Dist. 63 Considering Cutbacks

The board of education of East Maine school Dist. 63 has announced it intends to examine those programs which could be cut immediately without directly affecting the daily classroom program in an effort to begin to conserve funds for the next school year.

Areas mentioned for possible cutbacks include lunchroom supervision, extracurricular activities, hiring of substitute teachers and field trips. The Board is also considering charging for the use of school facilities by community groups.

Announcement of the Board's intention to begin immediate cutbacks was made by Board President Bill Gurolnick at the Jan. 28 board meeting following defeat of school tax referenda the previous day.

Although the board of edu-

cation has indicated it intends to return to the people a second time with their request for additional funds after a lapse of 60 days as required by law, the Jan. 27 defeat puts in question the future operation of the school district.

"Most of us felt too old to cry, but too hurt to laugh" was the way Mr. Gurolnick described the reaction of board members, administrators, teachers and parents who had worked to secure passage of the two tax rate increases. He went on to thank all those who had worked.

"The real disappointment," Mr. Gurolnick said, "was the realization that a tremendous number of school parents failed to come out to vote."

Residents of Dist. 63 have traditionally supported requests

for funds to operate their schools. It is, in fact, the first time in the history of the district that a school tax referendum has been defeated.

Parents in the audience at the board meeting attributed the defeat to a revolt against payment of higher taxes and a refusal to believe that the funds were really needed.

Referendum workers have said some residents refused to even hear about the school needs.

District 63 is operating with a near one million dollar deficit and school officials have said the tax rate increases are necessary to continue the current program.

But even if drastic cutbacks were made in the budget for next year, according to Busi-

ness Manager Jim Bowen, it is likely the district will still run out of funds sometime in 1971 and have exhausted its capacity for sufficient borrowing unless approval does come from taxpayers for a tax rate increase.

Hal Schwartz, president of the Washington school PTA, suggested at the board meeting concerned residents of Dist. 63 form a citizens advisory committee which, acting independently of the Board, would study the school situation and make recommendations.

"We do want to assure parents and school personnel of one thing," Mr. Gurolnick emphasized. "We are not contemplating any change in our philosophy of education - in the goals and objectives of our educational program."

"The citizens advisory committee is my own idea," he said, "I haven't even talked to other PTA presidents about it." He also suggested the board of education begin to consider immediate cuts.

Michael Conway, president of the Stevenson school PTA, expressed doubt a citizens group would be able to organize in the time remaining before the next referendum.

If a citizens group were formed, Mr. Gurolnick assured members of the audience, whatever materials and information requested by the group for study would be supplied. He suggested residents who do not have children in the school also be encouraged to participate in such a group.

Pointing up the district's financial problems, the board of education during the business portion of its meeting authorized Business Manager Jim Bowen to borrow a million and a half dollars in the form of tax anticipation warrants (the only way school districts are permitted to borrow funds) in order to meet the district's obligations beyond March.

In addition, the Board authorized Mr. Bowen to sell \$300,000 in approved construction bonds on a six-year schedule to pay construction costs for the new Apollo Junior High School.

Notre Dame's Mardi Gras Feb. 10

Skill enters the scene as a Notre Dame student pitches one in, at last year's Annual Mission Mardi Gras, Feb. 10 is this year's date.

Happiness is the theme of the 7th Annual Mission Mardi Gras to be held at Notre Dame High school, 7655 Dempster st., Niles on Feb. 10 from 2 to 11 p.m.

There will be joy not only for the parents, friends and 1500 students of Notre Dame but also for the thousands of people reached by Holy Cross missionaries in South America, Africa and Pakistan who will

benefit from the proceeds of this pre-Lenten festival.

Last year more than \$3,000 from this benefit went directly to the mission hospitals, leprosariums, schools and churches run by the Holy Cross missionaries.

Joining in the happiness this year, as a truly community effort, are members of Notre Dame Parents' Club, student organizations, alumni, faculty and all facets of the community in an effort to produce the greatest Mardi Gras yet witnessed at the school which is famous for its fun-filled carnivals.

New features will highlight the festivities this year. There will be added variety shows, a chicken dinner, games designed for young children, a dance for teenagers and games for parents. There will be something at the Mission Mardi Gras for the whole family.

The carnival booths will open at 2:15 p.m. The honey-fried chicken dinner will be served from 5 to 7 p.m. Cost of the dinner will be \$1.50 for adults and \$1 for children.

The fun and excitement will continue throughout the evening in the wildly decorated gym and in the "Hungry-l" styled variety show which will use untapped talent from Notre Dame and local high schools. Running along with the variety show

Conservative Synagogue Formed

At a recent meeting, Congregation Beth Ami was formally organized as a new Conservative synagogue. The new synagogue is designed primarily to serve young adults; however, people of all age groups are welcome to join.

The synagogue seeks to serve those families who are not affiliated with any other temple. Though without a permanent home at present, the synagogue is attempting to rent facilities in the Skokie-Morton Grove area.

Officers were elected as follows: Nat Gershman, president; Marty Bresler and George Goldberg, vice-president; Steve Masur, treasurer; Joanne Purvin, secretary; and Terry Preissler, chairman of the board of trustees. Rabbi Irving Frankel is lending his assistance as spiritual leader.

To the best of the members' knowledge, this synagogue was organized by the youngest group ever to achieve such an accomplishment.

Information regarding membership may be obtained by calling 966-7677 in the evening.

New Park District Gymnasium

Overhead view of the new Niles Park District gymnasium being constructed at Grennan Heights Park. The floor of the gym will be located four feet below grade. There will be no beams located on the inside of the gym to obstruct use of the facility or to interfere with the view of spectators.

A new gymnasium complex, to be named after former Niles Park Board President Louis Schreiner, is under construction at Grennan Heights Park located at Oketo and Kedzie. According to Park Board President Gerald J. Sullivan, the new gymnasium is scheduled for completion in the spring.

In addition to the main gymnasium building which will encompass 8,700 square feet of floor space, the complex will have a new Park District Service Building. The gym building itself will include an all-purpose room, locker rooms, and showers for both men and women. At the center of the complex

will be an outdoor atrium.

A special feature of the new gym will be specially constructed ramps so that handicapped children will be able to make use of the facility.

President Sullivan said that the new facility will make it possible for the Park District to provide a wide variety of year-round programming for all age groups which has not been available to the residents of the Niles Park District previously.

In past years, scheduled Park activities in leased facilities were often cancelled or rescheduled due to other commitments by the lessee.

We have divided our 11 member group into 5 sub-committees for the purpose of study and research. These sub-committees are: Objectives of Public Education, State Administrative Structure, Financing of Schools and Debt Limit, Higher Education, and State Aid to Non-Public Schools. Dr. Parker is on the Objectives and Structure sub-committees, and I have been appointed to Financing and Debt Limit.

The week of Feb. 9 has been set aside for public hearings throughout the state, and I cannot emphasize strongly enough the importance of these open meetings to the citizens of my district.

If you have opinions or proposals you wish to have the Constitutional Convention delegates consider—NOW is the time to make your wishes known to the delegates.

On Feb. 9 and 10, general meetings will be held in Marion, Peoria and Rockford, with one member from each substantive committee in attendance at each location. I will be representing the Education Committee at the meeting in Rockford, in the Faust hotel, 630 E. State St., from 2-5 p.m. and from 7:30-10 p.m. next Monday and Tuesday.

This luncheon will be given in the Grand Ballroom of the Conrad Hilton hotel and the afternoon promises to be an exciting and elegant affair. The main feature will be "The Global ORT Fashions of 1970" created by ORT Students.

Interested citizens may attend any of these open meetings and discuss problems or make suggestions dealing with any phase of the constitution.

**LETTERS TO EDITOR****A Dist. 63 "Professional Housewife"**

Dear Mr. Besser:

Regarding the overwhelming defeat of the Dist. 63 Bond Referenda,

Perhaps now, the "people" will realize the "power" of the individual vote! After 10 victories, the School Board has received its first defeat. This can only prove while we are in full support of a fine educational system for our children, we will no longer be complacent about the spending whims of the school district.

In the past, we have been an obedient, apathetic mass, frightened by talk of our "children suffering etc." if we do not vote yes to all educational bond issues. The tax

burden has grown unbearable; till each of us has had to learn and practice many and varied means of "cutting back." We pay, and ask for no accounting of funds. There are, and can be, ways of utilizing funds more efficiently, and we, the taxpayer, can demand our municipalities to cut unnecessary spending and channel our tax dollars into major spending areas such as education.

The complacency of the voter who elects officials to represent him and then ignores what his elected officials are doing, is a thing of the past. Now, we will elect our representatives and demand they do their proper job - which is to represent us! This means respecting our wishes as to the distribution of our tax moneys.

Someone remarked at the school board meeting the pamphlet distribution and doorbell ringing campaign was the

sincerity, Mrs. Marlene Pascente

Reply To Mrs. Jorgenson

Dear Mr. Besser:

As a student of Maine East, and a member of People for the Betterment of Education in Maine Township, I resent what Mrs. Helen Jorgenson said in her letter last week.

Our group and SDS are two different organizations. We organized because our high school had regulations and policies that were not in keeping with what is going on in the country today. We tried going through channels to talk with the administration and the school board about it. Even though we came and sat through two school meetings, and wrote letters asking for a discussion, we did not get it.

As far as Mrs. McNair is concerned, members of PBEMT asked their parents for assistance and support and she and other parents came to our aid. I'd like to thank Mrs. McNair and the other parents for realizing there is a problem in the high school. It is nice to see parents like Mrs. McNair taking a stand on trying to make Maine a better school.

The student organization in the Maine High schools is not SDS. It is made up of many students - some are members of student council, class officers, athletes and honor students. Some are students who just want to have a relaxed school where they can get a better education.

As a high school student and a member of PBEMT, I'm sorry to see that some parents such as Mrs. Jorgenson are more concerned with money and appearance than with quality education for the American youth.

Thank you much,

Post Office "Saves The Day"

Dear Editor,

I would like to give a big "Thank You" to our Niles Post office workers and also to the Chicago Post Office for "saving the day" for my husband (Frank) and myself (Rose).

I would like to explain the reason behind our appreciation. Our letter carrier (Larry Skuse) stops in at my husband's barber shop (Touhy Barbers) and our beauty salon (Stage Door) to deliver our mail, and most of the time does us a favor by taking any mail we have to send out, and he drops it off at the Niles Post Office for us. On Wed., Jan. 21, 1970, my husband gave Larry Skuse the usual mail plus a sealed envelope containing the salary of one of our hairdressers consisting of \$95.00 in cash. We didn't discover the envelope missing until it came time to pay the girl her well earned salary.

Once more, "Thank You" for a job well done. I'm sorry to say I do not know the persons name at the downtown office that was a great help and as that was a great help and as honest as Mr. Congoran. God Bless these wonderful people, it pays to be honest.

Just by chance I thought of calling our post office but it was now the next day, Jan. 22. Mr. Gil Congoran the carrier forman in Niles started making phone calls to different people

The show is being staged by Mrs. Ethel Libkin, director of the group. Mrs. Libkin is known by her work in the defunct Encore Theatre in Old Town, and her direction of past Teen Theatre productions, such as "West Side Story" and "The Diary of Anne Frank."

Assisting Mrs. Libkin are Cris Mueller, Choreographer and Maida Libkin, musical director.

Chris has worked with Teen Theatre for many years now. She appeared as a featured dancer in their production of "Half a Sixpence" last summer.

Maida is the resident musical and vocal director of the group. Besides her experience in Teen Theatre, she has also served as student musical director in several production at Niles North High school.

"We try to give the best young talent available a chance to perform in their own medium," said Mrs. Libkin.

Bergquist Urges Beneficial State Tax Use

(Political News Release)

Roy H. Bergquist, Republican candidate for State Representative in the 4th District, this week urged establishment of a nationwide, uniform federal public aid program to provide long needed relief for Illinois taxpayers.

"Public aid must be viewed as temporary help, not as a way of life," Bergquist said. He added: "There are about 553,000 persons on welfare rolls in Illinois right now. Some 63,000 of them were added to relief rolls last year. The Illinois Public Aid Department currently spends about \$64 million dollars to assist these persons and the director, Harold O. Swank predicts welfare costs will rise more than \$10 million dollars in the next fiscal year."

"This places a tremendous financial burden on Illinois taxpayers, a burden that is bound to increase year after year unless the federal government assumes responsibility for all welfare programs throughout the country."

Bergquist noted that Illinois' 1-year residency requirement which was designed to prevent residents from other states moving here and immediately going on relief, was killed by a federal court in Chicago in 1968. Last year the United States Supreme Court upheld the lower court's ruling, Bergquist explained.

"In the first 12 months after the lower court ruling ended residency requirements" Bergquist said, "Some 4,000 persons moved here from other states to draw public aid."

"And no wonder they did it. The average monthly payment for a family of four in the aid to dependent children category last year in Illinois was \$246. Certainly that's not very much

for a family of four. But in Georgia the average was only \$90 a month, in Alabama it was \$60 and in Mississippi, it was a scant \$40 a month."

Bergquist noted that Illinois Public Aid recipients received a record increase on Jan. 1 of 3% in clothing allowances and 6% in food allowances.

"The Illinois Legislative Public Aid Advisory Commission which is headed by Sen. John W. Carroll (R. Park Ridge) says this increase was necessary," Bergquist said. "I don't doubt that it was because everyone knows how inflation has increased food and clothing costs."

"But this just shows what we can expect every year unless the federal government steps in and makes all public aid payments uniform in every state."

New Parent Classes

Expectant parents are invited to enroll for a four week series of classes at Holy Family Hospital, Des Plaines. The first class will be held Thursday, Feb. 5 starting at 7 p.m., and the course will continue for consecutive Thursday nights.

Both mothers and fathers-to-be are invited to attend the 2 hour sessions. The couples take a tour through the hospital maternity department to become pre-acquainted with hospital procedure. They also hear lectures and see films on such topics as prenatal care for the mother, diet for the pregnant and nursing mother, clothing and care for the newborn and care of the baby.

For further information, prospective parents may call the hospital obstetric department at 299-2281. There is no charge for the series of classes.

Notre Dame Foilmen Victorious

Over the semester break, the Notre Dame foilmen went to Pleasant Plains (near Springfield) to compete against the southern half of the state.

Half of the competition with each team was fenced electric, the other half, visual. The "A" teams were electric.

Notre Dame got off to a good start with the "A" strip defeating Pleasant Plains 9-0 and the "B" team finished them off with a 4-5 strip to total a 12-5 victory.

Glenwood was next, but they were much more difficult. Since this team was only entering one team, its "A", N.D. had to fight hard to eke out a 5-4 win.

Against New Berlin, the "B" team gave its all with a 6-3 lead. The varsity needed 4 more wins to clinch the dual meet victory and that was all the "A" team got - 4 victories. This marks the first time this season the "A" team has not won its strip.

In the final round against Dixon, the "A" strip was back in form. If the "B" strip was the winning factor against New

Recovery Inc. At Oak PTA

Recovery, Inc. will present a panel demonstration of the "Recovery Method" at the Feb. 9 meeting of the Oak School PTA at 8 p.m.

Recovery, Inc. is a non-profit organization which offers a proven system of self-help after-care to prevent chronicity in nervous patients and relapses in former mental patients. The system was developed by the late Dr. Abraham A. Low, a psychiatrist.

This leaves Notre Dame the only undefeated team in the state in dual meet competition. An interesting fact is that at this time, both the varsity and fresh-soph teams have identical winning streaks - 12.

The Dons take on strong Niles East for a second time this week at home. The Niles East team will be looking for revenge after their narrow loss to the Dons on Jan. 16. At this time the Dons defeated Niles East by three touches after the bouts ended up in a 9-9 tie. This was sort of a revenge in itself for the Dons as they lost to Niles last year by two touches on a 9-9 tie.

After the meeting, refreshments will be served by the second grade mothers.
