## From the Left Hand

By David Besser  
 Editor & Publisher

Niles Park director Webb Norman told us Saturday the District is seeking a recreation director who will receive about \$15,000 annually for his services. Norman said the candidate will have expertise in his field and will oversee Niles golf activities at TAM, as well as the new ice rink recreation and the swimming pool efforts at the 2 pools Niles will have by next summer.

The year of 1971 must be considered a year in which Niles Park District will be moving out of the minor leagues. The sports complex at Ballard Road, which includes a swimming pool and enclosed ice rink, plus the use of the Greman Heights gymnasium, plus the opening of the 9 hole golf course at Tam, all point to the districts moving into the big leagues.

During the summer months when there was some flak over the swimming pool program, dissident parents were highly critical of Niles' paying its head recreation man \$18,000. Now with this added \$15,000 salary we're sure there'll be a bit of growling over this salary. But considering the immensity of the park program, it's obvious the suddenly enlarged district demands professionals taking over the fast-developing program. Running the golf course alone is a job which requires much know-how. Add to this the need for experienced management of the ice rink, plus the gym and swimming pools and the first class salaries become easier to accept.

The quarter of a million dollars for revenue bonds to build the Ballard Park sports complex may lift a few eyebrows from the natives. Back in 1968 Nilesites indebted themselves by \$1,670,000 for land acquisitions as well as the subsequent building programs in the community. The latter figure was supposed to include this sports complex, including a more enclosed ice rink building than what is now proposed. But according to Norman's report costs have increased "25 and 30% since 1968", which justifies the purchasing of the additional bonds.

Since this newspaper has always tried to get thru the maze of bureaucratic stumbling and bumbling, the errors, misjudgments and poor planning in the park district would have long ago bankrupt anyone working in the same manner in private business.

It was park commissioner Jack Leske who publicly acknowledged the unending Tam O'Shanter fiasco cost the park district more than \$40,000 which went down the drain unnecessarily. And more recently the delays dating back to the 1968 referendum was partly due to the choice of firms used for these projects. An architectural firm, which had no previous experience in park matters, was hired first, for a survey of Tam, and then for the many projects associated with the referendum. The delays, plus bids coming in at figures completely out of line with moneys available, eventually resulted in the firm being let go and the re-hiring of a new architect. Meanwhile, taxpayers were paying taxes for the non-existent facilities and though their money was being banked for around 6% or 7% annually the costs according to Norman increased by "25 to 30%". Obviously, had the projects gotten off the ground more quickly this cost increase would have been less and Nilesites would have received more for the money they approved for non-existent facilities these past 2 years, but when they are finally completed, they will get less than what they were promised for approving their money for these projects.

## Help the Lions Help the Blind

The traditional "Help the Lions help the Blind" Candy day will be conducted Oct. 8, 9 and 10 by the Lions club of Niles announced club president Edmund Zielinski, 7640 Milwaukee, Niles. Candy Days help support the Hadley School for the Blind, Winnetka, Ill.; Leader Dogs for the Blind, Rochester, Michigan; Illinois Camp Lions for visually handicapped children, Hastings Lake, Ill.; Dialogue, a recorded service for the blind, Berwyn; and Illinois Society for the prevention of blindness, Chicago. Lions club of Niles and volunteers will man street corners on Oct. 8, 9 and 10.

\$228,265 In Revenue Bonds Needed For Completion

# BREAK GROUND FOR BALLARD PARK COMPLEX SAT.

Groundbreaking ceremonies for the Ballard Park sports complex takes place this Saturday at 2 p.m. in the 5 acre area east of the Gemini Junior High school on Ballard Road.

At a special meeting of the Niles Park Board last Saturday it was also announced \$228,265 of revenue bonds will be bought which will be used to complete the \$978,256 swimming pool-covered ice rink project. According to figures supplied by park director Webb Norman \$750,000 is now available from the 1968 referendum, leaving a balance of about a quarter of a million dollars to complete the project.

Norman told The Bugle the 2 swimming pools will be ready by May 1, 1971 and hopefully the rink and enclosure will be completed by July 15, 1971. He said there was a possibility natural ice and a cover may be ready by this coming winter.

The major pool will only be half as big as the long-range pool at the Milwaukee Avenue location. The Ballard pool, called a short-range pool, will be 45 by 75 feet. Niles present Olympic-sized pool is 75 by 160

feet though the long-course area is actually 42 feet by 160 feet. An additional wading pool 45x25 feet will be built at the Ballard Park.

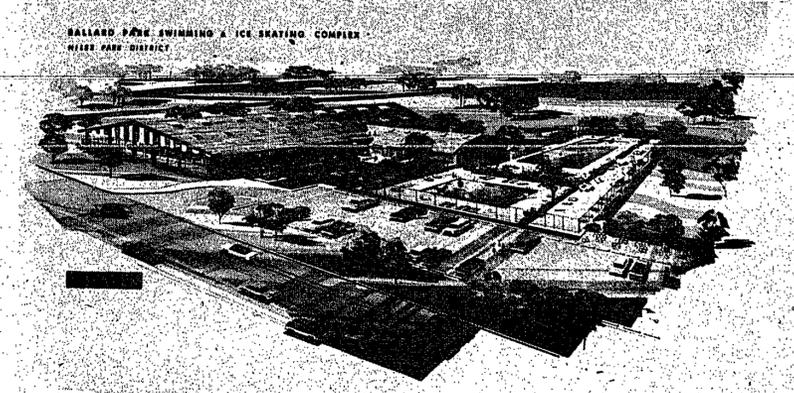

The total contract bids which were accepted Saturday are for \$856,806. Architectural and engineering fees are \$48,000, equipment costs, \$63,000, and contingency costs for insurance, bonds and surveys are \$10,000.

The base bid accepted from William McCaughey and Company is \$383,830. This bid is for the basic pools and ice rink building. Additional costs are for the rink cover, which is \$133,374, dashers, \$16,679 the wooden ice rink enclosure which borders the rink, skate tile, \$2,250 and a door opener, \$175.

The plumbing contract's base bid is \$102,610 with filtration costs at \$400, a valve change allowance of \$1,200 and a sump pump for \$565 for a total contract of \$103,645.

The electrical contract's total bid is \$74,453, the heating and ventilating bids total \$44,400 and the refrigeration bid is \$98,000, for a total of \$142,400 for heating, ventilating and refrigeration.

## Ballard Park Sports Complex

Shown above is the approved layout for the Ballard Park Sports Complex which will consist of two swimming pools and an enclosed skating rink.

Projected completion date for the swimming pools is May 1, 1971 and July 15, 1971 for the enclosed ice skating rink according to Webb Norman, Niles Park District director.

# LWV Organize Citizens Committee

The League of Women Voters of Morton Grove-Niles will organize Citizens committee in support of the proposed Illinois Constitution announced Mrs. John Adams, local League president. Organizations and individuals in Morton Grove and Niles have been invited to attend an organizational meeting at 8 p.m., Oct. 14 at the Morton Grove Village Council Chambers, 8525 Calle ave. Interested citizens are also invited to attend.

Mrs. Adams also announced that the LWV Speakers Bureau is prepared to provide programs

on Constitutional Revision to any Morton Grove-Niles organization requesting this service. Knowledgeable discussion leaders will be provided for neighborhood coffees. Arrangements can be made by contacting Mrs. Kurt Keller, 272-5813.

The League of Women Voters was the first civic group to express its support for the new document. The League reviewed the positions on constitutional revision which it developed through study of the document and concluded that in all basic respects, the proposed new Illinois Constitution meets its criteria.

The League urges all citizens to avail themselves of the opportunity to discuss the issues. Be an informed voter on Dec. 15. Further information may be obtained by calling Mrs. John Adams, 966-7139.

## Named Editor

Wayne N. Miller, Niles, a junior at Augustana college, Rock Island, has been named fine arts editor of the Augustana Observer, student newspaper, for the 1970-71 school year.

# Adlai Stevenson III Chamber Speaker

Niles Chamber of Commerce members heard address by Adlai Stevenson III, Democratic Senatorial candidate, at its September meeting at Bunker Hill Country Club and will hear the Republican Senatorial candidate, Ralph Tyler Smith, at a luncheon meeting Oct. 20, also at Bunker Hill. In photo, L. to R., Rev. Kellerman of Notre Dame high school for Boys, Kenneth Scheel, Village manager, Robert C. Wordel, Jr., Chamber president, Stevenson, Charles Barbaglia, Chamber director, Alan Scheffres, Democratic candidate for state senate, and Vince Johnson, Chamber director. Not in photo is Gordon Fallor, Chamber program chairman.

# Legion's Americanism Resolution Gains Support

After publication in this newspaper last month of the resolution passed at the Morton Grove Post #134, American Legion meeting urging School District #219 to strengthen their program to impart proper respect towards our country, its leaders and the flag and indicating their desire as taxpayers and men who honorably served their country to assist in this knowledge, many groups have come forth endorsing this expression of the local Legion.

Soon after they heard about it, both the Skokie and Lincolnwood American Legions offered their support.

Now post commander Raymond Harris indicates the Niles Post #7712 of the Veterans of Foreign Wars have also communicated with the Morton Grove American Legion indicating that the resolution was

read at their recent meeting "to the general body and unanimously endorsed by all present."

Niles Memorial Post #7712 commander Thaddeus M. Jakubowski reported, "We of the V.F.W. feel the same as our comrades of the American Legion; when such acts of disrespect are shown to our beloved flag and leaders of the nation; a great number of our buddies have bled, died and are still suffering so that this great nation can still be free and everyone can lead a good democratic way of life."

Junior past commander Al Nehart was partially the instigator of this idea; and the resolution was signed by he and his adjutant at the time, Howard Karsten.

The pair announce that they have also been advised by the Park District's Senior Citizens that this group also completely and wholeheartedly endorsed the resolution at their last meeting. Senior president Bill Haefke told the Morton Grove Legion they, too, felt strongly about facilities being used for purposes which were not in keeping with the school policy and wished to back the School Board in whatever methods they deemed necessary to correct these happenings.

# West Africa Travelog

West Africa will be spotlighted in the second of a series of Travelog programs benefiting the Resurrection Hospital Building Fund on Thursday, Oct. 15, beginning at 7:30 p.m. in the staff room of Resurrection hospital. **SLEEP FOR A PRETTY YOU**

Proper sleep and twenty winks can make a considerable difference in your attitude and appearance. The next time you're dashing about getting ready for an evening out try to plan for a relaxing nap, it may make all the difference in the way you feel all evening.

With your busy schedule you may feel you just don't have time for that nap; sit down in a comfortable chair and start relaxing your muscles. Start at your toes and wiggle them, then next your ankles, then the rest of your body. Now just sit and relax for a few minutes. For an extra lift take a beauty position on the floor with a pillow under your hips and rest your heels on a chair. Sleep is a part of the beauty game so be sure you maintain the proper amount . . . you'll feel better for it!

The early bird catches the worm and at BIRCHWAY DRUGS we're on our toes. You'll never catch us catnapping at the beauty game. We have the cosmetics that "make it" . . . BIRCHWAY DRUGS, 7503 Milwaukee Ave. in Niles . . .

## RUMMAGE SALE AT LUTHERAN

The Rummage Sale at Lutheran Church of the Resurrection, 8450 N. Shermer rd., Niles, is taking place today, Oct. 8, from 9 a.m. until 9 p.m. The sale will also be held tomorrow morning from 9 a.m. until 12 noon. Persons from the community are invited. A few of the items for sale include clothing, household articles, jewelry and baby things.

\*\*\*

Thursday mornings, from 9:30 a.m. until 11 a.m. is the time at Lutheran Church of the Resurrection, 8450 N. Shermer rd., Niles, when women of the church, friends, and members of the community are invited to "Conversations on Colossians" - an informal discussion of this vital Pauline letter in the New Testament.

The first session has been changed from Oct. 1 to Oct. 15. The gathering will begin with fellowship over coffee followed by the discussion on Colossians. Following the sessions on Colossians, tentative plans include a series of sessions on child psychology and discussions of world issues.

Community United Methodist church in Naperville, Illinois, was the setting for the Aug. 30 wedding uniting Beverly Weidemer, daughter of Gerald Weidemer, 617 Willow, and Gary R. Doud, son of the Lynn L. Douds of Niles. The young couple repeated vows before Rev. Robert Harman, Soloist for the 2 p.m. ceremony was Mrs. Frederick Toenniges, accompanied on the organ by Gail Walton.

The bride came down the aisle in an ivory lace and satin gown which her sister, now Mrs. Richard Miller - who is serving with her husband in the Peace Corps in India - had worn last year. Maid of honor was the bride's twin sister, Barbara, of Naperville. Laurie Weidemer, a sister-in-law of the bride, from Champaign, was a bridesmaid, as was Donna Doud, a sister of the groom from Niles. Wicker baskets of yellow and white mums were carried by the bridal attendants, to coordinate with their blue gowns. The brides bouquet was of ti leaves, yellow figi mums, and stephanotis.

A brother of the groom, Charles Doud of Chicago, was the best man. Groomsman were Steven Weidemer of Champaign, a brother of the bride, and Jim Cook of Skokie. The newlyweds were greeted by 125 guests at the reception in the church parlor. The groom's parents gave the rehearsal dinner at Shakey's Pizza Parlor in Aurora.

The young couple will live in Champaign, where the bride, a graduate of the University of Illinois, will begin Law School. The groom attended Northern Illinois university and the University of Hawaii and is presently a student at the University of Illinois where he is majoring in Aeronautical Engineering.

## SJB Holy Name Society

Members of St. John Brebeuf Holy Name Society are asked to be in large attendance at the monthly Communion Sunday, Monday, Oct. 12, is our meeting night and a popular sports figure, Mr. Dick Motta, Coach of the Chicago Bulls will be the guest speaker.

This will be a Father and Son night and we will be expecting, and also be prepared for a large attendance.

Pastor Charles W. Ross of St. Luke's United Church of Christ in Morton Grove has received a call to become Pastor of the Parkrose Community Church in Portland, Oregon. Rev. Ross will preach his farewell sermon on Sunday, Oct. 11, at 10 a.m. immediately following the service, there will

be an Open House and Fellowship Hour at the Church to permit members and friends of Pastor Ross, his wife Gloria, and their two children, Tammy age 4 and Valerie, age 2, to bid them farewell.

Pastor Ross came to St. Luke's in 1963 from Belleville, Illinois. During his seven years here, the congregation has grown to over 400 members. He guided the congregation thru the construction of a new 275 seat sanctuary which was completed in 1969. He was also instrumental in organizing the ecumenical Thanksgiving Day services between the Catholic, Jewish and Protestant congregations in the community.

Rev. Ross has been active in the Niles Ministerial Association, Niles Township Clergy Forum, and the Morton Grove Clergy. He has actively supported and worked with the youth in the community through church and youth programs, the Morton Grove Youth Commission and Kiwanis International in their anti-drug abuse programs. He has also served as the president of the local Kiwanis chapter.

### "Pollution" We Care

Niles is involved in the pollution problems. At present an Air Pollution board working for the past few years has adopted an ordinance. Inspectors have been assigned and sent to Chicago smoke school for training. They are in the field daily handling complaints, watching for violations and other air

pollution problems. A big offender is "open burning" which inspectors stop during and off duty. Complaints and violations are examined at the monthly board meetings. Inspectors state what action has been taken, and a follow-up program is set up on what will be done in the future.

Efforts are being made to work together with our neighboring communities to solve the problems of air pollution. Articles are being scheduled for the Niles Progress Report and local newspapers. For those who care, TV, radio and national papers also inform of pollution problems.

Your Air Pollution board is open to constructive suggestions and ideas from all who care. Meetings are held on the 3rd Wednesday of the month, Fire Station #2, Niles.

### Golf-Maine Civic Assoc.

The Golf-Maine Civic Association has begun its community action drive for the coming year. To kick off the drive, a meeting will be held at the Stevenson school at 8 p.m. on Wednesday, Oct. 14, 1970.

All residents who are interested in community improvement are urged to attend this meeting. Some of the items to be discussed include widening of streets going in and out of the unincorporated area, the future of annexation moves in the area, cleaning and sweeping of the streets, a more comprehensive street lighting program, inter-governmental cooperation (such as coordination of Park district, school districts, township, etc.)

For further information, please contact Mike Lavin during the day at 236-1554.

### Niles Hostess Service Participants

Niles Chamber of Commerce' newly established hostess service received enthusiastic support of Jim and Tom Gianos of Glow Cleaners, 8000 Oakton, Niles, Chamber hostess, Mrs. Robert C. Wordel, Jr., will be calling on new families moving into Niles in the near future to acquaint them with facilities Niles has to offer.

Chamber will present Sen Ralph T. Smith as guest speaker at the Oct. 20 meeting at Bunker Hill. (Meyers Photo)

How do we get rid of all this rubbish? Where is the nearest park? What's the quickest route to the village hall, the library and places to shop? What school will our kids attend?

Niles Chamber of Commerce hostess, Mrs. Robert C. Wordel, Jr., will provide answers to questions like these within the near future as she makes personal calls on families who have just moved into this village. We have never before had a tailor-made-for Niles program of this kind.

In addition, Mrs. Wordel herself a long-time Niles resident and officer in one of the local

parent-teacher associations) will present each new family with a handy hostess book. This book contains coupons which are redeemable for gifts from local businessmen who are backing the Chamber hostess program.

Niles new hostess service has received enthusiastic response from local merchants, according to Dee Pomeroy, Niles director and hostess service committee chairman. Businessmen interested in participating as sponsors may still do so by contacting Mrs. Wordel or committee members, Vince Johnson of Lytton's and Ethel Wojak of Down the Street.

### Niles Community Church Aids "STEP"

The Niles Community Church, 7401 Oakton, in cooperation with 18 other suburban and city communities, has joined the fight against pollution by participating in STEP, a paper collection project that stands for "SAVE TREES, ENVIRONMENT AND PEOPLE."

Members and friends of the Church are asked to save their newspapers only, (no magazines or books) and bring them to the Church's west parking lot where a large drop-off box is located.

The papers collected will be picked up periodically and delivered to the West Side Community Paper Stock Corp. to be compressed and baled for recycling at another plant. The profits realized from this project will revert to the West Side Community Development Corporation to be used to fin-

ance black-owned businesses, and provide community services. Many jobs have been afforded the black segment and people who rely on welfare in the neighborhood of the firm.

Each drop-off box when filled, contains enough paper to save 187 trees from being cut down, thus reducing pollution, or 1060 cubic feet of landfill from being used. Landfill are places where garbage is deposited. They are at a premium.

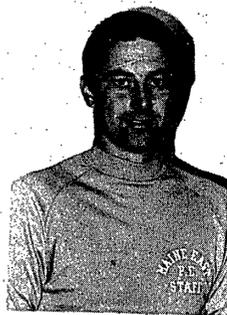

This program has aroused national interest and the Niles Community Church is proud to be a part of this program. Develop the habit of saving your newspapers and placing them in the drop-off box at 7401 Oakton. People are always asking how they can help in the fight against pollution - here is one answer.

### Maine Coach Appointed

John Coughlan

John Coughlan, head track coach at Maine Township High School East, was recently appointed to a 3 year term on the Illinois High School Association (IHS) Cross-Country Advisory Committee.

Coughlan has been active in state track organizations and has contributed much time and

### SPORTS NEWS

effort to improving the handling of cross-country. His function on the state advisory board will be to advise the IHS concerning recommendations for changes in procedures to upgrade the sport. He plans to canvas cross-country coaches throughout the Northern Illinois suburban area for opinions and suggestions.

Coughlan, a native Chicagoan, received his education at Northern Illinois University where he earned the B.S. degree. During his seven years as a cross-country coach, he has compiled an enviable record of 114 wins and 13 losses. Before becoming head coach at East, he coached the school's cross-country team to a third place berth in state competition.

### Maine Blue Demons Lose Two

Maine East High School was set back 28-0 for the second week in a row. Last week a strong Downers Grove North team scored a touchdown in every quarter to defeat the Demons 28-0. This week Glenbard West downed the Maine team by the same score.

East lacked a scoring punch attributed to poor offensive blocking and to a non-existent passing attack. Defensively, the smaller Demons were overpowered by the Glenbard West's offense.

There were few bright spots in the game for Maine, but Mark Koerlin, played a very respectable game at his tackle position and consistent Pete Gross with little support gained 58 yards. The loss to Glenbard West gives the Demons a 1-2 record for the season as they prepare for Proviso West this week.

Modern medicine can aid in keeping you well or help you to regain health more safely, more economically, and with more certainty - than ever before in history.

Prescription medicine today is actually "medical treatment" in product form and is made available to your doctor and pharmacist for your health care. Only your doctor knows what medical treatment you may need, this is why you cannot buy certain medicines without a prescription. You should never ask your pharmacist for a prescription drug other than the one your doctor ordered, for in effect, what you are doing is asking him to change your medical treatment. Legally and ethically, he must refuse, as only your doctor may change a prescription.

A pharmacist holds life and death in his hands many times every day. Each prescription he fills must of necessity be exactly as the physician has written it. This is his duty to you, the customer . . .

## East Maine Township General Caucus

The East Maine Township General Caucus will meet on Thursday, Oct. 22 at 7:45 p.m. in Room 221 of the East Maine Junior High School, announced Alvin F. Friedman, Chairman, 7317 Foster, Morton Grove.

The Caucus endorses school board candidates for High School Dist. 207 and Elementary Dist. 63. The area served includes parts of Morton Grove, Glenview, Niles, and a large unincorporated area.

All organizations wishing to join this year's Caucus must send delegates to the initial meeting on Oct. 22. Organizations not represented at this time will not be eligible to participate in the activities of the Caucus, announced Friedman.

Groups may send both a regular delegate and an alternate delegate. Last year's members are being contacted both by mail and telephone. However, all other interested civic, homeowner, PTA, PTC, religious, and public welfare groups desiring membership may participate by

sending representatives to the opening meeting. In addition, any new group wishing to join or to obtain additional information should contact Morton Wax at 729-3837 (after 7 p.m.).

Continuing in the tradition of the Caucus, the residents of the East Maine Township area will once again be afforded an opportunity to exert a direct influence on selecting, endorsing, and electing the best candidates for school board positions, Friedman stated. In the forthcoming election of April, 1971, vacancies will be filled on the Elementary Dist. 63 Board, although none on the High School Board.

The newly elected officers for 1970-71 of the East Maine Caucus in addition to Friedman are Dan Davitz, Vice-chairman and treasurer, 8117 Church st., Niles; Mrs. Grace Riley, secretary, 910 Western, Des Plaines; and Morton Wax, Acting chairman, Credentials committee, 58 James, Glenview. The East Maine Caucus holds

3 meetings each activity year. In addition to the Oct. 22 meeting, the Caucus will meet on Dec. 10 and Feb. 11, 1971, in reply to those few critics who claim that the "Caucus system is outmoded, undemocratic and not worthy of their participation," Friedman answered, "Of course, it's not perfect; but it's certainly the best system that is available."

Residents wishing to know the places and dates of the regular public meetings of the Boards of Education should call 824-1102 for Dist. 63 and 825-4484 for Dist. 207.

## Open House

The awesome dilemma of today's schools and the need to "shape schools for the 70's" will be the focus of American Education Week to be observed here and across the country Oct. 25-31.

Once a year, since 1921, schools throughout the nation have opened their doors during American Education Week for the public to come in and

see firsthand what goes on inside the classroom. Clarence E. Culver, Superintendent of Niles Elementary Schools, Dist. 71 urges all citizens of Niles to take this opportunity to visit the schools. Visiting hours are from 9 a.m. to 3 p.m., Tuesday, Oct. 27, Wednesday, Oct. 28, Thursday, Oct. 29.

"No doubt," he says, "you will find areas which need improvement. On the other hand, you may be pleased to discover innovative programs of which you were not aware."

Mr. Culver points out further that interested parents and citizens should do more than observe. "Ask questions at the schools, of the school board, and of other officials," he advises. "Give them the benefit of your recommendations and find out what financial support the schools are receiving."

"Find out who supports and who suppresses educational advancement," he urged, "and remember the significance of giving your support to legislators and political candidates who conscientiously work to improve the schools."

American Education Week is sponsored by the National Education Association, The American Legion, the National Congress of Parents and Teachers, and the U.S. Office of Education. This national observance serves to increase public understanding and support of the schools. This year's theme, "Shape Schools for the 70's," gives impetus to local efforts to find ways for more people to become involved and work together in combining resources and programs to give students the best possible preparation for life in today's complex world.

On Tuesday, Oct. 13, Vic Peper, principal of the Parkview Jr. High, has planned a mini-schedule program, where-by the parents meet in the child's homeroom at 8 p.m. and go through his entire day briefly. In this way, the parent can meet with each of the teachers and learn the goals of the class and accomplishments to date. This will end at approximately 9:30 p.m. Filmstrips of past jr. high activities will be shown throughout the evening, in the gymnasium.

In each school, refreshments will begin to be served at 7:30 in the cafeteria. Room mothers and board members will hostess. Mrs. Stanley Regula, PTA president, urges that all parents "Show them you care, attend PTA Open House, it will be time well spent."

Damage to classrooms with the use of felt tip markers, glue and tape...\$605.00. Nelson school; total amount of vandalism 30 broken windows. Damage by misuse of fire extinguishers...\$3,495.75. Wilson school; total amount of vandalism 13 broken windows, 45 playground balls were destroyed apparently with a knife...\$734.00. Vandalism in our other

schools, for the same period of time, is as follows: Gemind school, \$666.00; Oak, \$294.00; Washington, \$33.50; Ballard, \$40.00; Mark Twain, \$1,325.00; Apollo (newly constructed), \$264.00; Nathanson, \$177.00; Stevenson school, none.

In the past we have estimated that 90% of the cost is for vandalism, and 10% for accidental breakage. The total estimated cost for vandalism in all our schools for this period of time is \$7,634.25.

For detailed information pertaining to the vandalism report please contact James E. Bowen, business manager, School District #63.

## Teachers' Institute

The annual Fall Teachers' Institute will be held in two half-day sessions in District 64 this year, according to school officials. The first half-day session was held Friday, Oct. 2, and the second half-day session will be held on Friday, Oct. 23. Classes will be dismissed at noon on Institute Days.

Elementary school teachers will attend science workshops based on the District's new science program. Teachers from half of the elementary schools will attend a demonstration teaching session while the other half will attend grade level meetings on the science program. The programs will be repeated at the two Institute in order that all teachers will be able to attend the two programs.

Junior High science teachers will attend an in-service training program on the Lockheed Drug Abuse Education program on both days. Departmental teachers, special subject teachers and others will attend workshop activities as directed by their principals or supervisors.

### Student Clean-Up Effort

Interrupting their clean-up effort to talk with their candidate for the U. S. Senate, Adlai E. Stevenson III, are Niles Township High school students, (l. to r.) Roberta Kasman, 7033 Carol, Niles; Stacy Sandidge, 6630 Hazel, Morton Grove; Stu Behrman, 8950 National ave., Morton Grove; Richard Jacobson, 8946 National, Morton Grove, all of Niles North and Gordon Rothman, 7120

Crawford, Lincolnwood, Niles West. The teenagers worked on cleaning up debris at a construction site at Sacramento and Linden, Chicago, as part of "Life Day." This occurred on Sept. 27 and the youths had secured adult sponsors who agreed to pay by the hour for their work, with the funds being donated to Stevenson's campaign.

For the first time in modern political history, a candidate for a major Cook County office is doing neighborhood door-to-door campaigning in this local suburban area. These local neighborhoods were scientifically selected in a special computer study, which marks the first time a Cook county candidate has ever used a computer to help in his campaign. The man responsible for these two unusual "firsts" and for applying the most advanced scientific techniques to modern-

ize political campaigning is Robert O. (Bob) Acher, Republican candidate for Cook County clerk. His remarkable record as mayor since 1959 of northwest suburban Schaumburg, fastest-growing city in the Midwest has won him outstanding recognition. Acher said his door-to-door campaigning in key "swing" precincts will take him into the Niles township area which consists of portions of the villages of Skokie and Morton Grove.

### Bakalis Guest Speaker for Maine Democrats

"The 1960's was a decade of educational discontent. Forces within and without the teaching profession converged to shake the foundations of the educational system to such an extent, that there has not yet been a full recovery," stated Michael J. Bakalis, 32 year old Democratic candidate for State Superintendent of Public Instruction. Addressing members and guests at a recent Maine Township Regular Democratic Organization meeting, Bakalis reviewed his positions and goals for "a new unity in education, and an ever growing need for recognition of the interrelationship of all facets of public education, particularly to the state office of education. Wherever I speak, throughout the entire State of Illinois, I witness a country of full stomachs and empty spirits. The taxpayers and students alike are dispirited with politics and waste in our educational system. My opponent has violated laws flagrantly, with no regard to the public he serves. My opponent has wasted the taxpayers' money to fulfill his own whims on everything but better education. My opponent is a football coach, not an educator. And the position of Superintendent of Schools should be handled by an educator, able and willing to assume leadership, not only to set minimum standards, but to establish, in conjunction with the localities, maximum goals for the public schools."

Dr. Bakalis, currently on leave as Assistant Dean of the College of Liberal Arts and Sciences at Northern Illinois university in DeKalb where he is also a professor in the History department, was awarded federal grants in 1966 and 1968 to direct two National Defense Education Act (NDEA) Institutes. These were special programs funded by the U.S. Government to retrain secondary school teachers. He has a Bachelor of Science degree in Education, and Master of Arts and Doctorate degrees from Northwestern university, Evanston. Vice chairman of the Illinois Commission on Urban Education, member of the Illinois Education Association, the American Association of University Professors, the American Historical Association and Phi Delta Kappa, the men's honorary society for education, Dr. Bakalis is a professional educator and administrator with eleven years experience from elementary school through the university level.

### Announces Rodent Extermination

George W. Dunne, President of the Cook County Board of Commissioners has announced a war on rats in the unincorporated area of Maine Township bounded by Golf rd. on the north, Church st. on the south, Western ave. on the east, and the access road leading to the Tri-State Tollway on the west.

An intensive one month rat baiting program has recently been put into effect by the Cook County Department of Public Health. The baiting consists of paraffin rodent blocks which are marked with warning "Poison" signs and grain baits which have been placed in protected and weatherproofed bait stations. Warning signs have been posted in the affected area which state "No Trespassing. Keep Children and Pets Away."

The Cook County Department of Public Health has also directed a physical clean-up of rat breeding areas located on vacant properties in the area. The collection and disposal of physical junk and debris on the land that attracts rats for nesting is presently underway. "Effective elimination of the rat population in that area however," President Dunne stressed, "will be dependent on follow-up sanitary and good housekeeping practices."

### Scheffres: Opponent Campaigning on False Record

Alan Scheffres, Democratic Candidate for State Senator (4th District), declared his opponent is campaigning on a false premise. Scheffres told an audience of well wishers at a party given in his honor at the home of Mr. & Mrs. William McNair, Niles, that while his opponent claims to be a fiscal conservative his voting record does not justify his position. "My opponent claims he is for lowering taxes but his performance indicates otherwise. He voted for increases in the license, cigarette taxes, gasoline fees or motor vehicles and in hotel operator taxes. These tax increases voted on by my opponent certainly removes him from his position of being conscientious in his fiscal responsibility to the people of the 4th Senatorial District. Interestingly enough when several bills were introduced to save money for the taxpayers of this district, my opponent either voted against these bills or was not present to vote which is unfavorable since he is the single voice of this district in the State Senate. There was a bill introduced to return 1/12 of the State Income Tax receipts back to the counties and municipalities on a per capita basis but yet my opponent was absent on the roll call. Park Ridge, his home town, with a population of 41,243 would have gained considerably but yet he wasn't there. When the homestead Act was voted upon, which allows a \$1500 exemption to those persons over 65 owning property, my opponent was not there to vote for this vital bill to aid our Senior Citizens. In fact, my opponent voted for every tax increase in this State as proposed by the Legislature. When they are taken together with the State Income Tax this now costs the taxpayers an additional \$653 per year." Scheffres continued, "While my opponents record is not consistent with his claims, he

## Troop 45 at Camp Napawan

## Troop 905

Brownies of Troop #905, at St. John Brebeuf, resumed weekly meeting Thursday, Sept. 17 at the home of their leader, Mrs. Lucille Kozanek. Second year Brownies: Jeanne DeLorenzo, Suzanne Gabel, Kathy Hanna, Jackie Jurica and Alice Ann Kozanek welcomed their new co-leader, Mrs. Audrey Haywood and new members: Barbara De Lorenzo, Kim Drehoel, Karen Haywood, Carol Schoose and Sharon Sok.

After the introduction of new Brownies, the girls renewed their Brownie Promise, handshake and sign. The Brownie Story, Wishing Ring, Brownie Gold and the "It" Bag were all explained to the girls.  
Sit-upons will be the first craft item for the year. The song, "Brownie Smile Song", was then taught by their leader, after which the generously filled Treat Bag was opened and served to the girls as refreshments.

## Oak School PTA Special Program

The Sept. 28 Oak school PTA meeting began with the presentation of colors by the young men of Explorer Post 45. After a brief introduction of the professional staff by Principal Kenneth Johannsen and the PTA executive board by President Mrs. Erwin Clepy, Superintendent Frank Dagne welcomed Parents and teachers to the first PTA meeting of the 1970-71 school year.

Before introducing the program for the evening, Mr. Johannsen outlined the building improvements accomplished during the summer; and he graciously thanked the PTA for providing audio-visual screens in the classrooms of the school.  
At this point in the evening, Mr. Donald Stetina, Asst. Superintendent, presented a film overview concerning the special services program now functioning in district #63. The role of the school psychologist, nurse, learning disability teacher, and other special service personnel were described for the parents. The evening was concluded with refreshments and an enjoyable exchange of conversation between parents and teachers.

The refrain "Mom's cooking was never like this" was heard as Troop #45 of Oak School sang their version of the dining hall blues. However, not one boy was lost as the fresh air sharpened appetites at Camp Napawan. Fifteen boys and their leaders returned home stronger and more knowledgeable of scouting skills. After reveille was sounded every morning by the troop bugler, the scouts worked on passing the required steps to achieve the next rank or merit badge.

Necessary housekeeping around the campsite was done in a hurry. No one wanted to miss

the gourmet luncheon. Afternoons were spent on the rifle range under the watchful eye of an ex-marine. The archery range provided lots of competition. Swimming and boating kept the shower stalls empty.

Among the highlights of the two weeks were the troop canoe trip down the rapid flowing Waupaca River, the funny and exciting water carnival featuring the "Miss Ugly" contest, and the impressive closing campfire which ended the camp period.

All the boys had a great time and are eagerly looking forward to next year's camp.

## Scout Leaders Receive Awards

Neighborhood commissioner Bob Bursson, 7840 Oconto, Niles, was recognized at the September round table and presented with a scout trophy.  
Maine Ridge district commissioner Dick Smaus, 7295 Fairview Park Ridge, made the presentation in graceful appreciation for the years of service you contribute. Best wishes, health and happiness to you and your wife in the future. Good scouting!"

Training awards went to cubmaster James Elschen of Pack 4, 2917 Jerrine Lane, Glenview, and committee chairman Howard Atkins, of troop 33, 8856 North Shore, Des Plaines. Attendance award was given to Pack 107, sponsored by Our Lady of Ransom Catholic church Niles.

## Hold School Night For Scouts

The fun and adventure that boys find in Boy Scouting and Cub Scouting is very near for thousands of boys in the north-west suburbs who want to be Scouts. School Night for Scouts in local schools was held on Tuesday, Sept. 29, and boys and parents came to their neighborhood school "to join the Scouts," according to Donald Breaugh, School Night Chairman for the Northwest Suburban Council, Boy Scouts of America.

"Scouting is more an educational than recreational program," Breaugh said, "and parents find that the fun and activities of Scouting all have a basis of character development,

citizenship training, and mental and physical fitness."  
Local schools and key men who took part in the School Night program include: Glenview: Wilson, George Gauthier, 967-8176; Washington, Hugh Mac Donald, 825-6985; St. Isaac Joques, Adolph Prorok, 965-4795; Niles: Niles South, Eugene Anderson, 647-9879; Oak, Ben Ignatius, 967-5459; Jefferson, Erick Buck, 698-3412; Morton Grove: Hynes, Bill Sanz, 966-0864; Golf, Jerry Epstein, 966-0032; Borg, John Wydra, 966-8363; Grove, Ed Fox, 966-7407; Park View, Harry Goodman, 966-5524; St. Martha's, John Kornfeind, 965-5175.

ing is allowed. Leaves will be picked up with regular garbage if properly bagged. Trustee Hilkin also gave the following report for Sept. from the Board of Health: There were 23 inspections, 6 air pollution complaints, 9 dog bites and 1 cat bite. Herbert Houndt stated that he attended the meeting of the Illinois Municipal League in Springfield and learned that the state has laws governing drainage. However, it seems that their plans for drainage conflict with the plans of the Dept. of Waterways. Mr. Houndt also said that the Dept. of Public Works was grading the land next to the court house.

Ed Wilander said he would like to commend Fire Chief Hildebrandt and his men on the fine Open House they hosted. Mr. Wilander then read a letter from John Roddy, who was involved in a serious automobile accident on July 22, in which 3 persons were injured. Mr. Roddy said that Officer Rossier of the Police Dept. and Fireman Mader, Meier, Brady and Konowich were extremely efficient, courteous and helpful in aiding those who were involved in the accident.

Mayor Jule Bode said that Mr. Hankin of the United Motor Coach Co. was going to meet with village officials on Saturday to discuss his firm's situation. The mayor then read a resolution commending Reverend Charles W. Ross for his fine work on the MG Youth Commission since May of 1964 and expressing the appreciation of all. The board passed the resolution. Clerk McClory read a letter from the Water Resources and Water Pollution Dept. in which they listed the dates of 16 public hearings to be held this month pertaining to the referendum coming up on this issue of water pollution. McClory then reported the Sales Tax for June to be \$63,872.10. Phillip Billitteri of 7829 Central Ave. said that the alley between Kirk and Mulford is a mess, with trees and weeds growing awry so that it is hardly possible to drive a car through. Ed Wilander moved to have Mr. Huber investigate the complaint.

## Help The Lions

Cont'd. from Niles-E. Maine P. 1  
10 exchanging the familiar candy rolls for contributions to raise a goal of \$7,000 toward the overall \$700,000 state wide goal. Besides the primary projects, Candy Days proceeds on a local level will help the Lions club of Niles set up glaucoma clinics, give eye tests and buy braille writers, typewriters, tape recorders and canes. "Each Candy roll exchanged" said club president Ziellinski, "will help the Lions continue and expand their services to the blind. It will also assure the Lions club of Niles continuing aid to the blind and visually handicapped in the community."
