"A little toot on the tooter, Tommy" was a bit of nostalgia which could be heard on Uncle Ezra's little 5-watt radio station in make-believe land back in the 30's and 40's.

But a loud toot on our Bugle in the 70's in real life Nilesland should blast the natives away from their TV sets next Tuesday evening and have them march down to the recreation center building to find out what's going on in the Niles Park District.

This past week the Board accepted the resignation of Webbs Norman, its director for the past 17 months. Norman was one of four men who resigned in recent weeks. The sudden upheaval by these mass resignations, plus the money problems the district has, indicates the natives better begin paying closer attention to ITS park district, and ITS tax monies.

Norman, a sometimes abrasive sort of guy, has been the first professional park man to run the recreation program. Unlike many of the past 5 directors, he didn't cower to Board members, and insisted he use his many years of experience in running the park program. He lapped people off the payroll when he deemed it necessary, hired several administrative aids to help him with Niles sudden burgeoning park program, and showed several other bits of audacity. Among his more audacious acts was to recommend the possible elimination of his own job. He was in the forefront among those who favored exploring the possible merger of the park district with the village district. It was indeed a selfless act, thoroly professional, and was indeed the mark of the man, in our judgment.

Back in May he prepared a special report in which he warned about the financial problems of the district. He also was wary of the district borrowing money from one fund and using it in another.

While the Norman report may have been more pessimistic than subsequent events indicate, nevertheless it was independent and objective in looking coldly at the district. It also was rused by several of the Board members, and was highly irregular from their point of view. Employees just don't pop off publicly criticizing their employer and the company it manages.

What disturbs us is the park board is running scared. The commissioners seem to be wanting to revert to former days, when they themselves completely dominated all phases and programs. Commissioners Beusse and newcomer Keener indicate they would like to return to those old days, and we believe this would prove disastrous. The old Ma and Pa grocery store approach has long since past in the district, as it has moved into the supermarket era. When it decided to shoot for big time facilities with its golf course, gymnasium, 2nd pool and ice rink, it moved from the old days to the new days.

Moving into the big time requires professional help. Park-time commissioners, with little or no

**K. of C. Hold Picnic Sunday**

You might think that the season for picnics is just about over. Well, the fact is that it just isn't so. The K. of C. North American Martyrs will hold its annual K. of C. Picnic on Sept. 19, at the Bunker Hill Preserve, Grove #1.

Ted Blenk, this year's chairman, promises a sensational time come rain or shine. Of course Ted is an optimist and expects a splendid 75-80 degree temperature; but just in case it should rain or hail, don't get alarmed because the St. John Brebeuf gym has been reserved. Why don't you, your family, and your friends turn on to a terrific time. Tasty redhots, savory roast beef, and ample liquid refreshments to satisfy everyone's taste-buds are just some of the goodies you can expect.

**NEW POST OFFICE SITE IN SIGHT**

Tuesday night Niles village trustee Angie Marcheschi reported some "definite" word will be heard from the federal post office regarding the site of the long-awaited new facility for Niles. Marcheschi said the P.O. Department was "negotiating on the site" and was waiting for the land appraisal. He assured the Board some definite action would be known before the end of the month.

In his report Marcheschi said a federally-owned facility has been approved which expedited the creation of the new P.O. by 1-1/2 years.

Niles had passed a resolution which gave the postal department until the 28th of the month to give the village a definite answer to their long-awaited quest for a new facility. More than a year ago village officials went to Washington and received assurances a new facility would be forthcoming. When no action was

taken the resolution was passed which would have placed a burden on the department's present facility. No parking zones and discontinuance of allowing postal cars to be parked on village property were some of the actions contemplated by Niles officials. They presumed this resolution may have forced the department's hand.

In other actions Tuesday night the establishment of a Senior Citizens Commission may eventually lead to the building of a second senior citizens building in the village. Village president Blase said there is a desperate need for such a commission to aid in the purchase of cheaper food, as well as pursuing the 2nd building.

Appointees to the Senior Citizens Commission include the presidents of the Grandmothers' Club, the Senior Citizens Club

**Niles Community Church Mortgage Burning Sunday**

On Sunday, Sept. 19, the Niles Community Church (United Presbyterian) in Niles will celebrate the retiring of its building indebtedness, which is 11 years ahead of schedule. A special mortgage-burning ceremony will begin at 2:30 p.m.

The church was organized on March 23, 1952 with 33 charter members and has grown to the present membership of over 600

persons. It has had three ordained ministers—the Rev. Robert Kaiser, the Rev. Robert Gish and the present Pastor, the Rev. D. Douglas Seelen. Through the years the church has built a sanctuary, an educational wing and purchased a manse for the pastor's family at a total cost of nearly a quarter of a million dollars.

On Sunday-morning, Sept. 11

at the regular 9:30 and 11 a.m. services in the sanctuary, the Rev. Rodney Peters, the first Seminary student employed by the Congregation, preached and the minister and people participated in a special Prayer-Litany of Re-dedication. An Anthem of Thanksgiving was sung by the combined Choirs at both services.

The following is progress made

Postmaster Lutz said five areas contiguous to Morton Grove will benefit from the next-day deliveries under a new mail service goal announced by Postmaster General Winton M. Blount.

These areas, Postmaster Lutz said, include the following: Gary, Indiana 463-464; North Suburban, Illinois 600-603; South Suburban, Illinois 604-605; Chicago, Illinois 606; and Rockford, Illinois 610-611.

class mail handled annually are for delivery in the city where deposited or in nearby communities.

The areas outlined today are those within which next-day delivery will be provided for ZIP-Coded first-class mail deposited by 5 p.m. on weekdays in business areas, and at collection points on main thoroughfares.

The Postal Service set Oct. 31 as the deadline for achieving the 95 per cent goal.

Church school classes for 4-year-olds through eighth graders will be held at 9:30 a.m. and for 3-year-olds through eighth graders at 11 a.m. The Inquirers Group for high school students and adults will meet at 9:30 a.m.

## St. Martha's Men's Club Dinner

Last Saturday, Sunday and the prior Saturday stout-hearted men and families of the St. Martha Parish in Morton Grove and their friends golfed in competition in the Catholic Church's annual tournament. This Saturday, Sept. 18 a gala dinner-dance will be held at the Morton Grove American Legion Memorial Home where trophies and prizes will be awarded the best golfers. Many door awards will also be given. Men's Club President Al Nehart, 9242 Marmora, may be reached at 966-3210 for last minute reservations. The package price donation of \$12 per person includes dancing to a fine orchestra, a delicious family style dinner and other refreshments throughout the evening.

They are directed by Rev. Stanley R. Rudick, director of music at Niles college. No audition is required. All we ask is that applicants have a fairly good voice and a readiness to work. Membership in the choir averages about 150. For further information, call Mrs. Richard Guder, Choral Secretary.

## Brebeuf Parishioners to Honor Msr. Flanagan

The people of St. John Brebeuf Parish are dedicating the week of Sept. 20 through 26 in honor of their pastor, Msgr. John Flanagan, who is celebrating his 40th anniversary in the priesthood.

Several parish activities are planned for the week. A Testimonial Dinner will be held on Friday evening, Sept. 24, at the Brookwood Country Club, Wood Dale, Illinois. A concelebrated Mass will be offered in the parish church at 3 p.m. on Sunday, Sept. 26. There will be an Open House in the school gym immediately following the Mass.

The faculty and pupils of St. John Brebeuf school will participate in an Anniversary Mass on Thursday, Sept. 23. A special program will be presented by the students in the school gym also on Thursday. Msgr. Flanagan was born in Chicago and attended Epiphany Elementary school and Quigley Preparatory Seminary. After completing his studies for the priesthood at St. Mary of the Lake Seminary in Mundelein, he was ordained by the late George Cardinal Mundelein in 1931. He served as an associate pastor at the following parishes: St. William, Resurrection, Our Lady of Solace and St. Hugh. In June 1953, the late Samuel Cardinal Stritch appointed Rev. Flanagan to found a new parish in Niles, St. John Brebeuf.

During the past 18 years, St. John Brebeuf has grown to become one of the largest and dynamic parishes in the Catholic Archdiocese. The parish serves about 3,000 families. The 36 classroom parish school is a vital factor in the community by assuming the elementary educational responsibility for thousands of Niles students. The parish church, which was dedicated in 1966, has become a model for new church construction in the United States. The parish organizations and services are numerous. In recognition of Msgr. Flanagan's leadership, his accomplishments and those of his congregation, the ecclesiastical rank of Right Reverend Monsignor was bestowed upon him in 1963. Obstacles are those frightening things you see when you take your eyes off your goal.

# LETTER to EDITOR

## "Strength in Unity"

Dear Editor:

The fight to keep the suburbs free of more multiple dwellings was won last week when the withdrawal of Docket #1898 from the zoning board of appeals files was made by the developer. Proposed was 366 apartments with allowance for 600 cars on the proposed site of Washington and Foster in, in Maine Township. Traffic conditions was a prime reason for the success of Homeowner Groups in the immediate area representing Morton Grove,

Niles and Glenview. Attorney Martin Ashman, Trustee of Morton Grove who was active on this zoning issue said, "People can fight the most powerful forces if they join together and make their protests heard."

### WHAT EVERYONE SHOULD KNOW ABOUT VITAMIN E

Vitamin E is the latest vitamin recognized for its need in human nutrition by the U. S. Government.

Many doctors are recommending using more polyunsaturated fats in the diet. When you do this, your body needs more Vitamin E. Make sure you get your Vitamin E daily.

There are no extremely rich sources of natural Vitamin E. That is one of the reasons it is USUALLY so expensive... BUT here is a miracle of a Vitamin E value.

# BACK TO SCHOOL

## Actions Taken by Dist. 63 School Board

The East Maine School District #63 School Board at its regular scheduled Board Meeting held on Sept. 7, took the following actions:  
... Approved the new assignment of James Lumb as Assistant Principal of the Apollo school. He was formerly appointed Math Consultant for the District.

... Approved the appointments of teacher aides, crossing guards, Volunteer Bureau Registrar, and Volunteer Bureau Coordinators. After reviewing the report presented by Mr. E. Gaydon Brandt, Director of Maine Township Special Education Program, the Board approved "Budget B" that authorizes District #63 to participate in sharing the cost of the program based on 1971-72 enrollment of Special Education students.

The Board unanimously adopted a resolution to oppose the proposed rezoning of land located on the northwest corner of Ballard rd. and Delpha ave., and land located on the east side of Potter rd. approximately 304 feet north of Dempster st., Cook County, Illinois, from R 4 (single family) to R 6 (multiple family). The Board's action is based on the effect the rezoning would have on the school population and the enormous safety problems it would involve.

Further, the Board unanimously adopted a resolution to approve the proposed rezoning of land located on the southeast corner of Ballard rd. and Potter rd., from R 4 (single family) to B 2 (Restricted Service), and land located on the northeast corner of Potter rd. and Dempster st., Cook County, Illinois, from R 4 (single family) to B 4 (General Service), provided that the areas have paved sidewalks and a stop light to be installed at the corner of Ballard and Potter rds.

The Board also adopted a resolution to participate in the Joint Service Program which is administered by the Committee on Tax Objections Representing

Participating School Districts of Cook County, Illinois, in instituting a class action suit against the Cook County Collector for the loss of money in the following: Late issuance of tax bills; Retention of 1% for objections; and 1 1/2% flat charge for collection service.

Superintendent Frank A. Dagne spoke regarding the opening of

the District's schools and the first day enrollment. He indicated that the opening of schools went very smoothly but the enrollment is down slightly from last year, and that the sixth day enrollment will be the official figure.

In addition, Mr. Dagne announced the plans for educational reports to be presented at future Board Meetings.

## More Vandalism at Melzer

Vandals again have struck at School District #63. This time Melzer School was the target with the vandals taking the form of defacing the school building with spray paint, eggs thrown upon the walls and broken windows. To remove this unsightly defacing is both costly and time consuming. Thousands of dollars have been

spent annually to replace broken windows, maintain playground equipment, repaint buildings and replace plants and shrubs in the District.

Parents in the District have an obligation to properly train and guide their children. The school and home must work together to be successful. We can stress respect for private and public property, and residents living close to schools are urged to report any suspicious activities in the school areas to the police, especially during the evening hours. Together we can cut this needless waste of our tax dollars. The combating of vandalism in a joint venture enables the Board of Education to use this money to fulfill other educational needs.

The Board of Education, Administration and Staff urge full community cooperation.

## New Teacher

Ruth Folkening  
Joining the staff at St. John Lutheran school for 1971-72 school year is Mrs. Ruth Folkening, Mr. and Mrs. Folkening reside in Oak Park where Mr. Folkening attends graduate school at Concordia Teachers college.

Mrs. Folkening has taught the past two years in West Allis, Wisconsin at St. Paul's Lutheran school. While at St. John, she will teach the kindergarten each morning and teach part-time in the afternoons in the intermediate and Junior High classrooms.

Mrs. Folkening is originally from Fort Wayne, Indiana. She received her Bachelor of Arts degree in 1969 from Concordia Teachers college in River Forest, Illinois. The addition of Mrs. Folkening to the staff at St. John Lutheran contributes to the quality of education available to students in the continuous learning program at St. John.

## District 63 Volunteer Bureau

The Volunteer Bureau of East Maine School District #63 will again play an active role in the classrooms and assemblies of all the schools.

The Volunteer Bureau recruits volunteers to enrich the educational experience of children in the district.

Anyone interested in sharing their knowledge and skills with children and would like to participate as a volunteer, please contact Mrs. Ruth Conard at 824-1102, Ext. 216, or 673-0336, or any of the following Building Coordinators: Apollo school, Mrs. Mary Aybar, 965-2363, or Mrs. Beth Kon, 965-1186; Ballard school, Mrs. Judy Sander, 729-0789; Gemini school, Mrs. Sharon Steinhorn, 272-0388, or Mrs. Beth Kon, 965-1186; Nathanson school, Mrs. Grace Allison, 724-2453; Nelson school, Mrs. Joan Swain, 729-4104; Mark Twain school, Mrs. Diane Hansen, 724-5476; Melzer school, Mrs. Janet Clark, 724-3216; Oak school, Mrs. Elaine Herz, 724-8528; Stevenson school, Mrs. Drew Mans, 729-5476; Wilson school, Mrs. Janet Clark, 724-3216; and Washington school, Mrs. Elaine Herz, 724-8528.

When the B'nai Bezael Congregation closed its doors in the south side of Chicago, they presented Chicago Chapter, Magen David Adom, with \$10,000 for the building of a "Wall of Remembrance" in the Col. Mickey Marcus Blood Bank Building in Yafa-Tel Aviv, Israel. The B'nai Bezael Sisterhood, instead of disbanding, continued to meet and affiliated themselves with the life saving work of Magen David Adom (Israel's official Red Cross service).

Thus far, this active group has already presented a fully equipped ambulance to the gallant people of Israel, and has paid for a blood plasma ion specific electrode machine, which is being installed in the blood bank building. Inasmuch as the entire blood bank facilities are being renovated, at a cost of over 2 million dollars, there is still a great need for funds, and the B'nai Bezael Sisterhood is continuing its efforts in behalf of additional equipment, which serves all the people of the state of Israel, Catholics, Protestants, Moslems and Jews.

Regular monthly meetings are held by the members of this sisterhood. For further information, call Thelma Dobkin at 966-1768. All former members of the B'nai Bezael Sisterhood and their friends are invited to attend these meetings, where all funds go directly for the continued survival of the gallant people of Israel.

## SPORTS NEWS

### Maine East Soccer Orientation Night

In an apparently successful attempt to capture the interest of potential soccer fans, Maine East's soccer teams presented a Soccer Orientation Night Friday, Sept. 3, in the stadium.

Highlighting the program was a varsity win over former Maine East stars in the first annual varsity-alumni soccer contest. Participating before a surprisingly large crowd, the players and coaches presented a program that helped familiarize newcomers with the technical aspects of soccer as well as the excitement that is generated during a soccer game.

The freshman soccer squad, boasting a very large turnout, began the program by performing several practice drills. Fresh coach Chuck Kessler views the coming season optimistically. "Rough and tough" are among the words he likes to use when he talks of the freshmen players.

The sophomore team followed the freshmen with a short inter-squad scrimmage that resulted in a 0-0 tie. Coach Marty Woerter says his sophomores have good potential and are working hard to improve. They revealed some of this potential in a "quickie game" against the junior varsity, but were thwarted by the J.V. as "Stevie Wonder" Snsko accounted for the only goal of the game as he led the J.V.'s to a 1-0 victory.

In the big game of the evening, the varsity outlasted the alumni by a score of 6-5. Battling the former Maine stars to a 3-3 deadlock at the end of regulation play, the varsity kickers went on to win in an overtime, in which each team attempted five penalty kicks. The varsity proved more accurate than the alumni as they outscored their opponents 3-2.

Randy Ellison, Gerry Marcus, Mike Strahler, and Amon Benjawan scored one goal apiece for the varsity, while Bill Linden tallied twice to account for the varsity's 6-4 win.

Varsity Coach Robert Dollaake appeared to be quite pleased by his team's performance. Although the team revealed several weaknesses, it displayed the hustle and skill of a potential state champion. The team's excellent spirit,

combined with its ability, predicts a successful year forthcoming.

Returning lettermen from last year's team include Roy Adamski, Russ Anderson, Ed Briggs, All-Conference star Bill Linden, Howard London, Randy Ellison, and Mike Strahler. Amon Benjawan, Doug Moorad, Dan Lowy, Gerry Marcus, and Ken Schneider head the list of new varsity prospects.

On Saturday, Sept. 18, the varsity and sophomores will play host to tough Evanston in the Maine East stadium "under the lights." Evanston's varsity is unbeaten in their last 30 plus games. The last team to beat Evanston was our own varsity team several years back. Game time will be 7 p.m.

Whether you may be a girl chaser, or on the other hand, a boy chaser, a sports fan, sadist, or a tightwad, you'll find something to suit your tastes at a Maine East soccer game. So unless you have a weak heart, come on out and cheer our team to victory.

### Ladies Day at Golf Mill Lanes

Henry Aronson, proprietor of the Golf Mill Lanes, Niles has announced that every Friday will be LADIES DAY at Golf Mill Lanes, 9300 N. Milwaukee.

Baseball has its Ladies Day, why shouldn't bowling too, said Aronson. This will be a first in the history of bowling, as far as I know and I've been in the bowling business for 20 years.

My plan is to interest the ladies residing in the surrounding suburbs to come to Golf Mill Lanes on Friday and let them bowl the entire day from 9 a.m. to 5 p.m. The only charge will be the small sum of \$1.50. Hopefully, this Ladies Day Fun Day will stimulate a greater interest in bowling on the part of women.

Mr. Aronson said the nursery will be open and also he will have an instructor present who will give pointers to those ladies who wish it.

"When I first thought about having a Ladies Day at Golf Mill Lanes, I mentioned it to a number of women and was amazed at the enthusiasm expressed. Many women said it was a great idea for getting together with their neighbors and friends. Many felt this would give them an opportunity to practice and improve their game at hardly any cost."

### Children's Swim Program at Maine East

A Saturday morning Swim Program for children ages 7 through 13 years old living in Dist. 207 will open registration Wednesday, Sept. 22 from 7 to 8:30 p.m. and Saturday, Sept. 25 from 9 to 11 a.m. in the fieldhouse lobby.

The Demon guard under the direction of Miss Verne Hoos, Mr. Paul Nelson and Mr. Art Belmonte hopes that the program will provide an accessible inexpensive and professional swimming program for the safety and recreational needs of the elementary school districts which Maine East serves.

For \$7 a child is entitled to 8 swimming sessions. His card would be punched at each session, but the 8 lessons would not necessarily have to be taken on consecutive Saturdays.

Three sessions have been scheduled - 8:30 - 9:15 a.m. for 9-13 year old girls; 9:30-10:15 a.m. for 9-13 year old boys; and 10:30-11:15 a.m. for 7-8 year old boys and girls.

Each session includes a warm-up, 30 minutes of group instruction and a few minutes of free play. Instruction centers around the beginning and intermediate swimmer, with children being advanced to higher level on an individual basis.

Each session is grouped into 6 levels of swimming ability and includes: level one, adjusting the child to the water as well as holding his breath for 10 seconds; level two, refining crawl strokes; level three, adjusting to deep water; level four, working on the backstroke and standup dive; level five, sidestroke and breaststroke as well as beginning diving from the board and level six, reviewing all strokes and working on speed turns and water ballet.

### YMCA Offers Fall Classes

Local youth and adults are busily engaged this week at the Leaning Tower YMCA registering for the Fall "71" term of Skill School classes due to begin the week of Oct. 4. The 10 week term offers a wide variety of classes to choose from.

A "Land-lubbers" program is being continued for those who never learned how to swim, but will be able to do so as they discover swimming can be fun! An adult course in Canoeing has been scheduled.

Youth also have an interesting Swim program for the Fall season. Ten week term includes: Progressive Swim Instruction, Diving Instruction, Canoeing, Life Saving, Water Games, Water Ballet for Girls, and "Junior and Family Skin Diving" for those 12 years and above. The Pre-School "Gym and Swim" classes for children 4 months to 7 years continues to be popular and is being offered again.

## Dist. 71 Teacher Wins Award

Leonard J. Palicki, mathematics and science teacher, has been selected as a Leader of American Elementary Education for 1971, according to George P. Murphy, Principal of Niles Elementary School, District 71.

Nominated earlier this year by the school's administrators, Mr. Palicki was selected for this national honor on the basis of his professional and civic achievements.

Leaders of American Elementary Education is an annual program honoring the men and women who have distinguished themselves by their service and leadership in the field of elementary education. Each year, the biographies of those honored are featured in the awards volume, Leaders of American Elementary Education.

In announcing the award winners to the school principals, Dr. V. Gilbert Beers, director of the Leaders of American Elementary Education program, cited them for their outstanding service.

"The men and women chosen for this high honor," Dr. Beers said, "have explored new paths, developed new insights and effectively communicated their knowledge to their students and colleagues. They are the exceptional teachers."

Guidelines for selection include an educator's talents in the classroom, contributions to research, administrative abilities, and civic service and professional recognition.

Dr. Beers, in addition to directing the national educational awards program, is a noted teacher, writer and editor of educational publications. He holds a Ph. D. from Northwestern University and additional degrees from Wheaton college and Northern Baptist Theological Seminary.

## Maine Demos Endorse Paul Simon

The Maine Township Regular Democratic Organization endorsed Lt. Gov. Paul Simon as their choice for the Democratic candidate for Governor of the State of Illinois at their regular meeting Friday, Sept. 10.

Announcement came from Nicholas B. Blase, committeeman of the Democratic Organization. While Lt. Gov. Simon has not officially announced his candidacy, the Maine Township group voted by acclamation to circulate petitions urging his nomination to the top post in the State.

"Paul Simon has always supported the activities of the Maine Township Democrats, has been proven an effective leader interested in the needs of all the people, Republicans, Democrats and Independents. We have always considered him our friend and must respond to that valued friendship by declaring our intentions to support him and his candidacy for Governor all the way," stated Blase.

For information on how you can obtain petitions urging the support of Paul Simon for the Democratic Candidate for Governor, call 692-3388.

recreation experience, have no business running recreational programs. It takes thoroughly-trained men of specialized skills acquired through formal education and many years of experience.

Keener's work for Illinois Bell is specialized and requires the type of training he has. It is doubly important the specialized job of running a park district program is placed in the hands of professionals.

While Norman's independence and abrasiveness may not sit well with many people, no one can question his background which included many years as head of Oak Park's park district. Comparing his experience with the men who proceeded him would show he was the best choice the district has made. While we have no more expertise than any of the commissioners in evaluating recreation directors, nevertheless, it is obvious Norman was best fitted for the job, and certainly should not be abandoned at such a critical time in park district history.

Unlike 2 other newspapers in the area, which made a special point of denigrating the type of background the commissioners have, we do believe

they're sincere dedicated people who do have the breadth of character it takes to retain a man who may prove personally abrasive. The fumbling and errors the park district has made in past years has been great. But the last 18 months in the district undoubtedly have been gargantuan. And they have been so because the commissioners had the guts to think big ... and because the thinking big brought a major professional to run the show. Despite all the current problems which now exist, we sincerely hope the Board re-considers hiring Norman. If the Board moves back into the Ma and Pa era, we're afraid there will be no alternative to the village taking over the park district. And while this may be the best long run answer, we would like to see the park district give itself every possible chance to prove itself. It can't be done without a guy like Norman at the top.

Lastly, if he should not be re-hired, the chance of hiring another capable director is at best chancy. A new director is risking the district being dissolved during his term. We doubt any director of comparable ability to Norman's would consider taking the risk.

and the Senior Citizens Building. Other appointees include Hal Golden, chairman, Anthony Scarlotta, Barbara Borowski and Todd Barvaro.

In a third action trustee Pete Pesole reported the 6 meetings with a joint committee of village and park officials resulted in "nitpicking" and inferred village representatives "don't know what they're talking about." The meetings were called to explore ways the village might be able to help the park district. Pesole's discouraging report suggested the village take no further action until called upon.

While Village president Blase was non-committal he did say before the village gets involved in any park matters the Board should find out why park director Norman and other directors resigned last week.

Trustee Keith Peck, who formerly was a park board commissioner before serving on the village board, said he had a different interpretation of what went on at the meetings. He said the joint group only voted on dissolving the park district (merging it with the village district) and the original resolution which created the committee sought ways of helping the park district, not just voting on dissolving the district. Peck said the discussions were too limited and he voted against the resolution since he didn't want the "park board to throw in the sponge." He added the park board was looking for police aid and maintenance help from the village but these areas were not considered, nor a part of the resolution.

In other actions the League of Women Voters of Niles-E, Main P.1. Gordon Grove submitted a "know your town" study, which was a comprehensive report concerning all village, park and library services. Carol Panek presented the 2 year report to the Board and it in turn approved a Marchesch resolution commending the League for its tremendous effort in completing the exhausting study. It will be mailed to all residents.

Niles Art Guild winner James Armstrong was presented to the village board and was recognized for his accomplishment.  
At the Sept. 28 meeting the pre-annexation of 20 acres of property at the northeast corner of Golf and Milwaukee will be acted upon. A commercial development created by J. C. Penney will be undertaken. A 4 acre store under 1 roof will be built and perhaps supplemental buildings.  
Blase announced letters to the park and library districts will confirm the village will attempt to have their boundaries co-terminus with them in all annexation actions.  
A meeting with retailers con-

cerning regulating the sale of mini-bikes will be undertaken. Presently bikes sold to boys under 16 cannot be driven in the streets and there is no place they can use them in the village. A posted sign and possible notification of all purchasers may tell them of these limitations.  
Stan Lowe was re-appointed to the Plan Commission. Sid Mitchell replaces John Mollica. Blase said the new appointment was done for graphical reasons placing representatives from all over the village on the Board. He noted Mollica "understood" the reasons for the change.

Niles new population figure is 32,432, up from the former 32,075 figure. The official federal census had shown Niles population decreased causing the village to take a new census. It cost \$9,494.39 to make the census and Manager Scheel said the \$13 per person rebate from the state for MFT tax funds will cover the cost within 9 months.  
Blase questioned the need for the spraying by Northwest Mosquito Abatement and will study suits filed by Schaumburg and Arlington Heights against the dis-

tract.  
Niles filed objections to his rises at Central and Milwaukee citing the possibility of eight 20 story buildings being built there.  
Reported Niles may qualify for national flood insurance which Blase said would be a bonanza for the village.  
Park Avenue residents objected to the Ballard Road extension from Milwaukee Avenue east to their intersection at Washington Street. Blase said corrections would be made if there were problems and suggested representatives become a part of the safety committee which will watch the area. Emotionally, residents said the village wouldn't do anything until some children were killed there. They also said they did not know about the extension until now and were not notified about it. Blase said all residents were notified and a public meeting was held (6 months ago) in which the problem was discussed prior to approving the street. At the time the fire department needed a lane to serve the area and the GEMCO interests desired the street to serve their new shopping complex.

Continued from MG P.1  
for carnival permits in Morton Grove. "I feel this is one way to discourage various outside groups from using the forest preserve property here," said Hols. David Cohen said he wouldn't want to differentiate in fees between village organizations and out-of-town groups as Hols suggested. Mr. Hols moved the fees be raised to \$125 as opposed to the present fees of \$25. His motion however, stated that this fee of \$125 be levied on organizations that are not from Morton Grove. Herbert Houndt said he felt the Forest Preserves would frown on such discrimination and since they own the property the carnivals are held on, they might just decide to allow no one at all to use the property. Atty. John Nordberg said this was a subject always under discussion and he felt more time was needed to see what could be done and what position the village should take on the matter. He also said he personally wished for more time to see if he could come up with a legal and workable solution to this problem. Hols then withdrew his motion.  
Herb Houtat said a letter was received approving the \$6,871.42 for perma-line striping. Mr. Houndt also read a letter received from Karen Shuster of 7236 Lake st. in which she is very much concerned about the traffic control there. She told of two recent events in which small children were hurt and nearly hurt there, and asked the board

## Maine East Child Care Program

What are the students of tomorrow, the toddlers of today, doing at Maine East?

They're involved in the Child Care Occupations In-School Program. The course, in its second year, is open to junior and senior boys and girls who are interested in careers in nursing, teaching, and psychology as well as in exploring new fields in the care and teaching of children. Mimi Coonato, teacher of the program, said, "The main purpose is to enable students to recognize the basic needs and characteristics of young children and to become aware of the factors that influence the growth and development of children. The one semester classroom course in Child Development is suggested before students begin the in-school work experience."

The pre-schoolers, aged 3 1/2 and 4 1/2, were selected from applications submitted last Spring. They will attend every Tuesday through Friday from 12:30 to 2:30 p.m. at \$20 a semester. First semester began on Sept. 14.

The class meets every day during periods 6 through 8. The students are usually divided into 3 groups; one group observes the children; another group works with the youngsters, orientating them to new games and activities; and a third group might work in the LRC studying language development or physical and emotional growth.

Students receive two credits for the in-school program, which consists of the related classroom work and the training of the children.

There is also an out-school program under the direction of Lee Johnson where one credit is received for the classroom work and the second for the training in area private nursery schools, hospital nurseries, daycare centers, or the caring of retarded children. Seniors in the program receiving "on-the-job" training are paid, part-time employees in these areas.

### Village Manager. . .

would receive such a salary for performing the duties of the Village Administrator, presently employed at a salary of \$18,100 (includes \$800 car expense). The manager, with his training in municipal finance, would also perform many of the assigned functions of the Finance Director, whose salary is \$14,000 annually. In short, the cost of the manager's salary would not cause an increase in the cost of government.

Beyond the salary cost, moreover, the manager saves money by improved budgetary planning and control. Because of his expertise, the manager could be expected to make direct savings in purchasing. He would be able to qualify Morton Grove for increased use of funds from state and federal programs. In a "business" with a four-million dollar annual budget, experienced professional management is needed for efficient and economical administration.

Another common concern when considering a change in governmental structure is loss of control by the voters. The facts are that the President and Trustees continue to be elected as they are now, and they continue to be responsible for policy-making and planning for the village. They continue to control appropriations. The manager, responsible for the implementation of board policy, is appointed by the trustees without a specific term of employment and he serves only as long as he performs his job to their satisfaction. As one mayor of a manager city puts it, "Manager government gives better day-to-day administration and leaves the Council free to concentrate on policy and legislations."

lage of Morton Grove will follow.

The approximately mile long Harms rd. project from Central st. to west of Simpson st. was widened to a four lane road and channelized. Traffic signals were installed at the Church st. and Simpson st. intersections. In addition, approximately one fourth mile of Simpson st. was also improved.

Construction on the project began in early April and although it was expected to be completed by Nov. 1, good weather and other optimum conditions permitted a six week earlier completion date.
