Niles held its annual meeting with industrialists at the new administration building and it was indeed a most impressive meeting. The industrialists toured the new facility and were much impressed with the new village hall.

Village manager Ken Scheel reviewed Niles' past year's activities, spoke about plans for 1970 and touched on future plans which Niles officials are working on during the new decade.

In 1970, Scheel explained, Niles can look forward to many improvements in the village. The new \$30,000 pistol range beneath the police station is expected to be completed, improved water pressure in the Newark-Milwaukee ave. area will result from a new looping of the water main there. The widening of Harlem ave. between Oakton and Harlem will take place and 4 lanes will be completed between Milwaukee and Waukegan on Howard. The state will be completely revitalizing the Milwaukee-Tony intersection and a new storm sewer will extend from Milwaukee ave. to the river on Howard st. Two new nursing homes, 5 stories high, are planned, one next to Slingerland Drum Co., and the other on Golf rd. east of Milwaukee ave.

A 150,000 square foot office building will be erected at Gross Pt. and Croname roads. A Chrysler sales office will be built at Milwaukee and Maryland aves. A "Here Comes Johnny" steak house will go up next to the Apex Amusement building about 7700 Milwaukee ave. The Mill Run Theatre will re-open for concerts in January and the Golf Mill Theatre No. 2 will be completed. A 3-story office building is planned for Jarvis and Caldwell and a warehouse addition is being planned for the A.B. Dick Company.

Future plans call for the rejuvenation of Milwaukee ave. and hopes for the building of a better post office facility are also to be sought.

In addition to Scheel the industrialists heard from Trustee Ang Marcheschi and Chamber president Bob Wordel. Included in Wordel's plans is the using of the Chamber as a clearing house for all groups soliciting funds in Niles.

In speaking about the past year Scheel gave a capsule review of the last year of the 60's in Niles. He noted there was a village election in '69 and 2 new trustees and a village clerk were elected, in addition to the incumbent Mayor and 1 incumbent trustee. He

Morton Grove's police chief was given a warm retirement party by his many friends last week. It was an evening of humor and affection as the chief was honored for his 22 years of service to his community, 14 as chief of the department.

Trustee Ed Wilander served as MC for the evening and Mayor Bode and new chief Norm Glauner spoke before the 165 people there.

Gifts included a watch, plaque and \$1,950 and Glauner presented the retiring chief with a symbolic hat and ring.

Among the highlights during the evening was a musical satire presented by MG Woman's club president Jane Burtlet and five other ladies. It touched on some of the humorous events in Scanlon's career. Among them included the stealing of a Morton Grove police car and the time the chief narrowly escaped injury, when his car was hemmed in atop a railroad track. The chief ironically had been returning from a traffic safety meeting when his car was stalled on the tracks. As in a Mack Sennet movie, the car in front of the chief's prevented him from going forward, and the train cars in the rear wedged him squarely on the tracks. As the train was bearing down on the car he couldn't extricate himself because of a semi-trailer which stood alongside his car. Luckily, the car in front finally moved forward allowing Scanlon's car to move off the track.

15 Yr. Fight Ends With Mini-Park

KIRK LANE FINALLY TO GET PARK

After a 15 year quest Kirk Lane is finally getting its own park.

At Tuesday night's park board meeting the park district announced a mini-park or a micro-park will be purchased during the next 30 days in the area east of Waukegan rd. to the back pavement by Goldblatt's and extending south to the back end of the homes on Jonquil Terrace.

Kirk Lane Homeowners have been requesting a park in their area ever since the park district was activated in 1954. While areas thruout Niles received parks during the intervening years Kirk Lane had to content itself with the pool-park facility on Milwaukee ave. While the children who might have used the park in 1954 now have children of their own still the long-awaited site was announced Tuesday night.

In other actions the park district reported some progress is being made in acquiring other park sites in Niles. The park in the cemetery area on Sherman rd. may be nearer to acquisition. Attorney Barrafato told the Board meetings with Rabbinal societies in the Chi-

ago area is moving the acquisition nearer to its culmination. The Traller Park area north of Dempster on Washington is also moving along according to Commissioner Jack Leske and the district is optimistic about obtaining both sites.

In still other actions the PD okayed an \$11,341 payment to the general contractor for the Oakton Manor building. The total cost is about \$50,000. The building will officially be opened this Saturday.

While the payment was made PD members said 2 springboards alongside the stockade were broken and would have to be repaired or removed.

In another payment it okayed \$4,500 for the structural steel payment for the Gremman Heights gym, which is scheduled to be finished April 1. Slezak Construction Co. seems to be ahead of schedule and the optimistic April 1 date may be a reality. A \$22,919 payment to Slezak was also approved.

Commissioner Beusse reported about 70 boys took part in the hockey clinic under park auspices. An 8 to 14 year old

"A World Tour"

Anxiously looking toward 8 p.m. on Friday, Feb. 6, are Niles Mayor Nicholas Blase, (L) and members of St. John Brebeuf's International Festival committee. That's opening night for the Committee's presentation of "A World Tour" in the parish school at 8301 N. Harlem ave., Niles. The show will be repeated on Saturday evening, Feb. 7. Mayor Blase

purchased tickets #1 and 2 for the "Tour" which consists of continuous entertainment in 8 different rooms, five of them with ethnic themes.

Representing some of the rooms are (from r.) Rosemarie Bacci and Marilyn Luz from the Philippine Nipahut; Doc Lewis from the "Chicago Today" room; Irv Lava of the

"Remember When?" room; and the Irish Abbey Inn's Coleen McConville. In addition, there will be a Cafe International serving foreign foods and beverages, plus an International Market.

Tickets are \$3 per person and may be obtained at the door, or by calling 965-5497.

1970 Baseball League Officers

It is with extreme pride that the Niles Baseball League presents its officers for the 1970 season. To head the complex task of running the League, Auggie Donash has consented to act as Commissioner; Chuck Ellen as Vice-Commissioner; Tom Novello as Treasurer and Bill Keener as Secretary.

Auggie, well known throughout Niles and the baseball league is a tireless worker who devotes more than his share of time and energy in working for our boys. He has been a member of the

League for ten years and has acted as Equipment Director for the past five years, a task he has accomplished with great success.

Chuck Ellen, as a seven year member of the NBL, will serve as an assistant to Auggie with certain distinct duties of his own. Chuck had done an outstanding job as Little League chairman in the 1969 season and has graciously consented to act as Pony League chairman this year.

Tom Novello is a relative newcomer to the league entering his second year as a member. He comes with high recommendations in regard to his talents in handling the financial reports of the league and we are assured of his intent to aid the league in any way he is capable.

Bill Keener, as a seven year veteran of the baseball league accepted the Secretarial post for the 1970 season. He will also serve as the Pony League publicity man. Bill has also been a tireless worker for the league as a manager, coach and publicity man.

The Board of Directors are proud of their selections of men for these important posts, and feel that the 1970 season will be that much more successful because of it.

New Ideas In Playground Equipment

Climbing or crawling over, under, through, in-between, or around objects is a natural instinct for children. Most boys and girls, for example, seldom use a gate if they can climb over the fence, crawl under it or get between it.

A new idea in playground equipment, scientifically designed especially to appeal to this not-so-hidden urge was purchased recently by the Niles Park Board. The modern equipment was installed recently at Oakton Manor Park, on the 8100 block of Ozark ave.

This far cry from the typical playground equipment is made of wood and resembles a stockade or fort. In fact the children already have named it "Fort Dearborn." At the highest point it stands about 8 feet tall but still offers a variety of "levels" which appeals to younger children. While it is aptly called a "climbing stockade" there is also a slide and sturdy "bouncing boards."

Practically the entire structure is constructed of specially treated wood to provide maximum safety from splinters and a minimum of maintenance. And it's rugged enough to withstand years of use.

Unlike much of the playground equipment of the past, there is no concrete, pipes, or chain used in the construction of the climbing stockade. This helps reduce the chances of injuries. And since the stockade is used by children of all ages, the entire structure is built over a base of sand, as an additional safety feature. According to the Park Board the sand will be covered this Spring with the familiar bark chips.

Gerald Sullivan, Park Board President, says that the climbing stockade is typical of the imaginative recreational and play facilities the Park Board is striving to provide for all residents.

All you have to do is see a group of youngsters enthusiastically attack the stockade to see how they react to this challenging equipment. The parent's reaction is just as favorable. In a recent letter to the Park Board, Mrs. Barbara Larson, Secretary of the Oakton Manor Homeowner's Association, wrote: "May we also state that we are very pleased with the new idea in playground equipment. The kids are having a ball."

And there is a strong rumor going around that a number of adults have gotten quite a kick out of it, too.

As a part of the Park improvement program, the new Oakton Manor Community Center will be dedicated shortly. The building, to be named the "Michael Wozniak Community Center," includes inside and outside entrances to washrooms, kitchen facilities, air-conditioning, and a modern gas heated fireplace. It will be available upon completion for community civic meetings, table tennis, arts and crafts, bridge, teen-age dances and other recreational and civic affairs.

Utilities Acquisition

Marvin Chandler, Chairman of Northern Illinois Gas Company, and J. Harris Ward, Chairman of Commonwealth Edison Company, announced today that they have begun negotiations on the possible acquisition by Northern Illinois Gas Company of Mid-Illinois Gas

Company, a wholly-owned subsidiary of Edison, which provides gas service to about 100,000 customers in and around Rockford and Lincoln, Illinois, in areas adjacent to the service territory of Northern Illinois Gas Company.

Edison acquired the property in Dec. 1966 by merger with General Illinois Electric and Gas Company. The Federal Power Commission, in approving that merger, ordered Edison to show, not later than Dec. 1, 1969, why it should continue to own and operate such properties.

On November 26, 1969 Edison reported to the FPC that, after the termination of its affiliation discussions with Central Illinois Light Company, it was negotiating for the possible divestment of its gas operations,

Illinois Bell Requests Rate Increase

Illinois Bell Telephone today asked the Illinois Commerce Commission for its first general rate increase in 16 years.

President C. L. Brown had a one-word explanation for the rate proposal: Inflation. "Despite the company's best efforts and past exceptional record in holding down costs of providing service through more efficient methods of operation and fullest use of technological advances in telephony," he said, "current economic pressures have made the step unavoidable."

Effect of the proposal would be to raise annual revenues of the company by about \$86,500,000. This is an overall increase of about 9 percent of revenues from all Illinois operations, it was announced.

The request calls for increases in monthly charges to business and residence customers, unit charges for Chicago and suburban calls not included in basic monthly rates, within-state long distance rates and a number of other charges for customer equipment and miscellaneous service arrangements.

The company said that requested increases in basic monthly rates vary by community and type of service. Individual increases in one-party residence service would range from 25 cents to \$2.

Increases in monthly charges for business phones would range from \$1 to \$6.10. Adjustments also would be made for other types of business service.

It was also explained that the larger increases in basic monthly charges would be made in those expanding communities with exceptional telephone growth which has not been reflected in their rates for service for many years. The proposed rate schedules would be grouped according to the numbers of main telephones in the various communities served by the company to put all of them on a more equitable basis.

Joseph Berrier, Morton Grove manager, outlined the following proposed increases in monthly charges.

For Skokie, Lincolnwood, Niles and Morton Grove customers whose telephone numbers begin with 647, 673, 674, 675, 676, 677, 679, 965, 966 and 967 prefixes: Residence - local area individual line from \$4.25 to \$5.95; metropolitan service individual line from \$6.90 to \$7.45. Business - local main line from \$8.50 to \$14.35; metropolitan service main line from \$14.25 to \$16.35.

Host Families Needed

Illinois families are needed to host 130 teenagers from South America. The young people from Chile, Colombia, Peru and Ecuador will arrive January 10-11, and return March 19-29, 1970.

Mr. and Mrs. P. A. Hamilton of Forest Lake, Ill. are "Experienced World Travelers who have never left home." They have hosted 131 guests from all over the world.

"With all the horrible headlines of moratorium violence, the Chicago 7 Conspiracy Trial, the college upheavals, the world has a rather cockeyed view of American youth. We know our young people are not as the headlines picture them; but this is an opportunity for the future leaders of the world to really know one another. A high school friendship can last many years.

Some very important decision could be affected because some future President of South America shovelled snow with an American "brother," or the future President's wife wiped dishes, made her own bed or learned to bake cookies in an American kitchen. I can speak from experience. There is nothing so rewarding as being a World Neighbor," said Mrs. Hamilton.

Host families with teenage students of their own are being sought, and must provide room and board, including lunch at school. With their local school's permission, exchange students must attend school on a regular basis.

Anyone interested should apply to the International Student Exchange, Inc., 600 S. Michigan ave., Chicago, Ill. 60605.

Interesting Facts About Ice

Donald Lutz, Superintendent of Morton Grove Parks and Recreation has listed the following interesting facts about ice:

Problems in making ice—The major problem in making natural ice rinks in Morton Grove is the weather. Sun and wind can undo an entire night's work in a matter of hours. Children, too, by throwing stones, dirt, sticks and paper on the ice, cause the ice immediately surrounding the debris to melt. Children walking across the ice when it is soft cause it to become rough and irregular. The making of ice is further complicated by any appreciable amount of snowfall. The weather and the forces that control it determine whether or not Morton Grove will have ice on its rinks — not the Park District staff or the Board of Commissioners.

How ice rinks are made — Before you can even think about skating there is the element of time. It takes three to four days of below freezing weather to establish a frost line which will hold the water, then it requires an additional three days of slow, repetitive applications of thousands of gallons of water to be laid over large surfaces of ground. In all, 7 to 8 days are spent just to make ice ready for skating. Two trucks, one tractor, one snow plow, one 12' rotary broom, hundreds of feet of 1-1/2" and 2-1/2" hose and an assortment of special nozzles, scrapers, shovels and a countless number of miscellaneous smaller items are used each night by the staff to make ice.

MG Teen "Band" Winners

The Morton Grove Park District Teen club held its final competition for the Battle of the Bands on Nov. 29. Each group was awarded a trophy and the top 3 groups also received cash prizes, which were donated by various members of the Morton Grove Community.

The judges' final decision ranked the Bob Miller Blues band in 4th place, the Static Reaction in 3rd place, the Grace Mountain in 2nd place, and 1st place went to Flore and the Stones Hope.

Members of the winning band include Flore Pennachio as the lead singer, Geno D'Angelo as the lead guitar, Mike Miglio on trumpet, Scott Deacon on trumpet, Mark Marcus on saxophone, Ken Scott on trombone, Jim Stowell as bass player and Johnny Raya on the drums.

The boys' ages range from 16 to 18 years. They have been playing together with the new brass for 2 months. Originally, the group started out with 5 members last summer, and 3 still remain with the present group. Their future intentions include getting an organ and possible recordings. Their kind of music consists of BST and CTA. Rehearsing 6 hours weekly, the group works off sheet music as well as "improvising" individual parts. The group plans to stay together as long as possible.

Steve Pattee in Washington

A Morton Grove student at Beloit college is getting an insider's view of the federal education programs thanks to an unusual Fall term placement with the U.S. Office of Education in Washington, D.C.

He is Steven R. Pattee, son of Mr. and Mrs. Sheldon A. Pattee, of 5517 Warren, Morton Grove, and a graduate of Loyola Academy, Wilmette.

Pattee is on a Field Term, the off-campus work, service, or research situation taken by every Beloit student. He is a member of the Class of 1972.

From Washington, he writes that he is conducting a study of the various federal education programs. He has a staff of three in the preparation of a comprehensive listing of all federal programs, which includes interviewing the administrative head of each program to obtain data that is being coordinated by a computer.

The Field Term in which Pattee is participating allows students to escape for a time the sheltered campus life, to test abilities and to mature in the adult world.

...ACCIDENTS...

Accidents should never happen. Unexpected and unwanted, they all can be avoided. How clearly we see what might have been done when it's too late.

Saddest are the accidents with medicines and household poisons. These strike our loved ones in the home, where, of all places, they should be safe from any harm. Precaution is prevention.

Be certain containers are clearly marked and out of the reach of children. Read the whole label so as to know the antidote for each poison and the recommended first aid. Eliminate danger by discarding items no longer needed, including old prescriptions. Never take medicine in the dark, and never go beyond the prescribed dosage. Keep the doctor's phone number handy and ours right beside it.

By experience and training, we can advise and help. It's no accident that we have merited the confidence of the community. BIRCHWAY DRUGS ... 7503 Milwaukee Ave. ... Phone 647-8337.

telephone service during this period has declined 4 percent while their general cost of living has risen 37 percent — explainable by rate reductions totaling \$37 million a year, including the reductions in interstate long distance rates. In addition, they will benefit from additional savings of about \$10 million a year resulting from the reductions in interstate long distance rates which were announced last month.

"Meanwhile, however, we've had tremendous increases in our costs of doing business — for materials, for wages and salaries, for taxes and for capital funds required to meet our service obligations. For example, the cost of debt financing has more than doubled since 1953. Taxes alone take 33 cents of every dollar we receive from customers.

"The net result of all this has been a steady deterioration of earnings since 1966, even with gains in gross revenues from telephone growth and greater use of long distance service. The telephone company gets no immunity from the crippling effects of inflation. And the need for improved earnings has become truly critical as we continue to meet the massive demand for telephone service."

I am extremely proud of the Morton Grove firemen for the professional manner in which they conducted themselves in handling and transporting me to the Lutheran General hospital.

Useless

Do the residents of Oakton Manor realize that the new park building is useless?

Most of the park activities have been cancelled because the building is too small. The only use it has right now is to be used as a warm-up house. Isn't that a bit extravagant? Thousands of dollars to warm-up children that only live a block or two from the park.

Can't something be done to protect our tax money from things like this happening?

Another "highlight" included a gunfight near his home in the Beckwith-Morton area. Glenview's police were chasing an armed robber who had held up a gas station in the area and their shots rang out in front of the chief's house. Hearing the shots he quickly descended the stairs toward the front door. Noticing his scant attire he went back for his bathrobe and then went back a 2nd time for his police hat, so that he would be identified when he moved onto the street. There, at 3 a.m., MG's police chief, dressed in robe and slippers and police hat was on the street in the center of the action.

Obviously, being able to kid the chief about these incidents is indicative of the affection his many friends have for him.

Park District Holiday Schedule

During the holiday season, the Niles Park District will conduct free play and organized fun activities for youngsters in kindergarten through 8th grade. Activities will include quiet games, active games, crafts of a holiday nature, special parties, singing and many other surprises. The program will be held from 9 a.m. to 12 noon and from 1-5 p.m. on Dec. 22, 23, 26, 29, 30 and Jan. 2, at the Niles Recreation center, 7877 Milwaukee ave. and the Michael Wozniak Community center at 8100 Ozark, 8100 Ozark. Children may attend on all or some of the scheduled days for any amount of time - it is an open program.

Cartoons will be shown on Tuesday, Dec. 30 from 1:30 - 2:45 p.m. at the Niles Recreation center as a special event of the holiday program.

Teenage (high school students) youths can participate in recreation activities from 7 - 9 p.m. on Dec. 22 and 23 at the Niles Recreation center, 7877 Milwaukee ave. Activities include ping pong, pool, quiet games, dancing, etc. The teen program at Michael Wozniak Community center, 8100 Ozark, will begin on Dec. 29 from 6:30 - 9:30 p.m. This program will be held on every Monday and Thursday evening (excluding holidays) from 6:30 to 9:30 p.m. Any high school student in Niles is invited. Teen activities will be planned by the participants at that time. It is the Park District's desire to conduct several teen trips to various ski areas, as well as planning hayrides, dances and parties.

Auxiliary Visits Women Vet Patients

At the last 7th District, American Legion Auxiliary meeting, Morton Grove Unit #134 of the American Legion Auxiliary turned in many gifts for the women patients at Downey hospital for Christmas presents.

Two hundred fifty former servicewomen are confined there and this is one of the projects of the Past President's Parley group of each Auxiliary Unit. Through the district, all units participate, making sure no veteran lady will be forgotten on Dec. 25.

Morton Grove's Past President Parley Chairman is Mrs. Albert Nehart, the junior past president of Unit #134. She selected a dozen lovely items such as cologne, cosmetics, hair brushes, wallets and jewelry boxes which she wrapped and brought to the last 7th Dist. session.

Mrs. Jack Bartholmy, who preceded Mrs. Nehart as president of Morton Grove's Auxiliary Unit, knows the importance of receiving a gift when you're confined to a hospital bed on a holiday and contributed five additional gifts herself.

Mrs. Bartholmy is District historian and Mrs. Nehart serves the district as a color bearer.

Village Holiday Hours

The Village of Niles Administration Offices will be closed on Christmas Eve, Wednesday, Dec. 24, 1969, at 12 noon. The offices will re-open on Friday, Dec. 26, at 8:30 a.m.

Postmaster Expresses Thanks

Postmaster Robert R. Lutz states that in the last three weeks, the nation has witnessed more people mailing gifts, cards and letters than ever before. Across the nation every piece of Christmas mail that can possibly be delivered will reach its destination on time.

Airmail and special delivery should now be used especially on out of town mail.

Holiday schedules will be in effect on Christmas Day, Thursday, Dec. 25. Only special delivery and perishable items will be delivered.

It was noticed that a much greater percentage of residents are using ZIP CODES and that most people did mail early. However, the volume of mail will still be extremely heavy the next week or so, but our goal throughout the nation is to have every piece delivered by Dec. 24.

The Morton Grove Postmaster expressed the appreciation and thanks of his entire staff to all residents of Morton Grove who co-operated in the "Shop And Mail Early" campaign, and in their behalf extends "Best Holiday Wishes" to all.

Voting Registration

Village Clerk, Frank C. Wagner, Jr., reminds those Niles residents who are not registered at their home address, that the village is now accepting registration. You may do so at the new Administration Building, 7601 Milwaukee ave., Monday thru Friday, between 8:30 a.m. and 5 p.m., and on Saturday between 8:30 a.m. and 12 noon.

Registration at the Administration Building will close on Jan. 20, 1970. Remember if you are not registered you cannot vote in any of the important upcoming elections.

LWV "Know Your Town"

"Know Your Town" is an appropriate name for a local League of Women Voters fact-finding study," said Mrs. Robert Goldberg, Chairman of the "Know Your Town" committee in Niles, "because we're really getting to know our town, Niles, especially the structure and functions of the Village Government."

"Niles Village officials have been cordial, co-operative, and informative when the League ladies have called, interviewed, and requested factual information about the village, and we want to thank them publicly for their time and their help," continued Mrs. Goldberg. Schools, parks, and churches are also included in the study as well as other pertinent aspects of Niles.

The three goals of the "Know Your Town" study are: 1. to inform the League of Women Voters itself about the Village of Niles; 2. to eventually publish a comprehensive booklet to share this information with the citizens of Niles; 3. to become an area League called the League of Women Voters of Morton Grove and Niles (the local study is a prerequisite to becoming an area League).

Of the 94 members in the Morton Grove LWV, 22 are Niles residents. Of the 22 Niles women, the following have been actively involved in interviewing public officials, gathering copious amounts of information, going to committee meetings, and writing reports. They are: Mrs. Robert Goldberg, Mrs. Frank Kotsiris, Mrs. Jack Gerol, Mrs. Byron Chalem, Mrs. Roy Makela, Mrs. Clarence Anderson, Mrs. Ronald Verson, Mrs. James Reed, Mrs. James Doyle, Mrs. Walter Kramer, Mrs. Victor Aybar, Mrs. Martin Hodes, and Mrs. Jack Panek.

The "Know Your Town" committee cordially invites any interested women to join the committee and to do as much or as little as she is able to do. Several Niles women have joined as "paper members" because they want to inform themselves

but can't attend meetings very often. All women are qualified to join the LWV if they are citizens of the United States and 21 years old or older.

The League of Women Voters is a nonpartisan national organization that promotes political responsibility through informed and active participation in government. The League takes independent stands on governmental issues at the national, state, county, and local levels, it never supports or opposes candidates or parties but it does encourage its members to be active politically. Board members, however, are not allowed to participate in partisan activities while on the board.

Please call Mrs. Robert Goldberg (823-5682) for more information on the League and/or on the "Know Your Town" study of Niles.

Polish Arts Christmas Program

Christmas songs by the Lira Ensemble, a duet by radio and TV's Migala Sisters and Community singing of Christmas carols will highlight the Polish Arts Club Christmas program Sunday, Dec. 28, according to club president Charlotte J. Wilk. Piano selections by Andrew Juszczak, poetry readings and the breaking of "oplatki" (wafers) - the ancient Polish tradition of symbolically sharing one's good fortunes with others at Christmas time - will complete the program. Beginning at 3 p.m. the festivities, at 2222 N. Kedzie Blvd., will conclude with a social hour and refreshments.

The Lira Ensemble, directed by Prof. Alice Stephens of the Chicago Conservatory college, will include in its repertoire Szplman's "Kolysanka," and several traditional Christmas songs. The Migala sisters will render the duet by Moniuszko and lead the group carolling. Mr. Juszczak, a student at the Univ. of Illinois, will play piano preludes by Bach, Chopin and Schumann.

told of the opening of the new administration building Nov. 1, Niles also received its 2nd ambulance, from Niles Days funds, and approved a new aerial truck to be delivered in May, 1970. Five new vascar police cars were bought which are equipped with electronic radar equipment. He noted the Tam area now has ornaments on street lights, made note of the 5 civilian defense sirens installed and operating, and mentioned the new national disaster plan put into force in the village. The public works department added 2 new trucks, many blocks of new sidewalk were added to areas leading to schools, the village mailed vehicle and dog applications to homeowners for the first time, the village planner completed the comprehensive village plan in July, and the 1st full year of family service was used by about 250 families.

Reading over the past year's accomplishments and the coming year's plans it is obvious Niles is not resting on its past All America honors but is moving forward with amazing speed, and is a community to be admired by all.

St. Anselm's News

St. Anselm's Episcopal church, 1600 N. Greenwood, Park Ridge, will host Rt. Rev. Gerald Francis Burrill, Bishop of the Chicago diocese, for a day of visitation Sunday, Dec. 21.

A coffee hour and reception will follow the service in his honor.

New Arrival

Bishop Burrill will serve at the 10 a.m. communion service and preach the sermon and spend the day visiting, said Rev. T. Kimball Cannon, vicar.

A boy, Kevin Thomas, was born to Mr. and Mrs. Thomas W. Hundley, Jr., 9670 N. Golf tr., Des Plaines, on Nov. 20. The baby weighed 7 lb. 2 1/4 oz.

league is being formed with 3 divisions for the boys. Play will take place at Jozwiak Park as well as the Flying Carpet Motel rink which will be used "once or twice weekly". A 17 year old and up league will take place at the Flying Carpet Sunday nites with surrounding areas included. Play in this league will also take place 2 or 3 nites a week.

Beusse said free skating will take place at Jozwiak Park 50% of the time though he said figure skating, chops up the ice there which he said does not happen with hockey skaters.

In still other actions Commissioner Leske said the recreation budget is down to \$4,000 to be used for the next 5 months and the fund may not be sufficient to run Niles extended program. He hopes donations from rentals and other fees will be sufficient to carry the programs.

In executive session the Commissioners discussed the use of the "Oak Park Planners" who may be utilized to help select a new park director.

While the new Oakton Manor facility will be open this Saturday with a Christmas party resident Barbara Larson said she thought the extensive number of windows there will make a person feel they're inside a glass illuminated fish-bowl. She was told there will be drapes on the windows.

While ice skating will be available at all parks having rinks park president Jerry Sullivan said in 1970-71 Niles may

see fewer ice rinks in smaller parks such as Oakton Manor and NICO. He said the spreading of maintenance men to all the parks is physically difficult and the early morning ice-making at so many parks makes the job difficult. He said volunteers can't be relied upon since the 2 a.m. work in freezing weather cannot be taken by volunteers who have to go to work the following morning.

lage, raising money, planning events, etc. All those who would like to help on any one of the many committees is requested to do so. Many exciting and unique activities are being planned such as a Beer Stube, Historical Pageant, Costume and masquerade ball, and Teen donkey baseball game. Celebration will begin on July 4, 1970. The village attorney, donated his legal services and the Woodland Estates Homeowners group sent a check for \$50 to the Diamond Jubilee Committee.

In regard to the special assessment #93 which had a \$3,800 deficit due to an underestimate of the interest requirements David Cohen recommended a transfer of funds from the unclaimed rebate fund to cover the cost of the deficit, and the board approved. Fred Huber set up a meeting with Niles officials this Saturday to discuss Niles taking over maintenance of Washington st. Mr. Huber sent letters to those property owners who did not pay their bills for weeds cut on their property by the village this past summer.

Fire Chief Hildebrand said he mailed the permit for burning in the forest preserves. He also reported two big house fires, one at 7946 Wilson terr. and at 6801 Church st. Both are under investigation.

Atty. Nordberg read an ordinance proclaiming 1970 as the Diamond Jubilee Year of the Village of Morton Grove. Mr. Nordberg also told the board he has made some proposed amendments and put some additions into our ordinance on intoxicating beverages. The board approved these changes.

Mayor Jule Bode announced the dinner honoring retiring Police Chief Scanlon was a great success with more than 200 people in attendance. The mayor also noted the Utility Tax will end on Dec. 31, 1969.

Notre Dame Films Win Honors

Films produced by Notre Dame High school students won many honors and placed high at the recent Chicago International Film Festival.

In the finals Robert Schlapacasse, 3875 Gregory dr., Northbrook, won an honorable mention, which was the highest award given in the student division, for his film "L-Trip".

Notre Dame placed six films in the finals of the Chicago festival. It is indicative of the quality of the film program at the school to note that no other school in the world exceeded the number of finalists that Notre Dame had. The London School of Film Technique, a graduate level institution, tied Notre Dame's record.

Other films in the finals from Notre Dame were "The Game" by Paul Newell, 136 Elmore, Park Ridge) and "You and Me" by Newell, Bob Orr, 3808 Ruger rd., Glenview, and Bill Dasso, 700 Edgemont ln., Park Ridge. Schlapacasse also placed two other films in the finals - "Ban" and "LSD".

A documentary on Notre Dame High school, "1000 Days" by Orr, Schlapacasse and Bob Coleman, 760 Glenayre dr., Glenview, also placed in the finals.
