Pre-Holiday Potpourri.....

A very nice lady sent a message our way mentioning how much she enjoyed THE BUGLE. She noted it was truly a local newspaper and was pleased there is a newspaper in the community which lends itself to the local scene.

The lady is just one of many new readers we've acquired this month. Effective December 4 we began distributing THE BUGLE to all homes between the tollway and the expressway, 23,106 in total.

There's loads of local stories which bear mentioning. As an example our good friend Ron Friedman, better known as Booby, contributed his Tuesday noon to one p.m. receipts to the Maine High Music Boosters. He attended Sunday afternoon's Messiah production at Maine East and was so impressed he decided to give this donation in this manner. Ron said he had tears in his eyes after watching and hearing the 14 to 17 year olds perform.

You could write that news item as being in the true ecumenical spirit of our time. But the religious significance is inconsequential. It's simply the story of a guy who was impressed and proud and wanted to show his appreciation in some small way.

One more of THE BUGLE'S former newsboys became an Eagle Scout. Tom Ignatius, 8343 Ortole, received the honor before his very proud parents last week. We join with the many in congratulating Tom.

We've noted many times before the successes of the many BUGLE newsboy alumni who have done so well. We've long been aware the boys who did a conscientious job in their younger years, seemed to carry that same follow-thru in their later life. Among those that come to mind include Jim Swinger, valedictorian at Yale, as well

By Bud Besser

I've noticed when I reminisce about the '30's and '40's, which were my growing up days in school, as well as my army days, I seem to strum a string with many of you. Well, come along for another look backwards. It's kind of fun and it shows the Besser boy is nearing 45 years old.

A cousin of mine was breaking up her apartment a couple of weeks ago and asked if I'd like some of my old 78 RPM records, which I had given her in '43 when I went into the army. After I brought them home I waited for all the kids to go to bed and I leisurely listened to the old wax discs which dated back to 1938. They brought back memories.

I graduated from grammar school in 1939 and received a photograph and 4 records as my reward for this accomplishment. Among the records was Glenn Miller's first record on a Bluebird label, and it started me on an avocation which took me thru many years of pleasant experiences.

In those days one of the popular meeting places for our young teens was the old record shop on 71st Street. It was a great place to meet the gang and it turned out to be a cheap afternoon. Every week we'd converge on the shop, get all the new issues for the week, and crowd into a booth and wile away the hours listening to the new music. More often than not we'd last maybe one hour, and then noting the non-buyers, the owner would kick everyone out. We'd generally walk to an ice cream parlor, or the old Kingburge Restaurant, or the best malt shop in town, Rosenblooms Drugs, and sit around and watch the rich kids eat french fries with ketchup and a coke. By moving from one restaurant to another you generally could share enough french fries to keep you going to supertime.

NILES F.D. NO. 1 FOR 14TH YEAR

For the 14th consecutive year Niles Fire Department received a first place award for its fire prevention program.

At Tuesday night's village board meeting it was announced the Chicago Association of Commerce and Industry notified Niles of the award for Class 2, which includes all villages and cities in the Chicagoland area with populations of 30,000 to 50,000 people.

Twice during the 14 year period Niles received the grand award for all population classes, in 1959 and 1966.

In other actions at the abbreviated meeting the Glen Golf Disposal Company received a 3 year and 4 month renewal contract to pick up refuse and garbage in Niles. The new contract calls for an increase from \$1.80 to \$2.25 per residential unit, which includes all residences from single family homes to 3 flats. No commercial or industrial businesses are included in the contract.

Glen Disposal first received a contract from the village in October, 1960. The per unit cost then was in the \$1.25 to \$1.50 range.

The new contract will terminate with the end of the fiscal year in April, 1973. This is the date when new village officials may begin serving on the Board and the time when the new budget takes effect.

Other happenings Tuesday night include a village OK for the Niles Lions to purchase a small building for the hand-

.....Approved ordinance permitting Senior Citizens over 62 years to receive a 50% discount in their vehicle sticker payment. The \$5 cost applies to all autos owned by Senior Citizens.

.....Passed resolution expressing cooperation with the state for re-channelization of Milwaukee-Touhy intersection. Widening will take place in the coming months with the proper turning areas for cars moving into a new direction.

.....Sent resolution to the state seeking traffic lights for the Cumberland - Dempster intersection by the fire station.

.....Sent a petition for a 5 foot fence to the Zoning Board for review. Niles ordinances call for 4 foot fences, and variation was requested by resident.

Gene Perna, teacher from Morton Center, l, and Richard Handshuh, teacher at East Maine Junior High school, r., discuss with the students the differences between big and small businesses before going out to tour WEXI.

Wayne Allen, a disc jockey and engineer at WEXI, answers students' questions following a tour and explanation of the operation of computerized FM radio station.

"Project Wingspread" Unqualified Success

It was an unusually inquisitive and enthusiastic class of 7th graders that toured radio station WEXI in Arlington Heights a week or so ago. But then, the class itself is somewhat unusual.

The 15 black students from the Morton Upper Grade center in Chicago and 15 white students from East Maine Junior High school in Niles, who made the tour, are participating in a 4 week voluntary exchange program called Project Wingspread. They are learning first hand about urban and suburban environments and about one another.

Mrs. Joan Suteville, guidance counselor at East Maine Junior High school describes the project thus far as "an unqualified success." More than 100 applications (one-seventh of the student body) were received from parents of children at East Maine Junior High school desiring to participate in the program. A similar percentage was received by Morton Upper Grade center school officials. The program extends Nov. 17 to Dec. 17.

15 East Maine Junior High school students accompanied by 1 teacher are being bussed to the Morton Upper Grade center where they join 15 Morton Center students. At the same time 15 Morton Upper Grade center students accompanied by a Morton Center teacher are bussed to East Maine Junior High school to join a class of 15 East Maine students.

The exchange is designed as a unit of study in social studies and language arts called "Urban and Suburban Environment" which examines the inter-relationships among styles in housing, recreation and business in the city and suburbs.

The study includes field trips, classroom discussions, creative writing, filmmaking, log-

book-keeping and various other activities.

On one day, for example, the group meeting in Niles, after touring Randhurst Shopping center in Mt Prospect, returned to the classroom to discuss in detail the various designs of shopping centers and were sent home with an assignment to design their own shopping center.

In a creative writing assignment, the students were asked to propose (from the point of view of a high-rise developer, conservationist, typical home owner, business developer or man desiring to build a private estate) development of a tract of vacant suburban land in a way that would benefit the surrounding community.

On a typical day, students meet for a lecture or discussion, go out on a field trip, eat lunch, return to the classroom for a followup discussion of the day's activities and then return to their home school for their regular science and math classes.

The group meeting in the city has toured the Department of Urban Renewal, downtown Chicago, J. Walter Thompson Advertising Agency, Old Town, a juvenile court and eaten at Gladys' Restaurant (specializing in soul food). The suburban group has toured Portage Park Forest Preserve, WEXI (a computerized FM radio station), Scott Foreman & Co., Randhurst Shopping Center, the North Eastern Illinois Planning Commission, Northwestern University's drama department and the Niles Police Department.

The students are keeping a daily log of their experiences and will produce video tapes comparing the city and suburbs.

Though the class is "unusual" and in a sense, artificial, the way in which the students have responded to one another has been anything but artificial.

Completes Training

Airman Apprentice Charles A. Strelceky, USN, son of Mr. and Mrs. Charles Strelceky of 7645 Main st., Niles, has completed 28 days of training in the recruit phase of the Navy's "Four to Ten Month" active duty program at the Naval Air Reserve Training Unit in Memphis, Tenn.

He will now attend one of the technical schools at the Naval Air Technical Training Center in Memphis.

Upon completion of the school he will return to civilian life and train one weekend a month with a Reserve squadron at a Naval Air Reserve facility close to his home.

Successful Mill Run Re-Opening

The re-opening of Mill Run Playhouse, the only professional children's theatre in the entire midwest, has met with complete success. Audiences, made up of children traveling from as far as Indiana and Wisconsin, have been tripling every month. In October, the theatre opened and catered to over 5,000 children. Because of the excellence of the productions, December has brought the booking of over 20,000 children to see the field trip and week-end performances. Several performances have been sold out.

The completely professional productions for the month of December will include: "A Christmas Carol" which may be

seen at 10 a.m. during the weeks of Dec. 4 through 16 on week-days only. Special holiday performances will also be held on Dec. 20, 22, 23.

"Beauty and the Beast" will play at 2 p.m. on Saturdays and Sundays during the month of December, starting Dec. 6.

Ticket information can be obtained by calling 296-3280 or 296-6242.

Mill Run is also happy to announce that its acting classes, started in November, have attracted an excellent group of students. The high school students can be seen as ladies-in-waiting in the present production of Sleeping Beauty.

Round 1 Ours; How About 2?

Open Letter To The Residents Of Maine Township And School District 63:

Petitioner withdraws request for rezoning on Maynard rd. Normally, this would be music to the ears of the Golden Acres residents and their near-by neighbors, but can the residents at a now relax or is the fight for rezoning from R-1 residential to R-6 multiple dwelling just beginning on Maynard rd.?

On Nov. 7, 1969, the Cook County Zoning Board of Appeals heard the petitioner's request for a change in rezoning. Several days before the hearing, I put out a plea for the residents of Maine Township and School District 63 to raise their voices and say no. The response was overwhelming and our voices were heard in unison; and I believe it is this reason and this

reason only that may have caused the petitioner to withdraw his request. Now the question arises — did the builder withdraw his petition because he is sympathetic to the wishes of all the concerned residents or is this just a delaying tactic for him to appear before the Zoning Board of Appeals at a later date and better prepared? If his withdrawing the petition has honorable intention, I, and the other residents commend him. If his intention is not honorable, we will be prepared to meet again.

To the hundreds of people who worked and volunteered their time and effort, I would like to take this opportunity to say thank you. It was our combined effort that stopped this rezoning.

Martin Ellis

Please Keep Your Lids On

To the Citizens of Niles:

I have been a citizen of Niles for the past 12 years, who has a complaint to make against my neighbors on Main st., Oconto, Octavia and probably many other streets which lead into Main st.

On windy days when garbage is to be picked up, I find newspapers, milk cartons, egg cartons and light bags filled with garbage rolling all over the street and into my yard.

Please neighbors, let's cooperate and tie up the newspapers, or put them in a grocery bag as I do. Some scavengers always come by to pick them up.

Let's live up to the motto of All American City and keep it clean and neat instead of looking like "Stum City" on days that garbage is collected. There is no

excuse for not keeping papers and garbage where it belongs.

Your neighbor, Anna Lipinski 7234 Main st.

Open Letter Of Thanks

The Senior Citizens refuse to say goodbye to their gracious piano playing supervisor, Clare Schaeffer.

A change of climate has been ordered for her husband. They are leaving for Arizona Dec. 12. If this does not improve his condition it just could be, that they will be back where their roots have grown deep. We are hinging our hopes on this. Only time will tell.

We wish them both the best of luck. We love her and would like to keep her. She is famous for: her happy face and smile; her vivaciousness; "It's Later Than You Think" played on the piano with her own words.

A great gal — from all of the Park District's Senior Citizens

Deeply Grateful

Dear Mr. Besser:

I would appreciate if you would print the following "thank you" letter.

I wish to thank and commend the ambulance drivers of the Niles Fire Department for their speed and care in handling on their emergency calls.

On Nov. 12, my husband suffered a mild stroke and the ambulance was at our door in less than a minute after my son called them. These men do a fantastic job and are to be congratulated for their skill and haste. To them I am truly grateful.

Sincerely yours, Mrs. Earl Oldham 8031 N. Wisner

By Wally Motyka ...RECIPE...

A pinch of this, a spoonful of that, and a cupful of the other and Grandma would deliver a tasty pudding or an out-of-this-world pie. Wonderful But even Grandma, bless her heart, would have failures because the pinch wasn't always the same pinch, the amount on the spoon varied, and the cup wasn't always the same cup.

The pharmacist, too, goes by recipe, either as prescribed by the physician or as standardized in the various official compendia. But unlike Grandma, where a little more or less did not matter, the pharmacist's measurements must be meticulously accurate. There can be no guessing. Each refill must exactly duplicate the original prescription, each new batch may not vary one iota from the book or from the one before. And drugs being what they are, with safety always an imperative, dosage regimens must be observed to the milligram and sometimes even fine tenths.

We love Grandma. But in our work as prescriptionists our way with a recipe is the best. BIRCHWAY DRUGS...7503 Milwaukee Ave....Phone 647-8337.

Baseball League Prepares For 1970 Season

Elections for members to the Board of Directors was held at the October meeting of the Niles Baseball League. Elected for two year terms were Charles Corrado, John Petersen, Dick Reeve and Ted Kroll. John Krippenger was elected to complete the one year remaining due to the resignation of a previous member.

Chuck Corrado has served the NBL for six years in various capacities as coach, manager and most recently, as the highly successful Sponsor Chairman of last season. He was elected to serve as the Secretary to the Board by the members.

John Petersen, a five year member of the League, was in charge of player registration for the '69 season and has consented to do an equally good job in the same capacity for the coming season. John has also provided his services in many other phases of the League.

In the 1969 season, Dick Reeve managed our Little League All-Stars through a very successful round of post-season tournaments, besides handling a regular season managerial post and acting as the Opening Day Chairman. Dick has been an NBL member for the last five years.

Ted Kroll is entering his third season as a member of the Niles Baseball League and has served as Peanut League Publicity man, manager and led the 1969 fund raising drive as the Decal Chairman.

John Krippenger has devoted his services to the League as the Secretary to the League for the last two seasons. His participation in League activities in the eight years as a member cannot be valued lightly.

In addition to the newly elected members of the Board, the three remaining senior members are Ron Chamness, Don Fergus and Tony Rotunno. Ron Chamness was elected by his fellow Board members to preside over the Board as the President. Ron has been in the League for seven years in various capacities as coach, manager, equipment director and Little League Chairman.

Don Fergus has served the NBL as a coach, manager and for the past few years, as the equipment director for the Peanut League. In his five years with the League Don has come up with one World Series Championship.

Tony Rotunno, with ten years membership in the Baseball

League, has devoted much of his time and energy to the success of the League. He had done a most commendable job as the Co-Resscheduling Chairman last year in what had to be the worst baseball weather in history.

Hank Mueller, as the past League Commissioner, has a seat on the Board for the 1970 season. With ten years in the League there aren't many jobs Hank hasn't done for us.

So, here are the Board members for the 1970 season. I am certain they will expend as much time and energy as is necessary to lead our League to the most successful season ever. But the League cannot function without the 100% cooperation of its members. . . the men needed to take on the many jobs guaranteeing good service to all our boys. So, if you are called upon to assist in any of our activities, please do not refuse. Remember, your boy is also a member of our League and when you serve us, you also serve him.

Help The Post Office Help You

On a typical day, the United States Post Office Department processes almost as much mail as the rest of the world combined.

During Christmas the load is astronomical. Use of ZIP CODES helps simplify the task, as does early shopping and early mailing.

"We're striving for 100 per cent use of ZIP CODE in both mailing and return addresses," said Postmaster Robert R. Lutz. ZIP CODES simplify the mail handling, cut out several hand operations, and save money.

In addition, use the "Local" and "Out of Town" labels which were delivered to your home and are also available in the Post Office lobby. Having your mail bundled and labeled will result in more expeditious handling.

After pitching their tents by lantern light, the tired boys turned in for the night.

After the flag raising ceremony on Saturday morning, each patrol prepared a hearty breakfast. The patrols of both troops spent the remainder of the morning competing against one another in first aid, signaling, lashing, and compass. Afternoon competition included the mile run, disarm the bomb, and coal mine. The Rebels of 275 were the high point winners. The Foxes and Eagles of Troop 175 tied for second place. The Tenderfoot patrol, the Condors, did very well in the competition.

Around the evening campfire, funny skits and songs were performed by the various patrols. Tenderfoot scouts Tim Jacobs, Mike Supan, Tom Stefo, Jim De George, Mike Klancnik, Brian Urban, Max Dettloff and Dan Merkel were initiated into the troop. Toasted marshmal-

lows and steaming cocoa brought a fine finish to a wonderful day.

as Gaede, Mildenberger, Conescenti and many more who achieved success in their academic life when they went on to the university level.

Roland Dilg, president of the First National Bank of Morton Grove, speaks with great pride about the progress and the plans for Dempster Street. He noted the improved landscaping plans which will take place in front of his new drive-in facility, and said the village plans to beautify the street, in cooperation with the business community. He also noted the need for a left-hand turn bay at Waukegan and Dempster Streets which he recommended for future improvement, certainly much-needed at that congested corner.

Niles is also planning to improve Milwaukee Avenue, Niles Window To The World. The new administration building will be well-landscaped and it is hoped businesses along the street may also be interested in cooperating with the village by putting a little green on this main artery.

Village Manager Ken Scheel told us about plans for a fountain in the parking area which would face Milwaukee Avenue. Noting the Park District has certainly upgraded the street with its landscaping efforts Milwaukee Avenue may yet turn into a very handsome thoroughfare.

Scheel gave us a tour of the new administration building and it indeed is a joy to see. Even though we had nothing to do with it, we still felt proud of the new building, remembering the archaic old hall with its musty old records and its 1900 atmosphere. Ken said MG attorneys Gabe Barrafato and Jim Orphan, both of whom have been involved with village and park matters for many years in the communities, were awed by the new edifice. If you haven't been down to the hall we highly recommend a visit. We're sure someone there would happily give you a tour of the building, which belongs to all Nilesites.

We received a pine-scented Christmas card from our good friend Edna Walger, who is now living in Colorado. Edna, another former BUGLE alumna, the first Mrs. Niles, was instrumental in the creation of the library, and was also active in the political ascendancy of Nick Blase. She's now doing her thing, being president of her creative writing group there.

One of the oldest and more famous writers' conferences is the annual Sugar Loaf convention in Vermont. While we may be stretching a point writer Walger could never be considered a Sugar Loaf. She's always been a gal who always tells it like it is, and no Nilesite ever let less grass grow under her feet than Edna.

Seminarists Study At Lutheran

Six Roman Catholic priests, students at Divine Word Seminary, Techny, are spending 12 weeks at Lutheran General Hospital, Park Ridge, as part of their seminary training to become Divine Word Mission-

aries. Eight students, the remainder of the Techny graduating class, will begin 12 weeks at Lutheran General beginning March 23. This marks the fourth year that the students are participating in the course offered by the hospital's pastoral care department.

The program has been described by Religious News Service as "One of the most unusual ecumenical programs ever given to Roman Catholic seminarists."

In the program students spend 12 weeks at the hospital attending classes, lectures and discussions, visiting patients and working with regular hospital chaplains.

Contd. from Morton Grove Pg. 1

Ed Wilander read several letters to the Morton Grove Fire Chief including one from Mrs. Joan White thanking the firemen who made an inhalator call to her home on Nov. 21 and administered oxygen to her husband who suffered a heart attack. The chief also received a letter from the Edison school thanking him for participating in a program there. Another letter to Chief Hildebrand came from the Forest Preserves requesting permission to burn diseased trees on site. Since some may feel a problem concerning air pollution might exist it was moved to turn the matter over to Dr. Moore and his Air Pollution committee for their advice. Trustee Wilander then displayed to the audience a collection of drugs put together by the Osco Drug Co. of MG and donated to our Police Dept. for their use. Wilander said Osco is to be deservedly commended for their efforts. The problem of abandoned cars was next on the agenda and the trustees agreed there were many problems to be dealt with there.

Atty. Nordberg read an ordinance designating a No Right Turn sign be in effect at the corner of Beckwith and Austin from 5 p.m. to 6 p.m. Monday thru Friday. The board approved the ordinance. The board then directed Atty. Nordberg to draw up an ordinance regarding the Plat of Annexation of the property at Oakton and Caldwell now owned by the Forest Preserves. The atty. advised the board of some unpaid bills for cutting down weeds during the past summer and it was agreed Fred Hubber would send letters to those involved stating a lien would be placed on their property if the bills were not paid.

Due to unsatisfactory results at a hearing for Wells Mfg. Co. with state officials it was decided to send a letter advising Atty. General Scott of this grave problem. Clerk McClory read a letter from the State of Illinois Commerce Dept. advising the Greyhound Bus Co. announced a 10% increase in fare. The Motor Fuel Tax allotment for November was \$16,621.88.

Reservations are open to the public for the Dec. 12 testimonial dinner honoring Police Chief Milton Scanlon and can be made at the Police Dept.

I know that both your school and community take great pride in this splendid record and are deeply appreciative of the Patrol's lifesaving efforts.

Safety Rules...

Contd. from Morton Grove Pg. 1

- a) Support the tree firmly. Do not locate it in a place where it may block an exit even if it should fall over.
- b) Do not place electric toys or devices around the base of the tree as a piece of falling tinsel or metal from a broken ornament can cause a short circuit and a fire.
- c) Select your electrical ap- short circuit and a fire.
- d) Select your electrical ap- any electrical device which does not bear the Underwriter's Lab Seal of Approval.
- e) Keep the tree in the house for the shortest possible time. Removal immediately after the holidays is recommended.
- f) Don't allow smoking anywhere near the tree. Have plenty of ashtrays in the room with the tree.
- g) Supervise small children near the tree. Keep matches, lighters and candles out of their reach.
- h) Use only lights bearing the approval seal of the Underwriter's Labs. Check the wiring including the plugs, sockets and connectors for fraying or other defect. Light cords sets with fuses in the plugs are available and recommended.
- i) Never - Never - Never use candles on or near a tree.
- j) Turn off all tree and other indoor lighting when leaving the house even for just a minute or when retiring. The average size tree can be completely consumed by fire in less than a minute and when totally involved generates enough heat to ignite almost anything - else in the room.

Above all - Have a family escape plan so that any member of the family can get out of any place in the house in the event of a fire without passing the tree!!! If fire strikes, get everyone out of the house and then call the Fire Department at 965-2121.

The Officers and Men of the Morton Grove Fire Department wish you and yours a very Merry Christmas and a Happy and Prosperous New Year and sincerely hope that the above precautions will be followed so that your holidays will not be tragically marred by even a minor fire involving you and your loved ones.

When we had a dollar we used to head downtown and go to the first show at the Chicago, Oriental or State and Lake theatres. All the big bands played there and the 35 cent admission (before 1 p.m.) was a great bargain. Usually, we stayed for 2 shows. Before 11 a.m. we usually had another hour to kill and would march to Marshall Field's record department and spend an hour there. Unlike the local record shop Field's treated you better, generally, letting you stay there without interruption. We often believed there were some high schoolers who would spend all day there listening to the pile of records.

Saturday afternoon was a great day to go to south Wabash avenue to an old record shop which sold 12 records for a dollar. We picked up a 1938 Ella Fitzgerald record, an old Larry Clinton disc and Jimmy Lunceford and Jan Savitt records which we learned to treasure.

I went to Sunday school (on Saturday) 1 year at 46th and South Park avenue. After class we spent a couple of hours playing basketball in the dirty gym there and then headed south for a 5¢ soda in a store next to the old Metropolitan Theatre. Then we'd slush thru the snow across to the Regal Theatre and saw perhaps the best jazz and swing groups which ever performed in Chicago.

That first Glenn Miller record led to many, many nights in clubs where I wouldn't like my kids to go...and yet, it was all harmless and innocent fun.

When we were 15 years old we used to go to Dave's Cafe and the old Grand Terrace on 35th and 55th Streets. We saw the Earl Fatha Hines band in the pre-Billy Eckstine-Sara Vaughan days and in 1940 saw Lionel Hampton when he first broke away from Benny Goodman. Two of us had \$2.20 between us when we saw the Hamp, and when we saw the minimum was \$1 each, we had 1 glass of wine apiece, and sat there for 4 hours nursing the 1 glass. When we went to get our coats the dime we had left had to go for the L ride home. When the hat-check girl insisted on helping us with our coats, we sheepishly told her we couldn't tip her, rather embarrassing for 15 year olds, who were moving into the big time.

There was plenty of good music in Chicago. By the time we were 16, we were part of the rum and coke crowd at the Panther Room in the College Inn. And when 16 year old Mel-Torne, a classmate, was with the old Chico Marx band, we went to Randolph and Wabash to the Blackhawk many a night.

We remember the Chesterfield radio program with Harry James in the early 40's and riding 6 flights up in the Civic Opera House to hear Roy Eldridge and Helen Forrest.

In the army there were many hot nights at the PX where we sat around and drank 3.2-beer and listened for hours to Tommy Dorsey record, Opus No. 1, on the juke box.

At Gettysburg college, when first in uniform, whenever I was homesick, I used to slip over to the old union building and play Ziggy Elman's "And The Angels Sing".

Overseas, the music was a little bit of home and many of us grabbed for it tenaciously. My hero, Glenn Miller, was the official Armed Forces band, and we'd hear him as often as possible, over AFN stations as well as on the BBC.

Many months later, coming back from Luxembourg, I was delayed an extra day in reporting to one of the cigaret-named replacement depots, because the Glenn Miller band was at the Red Cross in Paris. After hearing the Ray McKinley-led band, I boarded the bus with the band and spent all day and night hearing the bands 3 performances.

Later, on our first pass (or did we go under the fence?) I went to hear the leading trumpet player in France at a small club which was off-limits to GIs. The MP's came in the middle of the evening, looked around, missed me, or they didn't care to find anyone, and walked out while I spent the evening there. There was a Benny Goodman. Alumnus skat-singing 20 or 30 verses of the blues, and it was a great night.

Another time I went to the apartment of an internationally-famous Jazz writer, a man named Charles Delauney. This 19 year old kid told him he'd written short jazz articles for Esquire, a fib, which was meaningless to him, and he graciously entertained him for many hours. He conducted classes in jazz for young French students and I spent the time listening to Count Basie and Bix Beiderbeck and Fletcher Henderson records, and listening to the kids discuss them in French. It was a strange world hearing Count Basie pronounced Count Ba-Ceeeee, and then hear a torrent of French critiquing the record.

There's many more stories of those teen days and music, and jazz and swing music. It all started with those 4 records, many of which were warped on the front room radiator, and were repressed in hot water and placed between 2 books.

Legion's Juniors Work For Vets

The Junior Auxiliary of the Morton Grove Unit #134 of the American Legion are continuing their prime project, rehabilitation work for the senior group's program of the hospitalized veterans. The young ladies assist in many ways, collecting articles and making others which are passed out to the former servicemen.

"Credit" is issued by the hospitals in the amount of the items' value. Currently the girls' total is \$574.01, quite a commendable amount since there were no summer meetings and the group just began meeting once a month in the Fall.

At their last meeting the Juniors constructed 168 candy tray favors for the men in the Chicago-Land VA Hospital; 160 stationery kits and 544 handkerchief holders. Looking into the future, they began covering match boxes with tile which will be another item to be contributed when a large group are ready.

In addition, besides special coupons, 146 of which the Juniors members saved; they collected 9,925 stamps, 67 books of matches and 54 magazines to be turned in.

Mrs. John Sepesy is the Sr. Advisor and is always on the look out for any new ideas which would be usable by men or women patients and which her girls could construct. The Juniors are daughters and sisters of Legionnaires, under 18 years of age. Twenty-four of them participated in the Post's Veteran's Day Parade and it included some of the youngest. The "littlest" even marched the entire route without complaints.

Successful Music Festival

On Nov. 22 more than 300 instrumental music students from the grammar schools surrounding Notre Dame participated in a day of concentrated practice, study and performance as Notre Dame High school in Niles hosted their 9th annual Music Festival.

The Festival Band, numbering 120 students, rehearsed under the direction of Rev. George Wiskirchen, C.S.C., chairman of the music department at Notre Dame while the 65 piece string orchestra was directed by Miss Barbara Zajac of the Dundee Public Schools.

These two groups were joined in the evening concert by the Notre Dame Concert Band under the direction of Donald Tolosko. Tolosko, who also served as manager of the festival events, in commenting on the day remarked that "It was one of the more successful of the festivals that we have run. I think that all of the students learned a great deal and were helped in musical advancement on their instruments."

Approximately 120 other students, ranging from beginners to intermediate students, participated in special clinic sessions where they received help on their instruments from ten specialists brought in for the day.

Participating schools included Our Lady of Perpetual Help, St. Isaac Jogues, St. John Brebeuf, St. Juliana, EastMaine Jr. High, the Elgin Catholic schools, Park View Public School, St. Francis Borgia, St. Viator, St. Mary of the Woods, St. Peter, St. Raymond, St. Martha, St. Andrew, Our Lady of the Waves and St. Theresa.

The board reduced the usual \$10 vehicle tag to only \$5, for all village residents who are 62 years of age and older. Unlike other villages where the reduction in price takes place at age 65, the Village of Niles lowered the age limit three additional years, thereby allowing a saving to more persons whose pensions have not been adjusted to present inflationary conditions.

Park District Pre-School Program

The Niles Park District currently conducts 7 play program classes for 4 year olds, but this winter they plan to add one additional. The class will be somewhat unique. It is planned to be an innovative pre-school program using a non-directive teaching approach, educationally known as the discovery method.

The goals center around the child developing a love for learning, self-discipline, self-reliance and self-motivation through maintaining and encouraging their natural curiosity. In addition to the teacher, there will be two consultants who have planned the program, to implement these goals. These 3 people, will be working together, continuously evaluating the program.

This method of teaching is now being tried in many institutions in the United States and abroad, and has found to be successful. The Niles Park District wants to keep abreast of new trends and ideas, thus we desire to try the discovery method on one class.

The method is too complicated to fully explain now. For this reason a special meeting will be held on Monday evening, Dec. 15, at 7:30 p.m. at the Niles Recreation Center, 7877 Milwaukee Ave. At the meeting the instructor, Mrs. Betty Hanson and the two consultants, Mrs. Arlene Cohen and Miss Janice Wanka will explain the program and the theory behind it. Questions will be welcome.

Any interested parent is welcome to attend the meeting. Registration for this class will

be taken after the meeting. The class size will be limited, but if vacancies exist registration will continue on Dec. 16, at 9:00 a.m. at the Recreation Center. (Scheduled pre-school registration day).

Youngsters must be 4 by March 1, 1970. The class will be held on Wednesday and Friday afternoons 1-3 p.m. at Niles Recreation Center, 7877 Milwaukee Ave. The class begins January 14 and ends March 20. For further information attend the December meeting.

Pre-School Registration

The Niles Park District pre-school program for 4 year olds is soon to begin. Under the competent leadership of Mrs. Conley, Mrs. Staudt, and Mrs. Kennedy, the youngsters will get an opportunity to participate in a group learning situation. The activities offered are varied, including learning basic skills, active and quiet games, singing, show and tell activities, etc. The youngsters are served orange juice and cookies daily. The program is open to children 4 years of age, or who will be four by March 1, 1970.

The second session is as follows:

Tuesday and Thursday - classes begin Jan. 13 through March 19. Wednesday and Friday - classes begin Jan. 14 through March 20. Monday and Wednesday - classes begin Jan. 12 through March 18. Tuesday and Friday - classes begin Jan. 13 through March 20.

Morning classes will be held from 9:30 to 11:30 a.m. and afternoon classes from 1-3:00 p.m. All classes will be held at the Niles Recreation Center, 7877 Milwaukee Ave. A fee of \$15.00 will be charged and mothers are asked to help with the program.

Registration for the second session will be on December 16, 1969 at the Niles Recreation Center, 7877 Milwaukee Ave., starting at 9:00 a.m. and will continue until the classes are filled. Winter Classes

Registration

Registration day for Niles Park District winter classes has been set for Saturday, Dec. 13, from 9:00 a.m. to 3:00 p.m. at the Niles Park District Recreation Center, 7877 Milwaukee Avenue.

Some of the programs have set limits on the number of people who may register for a session. For this reason, we must use a first come, first serve basis for our programs.

If you cannot register on December 13, you may register anytime after Dec. 13 but before the starting date of the program you wish to attend. The 1969, Fall, Winter, and Spring Brochures have been mailed to the homes of the Niles Park District residents. If, by some mistake, you have not received one, you may pick one up at the Park Office, 7877 Milwaukee Ave., during office hours. The Park Office is open Monday through Friday, 9:00 a.m. to 12 noon and from 1:00 to 5:00 p.m. and on Saturday from 9:00 to 12 noon.

Ice Hockey

The only qualifications are that boys be of the stated ages, that they have average skating ability and that they have hockey skates. Games will be played at Jozwiak Park and at the Flying Carpet Motor Inn (outdoor artificial ice). Games will begin about Dec. 12 and continue through Feb. Games will be played only on weekends. The cost is \$15.00 per player. The fee covers the cost of personal jerseys, trophies, and insurance. Eighteen games per team will be played. Each boy will be guaranteed to play the equivalent of one full period per game. There will be a limit on registration. If interested register now. For the program to be a success, it is necessary that we have some parent participation, serving in the capacity of managers and coaches. If interested contact the Park Office, 967-6633.
