Vandals twice "hit" the Nelson school in school district 63 on the Niles-Morton Grove border this past week-end. Unlike previous acts internal damage and a theft took place during the holiday week-end.

A torch was used to burn thru a storm door, and upon gaining entrance control signs were defaced, a replica of the constitution was ripped-up and a video tape monitor was stolen.

Upon further investigation we received a copy of a report from Jim Bowen, business manager in the district, which showed \$7,642.25 in damage took place in the 11 schools in district 63 during the period from June 1 thru Sept. 14. And while the 800 student Nelson school is only one-eleventh of the schools there Nelson's vandalism accounts for more than 45% of the total damage of all the schools in the district, or \$3,495.75 of the total \$7,634.25 damage.

What troubled school officials we spoke to Tuesday was the wanton destruction. About 90% of the total damage is glass breakage.

What officials most want from the adult community near the schools is co-operation. While neighbors near the schools report problems to the police many of them hesitate identifying people who are causing damage.

In school district 71 in Niles Superintendent Culver said about \$400 in window damage has been noted since September. Either air rifles or sling shots using pellets have been used. The extra thick glass has not been completely penetrated but it will eventually deteriorate necessitating it being replaced.

Vandalism at Maine East High school, according to school officials, is not of a "wholesale" nature though it does exist there. Eleven or twelve windows were damaged this season mostly in the office area. Some windows made of plastic have replaced the broken ones and have caused foreign objects to bounce off harmlessly. The boys washrooms have been the most damaged areas of the school and girls washrooms have also been scarred. While lyrical graffiti is usually part of the interior decorating for high school washrooms the closing down of one boy's washroom resulted

FINALIZE PLANS FOR NINE HOLE GOLF COURSE

The Board of Commissioners of the Niles Park District has finalized its Golf Course agreement with the J. Emil Anderson and Sons, Inc., according to Gerald J. Sullivan, Board President.

Under the agreement, the Park District will be allowed to construct a 9-hole golf course on the remaining acreage of the former Tam O'Shanter Country Club in Niles.

"The signing of this agreement is a mile stone in the history of the park district," Ray Eagan, park district vice-president stated. "Many individuals and groups have expended great effort and monies over the past 5 years to make this agreement and opportunity possible. Having a golf course in Niles should prove worth all of the past efforts," Eagan concluded.

"The 36-1/2 acre site is presently under development and with plans for opening the course for public play in June of 1971," Sullivan stated. Under the terms of the agreement, the park district has the option to operate the course until 1974 on a lease basis. During that time the park district officials must evaluate whether or not it would be desirable to operate the course on a permanent basis. "Over the next 3 seasons, officials will be paying close attention to the number of rounds played, local response to and support of the course, along with the net operational costs of the course. All of these factors will influence the Board's decision on whether or not we should attempt to purchase the course."

Raymond Hendeck, district superintendent, blamed the defeat on the national economic squeeze. He said the district faces a \$1.3 million deficit by the end of the school year unless some programs are cut out.

The proposed increase from the existing rate of \$1.67 for each \$100 of assessed valuation to \$2.02 was defeated, 4,148 to 2,337.

Name Director of Maine Township Mental Health Center

A clinical psychologist from Quincy, Ill., has begun duties Dec. 1 as the first professional Executive Director of the Maine

Township Mental Health Center. Dr. Edward Baranowski, a native of Chicago, was hired in October by the board of directors of the Maine Township Mental Health Assn., which operates the center, at 1032 Lee st., Des Plaines.

In taking on his assignment here, Baranowski is leaving positions as psychologist for the Illinois and Missouri Divisions of Vocational Rehabilitation and Disabilities Determination, and as consultant to the Pike County Mental Health Clinic, to the Quincy Family Service agency and to the special education services of the Quincy public school system.

He taught adolescent psychology last year at Quincy college. A spokesman for the association said all his Quincy associates whom the Maine Township group has asked for references were enthusiastic in their recommendations.

Baranowski will be responsible for the entire operation of the Center. He will function as chief administrator and as

clinical director and will be responsible for the raising of funds and for the center's public relations.

His salary for the coming year was set at \$18,000 by the board of directors at their Nov. 19 meeting.

William A. Hall, who had served as a lay executive director, is slated to become the center's business administrator, a new position. He serves also as treasurer of the association.

Hall had urged the employment of a full-time professional director to meet the increasing demands and widening operation of the center.

The center, which opened in 1966 as a child guidance clinic, now offers diagnostic and treatment services to all residents of Maine Township, regardless of age or ability to pay.

The Association funds the center by membership dues, patient fees, state grants in aid, as well as by supportive contributions from community residents and philanthropic groups.

Northwest Italians Elect Officers

The Northwest Italian American Society held their annual election at the November meeting with 75 members attending - anxious to support their organization and elect the man of his choosing. The newly-elected officers are:

- Andy Ciabattari - president; Tom Imburgia - 1st vice-president; Todd Bavaro - 2nd vice-president; Henry Nickel - secretary; Paul Angelino - treasurer; Tony Scipione - Sgt.-at-Arms; Nick Constantino - director and Joe Levantino - director.

Outgoing president, Bob Romano thanked the members for their cooperation throughout the past year and especially to those who accepted the different chairmanship duties.

The meetings are held on the second Monday of the month at the Bunker Hill Country club in Niles. All members are invited to attend. Anyone interested in becoming a member can do so by attending any of the monthly meetings.

"OLD-FASHIONED" MAYBE-BUTI Here at BIRCHWAY DRUGS we believe that most people still appreciate that special kind of service that today might be called . . . old-fashioned . . . Really, we don't think it's corny to greet a customer with a friendly word and a smile and we especially don't think it wrong to help someone select the products they want or need, because, we think of ourselves as a Personal Pharmacy.

Back in the "good-old-days" the drug store was considered a friendly place to shop for health needs and other necessities. At our Pharmacy we feel that this old tradition has not passed by the way-side but is even more prevalent today.

We at BIRCHWAY DRUGS may be "old fashioned" in service and friendliness, but you will find that we are always as up-to-date as today in filling your prescriptions and tending to your needs as a customer. Why not give us a chance to prove these words by bringing us your next prescription.

Christmas Seal Week

Niles Mayor Nicholas Blase has proclaimed the week of Sunday, Nov. 30 thru Saturday, Dec. 5, as Christmas Seal Week in the village.

He was joined by Charles L. Barbaglia, Niles Seal chairman, in urging Niles residents to contribute generously to the Christmas Seal appeal of The Tuberculosis Institute of Chicago and Cook County.

Barbaglia, who is also vice-president of the Bank of Niles, stated "Christmas Seal dollars will be used to support and expand The Tuberculosis Institute's programs of public and professional education, finding unknown cases of TB and other respiratory diseases, as well as combatting air pollution and

smoking. Mayor Blase, in his proclamation, noted tuberculosis and other respiratory diseases continue to present a major health problem in Niles and other suburban communities, respiratory disease such as emphysema and chronic bronchitis are today increasing and there is growing evidence linking air pollution with lung diseases.

He asked residents of Niles "to stick together and help support one of our community's most worthy causes."

The Seal campaign, which opened in Chicago and suburban Cook County on Nov. 10, will run thru Dec. with a goal of \$1.1 million.

Elisa Bialk Speaks at Ballard School

Elisa Bialk, author of many popular children's books, was a guest speaker at Ballard school, East Maine School District #63, on Nov. 16. She is the author of the children's character "Tizz" a horse, and his many adventures in the "Tizz" series of 12 books.

Miss Bialk's presentation to the boys and girls of Ballard school dealt with how authors write a book and the research necessary to develop a story. In addition, she told the students how her career as a writer began with the encouragement of her daughters who wanted to read children's stories while they were in elementary school.

The author's enthusiastic and inspirational talk to the children encouraged the boys and girls to develop a love for reading. She said, "Books are very important in spite of everything that tries to claim your attention these days. TV is entertaining, records are entertaining, but I think you'll find there is more satisfaction in reading a book you enjoy than in anything else. There is a feeling you have made a friend, and what's more you can go back and find that friend through a book again and again. When you learn to enjoy reading, you need never be lonely because you might not always be able to find a companion, but you can always find a good book to read."

Besides her presentation, the students were introduced to Miss Bialk's book character "Tizz" in a skit pertaining to a newspaper interview. Dressed

in an elaborate horse costume were Joe Haus and Jay Warsaw of Ballard School, who played "Tizz". This activity and the question and answer period that followed held the student's attention. Miss Bialk gave the 2 boys personally autographed books for their participation.

This interesting and informative presentation was made available through the efforts of Mrs. Beth Kon of the Volunteer Bureau. Anyone interested in sharing his knowledge and skills with children and would like to participate as a volunteer, please contact Mrs. Ruth Conard, Registrar of the Volunteer Bureau, at 824-1102, ext. 214.

Legion Selling Christmas Trees

The Morton Grove Post #134 of the American Legion is once again selling Christmas trees in their parking lot at 6140 Dempster. The drive as in the past benefits the Gifts for the Hospitalized Veterans program. Show a veteran your care and help the Legion as well as adding Christmas decorations to your home or office. This program of the American Legion guarantees that every hospitalized veteran will receive a gift on Christmas.

Scotch pine and balsams will be available in all sizes and shapes. Prices are from \$4 up. The lot will be open every night until 9.

Maine East Principal Honored

John J. Clouser, popular principal at Maine Township high school East, has recently been cited in two of the nation's leading biographical references—the 1969 edition of Illinois Lives - The Aristocracy of Achievement, published by the Historical Record Association and the 1970 edition of Who's Who in the Midwest, an extension of Who's Who in America and a component volume of the Marquis Biographical Library.

Inclusion in Illinois Lives requires that individuals be "contemporary leaders." Editors of Who's Who base their selection of individuals on one principal "reference value." An individual's desire to be listed is not sufficient reason for inclusion in either volume; instead it is the individual's demonstrated merit that determines inclusion.

Clouser, a native of Pennsylvania, holds the Bachelor of Arts degree from Illinois College of Jacksonville, the Master of Arts degree from Northwestern university, and is presently engaged in graduate work

at Northern Illinois university. Prior to becoming an educational administrator for District 207, Clouser attained the rank of First Lieutenant having served in World War II and in the Korean Conflict. He was decorated with the Silver Star, Bronze Star and the Purple Heart.

The distinguished administrator began his educational career as a teacher, moving to the position of Dean, then to Assistant Principal. He is presently officiating as Principal of Maine Township high school East in Park Ridge. Clouser resides in Des Plaines with his wife, the former Helen Wills of Rapid River, Mich.

Teaching

Illinois State university announced recently that 405 students in professional education are beginning their teaching internships in more than 275 schools throughout Illinois. Included is: Joyce Marmillion, 8246 Octavia, Niles, teaching elementary education in Jackson school, LaSalle.

Prevent Frozen Water

The Niles Public Works announced that residents should take precautions so the water in their pipes does not freeze when the temperature drops below zero. The slightest draft from an open window or doorway may cause water to freeze in pipes in walls. All cracks should be repaired. Ventilators from crawl spaces should be closed. If you have had water freeze in the past, it would be beneficial if you wrapped the exposed water pipes.

Property owners should also remove, drain and store hoses, Sill or hose cocks should be

shut off from inside the house and then the outside faucet should be opened in order to drain the water off to prevent any pipe from rupturing.

No Holiday Pick Up

Due to the Christmas and New Years holidays on Friday, Dec. 25 and Jan. 1, there will not be a bulky rubbish pick up either date. Regular scheduled pickups will be made on Dec. 11 and Dec. 18. The next scheduled pick up for Zone 1, East of Olcott (7499) north of Oakton st. and all streets south of Oakton st. will be on Jan. 15; and Zone 2 - Olcott ave. north of Oakton st. west of Olcott, picked up on Jan. 8.

For the pick up, residents must call 647-8565 before Friday and specify what items are to be pick up. Building and remodeling materials are not included in the pick up. Tree branches must be cut in 5 feet lengths. All articles must be at the curb by 6 a.m.

Lutheran Church of the Resurrection

Women and guests of Lutheran Church of the Resurrection, 8450 N. Shermer rd., Niles, will begin the Advent season by sharing in "An Old-Fashioned Prelude to Christmas." This program of music, fellowship, and reminiscing of childhood Christmases is sponsored by the Women's Guild and will be held tonight at 8 p.m. The evening is planned to help bring the true "spirit" of Christ back into Christmas.

Glenview Community

Mrs. Gerda Flanigan, co-founder of "The Looking Glass" will speak before the Spares meeting Dec. 13, 7:30 p.m. at Glenview Community church, 1000 Elm, Glenview. Her subject is "Runaway Kids and Drugs."

The Spares is a non-sectarian, non-profit organization for widowed, divorced, legally separated and single people sponsored by the Glenbrook Ministerial Council.

St. Martha's Men's Club Meet Sunday

This Sunday, Dec. 6 the St. Martha Men's Club will welcome the ladies for breakfast at their post-communion meeting. The men of the church traditionally receive holy communion at the 7:30 a.m. Mass. The breakfast of ham and eggs, rolls and coffee and juice will be served following the mass.

The Catholic Church's men's group usually receive communion in a body on the second Sunday of the month. However, this month, on Sunday, Dec. 13 St. Martha's will conclude their Golden Jubilee year and will celebrate with a special mass; therefore, the men's club have moved up their communion mass and breakfast meeting for the wives.

The public is cordially invited to hear this knowledgeable speaker and writer on ecology.

MG Women List Anti-Pollution Rules

The Morton Grove Woman's club Environment committee was formed over eight months ago to act as a monthly teacher in on what's going on and who's doing what to whom (pollution-wise). At one of their past meetings, the committee suggested the following 10 points for its club members, and for anybody else who cares:

1. Buy cleaning and laundry products with no or low phosphate content. This is to create a warming reaction by removing the green from the money belt of the manufacturer, thereby causing him to sweat in his whiter-than-white shirt.

2. No deposit bottles and cans are a no-no. Did you know it costs the State 63¢ per person to pick up litter? The manufacturer is turning you into his garbage collector. If you like this occupation, be his guest.

3. Start cutting down on your plastic and foil buying. It is not necessary to enshrine all our garbage. Plastics and foil are not biodegradable, like people and other plant life. Recycle and re-use.

4. Lower your electric bill. Two TV's on at the same time, really!

5. Consider water your most precious commodity. Don't leave it running indiscriminately. Did you know that 40% of the water you use at home goes through the john? See how much you can lower your water bill by placing two regular (no pun intended) bricks in the flush tank.

6. Keep your car in good condition, use lead-free gas, and bike or walk when possible. Makes for great legs -- or ankles if you're a mild wearer.

7. Check your garden supplies for any products that contain DDT (which is now outlawed). Wrap securely, and label and place in your garbage can. Do not throw down drain! Keep up with all the other pesticides, herbicides, insecticides. Don't buy those under suspect by the Government.

8. Avoid, if you can, the purchase of any product that's over-packaged. At times the wrappings weigh more than the product. We don't need everything in an aerosole can.

9. Buy only white paper products. It won't ruin your decor. Paper mills like to build their factories by the rippling streams and lakes so they can

use all that pretty water. Dyes are just one more pollutant that's added.

10. Keep yourself informed. Plenty of information in booklets and newspapers. Become a caretaker of the Earth and convert one other person to that purpose.

In 70 years of life the average American uses 26 million gallons of water, 21,000 gallons of gasoline, 10,000 pounds of meat, 28,000 pounds of milk, \$8,000 worth of school buildings, \$6,000 of clothing and \$7,000 of furniture. The U.S. also produces 50% of the world's industrial pollution.

We've been playing take and keep, and it's time we realized the odds are now running against us. Remember, Earth is the only game in town.

Village Board Supports Constitution

At its Nov. 24 meeting, the Niles Village Board voted to lend its support to passage of the proposed Illinois Constitution. The referendum will be held on Tuesday, Dec. 15.

Signing of the Board's resolution is Mayor Nicholas B. Blase while Village Clerk Frank C. Wagner, Jr., Mrs. John Adams, President, and Mrs. Kurt Keller, Constitution Chairman of the League of Women Voters of Morton Grove-Niles look on.

"The 1970 Illinois Constitution will enable

municipalities, school, park, and other local government districts to contract for services jointly, eliminating duplication, at a savings to the taxpayer. It will allow local government to handle problems locally while providing safeguards against abuse of this power," stated Mrs. Keller. "We are delighted that the Village of Niles is joining the growing list of organizations supporting this proposition."

Information on the proposed Constitution may be obtained by calling Mrs. Keller at 272-5813.

Elementary Niles PTA's Meet Dec. 8

The Niles Elementary school North and South PTA will meet on Tuesday, Dec. 8, at South school - 6935 Touhy ave. at 7:30 p.m. Our theme, the World Around Us, continues when presenting the students of South School in a delightful program of music, song and drama under the direction of Miss Engel, Mr. Snurpus and Miss Kruschke.

Come early and browse thru the Book Fair and the Boutique Table. Refreshments will be served by fifth grade room representatives: Mrs. A. Karlove, Mrs. J. Noffz, Mrs. D. Kanter, Mrs. J. Bailey, Mrs. E. Bergstrom, Mrs. F. Wurzbacher, Mrs. G. King, Mrs. W. Brunner and kindergarten room representatives: Mrs. G. Berger, Mrs. D. Hill, Mrs. A. Zych, Mrs. W. Silverman, Mrs. P. Tarlow, Mrs. H. Danville and Mrs. N. Peterson.

Mobile County Office

Acting upon the request of many shopping center managers, the Mobile County Office of George W. Dunne, President of Cook County Board, will not be scheduled for visits to suburban areas during the month of December. The great number of Christmas shoppers and the presence of holiday decorations and displays makes it inconvenient for the shopping centers to set aside space for the Mobile Office in an accessible area.

If anyone has a request for or a complaint about county services during the month of December and finds it inconvenient to come downtown to the County Building, we suggest a telephone call to the County Building (321-6400).

The schedule of visits will be resumed in January, 1971, after the holidays.

Des Plaines Bank Christmas Club Offer

There is only a short time left to join First National Bank of Des Plaines' 1971 Christmas Club and receive five rolls of

colorful wrapping paper free of charge, announced Bruce T. McPhee, assistant vice president.

Members joining First National's Christmas Club will receive enough Christmas wrapping paper to decorate 50 square feet of gifts. Christmas Club members may save every other week in amounts that include \$1, \$2, \$4, \$10 and \$20. This adds up to between \$25

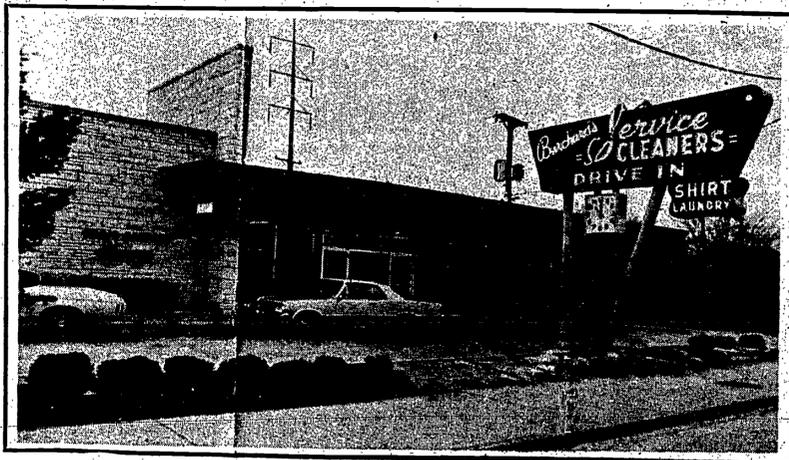

and \$500 in time for next year's Christmas shopping.

"To join the club," McPhee added, "you merely stop by one of our personal teller windows and fill out a membership card. We'll supply the coupon book along with the five colorful rolls of Galaxy Gift Wraps. We can even deduct the amount you wish to save from your checking account every other week."

Illinois Constitution: 1970 - Suffrage, Environment and Amending Articles

This article will deal with the Suffrage, Environment and Amending Articles of the proposed Constitution. Of these 3 articles, only one is new. Article Eleven establishes as a public policy of the state and the duty of each person to provide and maintain a healthful environment.

The Environment Article gives individuals the right to go to court for relief from an unhealthy environment even if the General Assembly hasn't passed laws on the subject. Reasonable limits and regulations may be established by the General Assembly.

The new article on Suffrage and Elections establishes the right to vote by all citizens who have lived in the State 6 months, and subject to action by the General Assembly in their voting

district not to exceed 30 days. This replaces the present requirement of one year in the State, 90 days in the county and 30 days in the precinct (voting district). Lower requirements may be established for voting for president and vice-president. This means that if you move from county to county in Illinois you will not have to pass an election because you just happened to move at the wrong time, and new residents from other states will have a greater opportunity to cast their ballot for President and Vice-President. In addition, voting rights will be automatically restored to persons who have committed felonies when they have paid their debt to society. This is consistent with the policy established in the Bill of Rights making rehabilitation the goal of the Illinois penal system.

A new and probably the most important provision in this article, establishes a bipartisan State Board of Elections to bring enhanced and uniform election administration throughout the State. If either the separate submission is approved Dec. 15 or the existing federal legislation is upheld by the courts, the minimum voting age will be established at 18 years of age. If not, the present 21 year minimum will apply. And lastly, the Amending Process. The process for amending the Constitution has been eased somewhat. An amendment can pass by a 3/5ths vote of those voting on the issue instead of the present 2/3rds requirement or a majority voting in the election.

Recognizing the Convention method as the best way of keeping the State Charter up to date, the Convention has recommended that a call to convention be submitted to referendum each 20 years. It also lowers the number of legislators needed to propose a constitutional convention or an amendment from 2/3rds to a 3/5ths vote. In addition, the people may by petition (8% of the last vote for the candidate for Governor) and put on the ballot an amendment to the Legislative article only. The rationale is that the legislature may not wish to make needed changes in the Charter which will affect itself. The amendment article also has a method of handling amendments to the U. S. Constitution, something badly needed because the old Constitution did not contain any regulation telling us how to petition Congress for a federal Constitutional Convention or how to ratify an amendment to the U. S. Constitution.

LWV Supports Single Member District

The recent Illinois Constitutional Convention wisely left to the voters on Dec. 15 the decision on a change from multi-member legislative districts to single-member districts. The option was made available because the 166 Con Con delegates could not agree. Thus there is an opportunity on Dec. 15 to adopt an improved constitution and to decide for single-member districts.

Briefly, we are electing representatives three to district using the device of cumulative voting which gives each voter three votes to distribute among the candidates. This is supposed to give the minority an opportunity to elect a representative by "plumping" all their votes for one man. In fact, the candidates of the majority party usually are elected in the primary (a party election in which not everyone votes), and there is a free seat left to the minority. All the cumulative voting in the world can do no more than give the minority winner a larger vote total. If an independent were to file against both parties, he might benefit from getting his friends to save all three votes for him, but this is about the only situation in which the use of three votes means anything.

Some of those who have felt guilty about electing representatives in the primary and leaving no choice to those in the general election (over 50% of the districts in the Nov. 3 election) are offering to "improve" the situation by requiring the parties to nominate at least two persons. The majority does that now. This would simply conjure up a sacrificial member of the minority to give voters a theoretical choice of three out of four.

Only in "swing" districts where there is party balance would this scheme mean a thing - and it is already done in those districts. Now let's look at the single-member district. First, it is smaller in area and therefore more likely to have common interests and close concerns. It is easier for the representative to cover. He is more visible and more responsible to all elements. He cannot hide by being one in a three-man team. He must work for election or be in danger of losing to a vigorous campaigner. He has to talk about issues and face the people with facts. Even though a member of a majority, he gets no free ride to Springfield. Relax - and the people may just decide that party isn't everything and go for a candidate who works harder for the district. And the candidate of the minority HAS to work harder because there is no free seat for him either. He and his party must grow and move if they are to convince the voter to shift in their direction. The independent, too, has a chance in the smaller district, where he may be known for his excellent record in a responsible but local job. And he can run a campaign with lots of elbow grease and not much money - because the district isn't enormous, and he isn't running against three. Head-to-head confrontation based on ideas and issues - that's the way we want to see an election.

Advocates of multi-member districts will suggest that they protect the minority party by always giving that group representation. This doesn't always show up in the voting records. Sometimes a minority member becomes a pretty cozy member of the three-man team.

Constitution Information Service

Voters who may have questions or fears about the new proposed Constitution are encouraged to seek answers from responsible organizations who are equipped to give them factual information.

A Constitutional Call Service is available and you are invited to call any of the following numbers for information:

Constitution Campaign Office: 372-7910

LWV of Skokie: 674-5436
LWV of Des Plaines: 296-3853
LWV of MG-Niles: 272-5813

No use rocking the vote - he wants to keep that seat.

In the era of one-man, one-vote, it's hard to accept the thinking that the minority party, no matter how small, is entitled to a seat, or should be elected by as small as 8 to 15% of the vote. Better to have the needs of the district brought to the attention of the legislature through a strong representative who is known to the people and must make himself known to them in order to win election and reelection.

BAREFOOT in the PARLOR

Our grandmothers would never have done it, not with their drafty, poorly-heated houses, or maybe they would have thought it too daring. Let's face it, the new emancipated woman is going barefooted with increasing regularity, and with good reason, too. You're cooler, more comfortable and healthier, and you were built to go barefoot. Barefoot, (unless you're overweight) you'll cut down on backaches and headaches.

However, you'll have to be careful. Until you get used to it, watch out for hot liquids and booby traps such as toys and tacks. Aside from these hazards, you'll enjoy being barefoot. Your posture will improve, and you'll develop a flowing grace. One of the fringe-benefits of going barefoot is that it will force you to keep your feet looking their unconfined best.

Let's face it, if you're going to go barefoot in the house (as suggested in the above paragraphs) you should make sure your feet are eye-catchingly attractive. Maine East's "Messiah" Sunday Dec. 6

Michael Skarry

Peggy Smith

Maine Township High school East's 23rd annual performance of George F. Handel's Messiah will musically begin the Christmas season on Sunday, Dec. 6, at 3:30 p.m. in the school auditorium.

Theodore A. Vargas, chairman of East's Music department, will direct the 250 voice chorus through six major numbers for the ensemble, as well as the 50 member concert orchestra.

Soloists, who will sing a total of 16 recitatives and arias, are Carol Cornelson, contralto, Dennis Sinclair, tenor, Peggy Smith, soprano, and Michael Skarry, bass.

Contralto soloist, Miss Cornelson, is a resident of Park Ridge and a 1958 graduate of Maine East High school. A member of the Chicago Symphony Orchestra Professional Chorus, she has made numerous local oratorio appearances on radio and television. Miss Cornelson is a University of Illinois graduate having studied under Boris Goldovsky. She has taught music at the elementary and high school levels.

Mr. Sinclair, tenor soloist, was a 1969 finalist in the Metropolitan regional auditions. He studied music with Gerald Smith at Northwestern university and is presently studying with Thomas Peck. Appearances on TV's Artists Showcase and in numerous regional productions has kept the young artist busy. Operatic roles performed range from "Carmen's" Don Jose to Luigi in "Il Tabarro."

An instructor in piano and voice at Maine East, Peggy Smith's talents are well known by music students at the school. She has performed widely in nearly every form of musical expression including 15 leading ladies of the standard repertoire. Eight times she has had the distinction of appearing on Artists Showcase.

Mr. Skarry, bass soloist for

the concert, teaches voice at New Trier High school. He holds a master's degree from Northwestern in applied music and sang in his earlier years with dance bands. Mr. Skarry's operatic repertoire includes 23 roles in 18 operas ranging from "Don Giovanni" to "Madame Butterfly."

Admission is free at this traditionally full-house performance being accorded holders of Music Booster cards. A free-will offering will be taken at the intermission.

Mr. Vargas commented on the upcoming performance, "We are hoping for the best performance ever, even though there have been 22 preceding ones to top."

William Mitchell, manager of WMTB, reports that the school's radio station will broadcast the program at 88.5 on the FM dial beginning at 3:30 p.m.

S.A.L. Sunday Movies

The second in a series of movies sponsored by Morton Grove Squadron 134, Sons of American Legion will be held on Sunday, Dec. 6, 2 p.m. at the Post home, 6140 Dempster st.

"Red Nickles and His Five Pennies" starring Danny Kaye, will be the feature attraction. Prices will remain 25¢ for children 12 and under and 50¢ for all others. Proceeds will be donated to the "Gifts for Hospitalized Veterans" fund.

All community residents are invited to attend.

Legion Prize Winners

The Morton Grove Post #134 American Legion Rifle Squad held a most successful fish fry-turkey night recently; and this week Squad Commander Howard Karsten has issued a profound thank you to villagers for their attendance at the group's affair. This is the only fund raising event the Rifle Squad hold each year.

Karsten indicates the Friday turkey night found many participants taking home their Thanksgiving turkey. Their names are too numerous to mention.

However, Howie lists the four grand prize winners who had a choice of a \$100 savings bond or a portable TV. They were Michael Rodgers of Chicago, Zenon Turkist of Skokie, L. Carlino and Deno Zuccollo of Morton Grove.

The Rifle Squad is best known for their participation in parades both locally and for the Department of Illinois, of the American Legion; operating a booth at the Morton Grove Days carnival, posting colors at Legion meetings as well as other meetings, gatherings, dedications, etc. and generally promoting Americanism and Patriotism wherever possible.

Bruce Kennedy Memorial Dance

The Bruce Kennedy Memorial Dance sponsored by the Morton Grove Post #134 of the American Legion last Saturday evening was a big success. Shown above is Co-finance chairman of the individual committee Al Nehart, L., and David Kennedy, r. Mr. Kennedy is Bruce's father and he and his wife, who are both deaf as was Bruce, were very elated over the Legion's plans to donate financially to the Illinois School for the Deaf in Jacksonville.

It was this school Bruce attended at the time of the fatal fire in the Conrad Hilton Hotel where he and classmates were staying while on a senior outing to Chicago.

The highlight of the dance was the presentation as a surprise to the Kennedy's of a wheelchair for another son, Jimmie. Multiple handicapped, the cerebral palsy lad has been using a wheelchair from the M.G. Nurses Association.

Roland Dilg, president of the 1st National Bank of Morton Grove, is still accepting donations for this fund. The campaign will be conducted until the December meeting of Post #134 when dance proceeds and village contributions are presented to the Supt. of the Illinois School for the Deaf. Checks may be made payable to the Bruce Kennedy Memorial Fund and mailed to Dilg directly. This past week the House of Rattan, Mr. John O'Neill, Mr. and Mrs. Jack Rossmann and Meade Furniture all contributed to the special fund. Donations are tax deductible.

ND Films Distributed by NU

Films made by students of Notre Dame high school, Niles, are currently being distributed by the Northwestern University Film Library.

Two reels of twelve student films are available on a rental basis. The announcement of the new releases contained the following statement: "For many years Notre Dame high school has been in the forefront of the secondary-film-education movement. Its film appreciation course, required of all seniors, has served as a model. Under Northwestern alumnus David Coynik, Director of the Film Study program at the school, a course in film production was added to the curriculum two years ago. The films, selected from over 500, offer a unique opportunity to see some of the finest of recent high school films."

All of the films on the Northwestern Film Library release reels are winners of past Notre Dame Film Festivals and many of them are top award winners in the Columbia College Film Festival.

Maine North Fine Arts Booster Club

Interested parents and friends of students at the new Maine Township High School North, have organized a Fine Arts Boosters group. The purpose of the organization is to support students enrolled or interested in Music, Art, Drama, and Speech in all their endeavors and to award scholarships for further learning in any of these arts to deserving students. Meetings will be held the second Monday of every month at the new school, 9511 Harrison st., Des Plaines. The meetings will be at 8 p.m.

Officers are as follows: President: Tom and Marie Crites; Vice-President: Robert and Barbara Gorlek; Secretary: Paul and Lois Lechner and Treasurer: Harvey and Shirley Holmes.

"Though the school only opened on Nov. 30, the Music and Drama departments will present the Musical Hit, "She Loves Me", on the nights of Dec. 16, 17, 18, 19, and a matinee on Dec. 20. An Art Show will be held in conjunction with the Musical.

School Administrators Consider Adult Education

Adult education in Maine Township High school and Oakton Community college was discussed by the chief administrators of each institution. The meeting was initiated by Dr. Wesley F. Gibbs, superintendent of Niles Township High School, District 219 and was held in the conference room of Oakton Community college, Thursday, Nov. 19.

Participants in this initial meeting were Dr. Richard R. Short, superintendent of Maine District 207, Dr. William C. Koehnline, president of Oakton Community college and Dr. Wesley F. Gibbs. Also involved were Alex Krusel, Adult Education director of Maine Township; John Donohue, Dean of Students of Oakton Community college and Gladys Shute, Adult Education director of Niles Township.

The purpose of the meeting was to discuss approaches to the organization of adult education in the combined townships which make up the college district. Roles and responsibilities of the separate institutions were identified.

The participants agreed to form a committee to study the relationships for the future operation of adult education in the three institutions. The committee will be meeting several times during the current academic year. Members of the committee will be representatives of diverse community organizations. Findings of the committee will be submitted to the respective boards.

Dist 64 Bike Program

Almost 6,000 copies of the booklet, "Bicycle Rules of the Road," recently published by the Illinois Secretary of State's office, are being distributed to every pupil in the Dist. 64 schools from the first grade through grade eight, according to Dr. John Fletcher.

The booklets will be used as teaching tools in classrooms from second through sixth grade, he said. First graders will be introduced to the booklet and they will be used as reference books in the junior high schools.

District 64 has had a regular program of bicycle safety for many years and a faculty committee has been working this past summer to revise and update the curriculum.

Norbert's Grand Opening in Berkeley

Celebrities, klieg lights, colorful garlands and hourly drawings for valuable prizes will feature the Grand Opening of the third huge retail store of Norbert Pools, Leisure Recreation Equipment Centers to start Dec. 3, and all thru Dec. at 5525 St. Charles rd. in Berkeley, Ill.

Customers can choose from hundreds of permanent, non-shedding trees in Norbert's 3 stores, each one a striking fairland of colorful tree displays. Norbert's great stores combine over 37,000 sq. ft. of Christmas displays and are the only ones of their kind in the U.S.A.

Norbert executives have scoured the 4 corners of the earth to bring hundreds of unique decorations, miniature lights, garlands, musical figures, wreaths, incense, lighted figures, stockings and tree skirts, replacement bulbs, tree top ornaments and all kinds of elaborate tree trims for their tree customers.

The largest display of pool tables in the Midwest can also be found at Norbert's at special discount prices ranging from \$89.99 to \$2500.

Beginning in January, Norbert will also offer beautiful above-ground pools in many striking sizes, shapes and colors. These can be installed in

any adequate space and all equipment, materials and instructions for proper maintenance of the pool are also available. A special Christmas Gift Certificate will be issued to any family purchasing a pool for 1971 delivery, before Dec. 20, 1970.

Gaining fast in popularity and sales is Norbert's large selection of motorized Mini-Bikes, so attractive to the younger generation. All Norbert stores conduct a Mini-Bike Safety and Familiarization program to properly train youngsters in safe use of the bike. Graduates of this free course are awarded a colorful button, signifying their ability to handle these bikes properly, prior to using them.

Other Norbert Pool stores are located at 9141 N. Milwaukee ave. in Niles, and 6664 Barrington rd. in Hanover Park. Complete service and special discount prices are available in all 3 stores.

Lipschultz Named SRS. Commissioner

Eli Lipschultz

ND Fencers Face Gordon Tech

The Notre Dame Fencers faced their first state wide test of strength in the Gordon Tech, A.F.L.A. amateur individual meet. There were 96 fencers in all; 23 in the 13-14 age level, 49 in the 15-16 level, and 24 in the 17-18 level.

In the 17-18 level, Senior Captain, Paul Quinnif took 5th place, losing out to Asendio from Northwestern U.

N.D. captured a 1st and 3rd place for the second time this season. Four of the 13 finalists out of the field of 49

were N.D. fencers. In the direct elimination finals, Tom Alcock eliminated a teammate, John Stobart, who took 6th. Sam DeFiglio took 3rd and Tom Alcock took 1st. This is Tom's second 1st place trophy in 2 weeks. Tom now has a 40-12 record and might break 100 wins for the season yet.

The fencers in the area are preparing for the Notre Dame A.F.L.A. invitational tournament which should draw about 130 fencers this year, on Dec. 12.

C. C. Teams Have Good Season

The Niles West cross country teams had one of their most winning seasons in recent years. The varsity team, led by captain Craig Brooks, had a 13 and 10 won-lost record while the sophomore team, led by co-captains Steve Spector and Mark Leonida, posted a 13 and 3 won-lost record. The freshmen team, which was captained by Bill Gabriel, had a 12 and 3 won-lost record.

The Niles West Cross Country teams are coached by Pat Savage and Ron Campbell. Coach Savage claims that much credit to building winning teams goes to Coach Campbell. It should also be noted that the freshmen team was rated among the top ten in the State of Illinois.

On Wednesday, Nov. 4 the underclassmen were presented with their athletic awards at the annual award night sponsored by the Boosters club. Receiving minor letter awards were sophomores Steve Spector and Mark Leonida. Receiving sophomore awards were sophomores Ed Alswede, Steve Edmonds, Rick Fogel, George Kirby, and Keith Wells and freshmen Bruce Bondy, Bill Gabriel and Ernest Yoshino. Freshmen numerals were awarded to Paul Beisch, Bruce Conner, Scott Kollins, Dale Schultz, Alan Sherbin and Scott Spector. Certificates were awarded to Bryan Funst and John Hauseman.

On Nov. 12, the Varsity runners received their awards. Major letters were awarded to Captain Craig Brooks, senior Nick Martino, and juniors Dick Blumenthal, Phil Egebrecht, Al Elste, Scott Klumpner, and Jon Macnider. Joel Fish will be awarded a Minor N.

Brian Kelly USD Tackle

Brian Kelly, son of Mr. and Mrs. Edward Kelly, Niles, continues to sparkle at his defensive tackle position for the University of South Dakota Coyotes, coached by former Big Ten quarterback (Minn.) Joe Salem. Kelly realized a lineman's dream Saturday night when he romped 42 yards with an intercepted pass for a touchdown in the Coyotes 52-23 blitz over Augustana (S.D.).

Brian Kelly

The 226-pound mtor, who prepped at Notre Dame High school under coach Fran Willett, is in his second season as a regular at USD. South Dakota takes a 4-2-1 mark into their final three games (all on the road) against Drake, Morning-side and Weber State.

PARK DISTRICT NEWS

Lou Angotti to Speak Monday

Monday, Dec. 7, will be a very exciting day for boys interested in the ever-increasing popular sport of hockey. Lou Angotti, Black Hawk forward will be present as a special guest speaker at the Niles Park district's informative hockey event.

The program is being made possible thru the efforts of the Ned Singer Sport Shop. Movies will be shown, equipment will be explained and on display and any questions you may have regarding hockey will be answered.

Lou Angotti is well known by all Hawk fans as a great penalty killer. Being small in stature does not hamper his skating ability as he is an aggressive and fast skater. He will share his experiences with the audience as well as giving informative points to all the boys. Don't miss out. Plan to attend this gala event. It will be held at the Louis Schreiner gym, Grenman Hts. park, 8255 Okato at 6:45 p.m. For more information, call 967-6633.

Poster Painting Contest

The Niles Park District is sponsoring its Annual Christmas Poster Painting Contest. Boys and girls in the following 4 age categories are eligible to enter: grades 1 and 2, grades 3 and 4, grades 5 and 6 and grades 7 and 8.

Children can register and pick up the rules and paper at the Niles Park Recreation Center, 7877 Milwaukee ave., from now until Dec. 16, anytime from 9 until 5 p.m. The finished product must be returned to the Park office no later than Dec. 17 at 4 p.m.

The paintings will be judged and winners will be announced at the Christmas party Dec. 19, 1970, at the Grennan Hts. Annex building, where the winning paintings will be displayed. Four cash prizes will be awarded in each age category: First prize, \$5; Second prize, \$3; Third prize, \$2; and fourth prize, \$1.

Hockey Registration Ends Saturday

Registration will be accepted for the ice hockey program sponsored by the Niles Park district Amateur Hockey Assn., Inc., until Dec. 5. The boys will be divided into the following age brackets. Vacancies exist in each division:

- Squirts - Boys born in Jan. 1, 1960-1961
- Fee Wees - Boys born in 1958-1959
- Bantams - Boys born in 1956-1957
- Midgets - Boys born in 1954-1955
- Juveniles - Boys born in 1952-1953
- Senior Men's League

Each boy will be furnished with a jersey which will be the property of the boys at the end of the season. The balance of the equipment is purchased by the boy and must include the following: hockey skates, helmet and mouthpiece, hockey gloves, shin guards, elbow pads, hockey stick, and protective equipment. Goalie equipment will be provided by the Niles Park district.

Each boy selected for a team will play in every game. Winning is important but not the only goal. Boys selected for a team will be given instructions in the game of hockey and skating skills in the game, from their coach thru the season. Each boy will play a total of 18 games including play-offs. Most games will be played at the Flying Carpet.

The fee will be \$17 per season for Squirts, PeeWees, and Bantams and \$20 for Midgets and Juveniles which includes insurance, trophies and jerseys. Non-residents must pay a double fee. Register at the Niles Park district, 7877 Milwaukee ave. Don't delay - Register Now.

Golf-Maine

The next regular scheduled board meeting of the Board of Commissioners of the Golf Maine Park District will be called for Sunday, Dec. 6, at 7:30 p.m. at the park office at 9390 Dee rd., Des Plaines.

Winter Schedule

The Golf Maine Park District announces its new Winter program schedule which is now available at the Park office, 9390 Dee rd., Des Plaines. Being offered are such programs as Drawing and Painting, Crafts from Scraps, Modern Jazz, Ballet, Knitting, Crocheting, Judo, Evening sports, Basketball, Ladies Exercise, Hobbies and Wives Volleyball, Learn to Swim, and Special Saturday. Programs which are being offered for the first time this winter are Cheerleading-Pom Pom, Tumbling, and Child Care Clinic. There is something offered for everyone from Kindergarten thru adult, so if you would like further information, please contact the Park office by phone 297-3000, or drop in and pick up a brochure. We look forward to your participation in one of our many fine programs.

Holiday Events

The Golf Maine Park District has scheduled a series of excursions for children to various points of interest over the Holiday season. They will be on Tuesday, Dec. 22, Wednesday, Dec. 23, Monday, Dec. 28, Tuesday, Dec. 29 and Wednesday, Dec. 30. For the sports minded we have ice skating and roller skating. For the cultural minded, we have Christmas around the World at the Museum of Science and Industry, and for just plain fun we have the Schwinn Bicycle company tour and the Salerno Cookie tour. Information as to times, fees, etc. will be available at the Park office, 9390 Dee rd., Des Plaines on Dec. 5 Sign up early, as enrollment is limited. Programs are subject to change.

Large Turnout for Pre School Open House

Nearly 1,000 people turned out for the recent Family Day Open House held by the Morton Grove Park District Preschool recently. For two hours, fathers, mothers, brothers, sisters (and many grandparents) entered the world of the four-year-olds again and were introduced to how preschoolers work, play and learn in 1970 - a far cry from the way Preschoolers were treated when father was a child. After introducing their family to the teacher each child gave the family the "five dollar tour" and were seated at the small snack tables while the Preschoolers served the refreshments.

At present there are 13 classes enrolled in the Morton Grove Park District Preschool program. All members of the teaching staff are residents of Morton Grove: Mrs. Mary Ellen Baran, Mrs. Roberta Garfinkel, Mrs. Garnet Fleming and Mrs. Audrey Vishney, under the supervision of Mrs. Florence Moore.

TOUR PEOPLE WE SALUTE YOU! An Open Letter from A.F.S. Student

Loreley Vadell (L.), Maine East's A.F.S. student, points out to host sister Eileen Nosko where Montevideo, Uruguay is located. Loreley will live with the Nosko family in Niles until the end of June.

Maine Township High School East's American Field Service (A.F.S.) student this year is eighteen year old Loreley Vadell from Montevideo, Uruguay. For her 1970-71 school year, Loreley will be living with the family of Mr. and Mrs. John H. Nosko in Niles. After two months in a foreign country, she writes an open letter to the people of Maine Township.

I have been here two months so that I believe that my expectation has already been partially fulfilled. During this time you have asked me many questions about life in my country. From these questions I have the impression that you think life in Uruguay is much different than here. Before I came here, I had the same idea. But now, I can say that there are many differences but also many similarities.

Montevideo, the city where I live, has more than a million people and is a city comparable to Chicago for the large buildings. Montevideo stands beside the Rio de la Plata River so that the beaches cover long distances of the city. For this reason, one of the favorite summer pastimes is the beach, where the people have the opportunity to practice different sports like tennis, swimming, etc. But also it is very common to spend the weekend or part of the summer in small river and coastal towns to enjoy fishing or boating.

Baseball and football are not common sports in Uruguay. Instead of this, soccer is the most popular sport. The stadiums are very crowded during the soccer games, especially on Sundays, because this is the day that the people don't work and the only day that the students don't have classes. But Montevideo is also a cultural center and the theatres, cinemas, museums and libraries are visited frequently by many people.

Roads, railroads, and airlines are the principal ways for transportation in the country. But

the port situated in the bay of Montevideo permits the use of ships which come from all parts of the world. This is also another difference; the geography of the U.S. makes the airplanes more accessible than the ship.

Two of the things that I believe you are most interested in are the foods and the clothes. But before I speak about this, I want to tell you that our Indians were exterminated in the last century, so that most of the people have European ancestry, especially from Spain or Italy. For this reason, the similarities with you are very close.

In the cities, the controversy over long hair in boys and mini versus maxi is the same. In the country, there is a difference because the men who are working on the ranches wear the boots, hats, and loose trousers like the gaucho of the last century. The gaucho in Uruguay was the primitive man dedicated to the cattle and sheep industry.

With respect to the food, our favorite dish is the "asado con curo" (beef or pork which is cooked with the hide left on and takes many hours to barbecue), but meat is also very popular in other ways. The drink mate is the most typical thing that we can find, because this kind of tea is only known in South America.

The past time at home can be the radio, TV, or listening to records. One of the most similar things is the music and the TV shows. We have our own beat groups, but there are also very popular singers and groups from Europe and the United States. In 1965 we had the Beatles like now we know the Credence Clearwater Rev-

Notre Dame College Prep

Notre Dame has long had an enviable record of success on the part of their graduating classes. Over the years approximately 92% of the graduate of Notre Dame have gone on to colleges and many of them with scholarships.

This year 87 former Dons, more than 20% of the graduating class, are attending college on scholarships won while at Notre Dame.

Look at one example. Notre Dame high school has the second largest number of freshmen from a single school enrolled at the University of Notre Dame. N.D. graduates in their freshman year at the

university number 17 while the only school sending more sent 18 boys. The important factor however is the percentage of applicants who were accepted since it is a good gauge of college preparedness.

Twenty-six boys from N.D.H.S. applied and 81% were accepted. Only 67% of the applicants from the other school were accepted and only 41% of those who applied actually enrolled.

Notre Dame students get into the colleges for which they apply. The goal of Notre Dame continues to be that of providing the best possible education for its students.

Niles West Students Sponsor Auction '70

56,000 Chicago children need Day Care, most of them are under 6 years old. If Day Care is not provided these children are left to roam the alleys and streets along with the rats and garbage. Day Care is a facility which allows these children to receive supervision and the proper health needs they must have in order to grow up to be responsible citizens. At Day Care centers the children get the background they need in order to do well in school. Most authorities agree that the most important and influential years of a child's life are age 3-5. If the child is neglected during this crucial period he will be permanently affected for the rest of his life.

Where is Day Care when it is such a crying need? The answers are not simple but a combination of strict building codes and ridiculous requirements for staff members add to the problem. If Day Care is not provided for these children, in most cases they will grow up only to be caught in the vicious ghetto cycle. So what can we do as an individual to reach out and help these children who did not choose the life they will have to face if Day Care is not provided for them?

As a start we can help by coming to Auction '70 Day Care Dec. 17 and 18 at the Niles West auditorium (Oakton and Edens). Many interesting items will be auctioned off to raise money to sustain or start a Day Care Center. If we are going to help these children the auction will have to be a success and you can make it a success.

It is sponsored by Project '70, the group who coordinated the Skokte - Niles Hunger Hike last May 3. The money raised by the Hunger Hike did an immense amount of good for our hungry brothers and sisters. But now it is time to further our efforts in the fight against the biggest war of all time, poverty and hunger.

So lets make Auction '70 Day Care the biggest success possible. On Thursday, Dec. 17 it will be from 3:30 p.m. to 6 p.m. and on Friday, Dec. 18 it will be from 3:30 p.m. until 10 p.m. Hope to see you all there. For further information or to discuss it call 966-8237. Also call this number if you have something to donate.

Ceramic Class a Success

The Niles Park district conducted a 6-week course in Ceramics during October and November. Under the leadership of Mrs. Pearl Simonik, instructor, almost 30 women learned the art of the ever-increasingly popular activity of ceramics. Instruction was given primarily on an individual basis allowing the participants to choose and complete projects of their own

choice. A lovely variety of different projects were completed, many of a seasonal nature. Large Christmas trees studded with twinkling lights, gayly colored Santas, serving dishes, mugs, figurines and knick-knacks of all sorts were proudly displayed by the craftsmen on the last day of the class.

A second session of Ceramics will be held on Friday evenings from 7:30 to 9:30 p.m., beginning Jan. 22 and ending Feb. 26. Registration will be taken on registration day, Dec. 12, at the Niles Park Recreation center, 7877 Milwaukee ave. from 9 a.m. to 2 p.m. and on any week day until the beginning of the class. Beginners as well as advanced students may register since personal instruction is given. A fee of \$6 for residents and \$12 for non-residents is charged.

Don't delay - register now for this fun-filled creative class. For further information, call 967-6633.

Wilson Students Commemorate Thanksgiving

The true meaning of Thanksgiving was remembered at Woodrow Wilson school, District #63, on Nov. 25.

There seems today to be the tendency to forget why we celebrate Thanksgiving. This is not the case at Wilson school.

The kindergarten classes expressed their thankfulness for many things, especially their new found friends, by singing four songs of friendship.

Mrs. Wagner and Mrs. Miller's first and second level classes reminded us of the Indians' part in Thanksgiving with their songs and dance.

Dist. 63 Has Screening Vision and Hearing Tests

The nurses of School District #63 developed a team approach concept in conducting screening tests in vision and hearing.

Early discovery of children's hearing and vision problems is vitally important to the total educational well-being of the child.

Special commendation is given to all District #63 nurses: Marlan Canning, Ann Crudele, Maribel Liebfarth, Mildred Mayer, Elsie Minkus, Harriet Papp, and Joyce Sweeney, as well as to the PTA Health Committee members of each school.

Dist. 63 Fourth Educational Report

The Fourth of East Maine School District #63's educational reports was given Tuesday evening, Nov. 24, at its Board meeting.

Mr. Frank Dagne, Superintendent of Schools, introduced Miss Margaret While, District Science consultant, Miss While presented her Science report by explaining that, "Certain trends in elementary science have emerged in the past decade as a result of national curricula projects.

Individual members of the class. Continuing, Miss While stated, "Through the work of Project Interweave, Dist. #63 implemented many units from innovative science curriculum projects several years ago.

In her closing remarks of the report Miss While stated, "Throughout the District #63 science program, an effort is made to arouse in the child a curiosity about the world around him, and to develop the skills necessary for finding out about that world."

New Hynes Library Center

In a two-room space freed from classes because of the District 67 middle-school plan under which sixth grades are now at the junior high, a large library has been created at the Hynes School in Morton Grove.

All in all, the IRC has been in fine readiness for the school's observance of National Library Week, which is Nov. 15-21. IRC has its carrels ready for individual and concentrated study.

IRC is ready at all times for exposure of pupils to all its instructional resources (ready for the teachers, too).

Through in-service courses for teacher training, provided by the district, science has reflected contemporary concerns in areas of environmental education and drug abuse.

Participation in township, county and national science education organizations have helped keep the district informed of new programs, provided information about resources and promoted articulation through all levels of the child's educational experience.

Since students are participating in investigations, the teacher becomes a person who directs activities, observes children at work, diagnoses their difficulties and communicates with them.

Thanksgiving Festival at Nelson School

The boys and girls of Team Level I at Nelson school, District #63, attired in pupil made Pilgrim and Indian costumes, presented a program of songs about Thanksgiving culminating in a Thanksgiving Feast, on Nov. 24.

The event is an annual festival. Some children portrayed authentic Pilgrims such as William Brewster, Miles Standish and Priscilla Alden in typical Pilgrim costumes, while other children portrayed Indians who attended the first Thanksgiving.

The entire program was cooperatively planned by First Level teachers: Sandra Chast, Arlene Forman, Mrs. Barbara Poulash, Mrs. Florine Scanlan, Mrs. Karen Somlo, Mary Tito, music teacher, and student teacher Jerrolyn Gerber from Illinois Circle Campus.

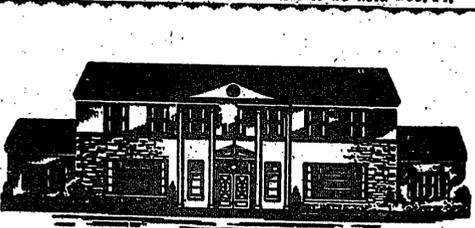

A special thank you is given to the parents of the participating children who helped make this a successful program.

Nelson Students UNICEF Drive A Success

School District #63 Nelson School pupils are jubilant over the results of their work for UNICEF during the Halloween collection drive.

The Student Council is now involved in a school clean-up and beautification project. Teams 5 and 6 are looking forward to the annual Holiday Social to be held Dec. 14.

IRC is ready at all times for introducing Hynes pupils to the methods of handling, storing and distributing printed materials.

Niles Rotary Aids Congolese Mission

A check in the amount of \$705, representing proceeds from the Niles Rotary Community Affairs Committee projects, is presented to Paul Brandel, second from r., in behalf of the Paul Carlson Foundation, by Tom Hassay, Rotary Vice-president and an executive at Warwick Electronics.

Funds were delivered to the Congolese Hospital Mission earlier this month by Brandel, an officer of the J. Emil Anderson Co. Niles.

Rotary Treasurer, Fred Neilson of Salerno-Megowen; and Secretary, Bob Augustyn, Teletype Corp., participated in the presentation ceremony.

Funds were raised during special Rotary Golf Project at Tam-O-Shanter Golf Club owned by Brandel's company.

The Niles Rotary Club meets Monday noon at the Leaning Tower YMCA, 6300 Touhy ave., Niles.

Vandalism in School District #63

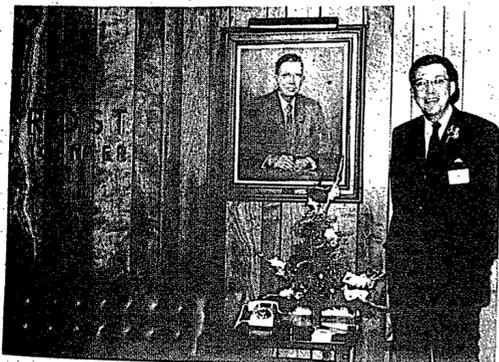

There is the tendency today for schools and other public property to be subjected to senseless and unnecessary amounts of vandalism. The faculty, staff, administration and Board of Education of East Maine School District 63 make a personal plea to the residents of our district to take positive action in curbing vandalism. The following suggestions are representative of others which may be undertaken by concerned citizens:

- 1) Be alert to unusual behavior on the part of persons around school areas.
2) Note presence of persons beyond 9 p.m. at school sites.
3) Report such activity to police.
4) Check on activity (it is your property).
The most recent vandalism, over Thanksgiving vacation, occurred at Nelson school. The loss incurred is shared by all who financially support our school system. The hard earned tax dollar that would be invested in quality education will have to be spent on repairs and replacement of educational materials.
Again, we urge all our citizens to be particularly on the alert to the destruction of public property.

Portrait Presented to Ralph Frost

Wilson Students Commemorate Thanksgiving

The true meaning of Thanksgiving was remembered at Woodrow Wilson school, District #63, on Nov. 25.

There seems today to be the tendency to forget why we celebrate Thanksgiving. This is not the case at Wilson school.

The kindergarten classes expressed their thankfulness for many things, especially their new found friends, by singing four songs of friendship.

Mrs. Wagner and Mrs. Miller's first and second level classes reminded us of the Indians' part in Thanksgiving with their songs and dance.

Dist. 63 Has Screening Vision and Hearing Tests

The nurses of School District #63 developed a team approach concept in conducting screening tests in vision and hearing.

Early discovery of children's hearing and vision problems is vitally important to the total educational well-being of the child.

Special commendation is given to all District #63 nurses: Marlan Canning, Ann Crudele, Maribel Liebforth, Mildred Mayer, Elsie Minkus, Harriet Papp, and Joyce Sweeney, as well as to the PTA Health Committee members of each school.

Dist. 63 Fourth Educational Report

The Fourth of East Maine School District #63's educational reports was given Tuesday evening, Nov. 24, at its Board meeting.

Mr. Frank Dagne, Superintendent of Schools, introduced Miss Margaret White, District Science consultant, Miss White began her Science report by explaining that "Certain trends in elementary science have emerged in the past decade as a result of national curricula projects.

Areas traditionally considered a part of science content such as flowers, birds, and rockets, are investigated by the child through participation in science processes. These processes of science include observing, measuring, classifying, communicating, experimenting, inferring, predicting and interpreting.

In her closing remarks of the report Miss White stated, "Throughout the District #63 science program, an effort is made to arouse in the child a curiosity about the world around him, and to develop the skills necessary for finding out about that world."

New Hynes Library Center

In a two-room space freed from classes because of the District 67 middle-school plan under which sixth grades are now at the junior high, a large library has been created at the Hynes School in Morton Grove.

All in all, the IRC has been in fine readiness for the school's observance of National Library Week, which is Nov. 15-21. IRC has its carrels ready for individual and concentrated study.

IRC is ready at all times for exposure of pupils to all its instructional resources (ready for the teachers, too).

Individual members of the class."

Continuing, Miss White stated, "Through the work of Project Interweave, Dist. #63 implemented many units from innovative science curriculum projects several years ago. The uniqueness of the District Science Program is that it lends itself to meet the individual needs of students and teachers.

An effort will be made in the coming months to evaluate our work and examine new materials so our schools can implement the most effective science program in the seventies."

"Through in-service courses for teacher training, provided by the district, science has reflected contemporary concerns in areas of environmental education and drug abuse. Units on these topics have been developed and implemented in the classroom."

In addition she commented, "Participation in township, county and national science education organizations have helped keep the district informed of new programs, provided information about resources and promoted articulation through all levels of the child's educational experience."

Thanksgiving Festival at Nelson School

The boys and girls of Team Level 1 at Nelson school, District #63, attired in pupil made Pilgrim and Indian costumes, presented a program of songs about Thanksgiving culminating in a Thanksgiving Feast, on Nov. 24.

The event is an annual festival. Some children portrayed authentic Pilgrims such as William Brewster, Miles Standish and Priscilla Alden in typical Pilgrim costumes, while other children portrayed Indians who attended the first Thanksgiving.

The entire program was cooperatively planned by First Level teachers: Sandra Chaet, Arlene Forman, Mrs. Barbara Polash, Mrs. Florine Scanlan, Mrs. Karen Somlo, Mary Tito, music teacher, and student teacher Jerrylyn Gerber from Illinois Circle Campus.

A special thank you is given to the parents of the participating children who helped make this a successful program.

Nelson Students UNICEF Drive A Success

School District #63 Nelson School pupils are jubilant over the results of their work for UNICEF during the Halloween collection drive. The Student Council project raised a grand total of \$550.15, doubling the results of last year's fund collection.

The Student Council is now involved in a school clean-up and beautification project. Teams 5 and 6 are looking forward to the annual Holiday Social to be held Dec. 14.

IRC is ready at all times for introducing Hynes pupils to the methods of handling, storing and distributing printed materials.

brandt said that on Monday, Dec. 14, we will host the Cook County Suburban Firemen's Meeting. Chief Glauner reported that the crossing guard at Melzer School has started to work. He also said that the signs have been posted at Capulina on School and Austin. Frank McTier reported that nearly 3,000 copies of the Historical Book of MG have been delivered and that there are about 4,500 still to be sent out. Ed Wilander told Mr. McTier to commend those who worked so hard to put this publication together.

The Zoning Ordinance has now been updated and the copies are available. All of this was done by the Village staff, thereby saving quite a bit of money. Herbert Houndt said that Supt. Fragassi was ill and unable to attend the meeting. He reported a re-occurring sewer problem on Waukegan Rd. south of Dempster caused by clogging. This has been corrected. The tree crew is pruning and shaping trees. A letter was sent to Fire Chief Chris Hildebrandt congratulating him and the Fire Dept. on winning a 2nd place, Class 3 award. A plaque will be sent. With fine recommendations from his chief and captain, Rudolph Malone is now a regular on the Fire Dept.

The First National Bank of Skokie has filed a complaint against the village for declaratory judgment regarding the zoning of the property on Austin and Lincoln. Cohen moved to have Atty. Nordberg prepare to defend and the board agreed.

According to Lt. Russell Beavers of the Niles police, the couple would enter a store, usually a women's apparel shop, and purchase about \$50 worth of clothing which they would pay for by check. The next day one of them would return with the clothing and ask for a cash refund before the check cleared the bank.

The Schwabs had opened checking accounts in several banks to obtain check blanks, Beavers said.

Northwest Symphony Concert Dec. 11

Members of the Northwest Symphony Orchestra will present a free public concert under the auspices of the Musician's Performance Trust Fund of the American Federation of Musicians on Dec. 11 at 8 p.m. at the Lutheran Home and Service for the Aged, 800 W. Oakton in Arlington Heights.

Perry Crafton, Music Director of the Orchestra, and Carol Cornelsen, mezzo-soprano, will join forces in a rendition of excerpts from Georges Bizet's opera "Carmen". Mrs. Cornelsen, who resides in Park Ridge, has sung leading operatic roles and has performed in musical comedy. She is a member of the Chicago Symphony Chorus and has appeared on Artists Showcase television program and on the Chicago Symphony June Festival Series.

Also on the program will be Charles Cound's ballet music from "Faust" and a medley of Christmas songs. The Northwest Symphony cordially invites you and your family to attend.

It was sometime last year when we openly complained about Maine East's major sports teams losing consistently. Sports fans of the cross-country and wrestling teams were quick to remind us Maine East has been most successful in these sports.

Last Wednesday we watched Maine East's demons play a very good Evanston basketball team and Maine won the game by one point. If our education in the roundball sport is as good as we think it is we can report Maine East's basketball team

Finalize Plans

Con't. from Niles-E. Maine P. 1
according to Gerald Sullivan, Board president.

To purchase the golf course, the park district must pay a sum of \$1,330,000 to the Anderson Company plus any monies expended or advanced by the Anderson Company for the improvements and development of the course. The agreement provides that the Anderson company will advance the sum of \$175,000 for the purpose of rebuilding the course. Should the golf course prove financially unfavorable to operate or the park district would be unable to obtain sufficient funds to purchase the site, the golf course land would revert back to the Anderson Company to be used for other developments.

Park District officials plan to apply for a Federal Open Space Grant equal to 50% of the land value as an aid in acquiring the golf course during the period of the option. "The remaining funds required to purchase the site would have to come from either general obligation or revenue bonds," according to Jack Leske, park district Commissioner.

A special feature of the agreement states that the Anderson Company agrees that if the Park district decides to purchase the golf course prior to December, 1974, a cash gift of \$55,000 over a 10-year period will be made by the officers of the company. In addition, the Anderson Company has decided a 1-1/2 acre tract of land as a gift to the Niles Park district. The parcel of land is located immediately to the south of Howard street adjacent to the north branch of the Chicago river.

Plans call for constructing 4 new greens and 5 new tees, according to Walter Beusse, park Commissioner in charge of the course design. Work on the project began on Oct. 20, 1970, with approximately 1/3 of the site work completed. Other requirements will be completed in early spring.

According to Mike Provenzano, commissioner in charge of public information, preliminary program plans are now under discussion. We are particularly interested in hearing from any local, commercial or industrial firms that would be interested in playing twilight golf leagues. They should contact the park office at 967-6633. "Final schedules and fees will be announced at a later date," he concluded.

In charge of the meeting are Mrs. Lynne Safran and Mrs. Joyce Victor.

should have a very successful season. They beat a very good Evanston team.

During the early part of any sports season it's often surprising to see how much a team improves during a 5 month period. But off last Wednesday's game Maine East rooters are in for a pleasant surprise all season long. They have a big front line which must average about 6' 5" and have 2 guards who know how to move the ball. The mark of a good basketball team is best shown with their work off the offensive backboards. In the Evanston game Maine consistently got that important 2nd and 3rd shot which indicates the blue and white may go far when next Spring's March Madness time comes around during playoff time.

New Maine Scholars Program

The Maine Scholars Program, a new policy for recognizing and honoring high academic achievement of Maine high school seniors at the time of graduation was approved by the District 207 Board of Education at its regular monthly meeting Monday evening, Nov. 16. Beginning with the class of 1971, students ranking in the top one percent of their class will be named Maine Scholars and at graduation will be appropriately recognized by the Board of Education.

Each Maine Scholar will be given a plaque in recognition of his academic accomplishments. The plaque will be presented to each Maine Scholar at the honors assembly at each school, along with a congratulatory letter signed by the president of the Board of Education, the Superintendent of Schools, and the school principal.

The distinction of being named a Maine Scholar, and an appropriate explanation of the honor, will be noted on the student's transcript. In addition, each Maine high school will maintain a prominently displayed wall plaque recognizing the students named each year as Maine Scholars.

Beginning with the graduating class of 1972, the selection of a valedictorian and salutatorian will be discontinued. Instead, will choose two students from the graduating class. However, will still have individuals designated valedictorian and salutatorian who will deliver the traditional commencement addresses.

The Maine Scholars will march in alphabetical order near the front of the commencement procession to permit special comment to be made at the time of the awarding of diplomas. E. Hoy McConnell, chairman

of the Board's Education Committee, in commenting on the new Maine Scholars Program, stated: "The naming of the top one percent of the graduating class in each high school as Maine Scholars broadens the motivation for academic excellence, and reduces the chance of eliminating a student from deserved recognition."

N-Club Presents BBF Check

On Friday Nov. 6, Niles West's N-Club presented a check for \$300 to William Hoffman, the director of contributions for the Better Boys foundation. This contribution was made possible because N-Club had saved this amount of money by not spending it on a large Homecoming float. The members felt rather than spending a large sum of money on an expensive float, which would be destroyed after it had been used once, the money could be put to better use helping the children of the inner city.

The Better Boys foundation is an organization based in the Lawndale area of Chicago's west side. It was originally established as an educational service for dropouts in 1961, but in two years time it had grown to include athletic programs for boys up to 16 years old as well. From an original budget of \$25,000, the foundation has grown to \$400,000. Since the BBF receives no assistance or subsidy from the Chicago Board of Education, the State of Illinois, or the federal government, it depends primarily on contributions from the public. Its only other source of revenues are the annual National Football League awards banquet and the Western Open golf tournament held in the Chicago area.
