## Meet May 6 On New Jr. College Trustee Choices

An open meeting for all citizens interested in either choosing or becoming one of seven trustees for the new Niles-Maine community college will be held Tuesday, May 6 at 8 p.m. in the lobby of Niles West High school, Oakton and Edens, Skokie.

The meeting has been called by members of the former Niles - Maine Junior college

committee and other interested citizens with the hope of finding a means by which to endorse the most qualified candidates seeking to become trustees in the election on June 21.

"We have been informed that a good number of people have sought petitions of candidacy," explained former co-chairman

Raymond Nelson. "Our aim is to seek out those candidates, introduce them to the community," describe their qualifications, and support them in the election.

"We realize that the first college board will set the tone for our community college. We want to be of service to them be-

cause they in turn will be serving us as trustees."

Nomination petitions for becoming a trustee may be obtained at the office of the Cook County Superintendent of Schools, room 407, Chicago Civic Center.

The petitions must be signed

by at least 50 voters who reside within the community college district, and filed at the county superintendent's office between May 7 and May 29.

To become a trustee, one must be a U.S. citizen, 21 years of age or over, and a resident of the college district for at least one year.

## From The Left Hand Stevenson To Dedicate Area School

By David Besser

Election left-overs

After seeing the ballots of 7 precincts which were being re-counted Monday night we've a message for Niles... there's a great number of DUMB voters in this community. There were voters who voted for every Mayor candidate... and voters who voted for 4 and 5 trustee candidates. There were voters who placed check marks instead of X's in the places before the candidates' names. There were voters who voted for a straight ticket and then voted for additional independent trustee candidates. There were a lot of 'dumbies on April 15 and we think since this is your town you've a right to know about it.

An open house will be held from 2 p.m. to 3 p.m. during which time visitors may tour the modern team teaching, non-graded school which uses multi-groupings to teach individual students.

Just as there are dumb voters so there are also dumb newspapers. If you live in Niles last week you read half of the Morton Grove Left Hand column in your Niles Bugle paper. And if you're from the Golf Mill-East Maine area you read the Niles column on its front page.

We have a standing gag in our office whenever there's an error in billing or in our ads we blame it on "the girl in the office." Well, we blew last week's column and we're afraid we have to blame "the guy in the office" the one whose name is atop this column, since he's the last one to see it before it is locked up for the press.

Left-overs from last week which you didn't get to read included this wrap-up of the election:

Cries of machine politics, outsiders coming into the village and working the polls, were heard all day and into the night of the election by the losing candidates in Niles. Also heard were the township politicians were sticking their noses into the village, which is more anathema during village elections.

In Niles losers Ang Marcheschi and Marge Lieske were strongest at the polls at St. Benedicts, Crennan Heights and Notre Dame. But none of these polls had the overwhelming margins Blase and his friends had in Blase's home area of Park Lane, as well as at the north precincts and at Chesterfield Gardens.

Blase won by 1700 votes. In these 6 polls he rolled up a 3 1/2 to 1 margin.

While Gruenwald was the top vote-getter in his trustee race he trailed the top of his ticket in 23 of 28 polls. Second high trustee candidate Keith Peck topped his Mayor candidate in 25 of the 28 polls. Third winner Pete Pesole topped Blase in 2 of the 28 polls while loser Jack Leske, who trailed Pesole by 45 votes, topped his Mayor candidate in 24 of 28 polls. Fifth high vote-getter Ralph Bast failed to top the head of his ticket in any

## Review Of Ballots Shows Judges Accurate

# Pesole Is Trustee Winner

At a re-convening of the Board of Election Commissioners Monday night newly-elected trustee Pete Pesole was recognized as the duly elected village trustee, resulting from the April 15 election.

"The election judges did a very good job and any further investigating is not warranted," was the closing statement of Niles' 1969 village election, stated by defeated village trustee candidate Jack Leske.

Leske, who lost to Pesole by less than 5% of the vote cast for the third trustee seat, petitioned the commissioners for a "petition of discovery" which is a review of 25% of the precincts' ballots. After checking each ballot in the selected 7 precincts (from the total 28) it was found the official count of the judges was accurate. The recount showed Leske lost 1 additional vote, which placed Leske 46 votes behind Pesole, who received the third highest number of votes among the trustee candidates.

After the election the Board

of Election Commissioners, who are the present village board of trustees, canvassed the vote of the 28 polls. Their canvassing was the recording of the official totals submitted by the election judges in each of the precincts. Within 5 days after the canvassing a candidate who lost the election by 5% or less of the total vote can petition the election commissioners. He then can choose any 25% of the precincts and the ballots are all re-checked. This was the procedure which took place Monday night.

Leske chose precinct 1, 7166 Milwaukee ave.; precinct 9, 7328 Breen; precinct 14, 8117 Ozanam; precinct 20, 9141 Milwaukee; precinct 22, 8633 National; precinct 23, 8200 Greendale and precinct 28, 9201 Maryland. Based on the totals re-counted by Leske and his attorney, Gabe Berrafato, Leske lost an additional 6 votes in precinct 1, while Pesole lost 5. In precinct 9 Leske lost 4 while Pesole lost 1; in 14 Leske gained 1, Pesole gained 3; in 20 the count was correct; in 22 Leske gained 1 while Pesole's total was correct; in 23 Leske gained 2

### Niles Library News

"Landmarks of America," a series of 12 original watercolors by Arthur Barbour, is on display now to May 12, at the Niles Public Library. The paintings are the original illustrations commissioned especially by the Equitable Life Assurance Society of the U. S. for its 1969 calendar, distributed nationally. The exhibit is made available locally through Sidney H. Brandt, District Assistant, with the Equitable here in Chicago.

The distinctive watercolors sample picturesque American landmarks, some famous and others less well known. Some of the scenes depict natural wonders; others give Mr. Barbour's impressions of symbols of geographical localities.

A native of Paterson, N. J., Mr. Barbour's watercolors have been exhibited throughout the United States in museums, galleries, and libraries. His works were also part of a 1967 tour-

#### Successful?

Niles Days Committee  
Niles, Illinois 60648

Dear Members:

The Woman's club of Niles has been a member in good standing of the Niles Days Committee for many years; however, upon the unanimous vote of the membership of the March 19 meeting, we do hereby submit our resignation.

While the Niles Days Committee's past contributions toward the Village of Niles are to be commended, it is our considered opinion that it has lost sight of its purpose with regard to the entire community and is now setting sights on goals which are out of its sphere, i.e., a scholarship fund.

We believe that the Niles

Dear Sir:

I find it difficult to phrase my appreciation to the hard working people who assisted me in my recent campaign. To them and to many people who cast a vote of confidence for me as a civic administrator, I can only say, a humble, thank you, I would also like to take this opportunity to thank the many residents of our Village who showed their interest in our community by voting on April 15.

My one aim is to always contribute my effort and time in some little way for the betterment of the Citizens and our Village.

#### Fine Coverage Council Member

Editor,

Many thanks to you for the fine coverage the Morton Grove Woman's club was given in your paper for the past two years. Without the fine cooperation we would not have had the honor of receiving first place in the 10th Dist. Press Book contest for this year and last. Through such fine press coverage we are able to show our community what we are accomplishing in our philanthropic and social endeavors.

Mrs. Philip E. Johansen

Days Committee has outlived its usefulness to the community in general. After the uncertainty of the Youth Center followed by the Drum and Bugle Corps — we can only wonder whether the Committee will succeed with a scholarship program.

It is our hope that the many civic and homeowner organizations, being members of the Niles Days Committee, will seek on their own, funds for their respective organizations.

It is our intention as always, to cooperate with any endeavor aimed toward the betterment of our village.

Sincerely,

This is his second one-year term as president.

Mrs. Madge Bilanko was re-elected as board secretary. She is the district's business manager.

The board was quite pleased, reports District Supt. William Stoutt, to sell the bonds at an interest rate of 4.98986 percent. There were seven bidders. The low bid was entered by Merrill Lynch Pierce Fenner and Smith, Inc.

At the board meeting an official canvass of voting ver-

fied the re-election of Mrs. Elaine Rechel of Glenview and Edward Reynolds of Morton Grove to membership on the board.

Note was made at the District 67 administrative offices last week that Dr. Irwin Ginsburgh, Morton Grove who was District 67 board president before being named to the Niles High Schools board, was elected president of that board at its last meeting.

Highlight of the evening was the presentation of Eagle Scout Awards to Randall Hyken, Michael Krejsa, and Robert Kruzan. I'll bet that the 21 merit badges required for this award seemed out of reach not too long ago.

## Troop 238

In by chance anyone looked in on the March 19 Brownie meeting and saw colorful ribbon everywhere Troop 238 was not getting ready for a Mardi-Gras. Instead, the girls were eagerly making bows to adorn the gifts given out at the April 15 P.T.A. Fashion Show.

On Thursday March 27, 1969 the Brownies toured the Des Plaines Publishing Co., publishers of "The Review," a neighborhood newspaper. The girls witnessed news in the making and all the teamwork that is required for such a task. It was both interesting and educational. The chaperones arranged by Mrs. Kurt Redig for the tour were Mrs. Charles Bobula, Mrs. Joseph Swiatek, Mrs. Bernard Grodin, Mrs. Robert Zieliński, Mrs. Milan Gaza, Mrs. Paul Levin and Mrs.

These listings are now supplied through the courtesy of the Morton Grove Woman's club an affiliation of the 10th Dist. Illinois Federation of Women's clubs. They desire to include all local events. Please send listing and a brief description, 3 weeks in advance, to the Calendar Chairman, Mrs. Raymond E. Lajewski, 8612 N. Central ave., Morton Grove, Ill. 60053.

Many years ago I was a Girl Scout leader for one year and after my charges had worked for their agriculture badge and I ended the year with a kitchen (in my bachelorette apt. it was SMALL) brimming with sweet potato plants growing in profusion, my urge to be of service to my community came to an abrupt end.

Since my husband and I have 2 boys now progressing (we hope) through Dist. 63 grades at a steady pace, we are naturally active in Cub Scouting, Little League, PTAs, Caucuses; you name it, we have a membership card in it. But the gals being honored Tuesday, for the most part (had) already steered their children through school and yet continue to give of themselves.

Don't try to tell me they all don't have anything else to do with their time. One gal, Beth Kon, has several children in different schools, is active in PTA, Girl Scouting, Sunday School, etc. I know a Niles gal, at that luncheon, Betty Briggs, who has been active in Girl Scouting, PTA, etc. There's another gal in Niles, Eva Elatkin, while not active in Girl Scouts (offspring are males) has for many years always given of her time to PTA, Little League, Boy Scouts and an organization that seems to be lid-top full of willing workers, Women's American ORT.

That publicity chairman I mentioned at the beginning of all this, Barbara Koss, not only handles all the publicity coordination, she, too, is an active PTA member and has an outside job.

Know of any others? Let me know about them and maybe we can start another organization--WCEA/OCTDSBC (We Care Enough About Our Children To Do Something Besides Complain).

## A few after thoughts

Ever wonder what happened to that beautiful pastime -- Community Service?

During the past several years I've been wondering about its apparent demise but last Tuesday it came to life--briefly.

As news editor of The BUGLE newspapers, I was invited to a luncheon given by a group of Adult Girl Scout leaders and neighborhood chairman. My invitation was prompted by the necessity to have someone present to receive a Girl Scout Thank You certificate for printing stories and photos sent by Girl Scout publicity chairman Barbara Koss (Morton Grove).

While The BUGLE is most appreciative of this recognition that is not the main purpose of these remarks. How many women do you know who have given countless hours and, in some cases, years, of their time to a cause such as Girl Scouts? Tuesday, I watched while a passle of gals were honored for giving 5, 10, 15 and 20 years to community service with the Girl Scouts. I was impressed.

Many years ago I was a Girl Scout leader for one year and after my charges had worked for their agriculture badge and I ended the year with a kitchen (in my bachelorette apt. it was SMALL) brimming with sweet potato plants growing in profusion, my urge to be of service to my community came to an abrupt end.

# Condominiums: the hottest things in real estate are choosing clean electric heat.

From Valley-Lo on the north to Lioncrest on the south—wherever you look in Chicagoland you'll find the most modern condominiums are heated electrically. In fact, about 70 percent of all condominiums in the greater Chicago area have chosen electric heat. Not a surprising figure, when you consider that only electric heat offers the controlled environment that can live up to the promise of modern living.

Before investing money, however, most people want to know they're protected with an investment that will still be smart 20 or 30 years from now. That's why they choose electricity. And for this long-term look ahead, they get day-by-day convenience here and now: they enjoy room-by-room control of heat so quiet and comfortable it never intrudes on the consciousness.

Town Mansions of Lioncrest Governor's Highway (U.S. 54) and 219th Street Richton Park (325 units)

Condominiums are an exciting fact of life because so many persons want the same tax-advantages allowed a homeowner, while they prefer to leave certain homeowner responsibilities behind. It's nice not to have to fight crabgrass in the summer or shovel-out in the winter.

So, if you're considering the bright idea of making a condominium *your* next home, make sure it has everything you want before you buy. Especially the one feature you'll never want to move away from: modern electric heat.

### A Timely Reminder

By Police Chief Milton Scanlon

#### TIPS ON BURGLARY PREVENTION

**ALWAYS USE A KEY TO LOCK YOUR DOOR.**  
Doors that lock by slamming can be opened by a burglar in seconds. You must double lock it. Also, ask a locksmith about force and pick-resistant locks.

**LEAVE SOME LIGHTS ON WHEN YOU GO OUT.**  
A dark house or apartment means an empty home to a burglar. Leave lights on a radio on. A timer that will turn your lights on and off costs just a few dollars. It's cheap insurance!

**LOCK YOUR WINDOWS WHEN YOU GO OUT.**  
It's easy to forget. Use approved gates or key controlled window locks that don't create a fire trap.

**DON'T LET STRANGERS IN.**  
Use a peep hole and chain bolt to check people out. Don't buzz back a door opener unless you know who's there.

**DON'T LEAVE YOUR KEY UNDER THE DOORMAT**  
Or anywhere else, like the mailbox, or with your car keys, or in your coat in a restaurant. Your key can be copied - and you wouldn't even know. Until it was too late!

**LET THE BURGLARS THINK YOU'RE HOME.**  
Don't let mail, milk bottles or newspapers pile up. They'll tip off a burglar that you're away. Notify police of your departure and return from vacation so home can be periodically checked. Also make arrangements to have someone cut your lawn.

**DON'T TELL STRANGERS WHEN YOU'LL BE OUT.**  
Some burglars use the telephone to find out if you're home, or planning to be away. Don't tell strangers anything.

**KEEP AN EYE ON YOUR NEIGHBOR'S PROPERTY.**  
If you see anything suspicious, call the police. Dial 965-2131.

**DON'T KEEP EXTRA VALUABLES IN THE HOUSE.**  
Money, securities and other valuables are safer in a bank. Write down the serial numbers of cameras, stereos, typewriters, etc. They're the best lead the police can have in recovering your property.

**KEEP YOUR EYES OPEN. KEEP YOUR HOME SAFE. TO CALL POLICE DIAL 965-2131.**

## Saga Of A Truck

By Elsa Koll

My activities started in 1946 when the Niles Fire Department launched me on my Ambulance career. For 18 years I did noble service for the Village of Niles but finally had to be replaced.

Just at this time the Friends of the Niles Public Library were endeavoring to establish a Bookmobile service to enable residents of outlying districts to take fuller advantage of the benefits a fine library can provide. The village of Niles very generously presented me to the "Friends" for this purpose and, after repairs and necessary changes to adapt me to the new type of work, I was turned over to the library. I embarked upon this new service in the Fall of 1966.

I had the pleasure of serving many happy adults and children for two years and so proved the

worth of my service to the administrator and trustees of the library who decided that this service should be extended and broadened with a new and improved version of myself. Thus, my Bookmobile service ended, the library returned me to the "Friends" for disposition.

There were a number of requests for me - one from Boy Scout Troop 45 and another from a resident of Niles. After a number of phone conversations with both applicants had taken place, I became the property of the Niles resident, Paul Montalbano for a modest sum. After the sale to Mr. Montalbano had been consummated, it was learned that Boy Scout Troop 45 was most anxious to own me and were sorely disappointed because through a misunderstanding I was lost to them. The "Friends"

### Confiscated From Teenagers

In the accompanying picture you will see bottles, cans and similar containers of chemicals with which it is possible to make homemade fireworks and bombs. The items shown in this picture were confiscated from the homes of teenagers in the village of Morton Grove within the last few days. The parents of the teens involved in this instance were not aware of the fact that these chemicals were even in the house much less of the dangerous uses to which they could and were being put.

This particular cache of materials was found by the Morton Grove Police as the result of an investigation which started when the burned can was ignited in the intersection of Mangó and Lake. It was discovered that the can and similar containers were being taken to the rear of Gantner's Furniture store where the teens apparently were going to start a fire or cause an explosion.

The police investigation further revealed that chemicals such as these along with detailed instruction booklets on how to manufacture fireworks, black powder and other highly dangerous explosives can be obtained by anyone having the name and address of a chemical manufacturer in the United States who sells not only the necessary chemicals for use in laboratory experiments, but also sells the direction books. The books sell to anyone for 25¢ and the chemicals are cheap and easy to buy and combine into bombs which are capable of maiming and killing as well as causing large scale destruction by explosion and fire.

understood and realized their great disappointment and explained the situation to Mr. Montalbano who, with commendable generosity and high public spirit, relinquished his right of ownership in favor of Boy Scout Troop 45 and Scoutmaster Don Schneider.

Now I am proud to continue my mission and look forward to many years of service with the Boy Scouts.

This same company will even sell you the casings to fill with explosive to manufacture fireworks and bombs. Some of the casings which were confiscated with the chemicals are also shown in this picture. The teens involved in this case had found a few readily available casings of their own to use such as the radio speaker cabinet shown. This cabinet filled with the high explosives which can be made with the chemicals would do an almost unbelievable amount of damage to the average structure and most surely would kill anyone in the area.

As a result of the discovery that teenagers in this area are apparently aware of the locations to purchase these chemicals and the instruction booklets, the Morton Grove Police and Fire Departments, along with the office of the Illinois State Fire Marshal, who assisted in the investigation detailed above have asked that parents check their own homes thoroughly for anything that could possibly be from the chemical company or that could in any way be used to manufacture explosives. For obvious reasons we cannot release the name of the manufacturer or the names of the chemicals which are used, but if any parent finds any type of powder in any type of container within the home and they do not know what it is, we ask that they contact the police who will check it out and determine if it is or could be dangerous. Parents attention is called to the picture where you will see that the chemicals were stored in almost any type of easily obtained containers from peanut butter jars and mayonnaise jars, plastic containers, bottles and cardboard cylinders.

# From The Left Hand

Continued from Morton Grove Page 1

they had undertaken, with his help, was sound they were defeated in an election. Because the utility tax was a key issue which the victors had used as a weapon, the incumbents showed their size once more. Rather than let the winners eliminate the tax, as they promised, the incumbents, obviously contrary to the advice of their financial director, knocked off the tax. It was to discredit the newcomers. Rather than allow them credit for an issue which the voters approved, the losers decided to take their lumps while they could. Even though they believed the tax was necessary for sound fiscal policy, the incumbents, in a spirit of vengeance knocked off the tax, allowing the new officials to swim on their own. Now, the new officials are placed in an untenable position because they campaigned against the tax, and it was now eliminated they could not possibly put it back in action. Thus, they sandbagged the newcomers. They could not receive credit for a mandate the voters gave the new men. And they could not put the tax back on again because they were publicly against it.

Even though the incumbents hired a finance director who obviously approved the tax, they knocked it off in a spirit of vengeance. Again, these men who have long said they have the interest of the community at heart show their smallness with such an action. While they may have put the new officials "on the spot" they also may have added something else to their discredit . . . they may have also placed the "village on the spot." It was the case of being poor losers after the election. They showed those guys who beat them . . . and they showed the residents too . . . that the residents be damned.

Lastly, we wonder what kind of thinking it took to commit such an action, since 2 men from their party still have 2 years to serve. And having committed this folly they now leave the 2 men to fend for themselves, in an equally untenable position.

## Cast Members

Members of one cast for "Finian's Rainbow", the Spring musical to be presented at Maine Township High School East May 2, 3 and 4, rehearse a scene which included (from left) Susan, portrayed by Deborah Mueller (Niles), Finian, played by William Elmers (Park Ridge), Sharon, enacted by Susan Heenan (Park Ridge), and Rawkins, portrayed by Mark Tauber (Des Plaines).

## Children's Hour

Continued from Morton Grove Page 1

and attorney Sherwin Willens, said "they did not think the Board was contemplating such action".

When Schreiber objected to further expression beyond the utility tax statement Willander said the "minutes should accurately reflect what was said at the previous meeting.

Next, Tr. Carl Klein, also a backer of the incoming candidates, said he was misquoted in the minutes. When the trustees passed the 100 unit multiple zoning on April 22 Klein noted he had said the action should be delayed a week as it has been in the past, for further study. Tr. Dick Flickinger then questioned Klein's "truthfulness" and Tr. Brice another incumbent supporter, sided with those whose memories were less clear than those of their accusers. Votes taken on both issues were voted down, with Brice, Cashman, Guntner

Trustees then unanimously approved the ordinance for special use for the multiple dwelling of 100 units at 5500-60 Lincoln ave.

Next, the ordinance repealing the utility tax was approved 5 to 1 with Klein, voting against it. It had been passed and approved by this Board on July 29, 1968, but after the incoming trustees successfully campaigned they would repeal the tax, they were beaten out the punch by the same men who first approved it.

In voting against its repeal

Klein said he thought the repeal should be left to the new officials, and not left for repeal by the old administration.

Then the in-fighting began again. Mayor-elect Jules Bode then said to Mayor Schreiber, "In view of your pledge and re-affirmation and the hasty manner at drawing up this repeal" he then asked the Board to reconsider their action. The Mayor interrupted Bode and said "I DID NOT PLEDGE (an agreement with Bode)". He reiterated he did not think the Board would take any action on the utility tax and both Schreiber and Orphan said the Mayor had no control over the vote of the trustees.

Bode said this matter was serious-business and said "we reserve the right to study it. This is the sensible way".

Bode's opponent in the Mayor race, Dick Flickinger then lashed out at Bode when Bode referred to fairness. Flickinger said Bode used the terms "unfair and unjust tax" all thru the campaign inferring Bode's use of these terms was unfair. Bode then re-iterated to the Mayor "you have a chance to hold your head high by maintaining the pledge you made". The Mayor again said he did not make any pledge and he can't pledge action of the trustees. The vote was completed and the tax was repealed by a 5 to 1 margin.

Orphan then reported attorney Willens' action at the last meeting was "rude and crude" in his attempt to take over the meeting. Orphan reported Willens, representing the incoming candidates tried to seat his

incoming officials April 22. The next day Willens went into court and received an injunction suit against the present board and April 24 a temporary restraining order was handed down by the court which was subsequently lifted.

Orphan reported the court supported the present officials that they were to remain seated as officials thru April 30, as prescribed by village ordinance. The court also ruled the repeal of the tax was legal and said a petition of discovery, to check on the ballots would be done after the new officials gained office.

Again, much ado-about-nothing took 15 more minutes while the 2 parties fenced over the date to review the ballots and it was finally agreed May 10 would be satisfactory. It would still give the petitioners 9 days to file court action if they desired a complete re-count.

After 90 minutes of a meeting which normally is a sentimental journey for outgoing officials, Mayor Schreiber read a statement at the close of his last meeting as Mayor. He said during the past 10 years there has been great community improvement, he is grateful for his friends and neighbors whom he met during this period, his experience as Mayor will always be remembered as being most gratifying and he expressed his sincere thanks for these years.

After the acrimony which had ensued during the previous 90 minutes, the Schreiber farewell speech lacked the atmosphere which normally is received in other communities. Even though he received a standing ovation the night of trivia took away a moment which should have been meaningful to all in attendance.

# Melodons In Concert At Notre Dame

Widely differing styles of modern American music will mark the annual Music For Moderns concert by the Melodons at Notre Dame High School in Niles at 8 p.m., May 2.

This concert by the Notre Dame Jazz Lab under the direction of Rev. George Wiskirchen, C.S.C. will feature both big band and combo music. In the more traditional swinging vein will be Neal Hefti's "Whirlybird," Karlin's "Why Be Half Blue," Ellington's "A-Train" and Phil Wilson's "Basically Blue."

In a more current, rockish idiom the band will perform "Mercy, Mercy," "Up Tight," "Walk Right In" and two Blood Sweat and Tears tunes, "Spinning Wheel" and "More and More." Michael Meyer will be featured as vocalist on these numbers.

To demonstrate the completeness of their repertoire, the band will do some avant garde works by Don Ellis, Charlie Mingus, Archie Shepp and former Melodons member, James McNeely.

Rounding out the program will be a small group selection, "I

Have a Dream" which will make extensive use of multi-media effects. The combo will be directed by Vic LoVerde. Present plans call for use of visuals throughout the concert with as many as six projections simultaneously abetting the effects of the music.

Special guest artist for the evening will be nationally prominent saxophonist and recording artist, Sonny Stitt who will solo with both the big band and the combo. Stitt, usually based on the east coast, appears frequently at the Plugged Nickel in Old Town.

Over the years the Melodons have piled up an enviable record for themselves and have attained a nationwide reputation. Earlier this year they went on tour for the Selmer Company, played numerous high school assembly programs, and won the "Best of Class" or highest rating at the Chicagoland Stage Band Festival where more than 50 schools participated. This year's win at the festival makes it six times in the past ten years that the Melodons have won this title. They performed for the 10th time as special guests at the University of Notre Dame's

Collegiate Jazz Festival.

They have this year been specially honored by being chosen as the only high school group to participate in the Jazz Festival that will be part of the dedication of the Kramer Center for the Performing Arts at the University of Illinois.

Music For Moderns will be held in the Notre Dame High school gym at 7655 Dempster in Niles. Tickets will be available at the door.

## Efficiency Is Theme

The efficient operation of a fire department pumper and the proper car and maintenance of the equipment was the theme of a four day school recently attended by 3 Niles firefighters.

The men who attended were Melvin Duda, Joseph Florest and Ronald Petzold. They were among 135 members from 38 departments throughout the state of Illinois to participate in the 2nd Fire Department Pump Operators School in Monticello, Ill.

The school is designed for the fireman who is presently operating fire department pumping equipment or who is preparing to become an operator, or engineer.

Subjects covered included the theory of moving water; mechanical principles of pumps, routine maintenance of pumping apparatus, and actual pumping operations.

According to Fire Chief Albert L. Hoelbl, this is one of the many schools which Niles firefighters will attend if the department is to keep abreast of changes and improvements in the firefighting profession.

...ALLERGIES...

Meet my son, he has his mother's eyes and his father's hay fever. This may sound far fetched, but there is a very good chance he could have inherited much more. Allergic diseases, such as hives, hay fever and asthma "are considered 'family diseases'". A parent who has an allergy can expect about half his children to have a similar allergy in childhood. However, with today's advances in medicine, chances are the allergy will be short-lived. Many means of prevention and treatment are known today and new effective reliefs are available constantly.

If you suspect you have an allergy, you should consult your physician. An allergy test will confirm or alleviate your suspicions. Remember, an ounce of prevention, is worth a pound of cure.

# Niles Baseball League Opens Season With Parade May 10

The 1969 Niles Baseball Season will begin on Saturday, May 10, starting with a parade from Notre Dame High school to Grennan Heights field. All participants will assemble at noon and the parade will begin promptly at 12:30 p.m.

The parade will follow a new route this year leaving Notre Dame via Oriole st., exit south on Oriole to Greenleaf, east on Greenleaf to Oketo and south on Oketo to Grennan Heights, led by the Medinah Temple Clowns, marching band, old time cars and floats. All boys marching should be in full uniform in order to receive free hot dogs and pop at Grennan Heights.

At Grennan Heights field Mayor Blase will throw out the

first ball of the season. The first game will commence at approximately 2 p.m. Teams playing are:

V.F.W. 7712 Cubs vs. the Lawson Products Phillies

Swenson Paint & Glass Eagles vs. Norbert Pool White Sox

We encourage all of the Niles residents to cheer our boys on this day as they march in the parade, and start a wonderful summer of America's favorite pastime.

This coming season over 900 boys, the highest registration in the history of the Niles Baseball League, are enrolled to participate in America's favorite pastime - Baseball. Approx-

imately 70 teams, each fully equipped and insured, will compete in over 1,500 games. The Niles Baseball League faces quite an undertaking to provide this program for every boy who wants to participate. The job is a big one, but with the support of the entire community, the league will reach its goal.

The Niles Baseball League is a full-fledged community effort designed not only to provide physical activity and well-being for all youngsters but to stimulate teamwork, self-reliance and sportsmanship. Enduring benefits are not only received by the active participants, but the entire program makes the Village of Niles an outstanding place to live, work and play.

The members of the Niles Baseball League wish to salute the Niles Park District, Niles Elementary School Dist. 71 and Harig Mfg. Company for their assistance and cooperation in providing the playing fields and the Niles Days Committee for supporting a mid-teen and college youth program.

In addition the league wishes to acknowledge the tremendous financial assistance rendered by organizations who sponsor the boys. The growing list of the 1969 Sponsors is now composed of the following:

DuPage Die Casting and Fab Co., Lawson Products, Red Bal-

loon Coffee House, Lyttons, Schmeissers Meats, E. R. Moore, Barr-Staffort, VFW 7712, Northwest Industrial Piping, Harig Mfg., Goodyear Tire, Edison Lumber, Rotary Club of Niles, Skaja Funeral Home, Lane Trophies, Career Personnel, Inc., Golf-Mill Bank, Rand Jewelers, Knights of Columbus, American Martyrs Council; and Swenson Paint.

All business men and organizations are invited to become Niles Baseball League Sponsors. Sponsor contributions range from \$25.00 (one boy) to \$200.00 (full team). For further information contact Charles Corrado (YO 6-8197) or Walt Beusse (YO 7-7515).

## N.D.H.S. Places In Boys Foil Championships

On April 12, the Midwest Boys' Foil championships were held at Circle Campus, Chicago. Mike Cornwall, Notre Dame High school for Boys, senior took 2nd place. Gary Berlak placed 7th in the finals. In the top 11 places, N.D. fencers placed five boys.

With only the Divisional, electric meet left on Saturday, Notre Dame fencers have had a very busy season. Beginning in October and going until now, the Dons have had 17 dual meets and 11 AFLA tournaments.

During this time, Mike Cornwall and John Brandt became the first "C" rated fencers. They have been finalists 19 times taking 2 firsts, 3 seconds, 4 thirds, 5 fourths, 3 fifths, 1 sixth and 1 seventh.

Mike Cornwall has a record of 108 wins and 53 losses for a .671 percentage. John Brandt has a 96-71 record for .622 and Greg Linn a 78-45 record for .622. With the season ending this Saturday, the team's total bouts number 1158 (666 wins 502 losses) for a .566 percentage.

Notre Dame will have 4 returning lettermen and good depth in all levels for the 1969-70 season.

## M.G. Little League

A near-record total of 671 boys have enrolled in this year's Morton Grove Little League program including: 111 boys in Triple-A, 240 in the Minors, 210 in Majors and 110 signed to play Pony League ball. The Major leagues will begin play on Monday, May 19, while opening day for the remainder of the league will be Monday, June 2,

by May 1.

There will be a total of 45 teams in Morton Grove's Little League program this year. Seven Pony, 14 Major, 16 Minor and 8 Triple-A teams in all representing the North and South side divisions.

There still remains a dire need for fathers interested in managing, coaching or umpiring, and those who wish to volunteer their services are asked to do so.

All participants will be notified as to which league and team they have been assigned plus when and where to report.

## New Bowling Club

Henry Aronson, erstwhile proprietor of Classic Bowl in Morton Grove and Golf Mill Lanes in Niles, has come up with a novel idea, a bowling league consisting exclusively of widows, widowers and divorcees.

Aronson's plan is to conduct a short season mixed bowling league which will run about 12 weeks starting early in June. He plans to have one group at Classic and another at Golf

Mill. It will probably be run on either Friday or Sunday night. "I hope these people, who will join us, have a sense of humor," said Aronson, "as I'm calling it the Hunters Bowling League."

Aronson is extending an invitation to all widows, widowers and divorcees to join in this nice event, and suggests that those interested phone him at Classic Bowl, YO5-5300, or at Golf Mill Lanes, 296-5504.

## Niles Police Crime Check

Niles Police Department's "Project Crime Check" is now entering its fourth month. The objects of Crime Check are simple. Its theory dates back to the days of the American colonies when duties of peace officers were performed on a voluntary basis by individual citizens as a part of their mutual protection and community survival activities. Crime check is citizen self-help, the desire to decrease crime in our community. It is the willingness of citizens to lend their eyes and ears to the police department by reporting any crime or suspicious incident that they might observe.

Project Crime Check is broken down into two phases, Phase I being individual citizen participation and Phase II being the involvement of local business people.

During the three months that Phase I has been in operation a sizeable increase, has been noted in the number of calls received by the Niles Police Department. Communication Center. A number of these calls have resulted in the apprehension of offenders who might otherwise escape detection. In calling the police department to report a suspicious act, it is not necessary to give your name, however, this is an additional help to the department. In following up on a complaint as more detailed information may be obtained in person than can be given over the telephone.

Phase II of Project Crime Check, that which involves business and industrial organizations, was recently set in motion when members of the Golf Mill Merchants Association attended a seminar for the purpose of discussing effective means of preventing and controlling crimes such as bad checks, improper use of credit cards, thefts, vandalism, etc.

Participants on the panel were The Honorable Anton Smigel, Presiding Judge, 3rd Judicial District, Cook County Circuit Court; Chief of Police Clarence Emrikson; Detective Sergeant A. Golbach, Niles Police Department; Mr. Frank Florite, Jr., Chief-Suburban Department, Cook County State's Attorney's Office; Mr. John Shields, Chief of Midwest Security; Sears Roebuck & Co., and Mr. Leonard Hopp, Vice-President, Golf Mill State Bank. The panel host was Mr. M. W. Wittkammer of F. W. Woolworth & Co. and immediate past president of the Golf Mill Merchants Association.

In keeping with the spirit of community involvement, the Golf Mill Merchants Association in cooperation with the Niles Police Department will sponsor a one day display of police equipment to "kick off" Police Week which begins May 10. The display will be held in the Golf Mill Shopping Center on the Milwaukee ave. side, Friday, May 9 from 12 noon to 10 p.m. An invitation is extended to everyone to stop and look over the police equipment and visit the information tables and display on dangerous drugs, home security, bicycle safety, etc.

The Niles Police Department's Open House at its police building, 7200 Waukegan rd., will be held Saturday, May 10 and Sunday, May 11. The hours are 1 p.m. to 9 p.m.

## Empathy Crosses Borders And Connects Grove To Ecuador

Empathy. It has crossed national borders. And it has connected Morton Grove and Ecuador. Pupil-to-pupil empathy.

Empathic understanding for others—that's what those generous students at Golf Junior High possess. The ability to project themselves sympathetically into another person's mind and motives.

The pupils at Golf have made donations in their lunch room, by dubs and dabs, of about \$200 to help a child like themselves in Ecuador. Bits saved from lunch money, change, \$100 last year, \$100 this year.

They have become by their donations the "foster parents", through Foster Parents Plan, Inc., of Guadalupe Aguiño, who is 11 years old and lives in bitter poverty in Guayaquil, Ecuador. Her real father abandoned the family when she was a baby; he later died. Her stepfather is a policeman, who earns \$25 monthly which is spent for the family's support. Her real mother does the housework, when she isn't bedded by a heart condition; she had a bad accident, an arm cut, and suffered anemia.

Guadalupe has a sister in 6th grade, an older brother, some younger stepbrothers and step-sisters. Guadalupe herself has chronic stomach trouble in a family where eggs and meat

The "Fun Night" program is part of the year's theme "Getting to Know You." In June the women are planning a luncheon outing to Long Grove village.

## JCC Registration

These programs are designed to serve children ages 3 years, 3 months through 4-1/2 years and are based at Ballard and Home rd., in Des Plaines.

The summer program offers a 3 day a week program from 10 a.m. to 1 p.m., through lunch, for a six-week period.

The Fall program offers 2 or 3 half days per week commencing Sept. 15. Both programs are geared to meet the social-emotional needs of the child who is taking his first step into a group experience and provides these experiences in a Jewish atmosphere.

For further information, contact the "J" office at OR 4-8910.

## Fund Drive Over Top

The four girls of Golf Junior High school who have spear-headed the drive for donations to make possible the "adoption" by the student body of a girl in Ecuador. They are (seated) Renee Klein of Niles and (standing, l. to r.) Joanne Adams, Dena Felkel and Lynne Bahnsen, all of Morton Grove. They are using globe to pinpoint the location of Ecuador. Foster on blackboard congratulates the proud foster parents, the students, for reaching goal of \$200.

## Special "Happening"

A successful door to door Candy Sale, run by the Student Council of the Park View school, became the "Bounty" for the Morton Grove Park District sponsored Senior Citizens. The children went over the top in their quota on the Candy Sale, and extra money was left over for anything the Student Council decided upon.

Mr. Edward Eckhardt, Superintendent of Schools, District 70, suggested to Charles Adams, sponsor of the Student Council, that the Morton Grove Seniors were in need of a movie projector for their varied programs. The Student Council enthusiastically approved the idea and promptly went into action.

# M.G. Legion News, Notes

The Morton Grove Post #134 of the American Legion believes in giving the youth of the community various activities in which to participate. It believes sports make strong minds and bodies.

This week it is proud to announce that team #2 of the Legion Junior Rifle club came through with flying colors. In recent competition at Great Lakes Naval Rifle Range, it took 1st place in the Silver League of the N.R.A. Chicagoland Junior Winter League.

The team was composed of captain Nick Cellini, S. Ladd, C. Gillen, E. Guss and M. De Fano. They were coached by Joe Zuccollo and Ed Martin, Jr.

Steve Ladd won the Champion High Shooter and M. De Fano the High Shooter in String Position Award.

Morton Grove's Team #1 shot against seasoned shooters and being a new team, fought hard but took a close contested 5th place. Only a few points out of 4th place, the team consisted of captain, M. Koob; J. Jarosz; Tom Eckmann, E. Manke, J. Matz and S. Kohn.

The shooters on the M.G. Legion Junior club teams will continue to practice during the summer to give other teams stiffer competition.

Parents commended by Post representatives for furnishing transportation during the season are Mr. Koob, Mr. Kuhn, Mr. De Fano, Joe Zuccollo, Mr. Cellini and Mr. Martin for the use of his car with Ed Martin, Jr. as the driver.

Junior club members and their senior advisors have acknowledged with thanks the greatest Legionnaires "in the world - Post members of #134," sending their sincere appreciation.

They also wish to recognize S.A.L. member Ed Martin, Jr. who was range officer at the match and did a job of which the club and Post should be very proud. The lad received compliments from the head of the N.R.A. League plus many of the club leaders and coaches. The Post and Gun club were proud to have him represent them.

The Morton Grove Post #134 of the American Legion will continue to hold tryouts for its summer baseball teams each Sunday at 1 p.m. at Harrer Park.

Ernie Jenkins, manager, may be reached at YOS-7427 for further information.

Jenkins has released the names of the coaching staff and indicates the two American Legion baseball teams the Post will sponsor this year will be known as the "Reds" and the "Greys."

The Morton Grove "Reds" are to be managed by William Tell, Don Weld and Jenkins.

The "Greys" are to be managed by Jack Johnson, Wayne Antelak and Mike Waterstadt.

The manager-coach explains that boys 14-19 are eligible if they attend Notre Dame High school, Niles West, Niles East and Maine East and Niles North. Those boys attending Maine East, Niles North and Niles West must reside in Morton Grove to be eligible; boys attending Niles East or Notre Dame may reside in any area and still be eligible.

The Morton Grove Junior Auxiliary of Unit #134 of the American Legion strives to assist the veterans however it can. The girls are daughters and sisters of Legionnaires under 18 years of age.

The Juniors meet monthly with a senior advisor. Junior Activities Chairman Mrs. John Sepesy reports the "credit" earned by the Juniors in their efforts so far is at \$1269.67.

At a recent meeting 290 coupons were turned in to that chairman, making a total of 1406 so far. Coupons from certain products desired are saved by the Junior members.

Items made recently also included 319 hankie holders, 120 tray favors and 133 crossword puzzle boards; also 39 soap-denture dishes.

In addition to purchasing a stamp album, the young ladies turned in 13,527 stamps and 30 magazines to give the servicemen for their hospital stays.

Morton Grove American Legion Auxiliary Unit 134 will hold its annual card party Wednesday, May 7 at 8 p.m. at the Legion Memorial Home, 640 Dempster.

Ways and Means chairman Mrs. Ed Martin indicates ticket donation is \$1.50. Tickets will be available at the door or may be obtained from Mrs. Martin, 6632 Church, by phoning YOS-3478.

Lovely table prizes are available. There will also be door awards and refreshments are to be served during the evening.

Mrs. Martin reports the top prizes of the function are a G.E. FM/AM Clock Radio and a Presto Super Automatic Frypan.

Greeting guests at the door will be Mrs. Frank Hilbert. The kitchen committee is headed up by Mrs. William Eaton and Mrs. James Campanella. Co-chairman Mrs. Jerome De Berthier and Mrs. Herman Hack will handle the special prizes.

The Rainbow Bowl, Auxiliary feature, will once again be present, presided over by Mrs. Harold Lump.

The Past Presidents Parley will be Mrs. Frank Hilbert. The Auxiliary meets every other month for a luncheon meeting.

As the name indicates, the group is composed of the past presidents of the organization.

Their recent session was held at Val's Restaurant.

Each meeting a past president performs hostess duties, with each one having the opportunity of arranging plans for the afternoon.

At this most recent luncheon parley, the 1965 Auxiliary President, Mrs. Charles Poss served as the hostess.

## Golden Year

Mr. and Mrs. Andrew Yehl celebrated their Golden Wedding Anniversary at the meeting held for the Morton Grove Park District Senior Citizens on Monday, April 21 at National Park.

The Seniors presented the Yehls with a lovely plant in honor of this occasion, a wedding cake especially decorated with gold flowers was served with coffee, and songs were sung to the happy couple. A fine program of slides depicting "Nature's Four Seasons" (appropos to the occasion) was presented by the very well known Arthur Loutsch.

## LEGAL NOTICE

NOTICE is hereby given that a public hearing will be held by the Plan Commission and Zoning Board of Appeals of the Village of Niles, Illinois, on Thursday, May 15, 1969, at 8 P.M., at the Municipal Council Chambers, 7200 Waukegan Road, Niles, Illinois, for the purpose of considering the following matters:

(69-ZP-5) To hear the petition, as amended, of Daniel R. Millington, 3525 W. Peterson Avenue, Chicago, Illinois, for rezoning of property located at the northwest corner of Maryland and Ballard (approx. 200' x 100') from R-1 to R-3 Special Use (For Nursery School).

Property legally described as follows:

Lot 13 in Ballard Highlands, being a Sub-division in the Northwest 1/4 of the South East 1/2 of Section 14, Township 41, North, Range 12, East of the Third Principal Meridian, in Cook County, Illinois

## In Appreciation

Wesley Hartzell, Niles, (L.), outgoing president of Township High School Dist. 207's Board of Education, and John Wilkins, Des Plaines, board member who recently tendered his resignation due to business obligations, Hartzell, on behalf of the seven Board of Education members and the administration of the school district, presented Wilkins a plaque of appreciation for his long tenure as a board member and his service as president of the board.

## Means New Dist. 207 Board President

John L. Means, Des Plaines, who has been a member of the Board of Education for Township High School District 207 for the past three years, was elected President of the board for the coming year during a regular monthly meeting of the board held April 21 at Maine East high school. Harold Markworth, business manager for District 207, was re-elected board secretary.

In the absence of Roy O. Makela, Building and Grounds Committee chairman, Mr. Stillwagh addressed the board and stated that the construction and renovation work at the three Maine high schools was progressing satisfactorily and on schedule.

Retiring President Wesley Hartzell introduced Rev. David L. Graham, pastor of the Good Shepherd Community church of Des Plaines, as the newly elected board member who will fill the position of John Wilkins, Des Plaines, who recently tendered his resignation due to business obligations. Mr. Wilkins, who has served on the board since 1964, was awarded an attractive plaque of appreciation for his years of fine service.

Dr. Short, Superintendent of Schools, presented progress being made for a potential Administration Center to house the high school district administrative staff. The center will be a portable or de-mountable type of structure to be located on one of the three high school campuses. It is necessary to relocate the administrative offices of Maine Township High School District 207 as quickly as possible since space in the Maine East building is needed for additional classrooms; Moving the administrative staff out of Maine East will somewhat

help in resolving the space problem for the 4,100 student population expected there in September, 1969. The board urged the administration to work with Donald Stillwagh, of Erickson, Kristmann & Stillwagh, Park Ridge, school architect, to arrange as quickly as possible for the purchase and installation of the new portable units.

precincts while 6th high vote-getter Todd Bavaro topped his Mayor candidate in 23 of 28 polls.

In reviewing Monday night's ballots it seemed independent candidate Mike Provenzano's 1,835 votes may well have cost Jack Leske the 3rd spot in the trustee race. Since Leske topped winner Pesole by about 1,700 to 900 in split votes it is fair to assume Leske would have taken this same 2 to 1 margin from Pesole, if Provenzano hadn't run. While we're the first to defend the right of any resident to seek office we publicly have to question Provenzano's almost compulsive desire to run in every election Niles has. Running enough times he is bound to win by attrition.

Provenzano did not show up at any public meetings and twice had his son speak on his behalf. In listing his qualifications he listed endlessly his affiliations with his religious groups in and out of the community. If we read him correctly he is asking residents to vote for him because of these religious associations. We think such a campaign is 30 years behind the times, and is an extremely poor reflection, both of the man and his opinions about the people who vote in an election. When a man says, "this is my religion, vote for me on this basis," he is debasing the process which we elect officials by, and is telling the voters, "I have one qualification you should consider, my religion." It has been harmless in most past elections. But this time it helped defeat an eminently well-qualified candidate.

## Pesole

May 17 -

Continued from MG Page 1

While Pesole scored the same total in 28 Leske gained 3 while Pesole gained 1. Total changes: Leske lost 10 votes while gaining 7 for a net loss of 3; Pesole lost 6 votes while gaining 4 for a net loss of 2.

Based on the above figures there was no indication Leske could pick up the 46-vote deficit (perhaps, 24 votes). If he chose Leske would have to go to the courts and they would determine if there was an indication to review the entire 28 precincts for an official recount.

The burden of these actions rests with the citizen and it is believed he must pay for these procedures. Monday night's action cost \$5 for each precinct reviewed. While it was unknown as to the cost of the court action, estimates ranged from several hundred dollars to a high of \$4,000 for the court action plus the full re-

Exhibits on display will be narcotics, confiscated weapons, fingerprinting (smaller children will be thumb-printed and given a Jr. Deputy Police Officer I.D. card) bearing the open house attendance day. A weapons display will be presented on police and riot equipment. A breathalyzer exhibit and informative talk on the education of our policemen will be shown. Also, a movie will be shown "On a Quiet Street."

We will also demonstrate the new state license plate machine, our own police radio and the Emergency Fire and Police phone.
