks.

New recreation programs were introduced, including hockey, soccer, T-ball, wrestling, flag football, water safety instructions, a competitive basketball league. New programs for the teens included Jr. high dances; teen theatre; charm course. Men and women were introduced to bridge instructions, volleyball, square dancing, Slimmatics. Programs for pre-school to senior citizens were expanded, and today, both groups are recognized as leaders in the suburban area. Last but not least, a day camp program was initiated which proved so popular that the sessions have been doubled in two years.

Mr. White would like to see these programs continue. In addition, he would hope that the winter sports and teen programs could be enlarged, and all programs desired by the community.

A Case Of Believing

(Political News Release)

I decided to throw my hat in the political arena for many reasons. It is about time more average citizens of Niles stood up to be counted. I too am deeply concerned when it comes to the area of our young people. Measures must be taken to provide a better form of recreation. Too much unused time breeds indifference. We have to work together to make the in-thing something creative and not something destructive. During the next four years, a Trustee must be ready, able, and willing, to meet and work with our school boards, to meet and work with our park board, and devote his time and energy to working for the betterment of the community.

You and I can and must make our Village an even better place in which to live and raise our families. We live in Niles because this is our home, the place where our family ties, the place where we want to raise our children. We live in Niles because of its unique advantages and in spite of its disadvantages. We must not, however, resign ourselves to accepting its disadvantages. Working together, we can provide an attractive atmosphere, quality elementary and high schools to educate our children, neighborhood parks and recreational areas to serve our families.

Martin W. Ellis, Independent Candidate for Niles Village Trustee

Niles Baseball League. I am now entering my 4th year as a coach and manager."

"My involvement in the Baseball League made me realize the terrible lack of park facilities and the need for park improvement in Niles. I then formed a Citizens Committee which spearheaded the formulation and passage of the park referendum. For these and many other civic activities I was named MR. NILES! for 1968."

"Through this extensive civic involvement, educational background (Selman has a Masters Degree in Accounting) and wide professional experience as Assistant Superintendent of the Reports and Statistics Department in my firm, I feel I can bring to the Park Board the leadership required to alleviate the basic faults cited."

Meet The Candidates

"The Way It Is"

(Political News Release)

The ERA OF PROGRESS PARTY has, from early in January of 1969 presented to Niles voters the only positive, well-defined programs and ideas raised in this campaign. "We began this campaign on a positive footnote and will continue to do so until election day, April 15," declared candidates incumbent Mayor Nicholas Blase, Village Clerk Frank Wagner, Jr., Trustees Ralph Bast, Richard Gruenwald, and Peter Pesole.

"What is most important is that the Governor reacted to the requests of the CCCG. Quite obviously, a new mayor will not be in a position to work this effectively," said Blase.

Frank Wagner, Jr., has presented positive programs with new ideas for convenience for Niles residents as candidate for Village Clerk.

"I have not hidden my ideas for fear of my opponent's stealing

them. Since my opponent never had an idea, none could ever be presented, or ever will be. As Director of Records of the Niles Police Department, I have completely modernized and updated the Records department, so that other suburban Police departments are now copying our system. My opponent claims to be a deputy clerk, a finance director, an assistant Village Manager, besides being a village clerk, but is neither an Accountant, or has ever had Management Training," stated Wagner.

"I can save the taxpayers \$28,000 over the next 4 years by your electing me a Part-Time Village Clerk at a salary of \$3,000 per year, with the savings going toward inevitable computerization if we are to give residents the service and convenience they require."

PEOPLE, TAXES, AND YOUTH, has been the theme of

2. The winning of the ALL AMERICA CITY award because of our remarkable progress. Awarded to Niles by LOOK magazine & the National Municipal League.
3. Our top ranked Fire, Police and Public Works Departments in the state of Illinois.
4. The only SENIOR CITIZENS Housing in the Northwest Suburban area, for OUR parents and older residents.
5. The only FAMILY SERVICE BUREAU in the Northwest Suburban Area.

APRIL 15 ELECT THE ERA OF PROGRESS

BLASE • WAGNER • BAST
GRUENWALD • PESOLE

Ralph Bast, "Mr. B" to the youth of Niles, affords the Niles voter an opportunity to have a qualified man to serve the special needs of our Youth. His programs in regard to vocational training for high school graduates are one of the most sound and exciting highlights of his platform. Bast's creativity certainly offers the stimulus heretofore lacking.

Richard Gruenwald, President of the Niles Regular Republican Organization firmly believes bi-partisan government belongs in local government. "Democrats and Republicans are government. This is the way it should be. As Trustee, my business and financial background will be of great service in the area of taxation to Niles residents, particularly in the school tax issues," commented Gruenwald.

"Not Much To Offer"

Mr. Marcheschi:

It's a lucky thing for us Nilesites that you are around to inform us we're living under a "cloud of fear". We've been so busy being happy satisfied Niles residents, we never would have noticed it. If life in an "All America City" is like living behind the Iron Curtain then why didn't you speak up long before this, or were you too busy giving your full support to the very man you now call a dictator.

Come on now, run your campaign but don't insult our intelligence. Juveniles can't vote; you're addressing responsible adults who can think for themselves. We don't live in a vacuum, most of us know the issues, such as they are, and can make an intelligent decision on the basis of facts, not fiction.

As far as the Era of Progress party workers are concerned, they give their support freely and without thought of favors or patronage jobs. I know this for a fact as I am proud to say I am among the many. The only thing I hope to gain by my support is another 4 years of good government in Niles and perhaps a few constructive changes. The Era of Progress candidates offer us this. I find it very difficult to remember

Meet The Candidates

A Better Village

An Open Letter To The Citizens Of Morton Grove

isn't going to back Niles Township Candidates.

I am tired of hearing Mr. Nimrod and the Action Party accusing my husband and the Village Improvement Party of being backed by the Township Democrats. The Citizens have told the people that the Action Party is backed by the Niles Township Democrats and Mr. Bode himself has admitted to the fact that he and his party is sponsored by the Niles Township Republicans. Now I ask you fine people of Morton Grove, how can the V.I.P.'s be backed by one of these organizations when they are controlling the two opposition parties. Now they say we're backed by the Maine Township Democrats! Dick, Mr. Haas, and Ken Peiper all live in Niles Township, and I'm sure it's not true, because all he wants is a better Morton Grove to

have our children grow up in.

If any of you interested citizens wish to hear our Treasury Report, come to the Safari on Wednesday night after 8 p.m. Any other night there isn't any headquarters because we don't have the money the other parties have, so we only rent a meeting hall one night a week. I can honestly say that our Campaign probably won't cost as much as the other two Parties are putting out for rent on their H.Q. If you think back you'll note you haven't received one mailing from the Village Improvement Party. The Action and Citizens have each had two mailings. Now who has the Money????? It surely isn't the V.I.P.

Thank you,

Mrs. Dick Hohs

Each of the three high schools will register these students, starting at 7 p.m. at Niles West in the student cafeteria; and at 7:30 p.m. in the assembly room at Niles East and in the auditorium at Niles North.

Guidance counselors will be available at each school to help students with their program planning in the registration process.

Jack Leske has a similar tenacity which also belies his rather easy going ways. Jack pursued six industries in Niles township, which were in the village of Niles but in the Skokie Park District. After 5 years of pursuit he finally signed them to come into Niles Park District. The \$20,000 added revenue the park district will receive is a testimony to the value of a public official, who has wherewithal, knowledge and the ability to carry thru such a project. Next to former trustee John Stanley's efforts in annexing Golf Mill into Niles, Leske's \$20,000 annual addition to Niles Park District, was the greatest singular effort we've seen made in Niles.

Since there is likely to be an opening on the park board after April 15 it would seem fitting since these men have made the effort in the past, and have taken the time to run for office, the loser should be selected to fill the vacancy.

In the park board race we recommend Nilesites cast their vote for Abe Selman. He headed the citizens committee which led to the passage of last summer's park referendum, working many months for its passage. We've passed only two referendums in past park actions, once when Keith Peck led a citizens committee, and this time when Selman was in charge. Like Peck, he is also a night school college grad, receiving 2 masters degrees and a bachelors degree over an 18 year period. He is a marvelously qualified and dedicated man and Niles would do well to elect him to a Park Board that is greatly in need of a person with professional and formal training. His chief opponent, Walter Beusse, has served well in the baseball leagues, but the need for a man interested in all phases of park activities is essential, especially since Lou Schreiner will not be returning and Jack Leske

Summer School Deadline On Tuition Is May 15

Residents interested in attending public junior colleges in Illinois this summer are reminded that the deadline for tuition reimbursement claims is May 15.

Applications for repayment of the basic tuition incurred by persons residing in Niles Township while attending classes at an Illinois public junior college can be obtained at any of the three high school offices.

By law, persons living in an area not currently a part of a junior college district may apply for the reimbursement of basic tuition costs.

More than 30 state junior colleges, or community two-year colleges as some are called, have been established in Illinois as part of the junior college system.

A proposition to establish a junior college district encompassing both Niles and Maine Townships will be placed before the residents in a special referendum on Tuesday, April 8.

Without a junior college for these two townships, Szuberla said, students will have to seek admission to junior colleges elsewhere in the state, which in turn will accept them only so long as their space permits.

Spokesmen for the establishment of a local junior college say that it will retain money in the district, that it will be under a local board's control responding to the educational needs of the area, and that it will improve the property values of homes, which are frequently wanted because of the educational opportunities in the area.

The foreign study program at Salzburg university, begun at the University of Portland in 1964, will include tours throughout Europe. Contemporary U.S. history and one year of German are prerequisites for the Salzburg students, who will leave in August, 1969, for the 10-month school session abroad.

M.G. Legion Auxiliary

Hundreds of disabled veterans in Veterans Administration hospitals across the land are busily fashioning red crepe paper poppies - the memorial flower worn each year around Memorial Day to honor America's war dead.

Jeanette Hack has a wide background in the carnival field and has served the Days Committee as delegate from the Legion Auxiliary in the past.

This past year she and Mrs. Anthony La Rosa have been the Auxiliaries delegates.

The new board member has handled many committee chairmanships for the Auxiliary including Poppy Day and Girl's State, both of which she is serving once again as chairman of this current club year.

Serving in the Poppy Chairmanship for Post #134 is William Cunnally, 7533 Wilson Terrace. Both he and Mrs. Hack have both held these chairmanships in the past, together also; and they have begun to plan the poppy drive for Morton Grove.

Bill adds, "just a small percent of the public really knows how and where the poppies they see each Spring are made."

Mrs. Hack has three sons and is a member of St. Martha's Parish and its Women's Society. The Auxiliary is very proud of her unselfish civic endeavor and salutes members such as Jeanette.

The purpose of the homemaker search include:

1. to enhance the dignity and prestige of the American home.

2. to stimulate interest in homemaking.

3. to emphasize the outstanding contributions to the home being made by high schools and their teachers.

A state Homemaker of Tomorrow and runner-up will be selected from the winners of the schools in Illinois. The state winner will receive a \$1,500 college scholarship, and her school will be awarded a complete set of the Encyclopaedia Britannica by Encyclopaedia Britannica, Inc. The runner-up will earn a \$500 educational grant.

Past Morton Grove Junior Homemaker Theresa Kimura has been selected by 7th Dist. Director Mrs. Kay Leisure to be her personal page at this mini conference. During the "convention" Theresa will escort Mrs. Leisure to the rostrum and introduce her to the audience with the other district directors. In turn Mrs. Leisure will then introduce Theresa when the pages are acknowledged.

The Juniors are daughters and sisters of Legion members and former servicemen, under 18 years of age. They meet independently once or twice a month to perform various programs in the rehabilitation line.

Mrs. Hack has served in this position previously and comes well prepared to add much to the planning of the annual summer carnival of the "Days" as she steps in and assists even when not on the board.
