### From The Left Hand

By David Besser  
Editor & Publisher

We received our biennial "GRRRRR, You Cur" letter (Page 2) from a lady who was disappointed at our endorsements in the April 15 election. According to her we should have a hard time sleeping nights and we were paid off for our endorsements. Interestingly, she did not want her name mentioned at the bottom of the letter.

In retrospect the lady's criticisms may seem to have some validity since she doesn't understand how we could criticize Blase and his so-called political machine and then on the other hand endorse him.

In these local elections personal feelings become quite pent-up. If a candidate running for office rubs people the wrong way, their feelings often get out of hand. If Blase drives too fast down the street in his open convertible, the eyebrow raisers begin to rev up their engines. And if the man is too gruff, too nasty, fails to say hello, he's a bad guy, by those who're looking for reasons to denounce him.

We did several weeks of deep cerebral acrobatics, before concluding Blase was the best candidate running for the Mayor's office. While mulling over who we were going to support, we did not intend to suppress the shortcomings of any of the candidates, including Blase.

We long ago became disenchanted with all the politicking which surrounds him. And we have always looked with displeasure at his dual roles as committeeman and Mayor. And if Keith Peck or a guy named George Gauthier had run for Mayor we would likely have supported either one of them because of these Blase shortcomings. But unfortunately, there was no alternative to Blase. Among the six men running he was the best qualified. He had done the most, been the most decisive when the going was the roughest and he stood for the right things at the RIGHT TIME.

Eight years ago when there was a desperate need for a change in Niles, Blase's major opposition, Ang Marcheschi, was campaign manager for a friend. The group had no cause to espouse, merely desired to gain the village offices. The Blase-Scheel campaign was based on strong ideals which spelled out the needs for a change (end gambling, end builder-officials ties, etc.). Since the support for Blase and Scheel came from people all over town, from those active in their homeowner groups, school board and PTA activities, it was clear there was moral substance behind the groups' ambitions, not just a desire to become public officials.

Unfortunately Marcheschi forces, like much of the business community in the village, weren't interested in expressing such changes, At Chamber of Commerce meetings, and wherever the power structure was in those days, Marcheschi and his friends were part of it.

The years move on, and men do change, but unfortunately, Marcheschi was Blase's most loyal supporter until he decided to run for Mayor. With this background it was inconceivable we could ask residents to consider his candidacy. Displaying no independence, and initiating little or no programs for the village, it was impossible for us to bend toward him.

### Plan Bid Awards On Maine North

Eight firms have made bids (opened at a Dist. 207 board of education meeting Monday night) on the general construction work for the planned Maine Township High school North, scheduled to be in operation in September of 1970.

The apparent low bidder is A. J. Maggio Co., Chicago, with a low base bid of \$4,072,204 with 600 days needed for construction. Apparent high bidder is J. L. Simmons Co., Inc., Chicago, with a base bid of \$6,912,400 and 700 days needed for construction.

All general construction bids, together with the bids opened last week on sub-contracting work, are now being studied by school architect Donald Stillwaugh and his recommendations on the awarding of bids will be made at a meeting of the Dist. 207 board next Monday.

## LETTERS to EDITOR

### LWV Urges Fair Housing Okay

Dear Sir:

The communities of Morton Grove, Niles and Skokie have in effect fair housing ordinances thereby supporting the premise that individuals regardless of race, color or creed should have equal housing opportunities. Legislation is needed at all governmental levels, however. We would like to call to public attention a little known practice which has deterred the passage of fair housing legislation by the Illinois General Assembly.

A custom of the Senate of Illinois is preventing a full debate on this most important issue of the day.

Proposed fair housing legislation is automatically assigned to the Senate Registration and Miscellaneous Committee, which historically has been the grave-

yard for any meaningful fair housing legislation, thus avoiding discussion and a vote. The bills simply do not get out of committee.

This procedure stifles adequate discussion, prevents the entire body of the Senate from having to vote on the issue, and prohibits the great industrial state of Illinois from taking a necessary stand on discrimination in housing.

Those who serve in government must take responsibility for their action or inaction. The Senate has been evading this responsibility by sending all housing bills to the Committee on Registration and Miscellaneous. Decision on a major public policy which is already federal law should not be delayed. Twenty-six states and 80 communities in Illinois have adopted fair housing legisla-

tion, realizing the need for these laws at all levels of government.

The least the Illinois Senate leadership can do is assign HB 413, the best of the current fair housing bills, to another committee, which will have an objective hearing and which will move bills to the full Senate for a vote. Then we shall hear how all our Senators stand on the problem of discrimination in housing in Illinois.

The League of Women Voters of Illinois, with more than 10,000 members throughout the state, strongly urges passage of fair housing legislation by the Illinois Senate.

Mrs. John Adams, President  
League of Women Voters of  
Morton Grove

### Open Letter

Dear Fellow Democrat:

The recent Village and Township election is now history, and it is time to express our thanks to those who exerted so much effort to elect our slate of able, dedicated Democratic candidates.

We ran as Democrats for the first time in Skokie and Niles Township. It was not an easy decision to make, knowing that for years successful campaigns could be waged here only by various type of coalition slates. To a man, each of our candidates is proud of being a Democrat, and none has a single regret for having so stated publicly.

As everyone knows, you don't go through a political career undefeated. Sometimes you

### Thoroughly Confused!

Dear Sir:

Your editorials from the past 4 weeks, prompted me to write this letter.

First of all, I must explain, that I am thoroughly confused!

The first week, you likened the mayor a jekyll and Hyde.

The second week, you endorsed him and a few others.

The third week (after election), you called his party a "machine."

And now, last week you praised the works of those you failed to endorse.

A discussion amongst a group of residents has it that you must have been paid well. Why else would anyone be so changeable and at such an appropriate time?

I'm sure that you must be aware of the fact that the press is very instrumental in making up people's minds. With this knowledge, how do you, in good conscience feel, when you acknowledge the fact that some people that you credit as good workers, were not mentioned in your endorsement? I myself would find it very difficult to sleep nights, knowing that I may have been, in some way, instrumental in promoting a "machine."

I will now take the liberty of suggesting a service to the community. By this I mean inform the people as to how many votes were spoiled by people voting for 4 candidates, when only 3 were to be picked. I am sure that many people are not aware of the fact that all 4 were disqualified. Also that a check mark did not count. Only an X along side a name counted.

## Dist. 63 Approves Teacher Salary Schedule

The teachers' salary schedule for the 1969-70 school year approved by the board of education of East Maine School Dist. 63 at its April 22 meeting provides a general yearly increase of \$950 for all teachers in the district.

The beginning salary for a teacher with a bachelor's degree with no supplementary credits or previous teaching experience will be \$7,000 next year.

A teacher with a bachelor's degree (no extra credits) and 12 years teaching experience (beginning her 13th year) will receive \$10,000. A teacher with a master's degree but no teaching experience will receive \$7,700. A teacher with a doctorate may receive as high as \$13,450.

clation for the work done by Mr. Gurolnick during the past year.

During the regular meeting, the Board worked through a full agenda which included the setting of June 13 as the last day of the school year and the assigning of \$7,577.10 in Title II funds, received by the district through the Elementary and Secondary Education Act, for the purchase of library resource materials.

In other action, the Board voted to hire an engineer to prepare the designs for construction of a culvert on the Stevenson school property.

Paul Bloomquist, president of the East Maine Education Assn., representing a majority of the district's teachers and chairman of the salary committee, told the Board that the salary schedule had been well-accepted by the teachers of the district. He said that of 300 teachers voting on the salary schedule, on 27 had voted to reject it.

"The whole experience (negotiations with the Board) has been a pleasant affair," he said, "and we hope these channels will be open again next year."

The April 22 meeting of the board of education of Dist. 63 was devoted to an official canvass of the results of the April 12 school board election, an organizational meeting and regular meeting.

Mrs. Irene Luck and Jerry Abern were sworn in as newly elected members of the Board. Mrs. Luck begins her third term; Mr. Abern, who was appointed to the Board to fill the seat vacated by Theodore Davis, was elected to his first three-year term.

William Gurolnick was unanimously elected to serve a second one-year term as president of the Board.

Gordon Kopald, a past president and board member having served the longest on the District 63 Board, in nominating Mr. Gurolnick, described the presidency as an office involving many "headaches and heartaches" and expressed appreciation for the work done by Mr. Gurolnick during the past year.

Members of the Board and audience heard at the beginning of the meeting several musical selections performed by the marching band of East Maine Junior High School. The marching band, which is being organized this year, was directed by Charles Christiansen, instrumental music teacher in District 63.

Contracts for construction of the new junior high school, named the Apollo school, were awarded at the April 8 meeting of the Board. The general construction contract was awarded to Warchol Construction Co., Inc. of Chicago on a bid of \$821,290. Other contracts went to Stompanato Sons Plumbing Inc., Roselle, \$98,120 for plumbing work; Northlake Engineering Co., Addison, \$126,867, for ventilating work; and Skokie Valley Electric Co., Skokie, \$245,175, for electrical work.

## Oak PTA

Oak PTA will hold its last meeting of the year Monday, May 12 at 8 p.m. Officers for Oak PTA 1969-70 will be installed by Oak school Principal, H. Moran.

These officers are: Mrs. Irwin Clepy, president; Mrs. George Walters, first vice-president; Mrs. Randall Rook, second vice-president; Mrs. Sam Zumpano, recording secretary; Mrs. Alfred Pellini, corresponding secretary; Mrs. Michael Foley, treasurer.

There will be a presentation of awards by Mr. Moran to persons who have given special services to the school during the past year. Guest speakers from several organizations will inform those in attendance of the various summer recreational activities in the area.

President Gurolnick directed two district teachers, requesting to speak at the Board

a few *by Naomi Krone*  
afterthoughts

Last week I was talking about dedicated persons in service to their communities. (By all the rules, you should be talking about it too and even doing something.)

One type of organization receiving a brief mention then was a caucus-type group. Don't get excited -- this will undoubtedly be quite painless. I have, for some time now, been wanting to say a few thousand words about a caucus.

If you don't have caucus approval you can still win an election... non-believer? During the past few years in this area it has been accomplished. Many of the representatives to any local caucus are not especially qualified for the task/honor. They attend the meetings solely because they have been asked to do so by their respective organizations. (I'm guilty of that one, myself.)

A most recent example of a school board candidate "beating the establishment" occurred in a school district just north of us. An incumbent (he had been appointed to fill the unexpired term of a board member transferred by his firm) he filed his petitions and went to seek his area caucus approval. He had been told, indeed, urged to run for the school board seat by many of those same caucus members. Was he recommended for election? No, he was not.

Be that as it may, undaunted our hero strode forth into the blazing sands of his area and got together an organization of citizens who believed in him and his ability to adequately serve as a school board member and ran a campaign as an "independent" that might well make some of our local politicians a slight bit green with envy.

Our nameless crusader was, of course, elected but in the process he almost polled more votes than the totals of the next 2 candidates combined. Does this really prove anything earth-shattering? Probably not. But it does show me there is still an abundance of voters capable of thinking for themselves when it becomes obvious to them they are not being fed the "right medicine" from a caucus.

Most of these groups do, however, serve a good purpose; if not in the recommendation department at least in the searching-out-likely-candidates department. They do yeoman service in offering every voter an opportunity to meet the candidates and listen to them tell why they should be elected. Okay, they are other points also to be considered. For instance, school board members receive no salary. That, baby, is dedication! You have to want to serve your community.

Caucus members receive no salary. That also falls in the category of community service. But, what would happen if some of these caucus groups, instead of just meeting a few times a year to elect officers, change by-laws and listen to "if-I-am-elected" speeches, would start campaigning for salaries for school board members, junior college boards of trustees, etc.? Could we also include a few teachers or administrators on the caucus? Could a caucus become a more permanent and thoughtful organization? I don't really know... it's just one of those afterthoughts.

While we're on the subject of group action, one of the most active and polished groups in town these days is the one at Mill Run Playhouse.

Headed by Dorothy Collins, the cast of "The Sound of Music" really belts it out. What with real live musicians in the pit and an excellent supporting cast, Miss Collins does justice to the part created on the screen by Julie Andrews. She's full of pep and seems to be all over the place. Maggie Task, who plays the Mother Abbess, has a beautiful voice; the characters of Col. Von Trapp and Max Detweiler project well and the children in the cast are at times, lovable and, at other times, like real children anywhere. A Niles resident, Stephen Waller, is also a member of the cast.

All in all it's an excellent evening of entertainment and beautiful music and well worth an investment of your time and money. Try not to miss "The Sound of Music" at the Mill Run. It's a sound not often heard these days.

### Jazz Mass, Rock Cantata At Notre Dame

An original, multi-media cantata will be presented in the Notre Dame auditorium in Niles on Tuesday, May 13 at 8 p.m.

The production, "A Youth—A Modern Morality Tale," was written by Dan McDonnell with music organized and under the direction of Vic LoVerde. Both are seniors at Notre Dame High school.

Besides the mechanical forces consisting of movies, slides and light effects, the presentation will include a rock band, folk groups, vocal soloists, choruses and actors. The theme of the composition revolves around the typical youth of today as he looks at himself, the world and his life.

Modeled after the highly successful rock cantata's of William Russo, the Notre Dame production will attempt to probe deeply into the thought of modern youth. Tickets will be available at the door.

On Thursday, May 15 at 8 p.m., a Jazz Mass will be performed at Notre Dame High school in Niles.

The music for the mass will be provided by the Melodons of The Notre Dame Jazz Lab along with chorus. This actual mass on Ascensor Thursday represents an attempt to provide a new and meaningful musical setting for the Catholic liturgy and will be celebrated by members of the faculty of the high school.

This presentation of Mass "En Masse", which was composed by James McNeely, graduate of the school, will be the sixth time that it has been performed. It has been performed twice at Notre Dame university to critical acclaim and at the

University of Illinois.

The mass will take place in the school gym at 7655 Dempster in Niles and no tickets are required.

An official proclamation, designating the week from May 18 through May 24, as Clean-Up Week in Niles, was signed recently by Mayor Nicholas B. Blase. Mayor Blase took the opportunity to remind Nilesites that a clean village is a fire safe village, and the citizens should take special precautions to make sure that unnecessary debris and litter is removed immediately. ### M.G. Legion Auxiliary

Mrs. Kay Lelsure of Chicago will be the guest of the American Legion Auxiliary, Morton Grove Unit #134 when it holds its regular monthly meeting next Tuesday, May 13.

The 8 p.m. session is held at the American Legion Memorial Home, Mrs. Lelsure is the 7th District Director.

The 7th District is composed of Auxiliary Units in the north Chicago and suburban area.

Refreshments will be served after the business portion.

Auxiliary treasurer Mrs. Stanley Olkewicz reports thank you notes have been received from the Orchard school in Skokie for the \$50.00 donation sent to them for the special education classes for children of Niles Township as well as from the Chapel of the Four Chaplains in Philadelphia for the Unit's contribution sent to them. The Daniel A. Poling Memorial Fund is to assure continued service to people of all races and faiths in the spirit of the four chaplains.

The chaplains, each of a different religion, gave up their life preservers and herded the people on board the U. S. Dorchester to safety, entwining their arms in prayers as they later went down with the ship. The four, Revs. Washington, Fox, Goode and Poling are also memorialized at the Post Chapel at West Point.

Desiring to assist all, especially those engaged in the same type of endeavors as they, members of the American Legion Auxiliary of Morton Grove Unit #134 recently attended the Skokie Auxiliary Unit's salad bar luncheon and fashion show.

Previously past president Mrs. Jack Bartholmy had modeled when the 7th Dist. American Legion Auxiliary presented a style show-card party at the Skokie Post.

Attending from the Morton Grove Unit were Mrs. Howard Karsten, Mrs. Herman Hack, Mrs. Ralph Hintz, Mrs. John Sepesy, Mrs. James Campanella, Mrs. Frank Hilbert and Mrs. Albert Nehart.

## A Drop-In Day

The first Drop-In-Day (Open House) offered to the public by the teachers and pupils of the Morton Grove Park District Free-School was held recently at all four fieldhouses, Mansfield Park, Oketo Park, National Park and at Austin Park. In addition to the mothers and fathers of the enrolled children, many Morton Grove residents visited the pre-school and saw the children in action. Regular schedules were followed and this permitted the visitors to see what the children actually do when they attend school. Overall attendance was most gratifying, said Donald Lutz, Superintendent of Parks and Recreation for the Morton Grove Park District.

Last year 24 family units were set up and these families open up their homes away from home to the visiting public. There is no admission charge. This year, according to Leonard Robeck, 901 Glenwood, club president, the Camp-

ing Show could be bigger and better than ever.

Each camping family extends the welcome mat so that visitors may see the 'rough and tumble' camping equipment in action. No commercial displays are allowed and no advertising of equipment or campgrounds.

"Although we differ from other Camping Shows because we are strictly non-commercial," said Walter Hoff, 27 James ct., Glenview, this year's Camping Show wagon-master, "many visitors do come away from the Show completely sold on the idea of camping."

evening, May 12 at 8 p.m. in the Maine East Faculty study.

On April 28, thirteen bids were opened for the electrical work to be done at the new school facility. The lowest bid was received from the W. J. O'Brien Electrical Company, of Des Plaines in the amount of \$996,400 for base construction purposes and an additional \$3,560 for refrigeration and air conditioning purposes, and an additional \$36,000 for lighting of parking areas.

The Mellich and Murray Company of Chicago was low bidder for the ventilating contract with a bid of \$397,900. Seven other bids were received for this particular contract.

The heating, piping and refrigeration contract made by the George Boris Company of Chicago, with a base bid of \$546,300 with an additional alternate bid of \$94,900 for air conditioning of the majority of the school building was submitted.

Traubco, Inc., of Chicago, submitted the low bid for food

service equipment and supplies in the amount of \$141,400. However, a bond did not accompany the bid and Stillwagh indicated this bid would require legal opinion and would be held in abeyance until the school attorney could give proper direction in the handling of the matter. Second low bid for the food service contract was submitted by the Illinois Range Company, Mount Prospect, in the amount of \$142,865.

Low bid on the plumbing contract was entered by the George D. Hardin Company, Inc. of Chicago in the amount of \$388,688.

Of the \$15 million bond issue approved by the #207 voters, \$7,005,000 has been set aside for phase I of the Maine North construction. The above bids are only for work on Phase I.

A special committee will hold its first meeting sometime next week to begin planning a re-establishment of Dist. 207 boundaries to take effect when Maine North is ready to receive high school students.

Ed Willander said he thought the decision should be postponed for one week so the citizens affected could be notified. This motion was carried.

Al Mueller said he objected to this change in the rezoning and the additional parking area would be unwelcome to some citizens.

### Leaning Tower News, Notes

The Leaning Tower YMCA Marlin Swim Team concluded their 1968-69 indoor season with a first place finish in the girls' YMCA League Championship and a second place finish in the boys' YMCA League Championship. The Marlins who formed the swim team just this fall are coached by Gail Gericke.

The swim season began with an intramural meet to determine who qualified for the team. The boys' team then swam to a four- and three record in dual meets, while the girls could not seem to get conditioned to the more experienced competition and lost all six of their dual meets. Both teams realized then they had to work harder to gain victory in the championships and Coach Gericke saw to it they did. The extra effort paid off as the boys, led by Tom Ujlye, Kevin Rostenkowski, Ed Joyce, Gregg Mercl, Ed Jecok and Ed Brufke, captured first place finishes with team honors in the cadet, midjet, and prep division and second place as a team.

Inspired by the boys, the Leaning Tower girls accomplished the unbelievable - they finished first. The outcome was in doubt until the last event when the girls' intermediate free relay captured first place and the team trophy. Amy Matheson, Beth Locallo, Lisa Currier, Ann Durkin, Barbara Norcross, Lee Mercl, Julia Kuksa, Janice Kuksa and Joan Lopotko all finished first in their specialties.

### Grennan Heights #63 Music Assoc. Meet May 14

The newly formed District #63 Music Association will hold a general meeting Wednesday, May 14 at East Maine Junior

building. Parents will also be treated to many musical performances. The Music department, under the leadership of Mr. Theodore Vargas, will present a broad range of musical activities ranging from solos to instrumental ensembles and large choral groups.

Since some groups will be graded by outside judges, spectators will be asked to follow a schedule of attendance in the various rooms in which competitive performances are being presented.

Members of the order, elected by the faculty, must rank in the upper 10 per cent of their senior class. Election to the order is one of the highest honors that can be bestowed upon a law student. Order of the Coif is a national honorary law fraternity which was founded at the U. of I. in 1902 as Theta Kappa Nu.

Forty-eight law schools across the country have been granted charters to establish local chapters.

Again, Coach Gericke's Leaning Tower Team presented themselves well. These swimmers represented the Chicago area in the state championship to be held in Peoria, Illinois and at Eastern Illinois University, Charleston, Illinois. Tom Ujlye obtained our highest finish at state gaining 6th place on cadet freestyle. Gail Gericke plans to coach the team for summer AAU competition and team try-outs. ### Pk. Dist. Kite Derby Flies High

Kites galore were spotted at the Notre Dame Field on Saturday, April 26. The occasion was the First Annual Kite Derby sponsored by the Niles Park District. About 75 children participated in the event, surrounded by the many spectators cheering them on. The derby was open to any Niles youth in kindergarten through eighth grade. The kites could have been either store-bought or homemade. The panel of judges which included Michael Provenzano & Jack Leske, both Niles Park District Commissioners, Miss Carol Chameraski, Robert Schroeder and Gregory Olsen, had a very hard time deciphering the winners in the various categories. They commented that the contestants were such good kite makers and flyers that they wished everyone could win.

Certificates of Participation were awarded to all youngsters who entered the contest. Smiles of delight were noted on the faces of the youngsters who won a first place cash prize.

Seven year old Jimmy Becker took the honors in the category Cutest Animal Kite that Flies. The Highest Flying Kite category had two winners, because of a tie, who were 7 year old Paula Rydski and 11 year old Sue Satinover. Ronald Vetmer, 8 years old, had a kite no larger than 10" long and won first place in the Smallest Kite that Flies category.

The Longest Tail Kite that Flew was owned by Charles Bryda, age 12. Theresa Forzel, 12 years old worked hard on

her kite and was awarded first place in the Most Original Homemade Kite that Flies category.

The most noticeable kite at the derby was the one made by Mark Kane, Scott Kane, Mike Nettl and Greg Dreihoff. They took the honors for the kite that won in the Biggest Kite that Flies category.

Due to the success of the Kite Derby, the Niles Park District plans to make it an annual spring event.

### Protest Leaders Here

Four representatives of the student protest movement on today's campuses, from the University of Chicago, the University of Buffalo and the University of Wisconsin, will join in a dialogue with psychiatrists and jurists when the Forest Hospital Foundation and Northwestern university present an international seminar on "Law, Social Customs and Psychiatry" on May 10-11.

The seminar will be held at Forest hospital, 555 Wilson Lane, in Des Plaines. This is the third consecutive year that Northwestern and Forest are co-sponsoring an international meeting which deals with a major social issue of the day. Last year's meeting dealt with the problems of adolescence, and in 1967 the focus of the meeting was on family and group psychotherapy.

They voted against what they were led to believe was a threat of big city political machine interference in our local affairs -- an issue which the opposition knew was false and contrived. It was an issue which, unfortunately, they were successful in perpetrating.

Finally, I should like to express my personal word of appreciation to our candidates. As Democratic Committeeman, I have worked with many slates, but never with so hardworking and totally dedicated a group of men. They had ability, they had energy, they had spirit. Above all, they had the good of the community in their minds and hearts. You may be assured that they will be heard from again!

Yours sincerely,

### Pack 45

On the evening of Wednesday, March 27, 1969, the boys of Cub Pack 45, of Oak school, participated in their annual Pinewood Derby. For those people who are not familiar with this event it represents a project which is completed through the cooperative efforts of a father and a son. The rough material is a pine block, four wheels and the other equipment which is necessary to produce a finished racing car. The objective - to design, shape, sand, paint, and balance a car which will win a race down an inclined track.

The following boys were recognized for earning achievement awards - Webelos 1: Mike Woelfel - Engineer; Roger Bryans - Engineer; Ken Hetzner - Engineer; Jim Michelotti - Engineer; Dale Spanroff - Engineer; Karl Aschacher - Engineer; Webelos 5: Mike Spina - Denner; Bob Miller - Ass't. ### Pack 62

Into the center of this scene stepped two representatives of the committee running the Scout-O-Rama, with the following announcement: "We take great pleasure in awarding to Pack and Troop 62, the President's Award, Boy Scout Exposition, for Best Boy Participation."

Amid the cheers of the boys, and applause of parents and visitors, the committee representatives presented to Erich Buck, Scoutmaster of Troop 62, and Dale Hoel, Cubmaster of Pack 62, the Red, White, Blue and Gold President's Award Banners.

When you finally got to the display that afternoon, there were Cubscout "settlers," outside their cabin, paning for gold, while Cubscout "settler's wives" stood over a large kettle, in front of a covered wagon, stirring up who knows what for dinner.

Across the "plain," Boy Scout Indians, sitting at council in front of their teepees, grew more and more angry with the Cub-settlers, and suddenly jumped from their council into a frantic war-dance.

The settlers retreated to their cabin, and just as the Indians started an attack which would surely end as a massacre, all action stopped!
