## By Bud Besser

This is the time of the year to pack the kids in the car and head northwest on Rand Road for some apple pickin'. Mosely's apple orchards about 20 miles northwest of our area is the most popular place for this early fall indulgence but if you want to miss the crowds orchards in the Wauconda area will likely fit your fancy. After a couple of hours of pickin' and eatin', climbing ladders and eatin', and just general fooling around, a stop-off at the main building for some cider, donuts, and if you've still room, some nutty taffy apples, tops off a great fall afternoon.

The shows at the Mill Run Theatre have been great and we hope you'll make a reservation for a favorite of yours when he comes. Every show we've seen has been outstanding. Last week's King Family show was a wonderful warm 2 hours of family entertainment as was the Jack Benny show. There was a love affair between the audience and Benny which we've never seen before. He's just a lovable guy and the feeling between the patrons and Benny was 60 minutes of sweetness and light. He wasn't particularly funny, but everyone over 30 had to relate to him, and the only word which comes to mind is "love" when Benny and friends get together.

We were hesitant about going to see Liberace, because we believed he is such a cornball. But when this many-spangled star took the stage the audience was swept into the palm of his diamond-candelabred hand. We have never seen an audience so captivated by a performer. Certainly, the older ladies (and there were many) were fans of this handsome man. But even the younger gals were swept-up by his obvious charm, and his 2-1/2 hour show was hypnotic.

If you have to give up smoking, or cut down on the booze, we suggest the money saved would be well invested in an evening at the Mill Run. We promise you it will be enjoyable.

Niles Mayor Nick Blase's wedding Sunday was most impressive and had much interesting ritual. The Greek Orthodox ceremony took place at St. John the Baptist Church just east of the tollway at Dempster Street.

During the ceremony the bride and groom wore laurel wreath crowns, attached by a ribbon, which we were told symbolized the victory of the union of the two people being married. In ancient times the Greek olympians received these crowns of victory and this symbolism has been carried down thru the centuries showing the victory of the marriage or union over the desires of the flesh. In modern interpretation a second meaning has a new kingdom being born and those crowned have become the heads of state of this kingdom.

The candles held by the marriage couple symbolized God's receiving the message of the vows and prayers being given.

The couple both drank wine from the same glass symbolizing the sharing of the cup of life together and for the rest of their lives.

The best man held the crowns while the couple walked in a small circle 3 times. If the crowns had fallen it would mean the kingdom they've formed would be in jeopardy.

The drinking of the wine 3 times, the circling 3 times and the exchanging of the wedding rings 3 times refers to the Father, the Son and the Holy Ghost.

When the couple later danced it is described as the dance of Isaiah, which means the marriage begins now and is not terminated until death.

In very religious families the crowns are often framed. At death the crowns are buried with the first departed.

Nick's brother-in-law, Steve Tsalkis provided us with the information.

During the holiest time of the year for Jews it should be mentioned, the symbolism of religions are much the same. The message is the same, the symbolism is similar, and such recognition certainly made many of us who were at the wedding realize we all belong to a universal brotherhood.

## Asks Residents To Write Him About Transportation Needs

# SCHEEL SEEKS SUGGESTIONS FOR PUBLIC TRANSIT

Could Niles possibly support a bus system within its borders? Would Nilesites and industry jointly support its own system which might feed buses to the Chicago borders and to the Howard Street elevated? What public transportation needs do Nilesites have and what support would they receive from public, commercial and industry interest pertinent to public transportation here.

Scheel, who attended a Des Plaines meeting Wednesday night, went to find out what northwest suburban villages intend doing to aid the financially burdened United Motor Coach Company, said he was interested in a response from the community as to what it desired for public transportation in Niles.

The village manager noted in 1959 Niles had an intra-village bus route for a short time but it proved financially unsuccessful. Scheel said some type of mini buses might be considered in the village but thought the cost of such action would prove high.

At the Wednesday night meeting of neighboring suburbs Niles will report it is setting up a transportation district in the village for the purpose of giving a monthly subsidy of \$714 to the United Motor Coach Company. It is a stop-gap measure which is aimed at aiding the company, until a state approved mass transportation district is likely to be approved next year. In being the first village in the area to subsidize the bus company Scheel noted Niles relied solely on the company for public transportation, unlike neighboring towns which have a train service running thru its community. Scheel said he expected Elk Grove Village, Des Plaines, Wheeling, Mount Prospect and Barrington to set up a similar aid to the beleaguered bus company.

While the major bus route now in Niles operated on Milwaukee Avenue from Albion Avenue to Golf Mill Shopping Center, Scheel said there are 6 or 7 routes which serve Niles, coming from other communities and going into Chicago. There

## Fire Prevention Week

Shown above is Mayor Blase and Lt. Gordon Michalsen, Director Niles Fire Prevention Bureau reviewing Proclamation for Fire Prevention Week.

The real tragedy of these statistics, Fire Chief Hoelbl points out, is that much of this waste of lives and property is avoidable. If the basic rules of fire safety were observed at home and on the job, the record could be far different.

Fire kills more than a thousand persons each month in the United States. Each year some 2,424,000 fires destroy \$2.4 billion worth of property — homes, schools and churches, stores and offices, factories and farms.

Fire Prevention Week this year takes place Oct. 4-10 and it reemphasizes that FIRE HURTS, that fighting fires is the job of each and every citizen.

#### HOW MUCH SLEEP DOWE NEED

All of us have varied sleeping habits, but we should get enough sleep each night to keep us functioning normally and efficiently. Surveys have been made on the amount of sleep a person gets and it seems that the youngster receives the most, while the 30-49 year olds get the least.

Let's say you sleep on an average of 5 hours per night and decide to try 8 hours one night. The added 3 hours will produce nothing but tossing and turning. On the other hand, if you are used to 8 hours and sleep only 5, the loss of 3 hours will usually never be missed especially if you are doing something interesting. Losing sleep over long periods of time will lessen your efficiency.

### LWV Annual Finance Drive

The League of Women Voters of Morton Grove-Niles begins its Annual Finance Drive on October 5. League members will be calling on businessmen and industries in Morton Grove and Niles to ask for their support of the League's activities. Member contributions and dues cover only half of the League's annual budget, with the remainder coming from non members who believe that the service of the League to the community is worthwhile.

Voters Service expenses will be heavy this year, said Mrs. Joe Bartlett, Finance Chairman. The League will provide candidates questionnaires and other election information prior to the November election. The referendum on the new Illinois

Constitution on December 15, will require more voter education materials. Citizens need to know about the whole document in order to cast an informed ballot, said Mrs. Bartlett. Many voters have come to depend on the non partisan information provided by the League to assist them in making a decision on ballot issues of this kind.

Mrs. John Adams, President, voiced her appreciation for the enthusiastic support of area businessmen in past League fund drives, and is confident that it will continue this year. With an increase in membership to 100 women, the League has more women willing to be "involved" and to work for better government in our community.

### Blase: GOP Cause of Suburban Hardship

"Mr. Average Suburbanite is being placed in the untenable position of having to seek new ways of financing his mode of living just to keep pace with the increased cost of paying taxes," asserted Committee-man Nicholas Blase at the Matne Township Regular Democratic meeting this past week.

Speaking before 150 organization workers, Blase reviewed the first two years of the Ogilvie administration and cited the doubling of the State Budget and the State Income Tax as "prime examples of the present Administration's inability to govern. Our State Budget has doubled, our school taxes are multiplying far in excess of the homeowner's ability to pay for these increases. What more do we have now to show in services than we had two years ago? For example, since the GOP took office in 1968, a weekly salary of \$100 has been cut to \$91.81, the biggest bite-coming from Ogilvie's income tax. It is inconceivable the GOP is handling the situation in an economically feasible manner when we continually have nothing positive to show for our increasing taxes."

Blase questioned the GOP state-makers choice of candidate for President of the Cook County Board of Commissioners, stating, "He is unquestionably the biggest spending Sheriff Cook County has ever had. They (the GOP) are asking us to consider a candidate responsible for a county budget of \$185,000,000 when in fact as Sheriff of Cook County, the crime rate has soared even though he has doubled the po-

### Scheffres Discusses Transportation Problems

"Mass Transit problems will require imagination and courage if we are going to help solve this critical situation plaguing not only the CTA but transit lines throughout the State of Illinois," charged Alan Scheffres, Democratic candidate for state senator from the 4th Dist. Addressing a packed audience of workers and supporters in the combined Scheffres-Stevenson headquarters, 8016 Washington rd., Niles this week, Scheffres continued, "Unfortunately, the 4th District has been lacking these important ingredients of leadership in its present representative to the State Senate in Springfield.

Several weeks ago I proposed a Statewide Transit Authority, with area transit districts. The State Transit System authority would be appointed or elected, depending upon the recommendations of an established commission whose function is to research the entire program. Evidence would be the immediate savings from concentrated management, less overhead.

District Managers responsible to a State Board would prevent duplication of services by various transit authorities. Given a taxing power considerably less than the present

system of seeking subsidies would overcome the objections of downstate legislatures who charge a CTA subsidy would not benefit their constituents. Based on their needs, everyone would share from the common fund."

"During the past several days, a proposal for a Super Transit System for the greater Chicago Metropolitan area has been made, calling for an agency to operate all public and private surface transit systems in the Counties of Cook, DuPage, Will, Kane, and McHenry; eventually to include Lake and Porter Counties in Indiana. Though basically a good idea, its scope should be broadened in the areas I have proposed.

It is my opinion that downstate legislatures will not be quick to act upon a Super Transit Authority that will be of no benefit to their constituents, but might be willing to act on a Statewide Authority that will give assistance throughout the entire State of Illinois.

In the last session of the Legislature in Springfield, the GOP showed their indifference by hastily attempting to pass a sham bill, one they knew to be clearly unconstitutional. The bill called for a tax referendum in only 8 out of the 23 cities and towns served by the CTA. Under the State of Illinois Constitution, all taxes are to be equally applied within the taxing district. It required no courage for the GOP leadership to support this bill well knowing it would never stand up in court.

"The 4th Senatorial District has been represented in Springfield by a "Silent Senator" in this most crucial issue. The voters are entitled to vocal leadership in the State Legislature, not only in this vital area, but in all areas concerning their best interest," concluded Scheffres.

### Barbaglia Named Chairman

Charles L. Barbaglia, 7100 W. Oakton, has been named as the Niles community Christmas Seal chairman for 1970.

The appointment was announced this week by Fran J. O'Rourke, general Christmas Seal campaign chairman for Chicago and suburban Cook County.

Barbaglia is vice president of the Bank of Niles and serves as treasurer of the Niles Chamber of Commerce. He is a director of the American Cancer Society, and a member of the Maria Council of the Knights of Columbus and the Lions Club of Niles. He is married and the father of two children, aged 7 and 11.

"As a businessman I have seen economic values fluctuating greatly in the past year," said Barbaglia, "but the human needs of good health and clean air remain the same. Christmas Seals help meet these needs by combating emphysema, tuberculosis, air pollution and cigarette smoking. Because of this, people have always responded generously to the Christmas Seal drive to insure their own health and that of their community."

### M.G. Legion & Auxiliary Reunion

This Saturday, Oct. 13, the Morton Grove American Legion Memorial Home will be the scene of the annual Past Commanders and Past Presidents' reunion and dinner. A yearly event, it salutes the immediately retired two leaders of the organization and welcomes them into the ranks of the past commanders and past presidents.

The two guests of honor so to be introduced are the junior past commander and junior past president, Al Nehart and Mrs. James Campanella.

Coincidentally, it is Mrs. Lorry Nehart and past commander Frank Selzer who are the host and hostess for this affair. Traditionally the past commander and presidents of one full year retired handle the details. Chairing the party this year are the two who served the Legion and its auxiliary during the 1968-69 term.

The special guests for the dinner will be newly installed Auxiliary President and Post Commander, Mrs. Herman Hack and Raymond Harris.

After a social hour, family style dinner will be served at 7 p.m. with entertainment to follow. The evening will include favors, fun, surprises and companionship as the former leaders of the village's largest service organization get together for an evening of reminiscing and fun.

When driving near a school or playground use an extra measure of caution advises the Chicago Motor Club-AAA. It's the "motorists' responsibility to watch out for playing children who may temporarily forget the rules of traffic safety.

President and Board of Commissioners  
Niles Park District  
Niles, Illinois

Gentlemen:  
On behalf of the Boy Scouts in Niles, may I express our appreciation and thanks to the Niles Park District Board of Commissioners and its staff for helping once again to make the Niles' scouts' 1970 summer swimming program at the Recreation Center Pool an outstanding success.

The Niles' scouts used the pool for 8 consecutive Sunday mornings when the pool was not otherwise in use, and reimbursed the extra cost of attendants, thereby causing no additional financial burden on Niles' taxpayers.

The swimming program was under the direction of Erich Buck and Donald Schneider, Explorer Advisors of Posts 62 and 45 respectively, assisted by adult leaders and instructors from the troops participating in this program.

During these scout swimming sessions, 422 boys and 53 leaders representing scouting units sponsored by the Niles Community Church, Oak School PTA, Our Lady of Ransom Church and St. John Brebeuf Church availed themselves of these facilities, a marked increase over last year's attendance of 21 scouts.

This resulted in 10 boys being

### Boy Scouts Grateful To Park District

qualified in Webelos aquatics; 28 as beginner swimmers; 26 fulfilled the requirements for swimming for first class scouts; 22 earned their swimming merit badge; and 21 were successful in acquiring their Life Saving Merit Badge. In addition, six scouts were able to complete their one mile swim requirement.

The Boy Scouts of Niles, their leaders and instructors, join me in thanking the Niles Park District Board of Commissioners, Director Webb's Norman, and Pool Director Wayne Jacobson, for their assistance and cooperation in making this summer swimming program possible, thereby providing the boys an opportunity to complete their necessary requirements which might not otherwise have been accomplished without the use of the recreation center pool.

Once again the Niles Park District has shown its community spirit de corps which all too often goes unnoticed and unheralded. In order that this will not occur in this instance, I am sending a copy of this letter to our local press at the same time I am writing you.

Sincerely,  
George A. Gauthier

## Just for Fun — Alpine Inn Opens Doors to Public

The Alpine Inn, 10211 Milwaukee ave. (at Central Rd. in an unincorporated area of Des Plaines between Glenview and Niles) opened its doors on Thursday, Sept. 24.

The motif is Austrian decor which is beautiful and charming. You listen to German music while the waitresses wearing dirndl costumes serve you superb German or American food. Be sure to try a steak—these are the best in town. Dinner prices range from \$2.75 to \$6.50.

The Chef, Eric, trained at Hotel Bristol in Salzburg, Austria, and has been in this country only 3 months.

Gene Schweizer obtained his initial training in Germany and from there he furthered his culinary arts in Austria and Switzerland, which represents a learning background of 6 years. Then on to America where, because of his youth, he had to start as a bus boy at the Bismark Hotel in Chicago. After a short time his ability was recognized and he was promoted to maître'd at the Bismark Chalet. Being a progressive young man he very soon decided to go on his own at which time he purchased the Black Forest Chalet on Waukegan rd. in Mor-

ton Grove from Bob Tschurtz. After a successful year and a half as owner-host he progressed again and joined Bob Tschurtz in their respective arts to plan the Alpine Inn.

Bob Tschurtz, came to America 19 years ago. He attended Illinois university and Loyola university for a period of 3 years. Then he started the Black Forest Meat Market in Chicago which he sold 4 years later and opened the Black Forest Finer Foods in Morton Grove of which he is still the present owner.

Luncheon and dinner will be served daily except Monday.

### Judo

On Oct. 8, the Park District will start its Judo for beginners program. To those of you who attended the exciting Judo exhibition in September, and are thinking of joining, registration is now open. For those who missed the exhibition, your questions can still be answered by the Park District office at 9390 Dee rd., Des Plaines, 297-3000. During the exhibition, the instructors made us quite aware of the important place Judo plays in today's world. The youngsters watching were wide-eyed at the many fine examples of self-protection and agility displayed by even the youngest members of the Judo Club. The consideration and politeness with which this sport is practiced are only some of the fine attributes it can teach your youngsters. Classes will be held at Stevenson school gym on Thursday evenings. Fourth thru sixth grades go from 6:30 to 7:30 and seventh thru Sophomore grades go from 7:30 to 8:30.

### Ballet Classes

There are still a few openings left in the Ballet program offered by the Golf-Maine Park District. Kindergarten and first grade classes are held at the Stevenson school on Saturdays from 11 to 12 a.m. Second and third grade classes are held from 10 to 11 a.m. Classes begin on Oct. 3, and are conducted by Mrs. Irene Heichman. The younger children are taught basic pre-ballet combined with creative free expression. The older grades are offered instruction in accordance with their level of previous experience. Girls must supply their own outfits of tights and shoes. Those wishing additional information may contact the Park Office at 9390 Dee rd., Des Plaines, 297-3000.

## Little League All-Star Banquet

Shown at All-Star dinner are (l. to r.) Don Fergus, coach; Duane Dow, guest speaker; Dick Reeve, manager; and John Peterson, coach.

The windup of the Little League All-Star season was a huge success at the banquet held at the Lone Tree last week. The highlight of the evening was the speaker, Duane Dow, the WLS-TV Week-end Sports-caster, who is quite an impressive speaker, and all the boys and the parents, too, were quite impressed with this personable young man, who really held the boys attention while he spoke to them.

Following a delicious dinner, the boys were presented with marble ball holders and a baseball, which they all autographed as a memento of their all-star season. Manager Dick Reeve and coaches Don Fergus and John Peterson were presented with beautiful plaques from the boys.

A big thank you to all the Moms and Dads for their support during the season, and a special thanks goes to Mrs. H. Elatkin who worked so hard arranging the evening and really did a wonderful job.

## Thanks from Little League

Dear Mr. Besser:  
The baseball season has come to an end and I want to take this time to thank you and your newspaper for the very fine coverage you gave to my All-Star team this year. As you no doubt know, the boys are always happy to see their name in the newspaper and I know they would look forward to each Thursday to see the news of their team.

Thank you very much,  
Dick Reeve, Mgr.  
Niles L.L. All-Stars

A special thank you to Danny Kosiba who showed films of several baseball games which were alot of fun to watch.

## The Tritons

A group of Tritons of Park Ridge recently returned from a Black Coral hunting expedition to Grand Cayman Island. This island is a part of the British West Indies and lies in the Caribbean about 180 miles south of Cuba.

Those interested in this type of adventure may enroll for an evening course in Scuba diving given by the Tritons at Maine East, Maine South, or Niles North beginning in late September and sponsored by the Adult Evening schools. A Triton helping instruct in these courses is Mr. John Smeedberg, 8101 Overhill in Niles, Ill.

The Tritons have trained hundreds of divers over the last thirteen years. The only prerequisites are good health and swimming ability.

## Oakton President Addresses P.T.A.

During an address to the P.T.A. of the Fairview school, Skokie, last week, William A. Koehnline, president of Oakton Community college, summarized events at the college since July 1, 1970. He described activities which led up to the opening of the college last week. He told how the staff had grown from six persons on July 15 to a full time faculty of 25 teachers, a part time faculty of 9 teachers, and supporting secretarial staff and student help by the time the college opened on Sept. 14.

In addressing questions of the future, Koehnline described the period between 1970 and 1980, when the present pupils of Fairview school will be ready for the first two years of college. "Oakton will be making a significant contribution to the unification of its greater community, it will be a meeting ground of the generations, and it will be characterized by variety," said Koehnline. "Oakton will have a clear sense of identity and mission." "Its constituents will know the kind of thing to expect from the college and the kind of thing not to expect. Oakton will be a place where many people change their minds about themselves, their goals, and their relationships to others. At the same time it will be a place where those who have clear-cut and unchanging goals can achieve those goals in the shortest possible time."

Koehnline emphasized the many functions that Oakton performs -- "baccalaureate" transfer education, vocational-technical or career education, remedial or developmental education, adult and continuing education, and general education. "A community college," said Koehnline, "should offer its services at times and places that are convenient for its potential students. It should keep its doors and its books open. It is a very public institution."

## Attends College Evaluation Conference

William A. Koehnline, president of Oakton Community college, Morton Grove, participated in the Case Study Conference held on Tuesday, Sept. 29, at the New School for Social Research, in New York. The conference was sponsored by the Middle States Association, the counterpart of the North Central Association for schools and colleges located in the Middle Atlantic region.

Koehnline attended the conference in order to be briefed on ground rules for the evaluation of the 12 to 15 colleges which have been selected for visitation this year. Koehnline was one of 50 educators invited to participate in the conference.

Subsequent to the general session Koehnline visited Albany Community college, Cumberland, Maryland, several times. Koehnline has previously served in the evaluation of Broome Technical Community college, Binghamton, New York, and Hudson Valley Community college, Albany, New York. He was selected to do this because the college of which he was formerly dean achieved full accreditation in just 3 years. Such a feat is not possible under the rules of the North Central Association, which is expected to accredit Oakton Community College about 1975.

### Dist. 67 Enrollment

School District 67's enrollment this fall, as of the last full week in September, is 1,429, roughly the same as last June. But the distribution is different among the district's three schools.

Because of the use now of Golf Junior High's new addition, classes that previously were registered at the two beginning schools, the middle school (the junior high) now has 494 pupils, Golf Elem. has 47 pupils, and Hynes School 465 pupils.  
Last year, Golf Junior High had just over 300 pupils, Golf Elem. had 568 and Hynes had about 565.

These subsidies were granted on the purchase of new equipment and the schooling and training of police officers. John Nordberg read an ordinance proposing the vacating of a portion of Dempster st. at Georgianna at which 10' will be vacated so that the Phillips Oil Co. will be able to use and maintain this part of the street as per their agreement with the village.
