Final Preparations For Maine North Opening Nov. 30

According to Mr. Makela and Donald Stillwaugh, school architect, of Erickson, Kristmann & Stillwaugh, Inc., most of the work inside the building has been completed, the academic section is about ready, and many of the classrooms have furniture and equipment in them. Work still to be done in the physical education and shop areas has been scheduled for completion by Nov. 30. The parking lot is nearly finished. Clean-up work, both inside and out, is progressing on schedule.

A group of citizens from the Golf Mill Homeowners association, parents of some of the students scheduled to attend Maine North, were present at the meeting to request a revised bus schedule be worked out.

"Everything points to occupancy of Maine North High by the end of November," reported Roy O. Makela, president of District 207's Board of Education at the regular monthly meeting of the Board on Monday evening, Oct. 19. Final preparations are now under way for the opening of the new school on Nov. 30, the day students return to classes after the Thanksgiving holidays.

Window Paintings for Halloween

More than 100 boys and girls from 6th thru 8th grade entered the Morton Grove Park district's Halloween Window Painting Contest. These paintings which are 4 x 2-1/2" will be placed in the merchant's store windows in the area for the public to observe.

Mr. Russell Flory, Mrs. Arthur Schraeder, and Mrs. Richard Mills representing the Morton Grove Art Guild were the hard working judges. They said all the paintings were good and it was very difficult to choose the winners. However, they did choose the following:

6th Grade - 1st place, Kathy Olliges, Joy Dolan, Annette Krause; 2nd place, Jenny Calin, Mina Tsuneta; 3rd place, Kimberly Hren, Kathy Zastrow; 4th place, Cathy Hanrahan, Cheryl Metallo, Chris Schasane.

7th Grade - 1st place, Lori Casagrande, Johana Conrad; 2nd Kathy Dengler, Dona Wolf, Pam VanGeem; 3rd, Tracy Tulliano, Mariana Baran.

8th Grade - 1st place, Meryl Schrantz, Miranda Ulankiewicz; 2nd place, Julie Kouba, Marcia Christiansen.

Since the participation by students in 6th grade was approximately 75 children, 7th grade 35 children, and the participation by those in 8th grade was only 10, the judges decided to award 4 prizes in 6th grade, 3 in the 7th grade and 2 in the 8th grade categories.

L. to R., Mrs. Richard Mills, Mrs. Arthur Schraeder and Mrs. Russell Flory of the Morton Grove Art Guild, choose winning pictures in the Morton Grove Park district Halloween Painting contest.

Holiday Work Program

for Niles Youth

The Niles Youth Commission in cooperation with the Illinois State Employment Service in Des Plaines has already begun to receive responses from the retail businesses in Niles regarding part time employment during the Holiday Season.

Any high school or college student, 16 years of age and older, interested in obtaining a Holiday position can register at the Niles Council Chambers,

7200 N. Waukegan rd., Wednesday, Nov. 4, from 6:30 p.m. to 8:30 p.m., or on Saturday, Nov. 14 from 1 a.m. to 2 p.m.

T. J. Tyse, 7223 Greenleaf, Chairman of the committee has already met with Mr. Jim Balle of the Employment Service to compile the information already received. For further information regarding the program, contact Mr. Tyse at 966-6720.

Legion's Hallowe'en Dance

Continuing their social schedule, the Morton Grove Post #134 of the American Legion, will hold a Hallowe'en Dance this Saturday, Oct. 31 from 9:30 p.m. to 1 a.m. in their Post Memorial Home.

Music is to be furnished by Roy Balms and chairman, 1st Jr. Vice Cmdr. Frank Hilbert requests guests to wear costumes.

A late evening buffet will be served and tickets which have been limited, will not be available at the door. Donation for this "package deal" evening is just \$10. Proceeds will go to the Auxiliary Unit for their rehabilitation work for the former servicemen still confined to the hospitals.

Chairman Hilbert may be reached at YO 6-9593 for further information, to verify cancellations or ascertain if space is available. His committee has been composed of past commander Ed Martin, past commander Frank Selzer, past commander Ed Mc Mahon, Bernie Williams, junior past commander Al Nehart, Tony La Rosa, Bill Cunnally and past commander Roman Lach.

Besser Speaker at Niles PTA

The Niles Elementary school North and South PTA will meet on Tuesday, Nov. 3, at South school, 6935 Touhy ave. Guest speaker, David Besser, publisher of the Niles Bugle, will speak on the topic, "Our Town-Niles." Refreshments will be served by the sixth grade room representatives Mrs. Walter Jung, Mrs. Arnold Carlson, Mrs. Robert Ohlson, Mrs. Warren Unrath, Mrs. Norman Leach, Mrs. Leonard Szymanski, Mrs. Frank DeLuca and Mrs. E. Borgardt.

River Ridge PTA

Discusses Drug Abuse

"What is the Parents' Role On Drug Abuse - Are We Causing Or Helping?" is the program theme of the first open meeting of the River Ridge council of PTAs on Nov. 4. The meeting will be held at Nathanson school, Potter rd. & Church st., Des Plaines and will begin at 8 p.m.

Dr. David F. Busby, a member of the senior attending staff of Lutheran General hospital, Park Ridge and of Forest hospital, Des Plaines, will be guest speaker for the evening. Dr. Busby will have his guest narrator who will relate actual experiences concerning drugs and their use. An open end discussion will be held at the termination of the program. There

will be a short business meeting prior to the program, at which time a nominating committee must be elected.

Oakton College Open House Nov. 8

Oakton Community college will hold its first Open House on Sunday afternoon, Nov. 8, it was announced by Dr. William A. Koehnline. Citizens of Junior College District 535 and all interested persons are invited to tour the college campus on Nagle Ave., south of Oakton st., at 6401 W. Oakton, in Morton Grove, from 2 p.m. to 5 p.m.

Raymond E. Hartstein, chairman of the Board of Trustees, joined president Koehnline in issuing the invitation. "We've come a very long way since the time when this college was only a dream in the trustees' minds, back in June, 1969," said Hartstein. "In a short time, and through many hours of labor and faith we are seeing our dream coming true. Today is a very important day for the students, faculty, administration, and trustees of Oakton Community college, for we can share with everyone in the community the fruits of our progress thus far."

Students and faculty will join us in telling the Oakton Community College story on Nov. 8," said president Koehnline. "Representatives of student government, student publications,

and other student groups which are already organized are involved in the planning of the open house and students will be in attendance to guide visitors and answer questions about their college. Members of the teaching faculty will also be present to show visitors their classrooms and equipment. We are encouraging all interested persons to view our campus at this beginning stage of our academic operation because after this initial year Oakton will have grown so much that it will look different. From our present 832 students we will have jumped to three times as many by Sept., 1971."

Planning for the Open House has been led by Mrs. Doris Sopkin, secretary of the Board of Trustees and chairman of the Open House committee. Others on the committee are Dr. Le Roy Wauck, trustee, and resident of Park Ridge; faculty representative, Mrs. Carol Murphy, mathematics instructor at Oakton; students are represented by Claudia Brandon, secretary, student government; Jeff Bruner, president, student government; and Kevin Hemple, editor, The Daily Planet, student newspaper. Mr. Eugene Lockwood is the faculty member in charge of faculty preparations for the event.

Win Jamaican Vacation

Dr. Chester Nowak, of 8150 Milwaukee ave., and his wife, Florence, are the happy winners of the luxury vacation for two in Jamaica, which was the grand prize at the recent annual dance of the Firemen's Benevolent Association of Niles.

The Nowaks will live in a modern home, with their own maid and butler for one week at Jamaica's prestigious resort, Frenchman's Cove, included in the vacation, as arranged by Travel Consultants of Niles will be their own golf cart for use as their transportation about the grounds, swimming, golfing, fishing and boating.

Shown above are (L to R): Mrs. Sandra Chious, of Travel Consultants; Frank Smith, Chairman of the Benevolent Association; Mrs. Florence Nowak, and Dr. Chester J. Nowak.

Emerson P.T.C. Meeting

The Emerson Jr. High school, 8100 N. Cumberland, will hold its first general P.T.C. meeting on Nov. 5, at 8 p.m. in the school's cafeteria. Following a short business meeting, Howard Durham of the Lockheed corporation will present the proposed program on drugs which is tentatively being considered given to the junior high school children.

Because of the widespread infiltration of drugs into the

everyday lives of children everywhere, Phillip Carlson, Emerson principal, is urging parents of all children, regardless of grade level to attend this most important meeting.

Part of the proposed Lockhead Drug Program is a short film which would be shown to the children. This film will be run in its entirety and after Mr. Durham's presentation, time has been allocated for parental reaction and questions.

ND Sponsors Science Workshop

Once again the Grammar School Science Workshop is enrolling students for the 1970-71 sessions.

Sponsored by Notre Dame High School and staffed by members of the high school science faculty, the program is open to all 7th and 8th grade students.

The program begins on Saturday, Nov. 7 at 9 a.m. and continues on Saturdays thereafter. The workshop is open to both boys and girls.

Applications for registration can be obtained by calling the school at 965-2900.

Edison Presents School Films

Over 300,000 elementary and high school students in Chicago and the suburbs will view Screen News Digest this year through the courtesy of Commonwealth Edison Company.

The electric company is sponsoring the award-winning film series based on current news events for the sixth consecutive year. Edison estimates that the nine films for the 1970-1971 academic year will be seen at over 500 public and parochial schools in greater Chicago. The films - many of them in color - will be presented once a month through the school year.

The documentaries focus on history in the making and presents closeups of personalities and events from the entire panorama of human experience.

New Parent Classes at Holy Family

Expectant parents are invited to enroll for a four-week series of free classes at Holy Family hospital, Des Plaines. The first class will be held Thursday, Oct. 29, starting at 7 p.m. The course will continue for three

consecutive weeks on Thursday nights, Nov. 5, 12 and 19. Classes will be conducted by nursing serving members of the obstetrical department.

Pre-registration is encouraged. Please direct calls to 299-2281, Ext. 824.

This is a picture of the best-looking, quietest, most comfortable, easiest-to-install heating system ever devised.

It's a ceiling with electric heating cable tucked neatly inside where nobody can see it. It has no moving parts. It heats evenly, with radiant heat like the sun's. It does away with drafts, hot air gusts, quick temperature fluctuations, wall and floor registers. It's as clean as electricity itself. No wonder it's the kind of heating system people like best.

The bright new ideas are Electric.®

By Matt Kutza THINGS YOU SHOULD KNOW! #1

1. It's a good idea to tell each physician you consult (your dentist, too) about any bad reaction you have ever had to a drug. A repeated bad reaction could be dangerous, if you have ever had side effects, be sure to inform your doctor. There are usually alternate, or newer medicines, which he can prescribe instead.
2. After taking medicine tell your doctor if any new symptoms develop. Changing the size or form of dosage may be all that's needed to make the medication work better for you, or the doctor may wish to try another drug since there are usually a number of preparations that treat the same condition.
3. Don't ask your physician for a specific medicine. You have consulted him because of his knowledge, training and experience. TRUST HIS JUDGMENT.

Frigidaire! re-invents the washer

From Frigidaire! The washer that faces up to the demands of change. With more flexible capacity... more control... tailored washing action... infinite water level control... a better way to fill and rinse... and much more. So many improvements, we say it's "re-invented."
(Even a removable console for quick, easy servicing... if it's ever needed.)

Here are 6 good reasons to buy a Frigidaire Jet-Action 1-18 now!

- Exclusive Jet Circle Spray System**
A better way to fill... the most thorough rinse you can get. Rinses as it fills from not one, but 12 pressurized water jets around the tub. Sprays down from the top so clothes get under-water faster, get more rinse action.
- Patented Jet Cone Agitator**
Bladeless, up-and-down action keeps clothes under water. Plunges clothes deep into water and suds... circulating, turning every item top-to-bottom... over and over.
- Washes 1 piece to 18 pounds - or any size load in between**
No attachments to add or store. Does a large family wash, yet handles a piece of delicate lingerie easily, gently.
- Jet Flow Lint Filter**
Traps even the finest lint particles. Easy to get to, easy to clean. Out-of-the-way for loading and unloading clothes.

5 year nationwide protection plan

1-year Warranty for repair of any defect in the entire product, plus a 4-year Protection Plan (parts only) for furnishing replacement for any defective part in the complete Transmission (except belt), Drive Motor and Water Pumps.

COSMETIC
LIP by Jackie Peters

Attention pumpkins, witches and black cats. We'll all have a party including top Hats, Humans masquerade on Halloween night.

So we'll dress up like them, that should be a sight. Tonight at mid-night the party will start.

Bring all your friends and we'll all take part. Dress up in your best ruffles and laces.

We'll pull the wool right over their faces. The witches declared their looks were a sight. They needed some expert help this night.

These old gals needed plenty of tricks. BIRCHWAY DRUGS had the talent to fix. Knowing our fame they all came here.

Because, Halloween was their one night of the year.

They needed some beauty tricks of talented gals. When we started to help they treated us like pals.

We picked each cosmetic that we knew would aid. For age - worn skin what a difference it made.

They picked mascaras, liners and powders to buy. When one decided a lip-stick to try.

We knew this color was not for her part. Then she knew we had her best interest at heart.

Soon they had covered each wart on each nose. And we were just getting ready to close.

They looked at their watches and gave out a moan. And with that, the last witch hurriedly brushed and combed.

They needed some time to hurry and dress. With their new faces they wanted to look their best.

Off they flew, with just a slight tear. And we wondered if they would be back next year.

Collier Record in Congress Merits Strong Support of Candidacy for Re-Election

Legislative Performance Lauded By Non-Partisan Civic Groups And Congressional Leaders

Seeking his eighth term in the U.S. Congress, Rep. Harold R. Collier of the suburban Tenth District is recognized as one of the most able and conscientious legislators in Washington.

Collier, a Republican, is endorsed as "well qualified" by the non-partisan Better Government Association and has been recommended by the Illinois Good Government Institute. All four major Chicago daily newspapers have endorsed him. Other awards and endorsements include: the "Watchdog of the Treasury" award presented by the National Associated Businessmen Inc., the American Security Council and the Americans for Constitutional Action. His record has merited his nomination to membership in the National Young Republican Hall of Fame.

Collier formerly served for six years on the Committee on Interstate and Foreign Commerce and is now one of the ranking members of the Ways and Means Committee.

In a letter to Collier dated Oct. 8, 1970, the Hon. Wilbur D. Mills, Arkansas Democrat and esteemed Chairman of the House Ways and Means Committee, said: "I want to express my appreciation to you for the very fine work, your accomplishments and contributions which you have made in your service on the Committee."

President Richard Nixon said on Sept. 14, 1970, "Congressman Harold R. Collier is an experienced and exceptionally able legislator who combines energy and sincerity in getting things done."

Experience has given Collier the prestige and know-how that a Congressman needs to introduce important legislation. His record on introducing intelligent and far-reaching bills has been well established during the past 14 years. Recently he sponsored the administration's environmental health program regarded by experts in the field to be the most meaningful series of proposals ever submitted to the Congress.

Collier has always been the type of Congressman who gives his immediate attention to any problem that the people of the Tenth District might encounter. Time and again he has proven that prompt and personal help is as close as the nearest telephone or mailbox. He knows how to get things done by cutting through the "red tape" of Washington.

Congressman Harold R. Collier is providing the people of the Tenth District with vigorous, sensible, forward-looking leadership. He deserves our continued support at the polls in 1970.

Scheffres: Opponent Fails to Lower Public Aid Rolls

Alan Scheffres, Democratic candidate for State Senator 4th District, speaking before the Des Plaines Jaycees charged his opponent with failure to lower public aid rolls. "Since my opponent is the Chairman of the Joint Legislative Advisory Committee on Public Assistance it is his responsibility to initiate and vote for proper legislative action to reduce public assistance and in this effort he has failed."

Scheffres told the Jaycees his opponent has failed to speak out for legislation and funds for job training that would allow public aid recipients to become gainfully employed. "He has failed to fight for and obtain funds for day care centers for the care of those children whose mothers receive public aid so they can obtain gainful employment. In fact he failed to vote on 2 bills which would have provided funds for day care centers in this

State. He is opposed to liberalizing abortion laws which is a necessary tool for controlling population. He further voted against the dissemination of birth control information to public aid recipients. My opponent's attitude concerning public aid reflects a total lack of knowledge about the problems of the public aid recipient and certainly is not the type of attitude that can effectively deal with the problem."

In answer to the Jaycees query of how he would handle the problem, Scheffres said, "As a State Senator I could call for an imaginative and effective program to provide funds for job and skill training so as to provide the opportunity for those people on public assistance to become more useful members of our society and earn a living. I would also provide more funds for day care centers to allow public aid mothers to have a

VOTE!

place for their children to stay while they work. I would also provide the funds for and implement the hiring of additional case workers so the case load of each worker could be reduced and they could effectively deal with any possible fraudulent cases that may be discovered." Scheffres concluded his remarks to the Des Plaines Jaycees stating, "My opponent was quoted in the Chicago Sun-Times of May 15, 1970 as stating the level of public aid spending is \$27 per second, every second of every day of the year. The total appropriation allocated for public aid by the Senate and the House was upwards of \$866,000,000. We are now being told this amount will not be sufficient to see the State of Illinois through the fiscal year of 1971. At least an additional \$20,000,000 will be necessary. That's an awful lot of our tax dollars to be dealt with by a man who claims to be a conservative in saving tax dollars."

Scheffres opponent was also invited to speak before the Des Plaines Jaycees but again failed to show his concern by failing to appear.

Politics for Peace Policy

The gap between the professed goals of what Adlai Stevenson has called the "vital center" of American politics and the actions of those in power is clear to anyone who compares the campaign planks of Stevenson and Edward Warman with the voting records of Ralph Tyler Smith and Philip Crane.

That is the conclusion of the 13th Congressional District Politics For Peace policy statement just released. Politics For Peace supports Stevenson and Warman because the goals they represent are closest to PPP.

In the policy statement PFP declares "these have been our goals for a long time: 1. To end American involvement in the Indo-China war now; 2. To adopt a foreign policy which does not tamper, by force or by subversion, with the internal affairs of sovereign nations—large or small; 3. To reduce military expenditures by modifying the doctrine of nuclear supremacy, by readjusting the excessive number of men in uniform, and by eliminating waste in development and procurement; 4. To reorder national priorities in accordance with the humane values of our civilization and the immediate needs of our people; 5. To protect the libertarian tradition by enforcing laws which protect peaceful dissent and by prosecuting authorities who, under cover of law, violate the right to be an individual."

Feedback on Elrod Conference

Richard J. Elrod, Democratic candidate for sheriff, today expressed concern over the increasing traffic of hard-line drugs being smuggled into the United States from Cuba.

The drug crisis was one of several criminology and law enforcement problems discussed at a conference sponsored by Elrod on Oct. 20. The conference was convened by Elrod as a non-partisan discussion of serious problems affecting all the people of Cook County.

The subject of drug smuggling from Cuba was brought up at the conference by Joseph Healy, the former superintendent of the Illinois Division of Narcotics Control, and David Schippers, former United States attorney in charge of the Organized Crime division.

Healy, noting that there have been 88 deaths from the overdose of drugs in Chicago this year, charged that the Cubans have taken over the narcotics smuggling racket in the United States.

Schippers said that out of every 200 immigrants arriving from Cuba, an average of 5 or 6 are government "plants" who are smuggling in top-grade heroin.

Both Healy and Schippers said that there is a suspicion that the Cuban narcotics racket is a communist plot to undermine the strength of the United States by attempting to indoctrinate as many of our young people as possible into the use of narcotics. They said that the supply of heroin is originating from Red China, according to available evidence.

Frank Guetter, retired police chief of Orland Park, told the conference that one problem in his area has been the use of weight reducing pills by young people "for kicks."

Guetter complained that the Cook County Sheriff's office has failed to initiate an educational program for the suburban schools to warn youngsters about the dangers of drugs.

Elrod replied that he has proposed the formation of a Youth Drug division and also a "drug hotline" to provide informational services for concerned parents.

Law enforcement officials attending the conference proposed the establishment of an intelligence division in the Sheriff's office which would include a "flying squad" of 10 undercover agents to work in the area of drug abuse. Elrod said he thought it was an excellent idea, and it would fit in with his plans for a youth and drug division.

Ellis Reed, a prominent black defense attorney, told the conference that one of the major law enforcement problems in Chicago has been the increasing violence among street gangs. "These are not just kids," Reed said. "We have 35 year olds who are running little Mafias to extort money. The problem is that these gang members have no area into which to channel their energies."

Leroy Knapp, Jr., Harvey police chief, said that the gang problem is as prevalent in his suburb as it is in Chicago.

Cherif (CQ) Bassloun, a De Paul University Law school professor, proposed the establishment of a community relations division within the Sheriff's office. Elrod said that he has had this under consideration and will study the proposal further.

Among those attending the criminology conference were David Bradshaw, former member of the Illinois Crime Investigating Commission; Marvin Aspen, past chairman of the Criminal Law Committees of the Chicago and Illinois State Bar Assn.; Sgt. Tom Mahon, former district commander of the Cook County Sheriff's police department; and Professor Stephen Schiller.

Subjects discussed at the conference included vice control, organized crime, juvenile delinquency, campus unrest, suburban law enforcement, problems, and disorders.

Fulle Predicts 80% Voter Turnout Nov. 3

A prediction that more than 80 per cent of the registered suburban voters will go to the polls at the election this coming Tuesday, Nov. 3, was made this week by County Commissioner Floyd T. Fulle.

Fulle, chairman of the Suburban Republican Organization of Cook county, also issued a pre-election "bill of particulars" indicting the Chicago-oriented Democrat-machine "for shoddy and disgraceful treatment of suburbanites, including fellow Democrats just because they live in the suburbs."

Fulle made a special appeal to suburban Democrats to "consider how your own party has penalized you, hurt you in the pocketbook and worked against your best interests" before going to the polls to vote.

"The leader of the Democrat party is the mayor of Chicago," Fulle noted, "and every important Cook county officeholder running for re-election on the Democrat ticket is a resident of Chicago. His 'bill of particulars' listing suburban grievances against the Democrat party include:

- 1. The anti-township lawsuit

filed by prominent Chicago Democrat Judge Donald J. O'Brien, who is seeking re-election on the green judicial retention ballot that Fulle said is costing suburban property owners and renters "millions and millions of dollars in additional taxes and higher rents each year."

2. Judge O'Brien's ruling, upheld by the Democrat-dominated Illinois Supreme Court, abolishing township collectors, one result of which was to eliminate financial aid townships formerly gave suburban school districts, necessitating increases in suburban educational taxes.

3. The scandal in the Democrat county assessor's office that, according to Chicago newspaper reports, involves substantial tax breaks for certain wealthy and influential Democrat property owners, but that has increased the tax burden on the individual homeowner in both Chicago and the suburbs.

4. The inefficiency in the county clerk's office, which has been controlled by Chicago Democrats for 60 years; that resulted in disenfranchising from 25,000-50,000 suburban voters in the last election.

Judges who are soft on criminals should be (and can be) replaced.

It's a matter of public record that our Democrat-controlled courts (224 Democrat to 27 Republican judges) have failed us badly. Even the Democratic State's Attorney—a man who certainly is in a position to know—has accused a number of Democratic judges of being too lenient with criminals. (One Democratic judge has a record of freeing 54% of the defendants appearing before him in bench trials and giving probation to 31% of those he convicted.)

Realistically, however, the mess in our courts is nobody's fault but our own. Because collectively, we have failed to exercise our duty as voters.

For example, nearly 400,000 voters who went to the polls in Cook County two years ago (1 out of 5 in the suburbs) failed to vote the separate judicial ballot. As a result of this mass default, the Chicago Democrats were permitted to continue in control of our courts.

On November 3rd, we have a new opportunity to clean out the deadwood—and the badwood—and make our court system strong again.

Be sure to vote the white paper judicial ballot. If your election officials don't give you one, demand one.

For merit-selected Judges, vote straight Republican.

Niles Twnsp. GOP Women Meet Nov. 2

The monthly luncheon meeting of the Niles Township Regular Republican Women's organization will be held Nov. 2 at the Oakton Park fieldhouse, Skokie, at 12 noon.

Informing members of current and upcoming issues will be State Representative Arthur Simmons with a report from Springfield. Niles Township supervisor and township committeeman, John Nimrod, will discuss the current status of township government.

Meet Demo Teen Club

Kenneth Lindquist, L., Democratic candidate for State Representative (4th district), George Dunne, incumbent candidate for President of the Cook County Board of Commissioners and Alan Scheffres, R., Democratic candidate for State Senator (4th district), attended a luncheon sponsored by Maine Township Democratic Committeeman Nicholas B. Blase to meet the newly formed Teenage Democratic club of Maine Township. "There is a growing awareness on the part of our young people and concern for our political system. The Teenage club will give them an opportunity to work with candidates of their choice and participate in the Electoral process," stated Nicholas Blase. The Teenagers spoke informally to the candidates on the issues and volunteered their time to work with them during the next several weeks. For further information concerning the Teenage Democratic club, call 692-3388.

Also on the program is Con-Con delegate, Mrs. Virginia MacDonald of the 3rd Dist., who served on the Bill of Rights committee at the recent Constitutional Convention. The vote to reject or ratify the proposed new constitution for Illinois will be held on Dec. 15, and a critical and conscientious appraisal of the document should be made by all informed voters. All citizens have a vital stake in these important issues.

Dunne Suburban Supporters

More than 500 North Suburban residents attended a Sunday afternoon party sponsored by Suburban Citizens to Retain George W. Dunne, president of the Cook County Board of Commissioners. The event was at the home of Mr. and Mrs. Phillip C. Goldstick, 8611 Skokie Blvd., Skokie. L to R in the photo are: George W. Stevenson Headquarters Home Chairmen

Everybody can get into the act with Nancy and Adlai Stevenson in the Home Headquarters for Stevenson for Senator program. Volunteers are welcome to join other Niles township women who are finding how exciting it is to be politically active.

For people interested, Mrs. Edee Rothman, Home Headquarters Coordinator and Political Action chairman, can be reached at 674-2533 or Mrs. Harriet Sitron, Coffee and Political Action chairman at 674-7767.

Home headquarters which are at individual homes marked by a Stevenson sign on the lawn and a poster in the window were opened to serve as a link between the neighborhoods and the candidate.

Each house is used for meetings, for distributing literature, and for just plain "dropping in". Campaign buttons and bumper stickers are available at the home headquarters.

Activities for volunteers include coffees, luncheons, canvassing, envelope stuffing, invitation decorating, writing, and being a part of "where it's at".

Speakers at Rally

Plans for an area-wide rally were announced by Democratic Committeeman of Maine Township, Nicholas B. Blase at a regular Organization meeting this week. The rally will be held at Carpenters Hall, 1614 White, corner of White and Oakton Streets, Des Plaines, on Friday, Oct. 30, 1970 at 8 p.m.

Guest speakers will be Adlai Stevenson III, candidate for U.S. Senate; George Dunne, candidate for President of the Cook County Board; Michael Bakalis, candidate for State Superintendent of Public Instruction; Alan Scheffres, candidate for State Senate, 4th Dist. The rally is the highpoint of this season's Candidate Nights, sponsored by the Maine Township Regular Democratic Organization, which has featured every major candidate on the Democratic Ballot for November 3 election. Call 692-3388 for additional information.

Smith Speaks

U.S. Senator Ralph Tyler Smith (R-Ill.), recently criticized his Democratic opponent, Adlai Stevenson III, for "suddenly crawling to the center as fast as he can in order to project himself as a staunch law and order man."

Smith called the tremendous task to restore public peace "a matter of life or death. The task will never be accomplished by calling men who have dedicated their lives to the preservation of freedom names like 'storm trooper in blue.' Nor will it be achieved by bending over backwards to protect the rights of avowed revolutionaries at the expense of innocent, law-abiding citizens."

"We can accomplish this great task only if we steadfastly hold to our commitment to the safety and support of our law enforcement officials. We should hardly expect them to risk their lives for us if we fail to give them the tools they need to protect us."

Smith praised President Nixon's battle to end the crime wave that began during the permissive era of the Democratic 60's.

Drugs Topic at Dist. 67 Institute

Mrs. Susan Pohl, coordinator of the Illinois inter-agency drug abuse committee and an associate of the Governor's office of Human Resources, spoke at District 67's teacher institute Friday. (Pupils had the day off.)

Her topic was the principal institute topic for the day, a controversial and currently important subject - the relationship of teaching to drug abuse, how the teacher should be alert for symptoms of drug abuse among pupils.

She advised teachers to be on the alert for any sudden change in behavior on the part of pupils, or any "flare-ups." Teachers need to know who among class members is taking regular medication so that mistakes won't be made, emphasized Mrs. Pohl.

Montessori Open House

The San Lorenzo Montessori school, for children 2-1/2 thru 6 years, plans an Open House with a refreshing twist on Friday, Oct. 30 at 8 p.m.

Activities and materials will be open to adult exploration and manipulation just as the child is encouraged to learn thru the excitement of discovery.

Leave behind your "look, don't touch" training. Pick-up, handle, spread out materials imported from Holland, India, England and Canada. Place them on child size rugs and tables. Wear comfortable clothes - slacks and sneakers - so you can work as the children do, on letters, numbers, geography, sense perception of sizes, colors, textures, weights, sounds; addition, subtraction and multiplication. Solid and plane geometry are presented in the classroom as well as simple botany.

Build words with the moveable alphabet to learn just as the child does. Observe how matching and sorting help a child learn. Discover writing as a child. Paint on easels. Use clay. Touch and use music material, match tones, etc. Stroll thru the practical life area, full of things common to the home that develop a child's attention span, concentration and co-ordination.

The staff will be present to guide, explain, encourage you to try things for yourself. The hope is you will learn more of Montessori and what makes an ungraded child - centered class work.

As an added inducement to fathers who are not used to child size furnishings, beer and pretzels will be served at the period usually set aside for the children's juice and cookies.

San Lorenzo Montessori School is located within the Good Shepherd Community Church at 9000 home st. in Des Plaines on the corner of Home and Ballard, a few blocks north of Lutheran General Hospital.

The extended benefits will include free admission to all home athletic events except conference meets; free admission to selected plays, concerts, swim shows and other entertainment sponsored by the school district and held at any of the four Maine High schools; and the continuation of the one-half price tuition rate for most Adult Evening school classes. The Travel Series of the Adult Evening school will be included beginning Jan. 1, 1971. Application for a Gold Card by a senior citizen may be made at any of the Maine High schools.

On the same subject, Michael Bartos, Board member, Des Plaines, stated he had received complaints from several parents in his area who felt that some bus schedules for Maine West students were extremely inconvenient. He suggested Dr. Short request his company officials review the schedule of all busses serving Maine High school students.

The Board took official action on a resolution to oppose further expansion of O'Hare International Airport. The resolution states, in part, that because the noise and air pollution created by the large number of planes landing and taking off at the airport interferes with the education of students of Dist. 207, and because of potential hazards to both students and school property, the Board of Education opposes any further expansion at the airport and strongly supports all measures to reduce the air and noise pollution in the vicinity of the airfield. Junior Football League

The Pop Warner Junior Football League has enthusiastically "arrived" in Niles and is in mid-season, with only 3 of the 8 scheduled games remaining to play.

This program emphasizes scholastic achievement as one of its main goals. It strives to teach the rewards of hard work, develop respect for discipline, and inspire youth to practice the ideals of sportsmanship and physical fitness reflected in the life of the late Glen (Pop) Warner.

The newly organized team is self-supporting and could not have been possible without the efforts and spirit of the boys themselves. Through a Candy drive, they were able to completely equip their entire team. One of their main objectives is to bring Pop Warner football ideals to the suburban area and to introduce Niles into the young football world.

Although suffering 5 straight defeats, Head Coach Nick DiNapoli is encouraged by the consistent improvement with each game, considering that the majority of the boys on the squad have never played organized football before. Other teams in the league are at a minimum of 2 years in existence (with Hi-Ridge leading as a 9 year organization.) However, Niles is confident that with the support of the local boys, she can field a superior competitive team within the next 2 football seasons. The boys, aged 12 thru 14, in the 135 lb. class, appear to be the backbone of this season's opposing teams. At the present, Niles is in great need for boys in this bracket. (Any young athlete interested in this great sport and would be interested in becoming a member of this organization can call 698-3547 NOW - it is not too late in the season.)

The younger boys in the Midgets have the spirit, desire and ability and Coach DiNapoli feels certain that they are the future Niles champs.

The teams is being organized under the auspices of the Niles Park district. It will include 2 divisions of boys ages 10 thru 14, divided into Midget and Junior Bantam teams. The Midgets will weigh from 80 to 110 lbs. and the Junior Bantams from 110 to 135 lbs.

Some of the Niles Demons' past performances are:

JUNIOR BANTAM
Oct. 4 - Hi-Ridge Chargers 36 vs. Niles Demons 0 - The 1969 National Champion Hi-Ridge football squad shut-out the Niles beginners at Jozwiak Park in Niles.

Oct. 11 - A & R Raiders 19 vs. Niles Demons 6 - The Niles Demons played the A & R Raiders from Chicago at 31st and Keeler. Although the Raiders up-ended the Demons the game was hard played all the way.

MIDGETS
Oct. 4 - Hi-Ridge Chargers 12 vs. Niles Demons 6 - The Midgets were beaten in their first game by the Chargers but were tied with 60 seconds left to play when the Ridge team broke loose for their final and winning touchdown score. Leading the touchdown for Niles in a power play were Ron Servis, Ed Gowdzdz and going over for the 6 points was Vince Oliva.

Oct. 11 - Hyde Park Rams 9 vs. Niles Demons 0 - In the first quarter the Rams forced

the Demons to yield up a safety giving the Rams a 2 to 0 lead. In the second quarter, Ram's J. Hunter pass-intercepted from 30 yards out to return it for a touchdown bringing the score 9 to 0 when the extra point was good.

Listed alphabetically are the players and their Jersey team numbers: Adamski, Howard 10; Babcock, Mike 46; Blair, Mickey 28; Berke, Mike 81; Berke, Rich 24; Ciabattari, Andy 70; Deutsch, Neil 47; Drowdz, Tom 84; Grauzard, Dave 44; Handmaker, Mark 15; Hoffman, Sam 50; Kalodimos, Nick 42; Kalodimos, Joe 52; Klenski, Dave 40; Lazicki, Pete 86; Maycan, Don (Junior Bantam Captain) 80; Mabbatt, Tom (Midgets Co-Captain) 26; Mores, Joe 21; Oliva, Vince (Midgets Co-Captain) 76; Rizzo, Jeff 54; Reed, Jay 85; Sandlet, Scott 72; Sanz, Steve 74; Schafel, Mike 12; Schutzen, B. 79; Schutzen, M. 27; Schwartz, M. 16; Sliwa, Ron (Midgets Co-Captain) 11; Stenn, Scott 23; Uheil, Dan 29; Vaporis, Mark 18; Zwier, Tom 20.

The coaching staff consists of Nick DiNapoli, head coach, John DiNapoli, asst. line coach, Dave Kohler, asst. line coach, Nick Saldino, asst. coach, Mike DiNapoli, asst. coach and Bob Jandaska, asst. coach.

The difficulties in organizing any new project are boundless. Show your appreciation and support this new league. The remaining games are: Nov. 1 at Rogers Park, Rockwell and Touhy, Chicago, at 1 p.m., and Nov. 8 at Jozwiak Park at 1 p.m.

Jack Wendell Accepts Legion Liaison Post

Morton Grove Post #134 American Legion 2nd Jr. Vice Commander Tony La Rosa this week has announced the appointment of a civic leader who has volunteered to assist the Post in its efforts on behalf of the Illinois School for the Deaf, Jack Wendell, 6631 Church, has been named Procurement Liaison for the Post for its Saturday, Nov. 21 Bruce Kennedy Memorial Dance.

Wendell, in his duties, will seek out donations and contributions of prizes, gift items, cash, liquid and other refreshment items, etc. "Ernest" Jack Wendell is well known in the village of Morton Grove for his civic pride and duties with Sertoma, the Morton Grove Days Committee, his homeowners' group, church organizations, etc. It is expected a great deal more profits will be realized with the addition of a non-Legionnaire who is so vitally interested in this project on the committee. Wendell may be reached at YO 5-3944 with offers of donations.

In his role of Child Welfare Chairman, La Rosa will host the

social fund raiser which will honor Bruce Kennedy, a Morton Grove boy who was killed in the Conrad Hilton Hotel fire in Chicago Jan. 25 along with Donald Zanger of Quincy. They were among a group of 41 students from the Illinois School for the Deaf visiting the Windy City when the tragedy occurred.

Sympathy has been expressed by a number of people and several parents' groups in particular decided to begin a Kennedy-Zanger Memorial Fund. This fund and proper area was with the approval of the families who recommended the purchase of needed materials and books for the high school library.

The Morton Grove American Legion wishes to also assist this most worthy cause and has scheduled this dance with proceeds to be turned over to the Jacksonville, Ill. school.

Post #134 has ascertained there is not at present, any organized group of citizens who support, donate to or in any way assist this school. The Legionnaires will be behind the program 100% he adds; hoping the community will, too.

Morton Grove Post 134 of the American Legion

Rep. Robert Juckett (r.) of Park Ridge is seen presenting the new Illinois state flag to retiring Morton Grove Post #134, American Legion commander Al Nehart, center.

Phil Cancelleri is seen far l., holding the flag. He was master of ceremonies at the installation which saw Juckett making the presentation.

Mr. Juckett indicated that the state legislature last year had redesigned the state flag and he wanted the Morton Grove Legion to fly a proper one along with their American flag.

State Rep. Bob Juckett said in his speech that legislators considered adding the huge word "Illinois" to the bottom after Viet Nam boys wrote back saying the state flag sent them did not appropriately indicate where it was from.

Also in his talk the Ill. legislator complimented Post #134 for their fine work in all areas, particularly the field of Americanism, where he commended them for their stand on the School Dist. #219 resolution recently published in this newspaper.

Indoor Picnic

Jr. Vice Commander Frank Hilbert planned the Morton Grove Post #134, American Legion family picnic for a week ago and little did he think his "By the Sea" theme would bring water of a different kind.

Indicative of the fact that Legionnaires can adjust their plans to any degree, the event was moved indoors to the Legion Memorial Home when the rains came.

A large group dined on their pre-planned picnic fare, enjoyed indoor games, other refreshments and the kiddies took it all in stride also.

Chairman Hilbert, left, is shown with past commander Ed Martin as a lady guest "signs up" for her gift. Each lady received a jewelry gift which tied in with the theme of the day.

Receives Gift

Upon retiring from office, each commander of the Morton Grove Post #134 of the American Legion is given a gift by his fellow officers. At the recent installation of new officers of the local Legion such a presentation was made to retiring commander Al Nehart, l.; by newly elected Sr. Vice Commander Bill Cunnally.

From the appearance of Nehart's expression, it was truly a gift of which he was most happy about. Cunnally is telling him that a most appropriate, patriotic gesture is to be made for his successful year in office by his cohorts; the erection in Nehart's front yard of a huge flagpole from which he may fly Old Glory every day.

Legion Alumni Reunion

The annual past presidents and past commanders reunion was held recently at the Morton Grove Post #134 of the American Legion. Frank Selzer and Mrs. Albert Nehart were the co-hosts.

Welcomed into the group were the immediate past presidents of Post and its Auxiliary, Mrs. James Campanella and Al Nehart.

Honored guests as is tradition at the dinner, were the current president and commander.

Legion Rifle Squad

Morton Grove Post #134 of the American Legion has an honor guard known as the Rifle Squad who participate in many parades. Seen carrying the Post's colors in a recent parade are some Legionnaires.

Turkey Night

The chance to win turkeys, bonds or a portable tv and enjoy a delicious Friday meal will be offered by the Rifle Squad of the Morton Grove Post #134 of the American Legion.

Its annual Turkey Night is scheduled for the Post Memorial Home on Nov. 20. The usual fish and chicken fare will be served from 6-8 p.m. as is the usual custom. Prices are nominal and those who do not care to dine may present themselves later. Sandwiches will be served.

Squad commander Howard Karsten indicates there is no admittance charge. Besides having the opportunity to take home a turkey for the Thanksgiving holiday, the Squad will offer tickets on \$100 savings bonds or portable tv's. The Rifle Squad is the group within the Legion that posts colors at its own and other functions, participates in the Morton Grove Days carnival, promotes patriotism and assists wherever possible and marches in local, Legion and other parades.

The Spares

On Sunday evening Nov. 8, the Spares club will honor Entertainment chairman Aileen "Smitty" Alderson, of Morton Grove for her outstanding effort in behalf of the club. Mrs. Alderson, will be presented an engraved pen and pencil desk set, engraved plaque etc. at this meeting.

Mrs. Alderson, an outstanding Ballroom, Square and Round dancer, joined the Spares club in November 1969, three months after her husband's cancer death. Upon joining the club she soon assumed the job of Entertainment chairman. This job consists of organizing and directing the monthly house parties, conducting dance mixers at the semi-monthly meeting, create interest - and see that new people are given instruction in square dancing, and organize ballroom dance instruction classes utilizing professional teachers as instructors.

Entertainment for the Nov. 8 meeting of the Spares will be provided by Square Dance caller Lowell Lathrop. Mr. Lathrop, will take the heretofore unexposed - Square Dancing club members and the accomplished Square Dancers in the club and involve all of them in Square Dancing.

The Spares is a non-sectarian, non-profit organization for single, widowed, divorced and legally separated adults, sponsored by the Glenbrook Municipal Council. Meetings are held the second and fourth Sundays of each month. Membership consists of people from all areas of Lake, Cook and DuPage Counties.

'Everything in the Garden'

"Everything in the Garden," the Des Plaines Theatre Guild's next production, was cast in try-outs held Sept. 13 and 14.

Mike and Beth Woulds of Schaumburg have the leads as Richard and Jenny, a "typical" suburban couple and their son Roger, who will be played by Collier MacCowan of Glenview. Phyllis MacCowan of Glenview was cast in the role of Mrs. Toothe, a very successful madam, and Tom Ventress of Chicago will treat the boards as Jack, the very rich and consistently drunken neighbor.

Ken MacCowan of Glenview, Kathy Linsey of Wheaton, Beth and Hank Vandenberg of Wheeling, Merle Gable of Chicago, and Jackie Tuverson of Buffalo Grove are the other husbands and wives wrapped up in Albee's dramatic tale of suburbia.

Director Nancy Kole and her

Arthur Garfunkel, L., and Alan Arkin in a hilarious scene from a Mike Nichols film, Catch-22, presented by Paramount Pictures Corp. in association with Filmways, Inc. Nichols directed the Technicolor-Panavision attraction based on the novel by Joseph Heller and screenplay by Buck Henry. The film, produced by John Calley and Martin Ranshoff and featuring an all-star cast, opens Friday at the Golf Mill Theatre 1.

Von Stroheim Chaplin Comedies

Erich von Stroheim (he of the bullet head, the monocle, the arrogant lower lip) may be best remembered as a movie actor. He was also a director of immense talent and ability who, in 1923, made a half-million-dollar masterpiece entitled "Greed." This classic is the next feature in the series "Off the Ground to Underground - 70 Years of Film," sponsored by the Maine Adult Evening school, Niles Adult Evening school, and Oakton Community college. The program will be held in the Cinema Theater of Oakton Community college, Oakton and Nagel, Morton Grove, at 7:30 p.m., Friday, Nov. 6.

"Greed" was adapted from the novel "McTeague" by Frank Norris, published in 1899. Its

impact raised Norris to the top as one of the leading American naturalistic writers, who dealt with the instinctive actions of men in a deterministic society.

Reproducing the atmosphere of the early silent movies, "Greed" will be shown with musical accompaniment, with Jamil Cavanaugh at the piano. It will be followed by added attractions - Charlie Chaplin in "The Rink" (1916) and "The Cure" (1917). These were the years of Chaplin's spectacular rise to fame. In 1913 he worked for Mack Sennet for \$150 a week; in 1916 he signed with the highest bidder for \$10,000 a week, plus a bonus of \$150,000.

Introductory commentaries and discussion of the program will be conducted by James Wicklund of the Screen Educators Society. Tickets at \$2, will be available at the door. The Maine Adult Evening school, 696-3600 can supply further information.

Troop 517

Girl Scout Troop #517 held its first meeting Sept. 23, at the home of leader Mrs. McGrath. All the girls with the exception of just a few have been with Mrs. Tralmer as leader, and co-leader for the last 3 years. The original troop of 11 has grown to 19. The original 11 are: Coleen Baker, Barbara Corr, Suzanne Garrity, Debra Hirt, Jeannine Karbowski, Ellen Kargl, Mary McGrath, Melissa Moore, Linda Tralmer, Janet Wolski, Mary Pat Zimmerman. New members are: Susan Hildebrandt, Cathleen Krick, Christine Lenhardt, Patricia Leone, Marjann Rasmussen, Laura Richter, Linda Cowart and Julie Van Schindel.

All the girls ventured forth bravely and enthusiastically along with their leader Mrs. McGrath and co-leader Mrs. Tralmer and 2 extra mothers, Mrs. Baker and Mrs. Kargl, to Happy Halloween on Oct. 9, 10, and 11. The girls came back a little wiser and more cooperative in the home making field. The mothers were wonderful and they came home smiling and cheerful.

On Oct. 23, these 19 girls took the Girl Scout promise, a very touching ceremony. The girls received their badges, which were for camping and pins for every year they have been in scouting.

The girls are in groups, and each group has decided to work for different badges. This year, it going to be very exciting, challenging and rewarding for these girls. They are all 4th graders at St. Isaac Jogues school, Niles.

Congratulations girls, on your first big venture and good luck in the coming year.

Illinois Constitution 1970 - Local Government

(third in a series)

One of the most exciting additions to the Illinois Constitution 1970 is an article covering local government. Provisions relating to local government were scattered throughout the 1800 Constitution and primarily pertained to Counties and the City of Chicago.

The new article is especially exciting because it gives "home rule" powers to counties and municipalities, under certain circumstances, and gives options to the people to select the form they want their government to take. It provides for intergovernmental cooperation and gives many incentives to encourage consolidation, merger or dissolution of special districts which should halt the proliferation of such districts. Illinois now has more local taxing units than any other state.

At the present time all local governmental bodies, including counties, are considered creatures of the State. They may only exercise those powers expressly granted to them by State Statute. Under the proposed Constitution, this situation is reversed. Powers are granted to local home rule units of government unless "pre-empted" by the General Assembly. If you live in a County, like Cook County, who elects its chief executive officer, you will be automatically living in a home rule county. If you live in a municipality with a population in excess of 25,000 you will have home rule, too. By referendum you can choose not to have home rule and citizens who live in smaller communities who will not automatically receive home rule may vote to have it.

There are constitutional limitations to these powers, however. The use and reporting of public funds are regulated by the Finance article. Debt limits are established by the constitution for bonds repayable from ad valorem property taxes and the General Assembly reserves the right to place limitations on debts incurred repayable from non-property taxes.

A home rule unit shall have only the power that the General

Assembly may provide by law to license for revenue or impose taxes on income or earnings or occupations. Thus, no home rule unit can impose an income, payroll or earnings tax. Licenses can be required for regulation, but not for income. No occupation such as doctors, lawyers, etc. can be taxed without authority.

In addition, the Constitution gives the General Assembly the right to "preempt" local power by the large majority of a 3/5th vote in three ways: 1. may deny or limit the powers to tax (2) the General Assembly may by law provide for the exclusive exercise by the State of any power other than taxing, and (3) to exercise any power concurrently with a home rule unit. Other limits on home rule-the felony level of crime must be left to the courts and the law.

Both home rule and non-home rule units will have power to decide on and amend their form of government by referendum. Municipalities may choose Council-Manager, President-Trustee, etc. Counties may also by referendum eliminate or consolidate county offices, change the terms of elected officers, or change an elected office to an appointed office. The people of a county will have the right to determine by referendum what officers they want to elect or eliminate. The office of sheriff, county clerk, treasurer can be eliminated only by referendum. The offices of coroner, recorder, assessor and auditor can be eliminated by referendum or state law. Other offices can be created or eliminated by county ordinance. Counties may share officers such as "treasurer" for reasons of economy and efficiency, or may eliminate offices which they no longer need.

Townships may be formed, consolidated merged divided or dissolved by referendum. In other words they can be retained or combined for increased economy or efficiency where needed. In areas where services are duplicated by other levels of government or the need no longer exists for this level of government, it can be abandoned by referendum. The fee system, recently de-

clared unconstitutional under the 1970 document and by which townships were financed, is expressly prohibited in the proposed constitution. Local government is not precipitously

changed by this Constitution but it provides for great flexibility and choice as to how local governments could be reorganized to meet future needs. The League of Women Voters,

a non-partisan organization, after study and consensus of its members, urges registered voters to vote in favor of the adoption of the Illinois Constitution, 1970.
