From The Left Hand

By David Besser
Editor & Publisher

At the Oak PTA meeting Monday night several people asked me why the police report has not been in The Bugle. They then began asking questions about happenings about town, many of which I wasn't familiar with, which normally would appear in the report. We promised the report would become a weekly feature in The Bugle again, as well as a weekly fire department report.

We've always wanted to include a court report but find this news almost impossible to report. Niles court is no longer a local court, but a part of the circuit court system of the County and cases from all over the County may take place there. Thus, most of these cases are not of a local nature. And the name of the game here is to include local news rather than stories from outside the area.

The police report always raises a bit of flak with the village fathers as well as the police department. While much of it is trivia, and of little consequence, nevertheless, it does mirror the community and rightfully belongs in the local newspaper.

One criticism the police department has raised concerns the mentioning of persons who make complaints. The police contend many residents have said they hesitate complaining because they do not want the public exposure. We believe this contention is seldom ever mentioned to the PD, but its merely a hokey bit of propaganda by the PD, which would prefer not to have the police report published. A flurry of housebreakings and other problems may exist in our communities. And while some policemen may think such activities are a reflection on the department, thoughtful readers realize such incidents are a part of every community, and no amount of surveillance can prevent them.

In Morton Grove last year, we had a rash of Friday night housebreak-ins on our block. Five homes across, in back, and alongside our home were victimized. No one accused the MG police department of being dilatory. Matter of fact, their efforts were continuous, and far beyond what could be expected in a local community. Thus, police departments shouldn't fear the public record being made public. Awareness of problems by the community is not only its inherent right, but knowing the problems of the community may well prevent them from happening.

Maine High's lowering the bars on its dress code and the wearing of buttons, etc. in the school was a welcome change. Most of our older generation may feel the allowing of more casual dress in the school results in more casual and less serious approach to schoolwork. But those who use this tack have no basis that this is true, and certainly are not tuned in to the younger generation's views of the unnecessary irrelevancies, which restrict their conduct.

The allowing of the wearing of peace buttons and other paraphernalia is really a sad commentary. For the school to have to repudiate such a policy in the first place, is a reflection of the Park Ridge-Daughter-Of-The-American-Revolution philosophy, which helped create policy at Maine thru these many years.

It has been mentioned district 63 Board member Sylvia McNair may run for the high school board this spring. Sylvia, who was in the fore-front in the fight to change the dress code, would certainly become an abrasive element if she should move up to the high school board. Whether the Board, or the district, is ready for Sylvia, only time will tell. But from what we've seen of this very outspoken young lady, she's ready to take on all comers.

Considering her experience on the district 63 Board, plus the need for moving the Board off its centrist position, Sylvia may be the necessary catalyst needed for the seventies in Maine's high school district.

Boat-Trailer Ordinance Revised

Revised Ordinance for Outdoor Storage of Trailers and Boats in Residence Districts will be presented to the Niles Board of Trustees at their regular Board Meeting on Tuesday, Jan. 27.

Copies of the revised proposed Ordinance are available at the Niles Administration Building and can be picked up or mailed to you by a phoned request.

Voting Registration

Village Clerk, Frank C. Wagner, Jr., reminds those Niles residents who are not registered at their home address, that the village is now accepting registration. You may do so at the new Administration Building, 7601 Milwaukee ave., Monday thru Friday, between 8:30 a.m. and 5 p.m., and on Saturday between 8:30 a.m. and noon. Registration at the Administration Building will close on Jan. 20, 1970. Remember if you are not registered you cannot vote in any of the important upcoming elections.

Water rates go up 30% effective February 1 as the result of action taken Tuesday night by Niles Village Board. It was estimated by financial consultant Edward Benjamin, of Benjamin and Lang, a typical Niles homeowner's bill will increase from \$60 to about \$78 per year. Nilesites will be raised from 50¢ to 65¢ per 1,000 gallons of water while schools and churches will be increased from 40¢ to 55¢. The rate increase was necessitated by a 25% increase from Chicago which feeds water into Niles water lines.

Benjamin, (who has been Niles consultant since 1951), in explaining the need for an increase said water departments are not money-makers. He contended the raise was due to a Chicago increase, but based on a 5 year projection, he expected no further raise during this period. Niles last raised its rates in 1961.

While the rate enables Niles to create an annual \$100,000 reserve, it is used for operating costs which include salary raises for employees in the water department. He warned if the increase was not forthcoming, it would create a deficit in this area. He also noted Niles bought \$500,000 in water bonds for improvements in 1965, without any additional cost to taxpayers, and the in-

debtedness of these bonds plus previous ones were adequately being met. He said the increase would maintain the present system and allow money for extensions, repairs and improvements during the next 5 years.

All neighboring villages are increasing their rates. It is estimated Des Plaines will raise its rates from 26% to 40% with comparable raises expected among our neighbors.

Only Trustee Ed Berkowsky voted against the raise. He said Chicago was actually raising the water by 5¢ per 1,000 gallons while Niles was uping the rate by 15¢. Benjamin said the actual Chicago raise is 5-1/2¢ but operating expenses and salary increases plus improvements necessitates the 15¢ increase. Benjamin said by raising the increase identically to the Chicago rate "would only be deluding ourselves."

In other actions Niles also approved the rate increase for the Glen Golf Refuse Company raising the rate from \$1.80 to \$2.25 per home.

Manager Scheel reported a letter to industrialists asking them their opinion about Niles postal facilities is preceding Niles contacting U. S. Senator Smith regarding an improved station. Mayor Blase said it

Jan. 15 Commemorative School Holiday

Robert P. Harrahan, Superintendent, Educational Service Region of Cook County, today (Jan. 8) alerted suburban school officials to the fact that a commemorative holiday, Jan. 15, has been established for Dr. Martin Luther King, Jr. by the State of Illinois at the last session of the General Assembly.

The bill which was signed into law on Oct. 6, 1969, reads in part: Commemorative holidays are regular school days devoted to the commemoration of specified patriotic, civic, cultural, or historical persons or occasions. On commemorative holidays, teachers and students shall devote a portion of the school day to study and honor the person or occasion which is the subject of the holiday.

Acting Classes At Mill Run

Mill Run playhouse takes pride in announcing it is now accepting registrations for its 5th season of acting classes. In addition to its usual two classes, one for high school students and one for elementary age children, a third class is being offered for previously enrolled Mill Run students.

Classes will be held for 1 hour on Saturdays for 10 weeks, starting Jan. 24, and continuing until March 28.

Harrahan explained, "Commemorative holidays are Jan. 15, the birthday of Dr. Martin Luther King, Jr., and any day so appointed by the President or Governor. School Boards may establish commemorative holidays whenever in their judgment such action is advisable."

For further information contact Dr. George T. Cahill at 321-7630.

Emphasis in the classes will be on acting techniques, including stage movements, voice and articulation, development of characterization, scene analysis and creative improvisation.

Television viewers know the priest for his annual Good Friday "Shroud of Turin" which has been presented regularly for

Marz Accepting Homestead Tax Registrations

According to George C. Marz, Niles Township Assessor, while the official Homestead Exemption applications are not as yet available from the County Assessor's office, the registrations of Senior Citizens and Disabled Veterans are being accepted by his office now. This prior registration will make it possible to process the formal applications when available more promptly.

All Niles Township Senior Citizens, 65 years or over, who are home owners of record, are entitled to a \$1,500 maximum reduction from the value of their homes, as equalized or assessed by the Department of Revenue.

Marz also pointed out that Disabled Veterans, who are homeowners of record in Niles Township and have had their homes especially built, modified, remodeled or equipped to suit their particular needs are also entitled to a \$15,000 maximum reduction from the value of their homes.

Marz said that many of the Senior Citizens and Disabled Veterans who qualify for Homestead exemptions are a bit concerned about not being able to obtain official exemption forms. Marz stated that inasmuch as the exemption forms are not as yet available, this does not pose a problem. The Homestead Exemption Act becomes effective in 1970 but taxes do not become due and payable until 1971. There is plenty of time to properly fill out the necessary official forms and to process them.

It is for this reason his office is open to all Senior Citizens and Disabled Veterans to come in or telephone to make the preliminary registrations and obtain answers to any questions that may be uppermost in their minds.

These Senior Citizens and Disabled Veterans who are registered will be notified immediately when the formal official forms are received from the County Assessor's office. Then, at their convenience, the forms will be properly filled out and the necessary processing will be done.

Marz further said he feels that by personalizing the services of his office as Niles Township Assessor, it is much easier for homeowners to understand the various steps that are necessary to file their applications, to obtain a clarification of their tax bills, or obtain such information that they may want on a confidential and personal basis.

Marz emphasized that he considers his office a "service organization" which has the prime purpose of serving all Citizens in Niles Township.

George C. Marz, Niles Township Assessor, maintains his offices at 5255 Main St., Skokie. The telephone number is OR 3-9150. Anyone who is confused or wants clarification about the Homestead Act, assessments or taxes, is invited to make a personal visit or to call for a special appointment.

The Illinois Catholic Conference program "Time for Action" will be the main topic for discussion. This program has been established with the cooperation of the organization of Catholic Bishops of Illinois and the Archdiocese of Chicago. This program explores the financial crisis facing non public schools and explains methods of action to obtain state aid for our non public schools. The presentation will consist of a film strip, transparencies, and a general discussion.

We share concern with the community for the number of

non-public school closings and its effect on the Public School System. More than 100 non-public schools have closed since 1964. Many still open are operating on an austere budget. Every time a non public school student transfers into public school his tuition money is lost to the Illinois educational community and the taxpayers burden increases. Every non public school closing means a greater burden to the public school.

Non-public schools enroll 1/5 of the state's pupils. Last year the non-public school enrollment totaled 528,014 elementary and secondary students. This cost is borne by individuals. The estimated expenditure per Illinois public school pupil now averages \$742.00. The cost to educate the 528,014 non public school students at this rate would be \$391 million. The state of Illinois does not pay this cost, therefore in effect Illinois non public schools are subsidizing the state educational system this amount.

The non-public school child is as much every taxpayers con-

cern as is the public school child. His presence in a non-public school provides the state with economic and scholastic benefits.

State aid to non-public schools is the only way to retain these benefits for Illinois. If non-public schools are forced to close, the alternative may be full state support of those transferring to public schools.

Governor Ogilvie has earmarked \$32 million for non-public school support. This is about 1/6 as much per pupil as the average per pupil proposed expenditure for public schools under the \$815 million common school fund budget.

The immediate need is to urge our representatives to approve an adequate appropriation for our non public schools. This approval must come during this legislative session. Each delay means a greater financial crisis.

We extend an open invitation to all concerned who wish additional information on the methods of action to urge approval of adequate appropriations during this legislative session.

The club also endorsed Aaron Jaffee's candidacy for reelection as Committeeman of the Niles Township Regular Democratic Organization. NW Italians Start New Year Jan. 19

America put the final touch on the "Sensational Sixties" by imprinting man's footsteps on the moon, leaving the tomorrows full of promises of great progress in the areas of aeronautics, medicine, education, and, hopefully, brotherhood.

On Monday, Jan. 19, the Northwest Italian-American Society will baptize the new decade at their monthly meeting at 8 p.m. at Bunker Hill Country club, Milwaukee ave., Niles.

New President Bob Romano and officers suggest that a resolution of being an active and participating member of the Society be included in the list of "My Resolutions - 1970". This would indeed be a good time to come to meet newly elected officers and learn of their new plans for the coming year.

The course will include low calorie diets and recipes, and how to lose weight and stay at their ideal weight.

Among other features of interest are instructions in exercise, relaxation, posture and walking, skin care and makeup, hairstyling, and how to plan a basic wardrobe.

Ever see a \$200 bill?

Just one would buy you a whole year of electric heat.

And you'd probably have money left over. Surprised? You shouldn't be. Because electric heat just doesn't cost a small fortune anymore.

Here's why: Commonwealth Edison has cut the cost of electric heat dramatically in the last ten years. That's why today you should expect to pay less than \$200 a year for electric heat in an average six-room home with proper insulation.

So if you still believe the myth that you have to make a lot of money to afford electric heat, forget it.

It's as phony as a \$200 bill!

Maine East Freshmen Take W.S.C. Tournament

The Demons of Maine East removed all doubt of their superiority Friday night as they crushed scrappy Proviso West freshmen in the championship game of the West Suburban Conference Tournament, 51-44. Maine East took command early in the game and held a 25-15 lead at half time. Excellent defense by John Wolf and Bob Lloyd on the Proviso guards helped hold their point total down. In the second half, Proviso fought back within 4 points, 39-35. At this time a crucial jump shot by Jim Cromer, 6'11" forward eased the pressure. Greg Maloney followed with a steal and a driving layup, and John Wolf hit on two free throw attempts as Maine put the game out of reach.

It was the first appearance in the championship game of the tournament by Maine East in many years. The freshmen certainly took advantage of their new situation. Jim Cromer completely dominated the game with 21 points and 18 rebounds. John Wolf scored 15 points and played an excellent floor game along with his running mate at guard, Bob Lloyd. As has been the case all season for the young Demons, their bench has been one of their strongest suits. Once again Clyde Infinger, 5'11" forward, filled in during the 2nd and 4th quarters doing a fine job on the boards. Doug Moorad, 5'7" guard, and Dave Erickson, 5'11" substitute center gave the starters a breather and still maintained control of the game.

The Demons' path to the championship game was not an easy one. They beat Downers Grove North on Tuesday by a score of 55-49. Maine East led all the way, but had some anxious moments as both Jim Cromer and Greg Maloney fouled out in the 4th quarter. Clyde Infinger came off the bench to score 8 points and Dave Erickson scored 7 points in four minutes to secure the victory.

In the semi-final game, Maine East took on the LaGrange Lions. In probably the toughest most closely matched game of the tournament, Maine was the victor 49-46. LaGrange led throughout the game opening up an 8 point lead in the 1st quarter. With two minutes left in the game LaGrange led by 5, but John Wolf hit on a driving 3 point play. Wolf finished the 4th quarter with 7 out of 8 free throws giving him 19 points for high point honors. Castongo had 10 for the Demons. The clutch ball handling of Doug Moorad helped nail down the win in the last minutes of play.

Coach Paul McClelland's freshmen Demons now own an unblemished 11-0 mark on the season; the best freshman record in the entire area. He points out that their record is even more significant since they play in the West Suburban conference, long recognized as the toughest conference in the area. Furthermore, the Demons hold impressive non-conference wins over Evanston and Prospect, both of whom are on top of their respective conferences.

Maine's next game is an away contest at York of Eimhurst Saturday, Jan. 10.

Art Exhibition

age manager Mr. Kenneth Schell.

Mrs. Berles, co-founder of the Niles Art Guild, as well as past president, former secretary-treasurer, historian and presently, exhibits chairman, won her first art scholarship to the Chicago Art Institute while still in high school. After moving to Niles 16 years ago, Marge only dabbled in art until health necessitated a hobby as recuperation therapy. Renewed interest and a series of art lessons started her on the way to a full background in painting with tempera and oil with both palette knife and brush.

Presently studying at the Village Gallery, under artist teacher Joe Abbrescia, Marge has developed into an accomplished artist in a short time.

Besides exhibiting at various art fairs such as Golf Mill, Lawrencewood, Skokie, Goldcoast, and Countryside, to mention a few, she has been chairman of the Lawrencewood Art Fair for the past two years.

Her one man (woman) shows include the Golden Bell Restaurant, Golf Mill Theatre, Lawrencewood Theatre, Niles Public Library and Roselle Airport.

Mrs. Berles also excels in Christmas decorations and artistic packaging, and has given numerous lecture demonstrations at various women's and church clubs and several art guilds. Perhaps her most unusual single Christmas decoration was a five foot Christmas tree made of 1500 milkweed pods, painted gold, inserted in a honey comb, decorated with 490 Italian lights and over 500 ornaments.

Mrs. Bernice Bay, a founder member, Social chairman, Ways and Means chairman, and an invaluable member of the exhibits committee of the Niles Art Guild, became interested in art while still in grammar school. In early adulthood, Bernice, then a girl scout acquired the skills necessary to pass the test for art merit badges.

Mrs. Bay studied art under well known Chicago land tes-

chers, Walter Bower, Ruth Healy and Edith Goodale. Presently, attending classes at the Village Gallery in Skokie under George Sotos, Mrs. Bay favors oil painting and water colors, though her charcoal drawings are fabulous.

Other talents include delicate needlework for which she won three prizes on four entries, a first place and two third prizes at the Lake County fair.

Five years ago she began a study of jewelry making and is now engaged in "personalized" costume jewelry fabrication. She has exhibited both jewelry and paintings at the Golf Mill, Lawrencewood, Goldcoast, Harlem-Irving, Rolling Meadows and the Edens Art Fairs. One man shows include the Lawrencewood Theatre, Niles Public Library, and several restaurants including the Knights Pub of Des Plaines.

The Niles Village Hall exhibition area is being serviced and maintained by the Niles Art Guild and anyone wishing to display his or her art work day do so by calling Marge Berles, exhibits chairman at 823-4703 and requesting an exhibit time. (See Photo on Page 1).

In the third date of 1968 at Minnesota a fractured left shoulder idled the football player for seven straight games. He returned against Dallas and got into the final four with a 2-2 showing.

Mrs. Jonathan Goodman sent a letter of thanks to the Police Dept. and Officer Gerald Rossler for his help to her on New Year's Eve, when she had a flat tire.

David Cohen said a proposal has been received from G.J. Furniture regarding the vacating of 10 feet of property on Dempster. He also said he received the 6 month audit. Tony Fragassi reported since Christmas his men have plowed once and salted 6 times. There have been 6 water main leaks since then, on 6" mains. Supt. Fragassi introduced Boy Scout Larry Jensen who noticed a Menard street sign, which had been up for 5 years was misspelled on one side. Mr. Fragassi gave the sign to Larry as a remembrance and Larry also said he noticed a mistake on a Greenwood sign. Mayor Bode told him to keep up the good work and said he was a fine example of a good scout.

Larry Bassuk, son of Mr. and Mrs. Laurence Bassuk of Morton Grove, was one of four undergraduate students at Southern Illinois university, in Carbondale, recently tapped for initiation into Sphinx club. The club honors exceptional contributions and leadership in residence hall affairs, student government, and other organizations. Larry, a senior in the School of Technology, has served as president of the Engineers club, president and senior advisor to Freshman honorary Phi Eta Sigma, and chairman of the University Center board. He has also been a resident fellow and a member of the technology advisory board.

Fred Huber said letters had been sent out to those business men who have not properly removed the snow from their sidewalks and driveways. Frank McTier announced the Diamond Jubilee committee will meet on Wednesday, Jan. 14, and they are making good progress. Arty. John Nordberg read an ordinance regarding the increase of water rates and it was approved by the board. This increase is the first since 1961 and will go into effect Feb. 1, 1970.

The sprinkler system at the Overmier Warehouse froze during the cold weather and Herbert Houndt was concerned since there was no way for the public works dept. to shut off the water during an occurrence such as this. Of course, this leaves the building without fire protection. David Cohen suggested putting water meters in all buildings that don't have them, so that if trouble occurs the property or business owners would be liable and not the village. Fred Huber said this would be discussed Thursday at his meeting with Chief Hildebrandt. Fred McClory listed the Motor Fuel tax for December at \$27,898.42.

Des Plaines Guild Continues Barefoot In Park

One of the most spectacularly successful comedies in American stage history—"Barefoot in the Park"—is continuing to charm play-goers each Friday and Saturday night at Guild Playhouse in Des Plaines.

It's an uproarious charade about a pair of newlyweds that ran on Broadway from the fall of 1963 into 1967, and has played most every large city's theatres and movie houses in America and in many foreign countries since then.

"Barefoot" is concerned with a delightful pair of newlyweds who, after six days of marriage, are learning how to bicker as well as to love each other very much, as they try to organize their lives in a dizzily inadequate little apartment that is located an "exhausting" five flights of stairs above ground level.

Bill Levander, Guild president, designed the bleak apartment that the scatterbrained bride has too impulsively leased for a first home. It occupies the stage at 620 Lee St. for 5 more performances with the curtain going up at 8:30 p.m. on Jan. 16, 17, 23 and 24, and again for a benefit performance on Jan. 31.

For ticket information, phone 296-1211 between noon and 8 p.m. or until curtain time on Friday and Saturday nights. Single admission price is \$2.50, with a special student price of \$1.25 on Fridays.

If you want children to improve, let them overhear the nice things you say about them to others.

More Talent For SJB's World Tour

Peterson, 8222 Bruce Dr., Niles, current Director of the J.T.S. will act in the same capacity for the room and also as organist, accompanied by Marty Thompson, madolinist, and Al Aclerno on drums. Elmer Stiff will be the stage manager, Pat Zaehler the costume executioner, and Betty Miller resumes her duty of choreographer.

Other J.T.S. members who will perform are: Joe Foltz, Master of Ceremonies and vocal soloist; Jack Adams, Marge Beyer, Art Ennis, Millie O'Brien, Howard Herbin, Marlon Stiff, Steve Miller, Harry O'Brien, Ches Peterson, and George Becker.

All proceeds from the Society's performances are donated to the Jefferson school, 8100 N. Greendale, Niles. For information call Mel Cohn, 967-7136, Producer of the J.T.S.

M.A.S.S. Success

On Saturday night Dec. 20, Niles became a real teenage delight as the Niles Teen Board presented their big Christmas dance featuring the Fabulous M.A.S.S. in action. Simultaneously Mill Run presented a Rock-A-Thon at the Mill Run Playhouse which had 10 top bands from the northwest area schools.

To the great delight of the Niles Teen Board, the St. John Brebeuf dance outdrew the Rock-A-Thon by almost 50%.

Bowling News

By Henry Aronson

Henry Aronson, president of Classic Bowl located at 8530 Waukegan Rd., states that Ladies Day held every Friday has proved very popular.

Women are taking advantage of the big bargain prices. For only \$1.50 women can bowl as long as they wish, as many games as they wish any Friday from 9 A.M. to 5 P.M.

Classic Bowl, the most popular bowling spot in the area, invites league officers to check it for possible league openings for the coming season 1970-71.

Henry Aronson, also the operator of Golf Mill Lanes, located at the south end of the Golf Mill Shopping center, invites leagues which are close to the lanes to check for league openings at Golf Mill for next season.

GENERIC

The trend, the publicity, the consumer awareness fostered so strongly by the press and interested public officials, have brought generic prescribing and generic drugs to the fore. The pros and cons have been heated and shrill, the controversy still rages; but some physicians, with full professional integrity, want their patients to have the more economical medication.

This inevitably increases the pharmacist's responsibility. He must be sure! The doctor writes a generic, and fully implied in his confidence that the product the pharmacist chooses will be of the highest purity and potency. And, as always he has in the past, the pharmacist will live up to this trust. To do so he must be very critical of the responsibility, the ethics and the integrity of the supplier and the manufacturer of the generic. With as much zeal and fierceness as the brand name manufacturer guards his label, the pharmacist must guard what he dispenses under his own.

This is how we believe, how we think. With full confidence, as does your doctor, you may rely on us. **BIRCHWAY DRUGS**... 7503 Milwaukee Ave. Phone 647-8337.

Des Plaines Theater Guild Membership Meeting Jan. 21

A double bill of entertainment will be offered at Des Plaines Theatre Guild's January membership meeting and program, according to Michael Wouids, program chairman for the community theatre group.

For information about Des upcoming productions, call the Plaines Theatre Guild or to box office, 296-1211 between reserve tickets for one of the noon and 8 p.m.

LEGAL NOTICE

Continued from Page 17

In order to accommodate the visiting entertainers, the meeting will be held one week earlier than usual on Wednesday, Jan. 21, at 8 p.m. in Guild Playhouse, 620 Lee St., Des Plaines.

Besides a brief business meeting and refreshments, those attending will be treated to a performance of Eugene Ionesco's one-act play, "The Bald Soprano," by the Lombard Park Players from Lombard, Illinois and a group of vignettes by Tom Ventresca acting workshop members, many of whom are Guild Playhouse regulars.

Membership meetings of the Guild are always open to anyone in the area interested in community theatre, Wouids explains. "You need not be a season subscriber or active participant to attend, although naturally we hope to win you over to the 'active' side eventually," he adds.

Wouids is a member of the board of directors of Des Plaines Theatre Guild, and also director for its bonus show, "Who's Afraid of Virginia Woolf?" which is being presented on Sunday, Jan. 18 and 25, at 7:30 p.m., at Guild Playhouse. Tickets will be available at the membership meeting on Jan. 21, and also sold at the box office on performance nights.

There will also be five more performances of the third play of the regular 1969-1970 season, "Barefoot in the Park," on Friday and Saturday, Jan. 16 and 17, 23 and 24, at 8:30 p.m., and a benefit for the Soroptimist Club of Des Plaines on Saturday, Jan. 31.

On Wednesday, Jan. 28, DPTG will reciprocate with the Lombard Park Players by presenting excerpt from "Virginia Woolf" at that group's membership meeting in Lombard.

Production helpers are also being sought for the March DPTH offering, "Wait Until Dark," which is now in rehearsal under the direction of Kenneth R. MacCowan, Mac Cowan directed "The Odd Couple" for the Guild last May.

Maine Hi's Final Exams

Parents of high school students are reminded that their youngsters should begin now to "hone up" for final examinations to be given at all three Maine high schools on Jan. 21, 22 and 23. Tests are scheduled from 8:10 a.m. to 1 p.m. on these three days and will be given in the regular classrooms.

Final examinations are to be given in all subjects except where the teacher, department chairman, and principal determine that the subject area does not lend itself to an extended period final examination. Students will be informed well in advance if their class is not scheduled for an examination.

Students are required to be in attendance only when taking tests. The cafeteria in each school will be provided for those students who wish to remain in the building when not taking examinations; all other students must leave the building and campus. No student will be dismissed early from an examination.
