From the Left Hand Blase-Vrettos Nuptials

By David Besser
 Editor & Publisher

When school-time begins we always consider this season as the beginning of a new year for us. With the kids back in school, and vacation-time behind us, it's a time we buckle down and begin pursuing issues of importance locally.

Past issues pursued, but often rebuffed, are still paramount in our mind. The need for elected village managers in Niles and Morton Grove, and that old bogey, public transportation, both are up at the top of our list. But to succeed in these pursuits it's our job to arouse the populace to action, and then support whatever action is necessary.

When we first started The Bugle in Morton Grove we weekly, and sometimes weakly, badgered public officials over the need for a full-time fire department. Our comments made waves at the local MG firehouse and we were invited there to "explain" ourselves before some of Morton Grove's finest. The paid-on-call men felt our criticism reflected on them and their subsequent remarks at the meeting let us know in no uncertain terms we would be better off if we stayed in Niles. But in the future months the much-overdue full-time fire department became a reality, and the needling, badgering or just plain commentary was partly responsible for its coming into being.

The village manager issue is really of greater importance to the community because the running of the plus-million dollar budgets in these communities, is tied in with the people running the village. Morton Grove's League of Women Voters made a 2 year study of such a need and made a strong recommendation a village manager post be created. The old timers on the MG Board unanimously rejected the idea, in as blatant a disregard for the will of the people they represented, as we've ever seen. Not one public official said one favorable comment pertinent to the exhaustive study.

In Niles an appointee village manager was selected. And while the move has been a good one, nevertheless it was only a half-way measure, since the Mayor and the Board completely dominate the manager.

Niles village manager appointment was really a bone thrown to the natives. It eliminated the manager as a political issue, and at the same time the power of the elected officials was not diminished. And the name of the game is "power", both in Morton Grove as well as Niles. Neither Board is voluntarily interested in turning over power to a manager, making the actions of an appointee subject to a veto from the elected officials.

A fair example of this so-called "power" concerned an action last week in Niles. The Chrysler Company desired to change Niles building code so its Milwaukee Avenue building at Maryland Avenue would only have 60% masonry, rather than 100% as the code requires. Mayor Blase and friends said Milwaukee Avenue is Niles front door and it's important it look its best at all times and thus turned down the request. Yet, if you move down the street to Norbert's on Milwaukee Avenue you will find a huge building just installed which has 0% masonry. According to Blase the building is only a temporary structure, and like others in the Niles Township industrial area, it will eventually come down. In the case of Norbert's Blase said it will remain there only 1 year. Well, technically, the explanation is correct. But, if the owners of Norbert's who have been active in the community, have aided Blase in past elections, the building of the temporary structure on Milwaukee Avenue certainly raises an eyebrow. And the building of such an expensive building for only 1 year lends suspicion it is likely to be there for many years.

In seeking an answer to this problem the village manager told us exactly what Blase said. But if the manager post was elected by the residents then the manager could have made an independent recommendation which did not have to coincide with Blase's words. And it would be quite likely there would be a more consistent opinion. If Chrysler can't have a 60% masonry building then certainly another merchant can't have a 0% masonry building, even if it suggested it's only temporary. In this case the manager had no independence to act in the best interests of the community, but had to express himself consistently with the political Mayor.

The example is a good one, and speaks for the need of an Independent Village Manager.

COMPLETE LITTLE TAM GOLF PLANS

Niles Park District unveiled plans for Little Tam Golf course Tuesday night, which park president Jerry Sullivan expects to be ready for tee-offs June 1, 1971.

St. Charles golf course architect William James Spear and Associates laid out a 2,605 yard Par 34 golf course. The unofficial yardage calls for holes of 420, 295, 275, 200, 290, 260, 320, 385 and 150 yards, in sequence of holes 1 thru 9. Sullivan said it would be a "creditable and playable" course and weather permitting would be open by June 1.

Other actions Director Webb's Norman announced the pool operated at a deficit of \$164.06 the past summer compared with a \$6,445 deficit last summer. Norman, who was hired initially to improve the swimming pool operation, and then became embroiled in a battle with pool personnel over his cutting down of personnel, said the pool took in \$27,587 and expended \$27,751. Last year the pool received \$24,309.

In still other actions Commissioners authorized the expenditure of not more than \$2,000 for the Kirk Lane Park for a sled hill at the Waukegan Road Park. Recreation director Webb's Norman said 800 to 900 yards of fill can be obtained free and 300 to 400 yards of top fill will be purchased.

Bugle Seeks Typists

The Bugle is seeking a typist for 3 evenings a week for 4 hours per night. There is also an opening for a typist for Sunday work. Interested persons call for an appointment 966-3900.

Endorses Constitution

The recommendations of Illinois Sixth Constitutional Conventions were presented to the 300 delegates of the League of Women Voters of Illinois on Tuesday, Sept. 1, Mrs. Raymond E. Robertson of Hinsdale, President, presided at the all day convocation at Arlington Park Towers.

The 300 delegates voted unanimously to endorse the new document. They also endorsed three of four controversial proposals to be submitted separately to voters: abolishment of the cumulative voting, merit system for selecting judges and voting age lowered to 18.

Delegates to what the League called the "C" day were selected from the 83 local Leagues in the state on the basis of the membership of each group. In-

cluded in the delegations were the new 18 year old members as well as 25 year veterans of the Con Con campaign.

The League has worked 25 years to bring about a constitutional convention and has followed the work of the convention since it began in Dec., 1969. During the convention the League presented the results of its detailed study of the state charter in the form of research papers and statements on the position taken by its membership to the committees of the convention and to the delegates.

Mrs. John Adams, President of the Morton Grove - Niles League, attended the "C" Day Assembly, along with Mrs. Kurt Keller, Mrs. Ramon Hanson and Mrs. Roy Makela. Both Mrs. Keller and Mrs. Hanson are former presidents of the Morton Grove League, who have taken an active part in Con-Con.

The slowpoke is a traffic hazard, says the Chicago Motor Club-AAA. Keep up with the traffic flow by driving at the posted speed limit-but never over it.

LETTERS TO THE EDITOR

College Frosh's 'Cool' Reaction To Dorm Life

Dear Bud:
We enjoyed your reprint article on your daughter entering college last year. We experienced the same thing this past Sunday. Our daughter isn't much of a "talker" but evidently likes to write. I read her letter to a group of our friends, some of whom knew her and some not, and all agreed the letter was really great. We thought if it appealed to you, you might enjoy printing it or parts thereof as others might feel it hits home. Sort of a follow-up to your other article - the parents reaction and then the true feelings of the fledgling.
Sincerely,
Anonymous

"Hi Guys",
I thought I'd better write 'cuz its important you get this and write back before Sat. morning because I register at 8:00. I think I need maybe \$300 more or \$200 in the checking account. But how do I know how much you've put in? Also, do I use all the checks they gave me before I use the ones you'll send. Also, any size rug is ok as long as its not super small because the beds are on wheels so they can be moved easily. Boy! Is my closet jam-packed! I've got my sweaters in the 2 drawers under the bed and all my summer shorts and tops in the two desk drawers. The drawers are really big but I really need that suspension rod for the closet.

We re-arranged the room so it really looks a lot bigger. We just bought a bunch of posters and wrapping paper to give more color to the room so it really will look nice.
Oh! We found out how to adjust the air-conditioning so we don't freeze to death. The only problem is we never know what the temperature is outside. Yesterday it looked really crisp and cool out so we put slacks on and went outside in the super-humid 96 degree weather. Ugh! After that we call up weather every morning.

This dorm is really fantastic compared to all the others. Everyone comes here at night and we have hootenamys or play crazy games.
Sunday night a bunch of girls and guys from our dorm ordered pizza out but we were starving so we went to the vending machine and got a roast beef sandwich. Then you put it in this little oven - is it ever cool!

Boy! Am I ever getting the exercise. I wish I had a bike-ometer--(one of those things that measures miles - whatever its called). We rode at least 4 hours just looking around and getting acquainted with everything. These bike trails are all over and its really fabulous. I feel like a little kid again! Every night Judy and I do sit-ups - 30 plus last night and 31 tonight - so we stay fit as we can't take gym. No time!
Tomorrow I'm going to go to our advisor and ask what I should do about replacing Rhetoric. One girl said I should call the professor of the course and plead with him to let me in. She says everyone does it - but I'm chicken. However, if I'm desperate I've got his number and I'll try it!

Everyone is really friendly so its been a ball so far. However - it does feel funny to climb three flights of stairs to get to your room and then come down and have 6 billion guys sitting in your lobby - its really weird but I guess I'll get used to it.
Neither one of us can get used

to the fact that this is where we live "our home" - sounds weird. Its also odd to think we actually know the football players that you'll see on TV. Its so funny to have a phone in my own room - but really cool. I'm getting used to the beds - but everytime I plop down on one, I get a shock 'cuz it doesn't bounce like I expect it to! Oh well.
Oh yeah! Do you expect to come up for Dads Day becuz if so, I have to get football tickets Sat. or Sun. so don't forget to tell me.
We visited Cindy at her dorm and ick - is it bad news. She is in the basement and has the view of a window-well - nice, huh. No lounge at all and cold water. She has one shower on the floor which has 4 nozzles and no curtains. Its just like at the Jr. High.
Oh! Do you mind ordering Newsweek? I'll pay you back - but I really need to get up on the news.
I guess some guy got in a fight here and got shot-but that was no where near our dorm so don't worry!
I hope we get that lounge pretty soon. Did you know we have 2 ironing boards on each floor. That's nice. Also we have a real nice library downstairs and our own store, so we're all set.
I forgot to mail your letter so will continue on to make the 6¢ worth it. Today we went to the "rap on the quad". It was a bunch of different groups all over the quad and if you had any questions you could ask. We couldn't think of any questions, so we decided to look for our classrooms. Boy was that a hassle. Then we went to the top of the Psych building. Was the campus ever gorgeous from there. You just couldn't imagine. Then we decided to join the group talking to the police officer group in the "Rap on the quad". It was pretty interesting to hear this one negro's side and then the policeman. You really learn a lot around here - its really fabulous. We sat from 3 to 6 and just discussed anything that came up. People just came and went - said something if they wanted to or just listened. This psychology professor stopped by our small group of students and we got into a discussion with him. Its really great for opening your mind! However, I really feel dumb - so please order the Newsweek right away.
We then came back and found out that there was a mini concert at our dorm which was really fantastic. But boy was it different. All African type music which was really way-out but neat in a kind of cool way. The lobby was packed so

it was really great.
Well, I'm tired and have three meetings to go to. Don't forget to write. Bye!
Oh yeah! I'll just assume you'll put \$250 in the bank account and then you write and tell me exactly how much.
Oh. Forget Newsweek. We can order it cheap here.
Love,
Your daughter

Thanks From Rev. Seleen
Dear Sir:

In response to the recent criticism regarding your treatment of church news, let me say I have always felt you have dealt most fairly with us.

I can recall only an instance or two when something we submitted was not printed; at those times I assumed there was good reason for not doing so. Otherwise, you have printed-with very few editorial changes-all the material we have sent you.

Our sincere thanks for your fine cooperation!

Grateful to Frank Wagner

Dear Mr. Editor:
I would like to thank publicly, Mr. Frank Wagner for a case he handled for me, both efficiently and promptly.
How fortunate we are to have Mr. Wagner in charge of Consumer Fraud and Protection of the Niles Police Dept. We need more people around like this fine gentleman. You can take it from me, HE CARES!
Keep up your good work, Mr. Wagner, and again "Thank you" from a grateful citizen of Niles.

Students Fear For Mustang Extinction

Dear Editor:
What's happening to the Mustangs (wild horses) that once were roaming the prairies and were FREE!
Now the Mustangs which were the living symbol of the West, are being used for pet food and their hooves for glue.
This is how its happening. Men in airplanes fly low and make the horses run for miles and miles until they are simply exhausted. Now the trucks take over. The horses are half dead then the brutal treatment that has been given to the horses has brought them all down. Now they are stuffed into one truck. They are then brought to a rendering plant. And then their flesh is ground and stuffed into cans.
Is this the way to treat the animals that have served us throughout the years?

New Des Plaines Auto Bank

Des Plaines National Bank's new Auto Bank at 518 Lee Street (U.S. 45) in Des Plaines, will be open for business on Monday, Sept. 28, at 8 a.m. The week of Sept. 21-26 has been set aside for Pre-Opening Celebration, during which time the public is invited to drive through and deposit a free coupon (found in this issue of THE BUGLE) for \$1,000 worth of prizes to be awarded at a drawing on Sept. 26. Each person driving through will receive a free gift for his car. Open House will be held on Friday and Saturday, Sept. 25 and 26, when the public may tour the new facility, located two blocks north of the main bank building.

A gala Pre-Opening Celebration week will precede the opening of Des Plaines National Bank's new Auto Bank, scheduled for Monday, Sept. 28.

Located 2 blocks north of the main bank building, at 518 Lee st. (U.S. 45) in Des Plaines, the white marble and green glazed brick structure will offer customers the convenience of drive-through and walk-in teller service 6 days a week, according to G. Rex Wilson, president and chairman of the board.

Holmes and Fox, Des Plaines architectural firm, designed the structure which has been planned so that in the future, a multi-story building can be erected on the site at the north-west corner of Lee and Perry sts., with a minimum of alterations to the original facility. Five drive-up and a double walk-up window have been incorporated into the modern design, and personalized service will be offered for check cashing and deposits, and most other everyday banking needs, says Wilson.

Stade Construction Company of Park Ridge was general contractor for the Auto Bank.

Operations at the Auto Bank will be supervised by Daniel W. Morava, cashier, Thomas W. Tate, assistant cashier, and Mrs. Kendra Wright, chief teller.

To acquaint the public with the location and traffic pattern through the Auto Bank, area residents are invited to clip the

free coupon in the bank's advertisement in this issue of the paper, or pick up a free coupon at the bank, and deposit it with one of the tellers any day during the Pre-Opening Week Celebration, Sept. 21-26. On Friday and Saturday, the public is invited to tour the new banking facility, and from 2 to 6 p.m. on Friday, and 9 a.m. to 2 p.m. Saturday, to enjoy a free ride on a double decker English bus between the main bank and the Auto Bank, and around downtown Des Plaines.

At 2 p.m. on Saturday, a drawing will be held among the coupons deposited with 10 lucky people receiving prizes totaling over \$1,000 in value. Christine Arndt, Miss Teen-Age Des Plaines, will draw the names of the lucky winners of a 23" color TV set, a pop-up TV/AM-FM radio combination, a portable AM-FM radio and recorder, boys bike, girls bike and five Des Plaines National Bank savings accounts of \$25.00 each.

Directors and officers of the bank will host area bankers and business leaders at a private open house in the Auto Bank on Tuesday, Sept. 22 from 4 to 7 p.m.

DANDRUFF

Dandruff is an embarrassing disease that can "turn people off." You don't have to keep it! There are many different causes for dandruff, and allergic sensitivity, hormonal imbalance, lack of rest, emotional stress and diet deficiency. The most accepted theory is the presence of micro-organisms such as bacteria and fungi.

Only 6% of our population claim they have never had dandruff, so for the answers to this and many other problems look to BIRCHWAY DRUGS for the answer. Remember, your hair reflects your personality and when you appear in public - you shouldn't be in doubt.

There are still openings in some of the classes which will start the week of Sept. 21. grams which will be offered at the four park district fieldhouses this fall and winter. Square Dancing will be offered for the first time for those boys and girls in 5th, 6th and 7th grades.

A Red Cross First Aid class will be offered at Austin Park beginning on Friday, Oct. 16 from 4 - 6 p.m. and continuing

Morton Grove

for five weeks. There is no charge for the class, a 75¢ book fee and 25¢ fee for bandages will be charged. This class is open to students 14 years and older, completion of ninth grade and all interested adults.

Registration for Boys Flag Football will be held at Austin, Mansfield, National and Oketo parks on Thursday, Sept. 17. Practices will be held on Tuesdays and Thursdays with the first game being played on Saturday at 3 and 4 p.m. This is open to all Morton Grove boys in 5th and 6th grades.

Pre-School Registration Tonite

Registration for Morton Grove Park District Pre-School classes will be held Thursday evening, Sept. 17 at National Park, Austin Park, National Park and Mansfield Park.

Parents are asked to refrain from bringing children to registration. The Morton Grove Park District teaching staff has asked that registration be held during the evening hours so that other arrangements can be made regarding the care of children. Registration time is not a good time for parents to bring the preschooler to meet his teacher because it can create a bad first impression. There will be ample time for you to bring your child on opening day to meet his teacher.

Registration must be accompanied by proof of birth date and the fee of \$50.00 (for the entire year of preschool) is payable at registration time.

The Morton Grove Park District presents trophies to the best boy and girl swimmer for each age group of competitive swimming this summer. Those receiving awards are:

8 and Under: Shari Friz, 7604 Suffedale Joe Ray, 9338 Ozanam

9-10 years: Liza Kaechele, 9212 Parkside Scott Gross, 5717 Reba

11-12 years: Debbie Netzel, 5808 Emerson Glenn Zimmer, 8915 Shermer

13-14 years: Maureen Arendt, 8916 Ottawa Jim Eckenbrecht, 7400 Overhill

15-16-17 years: Carol Olsen Don Netzel, 5808 Emerson

Bill Casey is coach.

Golf Maine

Football

The Golf-Maine Park District's Fall Football Programs will begin this month. There is something offered for everyone. Early Evening Sports are offered for the first and second graders. The program is geared to the skills and abilities of the boys. The objectives will be to introduce various sports, beginning with football. Relays and other means of competition will be taught while incorporating football knowledge.

Basketball, floor hockey, and volleyball will be covered. For those in third and fourth grades, we offer Flag Football. This game introduces boys to the rules and requirements of football, but there is no tackling necessary. The boys must wear a belt with two flags adhered to it. When a flag is pulled off, play stops.

The fourth, fifth and sixth graders who qualify by weight can be in the Junior League and the seventh and eighth graders can be in the Senior League. (Sixth graders over 100lbs. can be in the Senior League).

Teams begin orientation this month, so there is still time to register for one of our fall sports programs. Interested parties can contact the Park Office at 9390 Dee rd., Des Plaines-297-3000.

Swim Program

All would-be and qualified swimmers are invited to enroll in the Golf-Maine District's Swimming Program, at the Maine East pool. Adults who have always wanted to learn to swim but somehow never got around to it - we want you! Our qualified instructors guarantee results with no embarrassment whatsoever to their reluctant pupils.

DePaul Speakers at LWV Meeting

The League of Women Voters of Morton Grove - Niles welcomed DePaul University speakers at their luncheon on Sept. 10 at Morton Grove Community church. Raymond Urbanski and Jerry Eymann explained to the League members and their guests the purposes of EPRO, Environmental Parameters Research Organization, a non-profit, research corporation. Using slides, they showed how one EPRO project utilizes the knowledge and skills of biologists, chemists, radiologists and many other scientific specialists to make an intensive, long-range study of Lake Michigan in the Zion, Illinois area.

For 3 years, EPRO scientists will measure the physical characteristics of the Lake to get a unified picture of the entire aquatic environment. Working under grants from the Federal government and private sources, they plan to continue observations for 2 years after the nuclear power station at Zion is in operation. These studies will enable scientists to evaluate accurately the effects of thermal pollution from a nuclear reactor.

Environmental pollution is one of many issues about which League members inform themselves at regular unit meetings and workshops. The League of Women Voters is open to all women of voting age. For further information, call Joan Goldberg, membership chairman, 823-5682.

LET'S PLAY BALL!

LETTER to EDITOR

Peanut Leaguers Small in Stature - Large in Spirit

Dear Editor: Please accept the sincere thanks of all the parents of the Niles Peanut Leaguers. We appreciate your interest in our sons. The Bugle seems to be the only local paper to understand that the 8-9 year old boys play and work just as hard

to do well as the older boys. To close out a very successful season, we would like to also thank our coach, Mr. R. Sachs, and feel that this would indeed be a fitting close for the "Let's Play Ball" page of your newspaper.

TO OUR COACH - MR. R. SACHS

The Baseball teams put us to what they called a test. And we all surprised them and proved to be the best. It wasn't always easy; it wasn't always fun. It took work and determination to become number 1. We never said, "We can't." We always went out and tried. Some confidence we had, but a big factor was pride. But it wasn't just pride that helped us to succeed. You gave us desire and teamwork, that's what we seemed to need. Many times we tried harder at what we had to do. Not only for ourselves, but also for you. Without you as our coach, we wonder where we'd be. For every door we faced, we seemed to have the key. Opened a door, leading us to pride and pleasure. And we will not forget these times we've had to treasure.

HOW SAFE IS YOUR HOME?

Your home is the most dangerous place in America. 39% of fatalities occur in the bedroom, however, the majority of disabling injuries take place in kitchens. The two organizations mentioned last week have prepared a home safety check list to promote an environment that is less dangerous.

This list covers almost every possible cause for home accidents, and points out the commonest danger traps and little known aspects of safety.

Falls are listed first because slipping, tripping, and similar mishaps took more than 12,900 lives and disabled many thousands last year. Next, in order of frequency, is fire, poisoning, suffocation, improper handling of firearms, and miscellaneous causes. This check list contains 100 questions that should be answered yes in order for the safety rating of your home to be perfect.

Perfection in filling your prescription is a MUST in ALL pharmacies. . . . Let us fill the next one for you. . . . BIRCHWAY DRUGS . . . 7503 Milwaukee Ave. . . . Phone 647-8337.

MNLL Enjoys Awards Dinner

Sport celebrities Cliff Koroll of the Chicago Blackhawks and pitcher Steve Blass of the Pittsburgh Pirates joined TV and recording artist Wes Harrison in adding all star glitter to the annual father-son awards dinner Sept. 11 at the White Eagle Restaurant in Niles. Harrison, a Glenview resident, is known as "Mr. Sound Effects" and has appeared on many top TV shows including the Ed Sullivan, Dean Martin, Mike Douglas and Merv Griffin shows. Friday, he entertained the Little Leaguers and their dads with his many stories and sounds and a complete performance. Among the audience were members of the minor division team he sponsors and his son Billy, an MNLL senior All Star.

The more than 350 diners heard Cliff Koroll describe his background in athletics, which goes back to his beginning to skate in Canada at the age of three. He recalled his interest in baseball in his teen years and how he finally accepted a hockey scholarship to the University of Denver at the age of 17. His primary message to the boys was emphasizing teamwork. "We have super-stars in every sport," he said, "but when you're in the final drive where it counts, it's teamwork you depend on."

Steve Blass agreed with Koroll in regard to teamwork and said the Pirates, like the Cubs and Mets, had to depend on it now in "this excitement of the pennant race." Blass described the Pirates' drive to win the flag and said the Cubs had an awesome team that still felt the sting of losing last year and was determined to take it this year. The Mets, he declared, enjoyed their taste of success last year and wouldn't give up easy.

After describing his years in the instructional league and his rookie years, Blass said, "I believe Little League baseball is the greatest program

The boys were indeed a credit to the league and always conducted themselves as champions. In addition to individual trophies the boys were given a souvenir baseball which was autographed by each player on the team so they might have a lasting memento of the season.

In the world as long as we keep in mind what it's for—baseball for boys."

Scheffres Endorsed by IVI

Alan Scheffres, Democratic Candidate for State Senator, 4th Senatorial District and member of Adlai Stevenson's State Treasurers Office has received the unanimous endorsement of the Independent Voters of Illinois (IVI). An attorney, residing in Skokie, Scheffres has been previously endorsed by the State AFL-CIO, The Village of Niles Democratic Club and both the Niles and Niles Township Regular Democratic Organizations. Richard Rogala, a former member of the U.S.S. Pueblo has also endorsed Scheffres for State Senator.

"It is a privilege to have been endorsed by the Independent Voters of Illinois, a non-partisan organization that has endorsed both Republicans and Democrats. I believe the IVI has recognized the need for a change of leadership in these demanding times in the 4th Senatorial District. We can no longer tolerate a 'Silent Senator' when we need new imaginative programs to help solve many old problems. We must look forward to the future and help prepare the way so what we do today will benefit the generations to come."

Scheffres is President of the Niles Township Young Democrats which was previously honored by former Vice President Hubert Humphrey with a citation for special commendation awarded to outstanding Young Democratic groups throughout the country.

Smoker's Clinic

Help in breaking the cigarette habit is offered by the 5-Day Plan to Stop Smoking which begins Sunday evening, Sept. 20, in the auditorium of Maine Township High School East, Dempster and Potter, Park Ridge.

LEGAL NOTICE

For five consecutive evenings, 7:30 to 9:15, the Stop Smoking Clinic will present a step-by-step plan to conquer cigarette addiction. The program is under the direction of Dr. Charles L. Dale of the Hinsdale Sanitarium and Hospital, whose clinics have been widely attended throughout the Chicago metropolitan area.

Lectures, films, printed materials, and exhibits emphasize the undesirable effects of cigarette smoking. A "buddy" system is set up so those who choose to stop smoking may give each other encouragement, and bolster their determination to break with nicotine. Tickets for the five-evening series, Sept. 20 through Sept. 24, are \$5. They may be purchased at the door or ordered from the Maine Adult Evening School who are sponsoring the clinic. For information, call 695-3600.

Oakton Community College Welcomes First Students

The moment long awaited by trustees, administration and faculty arrived on Tuesday, Sept. 8, when Oakton Community College welcomed its first students. The brand new college opened its doors to over 300 students as the three days of student - faculty workshops began.

Students were welcomed by William A. Koehnline, college president, and Raymond E. Hartstein, chairman of the board of trustees. In his welcome, Hartstein told students his belief that "Oakton meets the expectations which today's students have for their college experience." He stated that "Oakton is a relevant, life-centered school, a functional center of meaningful educational experiences." He expressed the "warmth, the caring, the interest and the attention which Oakton's teachers are prepared to give students," emphasizing that these ingredients for a meaningful educational experience are available "right in the students' back yard." He promised that Oakton is a "here and now," and a "going places" college, "a college with built-in flexibility and unparalleled educational expertise in a wide range of courses." "Students coming here," said Hartstein, "will have a once-in-a-lifetime experience of being the first student body of a brand new college." He challenged students to do more than to amass credits, to seek to develop themselves intellectually and socially, and to participate in the shaping of the college. He promised the support of the board of trustees.

President Koehnline suggested to students that their relationship to the college would be unique, and that since they are Oakton's first students, they are likely to be the most influential group of students which the college would ever have. He asked them to "meet the challenge that was there to be met, that along with the first trustees, the first administrators, and the first faculty, the first students could leave a mark to be proud of on the new-born Oakton Community College, a mark that could last as long as the college itself."

The opening activities were led by John P. Donohue, dean of student personnel, who has organized the student-faculty workshop sessions. Donohue expressed his appreciation of the leadership which president Koehnline has exercised during the many months of preparation prior to the arrival of the first students. He emphasized the growth experienced by all who have been privileged to work with Dr. Koehnline, expressing the feeling that the students, too, would share in this growth experience in the academic year ahead.

dependent public administrator, who should answer to the electors, rather than the political people.

It wasn't too many years ago when Eisenhower aide Charles Wilson, in speaking of his former company said, "What's good for General Motors is good for the country". Well, certainly in this case we might paraphrase, "What's good for Chrysler is good for Niles.....and all its merchants".

Little Tam.

Cont'd from Niles-E., Maine P. 1
Commissioner Ray Egan paid for the breakfast for the highly successful teens.

.....A letter from Russell E. Johnson commended the park pool personnel for its outstanding and courteous efforts during the past summer pool activities. He said his family used the pool most of the swimming days and the cleanliness of the pool, plus the decorum of the personnel was outstanding.

.....Attorney Barrafato reported JEMCO Co. has come to an agreement with the village and state over the trailer park site and the park district can now proceed with its work on its 2-1/2 acre site at the northeast corner of the property north of Dempster.

.....Accepted lease from Chesterfield - homeowner group whereby the park district leases property for \$1 a month for 2 years and will maintain park. Land is adjacent to the pool there but does not include swimming facility.

.....Okayed 5 1/2 hour wage increase for full-time maintenance workers and will take up at October meeting similar increase for all full-time park personnel.

.....Okayed policy for dismissals, layoffs and suspensions of employees of park dist. as submitted by Norman.

.....Okayed \$850 maximum expenditure for accountants to improve park accounting system with "good internal control procedures". The accountants, Webster-McDermitt, have been with the park district for 10 years, and the new system will give tighter control in a district which is expanding rapidly.

They emphasized there is no basic problem in the present district's accounting methods.

.....The complete audit of the books for the past fiscal year ending April 30 was accepted and Norman said the audit is available for public inspection at the administration building.

.....Park commissioners agreed the park district should work closer with the village Youth Commission citing the study of drugs as an area which they should be involved in.

.....Commissioner Walt Beusse announced the fall program brochure will be in all residents mail boxes by the end of September with programs beginning in October.

Beusse also announced a fishing derby will take place at Niles pool Saturday, October 3 and Sunday, October 4 with the pool being stocked with 200 one pound rainbow trout. The derby will be free but a system of crowd control will be necessary for the derby.

.....Extended bidding for the Ballard Park sports complex until September 26 at 10 a.m.

.....Norman reported the Oakton Manor Park behavioral problems with teens will be under better control in the future. He said increasing lighting and the better training of leaders will result in this better control. The complaints from parents, over disruption of the movie program by teens, caused the response. Norman said the movie program has ended for the year, answering a resident who thought the program had been discontinued because of hooligan harassment.

.....At the October meeting an organizational study will be presented to the Board.

Installation Present Plans.

Continued from MG P. 1

Trustee Nell Cashman reported he had contacted the management of the Morton Grove theatre and the board will meet with him on Saturday to discuss the movies being shown there.

David Cohen said we received an amount of \$87,555.21 for May sales tax. Our share of the state income tax for August was \$17,487.31. Mr. Cohen said in regard to the recent census taken most of the neighboring towns are not satisfied with it. He was distressed that our census showed over 300 persons less than in 1967.

Village Atty. John Nordberg prepared a report on the Fronteras matter and said no laws existed to cover the situation at present. He said in order to comply legally with our regulations Fronteras should apply for a Special Use permit to have a change from B2 to B1 for their dealership on Dempster and also for Special Use for parking on School st. Mr. Belson, Atty for Fronteras said they would most likely do this.

Atty. Nordberg read a letter sent to Dr. Moore informing him our Air Pollution board could still function effectively and legally and still have power within its boundaries. Mr. Nordberg then brought up the matter of the financial plight of the United Motor Coach Co. who will not be able to exist after Jan. 1, without immediate financial help. Ed Wilander said (after hearing a letter urging M.G. to contribute to this cause through the Des Plaines Mass Transit) we should get firsthand facts from the bus company before making any decision on the matter.
