 Summertime, and the livin' is easy

For the past 2 years we've written occasional columns on where to go, what to see, and where to chow down, in the Chicagoland area. They're sort of between the 'editor and his friends' columns.

While many people told us they went to a free rock musical on Lincoln Avenue, we mentioned 2 years ago, and several readers tried the rather expensive rooftop Friday night clambake atop the Executive House, we were hoping a few of the natives would feed-back reports on some of their favorite spots. Perhaps, this year we'll hear from more of you.

This is probably the best column in all Chicago recommending places, primarily because the editor is a real cheapsie. You can be sure if we recommend any activity you'll get your money's worth.

To begin with, if you enjoy eating out, a 75¢ investment in The Chicago Guide (the WFMT guide) will put you in touch with the best eateries in Chicago. It describes 194 restaurants in the area and their selections are excellent.

The restaurant which we might call 'the sleeper' in all Chicagoland, is only 10 minutes from your door. The Fleur De Lis, 2536 Peterson, is a continental restaurant of 1st quality. It serves 9 basic meats and fish with a variety of sauces with any of 10 unusual, frequently exciting saucy-garnishes; julienne of tongue, ham or mushrooms; or stewed apples, onions, cloves, cucumbers, tomatoes, mushrooms, etc. As in any good restaurant, the food is prepared carefully, and the service is excellent. It's a very small intimate place so reservations are probably needed on

TAM Golf Course to Open July 31st; Park Architect Dies

DEDICATE BALLARD PARK POOL JUNE 27

Niles second swimming pool, The Ballard Park pool, will be dedicated Sunday, June 27, with the opening slated the following day, it was announced at Tuesday night's park board meeting.

Local golfers will also be pleased to learn the long awaited TAM 9-hole golf course will be open the weekend of July 31, with no more than 60 players permitted to play daily.

Police said Sister Lucille was swimming at the Playdium, 1776 Glenview rd., Glenview, with several other nuns when one of them noticed her to be "kicking funny."

The unidentified nun told police she thought Sister Lucille was just "clowning around" and did not pay much attention.

Rev. Myles McDonnell, pastor of the Our Lady of Perpetual Help church, 1123 Church st., Glenview, said Sister Lucille may have suffered a heart attack while swimming in the pool, operated by the church. He said Sister Lucille lived in the convent at the church.

Police also speculated the nun might have suffered a cramp.

Goal for this year's Gala is the purchase of a mobile image intensifier. This equipment will be available to perform fluoroscopy and to take x-rays. The project was adopted on the recommendation of the Gala advisory committee of the medical staff.

Entertainment will include the Serendipity Singers, comedian C. Dink Freeman, the Jimmy Gross Banjo Band and Norm Krone's Orchestra. A social hour begins at 6:30 p.m. and dinner at 8 p.m.

Tickets for the benefit are \$30 and may be obtained from the hospital. Last year a capacity crowd of over 800 attended the event.

Is Your Car Only Half Safe?

You know where your car is, right?

Wrong. By the time you read this far, according to L. A. Taylor, Manager of Pinkerton's, Inc. Chicago office, another car has been stolen somewhere in the United States; it could have been yours.

According to research by the world's largest and oldest security organization, an automobile is stolen every 60 seconds of every day.

Last year, 871,000 cars disappeared - and this includes from parking lots, private homes, business establishments and garages.

Mr. Taylor reports that Pinkerton's Research Department finds that auto theft has increased 168 per cent in the past decade. Despite the use and purchase of expensive alarms and elaborate theft-preventing devices now being installed, one out of every 108 registered automobiles was reported stolen last year.

It is true that some 85 per cent of the cars stolen are recovered, Mr. Taylor says. However, he adds, many of these returned vehicles are so badly damaged or stripped that the owner faces a sizable repair bill. Pinkerton experience estimates the average repair cost at slightly over \$200.

Among the key precautions to reduce the risk of auto theft are:

LOCK CAR DOORS EVERY TIME THE CAR IS PARKED.
Professional car thieves try to be as inconspicuous and take as little time as possible when stealing a car. Although they are skilled at breaking into a locked car, the mere fact that it is locked slows down their actions and increases the chance of detection. Furthermore, a locked car will deter youngsters from taking the car on a joy ride. Because more than half of all car thefts take place in residential areas, car doors should be locked even when the car is parked outside a home or in a driveway.

TAKE KEYS WITH YOU.
It is estimated that about 40 per cent of stolen cars are left by owners with keys in the ignition. Whenever possible, take car keys with you.

PARK IN WELL-LIGHTED AREAS.
Certain parking lot sections are usually better lit than others. Since thieves prefer to work in darkness, parking in a brightly illuminated area will reduce the risk of car theft.

USE CAR TRUNKS.
Many thieves, attracted by packages or clothing left on the back seat of a car, will decide to steal the automobile once they have broken into it. Therefore, it is wise to stow attractive items such as golf clubs, a radio, camera or luggage in the trunk. In a station wagon, cover them with a blanket.

Tower Announces "Wait-A-Ways"

The Leaning Tower YMCA is offering an exercise class which is new to its service to the community. "Wait-A-Ways" is an exercise program for expectant mothers and will be conducted by a Registered Nurse, Mrs. Ingrid Waggoner. Exercise routines are designed especially for the expectant mother and will include exercises for breathing, relaxation, and toning.

All registrants must complete a medical card that states the individual has consulted her Doctor about participating in the class. "Wait-A-Ways" will meet mornings, twice a week for 45 minute sessions (10 week term). The Summer term will begin the week of June 28th.

Information regarding class schedule, fee and registration procedure may be obtained by calling 647-8222, Ext. 556 or at the Leaning Tower YMCA, 6300 W. Touhy Ave. Baby-sitting services are available during daytime classes.

Illinois Bell Begins Directory Distribution This Month

An artist's sketch of the enlarged Skokie Valley Community Hospital on the cover of the new directory serving Skokie, Lincolnwood, Morton Grove, and Niles is making its appearance in homes and businesses with the delivery of the directory which began June 8.

One of the greatest people and places finders, the telephone directory is also a do-it-yourself guide to community knowledge and ways to save money. The format of the book is the same as last year. The front white page section contains only local community listings, while the thicker white section at the back of the book is a regional directory.

Among the other facts and figures in the 1971 directory are post office information, public library hours and civic organization information. These can be found in the preliminary pages of the Yellow Page section. These preliminary pages also contain a map of the community and a list of zip codes in the state.

"An emergency number page with local listings for fire, and police, the FBI, and tornado warning agencies appears inside the front cover," said L. J. Hillinger, manager for Illinois Bell.

The local directory can even give you an idea of the location of the telephone number you are calling when answering a newspaper ad, or returning someone's call. On the inside back cover of the book the first 3 numbers (the prefix) of all telephone numbers in the 312 area code, and some prefixes located elsewhere in Illinois and parts of Indiana, are listed numerically, giving their primary location of service.

Persons distributing the new books will try to pick up the old book at the same time.

"Delivery of the directories is normally completed in two weeks," Hillinger said.

LETTERS to EDITOR

Take An Interest in Your Schools!!

To The Editor:

Ten million dollars is a lot of money. This amount will be spent over the next year on behalf of District 63 students attending elementary schools, high schools, and the community college.

In the last school elections, only a few more than 700 people voted, out of about 30,000 eligible voters in the district. More than \$13,000 will be spent for each vote cast. Or, to put it another way, if you voted, you voted for yourself and about 40 other people who did not.

Only five residents of District 63 offered themselves to the caucus as candidates for membership on any of the three boards. It is unusual when more than 50 people attend a District 63 board meeting, and attendance at meeting of the boards of District 207 (Maine Township High Schools) and District 535 (Oakton Community College, serving both Maine and Niles townships) is usually even less than that at East Maine meetings.

In our rapidly changing world, it is imperative that our children be given the best educational opportunities we can give to them, and in these times of an uncertain and inflating economy, it is necessary that we do whatever we can to make sure we are getting the most for our tax dollar.

More people should attend board meetings. More people should be willing to offer themselves as candidates for board membership. And most important of all, many more people should be voting in school elections — and should be making an effort to be well-informed voters when they do go to vote. Without an alert public, our schools can (and sometimes do) fall into the hands of political cliques, groups with special financial or power interests, or self-seeking school administrators. When these things happen our children suffer, and we as taxpayers have wasted a lot of money.

We have one organization in the area that tries to combat public apathy toward the public schools — the District 63 Caucus. Its bylaws encourage

broad participation of local citizens, through election as delegates to represent many community organizations. Rather than playing a partisan political role or hand-picking a limited number of candidates, the caucus seeks to present to a large body of people all individuals who express any interest and demonstrate high qualifications for leadership.

In the coming year, the community will benefit if the District 63 Caucus continues to expand its membership, to inform its membership and the wider community, and to urge those who participate in caucus activities to become better informed on school problems by attending meetings of the various school boards.

"Shorty Show" Entertains

At the recent installation of new officers for St. Isaac Jogues Women's club, entertainment was provided by a local professional group known as "The Shorty Show." This excellent group appears at many clubs and organizations of different types and always tailors their repertory to suit the occasion. At installation meetings songs are chosen for each of the outgoing as well as for each of the incoming officers. Four of the ladies are members of St. Isaac Jogues Parish in Niles while the other two are past members of the parish.

Shown 1. to r. are: Mrs. Al Elschen, Mrs. Jack Duffy, Mrs. Robert Mazurk, Mrs. John Lagorio, and Director, Mrs. George Burlat. The accompanist (not shown) is Mrs. Herbert Engherg.

LWV Invites Interested Females

If you are female, over 18, and wish you could do something about governmental decisions which affect our country; and you wish you could be more informed about government in general; and you like discussing ideas with others; and you like the "relevant" type things the League of Women Voters are involved in; and you wish you knew more about the League; then keep reading because this invitation is for you!

You are cordially invited to a Summer Tea to hear more about the League of Women Voters of Morton Grove-Niles and whether or not the League "does your thing." You have two dates to choose from, Tuesday evening, June 22, at 8 p.m. at the air-conditioned home of Mrs. Marvin Gitter, 801 A National, Niles (966-1186) or Thursday afternoon, June 24 at 1:30 p.m. on the lovely patio of Mrs. Milton Langer, 7343 Lyons, Morton Grove (965-5420). Please dress comfortably.

The M.G.-Niles LWV has 95 members (about 1/3 from Niles); the dues are \$10 per year which includes well-written, informative publications on national, state, and local issues. The main purpose of the League of Women Voters is to promote political responsibility through informed and active participation of citizens in government. (e.g. comprehensive booklets on Morton Grove and Niles after thoroughly study-

ing the villages; fighting for Con Com; sponsoring Candidates Meetings; etc.)

Although the League never supports or opposes candidates or parties it does take positions on certain national, state, and local issues (e.g. Congress, Welfare, Village Manager, etc.) A position is reached after careful study and after membership consensus. The League's positions are, therefore, arrived at independently and bear no relation to the positions held by candidates or parties. The League supports measures, not men.

Another asset to League membership is its Voters Service. League women know where to vote, what the issues are, who is running, when is the election, and how to write their legislators. League Candidates Questionnaires help them decide who to vote for. (They're non-partisan of course!) The LWV has room for all kinds of women: old and young; Republican and Democrat; creative; social; brassy; talkative; no matter how broad or narrow your interests, they will expand in the League of Women Voters!

Please call the above-named hostesses, Mrs. Gitter and Mrs. Langer if you would like to attend one of the teas, or Mrs. Joseph Baum, President (965-4634) or Mrs. Robert Goldberg, Membership (823-5682) for further information. Yes, there's much to intrigue... in the League.

Two Teachers Retire At Maine East

From l. to r.: Nicholas P. Stumpf, Mrs. Stumpf; Mrs. Ellen Van Laningham; Marion Van Laningham. The retirees and their spouses pose at the head table at the Board of Education retirement reception.

Honored at a recent retirement reception at Maine Township High School East were two teachers who have taught a total of 88 years, 51 of which were in the service of Maine Township. Honored were Mrs. Ellen Van Laningham, English teacher at Maine East since 1944, and Mr. Nicholas P. Stumpf, Industrial Education teacher and special counselor since 1947. Mrs. Van Laningham, a native Iowa, graduated Summa Cum Laude from Yankton College, Yankton, South Dakota, in 1929

majoring in English, Speech and Latin. She began her teaching career in 1929 at Winner high school in South Dakota teaching English, Latin and journalism. Remaining in that position until 1938, Mrs. Van Laningham also worked on state curriculum committees and was instrumental in setting up a regional division of the state high school press association. She moved to Illinois in 1944 and began teaching English and journalism at Maine Township high school. In the summer of

1946 she edited, rewrote much of, and designed the format of the This is Maine student handbook which is still in use. During her tenure as advisor of the school newspaper, Maine East consistently received All-American ratings. When Maine South opened in 1964, she became teacher of English I Accelerated.

In 1953 Mrs. Van Laningham was elected to Iota Chapter of Delta Kappa Gamma Society and is a life member of the National Education Association and the Illinois Education Association. Plans for retirement call for an extended Guatemala-Mexico tour in the fall, working on the house ("I'm a great do-it-yourselfer"), and possible part-time work as a student-teacher supervisor.

Born in Lincoln, Illinois, and educated there, Mr. Stumpf pursued a course which would fit him to become a teacher of Industrial Arts in Woodworking. He attended Illinois State Normal University earning a diploma in 1925 as a teacher of Woodworking. His first position was teacher of Woodworking and U.S. History in Wheaton junior high school, Wheaton.

Mr. Stumpf returned to Lincoln, Illinois, in 1935 to teach in the junior high school. In 1941, he was employed by the Air Force to teach Aircraft Woodworking, a position he held for six years. After leaving the Air Force, he came to teach Woodworking in 1947 at Maine Township high school.

Mr. Stumpf has given freely of his time and energy to the teaching profession. He offered for 10 years a course in the use of power tools and home-mainten-

Speaks on Drug Abuse

A former hard core drug addict, Sue Drips, spoke to Maine North health classes and faculty members recently. Miss Drips had been an addict for nine years and started using drugs at the age of 12. Miss Drips described her experiences and the difficulties of over coming the drug habit. Lucy Hayward, Maine North's social worker, said, "Miss Drips was so honest about her former problem. She leveled with the students and gave them a grim picture of drug abuse." Mrs. Hayward contacted Miss Drips to speak at Maine North. "Miss Drips spoke seven times at North and one student came four times. He was really getting something out of it," Mrs. Hayward said.

tenance, a free service to the community, winning national recognition for his educational program for safety in do-it-yourself activities. His masters theses at Northwestern University pioneered in the field of do-it-yourself safety.

Mr. Stumpf was elected to the American Society of Safety Engineers in 1956. In 1957 his name was entered in the pages of Who's Who in American Education, and in the same year he was given the Laureate Citation invited to participate in Presidential Conferences, twice invited by President Eisenhower, once by President Kennedy and once by President Johnson, Mr.

Stumpf was given the Outstanding Teacher award in 1962 from the Metropolitan Roundtable and was recently presented with the Illinois Industrial Education Association's highest award, the Award of Recognition.

In 1962 Mr. Stumpf left the woodshop to become a counselor and he remains in the national limelight from his successful work in guidance in the area of school dropouts.

Mr. Stumpf plans to continue his writing in his retirement. One project of which he is most fond is the promotion of the Illinois Eye Bank. He hopes to "sign-up" as many donors as he possibly can in his retirement.

Dist. #63 Summer Schedule

The first day of School District 64's six-week Summer School session is set for Monday, June 21. Classes will begin at 8:30 a.m. in the six attendance centers and will be dismissed at noon. Bus transportation is available and the schedule will be published in next week's newspaper.

A record-breaking 2,140 boys and girls from the public and non-public schools in District 64 have enrolled in the summer session, according to Norman Duncan, Summer School Director.

"Our enrollment is more than three times as large as we have ever experienced," he said. "Community response to our new tuition-free Summer School has been overwhelming. As a result, we are experiencing some problems in scheduling some of the upper grade centers. Because of conflicts, some children will not be able to be assigned to classes for which they enrolled. However, most of the pupils affected have been contacted."

This is the first time that District 64 has operated a tuition-free Summer School. The school district will be reimbursed by the state for the operation of the program. Reimbursement will be based on average daily attendance.

"It is essential that children maintain good attendance during the summer school sessions," Duncan emphasized. "Our state reimbursement is dependent on this good attendance. I'm sure everyone is well aware of the financial plight of our school district. This Summer School

is being paid for exclusively with the state reimbursement and the \$3,000 materials fee which each pupil had paid. If attendance is below normal, the school district will be forced to make up the difference. And that is something it cannot afford."

Summer School will be held daily, Monday through Friday, from June 21 through July 30. Monday, July 5, will be a holiday. A full day session will be held on Thursday, July 29.

Attendance at the six Summer School Centers is based on the school attended during the regular school year:

Children in grades 1-4, living in area of Edison, Merrill, Roosevelt, will attend Roosevelt school, 1001 S. Fairview, Park Ridge; Children in grades 1-4, living in area of Washington, Madison, Carpenter, will attend Carpenter school, 300 N. Hamlin, Park Ridge; Children in grades 1-4, living in area of Franklin, Oakton, will attend Franklin school, 2401 Manor Ln., Park Ridge; Children in grades 1-4, living in area of Jefferson, Field, will attend Field school, 707 N. Wisner, Park Ridge; Children in grades 5-7, living in area of Lincoln Junior High, will attend Lincoln Junior High, 200 S. Lincoln, Park Ridge; Children in grades 5-7, living in area of Emerson Junior High, will attend Emerson Junior High, 8101 N. Cumberland, Niles.

Parochial and private school children who are enrolled in the Summer School will attend the center serving the public school attendance area where they live.

Pirates	3-3-0
Braves	3-3-0
Giants	3-4-0
Dodgers	2-4-1
Cardinals	2-3-0
Redlegs	1-5-0
Mets	1-5-0

Only 3 games separated the first 7 teams as a result of action this week in the Niles Little League National Division. Both the Colts and the Astros dropped their first games, and the Astros were held to a tie as well.

The fast improving Braves hung the first loss on the Colts by overcoming a 7 run deficit in the first inning and going on to a 14 to 11 win. "Pickle" Boss settled down after the rocky 1st inning to pick up the win. Boss also contributed a homer and double to his own cause.

The Astros were dropped by the Pirates as Steve Danielak and Larry Bender combined to spin a 6-hitter. Bob Miller, with a home run and 2-bagger, and Howie Greenberg with a homer led the Pirates attack as they won handily, 10 to 2.

Meanwhile, the Phillies blew a chance to move into the top spot when they were edged by the hard-hitting Giants, 8 to 5. The Giants scored all 8 runs in the 3rd inning and overcame a 5-0 Phillies lead. Tom Seneger shut out the Phillies over the final 3 frames to get the save. Gary Amato picked up the win.

OTHER GAMES:

Cubs 10, Dodgers 1. Joe Marino and Dale Duda combined to limit the Dodgers to only 3 hits and were backed by several fielding gems. The Cubs pounded out 9 hits, but were not hitting for distance. The only extra base hit was Jeff Patton's 2-bagger.

Astros 8, Cardinals 1. Brilliant hurling by Bob Fergus, Pat Donahue and Ken Jensen limited the Cards to only 1 hit as the Astros picked up their 5th straight victory. Dave Styracula banged out 3 straight hits and Ken Jensen blasted a homer.

Redlegs 7, Pirates 2. The Pirates, possibly looking ahead to their tough game with the Astros, were able to knock Tom Jankowski, Jeff Johnson and Mark Harrison for only 2 hits. Meanwhile, the Redlegs, thirsting for their 1st win, had their hitting clothes on as Larry Roberts and Ted Broten had 3 apiece, and Jeff Johnson and Kennedy had 2 each.

Phillies 17, Mets 8. A real slugfest as the Phillies rallied from a 6 run deficit to "edge" the Mets. Allegretti and Jacobs were the big guns with 3 hits each.

Dodgers 9, Giants 2. The Giants jumped off to a 2-0 lead but were never in the game after that as Daddano and Shemroske blanked them over the final 5 frames on a yield of just 4 hits. Jerry Coteus led the Dodgers attack with 4 straight hits, including a 2-bagger.

Colts 15, Cubs 11. Down 10 to 7 going into the 5th, it looked like the Colts would suffer their 2nd straight loss. But, a 3-run homer by Dave Franks turned the tide as the Colts put across 4 runs in the 5th and added another 4 in the 6th.

The White Sox pitchers Gumbiner, Rosch, and Danna plus good team hitting gave them the win over the Athletics 12 to 5.

The Yankees defeated the Dodgers 12 to 6. The fine pitching of Reeve, Donash, and Mendrals held the Dodgers to 8 hits. Ed Mendrals had three hits including a home run.

Wildness and poor fielding caused the Angels to lose 10-6 to the Orioles. Larry Jerosowski had a good night at the plate.

McCarthy and Schmid combined to limit the Athletics to one hit. Expos banged out 11 hits including 4 doubles and a triple. Final score Expos 7, Athletics 3.

Yankees started out with a 4 to 0 lead on a big hit by Ron Reeve. Excellent pitching performance by Mark Donash and Ken Callahan. But the Braves fought back hard and tied the score in the bottom of the 7th inning. Great game by both teams.

Dave Klenske pitched 4 strong innings in a winning effort for the Angels 8 - 7 over the Cardinals. Tom Galassini led the team in hitting with 3 hits including a home run. Dave Lundius also had 2 hits.

The Cubs are still steam rolling over their foes beating the Mets 6 to 4. Cubs pitchers Blahnik, Callero, and Krusen matched Mets Elatkin, Schauderna, and Jacobs for mound excellence.

Craigle, a native of Indianapolis, studied art at Indiana Central college and Indiana university. His art expressions have included oils, watercolors, and pastels, in subjects ranging from seascapes to portraits. It is this media which he will exhibit from noon to dusk at the two-day fair located in the Edens Plaza parking lot along Skokie Blvd. and Lake ave., just east of Edens Expressway, Saturday and Sunday, June 26 and 27.

Park Board Vacancy

The Golf-Maine Park District Board of Commissioners will have a vacancy as of July 31, when Donald Ross, a member of the Board since February, 1968 and President of the Board for the past two years moves out of the District.

Ross, who served as President during a period which saw many changes in the District and much controversy, outlined his thoughts as he prepares to leave. "As I look back on the past three and one half years I find much that is gratifying. Two applications for Federal Funds, providing more than \$250,000 have been successfully completed. The Katy and Western park site has been acquired, at no cost to the taxpayer other than for legal fees. The Recreation Program, has grown into an all-year, well rounded program administered by a full time Recreation Director professionally trained. The program continues to grow in terms of number and type of programs offered. The annexation of most, although not all of the revenue producing territory which was originally desired by the organizers of the District but could not be included at that time, has been accomplished. "The development of facilities as the People's Park, according to plans drawn after extensive public hearing two years ago, is virtually complete."

"Some of the things which have not been accomplished, which leave me with a great sense of loss, include the acquisition of additional parcels of the rapidly vanishing amount of open-space land within the District."

The Golf Maine Park District is organizing a Saturday Field Hockey program. Teams will be organized at the hockey clinic which will be held at the Mark Twain school on Saturday, June 19, Fourth and fifth graders are to meet from 9 to 10:30. Sixth through eighth graders are to meet from 10:45 to 12:15. High school students are to meet from 12:30 to 2. All would be participants must register for the program at the park office, 9229 Emerson St., Des Plaines, 297-3000. Fee is \$2 per person. The instructor and supervisor of the clinic will be John Trafficante, an ice hockey player and coach. Sign up to day and bring your friends!

All third through eighth graders are invited to participate in an organized summer sports program sponsored by the Golf Maine Park District. The program consists of instruction and games in ten diversified sports: softball, touch football, track and field, baseball, soccer, volleyball, tennis, etc. Teams will be formed with competition between sub-groups. "I am hopeful that the Board will have the backing of the people of the District, in action recently taken under new regulations for the granting of matching Federal funds. Effective July 1, the District qualifies for priority consideration by the government."

In regard to the present Recreation Program Ross stated, "as proud as I am of it, and of the ever growing number of participants, I feel that there are some segments of the total population that are not being provided with recreation. There is an increasing number of older people in the District, whom we do not seem to be attracting, and organized programs still do not attract a great number of teenagers. I hope that these people, and any others who feel that their needs are not being served by the program will make their desires known to the Board."

"I also hope that the Board of Commissioners will receive a flood of applications for the vacancy created by my leaving, so that they will have the broadest possible base to choose from."

With a vacancy on the Board, Illinois law provides that the remaining four Board members may elect a person to complete the balance of Ross' term. Anyone interested in being considered for the vacancy should contact the Golf Maine Park District Board in writing at 9229 Emerson St., Des Plaines, giving their name and address and a statement outlining their interest in serving as a Commissioner.

chatting with the young hockey enthusiasts and autographing photographs. The event was part of Golf Mill Chrysler's grand opening celebration, which includes the gift of a Weber covered barbecue kettle with the purchase of any new or used car.

Keefe Named VP of Employers Insurance

Robert E. Keefe of Niles has been elected Regional Vice President of the Chicago Region, Employers Insurance of Wausau, according to an announcement by Clyde F. A native of Boston, Mass., Keefe joined Employers Insurance of Wausau in 1952 as a safety consultant. He transferred into sales in 1955, was named field sales manager in 1957, and in 1960 became regional sales manager, the title he held until his recent promotion.

A 1941 graduate of DePaul Academy, Chicago, Keefe attended the Illinois Institute of Technology and also did additional work in business and in-

urance at Northwestern and Loyola universities. Prior to joining Employers Insurance of Wausau he had been a safety engineer with Indemnity Insurance of North America, and safety supervisor for Allied Chemical and Dye Corporation, both in Chicago.

Appointed Field Manager

Howell I. Jones

In making the announcement, Gabe Joseph, vice president for advertising-marketing of the Field newspapers, said that increases in Sun-Times and Daily News advertising volume made

it necessary to create this position.

"Howell Jones will direct a variety of important internal advertising department functions. He has contributed greatly to the department's operations for more than 30 years, and we feel that our advertising services will continue to expand and improve under his supervision," Joseph commented.

Jones will report to Charles D. Fegert, advertising manager for the two newspapers. Jones, 53, received a Marshall Field Award from the Field newspapers in 1967 for advertising skill and achievement.

He began his career in the business office of the Chicago Times (a forerunner of the Sun-Times) in 1936 at the age of 18. In 1941 he moved into the merchandising department of advertising.

After World War II service, he returned to the Times as a salesman in 1945 and became retail advertising service manager in 1948. In 1951 he became service manager for retail and national advertising. He has been administrative assistant to the vice president for advertising-marketing since 1958.

week-ends. It is a most unobtrusive storefront, which doesn't have any sign outside, so you'll probably have to leave your car, and walk the street, until you find it.

A charming luncheon spot for the ladies, or a late-evening stop-off on the near north side is the Magic Pan on Walton Street, east of Rush Street. Crepes are the name of the game there, and you can get these delicious small pancakes with chocolate or spinach or ham or in a variety of ways. It's a long narrow, delightful room, with the flaming pit at the far end of the room. It's not a guy's kind of eating, and it's a bit steep, pricey, but it's a most pleasant restaurant.

Out in the boonies in Melrose Park is Slicker Sam's, an old-beat-up, addition-added pizza place which is most unique. It's a paper-plate eatery where you can feast on all types of seafood. If they're your dishes you can order whole crab, snails, conch, calamari, shrimps, clams and oysters. If you've got an Italian taste their thick-crusty pizzas are tops, loaded with goodies, manicotti. Whole buttery artichokes are a specialty plus gnocchi, linguini with clam sauce, and great spaghetti. They'll only take reservations for large groups so you'll have to wait in line quite a while if you come in during the busy hours.

Radio listeners have probably heard Mal Bel-lairs was sweet sounds about White Fence Farm, south on Joliet Road, near Lisle. This has to be another best buy restaurant. For a \$2.95 fare you get marvelous fried chicken with orders of fritters. It's a lovely atmosphere nestled in the countryside, great for families, as well as for couples and foursomes.

Another close-in restaurant which is excellent, and very reasonable is Nick's La Cantina in Des Plaines. Most daily specialties are under \$2 and cannelloni, meat ravioli, veal parmigian with salad, pasta and bread for \$2.20, are among the favorites. Great for families and the price is right.

If you'd like something different a store-front restaurant, Oul Fondue, 2628 N. Broadway, serves

In other actions Tuesday night Oakton Community college's re-quest to use the Grennan Heights gym will be decided after park director Norman finds out the number of students involved, the schedule of classes and other pertinent matters. A \$7.50 rental per hour was discussed for the classes which would be used during the school year during the daytime until 2 p.m.

Approved the annual audit of the park books for \$1,666.66 annually for the next 3 years to Webster and Mc-Dermitt accounting firm.

Okayed Oakton Manor park use for their annual July 4 activities.

Free Season park to-kens will be issued to park commissioners families, and to ex-park commissioners, upon request. Employees of the park district will be required to pay for tokens.

Senior citizens (55 & over) will be able to use the pool free Thursdays from 1 p.m. to 5 p.m.

Park district wash-room facilities will be made available to off-hour activities (baseball leagues) with the as-signment of a person from the group to oversee the wash-rooms.

The Oakton Manor win-dows may be bricked up with only a small glass outlet at the very top of the window frame. Excessive glass breakage re-sulted in the need for correction.

Okayed the sending out of bids for a \$3,100 tractor and \$1,100 truck bed.

Okayed starting work on new parks. Phase 1 of the Kirk Lane Park will cost \$19,600, Betty-Chester Park, \$6,500 and the trailer Park, \$13,708.

3 kinds of fondue-meat, cheese and chocolate de-lightfully served. Five sauces, bearnaise, hot mustard-anchovie, cream curry, chutney and a changing house specialty are available for the lean tender beef. Strawberries, apple wedges, banana slices, marshmallows all come with chocolate fondue. Cubes of bread or ham may be dipped in the cheese pot. (Gruyere and Emmentaler laced with wine and kirsch.) It's small, the parking is bad, and it closed quite early the first time we were there.

The last two recommendations are quickest: 1. My Favorite Place in Highwood has great steaks, a cheese ravioli which is fabulous, and a torti-
lino soup which is interesting. Another unob-trusive restaurant without a sign, it's located on Highwood Avenue, just across the tracks. Our other quickie restaurant is in Harper Court which has a \$3 Sunday brunch which is tremendous. Located at 53rd and Harper it serves mountains of fresh orange juice, which you squeeze your-self, and has Quiche Lorraine, a drooling dish, which is a gourmet's delight. Loads of fresh fish, fresh melons, ham, bacon, beef, lox and cream cheese, are only the beginnings of its selection. The fare is a bit steep, but the food is superb, and even if you eat at 11 A.M. when it opens, we'll guarantee you won't be seeking more food until late in the evening.

Trailers . . . Restaurant owner Ron Friedman (Booby) has been in Skokie Valley Hospital the past week and a note from his many friends would be welcome.

Niles Chamber of Commerce's annual fourth of July fireworks display will once again take place at Tam O'Shanter. While the exciting display is free, as always, anyone wishing to donate should send money to Lorraine Wordel, % Bank of Niles. The Chamber needs the money this year, and without it, future such events may be canceled. Those who've enjoyed the many years' exhibitions might show their appreciation by send-ing a bob or two to the Chamber.
